PROSPECTUS SUPPLEMENT SUMMARY

The following summary contains basic information about us, the notes and this offering. Because it is a summary, it is not complete and does not contain all of the information that you should consider before making an investment decision. You should carefully read this summary together with the more detailed information and financial statements and notes thereto included elsewhere or incorporated by reference herein and in the accompanying prospectus. To fully understand this offering, you should read all of these documents.

Ventas

Ventas, an S&P 500 company, is a real estate investment trust ("REIT") with a highly diversified portfolio of seniors housing and healthcare properties located throughout the United States, Canada and the United Kingdom. As of June 30, 2018, we owned approximately 1,200 properties (including properties owned through investments in unconsolidated entities and properties classified as held for sale), consisting of seniors housing communities, medical office buildings ("MOBs"), life science and innovation centers, inpatient rehabilitation facilities and long-term acute care facilities, health systems and skilled nursing facilities, and we had 16 properties under development, including five properties that are owned by unconsolidated real estate entities. Our company was originally founded in 1983 and is headquartered in Chicago, Illinois.

We primarily invest in seniors housing and healthcare properties through acquisitions and lease our properties to unaffiliated tenants or operate them through independent third-party managers. As of June 30, 2018, we leased a total of 468 properties (excluding MOBs) to various healthcare operating companies under "triple-net" or "absolute-net" leases that obligate the tenants to pay all property-related expenses, including maintenance, utilities, repairs, taxes, insurance and capital expenditures.

As of June 30, 2018, pursuant to long-term management agreements, we engaged independent operators, such as Atria Senior Living, Inc. and Sunrise Senior Living, LLC, to manage 361 seniors housing communities for us.

Our three largest tenants, Brookdale Senior Living, Inc. (together with its subsidiaries, "Brookdale Senior Living"), Ardent Health Partners, LLC and Kindred Healthcare, LLC (formerly Kindred Healthcare, Inc.) leased from us 135 properties (excluding one property managed by Brookdale Senior Living pursuant to a long-term management agreement), 10 properties and 31 properties, respectively, as of June 30, 2018.

Through our Lillibridge Healthcare Services, Inc. subsidiary and our ownership interest in PMB Real Estate Services LLC, we also provide MOB management, leasing, marketing, facility development and advisory services to highly rated hospitals and health systems throughout the United States. In addition, from time to time, we make secured and non-mortgage loans and other investments relating to seniors housing and healthcare operators or properties.

We aim to enhance shareholder value by delivering consistent, superior total returns through a strategy of: (1) generating reliable and growing cash flows; (2) maintaining a balanced, diversified portfolio of high-quality assets; and (3) preserving our financial strength, flexibility and liquidity.

Our ability to access capital in a timely and cost-effective manner is critical to the success of our business strategy because it affects our ability to satisfy existing obligations, including the repayment of maturing indebtedness, and to make future investments. Factors such as general market conditions, interest rates, credit ratings on our securities, expectations of our potential future earnings and cash distributions, and the trading price of our common stock that are beyond our control and fluctuate over time all impact our access to and cost of external capital. For that reason, we generally attempt to match the long-term duration of our investments in real property with long-term financing through the issuance of shares of our common stock or the incurrence of long-term fixed rate debt.

Ventas Realty

Ventas Realty, the issuer, is a wholly owned direct subsidiary of Ventas, Inc. and a limited partnership organized under the laws of the State of Delaware.

Recent Developments

On August 6, 2018, the issuer commenced an offer (the "Tender Offer") to purchase for cash up to \$700.0 million of its 4.75% Senior Notes due 2021 (the "Tender Offer Notes"), subject to the relevant terms and conditions set forth in the Offer to Purchase related to the Tender Offer. The Tender Offer will expire at 5:00 p.m., New York City time, on August 10, 2018, unless the Tender Offer is extended or earlier terminated. As of August 6, 2018, there was \$700.0 million aggregate principal amount of Tender Offer Notes outstanding.

Assuming the conditions of the Tender Offer are satisfied, the maximum aggregate purchase price for the Tender Offer Notes that we accept for purchase will be approximately \$731.9 million (excluding accrued interest). If we complete the Tender Offer, the net proceeds of this offering, together with cash on hand and/or borrowings under our unsecured revolving credit facility, will be used to fund the purchase of the Tender Offer Notes pursuant to the Tender Offer. See "Use of Proceeds."

Our obligation to accept for payment, and to pay for, any Tender Offer Notes validly tendered pursuant to the Tender Offer is subject to, among other things, (1) our receipt of aggregate proceeds of at least \$350.0 million from this offering and (2) the satisfaction of the customary general conditions described in the Offer to Purchase related to the Tender Offer. The consummation of this offering is not conditioned on the completion of the Tender Offer.

For a more detailed description of the notes, see "Description of Notes" in this prospectus supplement and "Description of Debt Securities" in the accompanying prospectus.

See "Risk Factors – Risks Arising From Our Capital Structure – We may become more leveraged" and "Risk Factors – Risks Relating to the Notes – Because the notes will be unsecured and will be structurally subordinated to the obligations of Ventas, Inc.'s subsidiaries (other than the issuer), you may not be fully repaid if we become insolvent."

Optional Redemption

Unlike certain other series of senior notes issued by the issuer (of which \$7.0 billion aggregate principal amount was outstanding as of June 30, 2018), the notes will not be co-issued with the issuer's wholly owned subsidiary, Ventas Capital, which has no operations, assets or revenues. See "Description of Notes Certain Covenants Restrictions on Activities of Ventas Capital." At any time prior to the date that is three months prior to the maturity of the notes, the issuer may redeem some or all of the notes at a price equal to 100% of their principal amount, together with accrued and unpaid interest, if any, plus a make-whole premium. At any time on or after the date that is three months prior to the maturity of the notes, the issuer may redeem some or all of the notes at a price equal to 100% of their principal amount, together with accrued and unpaid interest thereon, if any. See "Description of Notes Optional Redemption." The indenture contains covenants that limit our ability to, among other things:

Certain Covenants

incur debt;

incur secured debt; and

merge, consolidate or transfer all or substantially all of our assets.

We are also required to maintain total unencumbered assets of at least 150% of our unsecured debt.

These covenants are subject to important exceptions and qualifications, which exceptions and qualifications are described under "Description of Notes Certain Covenants."

No Public Market

The notes are a new issue of securities for which there is currently no established trading market. The underwriters have advised us that they presently intend to make a market the notes. However, you should be aware that they are not obligated to make a market and may discontinue their market-making activities at any time without notice. As a result, a liquid market for the notes may not be available if you try to sell your notes. We do not intend to apply for a listing of the notes on any securities exchange or any automated dealer quotation system.

