On November 8, 2015, FGL, Anbang Insurance Group Co., Ltd. (“Anbang”), AB Infinity Holding, Inc., a wholly owned subsidiary of Anbang (“AB Infinity”), and AB Merger Sub, Inc., a wholly-owned subsidiary of AB Infinity (“Merger Sub”), entered into the Agreement and Plan of Merger (the “FGL Merger Agreement” and such merger, the “FGL Merger”). Pursuant to the FGL Merger Agreement and subject to the terms and conditions set forth therein, Merger Sub will merge with and into FGL, with FGL continuing as the surviving entity, which will become a direct, wholly-owned subsidiary of AB Infinity and an indirect, wholly-owned subsidiary of Anbang. Pursuant to the FGL Merger Agreement, at the effective time of the FGL Merger, each issued and outstanding share of FGL common stock will be cancelled and converted automatically into the right to receive \$26.80 in cash, without interest, other than any shares of common stock owned by FGL as treasury stock or otherwise or owned by Anbang, AB Infinity or Merger Sub (which will be cancelled and no payment will be made with respect thereto), shares of common stock granted pursuant to FGL’s equity plans and those shares of common stock with respect to which appraisal rights under Delaware law are properly exercised and not withdrawn. At closing, proceeds from the transaction, which were approximately \$147.5 million, less estimated expenses of \$1.9 million, were used primarily to reduce borrowings under Compass Energy’s existing credit facility. Following the closing, pursuant to the terms of the Purchase Agreement, Compass received an additional \$4.2 million in connection with resolving certain title and consent matters.

billion, including trade payables. As of September 30, 2015, the total liabilities of FGL were approximately \$23.4 billion, including approximately \$17.8 billion in annuity contractholder funds, approximately \$3.5 billion in future policy benefits and approximately \$300.0 million of indebtedness under FGH's 6.375% Senior Notes due 2021 (the "FGH Notes"). As of September 30, 2015, the total liabilities of HAMCO were approximately \$1.4 million and were approximately \$379.4 million when consolidated with the Asset Managers. As of September 30, 2015, the total liabilities of HGI Energy were approximately \$502.0 million. As a result of HRG's holding company structure, claims of creditors of HRG's subsidiaries will generally have priority as to the assets of HRG's subsidiaries over claims of HRG and over claims of the holders of HRG's indebtedness, including the 2022 exchange notes.

As of September 30, 2015, our total liabilities on an unconsolidated and consolidated basis were \$1.8 billion and \$30.7 billion, respectively.

Certain Covenants

The 2022 notes indenture contains covenants, subject to specified exceptions, limiting our ability and, in certain cases, our subsidiaries' ability to:

- incur additional indebtedness;

- create liens or engage in sale and leaseback transactions;
- pay dividends or make distributions in respect of capital stock;
- make certain restricted payments;
- sell assets;
- engage in certain transactions with affiliates, except on an arms'-length basis; or
- consolidate or merge with, or sell substantially all of our assets to, another person.

We are also required to maintain compliance with a minimum liquidity covenant. You should read “Description of 2022 Notes—Certain Covenants” for a description of these covenants.

Use of Proceeds

We will not receive any proceeds from the issuance of the 2022 exchange notes. We are making this exchange offer solely to satisfy our obligations under the 2022 Registration Rights Agreement. See “Use of Proceeds.”

Limited Public Market for the Exchange Notes

The 2022 exchange notes will be issued as part of the same class as 2022 notes previously issued under the 2022 notes indenture, but the trading market for the 2022 exchange notes is expected to be limited. We cannot assure you that the market for the 2022 exchange notes will be liquid. Please refer to the section of this prospectus entitled “Risk Factors—Risks Related to the Exchange Offer—There is a limited trading market for the exchange notes.”

Form of the Exchange Notes

The 2022 exchange notes will be represented by one or more permanent global securities in registered form deposited on behalf of The Depository Trust Company (“DTC”) with Wells Fargo Bank, National Association, as custodian. ## RISK FACTORS

Before investing in the notes, you should carefully consider the risk factors discussed below and the risk factors incorporated by reference into this prospectus. See “Incorporation of Documents by Reference.” Any of these risk factors could materially and adversely affect our or our subsidiaries’ business, financial condition and results of operations. These risk factors are not the only risks that we or our subsidiaries may face. Additional risks and uncertainties not presently known to us or our subsidiaries or that are not currently believed to be material also may adversely affect us or our subsidiaries. These risk factors may be amended, supplemented or superseded from time to time in supplements to this prospectus and by other reports we file with the SEC in the future.

