PARKS! AMERICA, INC. and SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

December 31, 2017

NOTE 1. ORGANIZATION

Parks! America, Inc. (“Parks” or the “Company”) was originally incorporated on July 30, 1954 as Painted Desert Uranium & Oil Co., Inc. in Washington State. On October 1, 2002, Painted Desert Uranium & Oil Co., Inc. changed its name to Royal Pacific Resources, Inc. and its corporate domicile to the State of Nevada.

On December 19, 2003, Royal Pacific Resources, Inc. acquired the assets of Great Western Parks LLC pursuant to a Share Exchange Agreement that resulted in the Company assuming control and changing the corporate name to Great American Family Parks, Inc. The acquisition was accounted for as a reverse acquisition in which Great Western Parks was considered to be the acquirer of Royal Pacific Resources for reporting purposes. On June 11, 2008, the Company changed its name from Great American Family Parks, Inc. to Parks! America, Inc.

The Company owns and operates through wholly owned subsidiaries two regional theme parks and is in the business of acquiring, developing and operating local and regional theme parks and attractions in the United States. The Company’s wholly owned subsidiaries are Wild Animal Safari, Inc., a Georgia corporation (“Wild Animal – Georgia”) and Wild Animal, Inc., a Missouri corporation (“Wild Animal – Missouri”). Wild Animal – Georgia owns and operates the Wild Animal Safari theme park in Pine Mountain, Georgia (the “Georgia Park”). Wild Animal – Missouri owns and operates the Wild Animal Safari theme park located in Strafford, Missouri (the “Missouri Park”). The Company acquired the Georgia Park on June 13, 2005, and the Missouri Park on March 5, 2008.

The Parks are open year round but experience increased seasonal attendance, typically beginning in the latter half of March through early September. On a combined basis, net sales for the third and fourth quarter of the last two fiscal years represented approximately 64% to 67% of annual net sales.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The Company’s unaudited consolidated financial statements for the three months ended December 31, 2017 and January 1, 2017 are presented in accordance with accounting principles generally accepted in the United States of America (“GAAP”). The Company believes that the disclosures made are adequate to make the information presented not misleading. The information reflects all adjustments that, in the opinion of management, are necessary for a fair presentation of the financial position and results of operations for the periods set forth herein. In

the opinion of management interim results reflect all normal and recurring adjustments, and are not necessarily indicative of the results for a full fiscal year.

These unaudited consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the fiscal year ended October 1, 2017.

Principles of Consolidation: The accompanying unaudited consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries (Wild Animal – Georgia and Wild Animal – Missouri). All material inter-company accounts and transactions have been eliminated in consolidation.

Accounting Method: The Company recognizes income and expenses based on the accrual method of accounting.

Estimates and Assumptions: Management uses estimates and assumptions in preparing financial statements in accordance with GAAP. Those estimates and assumptions affect the reported amounts of the assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were assumed in preparing these financial statements.

Fiscal Year End: The Company's fiscal year-end is the Sunday closest to September 30, and its quarterly close dates are also determined by the Sunday closest to the end of each quarterly reporting period. For the 2018 fiscal year, September 30 will be the closest Sunday, and for the 2017 fiscal year, October 1 was the closest Sunday. Both fiscal years will be comprised of 52-weeks. This fiscal calendar aligns the Company's fiscal periods more closely with the seasonality of its business. The high season typically ends after the Labor Day holiday weekend. The period from October through early March is geared towards maintenance and preparation for the next busy season, which typically begins at Spring Break and runs through Labor Day.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Reclassifications: Certain accounts and financial statement captions in the prior periods have been reclassified to conform to the current period financial statements.

Financial and Concentrations Risk: The Company does not have any concentration or related financial credit risks. The Company maintains its cash in bank deposit accounts, which at times may exceed federally insured limits.

Trade Accounts Receivable: The theme parks are a payment upfront business; therefore, the Company typically carries little or no accounts receivable. The Company had no accounts receivable as of December 31, 2017 and October 1, 2017, respectively.

Inventory: Inventory consists of gift shop items, animal food, concessions and park supplies, and is stated at the lower of cost or market. Cost is determined on the first-in, first-out method. Inventories are reviewed and reconciled annually, because inventory levels turn over rapidly.

Property and Equipment: Property and equipment is stated at cost. Depreciation is computed on the straight-line method over the estimated useful lives of the assets, which range from three to thirty-nine years. A summary is included below.

	December 31, 2017	October 1, 2017	Depreciable Lives

Intangible assets: Intangible assets consist of franchising fees, which are reported at cost and are being amortized over a period of 60 months.

Impairment of Long-Lived Assets: The Company reviews its major assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. If an asset is considered impaired, then impairment will be recognized in an amount determined by the excess of the carrying amount of the asset over its fair value.

