### **Section 3 - Securities and Trading Markets**

#### **Item 3.02 Unregistered Sales of Equity Securities.**

On January 28, 2013 the Company completed sales of its restricted common shares to a group of private investors. The Company sold a total of 2,500,000 shares of restricted common stock at a price of \$0.10 per share for an aggregate amount of \$250,000 received by the Company. No underwriting commissions or fees were involved.

We relied upon the exemption from registration provided by Section 4(2) of the Securities Act of 1933, and Rule 506 of Regulation D promulgated thereunder, with respect to the sale of the restricted stock. The Purchasers of these securities were accredited investors pursuant to Section 501(a) of the Securities Act, who provided the Company with representations, warranties and information concerning their qualifications as accredited investors. The Company provided and made available to the Purchasers full information regarding our business and operations. There was no general solicitation in connection with the offer or sale of the restricted securities.

The Purchasers acquired the restricted common stock for their own accounts, for investment purposes and not with a view to public resale or distribution thereof within the meaning of the Securities Act. By virtue of restrictions on the Purchasers' shares, the restricted shares so purchased cannot be sold unless pursuant to an effective registration statement by the Company, or by an exemption from registration requirements of Section 5 of the Securities Act the existence of any such exemption subject to legal review and approval by the Company.
