Amendment to Certificate of Incorporation

Our Board is proposing an amendment to the Corporation's Amended and Restated Certificate of Incorporation to add a new Article Ninth designating the Court of Chancery of the State of Delaware the sole and exclusive forum for certain legal actions unless otherwise consented to by the Corporation. This designation of the Court of Chancery would apply to any derivative action or proceeding brought on behalf of the Corporation, any action asserting a claim of breach of fiduciary duty owed by any director, officer, employee or agent of the Corporation to the Corporation or the Corporation's stockholders, any action asserting a claim arising pursuant to any provision of the General Corporation Law of the State of Delaware, or any action asserting a claim governed by the internal affairs doctrine. The amendment is intended to assist the Corporation in avoiding multiple lawsuits in multiple jurisdictions regarding the same matter. The ability to require such claims to be brought in a single forum will help to assure consistent consideration of the issues, the application of a relatively known body of case law and level of expertise, and should promote efficiency and costs-savings in the resolution of such claims.

PROXY STATEMENT

Annual Meeting of Stockholders

January 26, 2012

This Proxy Statement is being furnished by Sally Beauty Holdings, Inc. ("we," "us," or the "Corporation") in connection with a solicitation of proxies by our Board of Directors to be voted at our annual meeting of stockholders to be held on January 26, 2012. Whether or not you personally attend, it is important that your shares be represented and voted at the annual meeting. Most stockholders have a choice of voting over the Internet, by using a toll-free telephone number, or by completing a proxy card and mailing it in the postage-paid envelope provided. Check your proxy card or the information forwarded by your bank, broker, or other stockholder of record to determine which voting options are available to you. Please be aware that if you vote over the Internet, you may incur costs such as telecommunication and Internet access charges for which you will be responsible. The Internet voting and telephone voting facilities for stockholders of record will be available until 1:00 a.m., local time, on January 26, 2012. This Proxy Statement and the accompanying proxy card were first mailed on or about December 7, 2011.

SOLICITATION AND RATIFICATION OF PROXIES

If the enclosed form of proxy card is signed and returned, it will be voted as specified in the proxy, or, if no vote is specified, it will be voted FOR all nominees presented in Proposal 1 and FOR the proposals set forth in Proposals 2 and 3. If any matters that are not specifically set forth on the proxy card and in this Proxy Statement properly come to a vote at the meeting, the proxy holders will vote in accordance with their best judgments. At any time before it is exercised, you may revoke your proxy by timely delivery of written notice to our Corporate Secretary, by timely delivery of a properly executed, later-dated proxy (including an Internet or telephone vote), or by voting via ballot at the annual meeting. Voting in advance of the annual meeting will not limit your right to vote at the annual meeting if you decide to attend in person. If you are a beneficial owner, but your shares are registered in the name of a bank, broker, or other stockholder of record, the voting instructions form mailed to you with this Proxy Statement may not be used to vote in person at the annual meeting. Instead, to be able to vote in person at the annual meeting you must obtain, from the stockholder of record, a proxy in your name and present it at the meeting. See "Questions and Answers about the Meeting and Voting" in this Proxy Statement for an explanation of the term "stockholder of record."

The proxy accompanying this Proxy Statement is being solicited by our Board of Directors. We will bear the entire cost of this solicitation, including the preparation, assembly, printing, and mailing of this Proxy Statement, the proxy, and any additional information furnished to stockholders. In addition to using the mail, proxies may be solicited by directors, executive officers, and other employees of Sally Beauty Holdings, Inc. or its subsidiaries, in person or by telephone. No additional compensation will be paid to our directors, executive officers, or other employees for these services. We will also request banks, brokers, and other stockholders of record to forward proxy materials, at our expense, to the beneficial owners of our Common Stock. We have retained Phoenix Advisory Partners to assist us with the solicitation of proxies for an estimated fee of approximately \$5,500, plus normal expenses not expected to exceed \$2,500.

Table of Contents

OUTSTANDING STOCK AND VOTING PROCEDURES

Outstanding Stock

The stockholders of record of our Common Stock at the close of business on November 28, 2011 will be entitled to vote in person or by proxy at the annual meeting. At that time, there were 185,349,722 shares of our Common Stock outstanding. Each stockholder will be entitled to one vote in person or by proxy for each share of Common Stock held. A quorum for the transaction of business shall be constituted by the presence at the annual meeting, in person or by proxy, of a majority of the outstanding shares of Common Stock entitled to vote. All shares for which proxies or voting instructions are returned are counted as present for purposes of determining the existence of a quorum at the annual meeting. Proxies or voting instructions returned by brokers who do not have discretionary authority to vote on a particular matter and who have not received voting instructions from their customers as to that matter, which we refer to as broker non-votes, will not be counted as votes on that matter.

Voting Procedures

Votes cast by proxy or in person at the meeting will be tabulated by the Inspector of Election from Computershare Trust Company, N.A. In addition, the following voting procedures will be in effect for each proposal described in this Proxy Statement:

Proposal 1. Nominees for available director positions must be elected by a plurality of the votes cast affirmatively or negatively at the annual meeting. Abstentions and broker non-votes will have no effect in determining whether the proposal has been approved.

Proposal 2. Approval of the amendment to the Corporation's Amended and Restated Certificate of Incorporation to designate a forum for certain legal actions requires the affirmative vote of a majority of the shares of our common stock outstanding and entitled to vote on the amendment. Abstentions and broker non-votes will count as votes against the proposal.

Proposal 3. Ratification of the appointment of KPMG LLP as our independent registered public accounting firm requires the affirmative vote of a majority of the votes entitled to be cast affirmatively or negatively by the shares of stock present in person or by proxy at the annual meeting and entitled to vote thereon. Abstentions will count as votes against the proposal. Broker non-votes will have no effect in determining whether the proposal has been approved.

If any other matters properly come before the meeting that are not specifically set forth on the proxy card and in this Proxy Statement, such matters shall be decided by the affirmative vote of a majority of the votes entitled to be cast by the shares of stock present in person or by proxy at the annual meeting and entitled to vote on the matter so proposed, unless otherwise provided in our Amended and Restated Certificate of Incorporation or Third Amended and Restated By-Laws or the Delaware General Corporation Law. None of the members of our Board have informed us in writing that they intend to oppose any action intended to be taken by us.

NO PERSON IS AUTHORIZED TO GIVE ANY INFORMATION OR TO MAKE ANY REPRESENTATIONS OTHER THAN THOSE CONTAINED IN THIS PROXY STATEMENT, AND, IF GIVEN OR MADE, SUCH INFORMATION OR REPRESENTATIONS MUST NOT BE RELIED UPON AS HAVING BEEN AUTHORIZED. THE DELIVERY OF THIS PROXY STATEMENT SHALL, UNDER NO CIRCUMSTANCES, CREATE ANY IMPLICATION THAT THERE HAS BEEN NO CHANGE IN OUR AFFAIRS SINCE THE DATE OF THIS PROXY STATEMENT.

Table of Contents

QUESTIONS AND ANSWERS ABOUT THE MEETING AND VOTING

1. What is a proxy?

A proxy is your legal designation of another person, called a proxy holder, to vote the shares that you own. If you designate someone as your proxy holder in a written document, that document is called a proxy. We have designated Mark J. Flaherty, our Senior Vice President and Chief Financial Officer, and Janna Minton, our Vice President, Chief Accounting Officer and Controller, to act as proxy holders at the annual meeting as to all shares for which proxies are returned or voting instructions are provided by Internet or telephonic voting.

2. What is a proxy statement?

A proxy statement is a document that SEC regulations require us to give you when we ask you to sign a proxy card designating the proxy holders described above to vote on your behalf.

3. What is the difference between a stockholder of record and a stockholder who holds stock in street name, also called a "beneficial owner?"

If your shares are registered in your name at Computershare Trust Company, N.A., you are a stockholder of record.

If your shares are registered at Computershare Trust Company, N.A. in the name of a broker, bank, trustee, nominee, or other similar stockholder of record, your shares are held in street name and you are the beneficial owner of the shares.

4. How do you obtain an admission ticket to personally attend the annual meeting?

Stockholders of Record. Your admission ticket is attached to your proxy card. You will need to bring it with you to the meeting.

Street Name Holders. You will need to ask your broker or bank for an admission ticket in the form of a legal proxy and you will need to bring the legal proxy with you to the meeting. If you do not receive the legal proxy in time, bring your most recent brokerage statement with you to the meeting. We can use that to verify your ownership of Common Stock and admit you to the meeting; however, you will not be able to vote your shares at the meeting without a legal proxy. Please note that if you own shares in street name and you are issued a legal proxy, any previously executed proxy will be revoked and your vote will not be counted unless you appear at the meeting and vote in person.

Please note that whether you are a stockholder of record or street name holder, you will also need to bring a government-issued photo identification card to gain admission to the annual meeting.

5. What different methods can you use to vote?

By Written Proxy. All stockholders may vote by mailing the written proxy card.

By Telephone and Internet Proxy. All stockholders of record may also vote by telephone from the U.S. using the toll-free telephone number on the proxy card, or by the Internet, using the procedures and instructions described on the proxy card and other enclosures. Street name holders may vote by telephone or the Internet if their bank, broker, or other stockholder of record makes those methods available, in which case the bank, broker, or other stockholder of record will enclose the instructions with the Proxy Statement. The telephone and Internet voting procedures, including the use of control numbers, are designed to authenticate stockholders' identities, to allow stockholders to vote their shares, and to confirm that their instructions have been properly recorded.

Table of Contents

In Person. All stockholders may vote in person at the meeting (unless they are street name holders without a legal proxy, as described in question 4).

6. What is the record date and what does it mean?

The record date for the annual meeting is November 28, 2011. The record date is established by our Board of Directors as required by Delaware law. Stockholders of record at the close of business on the record date are entitled to receive notice of the annual meeting and to vote their shares at the meeting.

7. What are your voting choices for director nominees, and what vote is needed to elect directors?

For the vote on the election of the Class III director nominees to serve until the 2015 annual meeting, stockholders may:

vote in favor of all nominees,

vote to withhold votes from all nominees, or

vote to withhold votes as to specific nominees, with the remainder of the nominees to be voted in favor.

Directors will be elected by a plurality of the votes cast affirmatively or negatively in person or by proxy at the annual meeting. The Board recommends a vote "FOR" each of the director nominees.

8. What is a plurality of the votes?

In order to be elected, a director nominee does not have to receive a majority of the affirmative votes cast for directors. Instead, the three nominees elected are those who receive the most affirmative votes of all the votes cast on Proposal 1 in person or by proxy at the meeting.

9. What are your voting choices on the approval of the amendment to the Corporation's Amended and Restated Certificate of Incorporation to designate a forum for certain legal actions, and what vote is needed to approve this proposal?

In the vote on the approval of the amendment to the Corporation's Amended and Restated Certificate of Incorporation, stockholders may:

vote in favor of the amendment,

vote against the amendment, or

abstain from voting on the amendment.

The proposal to approve the amendment to the Corporation's Amended and Restated Certificate of Incorporation requires the affirmative vote of a majority of the shares of our common stock outstanding and entitled to vote on the amendment. The Board recommends a vote "FOR" proposal 2.

10. What are your voting choices on the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the 2012 fiscal year, and what vote is needed to ratify their appointment?

In the vote on the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the 2012 fiscal year, stockholders may:

vote in favor of the ratification,

Table of Contents

vote against the ratification, or

abstain from voting on the ratification.

The proposal to ratify the appointment of KPMG LLP as our independent registered public accounting firm will require the affirmative vote of a majority of the votes entitled to be cast affirmatively or negatively by the shares of stock present in person or by proxy at the annual meeting and entitled to vote thereon. The Board recommends a vote "FOR" proposal 3.

11. What if a stockholder does not specify a choice for a matter when returning a proxy?

Stockholders should specify their choice for each proposal described on the enclosed proxy. However, proxies that are signed and returned will be voted "FOR" proposals described in this proxy statement for which no specific instructions are given.

12. How are abstentions and broker non-votes counted?

Both abstentions and broker non-votes are counted as "present" for purposes of determining the existence of a quorum at the annual meeting. Abstentions will not be included in vote totals and will not affect the outcome of the vote on Proposal 1. Abstentions will count as a vote against Proposals 2 and 3. Broker non-votes will not be included in vote totals and will not affect the outcome of the vote on Proposals 1 and 3, but will count as a vote against Proposal 2.

13. How will stockholders know the outcome of the proposals considered at the annual meeting?

We will announce preliminary results at the annual meeting. We will report final results at www.sallybeautyholdings.com and in a filing with the U.S. Securities and Exchange Commission on Form 8-K.

PROPOSAL 1 ELECTION OF DIRECTORS

Our Board of Directors consists of eleven individuals, seven of whom qualify as independent of us under the rules of the NYSE. Pursuant to our Third Amended and Restated By-Laws, our Board is "classified," which means it is divided into three classes of directors based on the expiration of their terms. Under the classified Board arrangement, directors are elected to terms that expire on the annual meeting date three years following the annual meeting at which they were elected, and the terms are "staggered" so that the terms of approximately one-third of the directors expire each year. Accordingly, this Proposal 1 seeks the election of three directors whose terms expire at the annual meeting of stockholders in 2012.

The terms of three directors, Kenneth A. Giuriceo, Martha Miller and Robert R. McMaster will expire at the annual meeting in 2012. Following the recommendations of our Nominating and Corporate Governance Committee, our Board of Directors has nominated Mr. Giuriceo, Ms. Miller and Mr. McMaster for election to a term that will expire at the annual meeting in 2015.

Unless otherwise indicated, all proxies that authorize the proxy holders to vote for the election of directors will be voted FOR the election of the nominees listed below. If a nominee becomes unavailable for election as a result of unforeseen circumstances, it is the intention of the proxy holders to vote for the election of such substitute nominee, if any, as the Board of Directors may propose. As of the date of this Proxy Statement each of the nominees has consented to serve and the Board is not aware of any circumstances that would cause a nominee to be unable to serve as a director.

Each of Mr. Giuriceo, Ms. Miller and Mr. McMaster, a current director with a term expiring at the 2012 annual meeting, has furnished to us the following information with respect to his or her principal occupation or employment and principal directorships:

**INFORMATION REGARDING CORPORATE GOVERNANCE, THE BOARD,
AND ITS COMMITTEES**

Board Purpose and Structure

The Board oversees, counsels, and directs management in the long-term interests of the company and our stockholders. The Board's responsibilities include:

providing strategic guidance to our management;

overseeing the conduct of our business and the assessment of our business and other enterprise risks to evaluate whether the business is being properly managed;

selecting, evaluating the performance of, and determining the compensation of the CEO and other executive officers;

planning for succession with respect to the position of CEO and monitoring management's succession planning for other executive officers; and

overseeing the processes for maintaining our integrity with regard to our financial statements and other public disclosures, and compliance with law and ethics.

