INTRODUCTION

This Proxy Statement is being furnished in connection with the solicitation of proxies by the Board of Directors of Benchmark Electronics, Inc. ("the Company") for use at the 2005 Annual Meeting of Shareholders of the Company to be held on Wednesday, May 11, 2005, beginning at 10:00 a.m. (local time), and any adjournment thereof ("the Meeting") for the purposes set forth in this Proxy Statement and the accompanying Notice. It is anticipated that this Proxy Statement, the Notice and the enclosed form of proxy will be sent to shareholders on or about April 5, 2005.

Proxies

Proxies in the enclosed form that are properly executed and received by the Company before or at the Meeting and which are not revoked will be voted in accordance with the directions set forth therein. If no direction is made, a proxy that is properly signed and received by the Company and which is not revoked will be voted *FOR* the election of all nominees for director named herein to serve on the Board of Directors until the 2006 annual meeting of shareholders and until their successors are duly elected and qualified, and *FOR* the ratification of the appointment of KPMG LLP as the independent registered public accounting firm of the Company for the year ending December 31, 2005. If any other matter, not known or determined at the time of the solicitation of proxies, properly comes before the Meeting, the proxies will be voted in accordance with the discretion of the person or persons voting the proxies. The proxy also confers on the persons named therein discretionary authority to vote with respect to any matters presented at the Meeting for which advance notice was not received by the Company prior to January 31, 2005. Proxies may be revoked by written notice received by the Secretary of the Company at any time before they are voted by delivering to the Secretary of the Company a signed notice of revocation, or a later dated signed proxy, or by attending the Meeting and voting in person by ballot.

Voting Securities

Shareholders of record at the close of business on March 31, 2005 are entitled to notice of and to vote at the Meeting. As of March 31, 2005, there were 41,667,694 common shares, \$0.10 par value per share ("Common Shares"), issued, outstanding and entitled to vote at the Meeting. Each Common Share is entitled to one vote on all matters that may properly come before the Meeting.

Quorum and Other Matters

The presence at the Meeting, in person or by proxy, of the holders of a majority of the outstanding Common Shares is necessary to constitute a quorum. Common Shares represented by a properly completed, signed and returned proxy will be counted as present at the Meeting for purposes of determining a quorum, without regard to whether the proxy is marked as casting a vote or abstaining. Common Shares held by nominees which are voted on at least one matter coming before the Meeting will

also be counted as present for purposes of determining a quorum, even if the beneficial owner's discretion has been withheld (a "non-vote") for voting on some or all other matters.

All matters specified in the notice of the Meeting require the approval of the affirmative vote of a majority of the outstanding Common Shares entitled to vote and present, in person or represented by proxy, at the Meeting. An abstention, a broker non-vote or a withholding of authority to vote with respect to the election of directors or the ratification of the appointment of the Company's independent registered public accountants will have the effect of a vote against the proposal.

An Inspector of Election appointed by the Company will tabulate votes at the Meeting.

The Board of Directors is not aware of any matters that are expected to come before the Meeting other than those referred to in this Proxy Statement. If any other matter properly comes before the Meeting, the proxies will be voted in accordance with the discretion of the person or persons voting the proxies.

Corporate Governance

The Company has been built on a culture where integrity is the first and most important value, and this value has long been a part of the Company's corporate identity. We support the initiatives by the United States Congress, the Securities and Exchange Commission and the New York Stock Exchange to restore investor confidence and to ensure the credibility and transparency of financial reporting.

The Company's practices generally reflect corporate governance initiatives that are compliant with existing standards of the NYSE and the corporate governance requirements of the Sarbanes-Oxley Act of 2002, including:

The independent members of the Board meet regularly without the presence of management;

The Audit Committee, the Compensation Committee and the Nominating/Governance Committee each operate under charters that clearly establish their respective roles and responsibilities;

All members of the Audit Committee, the Compensation Committee and the Nominating/Governance Committee meet the appropriate tests for independence;

The Chairman of the Audit Committee is an "audit committee financial expert";

The Audit Committee meets with management and the auditors to receive information concerning the design and operation of internal controls;

KPMG LLP, our independent registered public accounting firm, reports directly to the Audit Committee;

The Company's internal audit group reports periodically throughout the year directly to the Audit Committee;

The Company has, consistent with the requirements of the Sarbanes-Oxley Act of 2002, adopted a policy prohibiting personal loans or extension of credit to any executive officer or director;

The Company has a code of conduct that applies to all employees, officers and directors and a reporting policy to allow for confidential and anonymous reporting to the Audit Committee; and

The Board operates under a set of corporate governance guidelines.