Table of Contents

Use of Proceeds

We expect the net proceeds of this offering to be approximately \$743.3 million, after deducting the underwriting discount and estimated expenses of this offering payable by us. We intend to use the net proceeds from this offering, together with cash on hand and/or borrowings under our unsecured revolving credit facility, to purchase the Tender Offer Notes pursuant to the Tender Offer described under "Recent Developments." The consummation of this offering is not conditioned on the completion of the Tender Offer. If the net proceeds of this offering are greater than the amount required to purchase the Tender Offer Notes pursuant to the Tender Offer, we will use the excess net proceeds for working capital and other general corporate purposes, including to fund pending or future acquisitions and investments and to repay additional existing indebtedness. See "Use of Proceeds."

Certain U.S. Federal Income Tax Considerations

For more information on certain U.S. federal income tax considerations related to the ownership and disposition of the notes, see "Certain U.S. Federal Income Tax Considerations" in the accompanying prospectus.

Conflicts of Interest

To the extent that the underwriters or their affiliates own any of the Tender Offer Notes and tender such Tender Offer Notes pursuant to the terms of the Tender Offer, they would receive a portion of the net proceeds that we use from this offering to repurchase their Tender Offer Notes. In addition, Wells Fargo Securities, LLC and Morgan Stanley & Co. LLC are acting as dealer managers in the Tender Offer and will receive customary fees in connection therewith. See "Underwriting (Conflicts of Interest) Conflicts of Interest."

Risk Factors

See "Risk Factors" and the other information included and incorporated by reference herein and in the accompanying prospectus for a discussion of factors you should carefully consider before making an investment decision.

Table of Contents

RISK FACTORS

Our business, operations and financial condition are subject to various risks. Before making an investment decision, you should carefully consider the following factors, as well as the risk factors and other information included and incorporated by reference herein and in the accompanying prospectus, including the information discussed in our Annual Report on Form 10-K for the fiscal year ended December 31, 2017 and our Quarterly Reports on Form 10-Q under "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" and the information discussed in other filings we may make from time to time with the SEC.

Risks Arising From Our Capital Structure

We may become more leveraged.

As of June 30, 2018, we had approximately \$10.5 billion of outstanding indebtedness (excluding unamortized fair value adjustment, unamortized deferred financing costs and unamortized discounts). The instruments governing our existing indebtedness permit us to incur substantial additional debt, including secured debt, and we may satisfy our capital and liquidity needs through additional borrowings. A high level of indebtedness would require us to dedicate a substantial portion of our cash flow from operations to the payment of debt service, thereby reducing the funds available to implement our business strategy and make distributions to stockholders. A high level of indebtedness could also have the following consequences:

Potential limits on our ability to adjust rapidly to changing market conditions and vulnerability in the event of a downturn in general economic conditions or in the real estate or healthcare industries;

Potential impairment of our ability to obtain additional financing for our business strategy; and

Potential downgrade in the rating of our debt securities by one or more rating agencies, which could have the effect of, among other things, limiting our access to capital and increasing our cost of borrowing.

In addition, from time to time, we mortgage certain of our properties to secure payment of indebtedness. If we are unable to meet our mortgage payments, then the encumbered properties could be foreclosed upon or transferred to the mortgagee with a consequent loss of income and asset value.

Limitations on our ability to access capital could have an adverse effect on our ability to meet our debt payments, make distributions to our stockholders or make future investments necessary to implement our business strategy.

We cannot provide any assurance that we will be able to raise the necessary capital to meet our debt service obligations, make distributions to our stockholders or make future investments necessary to implement our business strategy, and the failure to do so could have a material adverse effect on our business, financial condition, results of operations and liquidity, on our ability to service our indebtedness and other obligations, and on our ability to make distributions to our stockholders, as required for us to continue to qualify as a REIT (a "Material Adverse Effect"). In recent years, the global capital and credit markets experienced a period of extraordinary turmoil and upheaval, characterized by the bankruptcy, failure or sale of various financial institutions and an unprecedented level of intervention from the U.S. federal government. The disruption in the credit markets, the repricing of credit risk and the deterioration of the financial and real estate markets created difficult conditions for REITs and other companies to access capital or other sources of funds. Although access to capital and other sources of funding has improved, we cannot provide any assurance that conditions will not deteriorate or that our access to capital and other sources of funding will not become constrained, which could adversely affect our results of operations and financial condition. In addition, the federal government's failure to increase the amount of debt that it is statutorily permitted to incur as needed to meet its future financial

Table of Contents

commitments or a downgrade in the debt rating on U.S. government securities could lead to a weakened U.S. dollar, rising interest rates and constrained access to capital, which could materially adversely affect the U.S. and global economies, increase our costs of borrowing and have a Material Adverse Effect.

To address constraints on our access to capital, we could, among other things, (i) obtain commitments from the banks in our lending group or from new banks to fund increased amounts under the terms of our unsecured revolving credit facility or our unsecured term loans, (ii) access the public capital markets, (iii) obtain secured loans from government-sponsored entities, pension funds or similar sources, (iv) decrease or eliminate our distributions to our stockholders or pay taxable stock dividends, (v) delay, reduce or cease our acquisition and investment activity or (vi) dispose of assets. As with other public companies, our access to debt and equity capital depends, in part, on the trading prices of our senior notes and common stock, which, in turn, depend upon market conditions that change from time to time, such as the market's perception of our financial condition, our growth potential and our current and future earnings and cash distributions. Our failure to meet the market's expectation with regard to future earnings and cash distributions or a significant downgrade in the ratings assigned to our long-term debt could impact our ability to access capital or increase our borrowing costs. If we cannot access capital at an acceptable cost or at all, we may be required to liquidate one or more investments in properties at times that may not permit us to realize the maximum return on those investments, which could also result in adverse tax consequences to us. Restrictions on our uses of, and our right to transfer, properties under certain healthcare regulations, ground leases, mortgages and other agreements to which our properties may be subject could adversely impact our ability to timely liquidate those investments and impair their value.

If the financial institutions that are parties to our unsecured revolving credit facility become capital constrained, tighten their lending standards or become insolvent or if they experience excessive volumes of borrowing requests from other borrowers within a short period of time, they may be unable or unwilling to honor their funding commitments to us, which would adversely affect our ability to draw on our unsecured revolving credit facility and, over time, could negatively impact our ability to consummate acquisitions, repay indebtedness as it matures, fund capital expenditures or make distributions to our stockholders. Adverse conditions in the credit markets could also adversely affect the availability and terms of future borrowings, renewals or refinancings.

Covenants in the instruments governing our existing indebtedness limit our operational flexibility, and a covenant breach could materially adversely affect our operations.