Other Current Liabilities: The following is a breakdown of other current liabilities:

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

December 31, 2017

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Financial Instruments: The carrying amounts of financial instruments are considered by management to be their estimated fair values due to their short-term maturities. Securities that are publicly traded are valued at their fair market value as of the balance sheet date presented.

Revenue Recognition: The Company's major source of income is from theme park admissions. Theme park revenues from admission fees are generally recognized upon receipt of payment at the time of the customers' visit to the parks. Theme park revenues from advance online ticket purchases are deferred until the customers' visit to the parks. Short-term seasonal passes are sold primarily during the spring and summer seasons, are negligible to our results of operations and are not material. The Company periodically sells surplus animals created from the natural breeding process that occurs within the parks. All animal sales are reported as a separate revenue line item.

Advertising and Market Development: The Company expenses advertising and marketing costs as incurred.

Stock Based Compensation: The Company recognizes compensation costs on a straight-line basis over the requisite service period associated with the grant. No activity has occurred in relation to stock options during any period presented. The Company awards shares of its common stock to members of its Board of Directors for service on the Board. The shares issued to the Board are "restricted" and are not to be re-sold unless an exemption is available, such as the exemption afforded by Rule 144 promulgated under the Securities Act of 1933, as amended (the "Securities Act"). The Company recognizes the expense based on the fair market value at time of the grant. Each director is typically granted 25,000 restricted shares or the cash equivalent annually, usually toward the end of the calendar year.

Income Taxes: The Company utilizes the asset and liability method of accounting for income taxes, which requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been included in the financial statements. Under this method, deferred tax assets and liabilities are determined based on the differences between the financial reporting basis and the tax basis of the assets and liabilities, and are measured using the enacted tax rates and laws. Management periodically reviews the Company's deferred tax assets to determine whether their value can be realized based on available evidence. A valuation allowance is established when management believes it is more likely than not, that such tax benefits will not be realized. Changes in valuation allowances from period to period are included in the Company's income tax provision in the period of change.

On December 22, 2017, the Tax Cuts and Jobs Act (the “Tax Act”) was enacted into federal law, which includes significant changes to the U.S. corporate federal tax code. Among other changes, the Tax Act lowered the U.S. statutory corporate federal income tax rate from 35% to 21% effective January 1, 2018. As the Company’s 2018 fiscal year end falls on September 30, the U.S. statutory federal income tax rate for its 2018 fiscal year will be a blended rate of 24.5%, with the statutory rate of 21% applicable for its fiscal years beginning with 2019. See “NOTE 8. INCOME TAXES” for additional information.

Basic and Diluted Net Income (Loss) Per Share: Basic net income (loss) per share amounts are computed based on the weighted average number of shares actually outstanding. Diluted net income (loss) per share amounts are computed using the weighted average number of common shares and common equivalent shares outstanding as if shares had been issued on the exercise any common share rights unless the exercise becomes anti-dilutive and then only the basic per share amounts are shown in the report.

Basic and diluted net income (loss) per share is computed by dividing net income (loss) available to common stockholders by the applicable weighted average number of common shares outstanding in each period.

Dividend Policy: The Company has not yet adopted a policy regarding payment of dividends.

Recent Accounting Pronouncements: The Company does not expect recently issued accounting standards or interpretations to have a material impact on the Company’s financial position, results of operations, cash flows or financial statement disclosures.

NOTE 3. RESTRICTED CASH

As more fully described in “NOTE 9. COMMITMENTS AND CONTINGENCIES” herein, on November 8, 2016, the Company paid out \$372,416 of restricted cash, which had been supported by a bank letter of credit totaling \$456,492, as a final resolution of a legal judgment and settlement. As a result, the balance of the bank letter of credit, net of fees, was no longer restricted and on November 17, 2016 approximately \$79,300 was returned to the Company as unrestricted funds.

NOTE 4. LONG-TERM DEBT

On January 9, 2013, the Company completed a refinancing transaction (the “Refinancing Loan”) with Commercial Bank & Trust Company of Troup County (“CB&T”) as lender. The Refinancing Loan was for a principal amount of \$3,752,000 and has a 20-year term. The Refinancing Loan is secured by substantially all the assets of the Company and its wholly owned subsidiaries. The Refinancing Loan bears interest at the rate of Prime Rate plus 2.50%, resulting in a rate of 5.75% during the first five years of the loan term. Thereafter, the interest rate will be re-priced every five years based on the then-Prime Rate plus 2.50%, as a result the interest rate was reset to 7.00% effective January 9, 2018. During the first four months following the closing of the Refinancing Loan the Company made interest-only payments. The closing costs for the Refinancing Loan totaled \$175,369.