The Board of Directors will continue to enhance the Company's governance practices as new ideas and best practices emerge. Operation of Board of Directors

Edgar Filing: BENCHMARK ELECTRONICS INC - Form DEF 14A

The Board of Directors has responsibility for establishing broad corporate policies and reviewing our overall performance rather than day-to-day operations. The Board's primary responsibility is to oversee the management of the Company and, in so doing, serve the best interests of the Company and its shareholders. The Board selects, evaluates and provides for the succession of executive officers and,

subject to shareholder election, directors. It reviews and approves corporate objectives and strategies, and evaluates significant policies and proposed major commitments of corporate resources. It participates in decisions that have a potential major economic impact on the Company. Management keeps the directors informed of Company activity through regular written reports and presentations at Board and committee meetings.

The directors are elected annually by the shareholders and hold office until their successors are elected and qualified. The Amended and Restated Bylaws of the Company provide for a Board of Directors consisting of not less than five, nor more than nine, members, as set from time to time by resolution of the Board of Directors. The Board of Directors presently consists of seven members. If all of the nominees for election as director are elected at the Meeting, there will be eight directors.

The New York Stock Exchange rules require that the Company have a majority of independent directors. The rules provide that no director will qualify as "independent" unless the Board of Directors affirmatively determines that the director has no material relationship with the Company and its subsidiaries, either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company. The Board has determined that each independent director or nominee had no relationship with the Company other than as a director or shareholder or management, and that none of the express disqualifications contained in the New York Stock Exchange rules applied to any of them. Accordingly, as of the date of this Proxy Statement, the Board has determined that the following nominees meet the categorical standards set by the Board and are "independent": John W. Cox, John C. Custer, Peter G. Dorflinger, Laura W. Lang and Bernee D.L. Strom.

The Board of Directors held five meetings and took action by written consent two times during 2004. Each of the directors attended at least 75% of such meetings during the period in which he or she was director. Messrs. Nigbor, Fu and Barton are also employees of the Company. They do not participate in any meeting at which their compensation is evaluated. All members of all committees are non-employee directors. In addition to committee meetings, the non-employee directors regularly meet outside the presence of the employee-directors. These executive sessions are currently held either before, after or otherwise in conjunction with the Board's regularly scheduled meetings. Additional executive sessions can be scheduled at the request of the non-employee directors. The director who presides over the executive sessions is chosen by independent directors at the executive session.

The Board of Directors has an Audit Committee, a Compensation Committee and a Nominating/ Governance Committee. Each committee has a charter that has been approved by the Board. Each committee must review the appropriateness of its charter at least annually. Each member of each committee meets the independence requirements of the New York Stock Exchange.

The Audit Committee, consisting of Messrs. Cox, Custer and Dorflinger, met seven times during 2004 and each member attended at least 75% of the meetings during the period in which he was a member of such committee. Mr. Cox qualifies as an "audit committee financial expert" under the rules of the Securities and Exchange Commission. An "audit committee financial expert" is defined as a person who has the following attributes: (i) an understanding of generally accepted accounting principles and financial statements; (ii) the ability to assess the general application of such principles in connection with the accounting for estimates, accruals and reserves; (iii) experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by the registrant's financial statements, or experience actively supervising one or more persons engaged in such activities; (iv) an understanding of internal controls and procedures for financial reporting; and (v) an understanding of audit committee functions. The Board of Directors, in its business judgment, has determined that Messrs. Cox, Custer and Dorflinger are "independent," as required by applicable listing standards of the New York Stock Exchange governing the qualifications of the members of audit committees, including the requirements of the Securities Exchange Act of 1934. The function of the Audit

Committee is to assist the Board in fulfilling its responsibility to oversee (i) management's conduct of the Company's financial reporting process (including management's development and maintenance of systems of internal accounting and financial controls), (ii) the integrity of the Company's financial statements, (iii) the Company's compliance with legal and regulatory requirements and ethical standards, (iv) the qualifications and independence of the Company's outside auditors and (v) the performance of the Company's internal audit function and the outside auditors; and to prepare the audit committee report required by the rules of the Securities and Exchange Commission to be included in the Company's annual proxy statement. Additional information regarding the functions performed by the committee is set forth below in the "Report of the Audit Committee."