The terms of the instruments governing our existing indebtedness require us to comply with certain customary financial and other covenants, such as maintaining debt service coverage, leverage ratios and minimum net worth requirements. Our continued ability to incur additional debt and to conduct business in general is subject to our compliance with these covenants, which limit our operational flexibility. Breaches of these covenants could result in defaults under the applicable debt instruments and could trigger defaults under any of our other indebtedness that is cross-defaulted against such instruments, even if we satisfy our payment obligations. Financial and other covenants that limit our operational flexibility, as well as defaults resulting from our breach of any of these covenants, could have a Material Adverse Effect.

Risks Relating to the Notes

Because the notes will be unsecured and will be structurally subordinated to the obligations of Ventas, Inc.'s subsidiaries (other than the issuer), you may not be fully repaid if we become insolvent.

Neither the notes nor the guarantee will be secured by any of our assets, and therefore the notes and the guarantee will be effectively subordinated to any secured indebtedness that we may incur to the extent of the assets securing such indebtedness. The indenture governing the notes permits us to incur

Edgar Filing: VENTAS REALTY LIMITED PARTNERSHIP - Form 424B2

Table of Contents

debt that is secured by a certain percentage of our assets. As of June 30, 2018, we had approximately \$1.4 billion aggregate principal amount of mortgage loan indebtedness outstanding, secured by 85 of our properties. Excluding those portions attributed to our joint venture partners, our share of mortgage loan indebtedness outstanding was \$1.3 billion. If we were to become insolvent, the holders of any secured debt would receive payments from the assets pledged as security before you would receive payments on the notes.

Moreover, none of Ventas, Inc.'s subsidiaries (other than the issuer) will be directly obligated on the notes, and therefore the notes and the guarantee will also be structurally subordinated to the unsecured indebtedness and other obligations of those subsidiaries (other than the issuer). As of June 30, 2018, subsidiaries of Ventas, Inc. (other than the issuer and Ventas Capital) had \$1.0 billion of outstanding unsecured indebtedness and assets of \$22.5 billion, or 99% of our total assets. All obligations of Ventas, Inc.'s subsidiaries (other than the issuer), including indebtedness to trade creditors, would have to be paid in full before you would have any claims against the assets of those subsidiaries.

Federal and state statutes allow courts, under specific circumstances, to void guarantees and require noteholders to return payments received from the issuer or Ventas, Inc.

Ventas, Inc.'s guarantee of the notes may be subject to review under U.S. federal bankruptcy law or relevant state fraudulent conveyance laws if a bankruptcy lawsuit is commenced by or on behalf of Ventas, Inc.'s unpaid creditors. Under these laws, if in such a lawsuit a court were to find that, at the time Ventas, Inc. incurred debt (including debt represented by the guarantee), Ventas, Inc.:

incurred this debt with the intent of hindering, delaying or defrauding its current or future creditors; or

received less than reasonably equivalent value or fair consideration for incurring this debt and Ventas, Inc. (i) was insolvent or was rendered insolvent by reason of the related financing transactions, (ii) was engaged, or about to engage, in a business or transaction for which its remaining assets constituted unreasonably small capital to carry on its business or (iii) intended to incur, or believed that it would incur, debts beyond its ability to pay these debts as they mature, as all of the foregoing terms are defined in or interpreted under the relevant fraudulent transfer or conveyance statutes;

then the court could void the guarantee or subordinate the amounts owing under the guarantee to Ventas, Inc.'s presently existing or future debt, including trade payables, or take other actions detrimental to the holders of the notes.

The guarantee will contain a provision intended to limit Ventas, Inc.'s liability to the maximum amount that it could incur without causing the incurrence of obligations under the guarantee to be a fraudulent transfer or conveyance. This provision may not be effective to protect the guarantee from being voided under fraudulent transfer law.

The guarantee provided by Ventas, Inc. is subject to certain defenses that may limit your right to receive payment on the notes.

Although the guarantee provides the holders of the notes with a direct claim against Ventas, Inc.'s assets, enforcement of the guarantee against Ventas, Inc. would be subject to certain "suretyship" defenses available to guarantors generally. Enforcement could also be subject to other defenses available to Ventas, Inc. in certain circumstances. To the extent that the guarantee is not enforceable, you would not be able to assert a claim successfully against Ventas, Inc.

Table of Contents

An active trading market for the notes may not be established or maintained, so you may be unable to sell the notes.

The notes are a new issue of securities for which there is currently no established trading market. Consequently, the notes may be relatively illiquid, and you may be unable to sell your notes, or if you are able to sell your notes, there can be no assurance as to the price at which you will be able to sell them. Future trading prices of the notes will depend on many factors, including, among other things, prevailing interest rates, economic conditions, our financial condition and the market for similar securities. We do not intend to apply for listing of the notes on any securities exchange or for the inclusion of the notes in any automated quotation system.

USE OF PROCEEDS

We expect the net proceeds from this offering to be approximately \$743.3 million, after deducting the underwriting discount and estimated expenses of this offering payable by us.

We intend to use the net proceeds from this offering, together with cash on hand and/or borrowings under our unsecured revolving credit facility, to purchase the Tender Offer Notes pursuant to the Tender Offer described above under "Prospectus Supplement Summary Recent Developments." The consummation of this offering is not conditioned on the completion of the Tender Offer. If the net proceeds of this offering are greater than the amount required to purchase the Tender Offer Notes pursuant to the Tender Offer, we will use the excess net proceeds for working capital and other general corporate purposes, including to fund pending or future acquisitions and investments and to repay additional existing indebtedness.

To the extent that the underwriters or their affiliates own any of the Tender Offer Notes and tender such Tender Offer Notes pursuant to the terms of the Tender Offer, they would receive a portion of the net proceeds that we use from this offering to repurchase their Tender Offer Notes. In addition, Wells Fargo Securities, LLC and Morgan Stanley & Co. LLC are acting as dealer managers in the Tender Offer and will receive customary fees in connection therewith. See "Underwriting (Conflicts of Interest) Conflicts of Interest."

DESCRIPTION OF NOTES

You can find the definitions of certain terms used in this description under " Certain Definitions." In this description, the term "Issuer" refers to Ventas Realty.

The notes will be issued under an indenture, dated February 23, 2018 (the "Base Indenture"), among the Issuer, U.S. Bank National Association, as trustee (the "Trustee"), and certain other entities named therein, as supplemented by a supplemental indenture to be entered into on the closing date of this offering (the "Supplemental Indenture"), among the Issuer, the Trustee and Ventas, Inc.

In this prospectus supplement, we refer to the Base Indenture, as supplemented by the Supplemental Indenture, as the "Indenture." The terms of the notes include those stated in the Indenture and those made part of such Indenture by reference to the Trust Indenture Act of 1939, as amended (the "Trust Indenture Act").

