NOTICE OF ANNUAL MEETING OF STOCKHOLDERS

To Be Held June 18, 2015

To Our Stockholders:

Notice is hereby given that the 2015 Annual Meeting of Stockholders of Semtech Corporation (the "Company") will be held at the Courtyard Marriott, 4994 Verdugo Way, Camarillo, California 93012 on Thursday, June 18, 2015 at 11:00 a.m., Pacific Daylight Time. The purposes of the meeting are to:

1. elect nine directors from the candidates nominated by the Company's Board of Directors to hold office until the next annual meeting or until their respective successors are duly elected and qualified;
2. consider and act on a proposal to ratify the appointment of Ernst & Young LLP as the independent registered public accounting firm for the Company for fiscal year 2016;
3. consider an advisory resolution to approve executive compensation; and
4. transact any other business which may properly come before the 2015 Annual Meeting of Stockholders or any adjournments or postponements thereof.

The record date for the determination of the stockholders entitled to notice of and to vote at the 2015 Annual Meeting of Stockholders was the close of business on April 24, 2015. Holders of a majority of the outstanding shares of the Company's common stock as of the record date must be present in person or by proxy in order for the meeting to be held.

Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting of Stockholders to be held on June 18, 2015: Our Proxy Statement is attached. Our financial and other information is contained in our Annual Report to Stockholders for fiscal year 2015. Pursuant to rules promulgated by the Securities and Exchange Commission, we have elected to provide access to our proxy materials by notifying you of the availability of our proxy materials on the Internet. You will not receive a printed copy of the proxy materials unless specifically requested. This Proxy Statement and our Annual Report to Stockholders for fiscal year 2015, including our Form 10-K for the fiscal year ended January 25, 2015, are available at <http://investors.semtech.com/ar2015> which does not have "cookies" that identify visitors to the site. If you would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the Notice of Internet Availability of Proxy Material. In addition, the Notice of Internet Availability of Proxy Materials provides instructions on how stockholders may request to receive proxy materials for future annual meetings in printed or email form.

YOUR VOTE IS VERY IMPORTANT. Whether or not you plan to attend the 2015 Annual Meeting of Stockholders, we urge you to vote and submit your proxy by the Internet, telephone or mail using the instructions on the Notice of Internet Availability of Proxy Materials, or your proxy card in order to ensure the presence of a quorum.

Any proxy may be revoked by delivery of a later dated proxy or a written notice of revocation or by attending the Annual Meeting and voting in person.

By Order of the Board of Directors

Charles B. Ammann
Secretary

Camarillo, California

ATTENDING THE 2015 ANNUAL MEETING OF STOCKHOLDERS

For stockholders of record, the Notice of Internet Availability of Proxy Materials is your ticket to the 2015 Annual Meeting of Stockholders. Please present your ticket together with picture identification when you reach the registration area at the 2015 Annual Meeting of Stockholders.

For stockholders who hold shares through a brokerage firm, bank or other holder of record, please use a copy of your latest account statement showing your investment in our common shares as of the record date as your admission ticket for the meeting. Please present your account statement together with picture identification to one of our representatives at the 2015 Annual Meeting of Stockholders. Please note that you cannot vote your shares at the 2015 Annual Meeting of Stockholders unless you have obtained a legal proxy from your broker, bank or other stockholder of record. A copy of your account statement is not sufficient for this purpose.

SEMTECH CORPORATION
ANNUAL MEETING OF STOCKHOLDERS
June 18, 2015

PROXY STATEMENT

The Board of Directors ("Board") of Semtech Corporation (the "Company," "we," "us" or "our"), 200 Flynn Road, Camarillo, California, 93012, furnishes this proxy statement (this "Proxy Statement") in connection with its solicitation of proxies to be voted at the 2015 Annual Meeting of Stockholders to be held at the Courtyard Marriott, 4994 Verdugo Way, Camarillo, California 93012 on Thursday, June 18, 2015 at 11:00 a.m., Pacific Daylight Time, or at any adjournments or postponements thereof (the "Annual Meeting").

We first made this Proxy Statement and the accompanying Notice of Annual Meeting of Stockholders and proxy card available to stockholders on or about May 8, 2015. The Company's Annual Report on Form 10-K for fiscal year 2015 ("Annual Report"), including financial statements for the fiscal year ended January 25, 2015, is being made available to stockholders concurrently with this Proxy Statement. The Annual Report, however, is not part of the proxy solicitation material.

What am I voting on and what are the Board's recommendations?

Number	Proposal	Board's Recommendation
1	To elect nine directors to hold office until the next annual meeting of stockholders or until their successors are duly elected and qualified. The nominees are: Mr. Glen M. Antle Mr. James P. Burra Mr. Bruce C. Edwards Mr. Rockell N. Hankin Mr. James T. Lindstrom Mr. Mohan R. Maheswaran Gen. John L. Piotrowski USAF (Ret.) Dr. Carmelo J. Santoro Ms. Sylvia Summers	For the election of each of the nominees
2	To ratify the appointment of Ernst & Young LLP as the independent registered public accounting firm for the Company for fiscal year 2016.	For ratification for fiscal year 2016
3	To adopt an advisory resolution to approve executive compensation.	For the approval of our executive compensation

We will also consider any other business that properly comes before the Annual Meeting or any adjournments or postponements thereof. See "How will voting on any other business be conducted?" below.

Why did I receive a Notice of Internet Availability of Proxy Materials in the mail instead of a full set of proxy materials?

We are using the Securities and Exchange Commission ("SEC") rule that allows companies to furnish their proxy materials over the Internet. As a result, we are mailing to most of our stockholders a "Notice of Internet Availability of Proxy Materials" ("Notice") instead of a printed copy of this Proxy Statement and our Annual Report. The Notice contains instructions on how stockholders can access those documents over the Internet and vote their shares. The Notice also contains instructions on how stockholders can receive a printed copy of our proxy materials, including this Proxy Statement, our Annual Report and a proxy card or voting instruction form. In addition, the Notice provides instructions on how stockholders may request to receive proxy materials for future annual meetings in printed or email form. We believe this process will expedite stockholders' receipt of proxy materials, lower the costs of our Annual Meeting and conserve natural resources.

Who is entitled to vote?

Stockholders as of the close of business on April 24, 2015 (the "Record Date") are entitled to vote and are entitled to attend the Annual Meeting. Each stockholder is entitled to one vote for each share of common stock held on the Record Date. Stockholders are not entitled to cumulative voting rights in the election of directors.

Who are the largest principal stockholders?

See "Beneficial Ownership of Securities" elsewhere in this Proxy Statement for a table setting forth each owner of greater than 5% of the Company's common stock as of April 24, 2015.

What percentages of stock do the directors and officers own?

Together, they own about 2.1% of the Company's common stock as of April 24, 2015. For information regarding the ownership of our common stock by management, see the section entitled "Beneficial Ownership of Securities" elsewhere in this Proxy Statement.

What does it mean if I get more than one proxy card?

It means that you hold shares registered in more than one account. You must return all proxies to ensure that all of your shares are voted.

How do I vote?

Recordholders: Stockholders may vote using the Internet, by telephone, in person at the Annual Meeting, or by proxy via the proxy card as instructed on the proxy card if you requested and received printed copies of the proxy materials by mail. If you will be returning your vote by use of the proxy card, indicate your voting preferences on the proxy card, sign and date it, and return it in the prepaid envelope provided with this Proxy Statement. If you return a signed proxy card but do not indicate your voting preferences, the proxies named in your proxy card will vote FOR all proposals on your behalf as recommended by the Board on those proposals and as the proxy holders may determine in their discretion with respect to any other matters properly presented for vote at the Annual Meeting. You have the right to revoke your proxy any time before the meeting by (1) notifying the Company's Secretary, or (2) returning a later-dated proxy. You may also revoke your proxy by voting in person at the Annual Meeting although the presence (without further action) of a stockholder at the Annual Meeting will not constitute revocation of a previously given proxy. Instructions for voting by using the Internet or by telephone are set forth in the Notice and/or on the proxy card.

If you hold Semtech shares in "street name": Your broker, bank or other nominee will ask for your instructions, generally by means of a voting instruction form. If you do not provide voting instructions to your broker or other nominee, your shares will not be voted on any proposal on which your broker or other nominee does not have discretionary authority to vote. Please note that brokers do not have discretionary authority to vote on the election of directors (Proposal Number 1) or the advisory resolution to approve executive compensation (Proposal Number 3). Consequently, without your voting instructions, your brokerage firm cannot vote your shares with respect to Proposals Number 1 or 3. However, brokers do have discretionary authority to vote on the ratification of the appointment of the independent registered public accounting firm (Proposal Number 2). Therefore, your broker will be able to vote your shares with respect to Proposal Number 2 even if it does not receive instructions from you, so long as it holds your shares in its name. If you wish to vote in person at the Annual Meeting, please use a copy of your latest account statement showing your investment in our common shares as of the Record Date as your admission ticket for the meeting. Please present your account statement together with picture identification to one of our representatives at the Annual Meeting. Please note that you cannot vote your shares at the Annual Meeting unless you have obtained a legal proxy from your broker, bank or other stockholder of record. A copy of your account statement is not sufficient for this purpose.

How are the votes counted?

A "broker non-vote" occurs when a bank, broker or other record holder of the Company's shares does not vote on a proposal because it does not have discretionary voting authority and it has not received instructions from the beneficial owner on how to vote on the proposal. Abstentions and broker non-votes will have no effect on the outcome of the election of directors (Proposal Number 1) since the election of directors is based on the votes actually cast. Withheld votes will be considered for purposes of the Company's "Majority Withheld Vote" policy discussed below. Abstentions will have the same effect as negative votes on the ratification of the appointment of the independent registered public accounting firm (Proposal Number 2) and the advisory resolution to approve executive compensation (Proposal Number 3) because they represent votes that are present, but not cast. Proposal Number 2 is considered to be a routine matter and, accordingly, if you do not instruct your broker, bank or other nominee on how to vote the shares in your account for Proposal Number 2, brokers will be permitted to exercise their discretionary authority to vote for the ratification of the appointment of auditors and, therefore, there will be no broker non-votes for Proposal Number 2. Although broker non-votes are considered present for quorum purposes, they are not considered entitled to vote, and so have no effect on the outcome of Proposal Number 3.

What constitutes a quorum?

As of the Record Date, 66,389,228 shares of the Company's common stock were issued and outstanding. The presence, either in person or by proxy, of the holders of a majority of these outstanding shares is necessary to constitute a quorum for the Annual Meeting. Abstentions and broker non-votes are counted as present and entitled to vote for purposes of determining a quorum.

How many votes are needed for approval of each item?

Proposal Number 1. Under the Company's Bylaws, director nominees will be elected by a plurality of the votes cast in person or by proxy. Thus, for Proposal Number 1, the nine nominees who receive the most votes cast will be elected as directors. Stockholders are not entitled to cumulative voting with respect to the election of directors.

However, as described below, and as set forth in the Company's Corporate Governance Guidelines, available under the "Investors" section at the Company's website www.semtech.com, the Company has adopted a majority voting policy ("Majority Withheld Vote") for uncontested elections of the Board of Directors (elections where the only nominees are those recommended by the Board of Directors). Withheld votes will be considered for purposes of the Majority Withheld Vote.

Under this policy, in an uncontested election of directors, any nominee for director who receives a greater number of votes "withheld" from his or her election than votes "for" his or her election by stockholders present in person or by proxy at an annual or special meeting of the stockholders and entitled to vote will tender a written offer to resign from the Board. Such offer to resign will be tendered within five business days following the certification of the stockholder vote by the inspector of elections.

The Company's Nominating and Governance Committee will promptly consider the resignation offer and recommend to the full Board whether to accept it.

To the extent that a director's resignation is accepted by the Board, the Nominating and Governance Committee will recommend to the Board whether to fill such vacancy or vacancies or to reduce the size of the Board.

The Board will act on the Nominating and Governance Committee's recommendation within 90 days following the certification of the stockholder vote by the inspector of elections, which action may include, without limitation, acceptance of the offer of resignation, adoption of measures intended to address the perceived issues underlying the Majority Withheld Vote, or rejection of the resignation offer. Thereafter, the Board will disclose its decision whether to accept the director's resignation offer and the reasons for rejecting the offer, if applicable, in a Current Report on Form 8-K to be filed with the SEC within four business days of the Board's determination.

The Board believes that this process enhances accountability to stockholders and responsiveness to stockholders' votes, while allowing the Board appropriate discretion in considering whether a particular director's resignation would be in the best interests of the Company and its stockholders.

Edgar Filing: SEMTECH CORP - Form DEF 14A

Proposals Number 2 and 3. Our Bylaws require that each of the other items to be submitted for a vote of stockholders at the Annual Meeting receive the affirmative vote of a majority of the shares of our common stock present or represented by proxy and entitled to vote at the Annual Meeting. Notwithstanding the vote required by our Bylaws, please be advised that the ratification of the appointment of the independent registered public accounting firm (Proposal Number 2), and the advisory resolution to approve executive compensation (Proposal Number 3) are advisory only and are not binding on us. Our Board will consider the outcome of the vote on each of these proposals in considering what action, if any, should be taken in response to the advisory vote by stockholders.

How will voting on any other business be conducted?

Although the Board does not know of any business to be considered at the Annual Meeting other than the items described in this Proxy Statement, if any other business properly comes before the Annual Meeting, a stockholder's properly submitted proxy gives authority to the proxy holder to vote on those matters in his or her discretion.

What happens if the Annual Meeting is postponed or adjourned?

Your proxy may be voted at the postponed or adjourned Annual Meeting. You will still be able to change your proxy until it is voted.

Who will count the vote?

Computershare Trust Company, N.A. will tabulate the votes and act as inspector of election at the Annual Meeting.

Who pays for the cost of this proxy solicitation?

The Company pays for the cost of soliciting proxies on behalf of the Board. The Company also will reimburse brokerage firms and other custodians, nominees and fiduciaries for their reasonable expenses in forwarding proxy material to beneficial owners. Proxies may be solicited by mail, telephone, other electronic means, or in person. Proxies may be solicited by directors, officers and regular, full-time employees of the Company, none of whom will receive any additional compensation for their services.

How can I obtain a copy of the Company's Annual Report?

We will promptly provide, on written or oral request and without charge, a copy of the Company's Annual Report, including financial statements and financial statement schedules, to any person whose proxy is solicited or any beneficial owner of our common stock. Requests should be directed to Semtech Corporation, Attn: Secretary, 200 Flynn Road, Camarillo, California 93012, telephone (805) 498-2111.

Copies of the Company's SEC filings are also available under the "Investors" section of the Company's website at www.semtech.com. Any stockholder desiring additional proxy materials or a copy of the Company's Bylaws should similarly contact the Company's Secretary.

How many copies of this Proxy Statement will I receive if I share my mailing address with another security holder?

Unless we have been instructed otherwise, for stockholders of record who have requested and received printed copies of the proxy materials by mail, we are delivering only one Proxy Statement to multiple security holders sharing the same address. This is commonly referred to as "householding." We will, however, deliver promptly a separate copy of this Proxy Statement to a security holder at a shared address to which a single copy of this Proxy Statement was delivered, on written or oral request. Requests for copies of the proxy statement or requests to cease householding in the future should be directed to Semtech Corporation, Attn: Secretary, 200 Flynn Road, Camarillo, California 93012, telephone (805) 498-2111. If you share an address with another stockholder and wish to receive a single copy of this Proxy Statement, instead of multiple copies, you may direct this request to us at the address or telephone number listed above. Stockholders who hold shares in "street name" may contact their brokerage firm, bank, broker-dealer or other similar organization to request information about householding.

Where can I find the voting results of the Annual Meeting?

Our intention is to announce the preliminary voting results at the Annual Meeting and to publish the final results within four business days after the Annual Meeting in a Current Report on Form 8-K to be filed with the SEC and which we will make available on our website at www.semtech.com under "Investors."

Where can I find general information about the Company?

General information about us can be found on our website at www.semtech.com. The information on our website is for informational purposes only and should not be relied on for investment purposes. The information on our website is not incorporated by reference into this Proxy Statement and should not be considered part of this or any other report that we file with the SEC. We make available free of charge, either by direct access on our website or a link to the SEC's website, our annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K and amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), as soon as reasonably practicable after such reports are electronically filed with, or furnished to, the SEC. Our reports filed with, or furnished to, the SEC are also available directly at the SEC's website at www.sec.gov.

**ELECTION OF DIRECTORS
(Proposal Number 1)**

Nine directors are to be elected at the Annual Meeting, each to serve until the following annual meeting of stockholders or until a successor is elected and qualified. As previously announced, W. Dean Baker had notified the Board on April 14, 2014 that he will not stand for re-election at the Annual Meeting. The Board has voted to reduce its size from ten to nine directors effective immediately before the Annual Meeting. All of the nominees were elected to their present terms of office by the stockholders. All of the nominees have consented to be named as nominees, and have indicated their intent to serve if elected. Unless a stockholder directs otherwise in its proxy card, it is intended that the proxies solicited by management will be voted for the election of the nominees listed in the following table. If any nominee should refuse or be unable to serve, the proxies named in the proxy card will vote the shares for such other person, if any, as shall be designated by the Board.

THE BOARD RECOMMENDS A VOTE FOR THE ELECTION OF EACH OF THE NOMINEES LISTED BELOW

Qualifications: Ms. Summers' qualifications to serve as a member of the Board include her senior executive level experience in technology-related industries and experience as a director of several public companies, which we believe provides our Board with valuable executive-level insights and board-level experience.

CORPORATE GOVERNANCE

Code of Conduct

The Board has adopted a written Core Values and Code of Conduct ("Code of Conduct") that applies to our directors and employees of the Company, including our Chief Executive Officer and our Chief Financial Officer. The Code of Conduct, which is the Company's written "code of conduct" within the meaning of the Nasdaq Marketplace Rules applicable to companies whose stock is listed for trading on the NASDAQ Global Select Market ("NASDAQ") and which constitutes the Company's "code of ethics" within the meaning of Section 406 of the Sarbanes-Oxley Act of 2002, expresses the Company's commitment to the highest standards of ethical business conduct.

Corporate Governance Guidelines

The Board has adopted written Corporate Governance Guidelines that set forth key principles that guide its actions. Some of these principles are discussed below.

Independence

Our Board has determined that all current directors, other than Mr. Maheswaran, are independent under applicable NASDAQ rules and the Board is comprised of a majority of independent directors. The Board determined that Mr. Maheswaran does not meet the independence standards due to his employment by the Company.

Board Leadership Structure

The Board does not have a policy regarding the separation of the roles of Chief Executive Officer and Chairman of the Board. The Chief Executive Officer and Chairman of the Board are separate positions under the Board's current leadership structure. The Chief Executive Officer establishes the corporate direction and strategy, and is responsible for the day-to-day leadership of the Company. The Chief Executive Officer is subject to certain Board-established grants of authority and a Board Review Policy, under which the Board reserves for its action certain material, key strategic, or related matters, and notes matters of Company action on which the Board is to be kept informed. The Chairman of the Board provides guidance to the Chief Executive Officer, presides over the meetings of the stockholders and directors, and guides the Board in fulfilling its obligations. The Chairman of the Board and the Chief Executive Officer hold meetings on a regular basis to discuss both near term and longer range strategic matters. The Chairman of the Board and the Chief Executive Officer collaborate on the preparation of the agenda for each regular Board meeting to set matters to be presented to the Board for its information, attention and action as necessary. Following each meeting of the Board after the independent directors have met in executive session per the Board's standard practice, the Chairman of the Board meets with the Chief Executive Officer to provide feedback on matters raised during the meeting of the Board, and on matters considered for further action or follow-up. On behalf of the Board, the Chairman of the Board also provides one-on-one performance feedback to the Chief Executive Officer. The Board feels this structure facilitates efficient management oversight and enables the Board to effectively meet its governance duties.

Majority Voting and Director Resignation

The Company has adopted a majority voting policy for uncontested elections of the Board (elections where the only nominees are those recommended by the Board). In an uncontested election of directors, any nominee for director who receives a greater number of votes "withheld" from his or her election than votes "for" his or her election by stockholders present in person or by proxy at the annual or special meeting of the stockholders and entitled to vote in the election of directors, will tender a written offer to resign from the Board within five business days following the certification of the stockholder vote by the inspector of elections.

The Company's Nominating and Governance Committee will promptly consider the resignation offer and recommend to the Board whether to accept it.

To the extent that a director's resignation is accepted by the Board, the Nominating and Governance Committee will recommend to the Board whether to fill such vacancy or vacancies or to reduce the size of the Board.

The Board will act on the Nominating and Governance Committee's recommendation within 90 days following the certification of the stockholder vote by the inspector of elections, which action may include, without limitation, acceptance of the offer of resignation, adoption of measures intended to address the perceived issues underlying the Majority Withheld Vote, or rejection of the resignation offer. Thereafter, the Board will disclose its decision whether to accept the director's resignation offer and the reasons for rejecting the offer, if applicable, in a Current Report on Form 8-K to be filed with the SEC within four business days of the Board's determination.

The Board's Role in Risk Oversight and Management

The Board actively oversees risk management of the Company. The Audit Committee serves as the focal point at the Board level for overseeing the Company's overall risk management process. Among its duties, the Audit Committee reviews with management (a) the Company's policies with respect to risk assessment and management of risks that may be material to the Company, (b) the Company's system of disclosure controls and system of internal controls over financial reporting, and (c) the Company's compliance with legal and regulatory requirements. The Audit Committee is also responsible for reviewing major legislative and regulatory developments that could materially impact the Company's contingent liabilities and risks.

During our fiscal year 2015, the Company continued with enterprise risk assessment evaluations conducted with Audit Committee oversight and participation. The enterprise risk assessment reviews and work performed during fiscal year 2015 were based on the framework and methodologies first used for risk assessment purposes in an initial enterprise risk assessment conducted in fiscal year 2010. The results of the fiscal year 2015 enterprise risk assessment update were reported first to the Audit Committee, and subsequently to the Board for evaluation, identification of matters for additional attention, and overall risk management. The Audit Committee continues to oversee and ensure fulfillment of management initiatives instituted to address risks identified in the enterprise risk assessment process.

Our other Board committees also consider and address risk as they perform their respective committee responsibilities. All committees report to the Board as appropriate, including when a matter rises to the level of a material or enterprise level risk. After receiving a report from a committee, the Board provides guidance as it deems necessary.

Specific Company management functions are responsible for day-to-day risk management. Our accounting, finance, legal, and internal audit areas serve as the primary monitoring and testing functions for company-wide policies and procedures, and manage the day-to-day oversight of the risk management strategy for the ongoing business of the Company. This oversight includes identifying, evaluating, and addressing potential risks that may exist at the enterprise, strategic, financial, operational, and compliance and reporting levels.

Edgar Filing: SEMTECH CORP - Form DEF 14A

The Board believes that its grants of authority to the Chief Executive Officer and under the Board Review Policy for the Chief Executive Officer as noted above in "Board Leadership Structure" serve to oversee and manage risks by ensuring that the Board is kept well informed on material matters, and is the ultimate approving authority for selected matters. The Board also receives regular reports from the Chief Executive Officer reporting on areas involving operational, human resources, legal, compliance, financial and strategic risks, as well as reports from senior officers of the Company on selected matters as requested from time to time by the Board as part of its recurring meeting process. The Board receives such reports from the Chief Executive Officer and senior executives to enable the Board to understand the identification, management and mitigation strategies for the reported risks.

