PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

May 30, 2003

This Proxy Statement is furnished by the Board of Directors (the "Board") of CSG Systems International, Inc. (the "Company") in connection with the Board's solicitation of proxies for use at the annual meeting of stockholders of the Company (the "Annual Meeting") to be held at the office of the Company, 7887 East Belleview Avenue, Suite 1000, Englewood, Colorado, on Friday, May 30, 2003, at 8:30 a.m., and at any adjournments of the Annual Meeting. All proxies will be voted in accordance with the instructions contained in such proxies; if no choice is specified, the proxies will be voted in favor of the director nominees named in this Proxy Statement. A stockholder may revoke a proxy at any time before it is exercised either by giving written notice to that effect to the Secretary of the Company, by delivering to the Company a duly executed proxy bearing a later date or by attending the Annual Meeting and voting in person.

The Board fixed the close of business on April 1, 2003, as the record date for determining the stockholders of the Company who are entitled to notice of and to vote at the Annual Meeting. At the close of business on April 1, 2003, there were outstanding and entitled to vote at the Annual Meeting 52,247,643 shares of Common Stock of the Company, par value \$.01 per share ("Common Stock"). Each share is entitled to one vote.

The Company will bear all costs of this solicitation of proxies. In addition to solicitations by mail, the Company's directors, officers and regular employees, without additional remuneration, and their appointed agents may solicit proxies in person or by telephone, e-mail, facsimile or other means. The Company will request brokers, custodians and fiduciaries to forward proxy soliciting material to the owners of stock held in their names. The Company will reimburse banks and brokers for their reasonable out-of-pocket expenses incurred in connection with the distribution of proxy material.

The Company is mailing its Annual Report to stockholders for 2002 with this Proxy Statement and the accompanying proxy on or about April 16, 2003.

Quorum and Votes Required

A majority of the shares of Common Stock outstanding on the record date is required to be present or represented by proxy at the Annual Meeting in order to have the quorum necessary to take action at the Annual Meeting. Assuming that a quorum is present at the Annual Meeting, the three nominees for election as Class III directors who receive the greatest number of votes cast in the election of directors will be elected as Class III directors.

Votes cast in person or by proxy at the Annual Meeting will be tabulated by the inspector appointed for the Annual Meeting. The inspector will treat abstentions as Common Stock that is present and entitled to vote for purposes of determining the presence of a quorum but as not voted for purposes of determining the approval of any matter submitted to stockholders for a vote. Abstentions will have no effect in the election of directors but will have the effect of a "no" vote with respect to any other matters voted upon. If a broker indicates on a proxy that such broker does not have discretionary authority to vote on a particular matter as to certain shares of Common Stock, then such shares will not be counted in determining the number of votes required for approval of such matter; however, such "broker non-votes" will be counted for purposes of determining whether a quorum is present at the Annual Meeting.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's officers (as defined in the applicable regulations) and directors, and persons who beneficially own more than 10% of a class of the Company's equity securities registered under such Act, to file certain reports of ownership and changes of ownership of the Company's equity securities with the SEC. Officers, directors and more than 10% stockholders are required by SEC regulation to furnish to the Company copies of all Section 16(a) forms which they file.

Based solely on its review of the copies of such forms submitted to it, or written representations from certain reporting persons that no Form 5 was required for those persons, the Company believes that all filing requirements applicable to its officers and directors were complied with for the year ended December 31, 2002.

Compensation of Directors

Each non-employee director of the Company is entitled to receive the following compensation: (i) \$2,500 for each meeting of the Board attended in person, (ii) \$500 for each meeting of the Board attended by conference telephone call or its equivalent and (iii) \$500 for each meeting of a committee of the Board attended in person or by conference telephone call or its equivalent. Directors who are officers or employees of the Company do not receive additional compensation for serving as a director or committee member. In addition to his compensation for Board and committee meeting attendance, Mr. Reznicek received compensation of \$15,000 during 2002 for his services during 2001 and 2002 as a member of a special committee which addressed various facets of Mr. Hansen's compensation and incentive programs.