The following description is a summary of the material provisions of the Indenture. It does not restate the Indenture in its entirety. We urge you to read the Indenture because it, and not this description, defines your rights as holders of the notes. A copy of the Indenture is available as set forth below under " Additional Information." Certain defined terms used in this description but not defined below under " Certain Definitions" have the meanings assigned to them in the Indenture.

The registered holder of a note will be treated as its owner for all purposes. Only registered holders will have rights under the Indenture.

Brief Description of the Notes and the Guarantee

The Notes and the Guarantee

The notes will be guaranteed by Ventas, Inc. The notes and the related guarantee will:

be part of the Issuer's and Ventas, Inc.'s respective general unsecured obligations;

be effectively subordinated to all of the Issuer's and Ventas, Inc.'s secured borrowings to the extent of the assets securing those obligations and structurally subordinated to all indebtedness and other obligations of Ventas, Inc.'s subsidiaries (other than the issuer);

be equal in right of payment with all of the Issuer's and Ventas, Inc.'s existing and future senior unsecured indebtedness; and

be senior in right of payment to all of the Issuer's and Ventas, Inc.'s existing and future subordinated indebtedness.

As of June 30, 2018, Ventas, Inc. and its subsidiaries had approximately \$1.4 billion aggregate principal amount of mortgage loan indebtedness outstanding (\$1.3 billion excluding those portions attributed to joint venture partners) and subsidiaries of Ventas, Inc. (other than the Issuer and Ventas Capital) had \$1.0 billion of outstanding unsecured indebtedness.

Unlike certain other series of senior notes issued by Ventas Realty (of which \$7.0 billion aggregate principal amount was outstanding as of June 30, 2018), the notes will not be co-issued with the Issuer's wholly owned subsidiary, Ventas Capital, which has no operations, assets or revenues. See " Certain Covenants Restrictions on Activities of Ventas Capital" below.

Principal, Interest and Maturity

The Indenture provides that the Issuer will initially issue the notes in the principal amount of \$750.0 million. The Indenture does not limit the amount of notes that the Issuer may issue and in the future the Issuer may, without the consent of the holders, increase the principal amount of the notes on the same terms and conditions as the notes offered hereby, except that any such additional notes may have different issuance prices, issuance dates and initial Interest Payment Dates and may be issued with

Table of Contents

a different CUSIP number. Any offering of additional notes is subject to the covenants of the Indenture described below, including the covenant described under " Certain Covenants Limitations on Incurrence of Debt." The notes and any additional notes subsequently issued under the Indenture may be treated as a single class for all purposes under the Indenture, including, without limitation, waivers, amendments, redemptions and offers to purchase. The Issuer will issue notes in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

The notes are a series of senior debt securities that the Issuer may issue under the Base Indenture. Under certain circumstances, all outstanding senior debt securities issued under the Base Indenture vote as a single class. See " Modification of the Indenture."

The notes will mature on January 15, 2029. The notes will bear interest at the rate per annum set forth on the cover page of this prospectus supplement from August 15, 2018, or from the immediately preceding Interest Payment Date to which interest has been paid. Interest on the notes will be payable semi-annually in arrears on January 15 and July 15 of each year, commencing on January 15, 2019, to the persons in whose names the notes are registered at the close of business on January 1 and July 1, as the case may be, immediately prior to the respective Interest Payment Date. If any Interest Payment Date is not a Business Day, then payment of the interest payable on such Interest Payment Date will be made on the next succeeding Business Day. Accrued interest will also be payable on the date of maturity or any earlier date of redemption of the notes. Interest on the notes will be computed on the basis of a 360-day year of twelve 30-day months.

Optional Redemption

The Issuer may redeem the notes at any time, in whole or in part, prior to their stated maturity. The redemption price for notes that are redeemed before October 15, 2028 will be equal to the sum of:

- (i) 100% of their principal amount;
- (ii) accrued and unpaid interest thereon, if any, to (but excluding) the date of redemption; and
- (iii) the Make-Whole Amount, if any.

The redemption price for notes that are redeemed on or after October 15, 2028 will be equal to the sum of 100% of their principal amount, plus accrued and unpaid interest thereon, if any, to (but excluding) the date of redemption.

After notice of optional redemption has been given as provided in the Indenture, if funds for the redemption of any notes called for redemption have been made available on the redemption date, notes called for redemption will cease to bear interest on the date fixed for the redemption specified in the redemption notice, and the only right of the holders of notes will be to receive payment of the redemption price.

Notice of any optional redemption of any notes will be given to holders at their addresses, as shown in the notes register, not more than 60 nor less than 15 days prior to the date fixed for redemption. The notice of redemption will specify, among other items, the redemption price and the principal amount of the notes held by the holder to be redeemed.

The Issuer will notify the Trustee at least 45 days prior to the redemption date (or such shorter period as is satisfactory to the Trustee) of the aggregate principal amount and series of the notes to be redeemed and the redemption date. If less than all the notes are to be redeemed, the Trustee shall select, pro rata or by lot or by any other method that the Trustee considers fair and appropriate under the circumstances, the notes to be redeemed. Notes may be redeemed in part in the minimum authorized denomination for the notes or in any integral multiple thereof.

Certain Covenants

Limitations on Incurrence of Debt

Ventas, Inc. shall not, and shall not permit any of its Subsidiaries to, Incur any Debt if, immediately after giving effect to the Incurrence of such additional Debt and any other Debt Incurred since the end of the Latest Completed Quarter and the application of the net proceeds therefrom, the aggregate principal amount of all outstanding Debt would exceed 60% of the sum of (without duplication) (i) Total Assets as of the end of the Latest Completed Quarter and (ii) the purchase price of any Real Estate Assets or mortgages receivable acquired, and the amount of any securities offering proceeds received (to the extent such proceeds were not used to acquire Real Estate Assets or mortgages receivable or to reduce Debt), since the end of the Latest Completed Quarter.

Ventas, Inc. shall not, and shall not permit any of its Subsidiaries to, Incur any Secured Debt if, immediately after giving effect to the Incurrence of such additional Secured Debt and any other Secured Debt Incurred since the end of the Latest Completed Quarter and the application of the net proceeds therefrom, the aggregate principal amount of all outstanding Secured Debt would exceed 50% of the sum of (without duplication) (i) Total Assets as of the end of the Latest Completed Quarter and (ii) the purchase price of any Real Estate Assets or mortgages receivable acquired, and the amount of any securities offering proceeds received (to the extent such proceeds were not used to acquire Real Estate Assets or mortgages receivable or to reduce Debt), since the end of the Latest Completed Quarter.