On December 13, 2017, the Company made a prepayment of \$300,000 against the Refinancing Loan. As a result of this prepayment, the Company wrote-off \$12,495 of the Refinancing Loan closing costs, leaving \$122,911 of Refinancing Loan costs to be amortized over its remaining 15-year life. The minimum required monthly payment will be approximately \$25,800 for the next five years of the Refinancing Loan term, commencing in February 2018.

Interest expense of \$47,860 and \$50,224 for the three month period ended December 31, 2017 and January 1, 2017, respectively, includes \$2,437 and \$2,602 of amortization of debt closing costs, respectively.

NOTE 8. INCOME TAXES

On December 22, 2017, the Tax Cuts and Jobs Act (the “Tax Act”) was enacted into federal law, which includes significant changes to the U.S. corporate federal tax code. Among other changes, the Tax Act lowered the U.S. statutory corporate federal income tax rate from 35% to 21% effective January 1, 2018. As the Company’s 2018 fiscal year end falls on September 30, the U.S. statutory federal income tax rate for its 2018 fiscal year will be a blended rate of 24.5%, with the statutory rate of 21% applicable for its fiscal years beginning with 2019.

As of October 1, 2017, the Company had a net deferred tax asset of \$160,355, primarily associated with its remaining cumulative federal net operating loss carry-forward. For the three month period ended December 31, 2017, the Company recognized a one-time net deferred tax charge of \$66,855, of which \$36,595 was associated with the revaluation of its net deferred tax liability at its 2018 fiscal year blended federal income tax rate. The remaining net deferred tax charge of \$30,260 was associated with a reassessment of the Company’s remaining cumulative federal net operating loss carry-forward.

For the three month period ended December 31, 2017, the Company reported a pre-tax loss of \$87,922. For the fiscal year ending September 30, 2018 the Company expects to generate pre-tax income and to record a tax provision at a blended effective federal and state income tax rate of approximately 29.2%. As such, the Company recorded a regular net tax benefit of \$19,900 for the three month period ended December 31, 2017.

The Company’s remaining cumulative federal net operating loss carry-forward was approximately \$382,000 at October 1, 2017 and will expire beginning in the year 2026. For the fiscal year ending September 30, 2018 the Company expects to utilize all of its remaining federal net tax operating loss carry-forward to offset a portion of the regular federal cash tax due for its 2018 fiscal year

NOTE 9. COMMITMENTS AND CONTINGENCIES

As of March 30, 2017, the Company entered into a settlement and release agreement (the “Eastland Settlement Agreement”) with Larry Eastland, the Company’s former President and CEO and certain parties affiliated with Mr. Eastland (collectively the “Eastland Defendants”) thereby bringing to a close litigation commenced by the Company in September of 2009 and identified as Parks! America, Inc. vs. Eastland; et al., Case No. 09-A-599668 in the Eighth

Judicial District Court of the State of Nevada. Prior to that, in November of 2016, the Company reached a settlement with Stanley Harper and Computer Contact Service, Inc., an entity controlled by Mr. Harper (together the “Harper Defendants”) who were also defendants in that case. As a result, this litigation is terminated. The Harper Defendants received \$372,416, inclusive of additional attorney’s fees, costs and interest (the “Harper Judgment Award”), which was paid on November 8, 2016. The Eastland Defendants agreed to make a settlement payment to the Company of \$80,000 and assign 10,000 shares of the Company’s common stock, beneficially owned by one of the Eastland Defendants, to the Company (the “Settlement Shares”). Furthermore, the Company consented to the sale of 10,010,000 shares of common stock beneficially owned by the Eastland Defendants to Nicholas Parks (the “NP Transaction”). On April 20, 2017, the Company received the \$80,000 settlement payment and the Settlement Shares. A Stipulation and Order to Dismiss the Litigation with Prejudice was filed on April 24, 2017. As part of the NP Transaction, the Company entered into a Settlement Agreement and Release with Nicholas Parks, dated as of March 30, 2017 (the “NP Settlement Agreement”). As a result of the NP Transaction, Nicholas Parks holds shares representing approximately 13.4% of the outstanding common stock of the Company.

Except as described above, the Company is not a party to any pending legal proceeding, nor is its property the subject of a pending legal proceeding, that is not in the ordinary course of business or otherwise material to the financial condition of its business. None of the Company’s directors, officers or affiliates is involved in a proceeding adverse to its business or has a material interest adverse to its business.

Our actual results may differ significantly from those projected in the forward-looking statements. These statements are only predictions and involve known and unknown risks, uncertainties and other factors, including, but not limited to, the risks outlined under "RISK FACTORS" in this Quarterly Report, that may cause our actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by such forward-looking statements. For example, assumptions that could cause actual results to vary materially from future results include, but are not limited to: competition from other parks, weather conditions during our primary tourist season, the price of animal feed and the price of gasoline. Although we believe that the expectations reflected in these forward-looking statements are based on reasonable assumptions, we cannot guarantee future results, levels of activity, performance or achievements.