We believe the division of risk management responsibilities described above is an effective approach for addressing the risks facing the Company and that our Board leadership structure supports this approach.

Policy on Hedging and Pledging

The Company recognizes that hedging against losses in Company stock is not appropriate or acceptable trading activity for individuals employed by or serving the Company. The Company has adopted stock ownership guidelines (as described below in the section titled "Compensation Discussion and Analysis") that, among other things, are intended to align the interests of stockholders, and the Company's directors and officers. In keeping with the intent of the stock ownership guidelines, as well as for the purpose of clearly outlining the Company's position on acceptable trading activity, the Company has incorporated prohibitions on various hedging activities within its stock trading guidelines, which guidelines apply to directors, officers and employees. The guidelines prohibit all short sales of Company stock and any trading in derivatives (such as put and call options) that relate to Company securities. The guidelines also prohibit pledging any Company stock or equity awards as collateral for any margin account, or other form of credit arrangement.

Risk Assessment of Compensation Programs

In compliance with SEC disclosure requirements, we have evaluated our compensation policies and practices to determine if any of our programs create risks that are reasonably likely to have a material adverse effect on the Company. We have concluded that our compensation policies and practices do not create such risks. We evaluated our executive program, as well as our broad-based compensation and benefits programs on a worldwide basis. We focused on looking at whether any program's elements, criteria, purposes or objectives create undesired or unintended risk of a material nature. While all programs were evaluated, primary review and attention was placed on programs having potential for variable payouts where an individual participant or small groups of participants might have the ability to directly affect, control or impact payout results. We are satisfied that all compensation programs are structured with appropriate controls, objective measurement variables, review authorities and payment methodologies that, in the aggregate, are designed and administered so that there is not any reasonable likelihood of material adverse risks to the Company arising from or caused by any of our compensation programs. In addition, "claw-back" rights and provisions in applicable executive compensation plans as discussed below in our "Compensation Discussion and Analysis" are additional safeguards that encourage executives to refrain from making risky decisions or taking actions that could harm the Company.

In particular, base salaries are fixed in amount and are, therefore, not susceptible to encouraging unnecessary or excessive risk taking. Although the performance-based, short-term annual cash incentives focus on achievement of short-term individual performance and business-related goals, which could encourage taking of short-term risks at the expense of long-term goals, this element of compensation is offset and balanced by the Company's use of long-term, multi-year incentive programs that are designed to align our executives' interests with those of the Company's stockholders. We believe that long-term, multi-year incentive programs do not encourage unnecessary or excessive risk taking because the ultimate value of these programs is tied to the value of the Company's stock and the grant dates and vesting dates are staggered over multiple years to ensure that executives have a significant stake in the long-term performance of the Company's stock.

Evaluation of Chief Executive Officer Performance

In concert with our Compensation Committee in accordance with that Committee's charter, the Board of Directors oversees and evaluates the performance of the Chief Executive Officer on an ongoing basis, including a formal annual performance review. Such evaluation includes regular assessment of his performance against goals and objectives established in connection with his compensation programs, as well as his overall performance in leading and managing the Company.

Annual Board Evaluation

Pursuant to our Corporate Governance Guidelines and the charter of the Nominating and Governance Committee, the Nominating and Governance Committee at least annually reviews, discusses and assesses the performance and effectiveness of the Board and the individual directors and makes relevant recommendations to the Board. The Nominating and Governance Committee also considers the self-evaluations of each standing committee and evaluates the need for any restructuring of the committees. The evaluation process is designed to facilitate ongoing, systematic examination of the Board's effectiveness and accountability, and to identify opportunities for improving its operations and procedures.

In fiscal 2015, the Board completed an evaluation process focusing on the effectiveness of the performance of the Board as a whole and the background and skills of each director. Each standing committee conducted a separate evaluation of its own performance and of the adequacy of its charter and reported to the Board on the results of its evaluation.

Transactions with Related Parties

We have adopted a written Related-Person Transaction Policy, approved by the Audit Committee and the Board, which provides guidelines for the disclosure, review, ratification and approval of transactions with our directors, executive officers, 5% stockholders and their immediate family members in which the amount involved exceeds or reasonably can be expected to exceed \$120,000. The policy supplements our other policies or procedures that may be applicable to a transaction, including our Code of Conduct. Under the Code of Conduct, all directors and employees are expected to avoid actual or apparent conflicts between personal interests and interests of the Company. The policy is administered by the Audit Committee and related-person transactions must be terminated unless approved or ratified by the Audit Committee in accordance with the terms of the policy. In making its determination, the Audit Committee is to take into account all relevant factors and material facts it deems significant including:

the size and materiality of the transaction and the amount of consideration payable to the related-person;

the nature of the interest of the related-person;

whether the transaction may involve a conflict of interest;

whether the transaction involves the provision of goods or services to the Company that are readily available from unaffiliated third parties on better terms;

whether there are business reasons to enter into the transaction; and

whether the transaction is fair to the Company.

Since January 27, 2014, there has not been nor is there currently proposed any transaction or series of similar transactions to which we were or are to be a party in which the amount involved exceeds \$120,000 and in which any of our directors, executive officers, persons who we know hold more than 5% of our common stock, or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest other than compensation agreements and other arrangements, which are described elsewhere in this Proxy Statement.

Directors are expected to devote sufficient time to the Board and its committees and to carry out their duties and responsibilities effectively. It is expected that each director will be available to attend all meetings of the Board and any committees on which the director serves, as well as the Company's annual meeting of stockholders. During the Company's last fiscal year, the Board held eight regularly scheduled meetings and 25 committee meetings. Each of the then incumbent directors attended 75% or more of the aggregate of the meetings of the Board and the meetings of the committees of the Board on which such director served. As is our practice, the independent directors met in an executive session without management present at several of these meetings. It is the policy of the Company that all of the directors attend the annual meetings of stockholders unless important personal reasons prohibit it. All of our directors attended last year's Annual Meeting, held in June 2014.

Continuing Education

Edgar Filing: SEMTECH CORP - Form DEF 14A

Each director is expected to take steps reasonably necessary to enable the director to function effectively on the Board and Board committees on which the director serves, including becoming and remaining well informed about the Company, the industry, and business and economic trends affecting the Company. Each director is also expected to take steps reasonably necessary to keep informed on principles and practices of sound corporate governance. The Company provides each director with membership in the National Association of Corporate Directors ("NACD"). Each director is required to participate, at the Company's expense, in a minimum amount of director education during a given two-year period. A "two-year" period ends each even numbered fiscal year of the Company.

Edgar Filing: SEMTECH CORP - Form DEF 14A

Committees

The Board has an Audit Committee, Compensation Committee, and Nominating and Governance Committee. Committee assignments and designations of committee chairs are made annually by a vote of the Board at the annual organizational meeting of directors held in conjunction with the annual meeting of stockholders. All committees are authorized to engage advisors as deemed necessary to carry out their duties and each committee is charged with conducting an annual self-evaluation and assessment of its charter. Current committee assignments are set forth in the following table:

Director	Audit	Compensation	Nominating and Governance
Rockell N. Hankin, Chairman of the Board			Member
James P. Burra, Vice Chairman of the Board		Member	Member
Glen M. Antle		Member	
W. Dean Baker (1)	Member		Chair
Bruce C. Edwards		Chair	
James T. Lindstrom	Chair		
John L. Piotrowski	Member		
Carmelo J. Santoro		Member	
Sylvia Summers	Member		
Number of meetings during fiscal year 2015	9	10	6

(1) As disclosed in a Current Report on Form 8-K filed on August 18, 2014, W. Dean Baker notified the Board on August 14, 2014 that he would not seek re-election as a director at the Company's 2015 Annual Meeting of Stockholders, but would continue serving as a director until the date of the Annual Meeting.

Audit Committee

We have a separately-designated standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Exchange Act. The Board has determined that each member of the Audit Committee is independent as defined by NASDAQ and SEC rules applicable to audit committee members, is financially sophisticated as defined by NASDAQ rules, and is an audit committee financial expert as defined by SEC rules.

The Audit Committee's responsibilities are set forth in a written charter and include assisting the Board in overseeing:

the accounting and financial reporting processes of the Company;

the Company's internal audit function;

the integrity of the Company's financial statements and systems of internal controls and disclosure controls;

Edgar Filing: SEMTECH CORP - Form DEF 14A

the audits of the Company's financial statements;

the appointment, compensation, retention and work of the auditor;

the Company's financial risk; and

the Company's compliance with legal and regulatory requirements and the Company's Code of Conduct.

The Audit Committee meets periodically with the Company's independent registered public accounting firm outside the presence of Company management. The Audit Committee has also been designated by the Board to serve as the Company's Qualified Legal Compliance Committee, within the meaning of Section 205 of the SEC's Standards of Professional Conduct for Attorneys Appearing and Practicing before the Commission in the Representation of an Issuer.

The Audit Committee has adopted a policy regarding pre-approval of services to be provided by the Company's independent registered public accounting firm, which is described below under the heading "Policy On Audit Committee Pre-Approval Of Audit And Permissible Non-Audit Services," and procedures for the receipt, retention and treatment of

Edgar Filing: SEMTECH CORP - Form DEF 14A

complaints regarding accounting, internal accounting controls or auditing matters, which are described below under the heading "Contacting The Board Of Directors."

Compensation Committee

The Compensation Committee's written charter requires that its members satisfy the independence requirements of NASDAQ and applicable law. From January 27, 2014 through January 25, 2015, the Compensation Committee consisted of four Board Members, each of whom the Board has affirmatively determined satisfies these independence requirements. The Compensation Committee charter sets forth the purpose and responsibilities of the Compensation Committee, which include the following:

reviewing and approving goals and objectives for our Chief Executive Officer, and evaluating his performance against those goals and objectives;

determining (or recommending to the Board for determination) all elements of the Chief Executive Officer's compensation and that of our other executive officers;

reviewing the Company's management development programs and succession plans;

overseeing and periodically reviewing the operation of the Company's incentive programs and benefit plans;

carrying out all responsibilities and functions assigned to it by the documents governing the Company's incentive programs and benefit plans;

making and approving equity awards; and

reviewing and making recommendations to the Board with respect to the compensation of our directors who are not also employed by the Company ("Non-Employee Directors").

The Compensation Committee has the authority and resources appropriate to discharge its duties and responsibilities, including the authority to select, engage and terminate independent counsel, consultants and other advisors as it deems necessary to carry out its duties without seeking approval of the Board or management. The Compensation Committee may also delegate to subcommittees such authority as it deems appropriate. The Compensation Committee has no current intention to delegate any of its authority to any other committee or subcommittee. Our executive officers, including the Named Executive Officers (as defined in the "Compensation Discussion and Analysis" below), do not have any role in determining the form or amount of compensation paid to our executives. However, our Chief Executive Officer does make recommendations to the Compensation Committee with respect to compensation paid to the other executive officers.

Nominating and Governance Committee

The Nominating and Governance Committee's written charter charges it with assisting the Board by:

identifying and evaluating individuals qualified to become members of the Board;

recommending to the Board director nominees for election at each annual meeting and to fill vacancies on the Board;

making recommendations to the Board regarding the Board offices of Chair and Vice Chair, assignments to Board committees and committee chairs;

Edgar Filing: SEMTECH CORP - Form DEF 14A

developing, overseeing the effectiveness of and recommending changes to the Company's Corporate Governance Guidelines;

making other recommendations to the Board regarding corporate governance matters and nomination and evaluation matters relating to the directors;

overseeing the evaluation of the Board; and

taking such other actions within the scope of its charter as the Committee deems necessary or appropriate.

Edgar Filing: SEMTECH CORP - Form DEF 14A

The Board has determined that each member of the Nominating and Governance Committee is independent as defined by NASDAQ rules.

CONTACTING THE BOARD OF DIRECTORS

General Business Matters

Our Annual Meeting provides an opportunity for stockholders to speak directly with the Board regarding appropriate matters. Stockholders also may communicate with the Board, or any committee or director, about Company business by writing to such party in care of the Company's Secretary at the Company's headquarters at 200 Flynn Road, Camarillo, California, 93012. Stockholders are encouraged to include evidence of their holdings with their communications. The Company's Secretary will forward communications as applicable to the Chairman of the Board, the applicable committee chair, or individual named director if a communication is directed to an individual director. Any communication deemed to involve an accounting matter will be sent to the Chair of the Audit Committee. The foregoing process is in accordance with the process adopted by a majority of the independent members of the Board, which includes procedures for collecting, organizing and otherwise

Edgar Filing: SEMTECH CORP - Form DEF 14A

handling such communications. Advertisements, solicitations or hostile communications will not be presented.

Accounting Matters

The Audit Committee has established procedures for the receipt, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters ("Accounting Matters"). Employees with concerns regarding Accounting Matters may report their concerns in writing to our Chief Financial Officer, Chief Executive Officer or General Counsel. Employees may also report concerns regarding Accounting Matters anonymously directed to the Audit Committee via the on-line confidential reporting system maintained by the Company. Non-employee complaints regarding Accounting Matters may be reported by writing to the Audit Committee in care of the Company's Secretary at the Company's headquarters at 200 Flynn Road, Camarillo, California 93012.

DIRECTOR NOMINATIONS

Criteria and Diversity for Board Membership

All persons nominated to serve as a director of the Company should possess the minimum qualifications, skills and attributes as determined by our Board. The qualifications, attributes and skills noted below are illustrative but not exhaustive. The Nominating and Governance Committee will also consider the contributions that a candidate can be expected to make to the Board based on the totality of the candidate's background, credentials, experience and expertise, the diversity and composition of the Board at the time, and other relevant circumstances.

Key qualifications include:

Business Understanding. Candidates must have a general appreciation regarding major issues facing public companies of a size and operational scope similar to the Company, including regulatory obligations and governance concerns of a public issuer; strategic business planning; competition in a global economy; and basic concepts of corporate finance.

Experience or Achievement. Candidates must have demonstrated achievement in one or more fields of business, professional, governmental, community, scientific or educational endeavor.

Integrity. All candidates must be individuals of personal integrity and ethical character.

Absence of Conflicts of Interest. Candidates should not have any interests that would materially impair their ability to (i) exercise independent judgment, or (ii) otherwise discharge the fiduciary duties owed as a director to the Company and its stockholders.

Fair and Equal Representation. Candidates must be able to represent fairly and equally all stockholders of the Company without favoring or advancing any particular stockholder or other constituency of the Company.

Oversight. Candidates are expected to have sound judgment, based on management or policy-making experience that demonstrates an ability to function effectively in an oversight role.

Available Time. Candidates must be prepared to devote adequate time to the Board and its committees. It is expected that each candidate will be available to attend all meetings of the Board and any committees on which the candidate will serve, as well as the Company's annual meeting of stockholders.

Diversity. Although we do not have a formal diversity policy, when considering diversity in evaluating candidates, the Nominating and Governance Committee focuses on whether candidates can contribute varied perspectives, skills, experiences and expertise to the Board. The Nominating and Governance Committee will seek to promote an appropriate diversity on the Board of professional background, experience, expertise, perspective, age, gender and ethnicity.

Evaluation of Nominees

The Nominating and Governance Committee will identify potential candidates for Board membership, when applicable, through professional search firms and personal referrals. Candidacy for Board membership requires the final approval of the full Board. Each year, the Board proposes a slate of nominees to the stockholders, who elect the members of the Board at the annual meeting of stockholders. Stockholders may also propose nominees for consideration by the Nominating and Governance Committee by submitting the names and supporting information regarding proposed candidates to the Company's Secretary in accordance with the procedure for submitting stockholder nominations set forth under "Recommendation of a Director Candidate for Consideration by the Nominating and Governance Committee" and "Direct Nomination of a Director Candidate" below. Candidates (including those proposed by our stockholders) are evaluated by the Nominating and Governance Committee through recommendations, resumes, personal interviews, reference checks and other information deemed appropriate by the Nominating and Governance Committee.

Recommendation of a Director Candidate for Consideration by the Nominating and Governance Committee

The Nominating and Governance Committee will consider recommendations for director nominations submitted by stockholders. Submissions for the 2016 Annual Meeting of Stockholders (the "2016 Annual Meeting") must be received no later than March 20, 2016; must otherwise be made in accordance with our Director Nominations Policy; and must include all information specified in that Policy. The Nominating and Governance Committee will only consider candidates who satisfy the Company's minimum qualifications for director, as set forth in our Director Nominations Policy, including that directors represent the interests of all stockholders. One of the factors that will be taken into account in considering a stockholder recommendation is the size and duration of the recommending stockholder's ownership interest in the Company and whether the stockholder intends to continue holding that interest through the applicable annual meeting date. Stockholders should be aware that it is the general policy of the Company to re-nominate qualified incumbent directors.

Direct Nomination of a Director Candidate

Under the Company's Bylaws, director nominations will be considered untimely and ineligible to come properly before the Company's 2016 Annual Meeting if notice of such nomination is not received by the Company by March 20, 2016. A stockholder making a director nomination must be a stockholder of record on the date the required notice is given to the Company and on the record date for the meeting. The required notice must be submitted in writing to the Company's Secretary at the Company's headquarters at 200 Flynn Road, Camarillo, California 93012 and must contain the following information:

- (a) as to each person whom the stockholder proposes to nominate for election as a director:
 - (i) the name, age, business address, residence address and principal occupation or employment of the person,
 - (ii) the class or series and number of shares of capital stock of the Company which are owned beneficially or of record by the person,
 - (iii) a description of all arrangements or understandings between the stockholder and each nominee and any other person(s) (naming such person or persons) pursuant to which the nominations are to be made by the stockholder, and
 - (iv) any other information relating to such person that is required to be disclosed in solicitations of proxies for elections of directors, or is otherwise required, in each case pursuant to Regulation 14A under the Exchange Act (including such person's written consent to being named in the proxy statement, if any, as a nominee and to serving as a director if elected); and
- (b) as to such stockholder giving notice:
 - (i) the name and record address of the stockholder who intends to make the proposal and the class or series and number of shares of capital stock of the Company which are owned beneficially or of record by such stockholder,
 - (ii) a representation that the stockholder is a holder of record of common stock of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to introduce the business specified in the notice,
 - (iii) a brief description of the business desired to be brought before the annual meeting and the reasons for conducting such business at the annual meeting,
 - (iv) any material interest of the stockholder in such business, and
 - (v) any other information that is required to be provided pursuant to Regulation 14A under the Exchange Act.

STOCKHOLDER PROPOSALS**Stockholder Proposals to be included in Next Year's Proxy Statement**

The Company must receive stockholder proposals for the 2016 Annual Meeting no later than January 9, 2016 in order to be considered for inclusion in the Company's proxy materials. Stockholder proposals must be submitted in writing to the Company's Secretary at the Company's headquarters at 200 Flynn Road, Camarillo, California 93012. Any proposal must comply with the requirements as to form and substance established by the SEC for such proposal to be included in the Company's proxy statement.

Other Stockholder Proposals for Presentation at Next Year's Annual Meeting

Under the Company's Bylaws, proposals by stockholders submitted outside the process of Rule 14a-8 under the Exchange Act will be considered untimely and ineligible to come properly before the Company's 2016 Annual Meeting if notice of such proposal is not received by the Company by March 20, 2016. However, in the event that the annual meeting is called for a date that is more than thirty (30) days before or after the anniversary of the prior year's annual meeting, notice by a stockholder to be timely must be received not later than the close of business on the tenth (10th) day following the earlier of (1) the day on which notice of the meeting was mailed or (2) the day on which the Company publicly announces the date of such meeting. The proposal must be a proper matter for stockholder action under Delaware law and the stockholder bringing the proposal must be a stockholder of record on the date the required notice of the proposal is given to the Company and on the record date for the meeting. The required notice must be submitted in writing to the Company's Secretary at the Company's headquarters at 200 Flynn Road, Camarillo, California 93012 and must contain the information set forth in section (b) of "Direct Nomination of a Director Candidate" above.

DIRECTOR COMPENSATION***DIRECTOR COMPENSATION POLICY***

Non-Employee Directors receive a cash retainer for their services on the Board, their committee service, and their role as Chair of the Board or any committee. Our Non-Employee Directors also receive equity-based compensation.

Cash Retainer Fees

During fiscal year 2015, the cash retainer fees payable to Non-Employee Directors were as follows:

Description	Annual Retainer
Annual Retainer	\$ 45,000
Additional Retainer for Chairman of the Board	\$ 50,000
Committee Chair Retainer	
Audit Committee	\$ 20,000
Compensation Committee	\$ 20,000
Nominating and Governance Committee	\$ 10,000
Committee Retainer	
Audit Committee	\$ 10,000
Compensation Committee	\$ 10,000
Nominating and Governance Committee	\$ 5,000

The committee retainer is payable to each member of a committee who is not also the chair of that committee. The Chair of a committee is entitled to receive only the committee chair retainer for that particular committee. Fees are paid quarterly in advance. Directors are also reimbursed for their reasonable expenses incurred in connection with their services.

Equity Award Grants

The equity awards made to Non-Employee Directors in fiscal year 2015 were made from the 2013 Long Term Equity Incentive Plan (the "2013 Plan"). Non-Employee Directors receive equity awards on the following terms:

Edgar Filing: SEMTECH CORP - Form DEF 14A

Initial Option Grant. Generally, each Non-Employee Director (who was not an employee of the Company immediately prior to joining the Board) will receive an option to purchase 20,000 shares of the Company's common stock on his or her initial election or appointment to the Board. These options vest in annual installments over the four-year period following the grant date beginning on the first anniversary of the grant date.

Edgar Filing: SEMTECH CORP - Form DEF 14A

Semi-Annual Option Grants. On each January 1 and July 1, each Non-Employee Director then in office receives stock options to purchase 5,000 shares of the Company's common stock. These stock options vest in equal annual installments over the four-year period following the grant date.

Once vested, initial and semi-annual stock options granted to our Non-Employee Directors generally remain exercisable until their normal expiration date. However, stock options may terminate earlier in connection with a change in control transaction, which transaction would also generally cause any unvested options to become fully vested on an accelerated basis. Our Non-Employee Directors generally have 90 days to exercise vested stock options following their departure from the Board. Unvested stock options terminate immediately when the director leaves the Board for any reason, except for departure from Board service due to death, disability, or board retirement. Board retirement may occur at the election of a director after ten years of service as a director or after five years of Board service if the director is then age 65. In the event of death, disability or board retirement as noted above, the stock options fully vest immediately and the exercise period is generally extended to three years following the director's departure from the Board. Further, if the Non-Employee Director dies or suffers a disability within the three years following board retirement and prior to termination of the stock option, the option generally remains exercisable for three years after the death or disability. Directors Antle, Baker, Burra, Hankin, Lindstrom and Piotrowski currently meet the eligibility requirements for board retirement.