Ventas, Inc. shall not, and shall not permit any of its Subsidiaries to, Incur any Debt if, immediately after giving effect to the Incurrence of such additional Debt and any other Debt Incurred since the end of the Latest Completed Quarter and the application of the net proceeds therefrom, the ratio of Consolidated EBITDA to Interest Expense for the four (4) consecutive fiscal quarters ending with the Latest Completed Quarter would be less than 1.50 to 1.00 on a pro forma basis and calculated on the assumption (without duplication) that:

- (1) the additional Debt and any other Debt Incurred by Ventas, Inc. or any of its Subsidiaries since the first day of such four-quarter period to the date of determination, which was outstanding at the date of determination, had been Incurred at the beginning of that period and continued to be outstanding throughout that period, and the application of the net proceeds of such Debt, including to refinance other Debt, had occurred at the beginning of such period, except that in determining the amount of Debt so Incurred, the amount of Debt under any revolving credit facility shall be computed based upon the average daily balance of such Debt during such period;
- (2) the repayment or retirement of any other Debt repaid or retired by Ventas, Inc. or any of its Subsidiaries since the first day of such four-quarter period to the date of determination had occurred at the beginning of that period, except that in determining the amount of Debt so repaid or retired, the amount of Debt under any revolving credit facility shall be computed based upon the average daily balance of such Debt during such period; and
- (3) in the case of any acquisition or disposition of any asset or group of assets (including, without limitation, by merger, or stock or asset purchase or sale) or the placement of any assets in service or removal of any assets from service by Ventas, Inc. or any of its Subsidiaries since the first day of such four-quarter period to the date of determination, the acquisition, disposition, placement in service or removal from service and any related repayment or refinancing of Debt had occurred as of the first day of such period, with the appropriate adjustments to Consolidated EBITDA and Interest Expense with respect to the acquisition, disposition, placement in service or removal from service being included in that pro forma calculation.

Maintenance of Unencumbered Assets

Ventas, Inc. and its Subsidiaries shall maintain at all times Unencumbered Assets of not less than 150% of the aggregate principal amount of all outstanding Unsecured Debt.

Restrictions on Activities of Ventas Capital

Each of Ventas, Inc. and the Issuer has covenanted not to permit Ventas Capital to hold any material assets, become liable for any material obligations or engage in any significant business activities, except that Ventas Capital may be a co-obligor with respect to Debt if the Issuer is a primary obligor of such Debt and the net proceeds of such Debt are received by the Issuer or one or more of its Subsidiaries other than Ventas Capital.

Existence

Except as permitted as described below under " Merger, Consolidation or Sale," Ventas, Inc. and the Issuer shall do all things necessary to preserve and keep their existence, rights and franchises, except that neither Ventas, Inc. nor the Issuer shall be required to preserve any such right or franchise if Ventas, Inc. or the Issuer, as applicable, shall determine reasonably and in good faith that the preservation thereof is no longer desirable in the conduct of its business.

Provision of Financial Information

Whether or not required by the SEC, so long as any notes are outstanding, Ventas, Inc. shall file with the Trustee, within 15 days after it files the same with the SEC (or if not subject to the periodic reporting requirements of the Exchange Act, within 15 days after it would have been required to file the same with the SEC had it been so subject):

- (1) all quarterly and annual financial information that is required to be contained in filings with the SEC on Forms 10-Q and 10-K, including a "Management's Discussion and Analysis of Financial Condition and Results of Operations" and, with respect to the annual information only, a report on the annual financial statements by Ventas, Inc.'s certified independent accountants; and
- (2) all current reports that are required to be filed with the SEC on Form 8-K.

For so long as any notes remain outstanding, if at any time Ventas, Inc. is not required to file with the SEC the reports referenced above, it shall furnish to the Holders and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

The availability of the foregoing materials on the SEC's website or on Ventas, Inc.'s website shall be deemed to satisfy the foregoing delivery obligations. In the event that the rules and regulations of the SEC permit Ventas, Inc. and any direct or indirect parent of Ventas, Inc. to report at such parent entity's level on a consolidated basis, consolidating reporting at the parent entity's level in a manner consistent with that described in this covenant for Ventas, Inc. will satisfy this covenant, and the supplemental indenture will permit Ventas, Inc. to satisfy its obligations in this covenant with respect to financial information relating to Ventas, Inc. by furnishing financial information relating to such direct or indirect parent; provided that such financial information is accompanied by consolidating information that explains in reasonable detail the differences between the information relating to such direct or indirect parent and any of its subsidiaries other than Ventas, Inc. and its subsidiaries, on the one hand, and the information relating to Ventas, Inc. and its subsidiaries on a standalone basis, on the other hand.

Merger, Consolidation or Sale

Ventas, Inc. may not, directly or indirectly: (1) consolidate or merge with or into another Person (whether or not Ventas, Inc. is the surviving corporation); or (2) sell, assign, transfer, convey, lease (other than to an unaffiliated operator in the ordinary course of business) or otherwise dispose of all or substantially all of the properties or assets of Ventas, Inc. and its Subsidiaries taken as a whole, in one or more related transactions, to another Person, unless:

- (1) either: (a) Ventas, Inc. is the surviving corporation; or (b) the Person formed by or surviving any such consolidation or merger (if other than Ventas, Inc.) or to which such sale, assignment, transfer, conveyance or other disposition has been made is a corporation organized or existing under the laws of the United States, any state of the United States or the District of Columbia;
- (2) the Person formed by or surviving any such consolidation or merger (if other than Ventas, Inc.) or the Person to which such sale, assignment, transfer, conveyance or other disposition has been made assumes all of Ventas, Inc.'s obligations under the notes and the Indenture pursuant to agreements reasonably satisfactory to the Trustee; and
- (3) immediately after such transaction, on a pro forma basis giving effect to such transaction or series of transactions (and treating any obligation of Ventas, Inc. or any Subsidiary incurred in connection with or as a result of such transaction or series of transactions as having been incurred at the time of such transaction), no Default or Event of Default exists under the Indenture.

This "Merger, Consolidation or Sale" covenant will not prohibit Ventas, Inc. from consolidating or merging with or into the Issuer or selling and/or transferring all or substantially all of its assets to the Issuer.

Upon any consolidation or merger, or any sale, assignment, transfer, conveyance, lease or other disposition of all or substantially all of the properties or assets of Ventas, Inc. in accordance with the foregoing provisions, the successor Person formed by such consolidation or into or with which Ventas, Inc. is merged or to which such sale, assignment, transfer, conveyance, lease or other disposition is made, shall succeed to, and be substituted for, and may exercise every right and power of, Ventas, Inc. under the Indenture with the same effect as if such successor Person initially had been named as Ventas, Inc. therein. When a successor assumes all the obligations of its predecessor under the Indenture and the notes following a consolidation or merger, or any sale, assignment, transfer, conveyance, lease or other disposition of all or substantially all of the assets of the predecessor in accordance with the foregoing provisions, the predecessor shall be released from those obligations.

