**ITEM 1.01. ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT.**

On August 9, 2007, we entered into an agreement to amend our merger agreement with Advanced Bionics, which we acquired in 2004, primarily to eliminate shared management provisions and modify the schedule of earn out payments. The agreement grants us sole management and control of the pain management business, including the emerging indications program. The transaction provides a new schedule of consolidated, fixed earn out payments to be made by us to former Advanced Bionics shareholders entitled to participate in earn out payments, consisting of \$650 million payable upon closing in January 2008 and \$500 million payable in March 2009.

We also entered into definitive agreements to sell a controlling interest in the auditory business and drug pump development program to entities affiliated with the principals of Advanced Bionics for an aggregate payment of \$150 million at closing.

The transactions are expected to close in January 2008, subject to the approval of former Advanced Bionics shareholders who are entitled to earn out payments under the original merger agreement, and customary regulatory approvals.

Following the closing of the transactions, the parties will dismiss currently pending litigation between us and former Advanced Bionics shareholders.

The press release issued on August 9, 2007 is attached as Exhibit 99.1 hereto. In addition, the amendment agreement, amendment no. 1 to the original merger agreement under which we acquired Advanced Bionics, and the definitive agreement relating to the sale of the auditory business are attached as Exhibits 10.1 through 10.3 hereto.

**ITEM 2.05. COSTS ASSOCIATED WITH EXIT OR DISPOSAL ACTIVITIES.**

In connection with the execution of the amendment agreement and the definitive agreements described in Item 1.01 above, we expect to record an estimated after-tax charge of \$360 million in the third quarter of 2007, primarily associated with the impairment of goodwill and intangible assets. In addition, we will incur costs to separate the auditory business and drug pump development program; these costs are not expected to be material to our operating results, cash flows or financial position.

**ITEM 2.06. MATERIAL IMPAIRMENTS.**

See the discussion described in Item 1.01 and Item 2.05 above with respect to the after-tax impairment charge we expect to record as a result of the transactions described in Item 1.01 above.