The forward-looking statements we make in this Quarterly Report are based on management's current views and assumptions regarding future events and speak only as of the date of this report. Overview

Through our wholly owned subsidiaries, we own and operate two regional theme parks and are in the business of acquiring, developing and operating local and regional theme parks and attractions in the United States. Our wholly owned subsidiaries are Wild Animal Safari, Inc., a Georgia corporation (“Wild Animal – Georgia”) and Wild Animal, Inc., a Missouri corporation (“Wild Animal – Missouri”). Wild Animal – Georgia owns and operates the Wild Animal Safari theme park in Pine Mountain, Georgia (the “Georgia Park”). Wild Animal – Missouri owns and operates the Wild Animal Safari theme park located in Strafford, Missouri (the “Missouri Park”).

Our Parks are open year round but experience increased seasonal attendance, typically beginning in the latter half of March through early September. On a combined basis, net sales for the third and fourth quarter of our last two fiscal years represented approximately 64% to 67% of annual net sales.

Through our fiscal year ended October 1, 2017, our annual net sales, adjusted income before income taxes and net cash provided by operating activities have improved significantly in each of the past four fiscal years. These improvements are primarily attributable to a combination of increased attendance revenues and strong operating cost controls. Our Georgia Park in particular has benefitted from several positive factors including strong and stable management, the addition of online ticket sales in June 2015, growth and positive economic conditions in the greater Atlanta area, as well as positive guest perceptions of this Park. We are committed to leveraging the strong operating model we have established at our Georgia Park, with a focus on increasing attendance, as well as increasing the average revenue generated per guest visit via concession and gift shop revenues.

Among our highest priorities is the continued improvement of the operating performance and profit at our Missouri Park. Since we acquired our Missouri Park in March 2008, we have worked to upgrade the Park's physical facilities and dramatically improve its concessions. During our 2015 fiscal year, we completed the installation of five amusement park "kiddie" rides at our Missouri Park. We will continue to focus our efforts to promote our Missouri Park and make additional improvements as our capital budget allows. We expect that over the course of several years these efforts will ultimately yield favorable results.

On January 9, 2013, we completed a \$3,752,000 loan transaction (the "Refinancing Loan"), the proceeds of which were used primarily to refinance the Company's then-outstanding debt and fund \$230,000 of new construction and renovations at our Parks. Over the last five fiscal years, the Refinancing Loan lowered our annual debt service payments by approximately \$170,000, freeing up cash flow to fund operations and capital improvements at our Parks.

Our business plan includes expansion via the acquisition of additional local or regional theme parks and attractions, if attractive opportunities arise. However, we have not made an acquisition since 2008 and there can be no assurance that we will be successful in acquiring and operating additional local or regional theme parks and attractions. We believe acquisitions, if any, should not unnecessarily encumber the Company with additional debt that cannot be justified by current operations. We may also pursue contract management opportunities for themed attractions owned by third parties. By using a combination of equity, debt and other financing options, we intend to carefully monitor stockholder value in conjunction with the pursuit of growth.

Strong growth in our operating cash flow and the lower annual debt service associated with the Refinancing Loan have provided us with incremental cash flow margin over the past four fiscal years. However, our current size and operating model leave us little room for error. Any future capital raised by us is likely to result in dilution to existing stockholders. It is possible that cash generated by, or available to, us may not be sufficient to fund our capital and liquidity needs for the near-term.

Results of Operations For the Three Month Period Ended December 31, 2017 as Compared to Three Month Period Ended January 1, 2017

We manage our operations on an individual location basis. Discrete financial information is maintained for each Park and provided to our corporate management for review and as a basis for decision-making. The primary performance measures used to allocate resources are Park earnings before interest and tax expense, and free cash flow. We use this measure of operating profit to gauge segment performance because we believe this measure is the most indicative of performance trends and the overall earnings potential of each reportable segment.

The following table shows our consolidated and segment operating results for the three month periods ended December 31, 2017 and January 1, 2017:

Edgar Filing: PARKS AMERICA, INC - Form 10-Q

Total Net Sales

On a reported basis, our total net sales for the three month period ended December 31, 2017 decreased by \$3,079, to \$996,351 versus the three month period ended January 1, 2017. Our Parks' combined attendance based net sales increased by \$10,376 or 1.1%, while animal sales decreased \$13,455.

Our Georgia Park's attendance based net sales increased by \$17,081 or 2.0%, while animal sales decreased by \$8,382. Our Missouri Park's attendance based net sales decreased by \$6,705 or 6.7%, and animal sales decreased by \$5,073.