Annual Stock Unit Grant. On each July 1, each Non-Employee Director then in office receives an award of restricted stock units. The number of restricted stock units is determined by dividing \$70,000 by the closing price of the Company's common stock on the grant date, rounded down to the nearest whole number. The stock units vest on the first anniversary of the award, subject to pro-ration if the Non-Employee Director's service terminates for other than death or disability. The stock units fully vest on death or disability, or in connection with a change in control transaction. The stock units carry no voting rights or other stock ownership rights. If the Company pays a cash dividend before the stock units have been paid or terminated, the Non-Employee Director will be credited with additional stock units equivalent to the value of the dividend that would be paid on the number of shares underlying the Non-Employee Director's outstanding stock units. The additional stock units will be subject to the same vesting schedule as the original stock unit to which they relate. Each vested restricted stock unit will be paid in cash on the termination of the Non-Employee Director's service with the Company, in an amount equal to the closing price of our common stock on such date.

DIRECTOR COMPENSATION FISCAL YEAR 2015

The following table presents information regarding the compensation of individuals who were Non-Employee Directors during fiscal year 2015 for their services during that year. The compensation paid to Mr. Maheswaran, who is our current Chief Executive Officer, is presented below under "Executive Compensation," including in the Summary Compensation Table and the related explanatory tables. Mr. Maheswaran is our only employee director and does not receive any additional compensation for his services as a director.

The amounts and values noted do not necessarily correspond to any actual value that will be realized by a recipient. The stock award and option award amounts reflected in the table, and the grant-date values discussed below in this footnote, are computed in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 718 based on

Edgar Filing: SEMTECH CORP - Form DEF 14A

assumptions set forth in Note 12 to the financial statements included in the Company's Annual Report on Form 10-K filed with the SEC on March 30, 2015. The awards are valued as of the grant date disregarding any estimate of forfeitures related to service-based vesting conditions. There were no forfeitures by our Non-Employee Directors in fiscal year 2015. On July 1, 2014 each Non-Employee Director was awarded 2,632 restricted stock units that vest on July 1, 2015. The fair value of each such restricted stock unit on the grant date was \$26.59 and the fair value of the award on the grant date was \$69,985. Each Non-Employee Director was awarded 5,000 stock options on July 1, 2014 and on January 1, 2015. Each of the stock option awards granted on July 1, 2014 had a fair value equal to \$38,803 on the grant date, and each of the stock option awards granted on January 1, 2015, had a fair value equal to \$39,708 on the grant date.

The following table presents the number of outstanding and unexercised option awards and number of outstanding stock units held by each of our Non-Employee Directors as of January 25, 2015:

Outstanding Awards at End of Fiscal Year 2015

Director Name	Since	Number of Shares Subject to Outstanding Option Awards at Fiscal Year End			Number of Outstanding Restricted Stock Units At Fiscal Year End

As disclosed in a Current Report on Form 8-K filed on August 18, 2014, W. Dean Baker notified the Board on August 14, 2014 that he would not seek re-election as a director at the Company's 2015 Annual Meeting of Stockholders, but would continue serving as a director until the date of the Annual Meeting.

BENEFICIAL OWNERSHIP OF SECURITIES

The table below indicates the number of shares of the Company's common stock beneficially owned as of April 24, 2015, the record date for the Annual Meeting, by each person known to the Company to be the beneficial owner of more than 5% of the outstanding shares of our common stock, each of our directors, each of our NEOs (as defined herein) and all directors and executive officers as a group. Unless otherwise noted, all information regarding stockholders who are not directors or officers of the Company is based on the Company's review of information filed with the SEC on Schedule 13D or 13G, which information is as of December 31, 2014. The amounts and percentages of common stock beneficially owned are reported on the basis of regulations of the SEC governing the determination of beneficial ownership of securities. Under the rules of the SEC, a person is deemed to be a "beneficial owner" of a security if that person has or shares "voting power," which includes the power to vote or to direct the voting of such security, or "investment power," which includes the power to dispose of or direct the disposition of such security. A person is also deemed to be a beneficial owner of any securities of which that person has a right to acquire beneficial ownership within 60 days. Unless otherwise indicated below, to the Company's knowledge, all persons listed have sole voting and investment power with respect to their shares.

Unless otherwise noted below, the address of each beneficial owner listed in the table is in care of Semtech Corporation, 200 Flynn Road, Camarillo, California 93012.

As reported in Amendment No. 5 to Schedule 13G/A filed on January 15, 2015 by BlackRock Inc. BlackRock Inc. reported sole voting power with respect to 6,107,184 shares and sole dispositive power with respect to 6,288,121 shares, as the parent company of the following subsidiaries which hold the shares: BlackRock (Luxembourg) S.A., BlackRock Advisors (UK) Limited,

Edgar Filing: SEMTECH CORP - Form DEF 14A

BlackRock Advisors, LLC, BlackRock Asset Management Canada Limited, BlackRock Asset Management Ireland Limited, BlackRock Capital Management, BlackRock Fund Advisors, BlackRock Institutional Trust Company, N.A., BlackRock International Limited, BlackRock Investment Management (Australia) Limited, BlackRock Investment Management (UK) Ltd, BlackRock Investment Management, LLC and BlackRock Japan Co Ltd.

(2)

As reported in Amendment No. 2 to Schedule 13G filed February 11, 2015 by T. Rowe Price Associates, Inc. ("Price Associates"). Price Associates reported sole voting power with respect to 1,095,040 shares and sole dispositive power with respect to 6,198,700 shares. Price Associates is an investment adviser registered under Section 203 of the Investment Advisers Act of 1940. Price Associates does not serve as custodian of the assets of any of its clients; accordingly, in each instance only the client or the client's custodian or trustee bank has the right to receive dividends paid with respect to, and proceeds from the sale of, such securities. The ultimate power to direct the receipt of dividends paid with respect to, and the proceeds from the sale of, such securities, is vested in the individual and institutional clients which Price Associates serves as investment adviser. Any and all discretionary authority which has been delegated to Price Associates may be revoked in whole or in part at any time.

(3)

As reported in Schedule 13G filed on February 13, 2015 by FMR LLC. FMR LLC reported sole voting power over 14 shares and no shared voting power and sole dispositive power of 5,130,059 shares and no shared dispositive power. The Schedule 13G lists the identity of each relevant entity that beneficially owns 5% or greater of the outstanding shares of the security class being reported on the Schedule 13G as follows: Fidelity Management & Research (Hong Kong) Limited, FMR Co., Inc., and Strategic Advisers, Inc. Edward C. Johnson is Director and Chairman of FMR LLC and Abigail P. Johnson is Director, Vice Chairman, the CEO and President of FMR LLC. Members of the family of Edward C. Johnson, including Abigail P. Johnson, are the predominant owners, directly or through trusts, of Series B voting common shares of FMR LLC, representing 49% of the voting power of FMR LLC. The Johnson family group and all other Series B shareholders have entered into a shareholders' voting agreement under which all Series B voting common shares will be voted in accordance with the majority vote of Series B voting common shares. Accordingly, through their ownership of voting common shares and the execution of the shareholders' voting agreement, members of the Johnson family may be deemed, under the Investment Company Act of 1940, to form a controlling group with respect to FMR LLC. Neither FMR LLC nor Edward C. Johnson 3d nor Abigail P. Johnson has the sole power to vote or direct the voting of the shares owned directly by the various investment companies registered under the Investment Company Act ("Fidelity Funds") advised by Fidelity Management & Research Company ("FMR Co"), a wholly owned subsidiary of FMR LLC, which power resides with the Fidelity Funds' Boards of Trustees. Fidelity Management & Research Company carries out the voting of the shares under written guidelines established by the Fidelity Funds' Boards of Trustees. The filing reflects the securities beneficially owned, or that may be deemed to be beneficially owned, by FMR LLC, certain of its subsidiaries and affiliates, and other companies (collectively, the "FMR Reporters"). The Schedule 13G states that the filing does not reflect securities, if any, beneficially owned by certain other companies whose beneficial ownership of securities is disaggregated from that of the FMR Reporters in accordance with Securities and Exchange Commission Release No. 34-39538 (January 12, 1998).

(4)

As reported in Schedule 13G filed February 13, 2015 by Ivy Investment Management Company. Waddell & Reed Financial, Inc. ("WDR") reported sole voting and dispositive power over 4,859,300 shares. The securities reported are beneficially owned by one or more open-end investment companies or other managed accounts which are advised or sub-advised by Ivy Investment Management Company ("IICO"), an investment advisory subsidiary of WDR or Waddell & Reed Investment Management Company ("WRIMCO"), an investment advisory subsidiary of Waddell & Reed, Inc. ("WRI"). WRI is a broker-dealer and underwriting subsidiary of Waddell & Reed Financial Services, Inc., a parent holding company ("WRFSI"). In turn, WRFSI is a subsidiary of WDR, a publicly traded company. The investment advisory contracts grant IICO and WRIMCO all investment and/or voting power over securities owned by such advisory clients. The investment sub-advisory contracts grant IICO and WRIMCO investment power over securities owned by such sub-advisory clients and, in most cases, voting power. Any investment restriction of a sub-advisory contract does not restrict investment discretion or power in a material manner. Therefore, IICO and/or WRIMCO may be deemed the beneficial owner of the securities covered by this statement under Rule 13d-3 of the Exchange Act. IICO, WRIMCO, WRI, WRFSI and WDR are of the view that they are not acting as a "group" for purposes of Section 13(d) under the Exchange Act. Indirect "beneficial ownership" is attributed to the respective parent companies solely because of the parent companies' control relationship to WRIMCO and IICO.

(5)

As reported in Amendment No. 2 to Schedule 13G filed February 11, 2015 by The Vanguard Group. The Vanguard Group reported sole voting power over 89,532 shares, sole dispositive power over 4,063,096 shares and shared dispositive power over 84,732 shares. Vanguard Fiduciary Trust Company, a wholly-owned subsidiary of The Vanguard Group, Inc., is the beneficial owner of 84,732 of the shares as a result of its serving as investment manager of collective trust accounts and Vanguard Investments Australia, Ltd., a wholly-owned subsidiary of The Vanguard Group, Inc., is the beneficial owner of 4,800 shares as a result of its serving as investment manager of Australian investment offerings.

- (6) The reported shares include shares held in family trusts under which voting and/or dispositive power is shared: Mr. Burra (43,000 shares) and Mr. Edwards (7,000 shares). Other shares reported under "All Directors and Executive Officers as a group" may be held jointly by executive officers and their spouses, held solely by their spouses, held in revocable family trusts in which voting and/or dispositive powers may be shared with or rest in others, or held by other persons through whom they are deemed to have beneficial ownership of the shares.
- (7) The ownership percentage is based on 66,389,228 shares outstanding as of April 24, 2015 and the numerator and denominator include the shares, shown above, which the individual has the right to acquire within 60 days thereof through the exercise of stock options. Although the shares that could be acquired by an individual are deemed to be outstanding in calculating the ownership percentage of that individual and of the group, they are not deemed to be outstanding as to any other individual.
- No named individual holds unvested restricted stock as to which the holder has voting power but no dispositive power and shares that could be acquired within 60 days of our Record Date of April 24, 2015 through the exercise of stock options.
- (8) No shares of common stock held by a director, director nominee or officer have been pledged as security. The Company is not aware of any arrangements or pledge of common stock that could result in a change of control of the Company.
- (9) As disclosed in a Current Report on Form 8-K filed on March 4, 2015, Mr. Pohlman announced on March 3, 2015 his decision to retire and submitted his resignation, effective March 4, 2015, as Executive Vice President and General Manager, Protection, Power and High-Reliability Product Group of the Company. Mr. Pohlman continued as an employee of the Company through April 3, 2015 following the resignation of his position to provide support during the transition period.

He has also held various engineering positions since beginning his employment with the Company in 1986.

Edgar Filing: SEMTECH CORP - Form DEF 14A

Mr. Levinson serves as Semtech's Vice President, Systems Innovation Group. This group was formerly called the Strategy and Systems Innovation Group and was formed following the acquisition of Sierra Monolithics, Inc. by Semtech Corporation on December 9, 2009. Prior to joining the Company in September 2012, Mr. Levinson was Vice President and General Manager of the Precision Product Line/Signal Path Products at Intersil Corporation since 2009 and Vice President of Engineering at Intersil from 2005 to 2009. He also held high level positions at companies such as Xicor Corporation and EXAR Corporation and was Founder and Vice President of Engineering at Analog Integration Partners.

Mr. Silberstein was promoted to Senior Vice President, Worldwide Operations in February 2013. Mr. Silberstein became Vice President, Worldwide Operations in March 2011. Prior to that, Mr. Silberstein was Vice President, Operations, a position he held since he joined the Company in December 2010. Prior to joining the Company, he was employed from 2007 to 2010 at Microsemi Corporation ("Microsemi") as Vice President Global Operations in its Analog Mixed Signal Division. Prior to Microsemi, he was Vice President Operations from 2000 to 2005 and Chief Operating Officer from 2005 to 2007 at Powerdsine, Israel, when Powerdsine was acquired by Microsemi. He has also previously served in various positions at 3Com and ECI Telecom.

Mr. Tegatz joined the Company as a result of Semtech's acquisition of Triune Systems, L.L.C. in March 2015. He is Senior Vice President and General Manager, Power and High-Reliability Product Group. He was Founder, President and Chief Executive Officer of Triune, a company that designed and manufactured mixed-signal semiconductors, from November 2007 until February 2015, and was responsible for managing and overseeing the design, development, applications and marketing functions for all of Triune's business which included wireless power, ultra-low power, isolated and non-isolated power and data products. Prior to November 2007, he worked at Texas Instruments for 23 years in a variety of senior management and technical roles.

Mr. Wilson was promoted to Executive Vice President, Quality and Reliability in February 2013. Prior to his promotion, Mr. Wilson was Senior Vice President, Quality and Reliability, a position he held since November 2011. Mr. Wilson was appointed Senior Vice President and Chief Technology Officer in May 2008 after serving as Senior Vice President of Power Management Products since June 2007 and serving as Vice President of that unit since 2001. He joined us as the result of the 1995 acquisition of ECI Semiconductor where he was Vice President and Chief Operating Officer. He has more than 20 years of experience in the semiconductor industry in a broad range of technical and management positions.

There are no family relationships between or among any of our executive officers or directors.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based solely on our review of the SEC Forms 3, 4 and 5 and amendments thereto received by the Company, or written representations from reporting persons that they were not required to file such forms, the Company believes that, with respect to transactions during the fiscal year ended January 25, 2015, our officers, directors and beneficial holders of more than 10% of our common stock complied with all filing requirements under Section 16(a) of the Exchange Act.

COMPENSATION DISCUSSION AND ANALYSIS

This section contains a discussion of the material elements of compensation awarded to, earned by or paid to our Chief Executive Officer, our Chief Financial Officer, and our three other most highly compensated executive officers for services rendered during fiscal year 2015. These individuals are listed in the table below and are referred to as our "Named Executive Officers," or "NEOs," in this Proxy Statement.

Name	Title
Mohan R. Maheswaran	President and Chief Executive Officer ("CEO")
Emeka N. Chukwu	Executive Vice President and Chief Financial Officer ("CFO") (1)
Charles B. Ammann	Executive Vice President, General Counsel and Secretary
Gary M. Beauchamp	Executive Vice President and General Manager, Signal Integrity Product Group
Jeffrey T. Pohlman	Former Executive Vice President and General Manager, Protection, Power and High-Reliability Product Group (2)

(1) Mr. Chukwu was promoted from Senior Vice President and Chief Financial Officer to Executive Vice President and Chief Financial Officer on February 26, 2014.

(2) Effective as of March 4, 2015, Mr. Pohlman retired from his position as our Executive Vice President and General Manager, Protection, Power and High-Reliability Product Group. Mr. Pohlman continued as an employee of the Company and provided transition services through April 3, 2015.

SUMMARY OF FISCAL YEAR 2015 NAMED EXECUTIVE OFFICER COMPENSATION

Our fiscal year 2015 compensation policies and payouts are consistent with our commitment to align executive compensation with the interests of our stockholders. Highlights of our executive programs for our NEOs in fiscal year 2015 include the following, each of which is discussed in more detail below in this Compensation Discussion and Analysis ("CD&A"):

The Company's fiscal year 2015 performance was below the targeted levels under our 2015 annual cash incentive (bonus) programs for our NEOs. Accordingly, and consistent with our pay-for-performance philosophy, fiscal year 2015 annual cash incentives for our NEOs were paid at less than their targeted levels.

For fiscal year 2015, 45% of the total compensation of Mr. Maheswaran, our CEO, and 95% of his increase in total compensation as compared to fiscal year 2014 (in each case, based on compensation amounts reported in the Summary Compensation Table), was the result of a Special Performance Long-Term Incentive Award granted by the Company's Board of Directors to Mr. Maheswaran in February 2014. As discussed in more detail on pages 43-44, any vesting of this Special CEO Award is based solely on a significant increase in the Company's total shareholder return as determined by growth in the share price of the Company. No portion of the Special CEO Award vested during fiscal year 2015. Overall, more than 75% of the fiscal 2015 total compensation for Mr. Maheswaran (as reported in the Summary Compensation Table) was attributable to performance-based restricted stock unit awards.

The Company's performance for the three-year performance period (fiscal years 2012-2015) covered by our performance-based vesting equity awards granted in fiscal year 2012 was below the targeted levels established with respect to the awards and less than the minimum levels required for any portion of the awards to vest. Accordingly, and consistent with our pay-for-performance philosophy, all of these equity awards were forfeited with no payout.

Because of the time- and performance-based vesting requirements we included in the equity awards for our NEOs, their total compensation for fiscal year 2015 reported in the Summary Compensation Table is much higher than the actual compensation that they realized during fiscal year 2015. Please see the discussion under "Realized Compensation" below. The 2015 compensation actually "realized" by our CEO (calculated as discussed under "Realized Compensation" below) was less than half the 2015 total compensation required to be reported for him in the Summary Compensation Table.

We eliminated the tax gross-up provision that was previously included in Mr. Maheswaran's offer letter dated March 8, 2006, as amended.

We eliminated the single-trigger provision of our Executive Change in Control Retention Plan that provided for certain equity awards to automatically vest on any change in control of the Company.

Our executive officers are subject to stock ownership guidelines, under which the executives are targeted to acquire and maintain a specified level of equity ownership in the Company. The CEO's targeted level of ownership was increased in fiscal year 2015 from three times to five times his annual base salary.

REALIZED COMPENSATION

In evaluating our NEOs' compensation, we believe it is important to understand not only the potential value of incentive awards at the time they are granted, but also the value actually realized by the executives from their awards. The Realized Compensation Table below supplements the Summary Compensation Table that appears on page 49 and shows the compensation actually realized in fiscal year 2015 by each NEO. The primary difference between the Realized Compensation Table and the Summary Compensation Table is the method used to value stock options and stock awards. Securities and Exchange Commission rules require that the grant date fair value of all stock options and stock awards be reported in the Summary Compensation Table for the year in which they were granted. As a result, a significant portion of the total compensation amounts reported in the Summary Compensation Table relates to stock options and stock awards that have not vested, a substantial portion of which are subject to performance-based vesting requirements in addition to time-based vesting requirements, and for which the value is therefore uncertain (and which may end up, in some cases, as having no value at all). In contrast, the Realized Compensation Table below includes only those stock options and stock awards held by the NEOs that vested during fiscal year 2015 (including those granted in prior years) and shows the value of those awards as of the applicable vesting date. As shown in the Realized Compensation Table below, our CEO's total realized compensation calculated in this manner was \$3,769,379 for fiscal year 2015, which is \$3,905,523 less than his fiscal year 2015 total compensation as calculated for purposes of the Summary Compensation Table.

OUR GUIDING COMPENSATION PRINCIPLES**Core Philosophy**

Edgar Filing: SEMTECH CORP - Form DEF 14A

Our Compensation Committee believes that Company growth, financial performance, and increasing stockholder value depend to a significant degree on our ability to structure a compensation program that enables us to: (1) align the interests of our executives with the interests of our stockholders; (2) hold our executives accountable for performance, with appropriate performance-based rewards earned in return for superior performance; and (3) attract, retain, and motivate qualified and high performing executives.

Core Components of Compensation and Compensation Levels

To achieve our executive compensation objectives, we have three primary components to our compensation program: (1) base salary; (2) annual cash incentive opportunities; and (3) long-term equity incentive awards. In setting specific base salary, target annual cash incentive and equity award levels for each NEO, the Compensation Committee considers and assesses, among other factors it may consider relevant, the following:

The compensation levels at our peer group of companies for comparable positions;

Various subjective factors relating to the individual recipient the executive's scope of responsibility, prior experience, past performance, advancement potential, impact on results, and compensation level relative to other Company executives; and

For equity awards, the executive's historical total compensation, including prior equity grants, tenure with the Company, the number and value of unvested shares and the timing of vesting of those awards, the expense to the Company for equity grants under applicable accounting standards, equity expense measured as a percentage of non-GAAP operating income, the potential dilutive effect such grants may have on existing stockholders, and third party equity award run rate evaluation factors.

The Compensation Committee gives no single factor any specific weight. Each executive's compensation level, as well as the appropriate mix of equity award types and other compensation elements, ultimately reflects the Compensation Committee's business judgment in consideration of these factors and stockholder interests.

The base salary for executive officers, which establishes a fixed amount of annual compensation that provides a level of economic security and stability from year to year, is set on an individual basis by the Compensation Committee. The Compensation Committee's general policy is to provide our executives a base pay that is near the median for comparable positions in our Peer Group (as defined below) while also taking the factors noted above into account.

For the annual cash incentive plan, the Compensation Committee sets a target annual cash incentive potential for each executive expressed as a percentage of base salary. The Committee also sets what it believes to be aggressive annual business plan goals for the cash incentive plan. Those processes are described later in this CD&A. The approach of the Committee is to set business plan goals such that, in its best judgment, achievement of those goals will result in the Company generally outperforming its Peer Group. The philosophy of the Compensation Committee is to set the target opportunity for the annual cash incentive plan above the median for comparable positions in our Peer Group, generally between the median and 75th percentile, so that the total annual cash opportunity for executives is weighted more toward performance-based compensation.

It is our policy that more than half of the total direct compensation for our executives should come from future compensation opportunities delivered through our long-term equity incentive plan. As used in this CD&A, "total direct compensation" refers to the combination of the base salary, annual cash incentive, and the grant date fair value of equity awards granted to an executive as determined for purposes of the Company's financial reporting. We use a combination of stock options, time-based restricted stock units, and performance-based restricted stock units (subject to both time- and performance-based vesting requirements) under our long-term incentive plan. Through the combination of (1) the inherently performance-based nature of stock options (the value of which depends on future appreciation in our stock price), (2) the multi-year vesting of time-based restricted stock units (the ultimate value of which depends on our stock price), and (3) the multi-year performance requirements for the performance-based restricted stock units (the ultimate value of which also depends on our stock price in addition to the time- and performance-based vesting conditions), the compensation actually delivered to our executives from the long-term incentive plan depends directly on our stock price. We believe these factors align the interests of our executives with those of our stockholders. The combination of the awards under our long-term equity incentive plan with each executive's annual cash incentive opportunity results in significantly more than half of each of our NEO's target total direct compensation being performance-based and/or dependent on our stock price.

