EXPLANATORY NOTE

The purpose of this Schedule 14A is to file a press release issued by Telephone and Data Systems, Inc. (“TDS”) on May 1, 2015 relating to earnings for the first quarter of 2015. Also, attached is an excerpt from the script for the TDS earnings call on May 1, 2015 relating to the TDS annual meeting of shareholders and election of directors.

IMPORTANT INFORMATION: TDS and its directors, executive officers and other members of its management and employees may be deemed to be participants in the solicitation of proxies from the shareholders of TDS in connection with the TDS 2015 annual meeting of shareholders. Information regarding TDS directors and executive officers and other participants that may be soliciting proxies on behalf of the TDS board of directors and their respective interests in TDS by security holdings or otherwise is set forth in TDS’s definitive proxy statement relating to its 2015 annual meeting, as filed with the Securities and Exchange Commission (“SEC”) on April 17, 2015. The 2015 proxy statement, other solicitation material and other reports that TDS files with the SEC, when available, can be obtained free of charge at the SEC’s web site at www.sec.gov or from TDS as provided on its website at www.tdsinc.com. TDS SHAREHOLDERS ARE ADVISED TO READ CAREFULLY THE PROXY STATEMENT AND OTHER SOLICITATION MATERIAL FILED BY TDS IN CONNECTION WITH THE TDS 2015 ANNUAL MEETING OF SHAREHOLDERS BEFORE MAKING ANY VOTING DECISION BECAUSE THEY CONTAIN OR WILL CONTAIN IMPORTANT INFORMATION RELATING TO THE ELECTION OF DIRECTORS OF TDS.

Exhibit 99.1 NEWS RELEASE

As previously announced, TDS will hold a teleconference May 1, 2015 at 9:30 a.m. CDT. Interested parties may listen to the call live via the Events & Presentations page of investors.tdsinc.com.

FOR IMMEDIATE RELEASE

TDS reports first quarter 2015 results

U.S. Cellular increases guidance for operating cash flow and adjusted EBITDA

CHICAGO, (May 1, 2015) — Telephone and Data Systems, Inc. (NYSE:TDS) reported total operating revenues of \$1,251.6 million for the first quarter of 2015, versus \$1,196.0 million for the comparable period one year ago. Net income attributable to TDS shareholders and related diluted earnings per share were \$145.7 million and \$1.33, respectively, for the first quarter of 2015, compared to \$18.3 million and \$0.16, respectively, in the comparable period one year ago.

“Both of our businesses had encouraging first quarters and made good progress on their strategic objectives,” said LeRoy T. Carlson, Jr., TDS president and CEO. “U.S. Cellular continued to grow its postpaid customer base and improve loyalty. TDS Telecom achieved strong growth in IPTV customers, and we continued to move forward with our cable, broadband, and hosted and managed services strategies.

“U.S. Cellular maintained strong momentum from its turnaround in customer growth last year, adding more postpaid customers and reducing churn. More customers are adopting shared data plans and adding connected devices to those accounts, leading to increases in revenue. We will bring 4G LTE speeds to 98 percent of U.S. Cellular customers this year, and we plan to drive continued substantial growth in smartphone penetration, connected devices, and data use.

“TDS Telecom achieved continued success with its IPTV service in the recent quarter, adding residential customers and increasing residential revenue per connection. As we complete the integration of our cable acquisitions, Baja Broadband and BendBroadband, we are focused on increasing residential and commercial broadband penetration. We also continue to seek and evaluate potential cable acquisitions. Our hosted and managed services company, OneNeck IT Solutions, has had some recent sales success. We believe there is strong potential for growth at OneNeck as more businesses and organizations seek to outsource more of their IT needs.”

2015 Estimated Results

Estimates of full-year 2015 results for U.S. Cellular, TDS Telecom, and TDS are shown below. Such estimates represent management's view as of May 1, 2015. Such forward-looking statements should not be assumed to be current as of any future date. TDS undertakes no duty to update such information, whether as a result of new information, future events, or otherwise. There can be no assurance that final results will not differ materially from such estimated results.