For the three month period ended December 31, 2017, attendance at our Georgia Park was essentially flat, while attendance at our Missouri Park decreased by 8.6%. We believe attendance at each Park was negatively impacted by several significant weather events that caused unplanned closures during the three month period ended December 31, 2017.

Segment Operating Margin

Our consolidated segment operating margin decreased by \$125,752, resulting in segment income from operations of \$192,149 for the three month period ended December 31, 2017 compared to \$317,901 for the three month period ended January 1, 2017. Our Georgia Park's segment operating income was \$296,275, resulting in a decrease of \$95,285, principally as a result of higher insurance, compensation and advertising costs, and lower animal sales, partially offset by an increase in attendance based net sales. Our Missouri Park generated segment operating loss of \$104,126, a decrease of \$30,467, as a result of higher overall operating expenses, as well as lower attendance based net sales and lower animal sales.

Corporate Expenses and Other

Corporate spending decreased by \$37,335 to \$223,646 during the three month period ended December 31, 2017, primarily due to lower legal fees, partially offset by higher compensation expense.

Write-off of loan fees – prepayment

During the three month period ended December 31, 2017, the Company wrote-off \$12,495 of deferred loan fees associated with a \$300,000 prepayment against its Refinancing Loan.

Interest Expense

Interest expense for the three month period ended December 31, 2017 was \$47,860, a decrease of \$2,364 compared with the three month period ended January 1, 2017, primarily as a result of lower average term loan borrowing.

Income Taxes

On December 22, 2017, the Tax Cuts and Jobs Act (the “Tax Act”) was enacted into federal law, which includes significant changes to the U.S. corporate federal tax code. Among other changes, the Tax Act lowered the U.S. statutory corporate federal income tax rate from 35% to 21% effective January 1, 2018. As our 2018 fiscal year end falls on September 30, the U.S. statutory federal income tax rate for our 2018 fiscal year will be a blended rate of 24.5%, with the statutory rate of 21% applicable for our fiscal years beginning with 2019.

As of October 1, 2017, we had a net deferred tax asset of \$160,355, primarily associated with our remaining cumulative federal net operating loss carry-forward. For the three month period ended December 31, 2017, we recognized a one-time net deferred tax charge of \$66,855, of which \$36,595 was associated with the revaluation of our net deferred tax liability at the 2018 fiscal year blended tax rate. The remaining net deferred tax charge of \$30,260 was associated with a reassessment of our remaining cumulative federal net operating loss carry-forward.

For the three month period ended December 31, 2017, we reported a pre-tax loss of \$87,922. For the fiscal year ending September 30, 2018 we expect to generate pre-tax income and to record a tax provision at a blended effective federal and state income tax rate of approximately 29.2%. As such, we recorded a regular net tax benefit of \$19,900 for the three month period ended December 31, 2017.

Our remaining cumulative federal net operating loss carry-forward was approximately \$382,000 at October 1, 2017 and will expire beginning in the year 2026. For the fiscal year ending September 30, 2018 we expects to utilize all of our remaining federal net tax operating loss carry-forward to offset a portion of the regular federal cash tax due for our 2018 fiscal year.

For additional information, see “NOTE 8. INCOME TAXES” of the Notes to the Consolidated Financial Statements (Unaudited).

Net Income and Income Per Share

During the three month period ended December 31, 2017, we reported a net loss of \$134,877 or \$0.00 per basic share and per fully diluted share, compared to net income of \$5,227 or \$0.00 per basic share and per fully diluted share, for the three month period ended January 1, 2017, resulting in an decrease of \$140,104. Net income for the three month period ended December 31, 2017 included a one-time deferred tax charge of \$66,855. The primary drivers for the remaining \$73,249 decrease in net income for the quarter are a \$95,285 decrease in operating income for our Georgia Park, a \$30,467 decrease in the operating income for our Missouri Park, and the write-off of loan fees of \$12,495 associated with a partial prepayment against our term loan, partially offset by a \$37,335 decrease in Corporate spending, a \$23,200 decrease in our income tax provision, and a \$2,364 decrease in interest expense.

Financial Condition, Liquidity and Capital Resources

Financial Condition and Liquidity

Our primary sources of liquidity are cash generated by operations and borrowings under our loan agreements. Our slow season starts after Labor Day in September and runs until Spring Break, which typically begins toward the end of March. The first and second quarters of our fiscal year have historically generated negative cash flow, requiring us to borrow on a seasonal basis to fund operations and prepare our Parks for the busy season during the third and fourth quarters of our fiscal year. However, as a result of our improved cash position, during our 2017 fiscal year we did not utilize any seasonal borrowing and we do not anticipate utilizing any seasonal borrowing during our 2018 fiscal year.