Our philosophy in establishing our executive compensation program is to balance short term performance incentives (provided by the annual cash incentive plan) with long term performance incentives (provided by the equity awards). We also look to balance the use of (1) absolute performance metrics versus relative performance metrics evaluated against selected peers, and (2) formula-based performance criteria versus criteria involving the exercise of judgment by the Compensation Committee. The Compensation Committee assesses the cost of executive compensation relative to Company revenue and non-GAAP operating income (non-GAAP operating income, as considered by the Compensation

Edgar Filing: SEMTECH CORP - Form DEF 14A

Committee in this context, is defined below). The Compensation Committee also assesses the reasonableness of total compensation relative to total stockholder return over one- and three- year periods compared to our peers.

Note that the Compensation Committee assesses executive compensation developments at companies in our Peer Group, and in the market generally, and has the right to change our executive compensation philosophy, components, levels, and structure from time to time as it may determine are in the best interests of the Company and our stockholders.

Best Practices

We also believe that stockholder interests are further served by other executive compensation-related practices that we follow. These practices include:

- ü We do not have minimum payment levels under our Executive Bonus Program, our CEO Bonus Plan or for our performance-based equity awards.
- ü All of our equity incentive awards have multi-year vesting and/or performance requirements.
- ü We do not provide significant perquisites.
- ü We do not pay taxes on our executives' behalf through "gross-up" payments. We eliminated the tax gross-up provision that was previously included in Mr. Maheswaran's offer letter.
- ü We do not provide excise tax gross-up payments in connection with a change in control transaction.
- ü Our current Executive Change in Control Retention Plan has a double-trigger provision (benefits require both a change in control and termination of employment) rather than a single-trigger provision (under which benefits are triggered automatically by any change in control).
- ü We do not reprice "underwater" stock options (stock options where the exercise price is below the then-current market price of our stock) without stockholder approval.
- ü Our executive officers are subject to stock ownership guidelines, under which the executives are targeted to acquire and maintain a specified level of equity ownership in the Company. The CEO's targeted level of ownership was increased in fiscal year 2015 from three times to five times his annual base salary. Certain restricted stock units granted by us will not be paid, even though vested, until six months after the executive has ceased to be employed by the Company to help ensure compliance with these guidelines.
- ü Under the Executive Bonus Program and the CEO Bonus Plan we have a "claw back" policy that allows the Compensation Committee to recover any annual cash incentive payment made to an executive in the event the Compensation Committee determines that any fraud or misconduct by the executive caused the Company to file a material restatement of its financial statements.
- ü Our Stock Trading Guidelines prohibit our officers and directors from engaging in hedging transactions in relation to the Company's stock or equity awards.
- ü Our Stock Trading Guidelines prohibit our officers and directors from pledging any Company stock that they own.
- ü

2014 NONBINDING ADVISORY VOTE RESULTS

The Company's stockholders are provided with an opportunity to cast an annual non-binding advisory vote on the Company's executive compensation program through a say-on-pay proposal. At the Company's Annual Meeting of Stockholders held in June 2014, approximately 98% of the votes cast approved the executive compensation for our NEOs as described in our Proxy Statement for that Annual Meeting. The Compensation Committee believes these positive results affirm stockholders' support of the Company's approach to its executive compensation program and, accordingly, determined to continue the Company's existing executive compensation policies for fiscal year 2015. The

Edgar Filing: SEMTECH CORP - Form DEF 14A

Compensation Committee will continue to consider the outcome of the Company's say-on-pay proposals when making future compensation decisions for the NEOs.

SUMMARY OF OUR CURRENT EXECUTIVE COMPENSATION PROGRAMS

Named Executive Officer Compensation

The following table presents the key elements of our executive compensation program:

Element	Key Elements of Compensation	
	Purpose	Characteristics
Annual salary	To attract and retain qualified executives; set at a fixed rate of pay based on an individual's skills, experience and performance.	Provide a stable source of income and be competitive with the applicable market.
Short-term annual cash incentives	To attract and retain qualified executives; to motivate and reward achievement of annual business and individual goals and objectives designed to increase stockholder value.	This element involves annual performance-based cash awards. The amount earned (if any) varies based on actual results achieved relative to pre-determined annual target goals.
Long-term multi-year equity incentives	To align interests of executives with stockholders; to reward performance over time based on stock price; and to provide an additional retention incentive through multi-year vesting schedules.	The majority of annual awards are generally performance-based; the amount realized (i.e., the value ultimately received by the recipient) depends on the achievement of performance goals and/or is directly tied to our stock price performance.
Other compensation and benefits	Provide competitive and customary benefits (e.g., health insurance, life insurance, 401(k) retirement plans).	Company sponsored/subsidized benefit plans as provided to the general employee population, as well as Company matching contributions to selected employee contributory plans.

Use of Quantitative and Qualitative Measurements

The Compensation Committee believes that executive compensation should be based primarily on objectively determinable factors, both for the Company on its own, as well as in comparison to peer companies. Performance goals may include non-GAAP operating income, revenue growth, earnings per share ("EPS") and other financial and operational metrics, both on an absolute basis or relative to our group of peer companies. The Compensation Committee also believes that executive compensation should have a component based additionally, although not primarily, on subjective factors, such as leadership, how well each executive helps the Company achieve its strategic goals, each executive's ability to develop subordinates, and how each executive's efforts contribute to enhancing the Company's relationship and status with the investor community. The use of both objective and subjective factors, however, does not prevent the Compensation Committee from adjusting compensation up or down if, after considering all of the relevant circumstances, it believes total compensation can be structured to better serve our stockholders' interests.

Peer Group

The Compensation Committee considers various factors and criteria when determining annual salary, target annual cash incentive levels and target annual long-term incentive award values for executives, including survey data and compensation practices at selected peer companies. The applicable group of peer companies is selected annually for use as the comparative pool by the Compensation Committee during the course of the fiscal year. As noted above, the Compensation Committee also relies on peer company data as gathered, and analyses of that data prepared by our compensation consultants. The peer company information assists the Compensation Committee and the Company in identifying and understanding how our competitors and industry-comparable companies compensate their executives in applicable compensation elements, and in determining how the Company's compensation packages compare to industry and market-competitive amounts. In addition to aiding us with compensation related actions and decisions, this peer company evaluation is also informative in relation to providing compensation information that supports potential recruitment and retention of executives by the Company.

Edgar Filing: SEMTECH CORP - Form DEF 14A

In selecting our fiscal year 2015 peer group companies, the Compensation Committee focused on companies that are similar to us in terms of industry, general size and business characteristics, and, like us, focus their business on analog and mixed-signal semiconductors and integrated circuits. Additionally, the Compensation Committee sought to include a range of companies that included companies having revenues a range of 50% to 200% comparable to the Company, to provide for a comparable and representative range of companies. Geography (i.e., headquarters/executive residence locations) was not considered to be a relevant factor in selecting our fiscal year 2015 peer group companies. In fiscal year 2015, in consideration of one of the factors in setting our executive compensation, the Compensation Committee compared our compensation with that of the following companies considered as a group (collectively, the "Peer Group"): Alpha and Omega Semiconductor Limited; Atmel Corporation; Cirrus Logic, Inc.; Diodes Incorporated; Integrated Device Technology, Inc.; Fairchild Semiconductor International, Inc.; Integrated Silicon Solution, Inc.; Intersil Corporation; IXYS Corporation; Linear Technology Corporation; Micrel, Incorporated; Microsemi Corporation; Monolithic Power Systems, Inc.; PMC-Sierra, Inc.; Power Integrations, Inc.; and Silicon Laboratories Inc.

Given the aforementioned selection criteria, the Peer Group for fiscal year 2015 was modified as follows:

Companies removed: Skyworks Solutions, Microchip Technology, RF Micro Devices, TriQuint and International Rectifier;

Companies added: Fairchild Semiconductor, Atmel, Monolithic Power Systems, and Micrel.

Distribution of Compensation

The Compensation Committee distributes compensation among each of the core elements on the basis of the element's usefulness to meet one or more of our compensation objectives. The Compensation Committee believes that for our executive officers, a greater proportion of total compensation should consist of (1) variable, performance-based components, such as annual cash incentives, which can increase or decrease to reflect changes in corporate and individual performance on an annual basis, and (2) equity compensation, which is structured to reinforce and encourage management's commitment to enhancing profitability and stockholder value over the long-term.

For fiscal year 2015, total compensation (based on the compensation amounts reported in the Summary Compensation Table) for the Company's NEOs was distributed as follows:

Annual Salary

Annual salaries are intended to provide a base level of compensation to executive officers for serving as the senior management of the Company and are paid to our executives in recognition of the skills, experience and day-to-day contributions the executive makes to the Company. Salaries for our NEOs are generally reviewed by the Compensation Committee on an annual basis. Each review does not necessarily result in an adjustment. However, as deemed necessary at any time to help ensure ongoing market competitiveness in annual salary as an element of total

compensation, the Compensation Committee may elect to provide for adjustments in annual salary. It is the goal of the Compensation Committee to establish executive officers' annual base salaries at approximately the median for comparable positions

Edgar Filing: SEMTECH CORP - Form DEF 14A

within our Peer Group while considering the other factors noted above under "Core Components of Compensation and Compensation Levels," the tenure of the executive and prior changes to the executive's compensation. For newly hired executives, the Compensation Committee also considers the executive's compensation history and the compensation required to attract the executive to the Company. There is no specific weighting applied to any of these factors in setting annual salaries and the process ultimately relies on the subjective exercise of the Compensation Committee's judgment. For fiscal year 2015, the actual base salaries approximated or were below the medians for comparable positions within our Peer Group, except for Mr. Ammann's base salary which was just above the median for comparable positions with our Peer Group.

All of the NEOs received annual salary increases in fiscal year 2015 and/or fiscal year 2016 to reflect increased responsibility in their respective roles, recognize outstanding performance, and/or to approximate the median for comparable positions within our Peer Group:

Named Executive Officer	FY14 Annual Salary	FY15 Annual Salary	FY16 Annual Salary	Percent Increase (FY15 vs. FY14)	Percent Increase (FY16 vs. FY15)	Rationale
Mr. Maheswaran	\$ 550,000	\$ 550,000	\$ 580,000		5.5%	FY16 To approximate the median for comparable positions
Mr. Chukwu	\$ 325,000	\$ 350,000	\$ 375,000	7.6%	7.1%	FY15 Added responsibility FY16 Performance and management of the enterprise resource planning ("ERP") system
Mr. Ammann (1)	N/A	\$ 330,000	\$ 345,000		4.5%	FY16 Added responsibility
Mr. Beauchamp	\$ 270,000	\$ 305,000	\$ 327,000	13.1%	7.2%	FY15 Added responsibility FY16 Outstanding performance
Mr. Pohlman (2)	\$ 315,000	\$ 330,000	\$ 330,000	4.8%		FY15 To approximate the median for comparable positions

(1) Mr. Ammann's employment with the Company commenced in January 2014

(2) Mr. Pohlman retired on April 3, 2015 and therefore did not receive an annual salary increase for fiscal year 2016

Executive Bonus Program

Annual cash incentive awards are designed to motivate executive officers to achieve certain strategic, operational, and financial goals which can be evaluated on an annual basis. Annual cash incentive goal setting is done as part of the annual fiscal year business planning activity of the Company. Company business goals are established at the beginning of each fiscal year by an interactive process between the Board and management. The end result of this annual business planning process is the Company's fiscal year Annual Business Plan ("ABP"), which is approved by the Board at its first regular meeting in the applicable fiscal year.

Following adoption of the fiscal year ABP, the Compensation Committee, in consultation with the Board, selects one or more specific goals from the ABP that are determined by the Compensation Committee to be key for the growth and success of the Company in the applicable fiscal year and beyond. The goals are selected so that, in the best judgment of the Compensation Committee in light of available business intelligence, forecasts and projections, superior performance will be required to achieve the goals. The selected goals are then incorporated into the annual cash incentive plan for the CEO, and a subset of those goals is selected as the basis for the annual cash incentive plan for the other executive officers. This approach results in having a consistent financial performance target apply broadly for annual cash incentive purposes from the senior executive level to the middle management and functional professional employees serving the Company. The annual cash incentive plans are adopted and approved by the Compensation Committee at its first regular meeting in the applicable fiscal year in concert with adoption of the ABP.

The ABP financial goals to be used for annual cash incentive purposes are established on a non-GAAP basis. As used in this Proxy Statement, "non-GAAP operating income" means our operating income, adjusted to exclude from the applicable financial measure as reported for purposes

Edgar Filing: SEMTECH CORP - Form DEF 14A

of our financial statements items such as stock-based compensation expense, restructuring, integration, transaction and other acquisition-related expenses, intangible amortization and impairments, and other non-recurring items. The Compensation Committee believes that the excluded items do not reflect the core operating performance of the Company. The Company reports the exclusions reflected in the calculation of non-GAAP amounts each quarter when it publicly reports its earnings.

Edgar Filing: SEMTECH CORP - Form DEF 14A

Each executive has a target annual cash incentive potential that is set as a percentage of annual base salary. That target annual cash incentive is set by the Compensation Committee for each executive officer position after considering the factors noted above under "Core Components of Compensation and Compensation Levels" and the target annual cash incentive levels of comparable positions among our Peer Group. There is no specific weighting applied to any of these factors in setting the target annual cash incentive levels and the process ultimately relies on the subjective exercise of the Compensation Committee's judgment. For fiscal year 2015, the target annual cash incentive opportunities were generally above the median for comparable positions within our Peer Group but were balanced by targeted financial goals that the Compensation Committee believed would be difficult to obtain, such that the annual cash incentive opportunity will motivate and pay for superior performance. As evidence of the Compensation Committee's goal-setting process, the financial goals established by the Compensation Committee for these purposes for fiscal year 2015 were not, in fact, obtained at the targeted levels, and the actual cash incentive amounts paid under the Executive Bonus Program for fiscal year 2015 were below their targeted levels.

2015 Executive Bonus Program (excluding CEO)

Our NEOs (other than our CEO) participate in an annual cash incentive program (referred to herein as the "Executive Bonus Program"). The Executive Bonus Program provides each executive with an opportunity to earn an annual cash incentive based on the Company's performance in relation to certain pre-established annual financial goals as well as the executive's individual performance.

For fiscal year 2015, the target annual cash incentive potential (expressed as a percentage of base salary) for each of our NEOs (other than our CEO) was as follows:

Named Executive Officer	Target Annual Cash Incentive as Percentage of Base Salary
Mr. Chukwu Executive Vice President and Chief Financial Officer	80%
Mr. Ammann Executive Vice President, General Counsel and Secretary	75%
Mr. Beauchamp Executive Vice President and General Manager, Signal Integrity Product Group	75%
Mr. Pohlman Executive Vice President and General Manager, Protection, Power and High-Reliability Product Group	75%

Target annual cash incentive amounts were the same as in fiscal year 2014 for Messrs. Chukwu, Ammann, and Pohlman. Mr. Beauchamp's target annual cash incentive amount was increased from 70% of base salary in fiscal year 2014 to 75% in fiscal year 2015 to be consistent and align with other Executive Vice Presidents that are named executive officers.

Mr. Ammann's target annual cash incentive was set at 75% when he joined the Company to align with the target annual cash incentive levels provided to Messrs. Beauchamp and Pohlman. We also agreed when Mr. Ammann joined the Company that his fiscal year 2015 annual cash incentive would be paid at not less than his targeted level.

Under the Executive Bonus Program, each executive's target annual cash incentive for fiscal year 2015 was scored in two major parts. Fifty percent (50%) of the target annual cash incentive potential was based on the Company's attainment of a key financial goal for the fiscal year (the "Company Performance Portion") as set by the Compensation Committee at the start of the fiscal year. The remaining fifty percent (50%) of the executive's target annual cash incentive potential was based on the executive's individual performance for the fiscal year (the "Individual Performance Portion"). For fiscal year 2015, the Company shifted the individual performance portions from sixty and forty percent (60% and 40%), respectively, as were in place for fiscal year 2014, to the aforementioned mix, so that executives could be appropriately incentivized for infrastructure investments necessary to scale the Company and to integrate new businesses through merger and acquisition activity.

Additionally, the Compensation Committee retains broad discretion to adjust (up or down, including withholding entirely) part or all of a proposed annual cash incentive payment.

Edgar Filing: SEMTECH CORP - Form DEF 14A

Company Performance Portion of Fiscal Year 2015 Executive Bonus Program (excluding CEO)

As described above, the financial goals are established by the Compensation Committee at the start of the applicable fiscal year. For our fiscal year 2015, the key financial performance goal established by the Compensation Committee was non-GAAP operating income. We believe non-GAAP operating income is currently the best measure of the Company's core operating performance, as it reflects the essential results of ongoing base business functions and results without the impact (positive or negative) of extraordinary and non-operational matters. The Compensation Committee believes that non-GAAP operating income, as the metric used for the fiscal year financial performance goal, focuses performance on the parallel objectives of increasing revenue and controlling operating expenses.

The target set for fiscal year 2015 non-GAAP operating income was \$156,000,000. In the best judgment of the Compensation Committee in light of available business intelligence, forecasts and projections at the time it established this goal, superior performance would be required to achieve the goal.

The Company's reported fiscal year 2015 non-GAAP operating income was \$126,265,000. For annual cash incentive purposes, the evaluation of our fiscal year 2015 non-GAAP operating income performance of \$126,265,000 against the fiscal year 2015 goal of \$156,000,000 was based on a scoring matrix also established by the Compensation Committee as a part of the fiscal year goal-setting and Executive Bonus Program establishment process. For purposes of the fiscal year 2015 Company Performance Portion of the evaluation, the scoring matrix provided for primary calculations as follows:

- (1) Non-GAAP operating income at 83% of target paid 60% for the Company Performance Portion
- (2) Non-GAAP operating income at 92% of target paid 70% for the Company Performance Portion
- (3) Non-GAAP operating income at 100% of target paid 80% for the Company Performance Portion
- (4) Non-GAAP operating income at 125% of target or above paid 130% for the Company Performance Portion

Our fiscal year 2015 non-GAAP operating income of \$126,265,000 was 81% of the \$156,000,000 goal for the year. Based on this result, the Compensation Committee determined that a score of 0% for the Company Performance Portion had been achieved. As a result, no amount was paid to any NEO under the fiscal year 2015 Executive Bonus Program for Company Performance.

Individual Performance Portion of Fiscal Year 2015 Executive Bonus Program (excluding CEO)

For each executive's Individual Performance Portion of the Executive Bonus Program, the Compensation Committee receives and considers the CEO's subjective managerial assessment of the executive. The CEO evaluates several key executive performance criteria in his overall evaluation of individual executive performance with no specific weight being applied to any one factor. Matters evaluated include:

- (1) Performance of the business unit or department the executive is responsible for managing.
- (2) The executive's contributions to achievement of the Company's financial and operational goals and strategic objectives.
- (3) The ability of the executive to lead and develop key subordinates.
- (4) Related individualized and function-specific managerial observations and impressions of executive job performance.

Based on the individual performance assessment, an executive may receive from 0% to 200% of the target for the individual performance portion as recommended by the CEO (for NEO's other than himself) and approved by the Compensation Committee.

The individual performance portion for each NEO reflects the Compensation Committee's recognition of the additional responsibilities each of the NEOs assumed in fiscal year 2015, their individual performances as assessed by the CEO, and their contributions to the Company's overall operating performance, including the achievement of record annual revenue and cash flow from operations. The CEO's assessment and report to the Compensation Committee on individual NEO achievements in fiscal year 2015 highlighted the following accomplishments:

**NAMED EXECUTIVE
OFFICER****KEY ACCOMPLISHMENTS**

Mr. Chukwu	Key accomplishments: During second-half business challenges, led the effort to reduce operating expenses to preserve earnings and position the Company for fiscal year 2015. Was responsible for managing IT and the enterprise resource planning ("ERP") system project.
Mr. Ammann	Key accomplishments: Transitioned well into the position of General Counsel. Has increased responsibilities of the position.
Mr. Beauchamp	Key accomplishments: Delivered outstanding performance. Is responsible for the Genum marketing and sales effort, and led that effort to a record revenue year for the Genum Product Group. Drove the effort in new design wins resulting in record design wins for the Company.
Mr. Pohlman	Key accomplishments: Offset the decline of Samsung's smartphone business by increasing business in China smartphone manufacture and in other segments. Involvement in the ERP project has been critical.

After consideration of the factors and accomplishments described above, the Committee approved the following individual performance factors: Mr. Chukwu 100%; Mr. Ammann 100%; Mr. Beauchamp 162%; and Mr. Pohlman 100%.

Total Fiscal Year 2015 Executive Bonus Program Payments (excluding CEO)

The combination of the Company Performance Portion and the Individual Performance Portion for each NEO resulted in the following annual cash incentive payments to the NEOs for fiscal year 2015 under the Executive Bonus Program. Other than to adjust Mr. Ammann's annual cash incentive to the 100% level as agreed with him when he joined the Company, the Compensation Committee did not exercise any discretion to adjust final payment amounts once they had been determined based on the Company and Individual Performance Portions.

NAMED EXECUTIVE OFFICER	TARGET BONUS		ACHIEVED BONUS	
Mr. Chukwu	\$	280,000	\$	140,000
Mr. Ammann	\$	247,500	\$	247,500
Mr. Beauchamp	\$	204,992	\$	166,044
Mr. Pohlman	\$	247,500	\$	124,000

CEO Bonus Plan

In June 2008, the Compensation Committee implemented an annual cash incentive plan for our CEO (the "CEO Bonus Plan"), which remained in place for fiscal year 2015. The CEO Bonus Plan was established in recognition of the unique role of the CEO and the desire to provide him an incentive to achieve additional goals that are not measured in the Executive Bonus Program. Under the CEO Bonus Plan, the CEO has a target annual cash incentive potential expressed as a percentage of base salary, which the CEO is eligible to receive based on the achievement of certain absolute and relative financial goals and on the Board's assessment of the CEO's overall performance. The CEO Bonus Plan provides that, depending on performance, the CEO's annual cash incentive payout in any year may range from 0% to 200% of the CEO's annual base salary. For fiscal year 2015, the target annual cash incentive for Mr. Maheswaran was 125% of his annual base salary, which was the same target annual cash incentive percent that had been in effect for him in fiscal year 2014.

The CEO Bonus Plan contained four weighted factors: (1) non-GAAP operating income performance; (2) Net Revenue Growth (year-over-year); (3) Earnings Per Share ("EPS") Growth and Net Revenue Growth as compared to the CEO Bonus Peers (defined below); and (4) the evaluation of the CEO's individual performance by the Board of Directors. These factors and their weighting are described below:

Edgar Filing: SEMTECH CORP - Form DEF 14A

Non-GAAP Operating Income Performance 35% of the CEO's annual cash incentive was based on the Company's attainment of non-GAAP operating income goals. This portion of the CEO Bonus Plan is calculated in the same manner and per the same guidelines and method of determination as the Company Performance Portion of the Executive Bonus Program as discussed above.