Assumption of Issuer's Obligations

Ventas, Inc., or a Subsidiary thereof that is organized and existing under the laws of the United States, any state of the United States or the District of Columbia, may directly assume, pursuant to a supplemental indenture executed and delivered to the Trustee in a form reasonably satisfactory to the Trustee, the due and punctual payment of the principal of and interest on the notes and the performance of every covenant of the Indenture on the part of the Issuer to be performed or observed. Upon any such assumption, Ventas, Inc. or such Subsidiary shall succeed to, and be substituted for and may exercise every right and power of, the Issuer under the Indenture with the same effect as if Ventas, Inc. or such Subsidiary had been named as the Issuer under the Indenture and the Issuer will be released from liability as obligor on the notes.

Table of Contents

Events of Default, Notice and Waiver

The Indenture provides that the term "Event of Default" with respect to the notes means any of the following:

- (1) Ventas, Inc. or the Issuer does not pay the principal or any premium on the notes when due and payable;
- (2) Ventas, Inc. or the Issuer does not pay interest on the notes within 30 days after the due date;
- (3) Ventas, Inc. or its Subsidiaries remain in breach of any other term of the Indenture for 90 days after they receive a notice of Default stating that they are in breach. Either the Trustee or the holders of more than 25% in principal amount of the then outstanding notes may send the notice;
- (4) except as permitted by such Indenture and the notes, the Securities Guarantee by Ventas, Inc. shall cease to be in full force and effect or Ventas, Inc. shall deny or disaffirm its obligations with respect thereto;
- (5) the Issuer, Ventas, Inc. or any of its Significant Subsidiaries default under any of their indebtedness (including a default with respect to securities of any series issued under the Base Indenture other than the notes of a series) in an aggregate principal amount exceeding \$50.0 million after the expiration of any applicable grace period, which default results in the acceleration of the maturity of such indebtedness. Such default is not an Event of Default if the other indebtedness is discharged, or the acceleration is rescinded or annulled, within a period of 30 days after the Issuer, Ventas, Inc. or any such Significant Subsidiary, as the case may be, receives notice specifying the default and requiring that they discharge the other indebtedness or cause the acceleration to be rescinded or annulled. Either the Trustee or the holders of more than 25% in principal amount of the then outstanding notes of a series may send the notice; or
- (6) the Issuer, Ventas, Inc. or any of its Significant Subsidiaries or any group of Subsidiaries that, taken as a whole, would constitute a Significant Subsidiary files for bankruptcy or certain other events in bankruptcy, insolvency or reorganization occur.

Remedies if an Event of Default Occurs

If an Event of Default with respect to the notes of a series has occurred and has not been cured, either the Trustee or the holders of at least 25% in principal amount of the then outstanding notes of such series may declare the entire principal amount of the notes of such series to be due and immediately payable by written notice to the Issuer, Ventas, Inc. and the Trustee, except that the sole remedy for an Event of Default relating to a failure to comply with the covenant described under "Provision of Financial Information" shall consist exclusively of the right to receive additional interest on the notes of such series in accordance with the terms set forth in the Indenture. If an Event of Default occurs because of certain events in bankruptcy, insolvency or reorganization, the principal amount of all the notes will be automatically accelerated, without any action by the Trustee or any holder. At any time after the Trustee or the holders have accelerated the notes, but before a judgment or decree for payment of the money due has been obtained, the holders of at least a majority in principal amount of the then outstanding notes of such series may, under certain circumstances, rescind and annul such acceleration.

The Trustee will be required to give notice to the holders of notes within 90 days after a Default under the Indenture unless the Default has been cured or waived. The Trustee may withhold notice to the holders of the notes of such series of any Default, except a Default in the payment of the principal of or interest on the notes of such series, if specified responsible officers of the Trustee in good faith determine that withholding the notice is in the interest of the holders.

Table of Contents

Within 120 days after the end of each fiscal year, Ventas, Inc. will furnish to the Trustee a written statement by certain of Ventas, Inc.'s officers certifying that to their knowledge, Ventas, Inc. is in compliance with the Indenture and the related series of notes, or else specifying any Default.

Modification of the Indenture

Except as provided in the next two succeeding paragraphs, the Base Indenture, as amended from time to time by supplemental indentures, and/or one or more series of debt securities (including the notes) issued under the Base Indenture may be amended or supplemented with the written consent of the holders of at least a majority in principal amount of the then outstanding debt securities issued under the Base Indenture affected by such amendment or supplement voting as a single class (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, such notes), and any existing Default, Event of Default (other than a Default or Event of Default with respect to the payment of the principal or premium, if any, of or interest on the debt securities, except a payment default resulting from an acceleration that has been rescinded) or compliance with any provision of the Base Indenture, as amended from time to time by supplemental indentures, or one or more series of debt securities (including the notes) may be waived with the consent of the holders of a majority in principal amount of the then outstanding debt securities issued under the Base Indenture affected thereby voting as a single class (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, the notes).

Without the consent of each holder affected, an amendment or waiver may not (with respect to any notes of a series held by a non-consenting holder):

- (1) reduce the principal amount of notes whose holders must consent to an amendment, supplement or waiver;
- (2) reduce the principal of or change the fixed maturity of any note, reduce the rate of, or change the time for payment of, interest or any premium on any note or alter the provisions with respect to the redemption of the notes (excluding, for the avoidance of doubt, the number of days before a redemption date that a notice of redemption may be mailed to the holders);
- (3) reduce the amount of principal of an original issue discount security that would be due and payable upon declaration of acceleration of its maturity;
- (4) waive a Default or Event of Default with respect to the payment of principal of, or interest or premium on, the notes (except a rescission of acceleration of the notes by the holders of at least a majority in aggregate principal amount of the then outstanding notes and a waiver of the payment Default that resulted from such acceleration);
- (5) make any note payable in a currency other than that stated in the notes;
- (6) make any change in the provisions of the applicable Indenture relating to waivers of past Defaults or the rights of holders of notes to receive payments of principal of, or interest or premium on, the notes;
- (7) impair the rights of holders of the debt securities to convert their securities, if convertible, upon the terms established pursuant to or in accordance with the provisions of the applicable indenture;
- (8) release Ventas, Inc. from any of its obligations under the guarantee or the Indenture, except in accordance with the terms of such Indenture; or
- (9) waive a redemption payment with respect to any note; or
- (10) make any change in the amendment and waiver provisions set forth in clauses (1) through (9).

Table of Contents

Any such consent need only approve the substance, rather than the particular form, of the proposed amendment.