Corporate Governance

We are committed to conducting our business in a way that reflects best practices and high standards of legal and ethical conduct. To that end, our Board of Directors has approved a comprehensive system of corporate governance documents. These documents meet or exceed the requirements established by the NYSE listing standards and by the SEC and are reviewed periodically and updated as necessary under the guidance of our Nominating and Corporate Governance Committee to reflect changes in regulatory requirements and evolving oversight practices. These policies embody the principles, policies, processes and practices followed by our Board, executive officers and employees in governing us.

Code of Business Conduct and Ethics and Governance Guidelines

Our Board of Directors has adopted (a) a Code of Business Conduct and Ethics and (b) Corporate Governance Guidelines that apply to our directors, officers and employees. Copies of these documents and the committee charters are available on our website at www.sallybeautyholdings.com and are available in print to any person, without charge, upon written request to our Vice President of Investor Relations. We intend to disclose on our website any substantive amendment to, or waiver from, a provision of the Code of Business Conduct and Ethics that applies to our principal executive officer, our principal financial officer, our principal accounting officer or persons performing similar functions. We have not incorporated by reference into this Proxy Statement the information included on or linked from our website, and you should not consider it to be part of this Proxy Statement.

Director Independence

Our Board of Directors is comprised of one management director, Mr. Winterhalter, who is our President and CEO, and ten non-management directors. Three of our non-management directors (Chairman Berges and Messrs. Giuriceo and Schnall) are affiliated with Clayton, Dubilier & Rice, LLC, affiliates of which manage CDRS Acquisition LLC, which we refer to as CDRS, and CD&R Parallel Fund VII, L.P., which we refer to as Parallel Fund, and which we refer to together with CDRS as the CDR Investors, the beneficial owners of approximately 35% of our Common Stock. Under the Corporate Governance Guidelines, our directors are deemed independent if the Board has

made an affirmative determination that such director has no material relationship with us (either

Table of Contents

directly or as a partner, stockholder or officer of an organization that has a relationship with us). Our Board of Directors has affirmatively determined that directors Affeldt, Eisenberg, Miller, McMaster, Metcalfe, Miller, and Rabin satisfy the independence requirements of our Corporate Governance Guidelines, as well as the NYSE relating to directors. In addition, our Board of Directors has affirmatively determined that Messrs. Eisenberg, Miller, McMaster and Metcalfe are also "independent" under the SEC's standards for independent audit committee members, as discussed below. As part of its annual evaluation of director independence, the Board examined (among other things) whether any transactions or relationships exist currently (or existed during the past three years), between each independent director and us, our subsidiaries, affiliates, equity investors, or independent auditors and the nature of those relationships under the relevant NYSE and SEC standards. The Board also examined whether there are (or have been within the past year) any transactions or relationships between each independent director and members of the senior management of Sally Beauty Holdings, Inc. or its affiliates, including the transactions described below under "Certain Relationships and Related Party Transactions – Notes Held by Affiliate of Director." As a result of this evaluation, the Board has affirmatively determined that directors Affeldt, Eisenberg, Miller, McMaster, Metcalfe, Miller, and Rabin are independent under those criteria.

Nomination of Directors

The Board of Directors is responsible for nominating directors for election by our stockholders and filling any vacancies on the Board of Directors that may occur. The Nominating and Corporate Governance Committee is responsible for identifying individuals it believes are qualified to become members of the Board of Directors. In accordance with our Third Amended and Restated By-Laws, CDRS has the right to nominate a certain number of directors in proportion to its and its affiliates' ownership of specified percentages of our Common Stock. We anticipate that the Nominating and Corporate Governance Committee will consider recommendations for director nominees from a wide variety of sources, including other members of the Board of Directors, management, stockholders and, if deemed appropriate, from professional search firms. The Nominating and Corporate Governance Committee will take into account the applicable requirements for directors under the Securities Exchange Act of 1934, as amended, or the Exchange Act, and the listing standards of the NYSE. In addition, we anticipate that the Nominating and Corporate Governance Committee may take into consideration such other factors and criteria as it deems appropriate in evaluating a candidate, including such candidate's judgment, skill, integrity, and business and other experience.

Stockholder Recommendations or Nominations for Director Candidates

Our Corporate Governance Guidelines provide that our Nominating and Corporate Governance Committee will accept for consideration submissions from stockholders of recommendations for the nomination of directors. Acceptance of a recommendation for consideration does not imply that the Nominating and Corporate Governance Committee will nominate the recommended candidate. Director nominations by a stockholder or group of stockholders for consideration by our stockholders at our annual meeting of stockholders, or at a special meeting of our stockholders that includes on its agenda the election of one or more directors, may only be made pursuant to Section 1.06 of our Third Amended and Restated By-laws or as otherwise provided by law. Nominations pursuant to the Third Amended and Restated By-laws are made by delivering to our Secretary, within the time frame described in the Third Amended and Restated By-laws, all of the materials and information that the Third Amended and Restated By-laws require for director nominations by stockholders. All notices of intent to make a nomination for election as a director shall be accompanied by the written consent of each nominee to serve as a director.

Stockholders wishing to recommend or nominate a director must provide a written notice to our Corporate Secretary that includes, among other information required to be provided by our Third

Table of Contents

Amended and Restated By-Laws, a) the name, age, business address and residence address of the nominee(s), b) the principal occupation or employment of the nominee(s), c) the class or series and number of shares of Common Stock which are owned beneficially or of record by the nominee(s), d) a description of all arrangements or understandings between the stockholder and the nominee(s) pursuant to which nominations are to be made by the stockholder, and e) any other information relating to the nominee(s) that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to Section 14 of the Exchange Act. No person shall be eligible to serve as a director of the Corporation unless nominated in accordance with the procedures set forth in Section 1.06 of our Third Amended and Restated By-laws and any nominee proposed by a stockholder not nominated in accordance with Section 1.06 shall not be considered or acted upon for execution at such meeting. Stockholders' notice for any proposals requested to be included in the Corporation's Proxy Statement pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended (including director nominations), must be made in accordance with that rule.

Director Qualifications

In order to be recommended by the Nominating and Corporate Governance Committee, subject to the provisions of the stockholders agreement, our Corporate Governance Guidelines require that each candidate for director must, at a minimum, have integrity, be committed to act in the best interest of all of our stockholders, and be able and willing to devote the required amount of time to our affairs, including attendance at Board of Director meetings. In addition, the candidate cannot jeopardize the independence of a majority of the Board of Directors.

Our qualification guidelines also provide that each candidate should preferably also have the following qualifications: business experience, demonstrated leadership skills, experience on other boards and skill sets that add to the value of our business.

Mandatory Retirement Age

Pursuant to our Corporate Governance Guidelines, it is the policy of the Board that no non-management director should serve for more than 15 years in that capacity or beyond the age of 72. On July 22, 2010, the Board amended our Corporate Governance Guidelines to provide that the Board may request that a director who would otherwise be due to retire be requested to continue service if the Board deems such service to be in the best interest of our stockholders.

Directors Who Change Their Present Job Responsibility

Pursuant to our Corporate Governance Guidelines, a director who experiences a significant change in job responsibilities or assignment will be required to submit a resignation to the Board. The remaining directors, upon the recommendation of the Nominating and Corporate Governance Committee, will then determine the appropriateness of continued Board membership.

Stockholder-Director Communications

Stockholders and other interested parties may contact any member (or all members) of our Board (including the non-management directors as a group, the presiding non-management director, any Board committee or any chair of any such committee) by addressing written correspondence to the attention of our General Counsel at 3001 Colorado Boulevard, Denton, Texas 76210. Our General Counsel's office will open all communications received for the sole purpose of determining whether the contents represent a message to our directors. Any contents that legitimately relate to our business and operations and that are not in the nature of advertising, promotions of a product or service, patently

Table of Contents

offensive material, charitable requests, repetitive materials, or designed to promote a political or similar agenda will be forwarded promptly to the addressee.

Self-Evaluation

The Nominating and Corporate Governance Committee will conduct a self-evaluation of the Board each year to determine whether the Board and its committees are functioning effectively. In addition, each committee of the Board conducts a self-evaluation each year and reports its findings to the Board.

Board Meetings and Attendance

Pursuant to our Corporate Governance Guidelines, our directors are expected to:

regularly attend meetings of the Board and the committees of which they are members (as well as each annual meeting of stockholders);

spend the time needed to properly discharge their responsibilities;

with respect to our non-management directors, meet at regularly scheduled executive sessions in which management does not participate;

with respect to our independent directors, meet at least once a year in an executive session without management (for these sessions, the chairmanship of each session is determined on a rotating basis from among the chairs of the Audit, Compensation and Nominating and Corporate Governance Committees).

In fiscal 2011, our Board of Directors met six times, our Audit Committee met five times, our Compensation Committee met five times, our Finance Committee met five times, and our Nominating and Corporate Governance Committee met four times. Our independent directors met in executive session four times and the non-management directors met four times. During fiscal 2011, each of our incumbent directors attended at least 75% percent of the total number of meetings of the Board and each committee on which he or she served (during his or her service on such committee). In 2011, all eleven members of the Board attended the Corporation's annual meeting of stockholders.

Board Leadership Structure

Our Board is led by the Chairman, Mr. Berges, a partner at Clayton, Dubilier & Rice, LLC and an affiliate of our largest stockholder. The Board has determined that selecting Mr. Berges as Chairman is in the Corporation's best interests because it aligns the leadership of the Board with the interests of our stockholders. The Board is aware of the potential conflicts that may arise when a representative of our largest stockholder chairs the Board, but believes these conflicts are offset by existing safeguards which include regular meetings of the independent directors in executive session without the presence of stockholders or management and the fact that the membership of the Audit, Compensation and Nominating and Corporate Governance Committees of the Board is made up entirely of independent directors. These committees provide regular monitoring and an unbiased analysis of various activities of the Board. Specific committee assignments are proposed by the Nominating and Corporate Governance Committee in consultation with the chair of each committee and with the consent of the member, and then submitted to the full Board for approval.

Board's Role in the Risk Management Process

Edgar Filing: Sally Beauty Holdings, Inc. - Form DEF 14A

The Board's role in the risk management process is to understand and oversee the Corporation's strategic plans, the associated risks and the steps that senior management is taking to manage and mitigate those risks. To ensure proper oversight of the risk management process, the Audit Committee outlines our risk principles and management framework and sets high level strategy and risk tolerances.

Table of Contents

Our risk profile is managed by our Vice President of Internal Audit, an officer appointed by and reporting to the Chairman of the Audit Committee. The Vice President of Internal Audit meets at least quarterly in executive session with the Audit Committee, and conducts an annual Enterprise Risk Assessment for the Corporation. This assessment is then presented to the Audit Committee (for development of action items and responsible parties for oversight), the full Board (for information) and the Nominating and Corporate Governance Committee (to ensure appropriate Board oversight of the identified risks). This approach is designed to enable the Board and management to establish a mutual understanding of the Corporation's risk management practices and capabilities, to review the Corporation's risk exposure and to elevate certain key risks for discussion at the Board level. The Board also meets regularly in executive session without management to discuss a variety of topics, including risk management. Through this system of checks and balances, the Board is able to monitor our risk profile and risk management activities on an ongoing basis. Certain officers who report to the Chief Financial Officer also monitor various financial risks which adds to the Corporation's overall risk management strategy.

Compensation Risk Assessment

The Compensation Committee has reviewed with management the design and operation of our incentive compensation arrangements, including the performance objectives and target levels used in connection with incentive awards, for the purpose of assuring that these arrangements do not provide our executives or employees with incentive to engage in business activities or other behavior that would impose unnecessary or excessive risk to the value of the Corporation or the investments of our stockholders. The Compensation Committee considered compensation programs that apply to employees at all levels. This risk assessment process included an assessment of the impact of the Corporation's compensation programs on identified primary business risks (using our annual enterprise risk assessment as a framework) and an analysis of whether and how our compensation programs support, or provide risks to, our corporate strategy. In addition, the Compensation Committee considered the presence of significant risk mitigation factors inherent in our compensation program, such as those described on page 28 under "Management of Compensation-Related Risk."

Based on the foregoing, the Compensation Committee concluded that the Corporation's compensation plans, programs and policies do not create incentives that encourage employees to take risks that are reasonably likely to have a material adverse effect on the Corporation. We believe that our incentive compensation plans, policies and practices provide appropriate incentives for behaviors that are within the Corporation's ability to effectively identify and manage significant risks, are compatible with effective internal controls and our risk management practices and are supported by the oversight and administration of the Compensation Committee with regard to executive compensation programs.

Compensation Recoupment Policy

The Corporation has adopted a compensation recoupment policy that complies with and goes beyond the parameters described in Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act). Consistent with the Dodd-Frank Act, in the event that we are required to prepare an accounting restatement due to material noncompliance with financial reporting requirements under the U.S. securities laws, we will seek to recover from any current or former executive officer incentive-based compensation (including equity compensation) received during the three-year period preceding the date on which the accounting restatement was required to be made. The amount to be recovered is the excess of the amount paid calculated by reference to the erroneous data, over the amount that would have been paid to the executive officer calculated using the corrected accounting statement data. This compensation recovery would be applied regardless of whether the executive officer engaged in misconduct or otherwise caused or contributed to the requirement for the restatement.

Table of Contents

In addition to the above-described recoupment specified by the Dodd-Frank Act, our policy also requires the Corporation, to the extent permitted by governing law, to seek reimbursement of non-equity incentive compensation paid to any current or former employee after January 1, 2011, where: A) (i) the payment was predicated upon the achievement of specified financial results; (ii) such financial results were subsequently the subject of a restatement or other material adjustment, (iii) in the Compensation Committee's view the person engaged in misconduct that caused or contributed to the need for the restatement or material adjustment, and (iv) a lower payment would have been made to the person based upon the correct financial results; or B) where such employee commits an act of embezzlement, fraud or theft with respect to the property of the Corporation. In each such instance, the Corporation will seek to recover the person's entire non-equity incentive compensation payment (not just the excess amount earned based on erroneous data) paid during the 12-month period preceding the Compensation Committee's determination that the person engaged in misconduct.