The Compensation Committee, consisting of Messrs. Custer and Dorflinger and Ms. Strom, met six times during 2004 and each member attended at least 75% of the meetings during the period in which he or she was a member of such committee. The functions of the Compensation Committee are to (i) oversee the administration of the compensation plans, in particular the incentive compensation and equity-based plans, of the Company (and, to the extent appropriate, the subsidiaries of the Company), (ii) discharge the Board's responsibilities relating to the compensation of the Company's executives, (iii) review and make recommendations on director compensation and (iv) prepare the annual report on executive compensation required by the rules and regulations of the Securities and Exchange Commission to be included in the Company's annual proxy statement. Additional information regarding the functions performed by the committee is set forth below in the "Report of the Compensation Committee."

The Nominating/Governance Committee, consisting of Messrs. Cox and Custer and Ms. Strom, met four times during 2004 and each member attended all of the meetings during the period in which he or she was a member of such committee. The functions of the Nominating/Governance Committee are to (i) identify individuals qualified to become Board members and recommend such individuals to the Board for nomination for election to the Board, (ii) make recommendations to the Board concerning committee appointments, (iii) develop, recommend and annually review corporate governance guidelines for the Company and (iv) oversee corporate governance matters and coordinate an annual evaluation of the Board.

Ms. Lang was recommended to the Nominating/Governance Committee by The Lapham Group, a search firm that was hired to help identify and facilitate the screening and interview process of director nominees. To be considered by the Nominating/Governance Committee, a director nominee should have experience as a board member or senior executive of a public company or nationally recognized private company. In addition to these minimum requirements, the Committee will also evaluate whether the nominee's skills are complementary to the existing Board members' skills, and the Board's needs for operational, management, financial, international, technological or other expertise. The search firm identifies and screens the candidates, does reference checks, prepares a biography for each candidate for the Nominating/Governance Committee to review and coordinates interviews. The Nominating/Governance Committee, the Chairman of the Board and executive officers interview candidates that meet the criteria, and the Nominating/Governance Committee selects nominees who best suit the Board's needs. The Company paid The Lapham Group a fee of \$75,000 plus expenses for performing these services in connection with the nomination of Ms. Lang. The Nominating/Governance Committee will consider for nomination to the Board of Directors candidates suggested by the shareholders, provided that such recommendations are submitted and received by us at our principal executive offices at 3000 Technology Drive, Angleton, Texas 77515, with an appropriate biographical summary, in accordance with the requirements described under "Date of Submission of Shareholder Proposals."

All members of the Board of Directors attended the Annual Meeting of Shareholders in 2004. The Board does not have a formal written policy requiring members to attend the Shareholders' Meeting, although all members have traditionally attended.

Audit Committee Report to Shareholders

The Audit Committee of the Board is responsible for providing independent, objective oversight of the Company's accounting functions and internal controls. The Audit Committee currently is composed of three non-employee directors, Messrs. Cox, Custer and Dorflinger, each of whom is an "independent director" under the rules of the New York Stock Exchange governing the qualifications of the members of audit committees and the Securities Exchange Act of 1934. Mr. Cox qualifies as an "audit committee financial expert" under the new rules of the Securities and Exchange Commission. The Audit Committee operates under a written charter previously approved by the Board of Directors. The Audit Committee met seven times during 2004 and each member attended at least 75% of the meetings during the period in which he was a member of such committee. The meetings were designed to facilitate and encourage communication between members of the Audit Committee and management as well as private communication between the members of the Audit Committee and our internal auditors, and our independent registered public accounting firm, KPMG LLP.

Management is responsible for the Company's internal controls and financial reporting process. The independent accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and issuing a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

In connection with these responsibilities, the Audit Committee met with management and KPMG LLP to review and discuss the December 31, 2004 audited financial statements and matters related to Section 404 of the Sarbanes-Oxley Act of 2002. The Audit Committee also discussed with the independent accountants the matters required by Statement on Auditing Standards No. 61, *Communication with Audit Committee*. The Audit Committee also received written disclosures and the letter from the independent accountants required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, and the Audit Committee discussed with the independent accountants that firm's independence.