The Company also has a Stock Option Plan for Non-Employee Directors (the "Directors Plan") which was approved at the 1997 annual meeting of stockholders. On January 7, 2002, the Board granted options under the Directors Plan to each of Messrs. Haddix, Reznicek and Sica and Ms. Obuchowski to purchase 1,500 shares of Common Stock at a price per share of \$38.59; such options became fully exercisable upon their grant. On January 17, 2002, the Board granted an option under the Directors Plan to Mr. Smith to purchase 24,000 shares of Common stock at a price of \$34.95 per share. On August 22, 2002, the Board granted options under the Directors Plan to each of the five non-employee directors of the Company to purchase 10,000 shares of Common Stock at a price of \$12.92 per share. The options granted on January 17 and August 22, 2002, become exercisable in three equal installments on the first, second and third anniversaries of the grant date if the optionee is then a member of the Board and will expire ten years after the date of the grant if not sooner exercised. If the optionee ceases to be a member of the Board before fully exercising such option, then various provisions of the Plan relating to such an event will govern the continuing exercisability of such option. The options granted on August 22, 2002, provide for the acceleration of their exercisability upon the occurrence of certain "change of control" events specified in the option agreements.

Such bonuses are based upon the level of achievement of pre-established Company financial objectives and individual performance objectives and are subject to Board approval. The bonus earned for each year is payable in the first quarter of the subsequent year.
- (2) The amounts shown include (i) for each year, reimbursements to each named executive officer for income taxes on perquisites and other personal benefits and on the tax reimbursement amounts, (ii) for 2002, (a) perquisites and other personal benefits of \$75,851 received by Mr. Hansen, including \$37,610 for financial and tax planning and tax preparation services and \$21,349 for personal use of the Company's aircraft, (b) perquisites and other personal benefits of \$53,334 received by Mr. Pogge, including \$34,136 for financial and tax planning and tax preparation services and (c) perquisites and other personal benefits of \$200,316 received by Mr. Fisher, including \$194,448 for relocation expenses, and (iii) for 2001, perquisites and other personal benefits of \$104,571 received by Mr. Hansen, including \$64,619 for financial and tax planning and tax return preparation services. With respect to Mr. Hansen during 2000, Mr. Pogge during 2000 and 2001, Mr. Fisher during 2001, and Messrs. Nafus and Kalan for all years, the aggregate amount of perquisites and other personal benefits, securities or property received did not exceed the lesser of \$50,000 or 10% of the total amount of annual salary and bonus reported for such individual and has been excluded from this Table.

- (3) The number of restricted shares held by the named executive officers on December 31, 2002, and the value of such shares on such date (based upon the \$13.65 closing price of the Common Stock) are as follows:

Edgar Filing: CSG SYSTEMS INTERNATIONAL INC - Form DEF 14A

Executive Officer	Number of Restricted Shares	Value
Neal C. Hansen	110,000	\$ 1,501,500
John P. Pogge	105,104	1,434,670
Edward C. Nafus	60,416	824,678
William E. Fisher	70,000	955,500
Peter E. Kalan	80,416	1,097,678

The total number of restricted shares awarded to the named executive officers during 2002 is shown above in this footnote (all such restricted shares having been awarded in 2002). The restricted shares awarded to Mr. Hansen will vest on August 30, 2003. 25% of the restricted shares awarded to Messrs. Pogge, Nafus and Fisher will vest on each of August 30, 2003, 2004, 2005 and 2006. 7,500 of the restricted shares awarded to Mr. Kalan will vest on each of August 22, 2003, 2004, 2005 and 2006; and 12,604 of the restricted shares awarded to Mr. Kalan will vest on each of August 30, 2003, 2004, 2005 and 2006. In each case, the vesting of restricted shares is subject to the continuous employment of the particular executive officer by the Company until the specified vesting date. However, all of the restricted shares shown in this footnote are subject to accelerated vesting upon the death of the particular executive officer while employed by the Company, the termination of the particular executive officer's employment by the Company as a result of certain disabilities or after he has reached the age of 65 years or the occurrence of certain "change of control" events specified in the award agreements. The Company has never paid any dividends on its Common Stock and has no plans to do so at this time. The restricted shares shown in this footnote (50,416 of the shares shown in the case of Mr. Kalan) were awarded to the respective executive officers in exchange for the surrender by them and cancellation of certain stock options previously granted to such executive officers under the 1996 Stock Incentive Plan of the Company. The number of shares covered by the stock options surrendered by such executive officers and cancelled in August 2002 were as follows:

Executive Officer	Number of Shares Covered by Surrendered Options
Neal C. Hansen	1,390,000
John P. Pogge	353,750
Edward C. Nafus	215,000
William E. Fisher	260,000
Peter E. Kalan	185,000