(1) Operating cash flow is defined as net income, adjusted for the items set forth in the reconciliation below. Adjusted EBITDA is defined as net income, adjusted for the items set forth in the reconciliation below. Operating cash flow and Adjusted EBITDA exclude these items in order to show operating results on a more comparable basis from period to period. From time to time, TDS may exclude other items from Operating cash flow and/or Adjusted EBITDA if such items help reflect operating results on a more comparable basis. TDS does not intend to imply that any such items that are excluded are non-recurring, infrequent or unusual; such items may occur in the future. Operating cash flow and Adjusted EBITDA are not measures of financial performance under Generally Accepted Accounting Principles in the United States ("GAAP") and should not be considered as alternatives to net income as indicators of the company's operating performance or as alternatives to cash flows from operating activities, determined in accordance with GAAP, as indicators of cash flows or as measures of liquidity. TDS believes Operating cash flow and Adjusted EBITDA are useful measures of TDS' operating results before significant recurring non-cash charges, gains and losses, and other items as indicated below. The following tables provide a reconciliation to Operating cash flow and Adjusted EBITDA for 2015 estimated results, actual results for the three months ended March 31, 2015 and 2014 actual results:

(2) The TDS column includes U.S. Cellular, TDS Telecom and also the impacts of consolidating eliminations, corporate operations and non-reportable segments, all of which are not presented above.

(3) In providing 2015 Estimated Results, TDS has not completed the above reconciliation to net income because it does not provide guidance for income taxes. TDS believes that the impact of income taxes cannot be reasonably predicted; therefore, the company is unable to provide such guidance. Accordingly, a reconciliation to net income is not available without unreasonable effort.

(4) A reconciliation of Operating cash flow (Non-GAAP) to operating income (GAAP) for March 31, 2015 actual results can be found on the company's website at investors.tdsinc.com.

(1) Average Revenue Per User (“ARPU”) metrics are calculated by dividing a revenue base by an average number of customers by the number of months in the period. These revenue bases and customer populations are shown below:

- a. Postpaid ARPU consists of total postpaid service revenues and postpaid customers.
- b. Prepaid ARPU consists of total prepaid service revenues and prepaid customers.
- c. Billed ARPU consists of total postpaid, prepaid and reseller service revenues and postpaid, prepaid and reseller customers.
- d. Service revenue ARPU consists of total postpaid, prepaid and reseller service revenues, inbound roaming and other service revenues and postpaid, prepaid and reseller customers.

(2) Average Revenue Per Account (“ARPA”) metric is calculated by dividing total postpaid service revenues by the average number of postpaid accounts by the number of months in the period.

(3) Churn metrics represent the percentage of the postpaid or prepaid customers that disconnect service each month. These metrics represent the average monthly postpaid or prepaid churn rate for each respective period.

(4) Smartphones represent wireless devices which run on an Android, Apple, BlackBerry or Windows Mobile operating system, excluding connected devices. Smartphone penetration is calculated by dividing postpaid smartphone customers by total postpaid handset customers.

(5) The decrease in the population of Consolidated markets is due primarily to the license exchange transactions of certain non-operating licenses in North Carolina in December 2014 and Illinois and Indiana in March 2015. Total Population is used only to calculate market penetration of consolidated markets and consolidated operating markets, respectively. See footnote (6) below.

(6) Market penetration is calculated by dividing the number of wireless customers at the end of the period by the total population of consolidated markets and consolidated operating markets, respectively, as estimated by Claritas. The increase in consolidated markets penetration is due primarily to a lower denominator as a result of the license divestitures described in footnote (5) above.

(7) During the quarters ended March 31, 2015 and December 31, 2014, sold 359 and 236 towers, respectively, in divested markets.

	Cash flows from operating activities		\$	355,306		\$	104,937
	Add: Sprint Cost Reimbursement			15,712			11,254
	Less: Cash used for additions to property, plant and equipment			166,461			150,889
	Adjusted free cash flow (1)		\$	204,557		\$	(34,698)

(1) Adjusted free cash flow is defined as Cash flows from operating activities (which includes cash outflows related to the Sprint decommissioning), as adjusted for cash proceeds from the Sprint Cost Reimbursement (which are included in Cash flows from investing activities in the Consolidated Statement of Cash Flows), less Cash used for additions to property, plant and equipment. Adjusted free cash flow is a non-GAAP financial measure which TDS believes may be useful to investors and other users of its financial information in evaluating the amount of cash generated by business operations (including cash proceeds from the Sprint Cost Reimbursement), after Cash used for additions to property, plant and equipment.

The following is an excerpt from the script for the TDS earnings conference call on May 1, 2015 relating to the TDS annual meeting of shareholders and election of directors. A transcript of the entire call will be filed on a Schedule 14A after the call.

Jane McCahon: “We invite you to join us or listen to the webcast of our Annual Meetings. U.S. Cellular’s meeting is on May 19 in Milwaukee and TDS’ is on May 21 in Madison. We also ask our shareholders to support our extremely qualified slate of director nominees at both TDS and U.S. Cellular. We will be on the road and reaching out to our shareholders to discuss our progress over the coming weeks.”