Based upon the Audit Committee's review of the audited consolidated financial statements, discussions with management and the independent accountants, and the Audit Committee's review of the representations of management and discussions with the independent accountants as set forth above, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2004, filed with the Securities and Exchange Commission on March 16, 2005.

The following table presents fees for professional services provided by KPMG LLP for 2004 and 2003.

Audit Committee Pre-Approval Policy

The Audit Committee has adopted a specific policy for pre-approval of services to be provided by the Company's independent registered public accounting firm. Under the policy, in addition to the annual audit engagement terms and fees, the Audit Committee pre-approves specific types of audit, audit-related, tax and non-audit services to be performed by the independent registered public accounting firm throughout the year, as well as fee ranges for each specific service, based on the Audit Committee's determination that the provision of the services would not be likely to impair the accounting firm's independence. Unless a type of service to be provided by the independent registered public accountant has received general pre-approval, it will require specific pre-approval by the Audit Committee. Any proposed services exceeding pre-approved cost levels will require specific pre-approval by the Audit Committee. The pre-approval is effective for 12 months from the date of pre-approval, unless the Audit Committee specifically approves for a different period. The policy permits the Audit Committee to delegate pre-approval authority to one or more of its members to ensure prompt handling of unexpected matters, with such delegated pre-approvals to be reported to the Audit Committee at its next meeting. The policy also contains a list of prohibited non-audit services and requires that the independent registered public accounting firm ensure that all audit and non-audit services provided to the Company have been pre-approved by the Audit Committee.

The Audit Committee of the Company's Board of Directors has considered whether the services provided by KPMG LLP as they related to other non-audit services are compatible with maintaining the accounting firm's independence. The Audit Committee has determined that provision of those services is compatible with maintaining the independence of KPMG LLP as the Company's registered public accounting firm.

Each option granted and reported in this table vests over a four year period, with 20% of the shares becoming exercisable at the end of the second year following the date of grant, 30% becoming exercisable at the end of the third year following the date of grant and the entire option becoming exercisable at the end of the fourth year. The options expire three months after termination of employment, and are fully vested in the event of a change of control of the Company.

Compensation of Non-Employee Directors

During the May 2003 to May 2004 twelve-month period, non-employee directors received the following annual compensation: \$20,000 for serving as a member of the Board of Directors, \$1,000 for each meeting of the Board of Directors attended in person and a \$1,000 fee for committee meetings of the Board of Directors attended.

During the May 2004 to May 2005 twelve-month period, non-employee directors received the following compensation, payable quarterly: \$35,000 for serving as a member of the Board of Directors, \$5,000 for serving as a chair of a committee of the Board of Directors, \$1,000 for serving as chair of a committee meeting of the Board of Directors and a \$1,000 fee for committee meetings of the Board of Directors attended.

Effective May 2005, the non-employee directors' compensation for the twelve-month period ended May 2006 for serving on the Board of Directors will be \$60,000, payable quarterly, and all other fees will remain the same.

The Company also reimburses its non-employee directors for their reasonable travel expenses in attending such meetings.

In December 1994, the Board of Directors of the Company adopted the Benchmark Electronics, Inc. 1994 Stock Option Plan for Non-Employee Directors (the "1994 Plan") for the benefit of members of the Board of Directors of the Company or its Affiliates who are not employees of the Company or its Affiliates (as defined in the 1994 Plan). The purpose of the 1994 Plan was to encourage ownership of the Company's Common Shares by eligible non-employee directors of the Company, to provide increased incentive for such directors to render services and to exert maximum effort for the business success of the Company and to further strengthen the identification of directors with the shareholders of the Company. The 1994 Plan terminated in December 2004. The 1994 Plan was replaced in 2002 by the Benchmark Electronics, Inc. 2002 Stock Option Plan for Non-Employee Directors (the "2002 Plan"), and no additional grants may be made under the 1994 Plan. The Company has outstanding options with respect to 101,775 Common Shares under the 1994 Plan.