We believe that our performance has improved to the point that annual cash flow from operations will be sufficient to fund operations, make debt-service payments and spend modestly on capital improvements in the near-term. During the next twelve months, our focus will continue on increasing Park attendance revenues. Any slowdown in revenue or unusual capital outlays may require us to seek additional capital.

Our working capital was \$2.73 million as of December 31, 2017, compared to \$3.14 million as of October 1, 2017. This decrease in working capital primarily reflects the use of \$300,000 in cash as a partial prepayment against our Refinancing Loan, as well as capital expenditures and scheduled payments on our term debt during the three months ended December 31, 2017.

Total loan debt, including current maturities, as of December 31, 2017 was \$2.78 million compared to \$3.10 million as of October 1, 2017. The decrease in total loan debt was a result of a \$300,000 prepayment made on December 13, 2017, as well as scheduled payments against our term loan during the three months ended December 31, 2017. There were no borrowings on our CB&T LOC as of December 31, 2017 and October 1, 2017, respectively.

As of December 31, 2017, we had equity of \$6.65 million and total loan debt of \$2.78 million, resulting in a debt to equity ratio of 0.42 to 1.0. Our debt to equity ratio was 0.46 to 1.0 as of October 1, 2017.

Operating Activities

Net cash used in operating activities was \$41,081 for the three month period ended December 31, 2017, compared to \$372,399 for the three month period ended January 1, 2017. Excluding the \$372,416 of restricted cash paid out for the Harper Judgment Award (as further described in PART II, ITEM 1. "LEGAL PROCEEDINGS" herein) during the three months ended January 1, 2017, cash flow provided used activities increased by \$41,098 during the three months ended December 31, 2017, primarily as a result of an increase in our net loss.

Investing Activities

During the three months ended December 31, 2017, we spent \$138,988 on capital improvements at our Parks, compared to \$141,552 spent on capital improvements during the three months ended January 1, 2017. The three month ended January 1, 2017 also included the one-time \$456,492 reduction in restricted cash associated with the payout of the Harper Judgment Award, as further described in PART II, ITEM 1. "LEGAL PROCEEDINGS" herein.

Financing Activities

Net cash used in financing activities was \$332,412 for the three month period ended December 31, 2017, compared to \$30,869 for the three month period ended January 1, 2017. During the three month period ended December 31, 2017, we made a \$300,000 prepayment against our term loan, all other payments during both periods reflect scheduled payments on our term loan.

Subsequent Events

See “NOTE 2. SIGNIFICANT ACCOUNTING POLICIES”, “NOTE 4. LONG TERM DEBT”, and “NOTE 8. INCOME TAXES” of the the Notes to the Consolidated Financial Statements (Unaudited).

ITEM 4. CONTROLS AND PROCEDURES

Parks! America, Inc. (the “Registrant”) maintains “controls and procedures,” as such term is defined under the Securities Exchange Act of 1934, as amended (“the Exchange Act”) in Rule 13a-15(e) promulgated thereunder, that are designed to ensure that information required to be disclosed in the Registrant’s Exchange Act filings is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms, and that such information is accumulated and communicated to management, including its principal executive officer and principal financial officer, as appropriate, to allow timely decisions regarding required disclosure. In designing and evaluating the

With the participation of its principal executive officer and principal financial officer of the Registrant, the Registrant's management has evaluated the effectiveness of the Registrant's disclosure controls and procedures (as defined in Rule 13a-15(e) promulgated under the Exchange Act) as of the end of the fiscal quarter covered by this Quarterly Report. Based upon the evaluation, the Registrant's principal executive officer and principal financial officer have concluded that the Registrant's disclosure controls and procedures were effective at a reasonable assurance level.

In addition, there were no changes in the Registrant's internal control over financial reporting (as defined in Rule 13a-15(e) promulgated under the Exchange Act) that occurred during the Registrant's fiscal quarter ended December 31, 2017 that have materially affected, or are reasonably likely to materially affect, the Registrant's internal control over financial reporting.