Committees of the Board of Directors

Pursuant to the Third Amended and Restated By-laws, our Board of Directors has established the following committees:

Audit Committee;

Compensation Committee;

Nominating and Corporate Governance Committee;

Finance Committee; and

Executive Committee.

The function of each committee is described below.

Each committee, pursuant to its charter adopted by the Board of Directors, consists of four members, of whom up to two are, and shall be, CDRS designees and at least two shall be, and are, non-CDRS designees. A CDRS designee is entitled under the stockholders agreement to chair the Compensation Committee, the Nominating and Corporate Governance Committee and the Finance Committee, and a non-CDRS designee is entitled to chair the Audit Committee and the Executive Committee.

Audit Committee. The Audit Committee consists of Mr. McMaster (chair), Mr. Eisenberg, Mr. Metcalfe and Mr. Miller. The Board has determined that each member of the Audit Committee is financially literate, that each member of the Audit Committee meets the independence requirements of the NYSE and Rule 10A-3 of the Exchange Act and that Mr. Eisenberg, Mr. McMaster and Mr. Miller each qualify as an "audit committee financial expert" under SEC rules.

The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities for:

the integrity of our financial statements;

our compliance with legal and regulatory requirements;

the independent auditor's qualifications and independence; and

the performance of our internal audit function and independent auditors.

Pre-Approval Policy. The Audit Committee has established an Audit and Non-Audit Services Pre-Approval Policy to pre-approve all permissible audit and non-audit services provided by our independent auditors. We expect that on an annual basis, the Audit Committee will review and provide pre-approval for certain types of services that may be rendered by the independent auditors, together with a budget for the applicable fiscal year. The policy also requires the pre-approval of any fees that

Edgar Filing: Sally Beauty Holdings, Inc. - Form DEF 14A

Table of Contents

are in excess of the amount budgeted by the Audit Committee. The policy contains a provision delegating limited pre-approval authority to the chairman of the Audit Committee in instances when pre-approval is needed prior to a scheduled Audit Committee meeting. The chairman of the Audit Committee is required to report on such pre-approvals at the next scheduled Audit Committee meeting.

The Audit Committee is governed by the Audit Committee charter, which was adopted by the Transactions Committee of the Board of Directors on November 16, 2006 and ratified, as amended, by the full Board of Directors on December 5, 2006 and on April 23, 2009. A copy of this charter is available on the corporate governance section of our website and is available in print to any person, without charge, upon written request to our Vice President of Investor Relations.

Compensation Committee. The Compensation Committee is composed of members who are considered independent under the independence requirements of the NYSE. The purpose of the Compensation Committee is to, among other things:

review and approve corporate goals and objectives relevant to CEO compensation and evaluate the CEO's performance in light of those goals and objectives;

determine and approve the CEO's compensation level based on this evaluation;

approve compensation of other executive officers;

review and recommend to the Board of Directors equity-based incentive compensation plans in which executive officers will participate; and

prepare the reports and analysis on executive compensation, which are required to be included in our annual proxy statements.

The Compensation Committee's processes for fulfilling its responsibilities and duties with respect to executive compensation and the role of our executive officers and management in the compensation process are each described under "Compensation Discussion and Analysis Process for Determining Executive Compensation" beginning on page 23 of this Proxy Statement.

The Compensation Committee is governed by the Compensation Committee charter, which was adopted by the Transactions Committee of the Board of Directors on November 16, 2006 and ratified, as amended, by the full Board of Directors on December 5, 2006. A copy of this charter is available on the corporate governance section of our website and is available in print to any person, without charge, upon written request to our Vice President of Investor Relations.

Pursuant to its charter, the Compensation Committee may retain such compensation consultants, outside counsel and other advisors as it may deem appropriate in its sole discretion and it has the sole authority to approve related fees and other retention terms. As described in greater detail in "Compensation Discussion and Analysis Process for Determining Executive Compensation" beginning on page 28 of this Proxy Statement, the Compensation Committee engages an independent executive compensation consultant, Frederic W. Cook & Co., Inc., or Cook, to assist it in its review of our management compensation levels and programs to ensure that our executive compensation program is commensurate with those of public companies similar in size and scope to us. During its engagement, Cook has participated in meetings of the Compensation Committee and advised it with respect to compensation trends and practices, plan design and the reasonableness of individual awards. Cook has not performed any services for our management.

The Compensation Committee consists of Ms. Affeldt (chair), Mr. Eisenberg, Ms. Miller and Mr. Rabin.

Director Indemnification Agreements

On December 5, 2006, our Board of Directors approved and authorized us to enter into an indemnification agreement with each member of the Board, including Mr. Winterhalter. The indemnification agreement is intended to provide directors with the maximum protection available under applicable law in connection with their services to us.

Each indemnification agreement provides, among other things, that subject to the procedures set forth therein, we will, to the fullest extent permitted by applicable law, indemnify an indemnitee if, by reason of such indemnitee's corporate status as a director, such indemnitee incurs any losses, liabilities, judgments, fines, penalties or amounts paid in settlement in connection with any threatened, pending or completed proceeding, whether of a civil, criminal administrative or investigative nature. In addition, each indemnification agreement provides for the advancement of expenses incurred by an indemnitee, subject to certain exceptions, in connection with any proceeding covered by the indemnification agreement. Each indemnification agreement also requires that we cover an indemnitee under liability insurance available to any of our directors, officers or employees. On October 22, 2009, our Board of

Directors approved and authorized us to enter into amended and restated forms of this indemnification agreement designed to ensure that our indemnification obligations under these agreements will be primary for all claims against our directors.

No Material Proceedings

As of November 15, 2011, there are no material proceedings to which any of our directors, executive officers or affiliates, or any owner of record or beneficially of more than five percent of our Common Stock (or their associates) is a party adverse to us or has a material interest adverse to us.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

No member of our current Compensation Committee is or has been one of our officers or employees or has had any relationship requiring disclosure under SEC rules. In addition, during fiscal 2011, none of our executive officers served as:

a member of the compensation committee (or other board committee performing similar functions or, in the absence of any such committee, the entire board of directors) of another corporation, one of whose executive officers served on the Compensation Committee;

a director of another corporation, one of whose executive officers served on the Compensation Committee; or

a member of the compensation committee (or other board committee performing similar functions or, in the absence of such committee, the entire board of directors) of another corporation, one of whose executive officers served as one of our directors.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Statement of Policy with respect to Related Party Transactions

Our Board of Directors recognizes that related party transactions present a heightened risk of conflicts of interest and/or improper valuation (or the perception thereof) and therefore adopted a Statement of Policy with respect to Related Party Transactions. Under this policy, a "related party transaction" is defined as a transaction between us and any senior officer, director, a stockholder owning in excess of 5% of our Common Stock, a person who is an immediate family member of a senior officer or director, or an entity owned or controlled by any such person, other than 1) transactions available to all employees generally or 2) transactions involving less than \$5,000 when aggregated with all similar transactions. Under this policy, any related party transaction must be approved by the relevant body (as described below) and disclosed to our stockholders. If the proposed transaction is not an employment arrangement, the transaction must be approved by either a) the Audit Committee of our Board of Directors, if the transaction is on terms comparable to those that could be obtained in arm's length dealing with an unrelated third party or b) the disinterested members of our Board of Directors. If the transaction is an employment arrangement, the proposed transaction must be approved by the Compensation Committee. In approving, ratifying or rejecting a related party transaction or relationship, the relevant body considers whether the transaction is on terms comparable to those that could be obtained in arm's length dealings with an unrelated third party. Transactions and relationships that are determined to be related party transactions are disclosed in the Corporation's proxy statement. The transactions described below were approved in accordance with our policy. A copy of our Statement of Policy with respect to Related Party Transactions is available on the corporate governance section of our website and is available in print to any person, without charge, upon written request to our Vice President of Investor Relations.

Stockholders Agreement

On November 16, 2006, we separated from the Alberto-Culver Company and became an independent company traded on the NYSE. Our separation from Alberto-Culver and its consumer products-focused business was pursuant to an investment agreement, dated as of June 19, 2006, as amended, among us, Alberto-Culver, CDRS and others. In connection with our separation from Alberto-Culver, the CDR Investors, invested an aggregate of \$575 million in cash equity, representing ownership subsequent to the separation of approximately 47% of the outstanding shares of our Common Stock on an undiluted basis. The CDR Investors currently hold approximately 35% of the outstanding shares of our Common Stock on an undiluted basis.

On November 16, 2006, in connection with our separation from Alberto-Culver, we, the CDR Investors, Mrs. Carol L. Bernick, Mr. Leonard H. Lavin and certain of our other stockholders, whom we refer to collectively as the Lavin family stockholders, entered into a stockholders agreement. The stockholders agreement provides that until the earlier of November 16, 2016 and the termination of the stockholders agreement, so long as the ownership percentage of the CDR Investors' and their affiliates' and their permitted transferees' shares of our Common Stock in the aggregate equals or exceeds the percentages set forth in the table below, CDRS will have the right to designate for nomination to our Board of Directors, a number of individuals, whom we refer to as CDRS designees, set forth opposite the applicable percentage:

Ownership Percentage	Number of Investor Designees
45% or greater	five individuals
less than 45% but equal to or greater than 35%	four individuals
less than 35% but equal to or greater than 25%	three individuals
less than 25% but equal to or greater than 15%	two individuals
less than 15% but equal to or greater than 5%	one individual

Table of Contents

In addition, the stockholders agreement provides that:

until the earlier of November 16, 2016 and the termination of the stockholders agreement, the CDRS designees who are members of the Nominating and Corporate Governance Committee of our Board of Directors (or if none remain, the remaining CDRS designees) will have the right to designate for nomination or appointment to our Board of Directors the individual to replace any CDRS designee upon his or her death, retirement, disqualification or removal (other than removal for cause) so long as CDRS has the right to designate such a member of our Board of Directors under the ownership percentages described above;

our Board of Directors will have an Audit Committee, Compensation Committee, Nominating and Corporate Governance Committee, Executive Committee and Finance Committee, each of which will have four members, at least two of whom will be CDRS designees;

each of the members of our Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee will be independent of us under the rules of the NYSE; and

a CDRS designee will chair our Compensation Committee, Nominating and Corporate Governance Committee and Finance Committee and all other committees will be chaired by a non-CDRS designee.

The governance provisions of the stockholders agreement will terminate upon the earlier to occur of November 16, 2016 and the date of termination of the stockholders agreement.

The stockholders agreement also contains certain restrictions on the ability of CDRS to dispose of their shares of our Common Stock. In addition, in connection with the separation transactions, CDRS and the Lavin family stockholders agreed to certain restrictions on their ability to acquire shares of our Common Stock.

Letter Agreement with Clayton, Dubilier & Rice, LLC.

We are party to an amended and restated letter agreement with Clayton, Dubilier & Rice, LLC, dated as of February 24, 2010, which we refer to as the CD&R letter agreement, pursuant to which we pay Clayton, Dubilier & Rice, LLC \$37,500 per calendar quarter for each of its professional employees who is designated by CDRS to serve on our Board. In addition, pursuant to the CD&R letter agreement, such designees will receive reimbursement for travel and other out-of-pocket expenses in the same manner as other directors except that to the extent that the CDRS designees will be entitled to up to an aggregate of \$150,000 per calendar year as reimbursement for actual private air travel expenses in lieu of any reimbursement based on the cost of commercial air travel. In consideration for these payments, Clayton, Dubilier & Rice, LLC has waived, on behalf of such designees to the Board, any right to the payment of other compensation for such person's service as a director.

Under the CD&R letter agreement, we pay \$37,500 per calendar quarter to CD&R for each employee of CD&R designated by CDRS to serve on our Board of Directors. In consideration for these payments, CD&R has waived, on behalf of the CDRS designees to our Board of Directors, any right to the payment of other compensation for each such person's service as a director.

On October 19, 2010, each director received 6,145 restricted stock units, which stock award had a grant date fair value equal to approximately \$70,000. As of September 30, 2011, each director, other than Messrs. Berges, Giuriceo, Schnall and Winterhalter, beneficially owned 44,836 restricted stock units which were vested but not yet delivered in shares.
- (5) None of the directors received a stock option grant in fiscal 2011. As of September 30, 2011, each director, other than Messrs. Berges, Giuriceo, Schnall and Winterhalter, had 19,055 option awards outstanding.

Narrative Discussion of Director Compensation Table

The following is a narrative discussion of the material factors which we believe are necessary to understand the information disclosed in the Director Compensation Table.

Table of Contents

Cash Compensation

In fiscal 2011 and pursuant to the Sally Beauty Holdings, Inc. Independent Director Compensation Policy, which we refer to as our Director Compensation Policy, our non-employee directors who are not affiliated with CD&R (currently Directors Affeldt, Eisenberg, McMaster, Metcalfe, Miller, Miller and Rabin), whom we refer to generally as our independent directors, each received an annual cash retainer of \$35,000, payable in advance in four quarterly installments. For in-person Board or committee meetings during our 2011 fiscal year, each independent director in attendance received \$2,000 per meeting. For telephonic Board or committee meetings for which minutes were kept during our 2011 fiscal year, each independent director in attendance received \$1,000 per meeting. During fiscal 2011, additional annual cash retainers were paid to each independent director who served as chairperson of the Audit Committee (Mr. McMaster), Compensation Committee (Ms. Affeldt), or the Nominating and Corporate Governance Committee (Mr. Metcalfe). This additional retainer was payable in advance in quarterly installments, in the following annualized amounts:

Audit Committee	\$ 17,500
Compensation Committee	\$ 7,500
Nominating & Corporate Governance Committee	\$ 5,000
Finance Committee	\$ 5,000

Equity-Based Compensation

Pursuant to our Director Compensation Policy, upon the appointment or election of a new independent director to the Board, the independent director receives an initial grant of options to purchase shares of our Common Stock, granted under the Sally Beauty Holdings, Inc. 2010 Omnibus Incentive Plan, which we refer to as the 2010 Omnibus Plan. These options have a grant date present value equal to \$70,000, and an exercise price per share equal to the closing price for our Common Stock on the NYSE on the grant date. The options become exercisable in four equal annual installments beginning on the day before the first anniversary of the grant date and have a ten-year maximum term. None of the directors received this stock option grant in fiscal 2011.