In connection with Mr. Hansen's August 2002 surrender of stock options covering 1,390,000 shares of Common Stock, on January 2, 2003, the Company awarded Mr. Hansen an additional 270,833 restricted shares which will vest in three approximately equal installments on January 2, 2005, 2006 and 2007, subject to his continuous employment by the Company until the specified vesting date and to accelerated vesting as described above. In addition to the 50,416 shares of restricted stock awarded to Mr. Kalan in exchange for his surrender of stock options covering 185,000 shares of Common Stock, Mr. Kalan received a separate award of 30,000 restricted shares in August 2002 in recognition of his prior and anticipated future services to the Company.

All Other Compensation for 2002 for Mr. Hansen consists of employer contributions to the CSG Incentive Savings Plan (a 401(k) plan). All Other Compensation for 2002 for Messrs. Wealth Accumulation Plan. The CSG Systems, Inc. Wealth Accumulation Plan is an

unfunded deferred compensation plan which provides for elective salary and incentive compensation deferrals by participants. CSG Systems, Inc. matches a participant's deferral up to 25% thereof, with a maximum annual credit of \$6,250 per participant.

Option Grants in 2002

The following table sets forth the stock options granted to the named executive officers during 2002.

Individual Grants					
Name	Options Granted on Common Stock(1) (#)	% of Total Options Granted to Employees in 2002 (%)	Exercise Price per Share(2) (\$/share)	Expiration Date	Grant Date Present Value(3) (\$)
Neal C. Hansen	370,000(4)	12.45	34.95	1/17/12	7,520,361
John P. Pogge	40,000	1.35	34.95	1/17/12	813,012
Edward C. Nafus	37,500	1.26	34.95	1/17/12	762,199
William E. Fisher	50,000 60,000	1.68 2.02	34.95 24.81	1/17/12 4/11/12	1,016,265 903,750
Peter E. Kalan	40,000	1.35	34.95	1/17/12	813,012

- (1) All of these options were granted pursuant to the Company's 1996 Stock Incentive Plan. Except as indicated in footnote (4), each option was to become exercisable as to 25% of the shares covered by such option on each of the first four anniversaries of the grant date, with acceleration of the exercisability upon the occurrence of certain specified "change of control" events. All of these options (and certain other options granted prior to 2002) were surrendered by the respective optionees and cancelled in August 2002 in exchange for the restricted stock awards shown in the Summary Compensation Table above and discussed in footnote (3) to such Table.
- (2) The exercise price was the closing market price on the date the option was granted.
- (3) Grant date present value was determined using a modified Black-Scholes option pricing model. The estimated value under the model is based on several assumptions, including an expected volatility factor of 60%, a weighted-average risk-free rate of return of 3.6%, no dividend yield and an expected option life of 5.6 years, and may not be indicative of actual value.
- (4) This option was to become exercisable as to 74,000, 98,666, 98,667 and 98,667 shares on January 17, 2003, 2004, 2005 and 2006, respectively, with acceleration of the exercisability upon the occurrence of certain specified "change of control" events.

Aggregated 2002 Option Exercises and 2002 Year-End Option Values

The following table sets forth certain information regarding the exercise of stock options during 2002 by the named executive officers and the number and value of their unexercised stock options at December 31, 2002.

William E. Fisher		
Peter E. Kalan	14,100	33,285

(1)

"In-the-Money Options" are options outstanding at the end of 2002 for which the fair market value of the Common Stock at the end of 2002 (closing price of \$13.65 per share on December 31, 2002) exceeded the exercise price of the options.

Employment Agreements

Mr. Hansen

Mr. Hansen currently is employed by the Company pursuant to an employment agreement entered into in November 1998 and amended on four occasions thereafter (the "Agreement"). The initial term of the Agreement was from November 17, 1998, through December 31, 2001. On December 31 of each year during its term, the term of the Agreement automatically is extended by one year unless, not later than one year prior to a particular December 31, either the Company or Mr. Hansen notifies the other that such extension shall not occur, in which case the Agreement will terminate at the end of its then remaining term. The current expiration date of the Agreement is December 31, 2005.