PART II

ITEM 1. LEGAL PROCEEDINGS

As of March 30, 2017, we entered into a settlement and release agreement (the “Eastland Settlement Agreement”) with Larry Eastland, the Company’s former President and CEO and certain parties affiliated with Mr. Eastland (collectively the “Eastland Defendants”) thereby bringing to a close litigation commenced by the Company in September of 2009 and identified as Parks! America, Inc. vs. Eastland; et al., Case No. 09-A-599668 in the Eighth Judicial District Court of the State of Nevada. Prior to that, in November of 2016, we reached a settlement with Stanley Harper and Computer Contact Service, Inc., an entity controlled by Mr. Harper (together the “Harper Defendants”) who were also defendants in that case. As a result, this litigation is terminated. The Harper Defendants received \$372,416, inclusive of additional attorney’s fees, costs and interest (the “Harper Judgment Award”), which was paid on November 8, 2016. The Eastland Defendants agreed to make a settlement payment to the Company of \$80,000 and assign 10,000 shares of the Company’s common stock, beneficially owned by one of the Eastland Defendants, to the Company (the “Settlement Shares”). Furthermore, we consented to the sale of 10,010,000 shares of common stock beneficially owned by the Eastland Defendants to Nicholas Parks (the “NP Transaction”). On April 20, 2017, the Company received the \$80,000 settlement payment and the Settlement Shares. A Stipulation and Order to Dismiss the Litigation with Prejudice was filed on April 24, 2017. As part of the NP Transaction, we entered into a Settlement Agreement and Release with Nicholas Parks, dated as of March 30, 2017 (the “NP Settlement Agreement”). As a result of the NP Transaction, Nicholas Parks holds shares representing approximately 13.4% of the outstanding common stock of the Company.

Except as described above, we are not a party to any pending legal proceeding, nor is its property the subject of a pending legal proceeding, that is not in the ordinary course of business or otherwise material to the financial condition of its business. None of our directors, officers or affiliates is involved in a proceeding adverse to its business or has a material interest adverse to its business.

ITEM 1A. RISK FACTORS

You should read the MD&A together with our unaudited consolidated financial statements and related notes, each included elsewhere in this Quarterly Report, in conjunction with the Parks! America, Inc. Annual Report on Form 10-K for the fiscal year ended October 1, 2017. Some of the information contained in the MD&A or set forth elsewhere in this Quarterly Report, including information with respect to our plans and strategies for our business, includes forward-looking statements that involve risks and uncertainties. You should review the "RISK FACTORS" below for a discussion of important factors that could cause actual results to differ materially from the results described in or implied by the forward-looking statements contained in this report. If any of the following risks actually occur, our business, financial condition and results of operations could be adversely affected.

Risk Factors Relating to Our Business:

The Theme Park Industry is highly competitive and we may be unable to compete effectively.

The theme park industry is highly competitive, highly fragmented, rapidly evolving, and subject to technological change and intense marketing by providers with similar products. One of our competitors for attracting general recreation dollars, Callaway Gardens, is located within five miles of our Georgia Park. In May 2018, Great Wolf Resorts is scheduled to open an expansive lodge and indoor waterpark within 10 miles of our Georgia Park. In September 2017, the founder of Bass Pro Shops opened “Johnny Morris’ Wonders of Wildlife National Museum and Aquarium”, approximately 12 miles from our Missouri Park in Springfield, Missouri. Branson, Missouri is located just 45 minutes from our Missouri Park. Many of our current competitors are significantly larger and have substantially greater market presence as well as greater financial, technical, operational, marketing and other resources and experience than we have. In the event that such a competitor expends significant sales and marketing resources in one or several markets we may not be able to compete successfully in such markets. We believe that competition will continue to increase, potentially placing downward pressure on prices. Such pressure could adversely affect our gross margins if we are not able to reduce costs commensurate with such price reductions. In addition, the pace of technological change makes it impossible for us to predict whether we will face new competitors using different technologies to provide the same or similar products offered or proposed to be offered by us. If our competitors were to provide better and more cost effective products, our business could be materially and adversely affected.

We face strong competition from numerous entertainment alternatives.

In addition to competing with other themed and amusement parks, our venues compete with other types of recreational venues and entertainment alternatives, including but not limited to movies, sports attractions, vacation travel and video games. There can be no assurance that we will successfully differentiate ourselves from these entertainment alternatives or that consumers will consider our entertainment offerings to be more appealing than those of our competitors. The increasing availability and quality of technology-based entertainment has provided families with a wider selection of entertainment alternatives in their homes, including home entertainment units, in-home and online gaming, as well as on-demand streaming video and related access to various forms of entertainment. In addition, traditional theme parks have been able to reduce the cost and increase the variety of their attractions by implementing technologies that cannot be readily incorporated by wild animal attractions such as our Georgia and Missouri Parks.

The suspension or termination of any of our business licenses may have a negative impact on our business.

We maintain a variety of business licenses issued by federal, state and local government agencies that are required to be renewed periodically. We cannot guarantee that we will be successful in renewing all of our licenses on a periodic basis. The suspension, termination or expiration of one or more of these licenses could have a significant adverse affect on our revenues and profits. In addition, any changes to the licensing requirements for any of our licenses could affect our ability to maintain the licenses.

Our insurance coverage may not be adequate to cover all possible losses that we could suffer, and our insurance costs may increase.