Notwithstanding the preceding, without the consent of any holder of notes of a series, the Indenture or the notes issued thereunder may be amended or supplemented to, among other things:

- (1) cure any ambiguity, defect or inconsistency;
- (2) provide for uncertificated notes in addition to or in place of certificated notes;
- (3) provide for the assumption of the Issuer's obligations to holders of notes in the case of a merger or consolidation or sale of all or substantially all of the Issuer's assets;
- (4) add additional guarantees with respect to the notes;
- (5) secure the notes;
- (6) make any other change that would provide any additional rights or benefits to the holders of notes or that does not adversely affect the legal rights under the Indenture of any holder;
- (7) comply with requirements of the SEC in order to effect or maintain the qualification of the Indenture under the Trust Indenture Act;
- (8) to provide for the issuance of additional notes in accordance with the Indenture;
- (9) to evidence and provide for the acceptance of appointment by a successor or separate trustee with respect to the notes and to add or change any of the provisions of the Indenture as necessary to provide for or facilitate the administration of the Indenture by more than one trustee;
- (10) with respect to any series of notes, to conform the text of the Indenture applicable thereto or the notes to any provision of the section "Description of the Notes," "Description of Notes" or "Description of Debt Securities" in the offering memorandum, prospectus supplement or other like offering document relating to the initial offering of such series of notes that is intended to be a verbatim recitation of the terms of the notes;
- (11) to establish the form or terms of notes and coupons the notes; or
- (12) to add to, change or eliminate any of the provisions of the Indenture so long as any such addition not otherwise permitted under the Indenture shall (i) neither apply to any note of any series created prior to the execution of such supplemental indenture and entitled to the benefit of such provision nor modify the rights of the holders of any such note with respect to the benefit of such provision or (ii) become effective only when there is no such security outstanding.

Notes are not considered outstanding, and therefore the holders thereof are not eligible to vote, if the Issuer has deposited or set aside in trust for the holders money for their payment or redemption or have been fully defeased as described below under " Discharge, Defeasance and Covenant Defeasance Full Defeasance."

Sinking Fund

The notes are not entitled to any sinking fund payments.

The Trustee, Registrar and Paying Agent

U.S. Bank National Association is the Trustee under the Indenture. The Issuer has initially designated the Trustee as the registrar and paying agent for the notes. Payments of interest and principal will be made, and the notes will be transferable, at the office of the paying agent, or at such other place or places as may be designated pursuant to the Indenture. For notes that are issued in book-entry form

S-22

Table of Contents

represented by a global security, payments will be made to a nominee of the depository. The Trustee is also the trustee under the indentures relating to the Issuer's existing senior notes.

Discharge, Defeasance and Covenant Defeasance

Discharge

The Issuer may discharge all of its obligations to the holders of notes of a series (other than the obligation to register transfers and exchanges) that either have become due and payable or will become due and payable within one year, or are scheduled for redemption within one year, by irrevocably depositing with the Trustee, in trust, cash in U.S. dollars, non-callable U.S. government agency notes or bonds or a combination thereof, in such amounts as will be sufficient to make all prepayments on the applicable notes, including any premium, and interest payable thereon.

Full Defeasance

The Issuer can, under certain circumstances, effect a full defeasance of notes of a series. This means the Issuer can legally release itself and Ventas, Inc. from any payment or other obligations the notes (other than the obligation to register transfers and exchanges) if, among other things, the Issuer puts in place the arrangements described below to repay the holders of notes and delivers certain certificates and legal opinions to the Trustee:

- (1) the Issuer must irrevocably deposit in trust for the benefit of all direct holders of notes money or U.S. government or U.S. government agency notes or bonds (or, in certain circumstances, depository receipts representing these notes or bonds), or any combination thereof, that will generate enough cash to make interest, principal, premium and any other payments on the applicable notes on their due date;
- (2) the current federal income tax law must be changed or an Internal Revenue Service ("IRS") ruling must be issued permitting the above deposit without causing holders of the applicable notes to recognize gain or loss for federal income tax purposes or to be taxed on the notes any differently than if the Issuer did not make the deposit and repaid the notes in the manner in which the notes would have been payable if the deposit had not been made; and
- (3) the Issuer must deliver to the Trustee a legal opinion confirming the tax law change or IRS ruling described above.

If the Issuer did accomplish full defeasance with respect to notes of a series, the holders of notes would have to rely solely on the trust deposit for repayment on the notes. The holders of the notes could not look to the Issuer or Ventas, Inc. for repayment in the unlikely event of any shortfall. Conversely, the trust deposit would most likely be protected from claims of the Issuer's lenders and other creditors if the Issuer ever became bankrupt or insolvent.

Covenant Defeasance

The Issuer can make the same type of deposit described above and be released from some of the restrictive covenants in the Indenture and the notes of a series, provided that, among other things, the Issuer delivers to the Trustee an opinion to the effect that the holders of the defeased notes will not recognize income, gain or loss for federal income tax purposes as a result of such defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance had not occurred. This is called "covenant defeasance." In that event, the holders of the defeased notes would lose the protection of those restrictive covenants but would gain the protection of having money and securities set aside in trust to repay the notes.

Table of Contents

If the Issuer accomplishes covenant defeasance, the following provisions of the Indenture and the notes would no longer apply:

- (1) any covenants applicable to the notes and described in the prospectus supplement; and
- (2) certain Events of Default relating to breach of covenants and acceleration of the maturity of other debt set forth in this prospectus supplement.

If the Issuer accomplishes covenant defeasance with respect to notes of a series, the holders of notes can still look to the Issuer for repayment of the notes if a shortfall in the trust deposit occurred. If one of the remaining Events of Default occurs for example, the Issuer's bankruptcy and the notes become immediately due and payable, there may be a shortfall. Depending on the event causing the Default, the holders of the notes may not be able to obtain payment of the shortfall.

The Issuer may exercise its full defeasance option notwithstanding any prior exercise of its covenant defeasance option.

Anyone who receives this prospectus supplement may obtain a copy of the Indenture without charge by writing to Ventas, Inc., 353 North Clark Street, Suite 3300, Chicago, Illinois 60654, Attention: Corporate Secretary.

Book-Entry System and Form of Notes

The notes will be issued in the form of one or more fully registered global notes without coupons that will be deposited with The Depository Trust Company, New York, New York, which we refer to in this prospectus supplement as DTC, and registered in the name of its nominee, Cede & Co. This means that the Issuer will not issue certificates to each owner of notes. The global notes will be issued to DTC, which will keep a computerized record of its participants (for example, your broker) whose clients have purchased the notes. The participant will then keep a record of its clients who purchased the notes. Unless a global note is exchanged in whole or in part for a certificated note, it may not be transferred, except that DTC, its nominees, and their successors may transfer a global note as a whole to one another.

DTC has provided the following information to us. DTC, the world's largest securities depository, is a:

limited-purpose trust company organized under the New York Banking Law;

"banking organization" within the meaning of the New York Banking Law;

member of the U.S. Federal Reserve System;

"clearing corporation" within the meaning of the New York Uniform Commercial Code; and

"clearing agency" registered under the provisions of Section 17A of the Exchange Act.