The Agreement provides for Mr. Hansen to receive an annual base salary of not less than \$400,000 (with annual Consumer Price Index ("CPI") adjustments). Mr. Hansen also has the opportunity under the Agreement to earn an annual incentive bonus of not less than 65% of his base salary if the objectives established annually by the Board are fully achieved. The Agreement also provides certain group insurance coverages, paid vacations and holidays, an automobile allowance, certain expenses of club membership, the right to personal use of the Company's aircraft and various other benefits to Mr. Hansen, including but not limited to certain income tax "gross-up" payments in connection with such aircraft usage.

Mr. Hansen's employment will terminate upon his death, and the Company may terminate Mr. Hansen's employment in the event of his disability for a continuous period of more than six months or for more than 180 days in the aggregate during any 12-month period. The Company also may terminate Mr. Hansen's employment for "cause", as defined in the Agreement. In the cases of death or disability, Mr. Hansen (or his estate) would be entitled to receive his base salary through the employment termination date and a pro rata portion of his annual incentive bonus for the year in which his employment terminates. In the case of termination for cause, Mr. Hansen is not entitled to receive any portion of his incentive bonus for the year in which his employment terminates.

If the Company terminates Mr. Hansen's employment without cause prior to a change of control of the Company, then Mr. Hansen is entitled to continue to receive his base salary for the remaining term of the Agreement (less compensation received from other employment), his full incentive bonus for the year in which his employment terminates (payable at the regularly scheduled time) and an additional amount equal to 195% of his base salary in effect at the time of the employment termination (the latter amount

being payable 50% one year after the termination and 50% two years after the termination). If the Company terminates Mr. Hansen's employment without cause after a change of control of the Company, then he is entitled to receive the amounts referred to in the preceding sentence, but the payment times generally are accelerated to 30 days after the effective date of the employment termination. "Change of Control" is defined in the Agreement and includes among other events various types of mergers, dissolutions or changes in ownership of the Company or its principal operating subsidiary, certain acquisitions of significant amounts of the voting stock of the Company and certain changes in the composition of the Board.

If the Company or a permitted successor to the Company materially alters Mr. Hansen's duties and responsibilities under the Agreement or assigns to Mr. Hansen duties and responsibilities inappropriate to the chief executive officer of the Company without Mr. Hansen's consent, then Mr. Hansen may resign from his offices and positions with the Company (without further obligation to perform any services) and will be entitled to receive the compensation described in the applicable sentence of the preceding paragraph, depending upon whether such event occurs before or after a change of control of the Company.

If any payments made to Mr. Hansen under the preceding two paragraphs cause Mr. Hansen to be subject to excise taxes on "excess parachute payments" under the Internal Revenue Code, then the Company is obligated to reimburse Mr. Hansen for such excise taxes and for

any additional income, excise or other taxes which he incurs as a result of such reimbursements.

If Mr. Hansen voluntarily resigns prior to the expiration of the Agreement, he is entitled to receive only his base salary through the employment termination date (unless such date is December 31, in which case he also is entitled to receive his incentive bonus for the year of termination.)

The Agreement also contains provisions which prohibit Mr. Hansen from competing with the Company or soliciting the Company's employees for a period of one year after the termination of his employment for any reason.

The Agreement provides that if Mr. Hansen remains in the employ of the Company until the earlier of his reaching the age of 65 years or the termination of his employment with the Company after the occurrence of a change of control of the Company or under certain other specified circumstances, then, for a period of 10 years after the termination of Mr. Hansen's employment with the Company, he agrees to serve as a consultant to the Board and chief executive officer of the Company with respect to the strategic planning and business development activities of the Company and to provide up to 20 hours of service per month to the Company in such capacity upon the request of the Company. In consideration of his agreement to provide such consulting services, during the 10-year period referred to above (i) Mr. Hansen and other persons designated by him will be entitled to reasonable personal use of the Company's aircraft (or an equivalent charter aircraft if a Company aircraft is not available) for up to 40,000 miles of air travel per year and (ii) the Company will provide a private office and certain related services and facilities to Mr. Hansen at a location other than the Company's offices, with a maximum annual cost of \$40,000 (adjusted annually for CPI increases). If Mr. Hansen is required to pay any income taxes by reason of such aircraft usage or office and related services and facilities, then the Company is required to reimburse him for such income taxes and for any additional income taxes arising from the tax reimbursements.