Each independent director is granted an annual equity-based retainer award with a value at the time of issuance of approximately \$70,000. Such award is normally made at the first meeting of our Board each fiscal year in the form of restricted stock units, which we refer to as RSUs, in accordance with the 2010 Omnibus Plan, which vest on the last day of such fiscal year. Independent directors whose service on our Board begins after the start of a fiscal year receive a grant of RSUs that is pro-rated to reflect the number of days remaining in such fiscal year. Upon vesting, such RSUs are retained by us as deferred stock units that are not distributed until six months after the independent director's service as a director terminates.

On October 19, 2010, our independent directors each received a grant of 6,145 RSUs pursuant to the 2010 Omnibus Plan. Such RSUs vested on September 30, 2011, but are retained by us as deferred stock units that are not to be distributed until six months after the independent director's service as a director terminates.

Travel Expense Reimbursement

Each of our independent directors is entitled to reimbursement for reasonable travel expenses properly incurred in connection with his or her functions and duties as a director. With respect to air travel, reimbursements are limited to the cost of first-class commercial airline tickets for the trip. In addition, pursuant to the CD&R letter agreement, the CDRS designees to our Board (Messrs. Berges, Giuriceo and Schnall) received reimbursement for travel and other out-of-pocket expenses in the same manner as our independent directors, except that these three CDRS designees are entitled to up to

\$150,000 in the aggregate per calendar year as reimbursement for actual private air travel expenses in lieu of any reimbursement based on the cost of commercial air travel.

2011 Executive Compensation Highlights

In view of our strong financial performance during fiscal 2011, as well as our other business accomplishments (as described above) our named executive officers received cash bonuses at 200% of target, reflecting the achievement of 3 out of 3 specified performance goals

We increased base salaries for our named executive officers by an average of 5.9% to maintain our target market percentile level.

We awarded our named executive officers service-based stock options in amounts consistent with our historical practices and granted restricted stock to four named executive officers as special retention awards. The value of our stock from the date of the 2010 grants to the date of the 2011 grants increased by \$3.97 per share, which resulted in a corresponding increase in the grant date values of the equity awards, year over year, due to our use of fixed share guidelines for the equity awards.

Table of Contents**Executive Compensation Elements**

Our executive compensation program consists of the following primary components:

Type	Form of Compensation	Terms
Cash	Salary	Provides competitive level of fixed compensation; reviewed annually
	Annual Incentive	Earned, based on attainment of Corporation financial and operational goals, with limited potential adjustment for individual performance
Equity	Annual grants of service-based stock options Periodic grants of service-based restricted stock awards	Generally vest in increments of 25% per year Alignment with shareholder interests and attraction and retention of named executive officers
Severance Benefits	1.99 to 2.99 times base salary and average bonus, plus 24 months medical and welfare benefits	Payable only upon involuntary termination within 2 years after a change in control, with no gross-up for taxes. CEO only is entitled to lesser termination payments upon involuntary termination absent a change in control.
Other Employee Benefits	401(k), health and welfare plans	Receive the same employee benefit as all employees
	Perquisites	Annual executive physical

We believe our compensation program provides a balanced and stable foundation for achieving our intended objectives. Our compensation philosophy emphasizes team effort, which we believe fosters rapid adjustment and adaptation to fast-changing market conditions and helps to not only achieve our short-term and long-term goals, but also aligns the interests of our management team with those of the Corporation and our stockholders.

2011 Compensation Governance Highlights

We endeavor to maintain good governance standards including with respect to the oversight of our executive compensation policies and practices. The following policies and practices were in effect during fiscal 2011:

The Compensation Committee is composed solely of independent directors who have established channels to communicate with stockholders regarding their executive compensation ideas and concerns.

The Compensation Committee's independent compensation consultant, Frederic W. Cook & Co., Inc., is retained directly by the Committee and performs no other consulting or other services for us.

The Compensation Committee conducts an annual review and approval of our compensation strategy, including a review of our compensation-related risk profile to assure that compensation-related risks are not reasonably likely to have a material adverse effect on the Corporation.

The Committee has adopted a compensation recoupment or "clawback" policy that complies with and goes beyond the parameters described in Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act), requiring current and former executives to return incentive compensation that is subsequently determined not to have been earned.

Table of Contents

We have meaningful stock ownership and retention guidelines for our executive officers, including the named executive officers. As of October 26, 2011, each of the named executive officers had satisfied his individual stock ownership level.

We do not provide tax gross ups or "single trigger" change-in-control severance benefits. Our equity plans provide for "double trigger" change-in-control vesting for awards assumed by the surviving company.

Our Board has adopted a policy prohibiting all employees and directors from engaging in any hedging transactions with respect to the Corporation's stock.

Our named executive officers participate in the same benefit programs at the same cost as other salaried employees, and receive only minimal perquisites, consisting primarily of reimbursement for an annual physical.

Philosophy/Objectives of Executive Compensation

Our Compensation Committee has developed the following set of objectives to guide the design of our executive officer compensation plans and practices, including those for our named executive officers. The Compensation Committee considers these objectives when making decisions regarding the forms, mix and amounts of compensation paid to our executive officers:

Attract, motivate and retain highly qualified individuals. To assure that our compensation arrangements remain competitive with the compensation paid by other employers who compete with us for talent, the Compensation Committee considers peer group information as a point of reference. In fiscal 2011, we targeted our compensation program to provide total direct compensation opportunities for our named executive officers at between the median and the 75th percentile of our peer group. The Compensation Committee uses its discretion to vary executive officer pay within the targeted range and from the targeted range based on various factors, such as an executive officer's performance, responsibilities, experience and expected future contributions.

Align the interests of our executive officers more closely with those of our stockholders. The compensation program for our executives is weighted toward performance-based compensation, with base salary being the only component of an executive officer's direct compensation that is fixed each year. Other components, including annual bonus and long-term incentive compensation, are subject to the achievement of financial and strategic business objectives and/or increases in stock price. The Compensation Committee believes this performance-driven compensation will promote our long-term success and maximize stockholder returns.

Manage risk by balancing the time horizon of incentive compensation. Our compensation program is balanced between short- and long-term performance objectives, but always with a view to achieving long-term value for our stockholders. This structure, together with our compensation recoupment policy, encourages and rewards sustained superior performance.

Table of Contents

Internal Equity

Internal equity is one factor of many that the Compensation Committee considers in establishing compensation for our executives. While there is no formal policy, the Compensation Committee reviews compensation levels to ensure that appropriate equity exists. The differences in compensation levels among our named executive officers reflect the significant variations in their relative responsibilities. The CEO's responsibilities for management and oversight of a global enterprise are significantly higher than those of our other named executive officers. As a result, the pay level for our CEO is commensurately higher than the pay for other officer positions.

Management of Compensation-Related Risk

We have designed our compensation programs to avoid excessive risk-taking. The following are some of the features of our program designed to help us appropriately manage business risk:

Diversification of incentive-related risk by employing a variety of performance measures;

A balanced weighting of the various performance measures, to avoid excessive attention on achievement of one measure over another;

An assortment of vehicles for delivering compensation, including cash and equity based incentives with different time horizons, to focus our executives on specific objectives that help us achieve our business plan and create an alignment with long-term shareholder interests;

A compensation recoupment policy, as described on page 14;

Standardized equity grant procedures; and

Stock ownership and retention guidelines applicable to all executive officers.

Processes for Determining Executive Compensation

The Compensation Committee continues to review each element of our executive compensation program, and the methods for determining the types and amounts of compensation, to assure that they help us meet our compensation philosophy and objectives. The Compensation Committee receives input from an independent compensation consultant as well as from members of management, as discussed below.

Role of Independent Compensation Consultant

The Compensation Committee retained the services of an independent consultant, Frederic W. Cook & Co., Inc. (Cook), to assist in its review of our management compensation levels and programs. As part of this engagement, Cook assisted the Compensation Committee in the design of our current compensation program for executives, and continues to advise the Compensation Committee on the program. The Compensation Committee has directly engaged Cook to assist with these same services for fiscal 2011, based on Cook's experience, expertise and familiarity with our company. Cook does not provide any services to our management, and does not provide any service to us, other than with respect to its role as the Compensation Committee's executive compensation consultant.

Table of Contents

Market Data/Benchmarking

Cook assisted the Compensation Committee in benchmarking our compensation arrangements and aggregate equity compensation practices against public companies similar in size and scope to our company. Cook obtained proxy data from the peer companies described below, as well as comparative compensation surveys of general industrial companies.

The following 13 specialty retail companies comprised our peer group for fiscal 2011, which we refer to as our "peer companies" or "peer group:"

Advance Auto Parts, Inc.	Jo-Ann Stores, Inc.	Stage Stores, Inc.
Dick's Sporting Goods, Inc.	O'Reilly Automotive, Inc.	Stein Mart, Inc.
Dollar Tree Stores, Inc.	PetSmart, Inc.	Tractor Supply Company
Family Dollar Stores, Inc.	The Sherwin Williams Company	Williams-Sonoma, Inc.
Fred's, Inc.		

The Compensation Committee most recently selected the companies in the peer group in 2010, after reviewing data on retail companies (including financial metrics, line-of-business, stock performance and employee count for each respective company) and considering several criteria, including the comparability of specialty retailers and the volatility and maturity of potential peers. Based on this review, five peer companies were retained and the following companies were deleted from the peer group due to differences in size and/or business model: American Eagle Outfitters, Inc., Charming Shoppes, Inc., GameStop Corp., Rent-A-Center, Inc., Retail Ventures, Inc., The Talbots, Inc., and Zale Corporation. In terms of size, our revenues and our market capitalization were between the 25th percentile and median of these peer companies.

Role of Management

The Compensation Committee also considers the views and insights of our management, including our executive officers, in making compensation decisions. In particular, Mr. Winterhalter recommends to the Compensation Committee the base pay levels and individual compensation targets for each executive officer (other than himself) based on each executive's experience, as well as Mr. Winterhalter's view as to the strategic importance of that executive's role, knowledge and performance. Mr. Winterhalter's unique insight into our business and day-to-day interaction with our senior executives provides a valuable resource to the Compensation Committee with respect to our executive compensation programs. In addition, the Compensation Committee relied on recommendations made by Mr. Winterhalter and our Chief Financial Officer in selecting the performance metrics and targets for fiscal 2011 annual incentive compensation awards.

Our Chairman of the Board, our CEO and other members of management generally attend Compensation Committee meetings to provide input on executive contributions, but no member of management participates in discussions with the Compensation Committee concerning his or her own compensation. The Compensation Committee also works closely with our internal legal, human resources, and finance personnel in establishing and monitoring our compensation programs. Our Chief Financial Officer provides the Compensation Committee with input on our financial performance and operational issues, and our General Counsel and Deputy General Counsel provide input to the Compensation Committee regarding compliance with the laws and regulations applicable to executive compensation.

In addition, the Chair of our Compensation Committee has significant professional experience in human resources and management of professionals, and all of our committee members have significant experience with regard to the oversight of executive compensation practices of large publicly-traded

companies. The Compensation Committee believes that this experience provides these individuals with a solid frame of reference within which to evaluate our executive compensation programs and practices.

Total Compensation Review

As part of its process for determining the amount and mix of total compensation to be paid to our executive officers in fiscal 2011, the Compensation Committee reviewed tally sheets prepared by management containing information for each executive officer regarding, among other things:

compensation for the last four fiscal years;

length of service with us;

the types and amounts of long-term incentive awards granted in the previous three fiscal years;

the types and amounts of our equity securities, both vested and unvested, owned as of the end of the most recently completed fiscal year;

the proceeds realized from option exercises since our separation from Alberto-Culver;

perquisites and other compensation paid in the previous fiscal year; and

the severance and other payments that he or she would receive upon the occurrence of certain events, taking into account the proposed compensation to be paid to such executive officer for the new fiscal year.

The Compensation Committee believes that this comprehensive annual review is important to an understanding of the total compensation paid and, in certain circumstances, payable to, our executive officers. The Compensation Committee uses these reports to test whether the various forms, targets, mix, and amounts of compensation paid and payable to our executive officers remain consistent with our compensation objectives. Based on its review for fiscal 2011, the Committee believes that the overall compensation of our executive officers was in line with the philosophy and objectives set forth above.

The Compensation Committee strives to make decisions on each element of executive compensation within the context of an officer's entire compensation package, meaning that a decision on one pay element (such as base salary) impacts decisions made on other pay elements (such as annual and long-term incentives). Based upon input received from Cook, the Compensation Committee believes that this program balances both the mix of cash and equity compensation, the mix of currently-paid and longer-term compensation, and the security of severance and change-in-control benefits in a way that furthers the compensation objectives discussed above.

Table of Contents**Compensation Components for Fiscal 2011**

Base Salary

The Compensation Committee determines the base salary for each of our named executive officers on an annual basis (unless market conditions or changes in responsibilities merit mid-year changes) and, except as noted below, targets base salaries at or near the 25th percentile to the median of the companies in our peer group. In evaluating each executive officer's performance in his position with us, the Compensation Committee relies

primarily on Mr. Winterhalter's performance review of each executive officer other than himself. The subjective factors considered by Mr. Winterhalter primarily consist of whether the executive officer met the operational goals set for him or her and the financial performance within the executive officer's area of responsibility.

In October 2010, the Compensation Committee reviewed market data on our peer companies to determine whether any significant changes to the base salaries for our executive officers were needed for fiscal 2011 to align our executive team with the market. The Compensation Committee did not materially increase the base salary levels of the named executive officers (increases ranged from 2% to 10%, with adjustments to reflect executive performance and to move executive salaries closer to the targeted competitive position). Salaries for our named executive officers were within the 25th percentile and median range of our peer group.

The Compensation Committee believes that the base salaries paid to our named executive officers during fiscal 2011 were appropriate to facilitate our ability to retain and motivate such officers and were competitive with those offered by our peer companies. For the base salaries paid to our named executive officers during fiscal 2011, please see the Summary Compensation Table on page 42 of this proxy statement.