DTC holds and provides asset servicing for U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that its direct participants deposit with DTC. DTC also facilitates the post-trade settlement among direct participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between direct participants' accounts. This eliminates the need for physical movement of securities certificates. Direct participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by users of its regulated subsidiaries. Access to DTC's

Table of Contents

book-entry system is also available to indirect participants such as securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a direct participant, either directly or indirectly. DTC has Standard & Poor's highest rating: AAA. The rules applicable to DTC and its direct and indirect participants are on file with the SEC.

Principal and interest payments on global notes registered in the name of DTC's nominee will be made in immediately available funds to DTC's nominee as the registered owner of the global notes. We and the Trustee will treat DTC's nominee as the owner of the global notes for all other purposes as well. Accordingly, we, the Trustee and any paying agent will have no direct responsibility or liability to pay amounts due on the global notes to owners of beneficial interests in the global notes. DTC's practice is to credit direct participants' accounts upon receipt of any payment of principal or interest on the payment date in accordance with their respective holdings of beneficial interests in the global notes as shown on DTC's records. Payments by direct and indirect participants to owners of beneficial interests in the global notes will be governed by standing instructions and customary practices. These payments will be the responsibility of the direct and indirect participants and not of DTC, the Trustee or us, subject to any statutory or regulatory requirements as may be in effect from time to time.

The notes, which are represented by one or more global notes, will be exchangeable for certificated notes with the same terms in authorized denominations only if:

DTC notifies the Issuer that it is unwilling or unable to continue as depositary;

DTC ceases to be a registered clearing agency and a successor depositary is not appointed by the Issuer within 120 days; or

the Issuer determines not to require all of the notes to be represented by one or more global notes and notifies the Trustee of that decision.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that we believe to be reliable, but we take no responsibility for the accuracy thereof.

Same-Day Settlement and Payment

The underwriters will make settlement for the notes in immediately available funds. The Issuer will make all payments of principal and interest in respect of the notes in immediately available funds. The notes will trade in DTC's Same-Day Funds Settlement System until maturity (or earlier redemption in whole) or until the notes are issued in certificated form, and secondary market trading activity in the notes will therefore be required by DTC to settle in immediately available funds. We expect that secondary trading in the certificated securities, if any, will also be settled in immediately available funds. No assurance can be given as to the effect, if any, of settlement in immediately available funds on trading activity in the notes.

Governing Law

The Indenture and the notes issued thereunder will be governed by, and construed in accordance with, the laws of the State of New York without giving effect to applicable principles of conflicts of law to the extent that the application of the law of another jurisdiction would be required thereby.

Underwriting Discounts

The following table shows the underwriting discounts to be paid to the underwriters by the issuer in connection with this offering. This underwriting discount is the difference between the public offering price and the amount the underwriters pay to the issuer to purchase the notes.

Per note (expressed as a percentage of the principal amount)	0.650%
Total	\$ 4,875,000

We have been advised by the underwriters that they initially propose to offer and sell the notes directly to the public at the public offering price set forth on the cover page of this prospectus supplement. After the offering, the underwriters may change the offering price and other selling terms at any time without notice. The offering of the notes by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to reject any order in whole or in part.

The underwriters may offer the notes to selected dealers at the public offering price minus a concession of up to 0.400% of the principal amount. The underwriters may allow, and those selected dealers may reallow, a concession of up to 0.250% of the principal amount of the notes to certain other dealers. After the initial offering, the underwriters may change the public offering prices and any other selling terms. The underwriters may offer and sell notes through certain of their affiliates.

The expenses of the offering, exclusive of the underwriting discount, are estimated at approximately \$1.5 million and are payable by us.

Price Stabilization and Short Positions

In connection with this offering, the underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of the notes. Specifically, the underwriters may over-allot this offering, creating a syndicate short position. The underwriters may bid for and purchase the notes in the open market to stabilize the price of the notes and may impose "penalty bids" under contractual arrangements whereby they may reclaim from dealers participating in this offering for the account of the underwriters, the selling concession with respect to the notes that are distributed in this offering but subsequently purchased for the account of the underwriters in the open market. These activities may stabilize or maintain the market price of the notes above independent market levels. The underwriters are not required to engage in these activities and may discontinue them at any time.

Extended Settlement

We expect that delivery of the notes will be made to investors on or about August 15, 2018, which will be the seventh business day following the date of this prospectus supplement (such settlement being referred to as "T+7"). Under Rule 15c6-1 of the Exchange Act, trades in the secondary market generally are required to settle in two business days unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade the notes on the date of pricing of the notes or the next four succeeding business days will be required, by virtue of the fact that the notes initially will settle in T+7, to specify an alternative settlement cycle at the time of any such trade to prevent failed settlement and should consult their own advisors.

Other Relationships

The underwriters and their respective affiliates are full-service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. Certain of the underwriters and their respective affiliates have engaged in, and may in the future engage in, investment banking, commercial banking and other commercial dealings in the ordinary course of business with us and our affiliates, for which they have received and may continue to

receive customary fees and commissions. Certain affiliates of the underwriters are lenders or agents under our unsecured revolving credit facility. Certain affiliates of the underwriters also are lenders or agents under one or more of our unsecured term loans.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. If any of the underwriters or their affiliates have a lending relationship with us, certain of those underwriters or their affiliates routinely hedge, and certain other of those underwriters may hedge their credit exposure to us consistent with their customary risk management policies. Typically, these underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Conflicts of Interest

We intend to use the net proceeds of this offering, together with cash on hand and/or borrowings under our unsecured revolving credit facility, to purchase the Tender Offer Notes pursuant to the Tender Offer described above under "Prospectus Supplement Summary Recent Developments." See "Use of Proceeds." To the extent that the underwriters or their affiliates own any of the Tender Offer Notes, they may tender such Tender Offer Notes pursuant to the terms of the Tender Offer and receive a portion of the net proceeds that we use from this offering to repurchase their Tender Offer Notes. In addition, Wells Fargo Securities, LLC and Morgan Stanley & Co. LLC are acting as dealer managers in the Tender Offer and will receive customary fees in connection therewith. If the Tender Offer results in payments to the underwriters and their affiliates of 5% or more of the net proceeds of this offering, there would be a "conflict of interest" under Rule 5121 of the Financial Industry Regulatory Authority ("FINRA"). Because the notes offered hereby are investment grade rated, no "qualified independent underwriter" is required to be appointed in connection with this offering. However, as required by FINRA Rule 5121, no sale of the notes offered hereby will be made by the affected underwriter to an account over which it exercises discretion without the prior specific written consent of the account holder.