Mr. Pogge

In November 1998 the Company entered into an employment agreement with Mr. Pogge, which generally is similar to Mr. Hansen's agreement, except that Mr. Pogge's minimum annual base salary is \$290,000 (with CPI adjustments), his annual incentive bonus target is not less than 60% of his base salary and his additional payment in the event of termination without cause is an amount equal to 180% of his base salary, and the agreement does not provide for personal use of the Company's aircraft or for post-termination consulting services by Mr. Pogge. The current expiration date of Mr. Pogge's agreement is December 31, 2005.

12

Messrs. Nafus, Fisher and Kalan

In November 1998, September 2001 and January 2001, the Company entered into employment agreements with Messrs. Nafus, Fisher and Kalan, respectively. The agreements currently cover the period from January 1, 2003, through December 31, 2004, and provide for automatic one-year extensions (similar to Mr. Hansen's). Mr. Nafus' agreement provides for a minimum annual base salary of \$262,500 (with CPI adjustments), an annual incentive bonus target of not less than 55% of his base salary and various group insurance coverages. Mr. Fisher's agreement provides for a minimum annual base salary of \$335,000 (with CPI adjustments), an annual incentive bonus target of not less than 55% of his base salary and various group insurance coverages. Mr. Kalan's agreement provides for a minimum annual base salary of \$225,000, an annual incentive bonus target of not less than 50% of his base salary and various group insurance coverages. The provisions of these agreements in the cases of termination for death, disability or cause are the same as in Mr. Hansen's agreement. If the Company terminates the employment of Mr. Nafus, Mr. Fisher or Mr. Kalan without cause prior to a change of control of the Company, then the Company must continue to pay such person's base salary for one year after the termination (less compensation received from another employer) and also must pay such person's annual incentive bonus for the year of termination and an additional amount equal to 55% (in the case of Mr. Nafus and Mr. Fisher) or 50% (in the case of Mr. Kalan) of such person's base salary (payable one year after the termination). If the termination without cause occurs after a change of control, then the Company must pay (within 30 days after the termination) the person's base salary for two years, the annual incentive bonus for the year of termination and an additional amount equal to 110% (in the case of Mr. Nafus and Mr. Fisher) or 100% (in the case of Mr. Kalan) of such person's base salary. The provisions of these agreements relating to a constructive termination require that the employee give notice to the Company of a claimed constructive termination, and the Company then has an opportunity to take appropriate actions to remove the basis for such claim.

Each of the Company's executive officers has waived the annual CPI adjustment to his base salary for 2003.

**REPORT OF THE COMPENSATION COMMITTEE
ON EXECUTIVE COMPENSATION**

Edgar Filing: CSG SYSTEMS INTERNATIONAL INC - Form DEF 14A

The Compensation Committee of the Board of Directors (the "Committee"), consisting entirely of non-employee directors, provides oversight with respect to the compensation and benefits policies, plans and programs of the Company for the executive management of the Company and its subsidiaries and, to the extent not otherwise determined by contract or formal plan, reviews and recommends to the Board salaries, bonuses and other benefits and compensation for the executive officers of the Company. The Committee currently is composed of Messrs. Reznicek, Sica (Chairman) and Smith.

Compensation Philosophy

The Company's executive compensation program is premised on the belief that the interests of the Company's executives should be closely aligned with those of the Company's stockholders and is designed to attract, retain, motivate and appropriately reward individuals who are responsible for both short-term and long-term profitability and growth of the Company. Based on this philosophy, a significant portion of each executive's total compensation is placed at-risk and linked to the accomplishment of specific Company and individual financial, strategic and other performance objectives, as well as to potential appreciation in the value of the Common Stock.

Compensation Program

Each year we review the Company's overall executive compensation program. Such review includes consideration of compensation programs adopted by competing companies and by other employers likely

13

to recruit executives with skill sets similar to those which the Company regularly seeks. At our request, the Company engages an independent compensation consulting firm to prepare a comprehensive formal assessment of the competitiveness of the Company's executive compensation and compares the several components of the Company's executive compensation program with those of other publicly owned technology companies.

We annually review and recommend to the Board the compensation of the executive officers of the Company, including the Chief Executive Officer, whose compensation is presented in detail earlier in this Proxy Statement; and, in consultation with management of the Company, we establish the Company's policies with respect to its executive compensation program generally.

The key elements of the Company's executive compensation program consist of base annual salaries, performance bonuses, stock options and restricted stock.

Our approach to each of these elements, including the basis for the compensation paid to Mr. Hansen, are discussed below.