Net Revenue Growth 25% of the CEO's annual cash incentive was based on net revenue growth goals. Attainment of this portion of the CEO Bonus Plan is calculated using the following formula (provided the resulting percentage cannot be greater than 200% or less than 0%):

Edgar Filing: SEMTECH CORP - Form DEF 14A

$$\text{Attainment Percentage} = 100\% \text{ multiplied by } \frac{\text{(Fiscal year 2015 Net Revenue minus prior fiscal year 2014 Net Revenue)}}{\text{(Net Revenue from the 2015 Annual Business Plan minus prior fiscal year 2014 Net Revenue)}}$$

EPS and Net Revenue Growth compared to CEO Bonus Peers 20% of the CEO's annual cash incentive was based on the Company's achievements in net revenue growth and EPS growth, as measured relative to such growth at the following companies (collectively, the "CEO Bonus Peers"), which were selected and established as the CEO Bonus Peers by the Compensation Committee at the start of fiscal year 2015:

Fairchild Semiconductor International, Inc.; Integrated Device Technology, Inc.; Intersil Corporation; IXYS Corporation; Linear Technology Corporation; Maxim Integrated Products, Inc.; Microsemi Corporation; Monolithic Power Systems, Inc.; ON Semiconductor Corporation; and Texas Instruments Incorporated.

The Compensation Committee determined that it was appropriate to use a different set of companies for CEO Bonus Plan purposes as compared to the Peer Group used generally for compensation comparisons identified above. These fiscal year 2015 CEO Bonus Peers were specifically selected for use to measure our CEO's performance based on similarities to the Company in terms of industry focus, business unit product lines, business characteristics, and status as a competitor of the Company in whole or in material part. The selected group of companies establishes an industry-representative set of directly competitive companies, and the Compensation Committee believes that comparison to and measurement against the performance of the CEO Bonus Peers provides a meaningful performance incentive to Mr. Maheswaran. Attainment of this portion of the CEO Bonus Plan is calculated by reference to the following chart indicating the level of Company performance and the corresponding percentage of attainment:

Net Revenue Growth Relative to CEO Bonus Peers	Earnings Per Share Growth Relative to CEO Bonus Peers	Percentage of Attainment
Below 50th percentile	Below 50th percentile	0%
Below 50th percentile	50th percentile or better	50%
50th percentile or better	Below 50th percentile	50%
At or above 50th percentile but below 75th percentile	At or above 50th percentile but below 75th percentile	100%
75th percentile or better	At or above 50th percentile but below 75th percentile	150%
At or above 50th percentile but below 75th percentile	75th percentile or better	150%
75th percentile or better	75th percentile or better	200%

Board of Directors CEO Performance Evaluation 20% of the CEO's annual cash incentive is based on the assessment by the Board of Directors (excluding the CEO) of the CEO's overall performance and leadership. The Board evaluates the CEO's individual performance in five major categories:

1. Strategy including establishment of, and attainment in relation to, annual and longer range strategic objectives.
- 2.

Edgar Filing: SEMTECH CORP - Form DEF 14A

Operations including overall operational effectiveness and results, measured in part by factors such as effectiveness in research and development spending, costs of quality, and revenue per employee metrics.

3.

Finance and Human Capital including overall quality, transparency and accuracy of financial reporting both external and to the Board, and overall employee morale, retention rates, and motivation.

4.

Board Relations including overall level, frequency, availability, and materiality of interactions with and reports to the Board of Directors in his capacity as CEO.

5.

Stockholder Relations and Value including analyst, investor, and overall market assessment of the Company as an industry leader and high quality investment.

Evaluation of the CEO's individual performance by the Board involves, by its nature, subjective judgments made in good faith, in considering factors that are included in and relevant to the major categories noted above. The Board considers all of these factors to be equally weighted in making its evaluation.

The Chairman of the Board provides the summarized results of this annual evaluation to the Compensation Committee. The Compensation Committee considers the evaluation report and establishes an award from 0% to 200% of the target attributable to this factor.

As noted above for the Executive Bonus Program, the Compensation Committee retains broad discretion (up or down, including withholding entirely) part or all of a proposed annual cash incentive payment to the CEO.

Fiscal Year 2015 CEO Bonus Plan Targets and Results

Non GAAP Operating Income Performance The non-GAAP operating income goal and scoring matrix for the CEO Bonus Plan is the same as that set forth for the Executive Bonus Program described above under "Executive Bonus Program Company Performance Portion of Fiscal Year 2015 Executive Bonus Program (excluding CEO)." For fiscal year 2015, the non-GAAP operating income goal was set at \$156,000,000 as a part of the ABP process. At the time the fiscal year 2015 non-GAAP operating income goal was set, the Compensation Committee's judgment was that this goal would be difficult to achieve. For fiscal year 2015, the non-GAAP operating income achieved was \$126,265,000, resulting in no payout for this portion of the CEO Bonus Plan. This element of Mr. Maheswaran's annual cash incentive was consistent with annual cash incentive payments to our other executives in relation to non-GAAP operating income performance in fiscal year 2015 under the Executive Bonus Program.

Net Revenue Growth (Year-over-Year) The net revenue goal established by the Board in the fiscal year 2015 ABP was \$600,000,000. The Compensation Committee believed that, in the general economic environment at the time the net revenue growth goal was being established, with the global business forecasts available to us, and with the forward forecasts being made by our peers, achieving that specified level of net revenue would be very difficult. The net revenue for fiscal year 2015 was \$557,885,000, which resulted in a payout for this portion of 0% of the CEO's target annual cash incentive opportunity.

Performance Relative to CEO Bonus Peers based on EPS Growth and Net Revenue Growth This portion of the CEO Bonus Plan is based on a combination of comparative net revenue growth and EPS growth. The Company's EPS growth for the full fiscal year 2015 was a decrease of 0.6% year-over-year. This EPS performance was at the 3rd percentile of the CEO Bonus Peers. The Company's net revenue growth for the full fiscal year 2015 was a decrease of 6.2% year-over-year. This net revenue growth performance was at the -0- percentile of the CEO Bonus Peers. The combined performance on net revenue growth and EPS growth resulted in an annual cash incentive payout of 0% of the target amount for this portion of the CEO Bonus Plan.

Board of Directors CEO Individual Performance Evaluation Despite the objective financial results, the Board evaluated the CEO's performance as superior for fiscal year 2015. Despite factors in the economy which impacted the financial results, and taking into account the specific evaluation factors described above, the Board considered the Company's achievements realized in fiscal year 2015 under the CEO's leadership including, with the Board's approval, several strategic acquisitions and investments and the CEO's effective efforts in strengthening the Company's senior executive team. The Board also considered the CEO's response to the global economic challenges that have affected the Company and our industry in general and recognized the prompt and decisive action taken by the CEO with the Board's approval in the fourth quarter to strategically reassess and realign the business groups of the Company for future success. Based on the Board's evaluation, the Compensation Committee established an individual performance factor of 200% of the target amount, the maximum score possible, for this portion of the CEO Bonus Plan. Importantly, in determining this individual performance score, the Compensation Committee noted a number of strategic and operating decisions taken by the CEO, with the Board's approval, that impacted the Company's short-term results while positioning the Company for long-term growth. In particular, a large enterprise resource planning ("ERP") system project was completed during fiscal year 2015 providing the necessary infrastructure to support the continued growth of the Company and enhance its customer service. The Compensation Committee believes that this, along with several other strategic investments, further demonstrate the CEO's leadership and strategic vision and supported paying the maximum target amount. The Compensation Committee also considered that while paying this portion of the CEO's annual cash incentive at the maximum target amount, his fiscal year 2015 annual cash incentive amount remained below the amount he received in fiscal year 2014.

Edgar Filing: SEMTECH CORP - Form DEF 14A

CEO Annual Cash Incentive Payment for Fiscal Year 2015

Based on the established goals and the results described above, for fiscal year 2015, Mr. Maheswaran received a total payout under the CEO Bonus Plan of \$275,000 (40% of his target annual cash incentive amount, which was produced by the 200% factor for the 20% portion of the annual cash incentive opportunity corresponding to the individual performance evaluation; there was no payout for any of the other portions of the annual cash incentive opportunity and the Compensation Committee did not exercise any discretion in adjusting the annual cash incentive amount produced by the framework described above).

Equity Incentive Awards

The Compensation Committee believes that equity incentive awards serve to align the interests of executives with those of the Company's stockholders, motivate executives to create and sustain value in the Company over a longer term than annual cash incentives (which are typically paid on a short-term, or annual, basis), and encourage our executives to avoid taking excessive risks that might have a significant short term or prolonged negative impact on our stock price. The equity award vehicles used in fiscal year 2015 were:

stock options

time-based restricted stock unit awards

performance-based restricted stock units (subject to both time- and performance-based vesting requirements)

restricted stock units granted to help our executives satisfy our executive stock ownership guidelines

All equity incentive awards have some multi-year vesting or measurement period component. Generally, the periods are three or four years. This multi-year element serves as a significant "holding period" in terms of requiring the executive to retain the underlying equity interest until some future date following the grant date of the award. The Compensation Committee believes that the inclusion of this vesting period component further aligns the long-term interests of the executive with the long-term interests of the Company's stockholders and functions as a retention incentive for the executive.

In granting equity awards, the Compensation Committee considers the factors noted above under "Core Components of Compensation and Compensation Levels" and the value of such awards in comparison to awards to comparable executives within our Peer Group. There is no specific weighting applied to any of these factors and the process ultimately relies on the Compensation Committee's judgment. The grant-date value of equity-based incentives granted to our NEOs during fiscal year 2015, while determined on an individual basis, was generally positioned above the median for comparable positions within our Peer Group. The Compensation Committee believed that positioning these values to generally be above the median for comparable positions for the Peer Group was balanced by the performance-based restricted stock units having targeted goals that the Compensation Committee believed would be difficult to obtain.

The Compensation Committee believes that a balance of stock options, time-based restricted stock units, and performance-based restricted stock units provides the best incentive to executives to responsibly create growth in stockholder value. In addition, the Compensation Committee believes that approximately one-half of our annual restricted stock unit awards should be subject to both time and performance-based vesting requirements, with the remainder being subject only to time/service-based vesting conditions. This distribution between performance and time-based vesting is intended to provide complimentary motivations for performance as well as retention, and to provide the executive the ability to secure benefits both in nearer term (i.e., annual vesting) as well as at the end of multi-year (i.e., performance-based) periods.

In fiscal year 2015, allocation of the value of the annual equity awards which are performance-based (stock options and performance-based restricted stock unit awards) compared to equity awards which are service-based (time-based restricted stock unit awards and executive ownership restricted stock unit awards), valued as of the grant date and using the values for the awards reflected in the Summary Compensation Table, were as follows:

Executive	Fiscal Year 2015 Annual Equity Grant: Stock Options	Fiscal Year 2015 Annual Equity Grant: Performance-based Restricted Stock Units	Fiscal Year 2015 Annual Equity Grants: Time-based Restricted Stock Units
Mr. Maheswaran	6.9%	86.6%	6.5%

Edgar Filing: SEMTECH CORP - Form DEF 14A

Mr. Chukwu	17.6%	47.1%	35.3%
Mr. Ammann	13.8%	36.9%	49.2%
Mr. Beauchamp	8.6%	45.7%	45.7%
Mr. Pohlman	17.6%	47.1%	35.3%

Non-Qualified Stock Options

The Compensation Committee believes stock option grants are a useful tool to motivate executives to focus on overall corporate performance over the long-term and to align their interests with those of our stockholders. This occurs because stock options deliver no actual compensation to an executive unless there is an increase in the stock price above the exercise price of the option as set on the grant date of the option award (which is equal to the closing price of the Company's common stock on the applicable grant date). Stock option awards that vest over time (multiple-year vesting schedules) serve to align the interests of the executive with the interests of Company's stockholders in growing the stock price of the Company, as the options will only have value if the fair market value of the Company's stock appreciates above the exercise price of the options. Generally, stock option grants to our NEOs vest annually over a three year period measured from the date of grant and in all events will terminate six years from the date of grant, subject to earlier termination in connection with a termination of the executive's employment.

Restricted Stock Unit Awards

The Compensation Committee believes that grants of time-based restricted stock unit awards are particularly useful to motivate executives to avoid undue risk and to align their interests with those of our stockholders, since our grants of restricted stock unit awards have intrinsic economic value which correlates directly to our stock price. Thus, the value of a restricted stock unit award can go up or down depending on the changes to our stock price over time. While restricted stock unit awards will always have some intrinsic value as long as our stock remains marketable, we believe our executives are motivated to seek to increase the intrinsic value through Company performance that is reflected in favorable and sustainable increases in our stock price. We believe that actions or business decisions carrying risks that might reduce our stock price are discouraged by the correlation between the intrinsic value of these awards and the growth of our stock price. Our restricted stock unit awards represent a contingent right to receive one share of our common stock or, in the Compensation Committee's discretion, the payment of cash for each unit in an amount equal to the fair market value of our common stock. In addition, the time-based restricted stock units serve as a retention incentive over the multi-year vesting period. Restricted stock unit awards granted to our NEOs vest annually over three years from the date of grant, subject to the executive's continued employment with the Company.

Performance-Based Restricted Stock Units

Restricted stock units that are subject to both time- and performance-based vesting requirements ("Performance-Based Units") provide an incentive for longer-term performance, with the actual payout to the executive depending both on achieving specified financial performance goals over a three-year period and on the change in the Company's stock price over that period. Because Performance-Based Units are also subject to time-based vesting requirements, they also serve as a retention incentive over the multi-year vesting period.

Performance-Based Units vest only upon achievement of certain goals related to cumulative net revenue and cumulative operating income achieved over an applicable three-year fiscal year performance period and measured on a non-GAAP basis. These performance measures were selected because the Compensation Committee believes that long-term revenue and non-GAAP operating income are key drivers to building stockholder value over the long-term. The applicable target goals are set such that a heavier weighting is assigned to non-GAAP operating income than to net revenue, in that the Compensation Committee seeks to motivate executive officers to help ensure that revenue gains translate into significant non-GAAP operating income. The cumulative three-year revenue and income goals are set in advance of the applicable three-year performance period, and are set at levels that the Compensation Committee believes at the time of award will be challenging to attain based on all then available business intelligence, forecasts and projections. The Compensation Committee believes that this structure functions as a tool to motivate our executives to focus on sustained and increasing long-term multi-year revenue and income growth. As noted above, the applicable three-year goals are set based on factors and assumptions made as of the time of award. Goals for a particular fiscal year may differ depending on the year in which the related award was granted. For example, if an award was granted in fiscal year 2012 with three years of performance targets, the target for fiscal year 2014 for that award might be different than the target for fiscal year 2014 relating to an award that was granted in fiscal year 2013.

The number of Performance-Based Units subject to an award that are eligible to vest will range from 0% to 200% of the original target number of units subject to the award, depending on the actual revenue and non-GAAP operating income generated by the Company compared to target levels in the given three fiscal year performance period applicable to the award. If the applicable performance goals are met, one-half of any vested Performance-Based Units will be payable in an equal number of shares of the Company's common stock, and the remaining half will be payable in cash, based on the closing price of the Company's common stock on the last day of the performance period. Performance-Based Units granted to our NEOs vest three years from the date of grant, subject to the Company's attainment of the applicable performance goals and the executive's continued employment with the Company.

Fiscal Year 2015 Equity Incentive Awards

In February 2014, the Compensation Committee granted our NEOs stock options, restricted stock units and Performance-Based Units covering the number of shares of our common stock set forth in the following table:

Executive	Non-qualified Stock Options	Restricted Stock Units	Performance-based Restricted Stock Units
Mr. Maheswaran	51,480	18,032	322,032
Mr. Chukwu	20,000	15,000	20,000
Mr. Ammann	30,000(1)	40,000(1)	10,000
Mr. Beauchamp	10,000	20,000	20,000
Mr. Pohlman	20,000	15,000	20,000

(1) Mr. Ammann's awards of Stock Options and Restricted Stock Units were granted as part of his new-hire package to join the Company. These awards are scheduled to vest over 4 years.

Vesting of 2013-2015 Performance-Based Restricted Stock Unit Awards

The three-year fiscal period ending with completion of our fiscal year 2015 (fiscal years 2013-2015) completed the performance measurement period applicable to Performance-Based Unit awards granted to our executive officers at the beginning of our fiscal year 2013. The fiscal year 2013 through fiscal year 2015 cumulative net revenue and non-GAAP operating income performance, compared against the targets that were set at the time those awards were issued, resulted in vesting of units at 0% of the original target level. The cumulative net revenue target for fiscal year 2013 through fiscal year 2015 was \$1,995,000,000, and our actual net revenue achieved for this period was \$1,732,000,000. The cumulative non-GAAP operating income target for fiscal year 2013 through fiscal year 2015 was \$614,000,000, and our actual non-GAAP operating income for this period was \$396,000,000.

2013-2015 Performance-Based Restricted Stock Unit Award: Payout Matrix

Note: shaded box in the matrix above reflects final payout (0%; a forfeiture of the awards) based on actual cumulative net revenue and cumulative non-GAAP operating income from fiscal years 2013-2015

The applicable targets were set at the start of fiscal year 2013 based on assumptions made at the time of grant of the award. No adjustment, revision, or other discretionary remedy was applied at any time during the three fiscal year measurement period to override the end result of the actual three-year Company performance. The Compensation Committee believes that this three-year fiscal year 2013-2015 result reflects the true "pay for performance" basis and intent of these Performance-Based Units and the rigor of our executive compensation program.

Executive Ownership Restricted Stock Units

As described below under "Other Compensation Policies – Stock Ownership Guidelines," the Compensation Committee has adopted stock ownership guidelines for our executive officers. The Compensation Committee grants additional restricted stock units (referred to as "Executive Ownership Restricted Stock Units") to certain of our executives to help them achieve the level of stock ownership targeted by the Compensation Committee under the guidelines. The Compensation Committee also believes that these grants further the Compensation Committee's goal of aligning executives' interests with those of our stockholders.

In August 2014, the Compensation Committee determined that annual equity grants to our executives should be more than sufficient to help them satisfy the level of ownership targeted by the Compensation Committee under the guidelines. Consequently, the Committee revised eligibility for the special Executive Ownership Restricted Stock Units grants so that an executive officer commencing employment with the Company after August 13, 2014 will not receive such grants under this program.

The Compensation Committee now intends to grant Executive Ownership Restricted Stock Units on an annual basis, as necessary, only to our executive officers who were first employed by the Company before August 13, 2014, in an amount equal to 20% of the executive's then current annual base salary, so that after five years such executive will have met the goal of equity ownership in an amount of approximately two times the executive's annual base salary, as set forth in the stock ownership guidelines. The Company's stock ownership guidelines currently provide that the CEO should acquire and maintain a level of equity ownership of the Company that has a value approximately equal to five times his annual base salary. The higher annual grant percentage noted above for the CEO reflects that the CEO's equity ownership goal under the Company's stock ownership guidelines is five times, rather than two times, the CEO's annual base salary.

Executive Ownership Restricted Stock Units granted to the named executive officers in fiscal year 2015 vest on the fourth anniversary of the date of grant. Vesting is subject to and contingent on the executive's continued employment with the Company through the applicable vesting date. There is an additional holding period imposed on the vested Executive Ownership Restricted Stock Units. Vested Executive Ownership Restricted Stock Units are not payable until six months after the executive's employment with the Company terminates, helping to ensure that the executive has a substantial ownership interest in the Company throughout the executive's period of employment to align his interests with our stockholders' interests.

For more information regarding the equity awards granted to the NEOs during fiscal year 2015, see the "Grants of Plan-Based Awards in Fiscal Year 2015" table and the accompanying narratives in this Proxy Statement.

CEO Special Performance Long-Term Incentive Award

As previously disclosed in the Proxy Statement for our 2014 Annual Meeting of Stockholders, the Company made a special equity award grant to our CEO in February 2014.

In January 2014, the Board and Mr. Maheswaran discussed the Company's accomplishments, future plans for the Company, and Mr. Maheswaran's personal plans. During the discussion, the Board considered the Company's performance and achievements over the preceding several years, notably its outperformance of peers on revenue growth and, except for fiscal year 2014, non-GAAP operating income growth, the successful execution of two major acquisitions, and the receipt of several industry awards including the award from the Global Semiconductor Alliance in 2013 for "Best Financially Managed Semiconductor Company achieving greater than \$500 million in annual sales." The Board also considered the then current business environment, the recent restructuring of the Company's operations, and the decrease in the Company's stock market valuation during the second half of 2013.

As a result of the Board's subsequent deliberations, the decision was made to provide Mr. Maheswaran a long-term performance incentive plan under which achievement of payout targets would be based solely on a significant increase in the Company's total shareholder return as determined by growth in the share price of the Company. The Board determined that such a plan would be in the best interests of the Company's stockholders by providing Mr. Maheswaran an incentive tied directly to total shareholder return and encouraging his long-term commitment to the Company. The Board directed the Compensation Committee to recommend to the full Board a new incentive plan with the features desired by the Board.

At its meeting on February 25, 2014, the Compensation Committee proposed a special Performance-Based Unit award with respect to 220,000 shares of the Company's common stock to Mr. Maheswaran (the "Special CEO Award") under the Company's 2013 Long-Term Equity Incentive Plan (the "2013 Plan"). The Board approved the Special CEO Award on February 26, 2014. Mr. Maheswaran did not participate in the Board's consideration and approval of the Special CEO Award.

Vesting of the Special CEO Award was structured such that vesting would only occur if the Company's stock price were to reach specified levels in excess of the stock price on the day of the grant. Specifically, the Special CEO Award is eligible to vest during the period commencing February 26, 2014 and ending February 26, 2019 (the "Performance Period") as follows: 30% of the restricted stock units covered by the Special CEO Award will vest if, during any consecutive 120-day calendar period that commences and ends during the Performance Period, the average per-share closing price of the Company's common stock equals or exceeds \$35.00; and the Special CEO Award would vest in full if, during any consecutive 120-day calendar period that commences and ends during the Performance Period, the average per-share closing price of the Company's common stock equals or exceeds \$40.00. The Special CEO Award would also

vest if a majority change in control of the Company occurs during the Performance Period and, in connection with such event, the Company's stockholders become entitled to receive per-share consideration having a value equal to or greater than \$40.00. Any restricted stock units subject to the Special CEO Award that do not vest during the Performance Period will terminate as of the last day of the Performance Period. In addition, if Mr. Maheswaran's employment with the Company terminates, any then unvested restricted stock units subject to the Special CEO Award will terminate.

The Compensation Committee and the Board of Directors believe that the Special CEO Award is in the best interests of the Company and its stockholders as it further aligns Mr. Maheswaran's interests with those of stockholders. The Special CEO Award provides the opportunity for Mr. Maheswaran to earn approximately \$2.3 million by achieving an increase in stockholder value of approximately \$700 million after the date of grant of the award and within the five-year Performance Period applicable to the award (based on 30% of the total number of restricted stock units subject to the award becoming vested at a per-share price of the Company's common stock equal to \$35.00, as described above). This incentive would represent approximately 0.33% of the increase in total stockholder value after the date of grant of the award. Mr. Maheswaran will have the opportunity to additionally earn approximately \$6.16 million by achieving a total increase in stockholder value of approximately \$1 billion after the date of grant of the award and within the five-year Performance Period applicable to the award (based on the additional 70% of the total number of restricted stock units subject to the award becoming vested at a per-share price of the Company's common stock equal to \$40.00, as described above). If Mr. Maheswaran earns the full award, it would represent an incentive of approximately 0.85% of the total increase in stockholder value after the date of grant of the award.

As of April 24, 2015, no portion of the Special CEO Award has vested.