Annual Cash Incentive Bonus

AIP. For fiscal 2011, annual cash incentive bonuses for our named executive officers were made pursuant to the Sally Beauty Holdings, Inc. Annual Incentive Plan, approved by our stockholders on April 26, 2007, which we refer to as the AIP. The AIP is designed as a "plan within a plan" in order to preserve deductibility under Section 162(m) of the Internal Revenue Code, while giving the Compensation Committee the flexibility to tailor awards to reflect financial, operational and individual achievements based on subjective as well as objective criteria. The "outer layer" component of the AIP is entirely objective. No bonuses will be payable under the AIP unless we achieve positive operating income for the year, as reflected in our audited consolidated financial statements. If we in fact achieve this threshold financial goal for the year, Mr. Winterhalter's maximum award is 1% of such operating income and each other named executive officer's maximum award is 0.5% of such operating income, which we refer to as the "Section 162(m) maximum awards." As the "inner layer" component of the AIP, at the beginning of each year the Compensation Committee may establish other financial, operational and/or individual performance goals for each executive officer that will be used to determine actual bonus amounts that are below the officer's Section 162(m) maximum award. The Compensation Committee in effect uses "negative discretion" to reduce the Section 162(m) maximum awards, as it deems appropriate, based on our financial performance relative to these pre-determined goals and based on the Compensation Committee's more subjective evaluation of corporate, operational and individual performance.

Table of Contents

Award Opportunities. Consistent with the above approach, the Compensation Committee established certain performance criteria for each named executive officer which, if satisfied, would enable him to earn a target-level (below maximum) award under the AIP for fiscal 2011 (we refer to these "inner layer" performance criteria as the AIP criteria). These AIP criteria are factors used by the Compensation Committee in exercising its discretion to appropriately size the AIP bonuses, if any, to an amount that is below the Section 162(m) maximum award amount, as described above.

Our CEO made recommendations to the Compensation Committee as to the percentage of each named executive officer's base salary to be used as his target-level award under the AIP, based on job responsibilities and peer group data provided by Cook. The bonus targets for our named executive officers for fiscal 2011 were the same as for fiscal 2010 and fiscal 2009: 100% of base salary for Mr. Winterhalter, and 60% of base salary for our other named executive officers. Accordingly, the targeted total annual cash compensation (base salary and annual incentive) for our named executive officers was generally between the 25th percentile and the median of our peer companies.

The AIP is designed so that if we achieve the AIP financial performance targets (as discussed below), the executive is eligible to earn 100% of his target bonus award. Financial performance at below-target levels (subject to a threshold of 96.1% of target performance for each metric) would result in awards as low as 25% of the target award, subject to the discretion of the Committee to make adjustments as described below. If we exceed the AIP financial performance targets, each named executive officer is eligible to earn an AIP bonus in excess of his target award, not to exceed a designated

amount. We refer to these higher amounts as the "AIP maximum awards," as distinguished from the Section 162(m) maximum awards.

AIP Financial Performance Criteria. In establishing the performance objectives for fiscal 2011, the Compensation Committee determined that the primary emphasis should be on financial performance objectives (as an entity or, in some cases as set forth below, as a business unit). Accordingly, in order for an executive to receive 100% of his AIP target bonus, the target level of financial performance must be achieved, subject to a potential adjustment based on individual performance, as described below.

For fiscal 2011, the AIP financial criteria consisted of the following three performance metrics, which were measured with reference to our annual operating plan. For shared services officers, these metrics were expressed on the consolidated level as made up by individual reporting units. For heads of a business unit, these metrics were expressed as that segment's portion of our annual operating plan. The percentage weighting of the various financial metrics represents the Compensation Committee's determination regarding the relative importance of each metric to our overall financial performance.

Sales (30%). Sales, excluding unbudgeted acquisitions, is a valuable measure in determining incentive compensation, as it provides consistency and comparability in our financial reporting and therefore links the compensation of our executive officers with our growth objectives.

Adjusted EBITDA (40-50%). Adjusted EBITDA provides a meaningful measure of our ability to meet our future debt service, capital expenditures and working capital requirements. For incentive award purposes, we calculate adjusted EBITDA in the same manner as we publicly report this non-GAAP financial measure to the public in our quarterly earnings releases.

Edgar Filing: Sally Beauty Holdings, Inc. - Form DEF 14A

Table of Contents

Working Capital (20 30%). Working capital (expressed as a percentage of sales) provides a meaningful measure of the capital employed in our business. We use this measure as a means to reward employees for decreasing the level of capital needed to effectively run the business so that any additional cash could be used for other value-creating purposes, such as the repayment of debt, acquisitions, or opening additional stores. We define this working capital target as the 12-month average value of inventory and accounts receivable, minus accounts payable, expressed as a percentage of sales for the corresponding fiscal year period.

In setting the financial performance targets for the AIP, the Compensation Committee reviewed our financial projections for fiscal 2011 with Mr. Winterhalter and Mr. Flaherty. For fiscal 2011, the AIP financial performance targets were as follows:

	Sales(1)	Adjusted EBITDA(1)	Working Capital(1)
Mr. Winterhalter	\$3.1 billion (weighted 30%)	\$453.6 million (weighted 50%)	15.60% (weighted 20%)
Mr. Flaherty	\$3.1 billion (weighted 30%)	\$453.6 million (weighted 50%)	15.60% (weighted 20%)
Mr. Spinozzi	\$1.6 billion of Sally USA and Canada (weighted 30%)	\$363 million of Sally USA and Canada (weighted 50%)	12.05% of Sally USA and Canada (weighted 20%)
Mr. Gollither	\$1.2 billion of BSG (weighted 30%)	\$152 million of BSG (weighted 50%)	22.60% of BSG Canada 18.35% of BSG North America 26.69% of BSG International (weighted 20%)
Mr. Lowery	\$3.1 billion (weighted 30%)	\$453.6 million (weighted 30%)	15.60% (weighted 40%)

(1)

Based on consolidated results, except as noted.

As noted above, if we achieve target-level financial performance, the executives are eligible to earn 100% of their target AIP bonus awards. Financial performance at below-target levels (subject to a threshold of 96.1% of target performance for each metric) would result in awards as low as approximately 25% of the target award, except that, as discussed below, the Compensation Committee has discretion to reduce or increase the dollar value of an individual officer's AIP award based upon a subjective assessment of the individual's performance, but the adjusted payout using discretion cannot exceed 100% of the executive's target award. The named executive officers were eligible to earn bonuses in excess of the target awards (up to the AIP maximum awards stated above) to the extent that performance against the financial goals exceeded target performance. AIP maximum awards could be earned if:

1. we, or the applicable business unit, had achieved 104% or greater (domestically) or 108% or greater (internationally) of the target amount of sales for fiscal 2011,
2. we, or the applicable business unit, had achieved 108% or greater of the target amount of adjusted EBITDA for fiscal 2011, and
3. with respect to Messrs. Winterhalter, Flaherty and Lowery, our working capital as a percentage of sales for fiscal 2011 had been 14.42% or below, or with respect to Mr. Spinozzi, Sally USA and Canada's working capital as a percentage of sales for fiscal 2011 had been 11.25% or below or, with respect to Mr. Gollither, one or more of the following had occurred: BSG Canada's working capital as a percentage of sales for fiscal 2011 had been 20.94% or below, BSG North America's working

capital as a percentage of sales for fiscal 2011 had been

17.54% or below, or BSG International's working capital as a percentage of sales for fiscal 2011 had been 25.89% or below.

Individual Performance. In order to provide flexibility to recognize overall achievements in key focus areas and operational performance, which can change throughout the year based on unanticipated contingencies, the Compensation Committee does not list specific individual performance objectives for individual officers under the AIP. Instead, the Compensation Committee reserves discretion to reduce or increase the dollar value of an individual officer's AIP award (by up to 50 percentage points below or above the percentage of the target award resulting from application of the financial performance formulas) based upon a subjective assessment of the individual's performance, but the adjusted payout cannot exceed the Section 162(m) maximum award for each individual .

Determination of Fiscal 2011 Awards. In its September and October 2011 meetings, the Compensation Committee reviewed the 2011 fiscal year business results and determined whether and to what extent the AIP criteria were met. During this review, the Compensation Committee met with Mr. Winterhalter to discuss his performance reviews of the other named executive officers and with the Chairman of the Board to discuss the Board's review of Mr. Winterhalter (without Mr. Winterhalter being present). The Committee did not adjust AIP payouts for individual performance for Mr. Flaherty, Mr. Spinozzi, and Mr. Lowery for fiscal 2011. The Committee did adjust AIP payouts for Messrs. Winterhalter and Gollhofer in the amounts of \$330,000 and \$125,000 in light of their exceptional performance in handling vendor relationships during 2011.

The table below shows the payout opportunities and actual payouts under the AIP for the named executive officers for fiscal 2011:

	AIP Target as a % of Salary	AIP Target Award (\$)	FY11 Actual AIP Award (\$)	AIP Actual Award as a % of Salary
Mr. Winterhalter	100%	921,923	1,928,522	208%
Mr. Flaherty	60%	253,678	439,853	103%
Mr. Gollhofer	60%	253,279	603,141	142%
Mr. Spinozzi	60%	268,626	502,734	112%
Mr. Lowery	60%	215,626	356,559	99%

Equity-Based Long-Term Incentive Compensation

Options to purchase our Common Stock are the primary equity compensation vehicle used by the Compensation Committee, and were awarded to our named executive officers in fiscal 2011. Because the benefits of stock options are dependent on the appreciation of the price of our Common Stock, such awards create a strong financial incentive for meeting or exceeding our long-term financial goals and increasing shareholder return. Because the options become exercisable in increments over a four-year term, our executives must remain employed for a significant period before realizing any value for their options. Restricted stock awards are reserved for limited circumstances to recognize key contributors and enhance retention, as the Compensation Committee deems appropriate. In 2011, the Compensation Committee granted restricted stock awards to Messrs. Winterhalter, Flaherty, Gollhofer and Spinozzi as special retention awards. These awards vest over a five-year period. The Compensation Committee evaluates whether this component of our compensation program is appropriate given our capital structure and evolving business strategy (as discussed with Cook) given the goal of providing assurance that our equity program properly motivates and retains our key employees.

Grant Practices for Equity-Based Awards. The Compensation Committee's policy is to grant equity awards on the same day it approves the grant. Options have an exercise price equal to the closing price of our Common Stock on the date of grant. Other than special one-time grants, such as at the time of

Table of Contents

a new hire or promotion, the Compensation Committee intends to grant equity awards to its executive officers once a year, and such grants will generally be made at the same time that the Compensation Committee approves the annual bonus award targets under the annual bonus plan for the fiscal year. These actions will generally occur within the first month of the fiscal year. Equity grants are currently made under the 2010 Omnibus Plan.

Our VP of Employee Services recommends to our CEO the number of options or other equity awards to be granted to certain key employees based on fixed share guidelines, as well as consideration of each individual's rate of base salary and the dollar value of the proposed award as a percentage of base salary. Our CEO then makes a grant recommendation for each of the proposed grantees, including the named executive officers other than himself, to the Compensation Committee based on consideration of the value of the grants that the individual received in prior years, the competitive market data provided by Cook and his views as to the individual's expected future contribution to our business results. The Chairman of the Board recommends to the Compensation Committee the CEO's proposed equity grant based on his review of competitive market data provided by Cook. The Compensation Committee is ultimately responsible for determining the number of options or shares to be awarded and for approving each grant. In making this determination, the Compensation Committee considers the recommendations of the CEO and the Chairman of the Board, the long-term incentive opportunity market data provided by Cook, and the competitive data provided by Cook regarding aggregate share usage and costs associated with equity grants. Due to our fixed share method of determining equity awards, the value of the awards as reported in the Summary Compensation Table varies, year over year, based on the stock price and Black-Scholes value of stock options on the applicable grant dates.

Fiscal 2011 Equity Awards. Consistent with its equity grant policy, in October 2010, the Compensation Committee granted stock options to each of our named executive officers and restricted stock awards to Messrs. Winterhalter, Flaherty, Golliher, and Spinozzi.

The Compensation Committee sets an aggregate long-term incentive budget to determine the total amount of equity awards that may be awarded in any fiscal year. The Compensation Committee determines the budget after discussions with Cook and management and a review of peer group practices and the projected impact to our net income. Based upon input received from Cook, the

Compensation Committee believes that the terms and conditions of the 2011 equity awards, as well as the size of the grants, were commensurate with similar measures used by our peer group. For more information regarding the equity-based awards granted to our named executive officers during fiscal 2011, please see the Grants of Plan-Based Awards table on page 44 of this proxy statement.

Table of Contents

Benefits and Perquisites

Our named executive officers are eligible to participate in the benefit plans generally available to all of our U.S. employees, which include health, dental, life insurance, and disability plans. In addition, our named executive officers (along with our other U.S. employees) are eligible to participate in our 401(k) plan, which represents the only retirement plan that we provide to our named executive officers. Under the 401(k) plan, our employees may contribute, on a pre-tax basis, up to 50% of eligible compensation, as defined in the plan, subject to Internal

Revenue Code limitations. We match each employee's contribution, including our named executive officers, at a rate of 100% on the first 4% of the employee's eligible compensation. Employees are immediately vested in the matching contributions made by us. Our 401(k) plan also has a profit sharing component, which is 100% funded by us and is determined annually by the Compensation Committee. Employees are vested in our profit sharing contributions after 3 full years of employment. For fiscal 2011, the Compensation Committee reviewed the contributions of our employees to our financial performance and determined that a company contribution of approximately 1% of eligible compensation was an appropriate profit-sharing contribution.

Consistent with our philosophy of emphasizing performance-based pay, our executive compensation program provides limited benefits and perquisites. All perquisites for executive officers must be approved by the Compensation Committee. In fiscal 2011, the only perquisite provided to our named executive officers was reimbursement for an annual physical.

The Compensation Committee believes that offering the above-described benefits and perquisites to our named executive officers is consistent with the terms and benefits offered by other similarly-situated public companies, and enhances our ability to retain our named executive officers. Given the fact that these items represent a relatively insignificant portion of our named executive officers' total compensation, the availability of such items does not materially influence the decisions made by the Compensation Committee with respect to the other elements of the total compensation payable to our named executive officers.

Change-in-Control and Termination Agreements

Change-in-Control Agreements. Many change-in-control transactions result in significant organizational changes, particularly at the senior executive level. In order to encourage our senior executive officers to remain employed with the Corporation during an important time when their prospects for continued employment can be uncertain, we have entered into change-in-control agreements with our senior executive officers, including each of Messrs. Winterhalter, Flaherty, Gollhofer, Spinozzi and Lowery, which provide payments and benefits in the event of the executive's termination of employment by the Corporation without cause or by the executive for "good reason" within two years following a change in control. Because a termination by the executive for good reason is effectively a "constructive termination" by the Corporation without cause, we believe it is appropriate to provide severance benefits in these circumstances. The Compensation Committee has determined that our change-in-control agreements were generally consistent with those in place at similarly-situated public companies, were designed to keep our executives focused on their work responsibilities during the uncertainty that accompanies a potential change-in-control, and (consistent with the recommendation of our CEO) were necessary to retain and recruit our senior executives. The Compensation Committee also deemed it important from a retention perspective to treat all of the named executive officers similarly with respect to their change-in-control arrangements.