Base Annual Salaries

We initially determine base annual salaries for executive officers by evaluating the responsibilities of the position, the experience and knowledge of the individual and the scope and complexity of the executive's position relative to other senior management positions both internally and at a select group of other companies. We base our external comparison on the results of the report prepared by the Company's independent compensation consulting firm, and we take into consideration the compensation practices and programs of other companies which are likely to compete with the Company for the services of senior executive management personnel.

We determine annual base salary adjustments by evaluating both the position and the performance of each executive officer, taking into account any year-to-year changes in responsibilities and other relevant factors. Individual performance ratings are based in part on the executive's achievement of specific individual objectives. We also take into account CPI changes, although these have not been a significant consideration in recent years.

With respect to the base salary paid to Mr. Hansen in 2002, we took into account a comparison of base salaries of chief executive officers of peer companies, the Company's performance in 2001 and our assessment of Mr. Hansen's individual performance. Based upon this evaluation, we recommended to the Board and the Board approved an increase in Mr. Hansen's base salary by \$100,000 to \$750,000 for 2002.

Performance Bonuses

The Company maintains a Performance Bonus Plan (the "Bonus Plan"), which provides for the payment of performance bonuses to most management employees of the Company who do not receive sales commissions. Executive officers of the Company participate in the Bonus

Plan, which is a pay-for-performance plan designed to compensate participants for achieving certain objectives established in the context of the Company's annual financial plan.

Annually, at the beginning of each year, we review and recommend to the Board targeted levels and minimum threshold levels of Company performance with respect to key financial objectives affecting the executive officers' performance bonuses. For executive officers of the Company, the performance bonus objectives are based primarily upon revenue and earnings of the Company. The Company pays performance bonuses during the first calendar quarter after the year in which they are earned. The Company's 2002 revenue and earnings on a combined basis resulted in a performance bonus payment at 70% of the target level, and the 2002 performance bonus payments to the Company's executive officers therefore ranged from 45.5% of year-end base salary to 70% of year-end base salary.

14

Mr. Hansen's performance bonus for 2002 was based on the Company's overall revenue and earnings. Mr. Hansen earned a performance bonus of \$525,000 for 2002, representing 70% of his 2002 base salary, based upon the levels of achievement of the applicable Company targets.

Stock Options and Restricted Stock

A further component of executive officers' compensation is the Company's 1996 Stock Incentive Plan, pursuant to which during 2002 the Company granted options to purchase shares of Common Stock and awarded restricted shares of Common Stock to its executive officers. We are responsible for the administration of such plan and the granting of stock options and other awards under such plan to executive officers and other employees of the Company.

In January 2002 we granted stock options to Mr. Hansen and the other named executive officers of the Company as set forth in the table above under "Option Grants in 2002". The option price was \$34.95 per share, which was the closing price of the Company's Common Stock on the grant date. In April 2002, in connection with the successful completion of the acquisition of the business and assets of Kenan Systems Corporation, we made an additional option grant to Mr. Fisher as set forth in such table; the price per share at the time of such grant was \$24.81.

During June and July 2002 the price of the Company's Common Stock continued to decline, and management of the Company became concerned that the stock options then held by key members of the Company's management team, most of which had exercise prices substantially greater than the then current market price of the Common Stock, provided minimal long-term retention incentive for such persons. In addition, assuming the Company's normal pattern of annual option grants to its key employees (approximately 400 persons in 2002) and initial grants to new key employees, management projected that the Company's plans under which stock option grants could be made would have few shares available for grants after 2003, and investor sentiment in general in mid-2002 suggested that there was limited potential for obtaining stockholder approval of additional authorized shares for such plans.

Management of the Company requested its independent compensation consulting firm to develop a program that would enable the Company to restructure certain of its then outstanding stock options so as to enhance the retention effectiveness of the Company's stock incentive plans for the senior executives of the Company and its subsidiaries, reduce the number of shares covered by outstanding stock options, increase the number of shares available for future grants under the Company's 1996 Stock Incentive Plan (which is the only plan under which stock option grants or other stock awards can be made to the Company's executive officers) and minimize the financial statement expense that would result from any such restructuring.

The Company's independent compensation consulting firm recommended a program which would allow the executive officers of the Company and certain other key executives of the Company's subsidiaries to exchange certain outstanding stock options for restricted shares of Common Stock. After extensive review of the proposed program, we authorized Mr. Hansen, who had indicated an interest in participating in such program, to present the program to the other executive officers and to certain other key executives of the Company's subsidiaries. We also considered potential future stock option grants to those executives of the Company who elect to participate in the restricted stock program but took no action during 2002 with respect to any such grants.