Other Compensation

Perquisites and Benefits

During fiscal year 2015, we did not provide any significant perquisites to our NEOs. The Company provides our NEOs with certain benefits at the same level and offering made available to our other employees generally, including participation in our 401(k) retirement plan, health care plans, life insurance plans, and other welfare benefit programs. The Company also reimburses each NEO for the cost of an annual physical exam. The Compensation Committee believes that this benefit helps protect the health of the executive team at a relatively small cost to the Company.

In addition to the standard benefits offered to all of our employees generally, our U.S.-based executives and other employees who are specifically approved by the Compensation Committee are eligible to participate in our Deferred Compensation Plan, which allows our executives to elect to defer annual salary and/or annual cash incentive income. The Deferred Compensation Plan is unfunded and unsecured, however the Company maintains life insurance policies on the lives of certain current and former participants in the plan, the benefit and accrued value of which is intended to cover a majority of the plan's accrued liability. The Company matches, on a dollar-for-dollar basis, up to the first 20% of employee base salary contributions for our CEO, our Chief Financial Officer and our General Counsel, up to the first 15% for participants at the Vice President level, and up to the first 10% for all other participants. We believe that providing the NEOs with this deferred compensation opportunity is a cost-effective way to permit executives to receive the tax benefits associated with delaying income tax on the compensation deferred, even though the related deduction for the Company is also deferred. For more information on our Deferred Compensation Plan, please see "Non-Qualified Deferred Compensation Plan-Fiscal Year 2015" in this Proxy Statement.

Severance

The Compensation Committee evaluates the level of severance benefits, if any, to be provided to an NEO on a case-by-case basis. Currently, Mr. Maheswaran is our only NEO covered by an agreement with the Company that provides for severance benefits outside the context of a change in control transaction.

At the time Mr. Maheswaran was hired in 2006, the Compensation Committee determined that providing him with certain severance protections was a material inducement to attracting him to the Company and was appropriate in light of his position within the Company, his overall compensation package and the post-employment restrictions he would be subject to after he no longer works for the Company. Pursuant to the terms of Mr. Maheswaran's offer letter, originally entered into in March 2006 and as subsequently amended (the "Offer Letter"), in the event Mr. Maheswaran's employment with us is terminated for reasons other than death, disability or "cause," or if he terminates his employment for "good reason" within 30 days of an event giving rise to good reason, he will be entitled to 12 months of his annual salary, and 12 months continued welfare plan (medical, dental, life and long-term disability insurance) coverage. The terms "cause" and "good reason" are defined in the Offer Letter. These severance benefits are contingent on Mr. Maheswaran's execution of a release agreement which, among other things, releases the Company from liability relating to his employment and the termination of his employment.

Change in Control Benefits

Equity Plan Change in Control Benefits

Under the terms of our stockholder approved equity incentive plans, if there is a change in control of the Company and the successor entity does not assume the obligation for the stock options or other equity-based awards, or the awards do not otherwise remain outstanding after the transaction, then most unvested stock options and other equity based awards (other than Performance-Based Units, described below) will become fully vested as a result of the transaction. If the successor entity does assume the obligation for stock options or other equity-based awards in the change in control transaction, then in the event of a loss of employment within 12 months following a "change in control," due to termination of employment by the Company without "cause" or a "constructive termination" of the participant (as those terms are defined in the applicable plan), certain then unvested stock options and other equity based awards (but not including Performance-Based Units granted under the Company's 2008 and 2013 Long-Term Equity Incentive Plans) will become fully vested.

For our Performance-Based Units, on a "change in control," if the surviving entity does not assume or continue the applicable award in effect per its original terms, the performance period will terminate immediately prior to such event and the number of units that vest will be determined. To determine the number of units that will vest in such event, the applicable performance goals are pro-rated to reflect the shortened performance period, and then the Company's actual performance in the shortened period is determined and evaluated against the adjusted performance goals.

Deferred Compensation Plan

Our Deferred Compensation Plan provides for vesting of account balances attributable to Company matching contributions on involuntary termination of employment within 18 months of a change in control.

Executive Change in Control Retention Plan

The Compensation Committee believes that providing severance protections to our executive officers should a change in control occur is in the best interests of the Company and our stockholders in order to provide additional retention incentives to the selected executive officers and to encourage them to remain employed with the Company during an important time when their prospects for continued employment following a change in control transaction are often uncertain. On December 19, 2014, the Compensation Committee adopted the Semtech Corporation Executive Change in Control Retention Plan (the "CIC Plan"). The CIC Plan superseded and replaced in its entirety the Company's prior Change in Control Retention Plan, the Semtech Corporation Amended and Restated Executive Change in Control Retention Plan, which originally took effect on September 28, 2010 (the "Prior CIC Plan"). Mr. Maheswaran's Offer Letter includes severance protections, discussed below. Accordingly, he does not participate in the CIC Plan and did not participate in the Prior CIC Plan. Mr. Beauchamp is employed in Canada and covered by severance protections applicable under local law. Accordingly, Mr. Beauchamp does not participate in the CIC Plan. Our other NEOs participate in the CIC Plan.

The CIC Plan provides for certain severance benefits if the participant's employment with the Company terminates in certain circumstances in connection with a "change in control" (as defined in the CIC Plan). If the CIC Plan participant's employment is terminated by the Company other than for "cause" (as defined in the CIC Plan) or by the participant for "good reason" (as such terms are defined in the CIC Plan), in either case during a "change in control window," the participant will be entitled to receive certain severance benefits. For these purposes, a "change in control window" is defined as the period (1) beginning on the earlier of (a) 90 days prior to a change in control or (b) the execution of a definitive agreement to effect a transaction that, if consummated in accordance with the proposed terms, would constitute a change in control (provided that the transaction with the party to the definitive agreement is actually consummated within one year following the execution of such definitive agreement and such transaction actually constitutes a change in control), and (2) ending on the second anniversary of such change in control. A more detailed description and discussion of the CIC Plan is found below in this Proxy Statement in the report on Executive Compensation, under the heading "Potential Payments on Termination or Change in Control."

The CIC Plan does not provide for automatic accelerated vesting of equity awards upon a change in control transaction; eliminating the automatic accelerated vesting provisions that had been included in the Prior CIC Plan. The CIC Plan does not include a tax "gross-up" provision. Instead, if any payment or benefit received by a participant in the CIC Plan in connection with a change in control of the Company would have been subject to any excise taxes imposed under Section 4999 of the Internal Revenue Code of 1986, as amended (the "Excise Tax"), such payments and benefits will either be reduced (but not below zero) as necessary to avoid the participant incurring any such Excise Tax or be paid in full (with the participant paying any Excise Tax due), whichever places the participant in the best after-tax position (taking into account federal, state and local income taxes and the Excise Tax).

Edgar Filing: SEMTECH CORP - Form DEF 14A

A more detailed description of the CIC Plan is found below in this Proxy Statement in the report on Executive Compensation, under the heading "Potential Payments on Termination or Change in Control."

CEO Change in Control Arrangements

As noted above, Mr. Maheswaran does not participate in the CIC Plan or the Prior CIC Plan. Severance protections for Mr. Maheswaran are provided in his Offer Letter. Mr. Maheswaran's Offer Letter provided that he would be entitled to certain enhanced severance benefits if, within 12 months following a "change in control" (as defined in the Offer Letter), his employment with us is terminated for reasons other than death, disability or "cause," or if he had terminated his employment for "good reason" within 30 days of an event giving rise to good reason. In December 2014, the Compensation Committee determined that it was advisable to amend Mr. Maheswaran's Offer Letter to conform to certain of the provisions of the CIC Plan to provide consistency in these provisions among the executive team and to provide for a new five-year term that will expire on December 19, 2019, subject to earlier termination upon a termination of Mr. Maheswaran's employment. The Offer Letter amendments provide that, instead of severance benefits being triggered by a termination of his employment with us within 12 months following a change in control under the circumstances described above, Mr. Maheswaran would be entitled to such enhanced severance benefits if his employment with us is terminated under the circumstances described above during a "change in control window." For these purposes, a "change in control window" has the same meaning as provided under the CIC Plan. In the event the employment of Mr. Maheswaran is terminated under such circumstances, he would be entitled to cash severance benefits equal to two times his annual salary, two times his annual target annual cash incentive, a pro-rated annual cash incentive for the fiscal year of the termination, and up to 24 months continued welfare plan (medical, dental, life and long-term disability insurance) coverage.

We believe it is appropriate to provide these protections for Mr. Maheswaran for the same reasons we provide benefits under the Change in Control Plan to the other NEOs as described above. Mr. Maheswaran's Offer Letter also provides severance protections should his employment be terminated in certain circumstances outside of a change in control window. These provisions were negotiated with Mr. Maheswaran when he joined the Company.

When Mr. Maheswaran was initially hired in 2006, the Company agreed to reimburse Mr. Maheswaran for the full amount of the Excise Tax on or arising from our severance benefits paid to him as a result of a change in control (the "Tax Gross-up Provision"). On February 27, 2014, the Company entered into a letter agreement (the "Letter Agreement") with Mr. Maheswaran to amend his Offer Letter. The Letter Agreement removed from the Offer Letter the Tax Gross-up Provision. Instead, Mr. Maheswaran's payments and benefits payable in connection with a change in control will either be reduced, but not below zero, as necessary to avoid Mr. Maheswaran incurring any such Excise Tax or be paid in full, with Mr. Maheswaran paying any Excise Tax due, whichever places Mr. Maheswaran in the better after-tax position. This approach was retained in the December 2014 amendments to Mr. Maheswaran's Offer Letter; Mr. Maheswaran is not entitled to a tax gross-up for any Excise Tax.

For more information on our severance and change in control arrangements with the NEOs, including a more detailed description of Mr. Maheswaran's Offer Letter, please see "Potential Payments on Termination or Change in Control" below in this Proxy Statement.

Role of Management, Consultants and Others in Determining Compensation

All decisions regarding compensation of our executive officers are made by the Compensation Committee. The Compensation Committee provides regular updates to the Board of Directors regarding its decisions. The Compensation Committee relies on recommendations and input from our management to help fulfill the Compensation Committee's responsibilities. The Compensation Committee also relies on our CEO to evaluate the performance of executives who report to him and to make recommendations about the compensation of those executives.

The Compensation Committee may engage the services of outside advisors, experts and others to assist the Compensation Committee. Additionally, the Compensation Committee evaluates our compensation policies and practices in comparison to the published standards and guidelines of third-party proxy advisory services used by many institutional investors. During fiscal year 2015, the Compensation Committee engaged the services of Mercer (US), Inc. ("Mercer") which, in connection with its use of survey data provided by the Company's management among other resources, advised, informed, and made recommendations to the Compensation Committee in its review of executive officer compensation, including competitiveness and comparison to peer companies.

Except as noted below, Mercer did not provide the Compensation Committee or the Company with any additional services or products during fiscal year 2015 beyond the services to the Compensation Committee described in this CD&A. In November 2014, Mercer acquired Jeitosa Group International ("Jeitosa"), a Workday Advisory Partner and Deployment Partner. The Company uses Jeitosa as its Human Resources Information System (HRIS) consultant to

Edgar Filing: SEMTECH CORP - Form DEF 14A

expand Workday functionality. These projects include Workday Absence, Time Tracking, Project Tracking, and Payroll Interface. The Company paid Jeitosa approximately \$135,000 for these services in fiscal year 2015.

The decision to engage Mercer was made by the Compensation Committee. The decision to engage Jeitosa was made by Company management. Although the Compensation Committee did not specifically approve the engagement of Jeitosa, the Compensation Committee has reviewed these other services and, after consideration of such services and other factors prescribed by the Securities and Exchange Commission for purposes of assessing the independence of compensation advisors, has determined that no conflicts of interest exist between the Company and Mercer (or any individuals working on the Company's account on Mercer's behalf) and the Compensation Committee believes that Mercer is independent. In reaching this determination, the Company considered the following factors, all of which were confirmed by Mercer:

Other than the services provided by Jeitosa identified above and Mercer's services provided under its engagement by the Compensation Committee, Mercer and its affiliates provided no services to the Company during fiscal year 2015;

The aggregate amount of fees paid or payable by the Company to Mercer and its affiliates for fiscal year 2015 represented less than 1% of total revenue for Mercer and its affiliates for fiscal year 2015;

Mercer has established Global Business Standards to manage potential conflicts of interest for executive rewards consulting services, which policies and procedures were provided to the Company;

There are no business or personal relationships between our Mercer executive remuneration advisors and any member of the Compensation Committee other than in respect of (1) the services provided to the Company by Mercer as described above, or (2) work performed by Mercer for any other company, board of directors or compensation committee for which such Compensation Committee member also serves as an independent director;

Our Mercer executive remuneration advisors do not own stock in the Company; and

There are no business or personal relationships between our Mercer executive remuneration advisors, Mercer, or other Mercer affiliates and any executive officer of the Company other than in respect of the services provided to the Company as described above.

Mercer

The Compensation Committee selected Mercer as a compensation advisor because of its past performance in providing timely and detailed analyses, its broad knowledge of the semiconductor sector and compensation governance trends, and its in-depth understanding of the Company's executive compensation plans.

Mercer assists the Compensation Committee in the selection of peer group companies. The Compensation Committee sets the financial and market parameters for selecting a peer group. Within the established parameters, Mercer analyzes the relevant information and recommends to the Compensation Committee companies to be incorporated into the peer group. Mercer also analyzes peer company surveys and disclosures to determine executive positions within the peer group that are comparable to the Company's executives. Mercer then analyzes the components of compensation for each of the Company executives relative to their peers. The Compensation Committee considers this Mercer analysis as one of the factors in determining the compensation for the Company's executives. Details of the peer group, its selection, and a summary of the results of the peer compensation analysis are provided below under the section entitled "Peer Group."

Mercer also collects data from the peer companies' public disclosures in order to calculate the Company's performance on certain financial metrics relative to the peer companies. This information is used by the Compensation Committee to calculate the annual CEO annual cash incentive using the methodology described above under the section entitled "CEO Bonus Plan."

As requested by the Compensation Committee from time to time, Mercer advises the Compensation Committee on trends in compensation plans, compensation governance, and relevant regulatory matters. In addition, Mercer also annually evaluates the Company's executive compensation practices, including CEO compensation, using the published standards and guidelines of third-party proxy advisory services to help ensure the Compensation Committee is aware of any pay practice or governance issues which may deserve re-examination. On request of the Compensation Committee, Mercer also provides analyses on trends in "say-on-pay" shareholder voting and the Company executive

compensation as compared to certain peer companies.

Other Compensation Policies

Stock Ownership Guidelines

To further our objective of aligning the interests of management with those of our stockholders, the Compensation Committee maintains Company stock ownership guidelines for our executive officers, which were last updated and approved by the Committee at its regularly scheduled meeting on August 13, 2014. Each of our executive officers employed with the Company as of August 13, 2014, however, remains targeted to acquire and maintain a level of equity ownership of the Company (which may include shares of the Company's stock, stock options, restricted stock, or restricted stock units) that has a value approximately equal to two times (five times in the case of the CEO) the annual base salary of such executive officer. The CEO's targeted level of ownership was increased in fiscal year 2015 from three times to five times his annual base salary. The applicable ownership level is expected to be achieved within five years of the effective date of the guidelines for officers serving as of the adoption of the guidelines.

Description of Employment Arrangements

All of our NEOs are employed on an at-will basis and none of our NEOs are employed under the terms of an employment agreement for a fixed term. We do, however, issue written offer letters from time to time to prospective executives that set forth their initial terms of compensation and other material terms including, in the case of Mr. Maheswaran, post-termination severance obligations, and we provide certain severance protections under the CIC Plan, as described above under "Other Compensation Severance."

Section 162(m) Considerations

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows public companies a tax deduction for compensation in excess of \$1 million paid to their chief executive officer and certain of their other executive officers unless certain performance and other requirements are met. Our intent generally is to design and administer executive compensation programs in a manner that will preserve the deductibility of compensation paid to our executive officers, and we believe that a substantial portion of our current executive compensation program satisfies the requirements for exemption from the \$1 million deduction limitation (such as our stock option awards) or falls within the \$1 million deductibility limitation. However, we believe the Company's goal of preserving the deductibility of compensation is secondary in importance to achievement of its compensation objectives, and we reserve the right to design programs that recognize a full range of performance criteria important to our success, even where the compensation paid under such programs may not be deductible. The Compensation Committee will continue to monitor the tax and other consequences of our executive compensation program as part of its primary objective of structuring compensation paid to our executive officers that it believes is reasonable, performance-based and consistent with the goals of the Company and its stockholders.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed with management the disclosures contained in the Compensation Discussion and Analysis section of this Proxy Statement. Based on this review and our discussions, the Compensation Committee has recommended to our Board of Directors that the Compensation Discussion and Analysis section be included in this Proxy Statement, portions of which are incorporated by reference in the Company's Annual Report on Form 10-K for fiscal year 2015. Respectfully submitted by THE COMPENSATION COMMITTEE

Bruce C. Edwards, Chair

Glen M. Antle

Dr. Carmelo J. Santoro

This Compensation Committee Report does not constitute soliciting material, and shall not be deemed to be filed or incorporated by reference into any other Company filing under the Securities Act of 1933, as amended (the "Securities Act"), or the Securities Exchange Act of 1934, as amended (the "Exchange Act"), except to the extent that the Company specifically incorporates the Compensation Committee Report by reference therein.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee members whose names appear on the Compensation Committee Report above currently comprise the Compensation Committee. No member of our Compensation Committee during fiscal year 2015 is or has been an executive officer or employee of the Company, and no member of the Compensation Committee had any relationship requiring disclosure by the Company under the SEC's rules requiring disclosure of certain relationships and related-party transactions. None of our executive officers now serve, or served during fiscal year 2015, as a director or a member of a compensation committee (or other committee performing an equivalent function) of another entity that had one of its executive officers serving on our Board or Compensation Committee during fiscal year 2015 or currently.

EXECUTIVE COMPENSATION

The following table presents information regarding compensation of our NEOs for service during fiscal year 2015 and for fiscal year 2014 and/or fiscal year 2013 for individuals who were also NEOs in those years. Additional information regarding the compensation realized by our NEOs in fiscal year 2015 can be found in the CD&A, including in the "Realized Compensation" discussion and table on pages 28-29.

("FASB") Accounting Standards Codification ("ASC") Topic 718 based on assumptions set forth in Note 12 to the financial statements included in the Company's Annual Report on Form 10-K filed with the SEC on March 30, 2015, and on the assumptions in similar footnotes to the financial statements included in the Company's Annual Reports on Form 10-K filed in prior years.

Our Performance-Based Units primarily settle 50% in shares and 50% in cash and are valued based on the probable outcome of the applicable performance conditions as determined on the grant date. We considered the "target" level of performance to be the probable outcome of the applicable performance conditions as of the grant date, so the grant date fair values included in the table above are based on an assumption that the Performance-Based Units would vest at target level. If we achieve the highest level of performance under the Performance-Based Units granted in fiscal year 2015, the Performance-Based Units would vest and be paid at 200% of the original target award. The following table presents the grant date fair values of the Performance-Based Units granted to our NEOs in fiscal year 2015 under two sets of assumptions: (a) assuming that the applicable performance conditions were achieved at the target level, which we originally considered to be the probable outcome, and (b) assuming that the highest level of performance would be achieved.

Amounts set forth in the "Non-Equity Incentive Plan Compensation" column for fiscal year 2015 reflect the amounts paid to our CEO under our CEO Bonus Plan and amounts paid to our other NEOs under the terms of our Executive Bonus Program. The amounts shown for each fiscal year represent amounts earned for performance in the applicable fiscal year. Actual payment is made in the following fiscal year.

(6)

Amounts presented in the "All Other Compensation" column for fiscal year 2015 include Company contributions to our 401(k) plan and our Deferred Compensation Plan for our NEOs, and to a governmentally mandated international defined-contribution pension plan for Mr. Beauchamp, as follows:

Employer Contributions to Compensation Plans

Name	401(k) Plan (\$)	Deferred Compensation Plan (\$)	Statutory (Canada) Defined-Contribution Pension Plan (\$)
Mr. Maheswaran	7,938	84,615

(1) All equity awards were made pursuant to the Semtech Corporation 2013 Long-Term Equity Incentive Plan (the "2013 Plan"). Certain terms of the awards are described below and above under the heading "Compensation Discussion and Analysis."

(2) The Non-Equity Incentive Plan Awards made to Mr. Maheswaran were granted pursuant to the terms of our CEO Bonus Plan. All Non-Equity Incentive Plan Awards made to our other NEOs were granted pursuant to the terms of our Executive Bonus Program. Upon adoption of the CEO Bonus Plan, Mr. Maheswaran became ineligible to receive awards pursuant to the Executive Bonus Program. All Non-Equity Incentive Plan Awards were paid to our executives in fiscal year 2016 for their performance in fiscal year 2015, except for Mr. Ammann, whose employment with the Company commenced on January 27, 2014. There is no guaranteed minimum bonus under the applicable plan. For each NEO, the "Threshold" represents the

Edgar Filing: SEMTECH CORP - Form DEF 14A

amount which would be paid assuming no amount is attributed to their individual performance and each factor attributed to Company performance is paid at the lowest level at which any payout may be made; the "Target" represents the executive's base salary multiplied by the target award percentage established for the executive; and the "Maximum" represents the maximum amount payable pursuant to the applicable plan assuming the maximum amount is attributed to the executive's individual performance and each factor attributed to Company performance is paid at the maximum level. Pursuant to its terms, the maximum amount payable to Mr. Maheswaran under the CEO Bonus Plan is limited to 200% of his base salary.

(3)

These columns represent awards of Performance-Based Units. Certain terms of such awards are described below, as well as above under the heading "Compensation Discussion and Analysis." There is no guaranteed minimum payout.

- (4) The awards reflected in this column represent Restricted Stock Units, Executive Ownership Restricted Stock Units and Market-Based Performance Stock Units. Certain terms of such awards are described below as well as above under the heading "Compensation Discussion and Analysis."
- (5) The valuation of equity awards is computed in accordance with FASB ASC Topic 718 and based on assumptions set forth in Note 12 to the financial statements filed with the Company's Annual Report on Form 10-K filed with the SEC on March 30, 2015. The awards are valued as of the date of grant, disregarding any estimate of forfeitures related to service-based vesting conditions. The Performance-Based Units included in this table that vest are settled 50% in cash and 50% in shares.

Description of Fiscal Year 2015 Plan-Based Awards

Non-Equity Incentive Plan Awards

As described above under the heading "Compensation Discussion and Analysis," we maintain two non-equity incentive plans applicable to our NEOs: our CEO Bonus Plan for Mr. Maheswaran and our Executive Bonus Program for our other NEOs. These plans generally provide a cash payout only in the event certain pre-established Company and individual performance objectives are met. Under the plans, each NEO has a targeted bonus potential expressed as a percentage of the NEO's base salary. In fiscal year 2015, payouts to Mr. Maheswaran were based on our non-GAAP operating income, net revenue growth, net revenue and EPS compared to certain peer companies and our Board's assessment of his individual performance. For our other NEOs, payouts were based on our non-GAAP operating income and assessments of their individual performance by our CEO and the Compensation Committee. The applicable performance criteria and targets in place for fiscal year 2015 under our CEO Bonus Plan and our Executive Bonus Program are discussed in detail above under the heading "Compensation Discussion and Analysis." Awards under these plans are generally only paid to executives who are employed by the Company on the date awards are paid, which generally occurs in the first quarter following the end of the applicable fiscal year. The plans also include a right of the Company to recover any payment to an executive in the event the executive's fraud or misconduct led to the need for a material restatement of the Company's financial statements for the applicable fiscal year.