After giving effect to the Company's stock split in 2003, the 2002 Plan provides for the granting of a stock option to purchase up to 10,500 Common Shares upon the occurrence of the non-employee director's election or reelection to the Board. After giving effect to the Company's stock split in 2003, the maximum number of Common Shares for which options may be granted under the 2002 Plan is 450,000. No awards may be granted under the 2002 Plan after the expiration of ten years from February 26, 2002, the date of its adoption by the Board of Directors. The 2002 Plan remains in effect as to awards made prior to the expiration of ten years until such awards have been satisfied or have expired. All awards under the 2002 Plan are fully vested upon the date of grant. The exercise price per common share of options granted under the 2002 Plan will be the fair market value of a Common Share on the date such option is granted.

Upon their election as directors in May 2004, each of Messrs. Cox, Custer and Dorflinger received a grant under the 2002 Plan of an option to purchase 7,000 Common Shares, and upon her election as a new director Ms. Strom received a grant to purchase 10,000 Common Shares, at an exercise price of \$25.70 per share, which was the market price of the Common Shares on the date of the grant. The Company has outstanding options with respect to 104,500 Common Shares under the 2002 Plan.

Board Compensation Committee Report on Executive Compensation

The Company's executive compensation program is administered by the Compensation Committee, a committee of the Board of Directors composed of non-employee directors listed below this report. The Compensation Committee is responsible for recommending to the full Board of Directors the compensation of the Chief Executive Officer of the Company, determining the compensation of the other executive officers of the Company, and administering the Company's employee benefit plans. None of the members of the Compensation Committee has any interlocking or other relationships with the Company that would call into question their independence as Compensation Committee members. The Compensation Committee operates under a written charter previously approved by the Board of Directors.

Compensation Policies and Programs. The Compensation Committee believes that the goals of the executive compensation program should be to align executive compensation with the Company's long-term business objectives and performance and to enable the Company to attract, retain and reward executive officers who contribute to the long-term success of the Company. The Compensation Committee believes that the best way to achieve these goals is by aligning the financial interests of the Company's executive officers closely to the interests of the Company's shareholders through a combination of annual cash incentives and stock-based incentive compensation, while providing the executive officers with base salary compensation at levels that are competitive with, but which do not exceed, prevailing standards. The compensation of the Company's executive officers is reviewed and approved annually by the Compensation

Committee. The Company's executive compensation program is based on three elements, each of which is determined in part by corporate performance:

Base salary compensation

Annual incentive compensation

Stock-based incentive compensation

Corporate performance is evaluated by reviewing the extent to which strategic and business plan goals are met, including the relationship between the Company's net income and sales. The Compensation Committee believes that total executive compensation opportunities are competitive and at the median with those offered by employers in the peer group of companies with which the Company compares its performance in the Performance Graph following this report, but with less emphasis on base salary compensation than such other employers.

Cash Base Salary. The Company has employment agreements with Messrs. Nigbor, Fu and Barton. The agreements provide for annual base salaries, subject to adjustment for subsequent twelve-month periods as determined by the Compensation Committee, based on its review of base salaries provided to executive officers of other employers in the Company's industry and certain corporate performance factors such as the Company's net income and sales and historical salary progression. The employment agreements with Messrs. Nigbor, Fu and Barton automatically renew each August 31 for successive one-year terms (each such renewal term, a Renewal Term), unless either party gives to the other written notice of termination no fewer than ninety days prior to the expiration of any such Renewal term. Messrs. Nigbor's and Fu's current annual base salary through August 1, 2005 under their respective employment agreements is \$556,500. Mr. Barton's current annual base salary is \$250,000 through August 1, 2005. The employment agreements also provide for payment of severance. If employment is terminated by the Company without cause prior to the end of the then current Renewal Term, severance will be paid for a period of one year beginning on the date of termination.