15

On August 30, 2002, Mr. Hansen reported to the Committee that he and each of the other four executive officers of the Company and one other executive of a Company subsidiary desired to participate in the program. On that date, we granted restricted stock awards to each of such six persons. We granted one share of restricted stock in exchange for the surrender and cancellation of three shares covered by stock options having an exercise price of more than \$25 (more than \$24.80 in the case of Mr. Fisher) per share but not more than \$30 per share and the surrender and cancellation of four shares covered by stock options having an exercise price of more than \$30 per share. In determining such

Edgar Filing: CSG SYSTEMS INTERNATIONAL INC - Form DEF 14A

exchange ratios, we considered, among other things, the total number of shares involved in the exchange, the estimated values of the options being surrendered and the break-even value of the exchange. Additional details of such awards appear in the Summary Compensation Table appearing earlier in this Proxy Statement and in footnote (3) to such table.

Mr. Hansen had available for surrender outstanding stock options covering a total of 1,390,000 shares, which would have entitled him to a restricted stock award of 380,833 shares based upon the exchange formula referred to above. However, because of a 480,000-share limit on awards to any one recipient under the Company's 1996 Stock Incentive Plan during a single calendar year and Mr. Hansen's receipt in January 2002 of a stock option grant covering 370,000 shares, we were able to grant Mr. Hansen a restricted stock award covering only 110,000 shares. Mr. Hansen advised us that he would be willing to surrender the options covering all of such 1,390,000 shares (including the 370,000 shares covered by the January 2002 grant) at the time of such August 2002 award with the informal understanding that at the beginning of 2003 the Compensation Committee of the Board would grant to him an additional restricted stock award covering 270,833 shares of Common Stock. With that understanding we made the grant to Mr. Hansen of 110,000 restricted shares in August 2002 and granted the remaining 270,833 restricted shares to him in January 2003. Pending the grant of such 2003 restricted stock award, we recommended and the Board approved an amendment of Mr. Hansen's employment agreement to provide for the payment to him of a contingent bonus (based on the value of 270,833 shares of Common Stock) upon the occurrence of any of certain specified events prior to such grant. Upon our grant to Mr. Hansen of such 270,833 restricted shares in January 2003, such contingent bonus provision ceased to be in effect. No contingent bonus was paid to Mr. Hansen pursuant to such provision.

As noted in footnote (3) to the Summary Compensation Table appearing earlier in this Proxy Statement, awards covering a total of 395,936 shares of restricted stock were made to the five executive officers of the Company in August 2002 and an additional award covering 270,833 shares of restricted stock was made to Mr. Hansen in January 2003 in exchange for the surrender and cancellation of outstanding stock options held by such executive officers covering a total of 2,403,750 shares of Common Stock. As also noted in such footnote (3), we made a separate restricted stock award of 30,000 shares to Mr. Kalan in August 2002 in recognition of his prior and anticipated future services to the Company.

Conclusion

Through the programs described above, we have based significant portions of the Company's executive compensation directly upon individual and Company performance and upon potential stock price appreciation. We presently intend to continue a policy linking executive compensation to Company performance and stockholder return.

- (1) Audit Fees consist of fees for the Company's 2002 annual audit and quarterly reviews and for accounting consultation relating to such audit.
- (2) Audit Related Fees consist of fees for an audit of an employee benefit plan.
- (3) All Other Fees consist of fees for corporate tax services and for various post-acquisition accounting and tax services and analyses relating to the Kenan Business acquired by the Company in February 2002.

The Audit Committee of the Board has considered whether the provision by KPMG LLP of the non-audit services for which the fees (other than Audit Fees) listed above were paid is compatible with maintaining the independence of such accountants.

The Company has not selected independent public accountants for 2003 because such selection has not yet been considered by the Board or the Audit Committee of the Board.

REPORT OF THE AUDIT COMMITTEE

A revised written charter for the Audit Committee was adopted by the Board in November 2002. The complete text of such revised Audit Committee Charter appears as an appendix to this Proxy Statement.

The purpose of the Audit Committee, as set forth in its charter, is to oversee the accounting and financial reporting processes of the Company and the audits of the financial statements of the Company.

