## PROSPECTUS

### Up to 57,937,910 Shares of Class A Common Stock

Pzena Investment Management, Inc. may issue from time to time up to 57,937,910 shares of its Class A common stock, par value \$0.01 per share, to holders of Class B units of Pzena Investment Management, LLC upon exchange of up to an equal number of such Class B units. We are organized under the laws of the State of Delaware and act as the sole managing member of Pzena Investment Management, LLC, a Delaware limited liability company. The 57,937,910 Class B units of Pzena Investment Management, LLC were issued in connection with the reorganization of Pzena Investment Management, LLC on October 30, 2007 and the concurrent closing of the initial public offering of our Class A common stock.

The registration statement of which this prospectus is a part only registers the issuance of up to 57,937,910 shares of our Class A common stock upon the exchange by the holders of the equivalent number of Class B units. Any future resales by these holders of the shares received upon exchange may be made pursuant to an available exemption from registration under the Securities Act or a registration statement covering a secondary offering by these holders.

The registration of these shares does not necessarily mean that any holders will exchange their Class B units, which exchanges are subject to the restrictions set forth in the operating agreement of Pzena Investment Management, LLC. None of the members of the Executive Committee of Pzena Investment Management, LLC, who beneficially own a substantial majority of the Class B units currently outstanding, have any present plans to sell any shares of Class A common stock. We will not receive any cash proceeds from the issuance of any of our shares of Class A common stock upon an exchange of Class B units, but we will acquire the Class B units exchanged for shares of our Class A common stock that we issue to an exchanging holder.

Our Class A common stock is traded on the New York Stock Exchange under the symbol "PZN." On February 13, 2009, the NYSE official closing price of our Class A common stock was \$2.68 per share.

**Investing in our Class A common stock involves a high degree of risk. See "Risk Factors" beginning on page 2 of this prospectus to read about factors you should consider before buying our Class A common stock.**

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

The date of this prospectus is February 17, 2009.