Equity Incentive Plan Awards

In fiscal year 2015, we granted five types of equity incentive awards to our NEOs: "non-qualified" stock options ("NQSOs"); restricted stock units ("RSUs"); Performance-Based Units ("PSUs"); Executive Ownership Restricted Stock Units ("OSUs"), which are restricted stock units granted to help our executives satisfy our executive stock ownership guidelines; and Market-Based Performance Stock Units ("MPSUs"), which we use to refer to the RSUs subject to the special equity award grant to our CEO in February 2014 that are subject to certain Company stock price-based vesting conditions. The material terms of the NQSOs, RSUs, PSUs and OSUs are described above under the heading "Compensation Discussion and Analysis – Equity Incentive Awards." The material terms of the MPSUs are described above under the heading "Compensation Discussion and Analysis – CEO Special Performance Long-Term Incentive Award."

All equity awards granted in fiscal year 2015 were granted under, and subject to the terms and conditions of, the 2013 Plan and the award certificates applicable to such awards. Awards of NQSOs and RSUs vest over three years from the date of their grant, except for those awards granted to Mr. Ammann as part of his new-hire package to join the Company, which awards are scheduled to vest over four years from the date of their grant. Awards of OSUs vest on the fourth anniversary of the date of the grant and are generally payable only six months after the executive's employment with the Company terminates. As described above under the heading "Compensation Discussion and Analysis – CEO Special Performance Long-Term Incentive Award," the MPSUs were only granted to our CEO and are eligible to vest only if the average per-share closing price of the Company's common stock equals or exceeds \$35.00 and \$40.00 during any consecutive 120-day calendar period that occurs during the performance period commencing February 26, 2014 and ending February 26, 2019. Awards of RSUs, OSUs and MPSUs represent a right to receive one share of Company common stock or, at the Company's discretion, the payment of cash for each unit in an amount equal to the Company's share price. The Company currently intends to continue its historic practice of settling these awards in Company common stock.

Each of the NQSOs granted in fiscal year 2015 was granted with a per-share exercise price equal to the fair market value of a share of the Company's common stock on the grant date. Each of the NQSOs granted in fiscal year 2015 has a term of six years.

Awards of PSUs generally vest three years from the date of their grant and only to the extent the Company achieves certain pre-established performance objectives relating to cumulative net revenue and cumulative operating income over

Edgar Filing: SEMTECH CORP - Form DEF 14A

the vesting period. These revenue and income goals are generally set far in advance of the end of the performance periods and are set at levels that are intended to be highly challenging but attainable goals at the time the levels are established. Half of any vested PSUs are payable in an equal number of shares of our common stock and the other half are payable in cash based on the closing price of the Company's common stock on the last day of the vesting period.

None of the equity incentive awards granted to our NEOs in fiscal year 2015 entitle the recipient to dividend rights, except for certain awards that include a right to distribution of dividend equivalents. As described more fully under the heading "Potential Payments On Termination or Change in Control" below, under certain circumstances the vesting of some or all of our equity awards to our NEOs may be accelerated on the executive's termination from the Company or on a change in control of the Company.

The NQSOs have a time-based vesting schedule and vest in three or four approximately equal annual installments on the anniversary date of the applicable grant, as follows:

Grant Date	1 st Vesting Date	2 nd Vesting Date	3 rd Vesting Date	4 th Vesting Date
2/25/2014	2/25/2015	2/25/2016	2/25/2017	2/25/2018

2/24/2009	2/24/2010	2/24/2011	2/24/2012	

(4)

For all NEOs, the PSUs vest based on achievement of certain goals related to cumulative net revenue and cumulative operating income over a stated performance period. Based on the actual goals achieved, the PSUs granted on February 28, 2012 vested on January 25, 2015 as to 0% of the target number of units subject to the award. Subject to achievement of the applicable performance goals, the PSUs granted on February 26, 2013 vest on January 31, 2016 and the PSUs granted on February 25, 2014 vest on January 29, 2017.

(5)

The RSUs have a time-based vesting schedule and vest in approximately equal annual installments as follows:

Grant Date	1 st Vesting Date	2 nd Vesting Date	3 rd Vesting Date	4 th Vesting Date
2/25/2014	2/25/2015	2/25/2016	2/25/2017

(6)

The MPSUs are eligible to vest during the period commencing February 26, 2014 and ending February 26, 2019 (the "Performance Period") as follows: 30% of the restricted stock units covered by the MPSUs will vest if, during any consecutive 120-day calendar period that commences and ends during the Performance Period, the average per-share closing price of the Company's common stock equals or exceeds \$35.00; and the MPSUs would vest in full if, during any consecutive 120-day calendar period that commences and ends during the Performance Period, the average per-share closing price of the Company's common stock equals or exceeds \$40.00. As of January 25, 2015, no portion of the MPSUs have vested.

(7)

For Mr. Beauchamp, the Executive Ownership Restricted Stock Units ("OSUs") granted on February 26, 2013 vest on February 26, 2018, and those granted on February 25, 2014 vest on February 25, 2018.

Option Exercises and Stock Vested in Fiscal Year 2015

The following table identifies option awards that were exercised by our named executive officers during fiscal year 2015 and other stock awards that vested during fiscal year 2015 that were previously granted to our named executive officers:

OPTION EXERCISES AND STOCK VESTED IN FISCAL YEAR 2015

Name	Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise (1) (\$)	Number of Shares Acquired on Vesting (#)	Value Realized on Vesting (1) (\$)
Mr. Maheswaran	48,000	692,341	81,161	2,107,867
Mr. Chukwu	4,133	69,377	15,947	397,778
Mr. Ammann				
Mr. Beauchamp			21,666	553,533
Mr. Pohlman	70,000	893,841	16,066	400,747

(1)

The dollar amounts shown in the table above for option awards are determined by multiplying (i) the number of shares of our common stock to which the exercise of the option related, by (ii) the difference between the per-share price of our common stock on the date and time of exercise and the exercise price of the options. The dollar amounts shown in the table above for stock awards are determined by multiplying the number of shares or units, as applicable, that vested by the per-share closing price of our common stock on the vesting date.

Non-Qualified Deferred Compensation Fiscal Year 2015

Certain of our NEOs elect to receive some of their compensation on a deferred basis under the Deferred Compensation Plan. A participant may elect to defer up to 80% of his or her base salary and performance-based compensation. Under the Company's current matching program under the Deferred Compensation Plan, the Company matches up to the first 20% of base salary deferred by the Chief Executive Officer, the Chief Financial Officer and the General Counsel, up to the first 15% of base salary deferred by participants at the Vice President level and up to the first 10% of base salary deferred by all other participants. Participants are always 100% vested in their deferrals and the earnings thereon. Matching contributions made by the Company vest 25% on December 31st of the calendar year during which the contribution is made. Thereafter, vesting continues 25% on December 31st for each of the following three calendar years. Amounts in participant accounts may generally be deferred until a specified date, death, disability, a change in control or termination of employment. At the participant's election, deferrals will generally be paid in a lump sum or in annual installments over a period of up to 20 years. Withdrawals may be made for unforeseeable emergencies and some amounts (generally pre-2005 deferrals) may be withdrawn subject to a penalty. Earnings on the account of each executive are credited to such executive based on the performance of investment vehicles chosen by the executive from a selection offered to all plan participants by the plan's administrator. Executives may elect to change the investment vehicles applicable to their accounts at any time. The earnings associated with the Deferred Compensation Plan are related to plan participant elections made in relation to the available mutual fund investment choices as provided through the Deferred Compensation Plan.

As previously discussed, Executive Ownership Restricted Stock Units granted to our named executive officers also provide for payment of any vested units subject to the award to be deferred and not made until six months after the executive's employment with the Company terminates.

The following table presents information regarding the contributions to and earnings on our NEOs' deferred compensation balances during fiscal year 2015, and the total deferred amounts for the NEOs at the end of fiscal year 2015:

NON-QUALIFIED DEFERRED COMPENSATION FISCAL YEAR 2015

Mr. Beauchamp (5)					
Mr. Pohlman	343,789	48,514	269,800		4,174,700

(1)

These amounts consist of base salary deferred under the Deferred Compensation Plan in fiscal year 2015, and the value of Executive Ownership Restricted Stock Units that vested during fiscal year 2015 (the payment of which is delayed until six months after the

Edgar Filing: SEMTECH CORP - Form DEF 14A

executive's employment with the Company terminates). For this purpose, the value of Executive Ownership Restricted Stock Units is determined based on a value of \$27.83 per share, which was the closing price of the Company's common stock on March 14, 2013, the vesting date of the Executive Ownership Restricted Stock Units. Base salary deferrals for each of the named executive officers to the Deferred Compensation Plan in fiscal year 2015 was as follows: Mr. Maheswaran, \$88,846; Mr. Chukwu, \$69,500; Mr. Ammann, \$55,846; and Mr. Pohlman, \$343,789. All of these amounts have been included in the "Base Salary" column of the "Summary Compensation Table Fiscal Year 2015" above. The value (determined as noted above) of Executive Ownership Restricted Stock Units held by the named executive officers that vested in fiscal year 2014 was as follows: Mr. Maheswaran, \$520,421; Mr. Chukwu, \$311,696; and Mr. Pohlman, \$317,262. The value of these shares at the end of fiscal year 2014, based on the closing price on January 24, 2014 of \$23.22, was as follows: Mr. Maheswaran, \$434,214; Mr. Chukwu, \$260,064; and Mr. Pohlman, \$264,708. Mr. Ammann does not hold any Executive Ownership Restricted Stock Units that vested in fiscal year 2015.

(2)

All of the amounts reported as "Registrant Contributions in the Last Fiscal Year" are included in the "All Other Compensation" column of the "Summary Compensation Table Fiscal Year 2015" above.

(3)

These amounts consist of earnings credited under the Deferred Compensation Plan for fiscal year 2015 with respect to deferrals made under that plan and the appreciation in value during fiscal year 2015 (after the date of vesting of the units) of Executive Ownership Restricted Stock Units. No portion of these earnings on deferred compensation is considered to be at above-market rates under SEC rules; thus no such earnings are included as compensation in the "Summary Compensation Table Fiscal Year 2015" above.

(4)

These amounts consist of the named executive officer's fiscal year-end balance under the Deferred Compensation Plan as well as the fiscal year-end value of the executive's vested Executive Ownership Restricted Stock Units (the payment of which is delayed until six months after the executive's employment with the Company terminates). Deferred Compensation Plan balances include unvested amounts attributable to the Company's contributions and earnings thereon. All amounts within the "Aggregate Balance at Last Fiscal Year End" column for each NEO were included in Summary Compensation Tables for previous years, to the extent the executive was named in such tables and the amounts were so required to be reported in such tables and with the value of Executive Ownership Restricted Stock Units included in the year of grant of those units based on the grant date fair value of the award.

The Deferred Compensation Plan balance for each of the named executive officers at the end of fiscal year 2015 was as follows: Mr. Maheswaran, \$2,184,021; Mr. Chukwu, \$1,585,655; Mr. Ammann, \$115,990; and Mr. Pohlman, \$3,866,102. The value of vested Executive Ownership Restricted Stock Units held by each of the named executive officers at the end of fiscal year 2015 was as follows: Mr. Maheswaran, \$506,209; Mr. Chukwu, \$303,184; and Mr. Pohlman, \$308,598. These values are based on a value of \$27.07 per share, which was the closing price of the Company's common stock on January 23, 2015, the last trading day of fiscal year 2015.

(5)

Mr. Beauchamp, resident in Ontario, Canada, does not participate in the Deferred Compensation Plan and does not hold any vested Executive Ownership Restricted Stock Units as of the end of fiscal year 2015.

Potential Payments On Termination or Change in Control

Executive Change in Control Retention Plan

On December 19, 2014, the Compensation Committee adopted the Semtech Corporation Executive Change in Control Retention Plan (the "CIC Plan"). The CIC Plan superseded and replaced in its entirety the Company's prior Executive Change in Control Retention Plan, the Semtech Corporation Amended and Restated Executive Change in Control Retention Plan, which originally took effect on September 28, 2010 (the "Prior CIC Plan"). The CIC Plan is designed to provide incentives for eligible executive officers to exert maximum efforts for the Company's success, and to retain those persons, even in the face of a potential "change in control" (as defined in the CIC Plan). The Compensation Committee administers the CIC Plan. Eligible persons under the CIC Plan are limited to certain executive officers of the Company who are designated by the Compensation Committee as eligible to participate in the CIC Plan. Mr. Maheswaran's Offer Letter includes certain severance protections, discussed below. Accordingly, he does not participate in the CIC Plan and did not participate in the Prior CIC Plan. Mr. Beauchamp is employed in Canada and covered by severance protections applicable under local law, pursuant to which he would be entitled to certain minimum severance benefits in the event his employment is terminated by the Company without cause. Accordingly, Mr. Beauchamp does not participate in the CIC Plan. Our other NEOs participate in the CIC Plan.

Edgar Filing: SEMTECH CORP - Form DEF 14A

Under the CIC Plan, a "change in control" is generally defined to include any of the following: (1) an acquisition by any individual, entity or group of more than 30% of the outstanding shares of the Company's common stock or the outstanding voting securities of the Company (provided that if such an acquisition was specifically approved in advance by the Board, the reference to "30%" in this clause (1) shall instead be "50%"); (2) certain majority changes in the Board; (3) certain reorganizations, mergers, dispositions, or consolidations of the Company, or certain sales of substantially all of the Company's assets; and (4) a dissolution or liquidation of the Company.

The CIC Plan provides for certain severance benefits if the participant's employment with the Company terminates in certain circumstances in connection with a change in control. If the CIC Plan participant's employment is terminated by the Company other than for "cause" or by the participant for "good reason" (as such terms are defined in the CIC Plan), in either case during a "change in control window," the participant will be entitled to receive specified severance benefits. The severance benefits that would be provided in these circumstances to each of our named executive officers who is a CIC Plan participant are as follows:

- (i) a cash severance benefit equal to (A) one times the sum of the participant's annual base salary rate (at the highest annual rate during the six-month period prior to the change in control) plus the participant's target bonus amount (equal to the greater of the target bonus for the fiscal year in which the participant's employment with the Company terminates or the immediately preceding fiscal year), and (B) a pro-rata target bonus (based on the portion of the year the participant was employed by the Company) for the fiscal year in which the participant's employment with the Company terminates;
- (ii) payment or reimbursement of the participant's premiums to continue coverage under the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA") for up to 12 months;
- (iii) pursuant to the terms of the Deferred Compensation Plan, accelerated vesting of any unvested account balance under such plan; and
- (iv) unless otherwise provided for in the applicable award agreement or the participant's CIC Plan participation agreement, accelerated vesting of any unvested Company equity awards subject to only time-based vesting conditions (including any such award that was originally subject to performance-vesting conditions but as to which the award is subject only to time-based vesting conditions following a change in control (as described below)).

The CIC Plan generally defines a "change in control window" as the period (1) beginning on the earlier of (a) 90 days prior to a change in control or (b) the execution of a definitive agreement to effect a transaction that, if consummated in accordance with the proposed terms, would constitute a change in control (provided that the transaction with the party to the definitive agreement is actually consummated within one year following the execution of such definitive agreement and such transaction actually constitutes a change in control), and (2) ending on the second anniversary of such change in control. A CIC Plan participant's right to receive the severance benefits under the CIC Plan described above is contingent on the participant providing a general release of claims in favor of the Company and the participant complying with certain restrictive covenants in favor of the Company. The CIC Plan also provides that, in the event the Company prepares an accounting restatement that is required due to the Company's material noncompliance with any financial reporting requirement under applicable securities laws, each participant or former participant in the CIC Plan shall pay to the Company on demand any amounts required to be returned to Company by Section 954 of the Dodd Frank Wall Street Reform and Consumer Protection Act of 2010 or the rules and/or the applicable listing standards promulgated thereunder or in connection therewith.

The new CIC Plan does not provide for automatic accelerated vesting of equity awards upon a change in control transaction, eliminating the automatic accelerated vesting provisions that had been included in the Prior CIC Plan. The CIC Plan does not include a tax "gross-up" provision. Instead, if any payments or benefits to be received by a participant in the CIC Plan in connection with a change in control of the Company would be subject to any excise taxes imposed under Section 4999 of the Code (the "Excise Tax"), such payments and benefits will either be reduced (but not below zero) as necessary to avoid the participant incurring any such Excise Tax or be paid in full (with the participant paying any Excise Tax due), whichever places the participant in the best after-tax position (taking into account federal, state and local income taxes and the Excise Tax).

Under the CIC Plan, upon the occurrence of a change in control, and unless otherwise expressly provided for in an applicable award agreement or a participant's CIC Plan participation agreement, as to any then outstanding and unvested Company equity awards that are subject to performance-based vesting conditions, the number of shares or

Edgar Filing: SEMTECH CORP - Form DEF 14A

units subject to the award will be adjusted to equal the "target" number of shares or units subject to the award, and such adjusted equity award will remain subject to any time-based vesting requirements under the original terms of the award (and will be subject to any accelerated vesting with respect to time-based vesting equity awards as described above).

Unless extended by the Board or the Compensation Committee, the CIC Plan will automatically terminate on December 19, 2019, provided that if a change in control occurs during the term of the CIC Plan then in effect, the term of the CIC Plan will not terminate earlier than the second anniversary of such change in control. The Company (acting through the Board or the Compensation Committee) may amend or terminate the CIC Plan at any time, but no amendment or termination that occurs within a change in control window will apply to a participant until the later of (a) the expiration of such change in control window or (b) three months after the Compensation Committee provides the participant with written notice of such amendment or termination, unless the participant consents to the amendment or termination or the amendment or termination does not adversely affect the participant.

Mr. Maheswaran's Offer Letter

As noted above, Mr. Maheswaran does not participate in the CIC Plan and was not a participant in the Prior CIC Plan. Instead, Mr. Maheswaran is entitled to certain severance benefits in connection with a termination of his employment under the circumstances described below pursuant to the terms of his Offer Letter. In the event Mr. Maheswaran's employment with the Company is terminated for reasons other than his death, disability or "cause" (as defined in the Offer Letter), or if he terminates his employment for "good reason" (as defined in the Offer Letter) within 30 days of an event giving rise to good reason, Mr. Maheswaran will be entitled to receive the following severance benefits:

- (1) a cash severance benefit equal to 12 months of his annual salary; and
- (2) 12 months continued welfare plan (medical, dental, life and long-term disability insurance) coverage.

In the event Mr. Maheswaran's employment by the Company is terminated under the circumstances described above and such termination of employment occurs during a "change in control window" (as defined in the Offer Letter), Mr. Maheswaran will be entitled to receive the following severance benefits:

- (1) a cash severance benefit equal to (A) two times the sum of his annual base salary rate plus his target bonus (each as in effect on the date of his termination of employment), and (B) a pro-rata target bonus (based on the portion of the year Mr. Maheswaran was employed by the Company) for the fiscal year in which his employment with the Company terminates;
- (2) 24 months continued welfare plan (medical, dental, life and long-term disability insurance) coverage;
- (3) pursuant to the terms of the Deferred Compensation Plan, accelerated vesting of any unvested account balance under such plan; and
- (4) unless otherwise provided for in the applicable award agreement or the Offer Letter, accelerated vesting of any unvested Company equity awards subject to only time-based vesting conditions (including any such award that was originally subject to performance-vesting conditions but as to which the award is subject only to time-based vesting conditions following a "change in control" (as described below)).

For purposes of the Offer Letter, the terms "change in control" and "change in control window" have the same meanings as provided under the CIC Plan.

Mr. Maheswaran's right to receive the severance benefits described above is contingent on him providing a general release of claims in favor of the Company and complying with certain restrictive covenants in favor of the Company.

Mr. Maheswaran is not entitled to a tax gross-up for any Excise Tax. Instead, if any payment or benefit is received by Mr. Maheswaran in connection with a change in control of the Company would be subject to the Excise Tax, such payments and benefits will either be reduced (but not below zero) as necessary to prevent Mr. Maheswaran from incurring any such Excise Tax or be paid in full (with Mr. Maheswaran paying any Excise Tax due), whichever places Mr. Maheswaran in the best after-tax position (taking into account federal, state and local income taxes and the Excise Tax).

Edgar Filing: SEMTECH CORP - Form DEF 14A

The Offer Letter provides that, upon the occurrence of a change in control, and unless otherwise expressly provided for in an applicable award agreement, as to any then outstanding and unvested Company equity awards that are subject to

performance-based vesting conditions, the number of shares or units subject to the award will be adjusted to equal the "target" number of shares or units subject to the award, and such adjusted equity award will remain subject to any time-based vesting requirements under the original terms of the award (and will be subject to any accelerated vesting with respect to time-based vesting equity awards under the severance provisions of the Offer Letter as described above). The Offer Letter specifically provides that this adjustment provision does not apply to the Special CEO Award granted to Mr. Maheswaran in February 2014, the terms of which will be governed by the award agreement evidencing the Special CEO Award. Pursuant to the terms of the award agreement evidencing the Special CEO Award, the award will vest in full if a majority change in control of the Company occurs during the Performance Period and, in connection with such event, the Company's stockholders become entitled to receive per-share consideration having a value equal to or greater than \$40.00. In addition, if Mr. Maheswaran's employment with the Company terminates, any then unvested restricted stock units subject to the Special CEO Award will terminate.

Awards under the 2008 Long-Term Equity Incentive Plan and the 2013 Long-Term Equity Incentive Plan

Awards (including non-qualified stock options, restricted stock and time-based restricted stock units, but not PSUs) under the 2008 Long-Term Equity Incentive Plan (the "2008 Plan") and the 2013 Plan generally vest on an accelerated basis if, within 12 months following a "change in control," the holder's employment is terminated by the Company without cause or a "constructive termination" of the executive occurs (as those terms are defined in the award agreements). If a termination of employment is as a result of death or "disability" (as defined in the award agreement), PSUs will continue to be eligible to vest following the termination of employment; provided, however, that any PSUs that would vest at the end of the performance period based on attainment of the performance criteria will be pro-rated based on the number of whole months of participation in the performance period before the death or disability. PSUs and other awards are also subject to accelerated vesting pursuant to the terms of the CIC Plan or Mr. Maheswaran's Offer Letter, as applicable. On the occurrence of certain mergers, reorganizations, consolidations and other corporate events with respect to the Company, unless the Compensation Committee has made a provision for the substitution, assumption, exchange or other continuation or settlement of outstanding awards, then each then-outstanding award granted under the 2008 Plan or the 2013 Plan will vest and be exercisable or payable and if not exercised (to the extent such award contains an exercise feature), will terminate. With respect to PSUs, in the event of (a) certain mergers or similar reorganizations under which the Company does not survive (or does not survive as a public company in respect of its common stock), or (b) a "change in control" (as defined in the award agreement), then, unless the Compensation Committee has made a provision for the substitution, assumption, exchange or other continuation or settlement of the PSUs or the PSUs would otherwise continue in accordance with their terms in the circumstances, the performance period will terminate immediately prior to such event and the number of PSUs that vest will be determined based on the Company's actual performance for the shortened performance period and after pro-rating the performance goals set forth in the award agreement to reflect the shortened performance period.