We have implemented procedures to assure that the Audit Committee performs each of its responsibilities under the charter. During 2002, and thereafter through the completion of the audit of the Company's financial statements for such year, those procedures included regular meetings with management of the Company and with appropriate representatives of the Company's independent public accountants.

We reviewed and discussed both with management of the Company and with the Company's independent auditors, KPMG LLP, the Company's audited financial statements for 2002.

We also discussed with KPMG LLP the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended.

We received the written disclosures and the letter from KPMG LLP required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, and discussed with KPMG LLP its independence.

Based upon the reviews and discussions referred to in the immediately preceding three paragraphs of this report, we recommended to the Board that the audited financial statements of the Company for 2002

be included in the Company's Annual Report on Form 10-K for such year for filing with the Securities and Exchange Commission.

DEADLINE FOR SUBMISSION OF STOCKHOLDER PROPOSALS

Under the bylaws of the Company, a stockholder who wishes to bring any business before the 2004 annual meeting of stockholders of the Company must give advance written notice to the Company of such business and of any proposal which such stockholder wishes to have included in the Company's proxy statement and on the Company's proxy card for such annual meeting. The notice must be sent to the Secretary of the Company at the principal executive office of the Company, must be received by the Secretary of the Company not later than December 5, 2003, and must contain certain information required by the bylaws of the Company. Copies of the Company's bylaws are available to stockholders upon request made to the Secretary of the Company at the address set forth on the first page of this Proxy Statement.

The bylaw requirements referred to above do not supersede the conditions and requirements established by the Securities and Exchange Commission for stockholder proposals to be included in the Company's proxy materials for a meeting of stockholders, and in that regard stockholders also must comply with the applicable requirements of Rule 14a-8 under the Securities Exchange Act of 1934.

DELIVERY OF DOCUMENTS TO STOCKHOLDERS SHARING AN ADDRESS

In some cases, only one copy of this Proxy Statement and the Company's annual report is being delivered to multiple stockholders who share an address, unless the Company has received contrary instructions from one or more of such stockholders. The Company's independent auditors ultimately are accountable to the Board and the Audit Committee as representatives of the stockholders of the Company. At all times the Audit Committee shall have at least one member who has past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in such member's financial sophistication (such as being or having been a chief executive officer, chief financial officer, or other senior officer with financial oversight responsibilities).

The Board shall appoint the members of the Audit Committee at such times as the Board may deem necessary or appropriate, and the members of the Audit Committee shall serve at the pleasure of the Board.

The Board from time to time shall appoint from among the members of the Audit Committee a chairperson of the Audit Committee who shall serve in such capacity at the pleasure of the Board.

III.

Meetings and Actions

The Audit Committee shall meet at least quarterly, either in conjunction with the quarterly meetings of the Board or at such other or additional times as the Audit Committee shall determine. The chairperson of the Audit Committee or any two members of the Audit Committee may call a meeting of the Audit Committee at any time upon notice given in accordance with the bylaws of the Company.

The Audit Committee shall keep regular minutes of its meetings and shall report to the Board on its actions and other matters set forth in this Charter at such times as the Board or this Charter may require and at such other times as the Audit Committee may deem necessary or appropriate.

Members of the Audit Committee may participate in a meeting of the Audit Committee by means of conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear each other, and such participation shall constitute presence in person at the meeting.

Edgar Filing: CSG SYSTEMS INTERNATIONAL INC - Form DEF 14A

At all meetings of the Audit Committee, a majority of the then members of the Audit Committee shall constitute a quorum for the transaction of business; and the vote of a majority of the members of the Audit Committee at any meeting of the Audit Committee at which a quorum is present shall be the act of the Audit Committee.

1

Any actions required or permitted to be taken at a meeting of the Audit Committee may be taken without a meeting if (i) all members of the Audit Committee consent to such action in writing and (ii) such written consents are filed with the minutes of meetings of the Audit Committee.

The Audit Committee may delegate to its chairperson or another member of the Audit Committee the performance of any of the responsibilities of the Audit Committee, either in a specific instance or on a continuing basis. In the event of such a delegation, the person to whom such performance is delegated shall report to the Audit Committee at its next meeting on the manner in which such delegated performance was carried out.

To the extent not inconsistent with this Charter, the provisions of the bylaws of the Company applicable to committees of the Board shall be applicable to the Audit Committee except that only the Board may appoint members of the Audit Committee.