Table of Contents

Termination Agreements. In addition, shortly after our spinoff from Alberto Culver, we entered into a termination agreement with Mr. Winterhalter to encourage his retention as CEO during an important transition period. This agreement provides a lower level of payments and benefits to Mr. Winterhalter if his employment is involuntarily terminated in situations that do not involve a change in control. Please see "Potential Payments Upon Termination or Change in Control Arrangements" on page 48 of this proxy statement for a description of and potential payouts under the Change-in Control and Termination Agreements.

Treatment of Equity Awards upon Change in Control. Under the terms of our 2007 Omnibus Plan and our 2010 Omnibus Plan, stock option and restricted stock awards have "double trigger" change-in-control vesting if the awards are assumed by the surviving company and equitably converted to awards for publicly traded stock in connection with such transaction. This means that the awards would vest upon the holder's involuntary separation from service within two years following the change in control, or such other period specified by the Compensation Committee. If the awards are not assumed by the surviving company and equitably converted, they would vest upon the change in control. This vesting approach aids in our ability to retain key executives during the critical time leading up to and following a change in control.

Stock Ownership and Retention Guidelines

Consistent with our commitment to aligning the interests of our executives with stockholders, the Nominating and Corporate Governance Committee of our Board of Directors has adopted stock ownership guidelines which apply to our executives at the vice president level and above. Pursuant to these guidelines, executives are encouraged to own shares of our Common Stock generally equal in value to a multiple of their annual base salary (as in effect on December 1st of each year) depending on such executive's level in the Corporation. Vested stock options count towards the grantee's stock ownership totals, with each option counting as one share of stock owned. Unvested stock options and restricted shares (stock for which restrictions have not lapsed) do not count as stock owned under the guidelines. The executive officer stock ownership guidelines, as applicable to the named executive officers, are as follows:

CEO	Five times annual base salary
Senior Vice Presidents	Three times annual base salary
Vice Presidents	One time annual base salary

Until such time as the officer reaches his or her equity ownership guideline, the officer will be required to retain that percentage of the shares of Common Stock received upon lapse of the restrictions upon restricted stock and upon exercise of stock options (net of any shares utilized to pay for the exercise price of the option and tax withholding) as set forth below:

Retention Requirement	
Chief Executive Officer	100%
Senior Vice Presidents	50%
Vice Presidents	50%

Because officers must retain a percentage of shares resulting from any exercise of stock options or the lapsing of restrictions upon restricted stock until they achieve the specified guidelines, there is no minimum time period required to achieve the equity ownership guidelines set forth above. As of December 1, 2011, all of our executive officers were in compliance with our equity ownership guidelines.

Table of Contents

The Compensation Committee may in the future consider an executive's achievement of the guideline stock ownership targets in its award of further equity grants.

The guidelines do not apply to the non-executive members of the Board. Our equity-based compensation practices for independent directors provide (after a modest initial grant of stock options upon first joining the Board) for annual grants of restricted stock units which (upon vesting) are converted to deferred stock units that are not distributed until six months after the independent director's service terminates. For this reason, the Board believes that Directors will automatically accumulate and hold a significant amount of the Corporation's stock and, consequently that the directors' interests are appropriately aligned with the interests of the Corporation's long-term stockholders.

Use of Pre-Approved Trading Plans

We permit our executive officers and Directors to enter into pre-approved trading plans established according to Rule 10b5-1 under the Securities Exchange Act of 1934, as amended, with an independent broker-dealer to enable them to either a) purchase securities; or b) to recognize the value of their compensation and diversify their holdings of our securities during periods in which they might otherwise not be able to buy or sell our stock because important information about us had not been publicly released. These plans include specific instructions for the broker to exercise options or purchase or sell stock on behalf of the plan participant if our stock price reaches a specified level or certain events occur. The plan participant no longer controls the decision to purchase, exercise or sell the securities in the plan. Generally, when our executive officers trade under these plans they are publicly disclosed in Section 16 filings with the SEC. Currently, three of our named executive officers (Messrs. Winterhalter, Flaherty and Gollhofer) had Rule 10b5-1 sale plans in place during fiscal 2011. Three of our Directors (Messrs. Eisenberg, Miller and Rabin) had Rule 10b5-1 sale plans in place during fiscal 2011.

Policy Against Hedging Company Stock

Certain forms of hedging or monetization transactions, such as zero-cost collars and forward sale contracts, allow a director, officer or other employee to lock in much of the value of his or her stock holdings, often in exchange for all or part of the potential for upside appreciation in the stock. These transactions allow the person to continue to own the covered securities but without the full risks and rewards of ownership. When that occurs, he or she may no longer have the same objectives as the Corporation's other stockholders. Therefore, pursuant to our published insider trading policy, our directors, officers and other employees are prohibited from engaging in any such transactions.

Deductibility of Compensation

Section 162(m) of the Internal Revenue Code limits the deductibility for federal income tax purposes of compensation paid to our named executive officers (other than our Chief Financial Officer). Under Section 162(m), compensation paid to each of these officers in excess of \$1,000,000 per year is deductible by us only if it is "performance-based." The Compensation Committee believes that tax deductibility of compensation is an important consideration in establishing our executives' compensation. We believe the awards made for fiscal 2011 under the AIP and the stock options granted under the 2007 Omnibus Plan (and for fiscal 2010 and beyond, under the 2010 Omnibus Plan) qualify as performance-based compensation that is exempt from the deduction limitations of Section 162(m). No compensation earned or paid in fiscal 2011 exceeded the deduction limits of Section 162(m). The Compensation Committee reserves flexibility to approve compensation arrangements that are not fully tax deductible by us.

Consideration of Last Year's Advisory Shareholder Vote on Executive Compensation

At the annual meeting of stockholders on January 28, 2011, our stockholders approved, on a non-binding advisory basis, the compensation of the Corporation's executive officers, including the Corporation's compensation practices and principles and their implementation, as discussed and disclosed in the Compensation Discussion and Analysis, the compensation tables, and the narrative executive compensation disclosure contained in the 2011 Proxy Statement. The Compensation Committee appreciates and values the views of our stockholders. In considering the results of this most recent favorable advisory vote on executive compensation, the Committee takes note that the Corporation's current executive compensation program has been effective in implementing the Corporation's stated compensation philosophy and objectives. The Committee recognizes that executive pay practices and notions of sound governance principles continue to evolve. Consequently, the Committee intends to continue paying close attention to the advice and counsel of its compensation advisors and invites our stockholders to communicate any concerns or opinions on executive pay directly to the Compensation Committee or the Board. Please refer to "Contacting the Board" on page 10 for information about communicating with the Board.

Also at the annual meeting of stockholders on January 28, 2011, our stockholders expressed a preference that advisory votes on executive compensation occur every three years. In accordance with the results of this vote, the Board determined to implement an advisory vote on executive compensation every three years until the next required vote on the frequency of shareholder votes on the compensation of executives, which is scheduled to occur at the 2017 annual meeting.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Severance Agreements and Termination Agreements

Executive Officer Severance Agreements

We have severance agreements with certain of our executive officers, including each of our named executive officers. Each severance agreement provides that if, in the 24 months following a "change in control," which is defined in the severance agreements and described below, the executive's employment is terminated by us without "cause" or by the executive for "good reason," then the executive will be entitled to certain benefits. These benefits include (i) a cash payment equal to the executive's annual bonus, as determined in accordance with our annual incentive plan, pro-rated to reflect the portion of the year elapsed prior to the executive's termination, (ii) a lump-sum cash

payment equal to a multiple of the executive's annual base salary at the time of termination plus a multiple of the average dollar amount of the executive's actual or annualized annual bonus in respect of the five fiscal years preceding termination (or, such portion thereof during which the executive performed services for us if he has been employed by us for less than the five year period), (iii) any accrued but unpaid salary and vacation pay, and (iv) continued medical and welfare benefits, on the same terms as prior to termination, for a period of 24 months following termination. If the executive's employment is terminated by us for "cause," by the executive for any reason other than "good reason," or as a result of the executive's death or disability, then the executive will be entitled to receive a cash amount equal to any accrued but unpaid salary and vacation pay.

For purposes of the severance agreements, "change in control" generally includes:

the acquisition by any person, other than CDRS or its affiliates, of 20% or more of the voting power of our outstanding Common Stock;

a change in the majority of the incumbent Board of Directors;

certain reorganizations, mergers or consolidations of us involving a change of ownership of 50% or more of our common stock or sales of substantially all of our assets; or

stockholder approval of our complete liquidation or dissolution.

The named executive officers who are parties to severance agreements with us, and their respective payment multiples, are set forth in the following table:

Executive Officer	Multiple
Gary G. Winterhalter	2.99
Mark J. Flaherty	1.99
John H. Gollhofer	1.99
Michael G. Spinozzi	1.99

Chief Executive Officer Termination Agreement

On June 19, 2006, Alberto-Culver and Sally Holdings, Inc. (now Sally Holdings LLC, an indirect subsidiary of Sally Beauty Holdings, Inc.) entered into a termination agreement with Mr. Winterhalter, which was amended on January 24, 2007. Mr. Winterhalter's termination agreement provides that, in the event that his employment is terminated by us without "cause" or by Mr. Winterhalter for "good reason," we will:

pay to Mr. Winterhalter a lump sum payment equal to two times his current salary plus two times the average dollar amount of his actual or annualized annual bonus, paid or payable, in respect of the five fiscal years immediately preceding the fiscal year in which the date of termination occurs;

pay for and provide to Mr. Winterhalter outplacement services with an outplacement firm of his choosing, provided that we are not to be responsible for such services to the extent they exceed \$12,000 or are provided for more than one year following the date of termination; and

continue to provide Mr. Winterhalter with medical benefits for a period of 18 months. At the conclusion of the 18 month period, we will pay Mr. Winterhalter a lump sum cash payment in an amount equal to the monthly cost to us of such benefits times six, such that he will receive a total of 24 months fully paid or subsidized medical coverage.

Code Section 280G Cut-Back

Pursuant to the terms of the severance agreements and Mr. Winterhalter's termination agreement, any payments to the executive under such agreements will be reduced so that the present value of such payments plus any other "parachute payments" as determined under Section 280G of the Internal Revenue Code will not, in the aggregate, exceed 2.99 times the executive's average taxable income from us over the five-year period ending prior to the year in which a change in control occurs. However, no such reduction will apply to payments that do not constitute "excess parachute payments" under Section 280G of the Internal Revenue Code.

Alberto-Culver Employee Stock Option Plan of 2003

Pursuant to the Alberto-Culver Employee Stock Option Plan of 2003, or the ACSOP, in the event of a change in control, as defined below, all outstanding options under the ACSOP will immediately become fully exercisable. In the event of a change in control in which our stockholders receive shares of registered common stock, all outstanding options under the ACSOP will immediately be fully exercisable for the number and class of shares into which each outstanding share of our Common Stock will be converted pursuant to the change in control, and the purchase price per share will be appropriately adjusted. In the event of a change in control in which our stockholders receive consideration other than registered common stock, all outstanding options under the ACSOP will be cancelled in exchange for a cash payment from us in an amount equal to the number of shares of our Common Stock underlying the cancelled options, multiplied by the excess, if any, of (i) the greater of (a) the highest price per share offered to our stockholders in connection with the change in control, or (b) the closing price for shares of our Common Stock on the NYSE on the date of the change in control, over (ii) the purchase price per share of our Common Stock subject to the cancelled options.

For purposes of the ACSOP, the term "change in control" generally means the first to occur of:

the acquisition (other than directly from us) by any person, other than us, our subsidiaries, or our employee benefit plans, of both (i) 20% or more of the voting power of our outstanding Common Stock, and (ii) voting power of our outstanding Common Stock in excess of the voting

a change in the majority of our incumbent directors;

certain mergers or consolidations involving us or certain sales of substantially all of our assets; and

stockholder approval of our complete liquidation or dissolution.

Pursuant to the ACSOP, if the grantee's employment is terminated:

due to the grantee's death or disability, the options that are exercisable as of the date of his or her termination will remain exercisable until the earlier of 12 months and the expiration of the option term, and any options that are not exercisable as of the date of his or her termination will be forfeited and cancelled as of the date of termination;

due to the grantee's retirement, the options that are exercisable as of the date of his or her retirement will remain exercisable until the earlier of 24 months and the expiration of the option term. Any options that are not exercisable as of the date of his or her retirement will continue to vest pursuant to their vesting schedule and will remain exercisable until the earlier of five years from the date of grant and the expiration of the option term;

following a change in control, all options will terminate upon the earlier of three months after the termination of the grantee's employment and the expiration of the option term; or

for any reason other than as described above, all options will terminate as of the date of the termination of his or her employment.

Certain Award Agreements with our Named Executive Officers

The award agreements with respect to the options granted to Messrs. Winterhalter, Gollhofer, Spinozzi and Lowery on December 4, 2006 and October 21, 2009 (in the case of Mr. Winterhalter) under the ACSOP contain vesting provisions that differ in certain respects, as described below, from those contained in the ACSOP. Pursuant to such award agreements, if the individual's employment is terminated:

in the case of Messrs. Gollhofer, Spinozzi and Lowery, due to his retirement, (i) the options that are exercisable as of the date of his retirement will remain exercisable until the earlier of 36 months and the expiration of the option term, and (ii) any options that are not exercisable as of the date of his termination will be forfeited;

in the case of Mr. Winterhalter, due to his retirement, and unless he agrees to certain restricted covenants described below under "2007 Omnibus Plan," (i) the options that are exercisable as of the date of retirement will remain exercisable until the earlier of 12 months and the expiration of the option term, and (ii) any unvested options will be forfeited and cancelled as of the date of the termination. If Mr. Winterhalter agrees to such restrictive covenants, then, for the three-year period following his retirement, he will continue to vest in the portion of the options that were not vested and exercisable as of the date of his retirement and such options will remain exercisable until the earlier of 60 days following the third anniversary of his retirement, or 12 months following his death or the expiration of the option term.

in the case of Messrs. Golliber, Spinozzi and Lowery. without "cause," as defined in the ACSOP, (i) the options will become immediately exercisable as to the number of shares previously vested and that would have vested as of the next vesting date after the date of termination and the options, to the extent so vested, will remain exercisable until the earlier of 90 days and the expiration of the option term, and (ii) any unvested portion of the options will be forfeited and cancelled as of the date of the termination; or

due to his death or disability, (i) the options will become immediately exercisable as to the number of shares previously vested and that would have vested as of the next vesting date after the date of termination and the options, to the extent so vested, will remain exercisable until the earlier of 12 months and the expiration of the option term, and (ii) any unvested portion of the options will be forfeited and cancelled as of the date of the termination.