### Risks Related to the Notes

We are a holding company and our only material assets are our equity interests in our operating subsidiaries and our other investments; as a result, our principal source of revenue and cash flow is distributions from our subsidiaries; our subsidiaries may be limited by law and by contract in making distributions to us.

As a holding company, our only material assets are our cash on hand, the equity interests in our subsidiaries and other investments. As of September 30, 2015, excluding cash, cash equivalents and investments held by our subsidiaries, we had approximately \$331.3 million in cash, cash equivalents and investments, which includes \$33.2 million held by our wholly-owned subsidiary, HGI Funding. Our principal source of revenue and cash flow is distributions from our subsidiaries. Thus, our ability to service our debt, finance acquisitions and pay dividends to our stockholders in the future is dependent on the ability of our subsidiaries to generate sufficient net income and cash flows to make upstream cash distributions to us. Our subsidiaries are and will continue to be separate legal entities, and although they may be wholly-owned or controlled by us, they have no obligation to make any funds available to us, whether in the form of loans, dividends, distributions or otherwise. The boards of directors of our subsidiaries may consider a range of factors and consider their stockholders’ constituencies (including public stockholders) as a whole when making decisions about dividends or other payments. The ability of our subsidiaries to distribute cash to us will also be subject to, among other things, restrictions that are contained in our subsidiaries’ financing agreements, availability of sufficient funds in such subsidiaries and applicable state laws and regulatory restrictions. Claims of creditors of our subsidiaries generally will have priority as to the assets of such subsidiaries over our claims and claims of our creditors and stockholders. To the extent the ability of our subsidiaries to distribute dividends or other payments to us could be limited in any way, our liquidity and ability to grow, pursue business opportunities or make acquisitions that could be beneficial to our businesses, or otherwise fund and conduct our business could be materially limited.

As an example, our subsidiary Spectrum Brands is a holding company with limited business operations of its own and its main assets are the capital stock of its subsidiaries, principally SBI. The terms of SBI’s indebtedness may limit its ability to pay dividends to Spectrum Brands and to us. See Part I, Item IA. “Risk Factors—Risks Related to Spectrum Brands’ Business—Spectrum Brands’ substantial indebtedness may limit its financial and operating flexibility, and Spectrum Brands may incur additional debt, which could increase the risks associated with its substantial indebtedness.” and Part I, Item IA. “Risk Factors—Risks Related to Spectrum Brands’ Business—Restrictive covenants in the SBI Senior Secured Facilities and the SBI Indentures may restrict SBI’s ability to pursue its business strategies.” contained in our 2015 Annual Report.

Our subsidiary, FGL, is also a holding company with limited business operations of its own. Its main assets are the capital stock of its subsidiaries, which are principally regulated insurance companies, whose ability to pay dividends is limited by applicable insurance laws. Accordingly, FGL’s payment of dividends is dependent, to a significant extent, on the generation of cash flow by its subsidiaries and their ability to make such cash available to FGL, by dividend or otherwise. FGL’s subsidiaries may not be able to, or may not be permitted to, make distributions to enable FGL to meet its obligations and pay dividends. Each subsidiary is a distinct legal entity and legal and contractual restrictions may also limit FGL’s ability to obtain cash from its subsidiaries. See Part I, Item 1. “Business—Our Operating Subsidiaries—FGL—Regulation—Financial Regulation—Dividend and Other Distribution Payment Limitations” and Part I, Item IA. “Risk Factors—Risks Related to FGL’s and Front Street’s Businesses—The agreements and instruments governing FGL’s debt contain significant operating and financial restrictions, which may prevent FGL from capitalizing on business opportunities.” in our 2015 Annual Report. As discussed in our 2015 Annual Report, while the agreements

governing the FGL Merger permit FGL to pay a regular quarterly cash dividend on its common stock in an amount not in excess of \$0.065 per share, per quarter, FGL may not pay any other dividends without the consent of Anbang. In addition, if the FGL Merger is consummated, while we will receive the proceeds from the sale of our shares of FGL common stock, we will no longer receive dividends from FGL.