Companies engaged in the theme park business may be sued for substantial damages in the event of an actual or alleged accident. An accident occurring at our Parks or at competing parks may reduce attendance, increase insurance premiums, and negatively impact our operating results. Our properties contain drive-through, safari style animal parks, and there are inherent risks associated with allowing the public to interact with animals. Although we carry liability insurance to cover this risk, there can be no assurance that our coverage will be adequate to cover liabilities, or that we will be able to afford or obtain adequate coverage should a catastrophic incident occur.

We currently have \$5.0 million of liability insurance per occurrence and in aggregate, per Park. We will continue to use reasonable commercial efforts to maintain policies of liability, fire and casualty insurance sufficient to provide reasonable coverage for risks arising from accidents, fire, weather, other acts of God, and other potential casualties. There can be no assurance that we will be able to obtain adequate levels of insurance to protect against suits and judgments in connection with accidents or other disasters that may occur in our Parks.

We may not identify or complete acquisitions in a timely, cost-effective manner, if at all.

Our business plan includes expansion via the acquisition of additional local or regional theme parks and attractions, if attractive opportunities arise. However, we have not made an acquisition since 2008 and there can be no assurance that we will be successful in acquiring and operating additional local or regional theme parks and attractions. Competition for acquisition opportunities in the theme park industry is intense as there are a limited number of parks within the United States that could reasonably qualify as acquisition targets for us. Our acquisition strategy is dependent upon, among other things, our ability to: identify acquisition opportunities; obtain debt and equity financing; and obtain necessary regulatory approvals. Our ability to pursue our acquisition strategy may be hindered if we are not able to successfully identify acquisition targets or obtain the necessary financing or regulatory approvals, including but not limited to those arising under federal and state antitrust and environmental laws.

Significant amounts of additional financing may be necessary for the implementation of our Business Plan.

The Company may require additional debt and equity financing to pursue its business plan. There can be no assurance that we will be successful in obtaining additional financing. Lack of additional funding could force us to substantially curtail our expansion plans. Furthermore, the issuance by the Company of any additional securities would dilute the ownership of existing stockholders and may affect the price of our common stock.

Our ownership of real property subjects us to environmental regulation, which creates uncertainty regarding future environmental expenditures and liabilities.

We may be required to incur costs to comply with environmental requirements, such as those relating to discharges to air, water and land; the handling and disposal of solid and hazardous waste; and the cleanup of properties affected by hazardous substances. Under these and other environmental requirements we may be required to investigate and clean up hazardous or toxic substances or chemical releases at one of our properties. As an owner or operator, we could also be held responsible to a governmental entity or third party for property damage, personal injury and investigation and cleanup costs incurred by them in connection with any contamination. Environmental laws typically impose cleanup responsibility and liability without regard to whether the owner or operator knew of or caused the presence of the contaminants. The liability under environmental laws has been interpreted to be joint and several unless the harm is divisible and there is a reasonable basis for allocation of the responsibility. The costs of investigation, remediation or removal of those substances may be substantial, and the presence of those substances, or the failure to remediate a property properly, may impair our ability to use our property. We are not currently aware of any material environmental risks regarding our properties. However, we may be required to incur costs to remediate potential environmental hazards or to mitigate environmental risks in the future.

We are dependent upon the services of our Executive Officers and consultants.

Our success is heavily dependent on the continued active participation of our executive officers. Loss of the services of one or more of these officers could have a material adverse effect upon our business, financial condition or results of operations. In particular, we place substantial reliance upon the efforts and abilities of Dale Van Voorhis, Chairman of the Board of Directors and Chief Executive Officer of the Company and James Meikle, Chief Operating Officer and a Director of the Company, and President of Wild Animal – Georgia and Wild Animal – Missouri. The loss of Mr. Van Voorhis or Mr. Meikle's services could have an adverse effect on our business, operations, revenues or prospects.

Further, our success and achievement of our growth plans depend on our ability to recruit, hire, train and retain other highly qualified technical and managerial personnel. Competition for qualified employees among companies in the theme park industry is intense, and the loss of any such persons, or an inability to attract, retain and motivate any additional highly skilled employees required for the expansion of the Company's activities, could have a materially adverse effect on the Company. The inability of the Company to attract and retain the necessary personnel, and consultants and advisors could have a material adverse effect on the Company's business, financial condition or results of operations.

Our common stock is considered a "penny stock" and the sale of our stock by you will be subject to the "penny stock rules" of the SEC. Any future determination as to the payment of dividends on our common stock will be at the discretion of our Board of Directors and will depend on our earnings, operating and financial condition, capital requirements and other factors deemed relevant by our Board of Directors. The provisions of credit agreements, which we may enter into from time to time, may also restrict the declaration of dividends on our common stock.