In all other cases, the award agreements contain vesting provisions that are substantially similar to those contained in the ACSOP.

2003 Alberto-Culver Restricted Stock Plan

Pursuant to the 2003 Alberto-Culver Restricted Stock Plan, or the RSP, in the event of a change in control, all outstanding shares of restricted stock will immediately become fully vested. For purposes of the RSP, the term "change in control" is identical to the definition of "change in control" in the ACSOP, as described above.

Pursuant to the RSP, if, prior to vesting of a restricted stock award, the employment of the grantee is terminated:

due to the grantee's death or disability, then the Compensation Committee may accelerate vesting in its discretion;

due to the grantee's retirement, all restricted stock held by the grantee will immediately vest; or

for any reason other than as described above, any restricted stock held by the grantee will automatically be forfeited.

Certain Award Agreements with Mr. Winterhalter

The award agreements with respect to restricted stock granted under the RSP to Mr. Winterhalter on January 24, 2007, contain vesting provisions that differ in certain respects, as described below, from those contained in the RSP. Pursuant to the award agreements, if the grantee's employment is terminated:

due to his death or disability, (i) the restricted stock will vest as to the number of shares that would have vested as of the next vesting date after the date of termination, and (ii) any shares of restricted stock that are not so vested will be forfeited and cancelled as of the date of the termination; or

for any other reason than as described above, all of his restricted stock will be forfeited and cancelled as of the date of the termination.

2007 Omnibus Plan

Pursuant to the 2007 Omnibus Plan, in the event of a change in control, as defined below, the Compensation Committee may determine that all outstanding awards will be honored or assumed, or new rights substituted therefor, by the surviving company; provided that any substitute award must (i) be based on shares of common stock that are traded on an established U.S. securities market; (ii) provide the participant substantially equivalent or more favorable terms and conditions than those

applicable to the old award; (iii) have substantially equivalent economic value to the old award (determined at the time of the change in control); and (iv) provide that in the event that the participant is involuntarily terminated within two years after the change in control, or such other period specified by the Compensation Committee, the award will vest.

If the Compensation Committee does not provide for substitute awards as describe above or make another determination with respect to the treatment of awards, then, upon the occurrence of a change in control:

all outstanding options and stock appreciation rights will become exercisable immediately before the change in control;

all time-based vesting restrictions on restricted stock and restricted stock units will lapse immediately before the change in control;

shares of common stock underlying awards of restricted stock units and deferred stock units (other than performance awards) will be issued immediately before the change in control; and

with respect to performance awards, the performance period will end as of the change in control and the participant will earn a pro rata payout equal to the product of the target opportunity and the payout percentage that corresponds as closely as possible to the actual level of achievement of performance goals against target, measured as of the date of the change in control; or

at the Compensation Committee's discretion, each award will be canceled in exchange for an amount equal to a value determined in accordance with the 2007 Plan, based on the change in control price.

For purposes of the 2007 Omnibus Plan, the term "change in control" generally means the first to occur of:

the acquisition by any person, other than us, our subsidiaries, our employee benefit plans, or the Parallel Fund or its affiliates, of 50% or more of the voting power of our outstanding Common Stock;

a change in the majority of our incumbent directors within any 24 month period;

certain mergers or consolidations involving a change in ownership of 50% or more of our Common Stock or the sale of substantially all of our assets; or

stockholder approval of our liquidation or dissolution.

Pursuant to the 2007 Omnibus Plan, if the grantee's employment terminated:

for "cause," (i) all of his or her options (both vested and unvested) will be forfeited and cancelled, and (ii) any outstanding shares of restricted stock will be forfeited and cancelled as of the date of such termination;

due to the grantee's death or disability, (i) his or her options will become immediately exercisable as to the number of shares previously vested and that would have vested as of the next vesting date after the date of termination, and the options, to the extent so vested, will remain exercisable until the 12 month anniversary of the date of termination , (ii) any of his or her

option shares that are not so vested will be forfeited and cancelled as of the date of the termination, (iii) his or her restricted stock will vest as to the number of shares that would have vested as of the next vesting date after the date of termination, and (iv) any shares of restricted stock that are not so vested will be forfeited and cancelled as of the date of the termination;

due to the grantee's retirement (as defined in the 2007 Omnibus Plan), and unless the grantee agrees to certain restricted covenants described below, (i) any options that are exercisable as of the date of retirement will remain exercisable until the earlier of 12 months and the expiration of the option term, (ii) any unvested options will be forfeited and cancelled as of the date of the termination, and (iii) any outstanding shares of restricted stock will be forfeited and cancelled as of the date of such termination; or

for any reason other than as described above, (i) any options that are exercisable as of the date of termination will remain exercisable until the earlier of 60 days and the expiration of the option term, (ii) any unvested options will be forfeited and cancelled as of the date of the termination; and (iii) any outstanding shares of restricted stock will be forfeited and cancelled as of the date of such termination.

The 2007 Omnibus Plan contains certain restrictive covenants, including non-competition, non-solicitation, non-disclosure and non-disparagement covenants, that apply to the holder of an option during the term of his or her employment, any post-termination exercise period, and the one-year period following the expiration of any post-termination exercise period. If an option holder violates any of these covenants, then any options, to the extent unexercised, will automatically terminate and be cancelled upon the first date of the violation and, in the case of the termination of the grantee's employment for "cause," he or she will remit to us in cash, to the extent applicable, the excess of (A) the greater of the closing price for shares of our Common Stock on (i) the date of exercise and (ii) the date of sale of the shares of Common Stock underlying the options, over (B) the exercise price, multiplied by the number of shares of Common Stock subject to the options (without reduction for any shares of Common Stock surrendered or attested to) the grantee realized from exercising all or a portion of the options within the period commencing six months prior to the termination of his or her employment and ending on the one-year date. This provision does not apply to the restricted stock awards made under the 2007 Omnibus Plan.

In addition, the 2007 Omnibus Plan provides that, in the event that the grantee's service with us is terminated as a result of the grantee's retirement (as defined in the 2007 Omnibus Plan) and the grantee agrees to be bound for a three-year period by certain restrictive covenants, including non-competition, non-solicitation, non-disclosure and non-disparagement covenants, then (i) the payout opportunities attainable under all of the grantee's outstanding performance-based awards will vest based on actual performance through the end of the performance period, and the awards will payout on a pro-rata basis, based on the time elapsed prior to the date of retirement, and (ii) for the three-year period following the grantee's retirement, (a) the grantee's outstanding restricted stock will continue to vest, and (b) the grantee will continue to vest in the portion of the options that were not vested and exercisable as of the date of his or her retirement, as if the grantee's service had not terminated. If the grantee violates any of the restrictive covenants during the three-year period, all outstanding options (whether or not vested) and all unvested restricted stock or performance awards then held by the grantee will be immediately forfeited and cancelled as of the date of such violation.

2010 Omnibus Plan

Pursuant to the 2010 Omnibus Plan, in the event of a change in control, as defined below, the Compensation Committee may determine that all outstanding awards will be honored or assumed, or new rights substituted therefor, by the surviving company; provided that any substitute award must (i) be based on shares of common stock that are traded on an established U.S. securities market; (ii) provide the participant substantially equivalent or more favorable terms and conditions than those applicable to the old award; (iii) have substantially equivalent economic value to the old award (determined at the time of the change in control); and (iv) provide that in the event that the participant is involuntarily terminated within two years after the change in control, or such other period specified by the Compensation Committee, the award will vest.

Table of Contents

If the Compensation Committee does not provide for substitute awards as describe above or make another determination with respect to the treatment of awards, then, upon the occurrence of a change in control:

all outstanding options and stock appreciation rights will become exercisable immediately before the change in control;

all time-based vesting restrictions on restricted stock and restricted stock units will lapse immediately before the change in control;

shares of common stock underlying awards of restricted stock units and deferred stock units (other than performance awards) will be issued immediately before the change in control; and

with respect to performance awards, the performance period will end as of the change in control and the participant will earn a pro rata payout equal to the product of the target opportunity and the payout percentage that corresponds as closely as possible to the actual level of achievement of performance goals against target, measured as of the date of the change in control; or

at the Compensation Committee's discretion, each award will be canceled in exchange for an amount equal to a value determined in accordance with the 2010 Plan, based on the change in control price.

For purposes of the 2010 Omnibus Plan, the term "change in control" generally has the same meaning as provided under the 2007 Omnibus Plan and described above.

Pursuant to the 2010 Omnibus Plan, if the grantee's employment terminated:

for "cause," (i) all of his or her options (both vested and unvested) will be forfeited and cancelled, and (ii) any outstanding shares of restricted stock will be forfeited and cancelled as of the date of such termination;

due to the grantee's death or disability, (i) his or her options will become immediately exercisable as to the number of shares previously vested and that would have vested as of the next vesting date after the date of termination, and the options, to the extent so vested, will remain exercisable until the 12 month anniversary of the date of termination, (ii) any of his or her option shares that are not so vested will be forfeited and cancelled as of the date of the termination, (iii) his or her restricted stock or restricted stock units will vest as to the number of shares that would have vested as of the next vesting date after the date of termination, (iv) any shares of restricted stock that are not so vested will be forfeited and cancelled as of the date of the termination, and (v) the payout opportunities attainable under all of his or her outstanding performance-based awards will vest based on actual performance through the end of the performance period, and the awards will payout on a pro-rata basis, based on the time elapsed prior to the date of termination; or

due to the grantee's retirement (as defined in the 2010 Omnibus Plan), and unless the grantee agrees to certain restricted covenants, (i) any options that are exercisable as of the date of retirement will remain exercisable until the earlier of 12 months and the expiration of the option term, (ii) any unvested options will be forfeited and cancelled as of the date of the termination, and (iii) any outstanding shares of restricted stock will be forfeited and cancelled as of the date of such termination; or

The 2010 Omnibus Plan contains certain restrictive covenants, including non-competition, non-solicitation, non-disclosure and non-disparagement covenants, that apply to the holder of an option during the term of his or her employment, any post-termination exercise period, and the one-year period following the expiration of any post-termination exercise period. If an option holder violates any of these covenants, then any options, to the extent unexercised, will automatically terminate and be cancelled upon the first date of the violation and, in the case of the termination of the grantee's employment for "cause," he or she will remit to us in cash, to the extent applicable, the excess of (A) the greater of the closing price for shares of our Common Stock on (i) the date of exercise and (ii) the date of sale of the shares of Common Stock underlying the options, over (B) the exercise price, multiplied by the number of shares of Common Stock subject to the options (without reduction for any shares of Common Stock surrendered or attested to) the grantee realized from exercising all or a portion of the options within the period commencing six months prior to the termination of his or her employment and ending on the one-year date. If the grantee violates any of the restrictive covenants during the three-year period, all outstanding options (whether or not vested) and all unvested restricted stock or performance awards then held by the grantee will be immediately forfeited and cancelled as of the date of such violation.

Potential Realization Value of Equity Awards upon a Change in Control without Termination

Under the ACSOP, the RSP, the 2007 Omnibus Plan and the 2010 Omnibus Plan, in the event of a change in control, the vesting of outstanding awards may be accelerated regardless of whether the employment of the holder of such an award is terminated in connection therewith. The following table provides quantitative disclosure of the potential realizable value of outstanding awards granted to our named executive officers pursuant to the ACSOP, the RSP, the 2007 Omnibus Plan and the 2010 Omnibus Plan, assuming that:

an event which has constituted a change in control under each of the ACSOP, the RSP, the 2007 Omnibus Plan and the 2010 Omnibus Plan, each as described above, was consummated on September 30, 2011, the last business day of fiscal year 2011;

with respect to options awarded pursuant to the ACSOP, the change in control involved a transaction pursuant to which our stockholders received consideration other than registered stock;

Table of Contents

with respect to outstanding options awarded pursuant to the 2007 Omnibus Plan, that the Compensation Committee did not exercise its discretion to cancel the options in exchange for a cash payment based upon the difference between the price per share offered in connection with the change in control and the exercise price;

with respect to outstanding awards granted pursuant to the 2010 Omnibus Plan, that the Compensation Committee did not provide for substitute awards or make another determination with respect to the treatment of awards;

each named executive officer exercised all previously unexercisable options only to the extent that the exercise price of such options did not equal or exceed the closing price for shares of our Common Stock on the NYSE on September 30, 2011; and

each named executive officer sold the shares of our Common Stock underlying his or her previously unvested shares of restricted stock at the closing price for shares of our Common Stock on the NYSE on September 30, 2011.

Name	Amount Payable\$(1)
Gary G. Winterhalter	\$10,370,250
Mark J. Flaherty	\$3,112,705
John H. Gollhofer	\$3,844,625
Michael G. Spinozzi	\$3,844,625
Bennie L. Lowery	\$1,785,350

(1) Calculated in accordance with SEC rules by reference to the closing price for our Common Stock on the NYSE on September 30, 2011, which was \$16.60.

Potential Payments upon Termination or Change in Control

The following table provides quantitative disclosure of the estimated payments that would be made to our named executive officers under their severance agreements and, with respect to Mr. Winterhalter, his termination agreement, as well as the amounts our named executive officers would receive upon the exercise and sale of certain equity awards that were accelerated in connection with employment termination, assuming that:

each named executive officer's employment with us was terminated on September 30, 2011, the last business day of our fiscal year 2011;

with respect to the columns in the following table that reflect amounts that would have been received based on a termination of employment in connection with a change in control, the named executive officer's employment with us was terminated in connection with an event that constituted a change in control under any agreement or plan described above;

Edgar Filing: Sally Beauty Holdings, Inc. - Form DEF 14A

the base salary earned by each named executive officer for his services to us through September 30, 2011 has been fully paid;

with respect to options awarded pursuant to the ACSOP, the change in control involved a transaction pursuant to which our stockholders received consideration other than registered stock;

with respect to options awarded pursuant to the 2007 Omnibus Plan, the Compensation Committee did not exercise its discretion to cancel the options in exchange for a cash payment

Table of Contents

based upon the difference between the price per share offered in connection with the change in control and the exercise price;

with respect to awards granted pursuant to the 2010 Omnibus Plan, the Compensation Committee did not provide for substitute awards or make another determination with respect to the treatment of awards;

each named executive officer exercised all options that were accelerated by virtue of his termination at the closing price for shares of our Common Stock on the NYSE on September 30, 2011, which was \$16.60, but only to the extent that the exercise price of such options did not equal or exceed \$16.60; and

each named executive officer sold the shares of restricted stock with respect to which vesting was accelerated by virtue of his termination at the closing price for shares of our Common Stock on the NYSE on September 30, 2011, which was \$16.60.