The Deferred Compensation Plan

Participants in the Deferred Compensation Plan, including our NEOs, may elect on initial enrollment to have their vested account balances distributed on a change in control. Participants become 100% vested in Company contributions on the following termination events: death; "disability" (as defined in the Deferred Compensation Plan); or involuntary termination of employment within 18 months of a "change in control" (as defined in the Deferred Compensation Plan). The Deferred Compensation Plan also provides for an additional death benefit, in an amount to be determined by the Compensation Committee, if a participant dies while employed.

Mr. Maheswaran

The table below sets forth potential benefits that Mr. Maheswaran would be entitled to receive from the Company on a termination of his employment under the circumstances described above or on a change in control event, assuming occurrence on January 25, 2015. The calculations and results reported in this table make certain assumptions that may or may not correlate to actual events that may occur, and determinations the Company and Mr. Maheswaran may make, on the occurrence of an applicable event.

This presentation assumes that all equity awards will accelerate and be terminated in connection with a change in control of the Company. However, under the terms of the various plans and award agreements, awards generally will not automatically accelerate on a change in control to the extent that they are assumed or otherwise remain outstanding.

For purposes of this presentation, assuming the equity awards held by a named executive officer were to accelerate on a change in control, the value of those awards has been determined as follows: The closing price of the Company's common stock on January 23, 2015, the last trading day of its fiscal year 2015, was \$27.07. As to outstanding options, the value of the options included reflects the difference between that closing price and the applicable exercise price of the option, multiplied by the number of shares of the Company's common stock subject to the options held by Mr. Maheswaran that would have vested at the end of the fiscal year. As to restricted stock and restricted stock unit awards, the value of the shares underlying the awards held by Mr. Maheswaran that would have vested at the end of the fiscal year has been included based on that closing price. As described more fully in Note 12 to the Company's financial statements filed with the Company's Annual Report on Form 10-K with the SEC on March 30, 2015, the Performance-Based Units ("PSUs") held by Mr. Maheswaran on January 25, 2015 (the last day of the Company's fiscal year 2015) would be projected to vest in applicable amounts as follows: At January 25, 2015, based on the performance metrics associated with the awards, and taking into consideration the shortened performance periods for each award as applicable for the purposes of these calculations, the awards issued on February 28, 2012 (fiscal year 2013) are expected to vest at 0%, the awards issued on February 26, 2013 (fiscal year 2014) are expected to vest at 82%, and the awards issued on February 25, 2014 (fiscal year 2015) are expected to vest at 87%. As noted in the preceding sentence, the PSUs granted in fiscal years 2014 and 2015 would be presumed to meet the applicable pro-rated performance goals required for vesting performance over the shortened performance period ending on January 25, 2015. Accordingly, for the purposes of these calculations, we have calculated the applicable vested shares per the methods described above and included the value of the same in these calculations based on the portion of the award we have assumed would vest on the change in control and applying the January 23, 2015 closing price of a share of the Company's common stock to the number of shares subject to that portion of the award.

If Mr. Maheswaran's equity awards had been assumed and continued following a change in control, and then the awards vested pursuant to Mr. Maheswaran's Offer Letter pursuant to a termination of employment that triggered the severance protections of his Offer Letter at the end of fiscal year 2015, the aggregate value of the equity awards held by Mr. Maheswaran that would have vested in connection with his termination of employment in these circumstances is \$6,735,784 instead of (not in addition to) the \$5,077,363 reflected on the "Change in Control" line in the table above as a result of applying the "target" payment levels to the PSUs.

(2)

Pursuant to the terms of his Offer Letter, if any payment or benefit received by Mr. Maheswaran in connection with a change in control of the Company would have been subject to the Excise Tax, such payments and benefits will either be reduced (but not below zero) as necessary to prevent Mr. Maheswaran from incurring any such Excise Tax (a "280G Cutback") or be paid in full (with Mr. Maheswaran paying any Excise Tax due), whichever places Mr. Maheswaran in the best after-tax position (taking into account federal, state and local income taxes and the Excise Tax). The Company's estimate is that Mr. Maheswaran would not be subject to a 280G Cutback in these circumstances had they occurred at the end of fiscal year 2015.

Other Named Executive Officers

The table below sets forth potential benefits that Messrs. Chukwu, Ammann, Beauchamp, and Pohlman (the "Other Executives") would be entitled to receive from the Company on a termination of their employment under the circumstances described above or on a change in control event, assuming occurrence on January 25, 2015. The calculations and results reported in this table make certain assumptions that may or may not correlate to actual events that may occur, and determinations the Company and the particular named executive officer may make, on the occurrence of an applicable event.

This presentation assumes that all equity awards will accelerate and be terminated in connection with a change in control of the Company. However, under the terms of the various plans and award agreements, awards generally will not automatically accelerate on a change in control to the extent that they are assumed or otherwise remain outstanding.

For purposes of this presentation, assuming the equity awards held by a named executive officer were to accelerate on a change in control, the value of those awards has been determined as follows: The closing price of the Company's common stock on January 23, 2015, the last trading day of its fiscal year 2015, was \$27.07. As to outstanding options, the value of the options included reflects the difference between that closing price and the applicable exercise price of the option, multiplied by the number of shares of the Company's common stock subject to the options held by the executive that would have vested at the end of the fiscal year. As to restricted stock and restricted stock unit awards, the value of the shares underlying the awards that would have vested at the end of the fiscal year has been included based on that closing price. As described more fully in Note 12 to the Company's financial statements filed with the Company's Annual Report on Form 10-K with the SEC on March 30, 2015, the Performance-Based Units held by the named executive officers on January 25, 2015 (the last day of the Company's fiscal year 2015) would be projected to vest in applicable amounts as follows: At January 25, 2015, 88% of the units from the fiscal year 2012 grant were expected to vest based upon actual Company performance for the three-year period compared to the targets set for the fiscal year 2012 grant. At January 25, 2015, based on the performance metrics associated with the awards, and taking into consideration the shortened performance periods for each award as applicable for the purposes of these calculations, the awards issued on February 28, 2012 (fiscal year 2013) are expected to vest at 85% and the awards granted on February 26, 2013 (fiscal year 2014) are expected to vest at 75%. As noted in the preceding sentence, the Performance-Based Units granted in fiscal years 2013 and 2014 would be presumed to meet the applicable pro-rated performance goals required for vesting performance over the shortened performance period ending on January 25, 2015.

Edgar Filing: SEMTECH CORP - Form DEF 14A

Accordingly, for the purposes of these calculations, we have calculated the applicable vested shares per the methods described above and included the value of the same in these calculations based on the portion of the award we have assumed would vest on the change in control and applying the January 23, 2015 closing price of a share of the Company's common stock to the number of shares subject to that portion of the award.

Edgar Filing: SEMTECH CORP - Form DEF 14A

If the Other Executives' equity awards had been assumed and continued following a change in control, and then the awards vested pursuant to the terms of the CIC Plan (as to the executives who participate in that plan) pursuant to a termination of employment that triggered the severance protections of the CIC Plan at the end of fiscal year 2015, the aggregate value of the equity awards held by each of the Other Executives that would have vested in connection with his termination of employment in these circumstances is \$1,932,477 in the case of Mr. Chukwu, \$1,423,300 in the case of Mr. Ammann, and \$2,085,873 in the case of Mr. Pohlman (each of these amounts is instead of (not in addition to) the amount reported on the Change In Control line in the table above and the larger amount is as a result of applying the "target" payment levels to the PSUs. Mr. Beauchamp does not participate in the CIC Plan.

(2)

Pursuant to the terms of the CIC Plan, if any payment or benefit received by an Other Executive participating in that plan in connection with a change in control of the Company would have been subject to the Excise Tax, such payments and benefits will either be reduced (but not below zero) as necessary to prevent the executive from incurring any such Excise Tax (a "280G Cutback") or be paid in full (with the executive paying any Excise Tax due), whichever places the executive in the best after-tax position (taking into account federal, state and local income taxes and the Excise Tax). The Company's estimate is that the Other Executives participating in the CIC Plan would not be subject to a 280G Cutback in these circumstances had they occurred at the end of fiscal year 2015.

(3)

Mr. Beauchamp is employed in Canada and covered by severance protections applicable under local law. This amount equals 15 weeks of Mr. Beauchamp's weekly rate of base salary as in effect on January 25, 2015, which we estimate is the minimum statutory severance Mr. Beauchamp would have been entitled to receive in the event his employment had been terminated by the Company without cause and with at least eight weeks advance notice on January 25, 2015. The amounts reflected in the table above are the U.S. Dollar equivalents at the exchange rate between the Canadian Dollar and the U.S. Dollar as of January 25, 2015, which was .80455 Canadian Dollar to U.S. Dollar.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

The Company currently maintains and administers the following stock-based compensation plans. The plans are:

2013 Long-Term Equity Incentive Plan (the "2013 Plan")

2008 Long-Term Equity Incentive Plan (the "2008 Plan")

2009 Long-Term Equity Inducement Plan (the "2009 Plan")

Plans assumed in connection with the acquisition of Sierra Monolithics, Inc. ("SMI") in December 2009

Long-Term Stock Incentive Plan (the "1998 Plan")

Non-Director and Non-Executive Officer Long-Term Stock Incentive Plan (the "1999 Plan")

The Company's 2013 Plan was approved by the Company's stockholders on June 26, 2013, and provides for the granting of up to 10,520,528 (as of January 25, 2015) shares of common stock in the form of non-qualified and incentive stock options, stock grants or other stock-based awards to employees, non-employee directors and consultants.

The 2008 and 1998 Plans were also approved by the Company's stockholders. No new awards can be made under the 2008 Plan, 1998 Plan or the 1999 Plan.

For more information about the 2009 Plan, see "Semtech Corporation 2009 Long-Term Equity Inducement Plan" below.

In connection with the Company's acquisition of SMI, the Company assumed the outstanding options under the SMI 2000 and 2007 Plans. These Plans provided for grants to employees, non-employee directors and consultants of non-qualified and incentive stock options under the 2000 Plan and the 2007 Plan, as well as grants of stock appreciation rights, dividend equivalent rights, restricted stock and restricted stock units under the 2007 Plan. The Company determined that any shares remaining available for issuance under the 2007 Plan as of the acquisition of SMI would not be used for future grants. There were no shares remaining available for future awards under the 2000 Plan as of the acquisition of

Edgar Filing: SEMTECH CORP - Form DEF 14A

SMI. Shares returned from either SMI plan as a result of termination of employment of a participant, or other forfeiture, may be used for future awards, but no new shares will be available for grant under either of the plans. For purposes of any such future award, the Company tracks and administers any such shares and awards under and subject to the 2007 Plan. Pursuant to administrative decision of the Compensation Committee of the Company as Administrator of the 2007 Plan, the Company will only make restricted stock unit awards to newly-hired employees from any shares that become available under the 2007 Plan.

Edgar Filing: SEMTECH CORP - Form DEF 14A

The following table sets forth information with respect to shares of common stock that may be issued under our equity compensation plans as of January 25, 2015.

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights (1)(2)	Weighted-average exercise price of outstanding options, warrants and rights (2)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in the issued column)
Equity compensation plans approved by security holders	4,291,790	\$ 23.88	10,520,528(3)
Equity compensation plans not approved by security holders	33,235	\$ 17.46	139,586(4)
Total	4,325,025	\$ 23.70	10,660,114

- (1) Reflects the maximum number of shares potentially issuable in connection with Performance-Based Unit awards. This number also includes 152,463 shares that are subject to options granted under the 2008 and 2013 Plans to employees outside of the United States. In light of applicable tax laws, these options have a longer term than the six-year term generally provided for options granted under the plan, and for purposes of determining the number of shares available for award grant purposes under the plan, are subject to the share-counting ratio for "full-value awards."
- (2) Outstanding restricted stock awards, restricted stock unit awards, Performance-Based Unit awards and executive ownership restricted stock unit awards do not have an exercise price and therefore, are not included in calculating the weighted-average exercise price of outstanding options. The information presented in this table excludes options assumed by the Company in connection with the Company's acquisition of Sierra Monolithics, Inc. in December 2009. As of January 25, 2015, 9,162 shares of the Company's common stock were issuable upon exercise of these assumed options, at a weighted average exercise price of \$6.27 per share.
- (3) All of these shares of our common stock remain available for future issuance under our 2013 Plan and may be granted as incentive stock options, nonqualified stock options, restricted stock awards, restricted stock unit awards, Performance-Based Unit awards and executive ownership restricted stock unit awards.
- (4) Of these shares, 64,276 remain available under our 2009 Long-Term Equity Inducement Plan. For more information about the 2009 Long-Term Equity Inducement Plan, see "Semtech Corporation 2009 Long-Term Equity Inducement Plan" below. The remaining 5,310 shares were originally subject to assumed options under the former SMI equity plans. These shares have become available as the result of the employees leaving the service of Semtech. Pursuant to administrative decision of the Compensation Committee of the Company as administrator of the former SMI equity plans, the Company will only make restricted stock unit awards to newly hired employees from any shares that become available under the assumed SMI equity plans.

Edgar Filing: SEMTECH CORP - Form DEF 14A

Our equity compensation plans not approved by security holders include the following:

- (1) Non-Director and Non-Executive Officer Long-Term Stock Incentive Plan. Our 1999 Plan allowed for the issuance of options for up to 8,000,000 shares of our common stock to non-directors and non-executive officers. As of January 25, 2015, 24,500 shares were subject to outstanding options under the plan. In connection with the adoption of the Company's 2008 Long-Term Equity Incentive Plan in June 2008, no new awards can be made under the 1999 Plan.
- (2) Semtech Corporation 2009 Long-Term Equity Inducement Plan. In connection with the Company's acquisition of SMI in December 2009, the Compensation Committee adopted the Semtech Corporation 2009 Long-Term Equity Inducement Plan (the "Inducement Plan") effective December 7, 2009. The objective of the Inducement Plan is to provide incentives to attract, retain, and motivate eligible persons whose potential contributions are important to promote the Company's long-term success and the creation of stockholder value, especially as it relates to SMI, which is now a subsidiary of the Company. The Inducement Plan is intended to comply with NASDAQ Listing Rule 5635(c)(4), which governs granting certain awards as a material inducement to an individual entering into employment with the Company. The Inducement Plan was used to grant restricted stock units to certain SMI employees who joined the Company following the acquisition. Following the acquisition, the Inducement Plan has been and may be used for new hire equity grants with respect to individuals who are hired by the Company primarily to provide services to SMI, should the Board or Compensation Committee of the Board determine to do so in the future.
- (3) Assumed Sierra Monolithics Options and the 2007 SMI Plan. In connection with its acquisition of SMI, the Company assumed the existing unvested stock options of SMI employees. The terms of each outstanding unvested SMI option at the time of the closing of the acquisition (award amount and price) was adjusted as necessary to provide that, at the time of the acquisition, each unvested SMI option was converted to a Company option. The Company determined that any shares remaining available for issuance under the 2007 SMI Plan as of the acquisition of SMI would not be used for future grants, however shares returned from any SMI plan as a result of termination of employment of a participant, or other forfeiture, may be used for future awards under the 2007 SMI Plan. For any new awards that may be issued under the 2007 SMI Plan, the 2007 SMI Plan is used to attract and retain the best available personnel for positions of substantial responsibility, and to promote the success of the Company's business by granting awards to such persons. The 2007 SMI Plan is administered by the Compensation Committee of the Company. Pursuant to administrative decision of the Compensation Committee of the Company as Administrator of the 2007 SMI Plan, the Company will only make restricted stock unit awards from any shares that become available under the 2007 SMI Plan to employees who are hired by the Company primarily to provide services to SMI.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board has:

reviewed and discussed the Company's audited financial statements for the fiscal year ended January 25, 2015 with the Company's management and with the Company's independent registered public accounting firm, Ernst & Young LLP;

discussed with Ernst & Young LLP, the matters required to be discussed by Auditing Standards No. 16, Communications with Audit Committees; and

received the written disclosures and the letter from Ernst & Young LLP required by applicable requirements of the PCAOB regarding Ernst & Young LLP's communications with the Audit Committee concerning independence, and discussed the independence of Ernst & Young LLP with that firm.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board that the audited financial statements for the year ended January 25, 2015 be included in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission.

Respectfully submitted by THE AUDIT COMMITTEE

James T. Lindstrom, Chair W. Dean Baker John L. Piotrowski Sylvia Summers
The Audit Committee Report does not constitute soliciting material, and shall not be deemed to be filed or incorporated by reference into any other Company filing under the Securities Act or the Exchange Act, except to the extent that the Company specifically incorporates the Audit Committee Report by reference therein.

**RATIFICATION OF APPOINTMENT
OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM
(Proposal Number 2)**

The Audit Committee has appointed Ernst & Young LLP ("EY") as the Company's independent registered public accounting firm for fiscal year 2016. EY has served as the Company's independent public accounting firm since June 2002. Ratification of the appointment of the independent registered public accounting firm is not required by the Company's Bylaws or applicable law, but has historically been submitted to stockholders as a matter of good corporate governance. No determination has been made as to what action the Board would take if stockholders do not ratify the appointment.

Representatives of EY are expected to attend the Annual Meeting. They will have the opportunity to make a statement, if they so desire, and respond to appropriate questions from stockholders.

THE BOARD RECOMMENDS A VOTE "FOR" PROPOSAL NUMBER 2

Independent Registered Public Accounting Firm

In connection with the audit of our financial statements for the fiscal year ended January 25, 2015 and the fiscal year ended January 26, 2014, we entered into engagement letters with EY which set forth the terms for EY's performance of the audit services. The agreements provide for alternative dispute resolution.

The following table sets forth the aggregate fees billed, or expected to be billed, by EY for the audit of our financial statements for fiscal years 2015 and 2014, and for audit and non-audit services rendered by EY for those years:

	Fiscal Year 2015		Fiscal Year 2014	
Audit Fees	\$	2,439,156	\$	1,858,351
Audit-Related Fees				376,863
Tax Fees		493,460		1,028,495
All Other Fees		122,736		
Total	\$	3,055,352	\$	3,263,709

The amounts set forth in the table above include amounts paid to EY as reimbursement for out-of-pocket expenses associated with performance of the services, but do not include Value Added Tax assessed by some non-U.S. jurisdictions on the amount billed by EY.

During fiscal years 2015 and 2014, each new audit and non-audit engagement of EY was approved in advance by the Audit Committee or its Chairman, and none of those engagements made use of the *de minimis* exception contained in SEC rules. The Audit Committee has considered the nature and scope of the non-audit services provided by EY and has concluded that EY's performance of these services is compatible with the auditor's independence.

Audit Fees. This category includes fees for the audit of the Company's financial statements and internal control over financial reporting, and for review of the financial statements included in the Company's quarterly reports on Form 10-Q. This category also includes services the auditor provided in connection with international and domestic statutory and regulatory filings and services only the Company's independent registered public accounting firm can provide, specifically assistance with SEC filings, comment letters, and interpretation of accounting principles.

Audit-Related Fees. This category includes fees related to assistance in financial due diligence related to mergers, acquisitions and divestitures, accounting consultations and audits in connection with acquisitions, consultations concerning financial accounting and reporting standards, general advice on implementation of SEC and Sarbanes-Oxley Act requirements and audit services not required by statute or regulation. Audit-related fees also includes audits of pension and other employee benefits plans, as well as the review of information technology systems and general internal controls unrelated to the audit of the financial statements.

Tax Fees. This category includes fees for assistance with transfer pricing, tax return preparation, tax compliance, and for tax consulting services in connection with international entity formation and operation, foreign tax credits, and contract manufacturing. In fiscal year 2014, approximately \$400,000 of the total tax fees related to restructuring work performed by EY in connection with the Gennum Corporation acquisition.

All Other Fees. This category includes fees for services not captured in the above categories.

**Policy on Audit Committee Pre-Approval
of Audit and Permissible Non-Audit Services**

The Audit Committee is responsible for appointing, compensating, and overseeing the work of the independent registered public accounting firm. In recognition of this responsibility, the Audit Committee has established a policy regarding pre-approval of all audit and permissible non-audit services provided by the independent registered public accounting firm. The policy calls for an annual review and pre-approval, up to specified dollar limits, of certain types of services that may be provided by the independent registered public accounting firm without obtaining specific pre-approval from the Audit Committee. During the year, circumstances may arise when it may become necessary to engage the firm for additional services not contemplated in the original pre-approval categories. In those instances, specific pre-approval must be obtained.

Edgar Filing: SEMTECH CORP - Form DEF 14A

The Audit Committee has delegated to its Chairman the authority to address certain requests for pre-approval of services between meetings of the Audit Committee. The Chairman must report his pre-approval decisions to the Audit Committee at its next scheduled meeting. All engagements to provide services related to internal control must be specifically pre-approved by the Audit Committee and may not be pre-approved in advance by category or by the Chairman between meetings.

**ADVISORY (NON-BINDING) VOTE ON EXECUTIVE COMPENSATION
(Proposal Number 3)**

As required by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act"), we are providing our stockholders an opportunity to cast a non-binding advisory vote on the compensation of our named executive officers, as disclosed pursuant to the compensation disclosure rules of the SEC and set forth in this Proxy Statement (including the Compensation Discussion and Analysis, compensation tables and narratives accompanying those tables). This non-binding advisory vote is also referred to as "say-on-pay."

As described more fully in the Compensation Discussion and Analysis section of this Proxy Statement, the Company's executive compensation program is designed to attract, motivate and retain individuals with the skills required to formulate and drive the Company's strategic direction and achieve annual and long-term performance goals necessary to create stockholder value. The program seeks to align executive compensation with stockholder value on an annual and long-term basis through a combination of base pay, annual incentives and long-term incentives. The goals and general structure of our executive compensation program remain the same as in the prior year, when our executive compensation program received the support of approximately 98% of the votes cast on our say-on-pay proposal at our June 2014 annual meeting.

For these reasons, we recommend that stockholders vote in favor of the following resolution at the Annual Meeting:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed in this Proxy Statement pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion that accompanies the compensation tables, is hereby APPROVED.

This vote is an advisory vote only and will not be binding on the Company, the Board or the Compensation Committee, and will not be construed as overruling a decision by, or creating or implying any additional fiduciary duty for, the Company, the Board or the Compensation Committee. Although the vote is non-binding, we value continuing and constructive feedback from our stockholders on compensation and other important matters. The Board and the Compensation Committee will consider the voting results when making future compensation decisions for our named executive officers.

The Company's current policy is to provide stockholders with an opportunity to vote on the compensation of the named executive officers each year at the annual meeting of stockholders. It is expected that the next such vote will occur at the 2016 Annual Meeting of Stockholders.

OTHER MATTERS

The management of the Company knows of no other matters that may properly be, or which are likely to be, brought before the Annual Meeting. However, if any other matters are properly brought before the Annual Meeting, persons named in the proxy or their substitutes will have discretion to vote in accordance with their best judgment on such matters.