The Company has a severance agreement with Ms. Delly that automatically renews each December 31 for successive one-year terms unless terminated by the Company at least 30 days prior to the expiration date. The severance agreement provides that the Company will pay severance to Ms. Delly in the event that her employment is terminated (a) at any time within two years following a change of control (as such term is defined in the severance agreement) by the Company or its subsidiaries for reasons other than for "cause" (as such term is defined in the severance agreement) or other than as a consequence of Ms. Delly's death, permanent disability or retirement at or after the normal retirement date; or (b) at any time within two years following a change of control (as such term is defined in the severance agreement), by Ms. Delly following the (i) the reduction of Ms. Delly's annual salary (including any deferred portions thereof), annual or long-term cash or stock bonus opportunities, or level of benefits or supplemental compensation; or (ii) the transfer of Ms. Delly to a location requiring a change in her residence or a material increase in the amount of travel normally required of Ms. Delly in connection with her employment. The amount of severance to be paid will be equal to two times the sum of Ms. Delly's annual base pay and recent cash bonus (as such terms are defined in the severance agreement). Ms. Delly's current annual base salary is \$385,875 through August 1, 2005.

Cash Bonus. The Company has incentive bonus plans for the benefit of its employees, including executive officers. The total amount of cash bonus awards to be made under these incentive bonus plans for any period depends primarily on the Company's earnings before income tax for that period.

For any plan period, the earnings before income tax must meet or exceed, or in combination with other factors satisfy, levels targeted by the Company in its business plan, as established at the beginning of each fiscal year, for any bonus awards to be made. The Compensation Committee has the authority to determine the total amount of bonus awards, if any, to be made to the Company's corporate employees for any plan year based on its evaluation of the Company's financial condition and results of operations, the

Company's business and prospects, and such other criteria as it may determine to be relevant or appropriate. The Compensation Committee has the authority to determine the specific amounts of bonus awards to be made to the Company's executive officers and other key employees based on its evaluation of each such employee's position, performance, service and such other criteria as it may determine to be relevant or appropriate.

In 2004, the Company's sales, net income and return on invested capital exceeded the levels targeted by the Company in its 2004 business plan. The Compensation Committee elected to award bonuses of \$693,485 to Messrs. Nigbor and Fu, \$350,468 to Ms. Delly and \$139,142 to Mr. Barton.

Stock Purchase Plan. In April, 1999, the Company adopted the Benchmark Electronics, Inc. Employee Stock Purchase Plan (the "Purchase Plan"). Under the Purchase Plan, employees meeting specific employment qualifications are eligible to participate and can purchase shares semi-annually through payroll deductions at the lower of 85% of the fair market value of the Common Shares at the commencement or end of the offering period. The Purchase Plan permits eligible employees to purchase Common Shares through payroll deductions for up to the lesser of 17% of qualified compensation or \$25,000. The executive officers, including the Chief Executive Officer, are eligible to participate in the Purchase Plan on the same basis as all other employees.

Stock Awards Plan. The Compensation Committee believes that stock options and other methods of equity-based incentive compensation are of increasing importance in attracting and retaining employees and executives and are critical in motivating the long-term creation of shareholder value because methods of equity-based incentive compensation focus executive attention on share price as the primary measure of performance. In 2000, the Company adopted, and its shareholders approved, the Benchmark Electronics, Inc. 2000 Stock Awards Plan (the "2000 Plan") for the benefit of its officers and employees, its affiliates, and consultants to the Company and its affiliates (the "Eligible Participants"). The 2000 Plan replaced the 1990 Stock Option Plan that expired in May 2000. The 2000 Plan is administered by the Compensation Committee. The purpose of the 2000 Plan is to encourage ownership of Common Shares by the Eligible Participants to provide increased incentive for such Eligible Participants to render services and to exert maximum effort for the business success of the Company and to strengthen identification of such Eligible Participants with the shareholders for the purpose of maximizing shareholder value. The 2000 Plan utilizes vesting periods to encourage its executive officers and eligible employees to continue in the employ of the Company. The Compensation Committee subjectively determines the number of shares to be covered by options granted to its employees and executive officers, including the Chief Executive Officer. Stock option grants to the Company's Chief Executive Officer and other executive officers are not made automatically each year and are not considered to be a part of normal annual compensation. The amount and terms of options already held by an executive officer generally are not significant factors in the Compensation Committee's determination of whether and how many options should be granted to the executive officer.

Stock option grants provide an incentive that focuses the executives' attention on managing the Company from the perspective of an owner with an equity stake in the business. Accordingly, these stock options are tied to the future performance of the Company's Common Shares and provide value to the recipient only when the price of the Company's Common Shares increase above the option grant price.