In addition, the amounts presented in the following table do not reflect amounts the named executive officer earned or accrued prior to termination, such as such officer's previously vested options and restricted stock. For information about these previously earned and accrued amounts, see the "Fiscal Year 2011 Summary Compensation Table," "Outstanding Equity Awards at 2011 Fiscal Year End Table," and "Option Exercises and Stock Vested In Fiscal Year 2011," located elsewhere in this Proxy Statement.

(1) Based on the annual bonus earned for fiscal year 2011.

(2) Reflects, as an element of severance, the applicable multiple of the executive's annual base salary.

- (3) Reflects, as an element of severance, the applicable multiple of the executive's annual bonus. The amount reflected in the table is based on the following: (i) for Messrs. Winterhalter, Golliher and Lowery, the average annual bonus that the executive received in the five fiscal years prior to fiscal 2011; (ii) for Mr. Spinozzi, the annualized bonus that he received in fiscal year 2006 and his actual bonus received in 2007, 2008, 2009, and 2010 (due to the fact that he commenced his employment with us in May 2006) and (iii) for Mr. Flaherty, the bonus he received for fiscal years 2008, 2009, and 2010 (due to the fact he commenced employment with us in October 2007 and, therefore, has only received three prior bonus payments).
- (4) Reflects the difference between the closing price for shares of our Common Stock on the NYSE on September 30, 2011, the last trading day of our 2011 fiscal year (\$16.60) and the exercise price of the unvested stock options held by our named executive officers. The unvested stock options were awarded under the ACSOP, the 2007 Omnibus Plan, and the 2010 Omnibus Plan.
- (5) Reflects the value of restricted stock, calculated by multiplying the number of shares of restricted stock by the closing the price for shares of our Common Stock on the NYSE on September 30, 2011, the last trading day of our 2011 fiscal year (\$16.60).
- (6) Reflects the cost of continued medical and welfare benefits, based on (i) our portion of the projected cost of the benefits (the executive pays the employee cost for such coverage), (ii) the level of medical coverage selected by the executive (employee only, employee plus one, or family) and (iii) the level of life insurance and disability coverage (which is a function of salary up to the limits of the applicable benefit).
- (7) Reflects the full cost to us of the lump sum payment, based on the level of medical coverage selected by Mr. Winterhalter (employee only, employee plus one, or family).
- (8) Based on the number of accrued vacation hours available for the executive as of September 30, 2011, multiplied by the equivalent hourly rate for the executive's base salary.
- (9) The amounts represented in the "Change of Control" columns for Mr. Flaherty would be reduced pursuant to a "cut-back" provision in his Severance Agreement, which requires that any parachute payments payable in connection with a change in control be reduced to the extent necessary to avoid the imposition of an excise tax under Section 4999 of the Internal Revenue Code. Although each of our other named executive officers has a similar "cut-back" provision in his Severance Agreement, none would have been similarly affected based on a termination of employment occurring on September 30, 2011 in connection with a change of control.

Executive Officer Indemnification Agreement

In December 2006, the Board of Directors, upon the recommendation of outside legal counsel and as part of the incentive package promised to attract the members of the new Board of Directors, provided each member of the Board with an indemnification agreement. Please see "Director Indemnification Agreements" earlier in this proxy statement for a description of these arrangements. As a member of the Board, Mr. Winterhalter was provided with an indemnification agreement.

Table of Contents**OWNERSHIP OF SECURITIES****Securities Owned by Directors, Executive Officers and Certain Beneficial Owners**

The following table sets forth certain information regarding the beneficial ownership, as of November 21, 2011, of: (i) our Common Stock by each person believed by us (based upon their Schedule 13D or 13G filings with the SEC), to beneficially own more than 5% of the total number of outstanding shares; and (ii) our Common Stock by each current director (including director nominees) or executive officer and of all the current directors (including director nominees) and executive officers as a group. The number of shares beneficially owned by each person or group as of November 21, 2011 includes shares of Common Stock that such person or group had the right to acquire on or within 60 days after November 21, 2011, including upon the exercise of options. The total number of outstanding shares on which the percentages of share ownership in the table are based is 184,976,290. All such information is estimated and subject to change. Each outstanding share of Common Stock entitles its holder to one vote on all matters submitted to a vote of our stockholders. Except as specified below, the business address of the persons listed is our headquarters, 3001 Colorado Boulevard, Denton, Texas 76210.

Ownership of our Common Stock is shown in terms of "beneficial ownership." Amounts and percentages of Common Stock beneficially owned are reported on the basis of regulations of the SEC governing the determination of beneficial ownership of securities. Under the rules of the SEC, a person is deemed to be a "beneficial owner" of a security if that person has or shares "voting power," which includes the power to vote or to direct the voting of such security, or "investment power," which includes the power to dispose of or to direct the disposition of such security. A person is also deemed to be a beneficial owner of any securities of which he has a right to acquire beneficial ownership within 60 days. More than one person may be considered to beneficially own the same shares. In the table below, unless otherwise noted, a person has sole voting and dispositive power for those shares shown as beneficially owned by such person.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors and executive officers, and certain persons who own more than ten percent of a registered class of our equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of Common Stock and other security interests of Sally Beauty Holdings, Inc. Directors, executive officers, and greater than ten percent stockholders are required by the regulations of the SEC to furnish us with copies of all Section 16(a) forms they file.

To our knowledge, based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required during the fiscal year ended September 30, 2011, we believe all of our directors and officers complied with all Section 16(a) filing requirements during fiscal 2011.

PROPOSAL 2 APPROVAL OF PROPOSED AMENDMENT TO THE AMENDED AND RESTATED CERTIFICATE OF INCORPORATION DESIGNATING A FORUM FOR CERTAIN ACTIONS

Our Board is proposing an amendment (the "Amendment") to the Corporation's Amended and Restated Certificate of Incorporation to add a new Article Ninth designating the Court of Chancery of the State of Delaware the sole and exclusive forum for certain legal actions unless otherwise consented to by the Corporation. This designation of the Court of Chancery would apply to any derivative action or proceeding brought on behalf of the Corporation, any action asserting a claim of breach of fiduciary duty owed by any director, officer, employee or agent of the Corporation to the Corporation or the Corporation's stockholders, any action asserting a claim arising pursuant to any provision of the General Corporation Law of the State of Delaware, or any action asserting a claim governed by the internal affairs doctrine.

The Amendment is intended to assist the Corporation in avoiding multiple lawsuits in multiple jurisdictions regarding the same matter. The ability to require such claims to be brought in a single forum will help to assure consistent consideration of the issues, the application of a relatively known body of case law and level of expertise, and should promote efficiency and costs-savings in the resolution of such claims. The Board believes that Delaware courts are best suited to address disputes involving such matters given that the Corporation is incorporated in Delaware and that the Delaware courts have a reputation for expertise in corporate law matters. The Board also believes that the Delaware courts have more experience and expertise in dealing with complex corporate issues than many other jurisdictions. For these reasons, the Board believes that providing for Delaware as the exclusive forum for the types of disputes listed above is in the best interests of the Corporation and its stockholders. At the same time, the Board believes that the Corporation should retain the ability to consent to an alternative forum on a case-by-case basis where the Corporation determines that its

Table of Contents

interest and those of its stockholders are best served by permitting such a dispute to proceed in a forum other than Delaware Chancery Court.

Such a provision requires that state courts in which such claims are asserted in contravention of the proposed amendment be willing to enforce its terms. It cannot be assured that all state courts will determine such a provision to be enforceable or will be willing to force the transfer of such proceedings to the Delaware courts.

To be approved, the Amendment must receive the affirmative vote of a majority of the shares of our common stock outstanding and entitled to vote on the Amendment. If the Amendment is approved by the stockholders, it will become effective upon its being filed with the Secretary of State of the State of Delaware, which the Corporation intends to do promptly following action by stockholders at the 2012 Annual Meeting. If the Amendment is not approved by the requisite vote, then the Amendment will not be filed with the Secretary of State of the State of Delaware.

A copy of the Amendment is attached as *Appendix A* to this proxy statement.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" APPROVAL OF PROPOSAL 2.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee serves an independent oversight role by consulting with and providing guidance to management and the external auditors on matters such as accounting, audits, compliance, controls, disclosure, finance and risk management. The Board of Directors has affirmatively determined that all Audit Committee members are "independent" (within the meaning of the applicable rules of the NYSE and the SEC) and financially literate. The Board of Directors has designated Robert R. McMaster, the Chairman of the Audit Committee, Marshall E. Eisenberg and John A. Miller as audit committee financial experts under the SEC's guidelines.

The Audit Committee's purposes and responsibilities are described in its charter, available on the corporate governance section of the Corporation's website at www.sallybeautyholdings.com and in print, without charge, upon written request to our Vice President of Investor Relations. They include (a) assisting the Board of Directors in its oversight of the integrity of the Corporation's financial statements and financial reporting processes, overseeing compliance with legal and regulatory requirements, reviewing the external auditors' qualifications and independence (including auditor rotation), and reviewing the performance of the Corporation's internal audit function; (b) deciding whether to appoint, retain or terminate the Corporation's independent auditors and to pre-approve all audit, audit-related, tax and other services, if any, to be provided by the independent auditors; and (c) preparing this report. The Audit Committee members do not act as accountants or auditors for the Corporation. Management is responsible for the Corporation's financial statements and the financial reporting process, including the implementation and maintenance of effective internal control over financial reporting. The external auditors are responsible for expressing an opinion on the conformity of those audited financial statements with U.S. generally accepted accounting principles. The external auditors have free access to the Audit Committee to discuss any matters they deem appropriate.

The Audit Committee recognizes the importance of maintaining the independence of the Corporation's independent auditor, both in fact and appearance. Consistent with its charter, the Audit Committee has evaluated KPMG's qualifications, performance, and independence, including that of the lead audit partner. As part of its auditor engagement process, the Audit Committee considers whether to rotate the independent audit firm. The Audit Committee has established in its Charter a policy pursuant to which all services, audit and non-audit, provided by the independent auditor must be pre-approved by the Audit Committee or its designee. The Corporation's pre-approval policy is more fully described in this proxy statement under the caption "Proposal 2 Ratification of Selection of Auditors." The Audit Committee has concluded that provision of the non-audit services described in that section is compatible with maintaining the independence of KPMG.

Table of Contents

In this context, the Audit Committee has reviewed and discussed, with management and the external auditors, the Corporation's audited financial statements for the year ended September 30, 2011. The Audit Committee has discussed with the external auditors the matters required to be discussed by Statement on Auditing Standards (SAS) No. 114, Communication with Audit Committees, as amended. In addition, the Audit Committee has received the written disclosures and the letter from the independent accountant required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and has discussed with the independent accountant the independent accountant's independence from the Corporation and its management. The Audit Committee has considered whether the external auditors' provision of non-audit services to the Corporation is compatible with the auditors' independence.

Following the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Corporation's Annual Report on Form 10-K for the year ended September 30, 2011, for filing with the Securities and Exchange Commission.

Table of Contents**PROPOSAL 3 RATIFICATION OF SELECTION OF AUDITORS**

Based upon the recommendation of the Audit Committee, the Board of Directors has selected KPMG LLP, which we refer to as KPMG, to serve as our independent registered public accounting firm for the year ending September 30, 2012. Although we are not required to seek stockholder ratification of this appointment, the Audit Committee and the Board believe it to be a matter of good corporate governance to do so. Representatives of KPMG will be present at the annual meeting, will have the opportunity to make a statement, if they desire to do so, and will be available to answer appropriate questions.

Fees Paid to KPMG

The fees billed by KPMG with respect to the years ended September 30, 2011 and September 30, 2010 were as follows:

	Year Ended September 30, 2011	Year Ended September 30, 2010
Audit Fees(1)	\$ 1,958,619	\$ 2,005,310
Audit-Related Fees(2)	201,854	62,500
Tax Fees(3)	978,323	189,881
All Other Fees		
Total Fees(4)	\$ 3,138,796	\$ 2,257,691

- (1) Aggregate fees billed for professional services for the audit of annual financial statements as well as accounting and reporting advisory services related to regulatory filings and acquisition activities.
- (2) Audit-related fees consist of fees for audits of the Corporation's employee benefit plans.
- (3) Tax fees consist of fees for tax consultation and tax compliance services.
- (4) The Audit Committee pre-approved all fees.

The Audit Committee has reviewed the non-audit services provided by KPMG and determined that the provision of these services during fiscal 2011 is compatible with maintaining KPMG's independence.

Pre-Approval Policy. Our Audit Committee (or its designee, as described below) approved all audit and permissible non-audit fees during fiscal year 2011. The Audit Committee has the sole and direct authority to engage, appoint and replace our independent auditors. In addition, the Audit Committee has established an Audit and Non-Audit Services Pre-Approval Policy, whereby every engagement of KPMG to perform audit or permissible non-audit services on behalf of us or any of our subsidiaries requires pre-approval from the Audit Committee or its designee before KPMG is engaged to provide those services. Pursuant to that policy, we expect that on an annual basis, the Audit Committee will review and provide pre-approval for certain types of services that may be rendered by the independent auditors, together with a budget for the applicable fiscal year. The pre-approval policy also requires the pre-approval of any fees that are in excess of the amount budgeted by the Audit Committee. The pre-approval policy contains a provision delegating limited pre-approval authority to the chairman of the Audit Committee in instances when pre-approval is needed prior to a scheduled Audit Committee meeting. The chairman of the Audit Committee would be required to report on such pre-approvals at the next scheduled Audit Committee meeting. As a result, the Audit Committee or its designee has approved 100% of all services performed by KPMG on behalf of us or any of our subsidiaries subsequent to November 16, 2006, the date we became a public company.

Edgar Filing: Sally Beauty Holdings, Inc. - Form DEF 14A

If the stockholders do not ratify the selection of KPMG, the selection of independent auditors will be reconsidered by the Audit Committee of the Board of Directors.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF PROPOSAL 3.