Additionally, the terms of Compass' indebtedness and recent declines in oil and gas prices may continue to adversely affect Compass' cash flow, may further limit Compass' business operations, may prevent Compass from remaining in compliance with the covenants in its credit facility agreement, and/or further limit Compass' ability to pay distributions to us. Compass may also require additional equity infusions or other support in the near or long term future. In November 2015, HGI Funding provided a limited guaranty with respect to a portion of Compass' indebtedness. HGI Funding's limited guaranty may not be sufficient credit support for the operations of Compass, to maintain Compass' compliance with the covenants in its credit facility agreement and/

or HGI Funding may decide to withdraw (to the extent it may do so under the guaranty documents) or not to provide any other forms of credit support to Compass in the future. See Part I, Item 1A. “Risk Factors—Risks Related to Compass’ Business—Compass has a substantial amount of indebtedness, which may adversely affect its cash flow and ability to operate its business, remain in compliance with debt covenants and make payments on its debt and distributions to us. HGI Funding has provided credit support for such indebtedness in the past but may choose not to do so in the future.” contained in our 2015 Annual Report.

In addition, our liquidity and ability to pursue business opportunities may be impacted by the capital needs of our subsidiaries. Such entities may require additional capital to operate, maintain or grow their businesses, make payments on their indebtedness or other commitments, and/or make upstream cash distributions. For example, given the recent declines in oil and gas prices, Compass may require capital contributions if current period earnings and cash on hand at Compass are not sufficient to reduce debt levels and remain compliant with applicable covenants in Compass’ financing agreement. As another example, Front Street will require additional capital in order to engage in reinsurance transactions, and may require additional capital to operate or maintain its business or meet regulatory capital requirements.

Furthermore, these restrictions on our subsidiaries ability to pay dividends or distributions may limit our ability to incur additional indebtedness or refinance our existing indebtedness in the future as well. Our ability to refinance our indebtedness will depend on our ability to generate future cash flow, and we are dependent on our subsidiaries’ ability to pay dividends or pay distributions to us in order for us to generate cash flow.

We may and our subsidiaries may incur substantially more indebtedness. This could exacerbate the risks associated with our leverage.

Subject to the limitations set forth in the indentures and terms of our other agreements, we and our subsidiaries may incur additional indebtedness (including secured obligations and additional first-lien obligations) in the future. If we incur any additional indebtedness that ranks equally with the 2022 notes, the holders of that indebtedness will be entitled to share ratably with the holders of the 2022 notes in any proceeds distributed in connection with any insolvency, liquidation, reorganization, dissolution or other winding-up of us. If we incur additional secured indebtedness, the holders of such indebtedness will be effectively senior to the holders of the 2022 notes to the extent of the value of the collateral securing such indebtedness. This may have the effect of reducing the amount of proceeds paid to holders of the 2022 notes. Additionally, if our subsidiaries incur additional debt, the 2022 notes will be structurally subordinated to such debt.

Similarly, if we incur any additional indebtedness that ranks equally with the 2019 notes, the holders of that indebtedness will be entitled to share ratably with the holders of the 2019 notes in any proceeds distributed in connection with any insolvency, liquidation, reorganization, dissolution or other winding-up of us. If we incur additional secured indebtedness, the holders of such indebtedness will share in the collateral securing the 2019 notes. If new indebtedness is added to our current levels of indebtedness, the related risks that we now face, including our possible inability to service our debt, could intensify.

We may be unable to repurchase the notes upon a change of control, as required by the indentures.

Under the indentures, each holder of notes may require us to repurchase all of such holder’s notes at a purchase price equal to 101% of the principal amount thereof, plus accrued and unpaid interest, if certain “change of control” events occur. However, it is possible that we will not have sufficient funds when required under the indentures to make the required repurchase of the notes. If we fail to repurchase notes in that circumstance, we will be in default under the indentures. If we are required to repurchase a significant portion of the notes, we may require third party financing as such funds may otherwise only be available to us through a distribution by our subsidiaries to us. We cannot be sure that we would be able to obtain third-party financing on acceptable terms, or at all, or obtain such funds through distributions from our subsidiaries.

Fraudulent transfer statutes may limit your rights as a holder of the notes.

Federal and state fraudulent transfer laws as previously interpreted by various courts permit a court, if it makes certain findings, to:

- avoid all or a portion of our obligations to holders of the notes;

-

subordinate our obligations to holders of the notes to our other existing and future creditors, entitling such creditors to be paid in full before any payment is made on the notes; and

take other action detrimental to holders of the notes, including invalidating the notes.

In that event, we cannot assure you that you would ever be repaid. There is also no assurance that amounts previously paid to you pursuant to the notes or guarantees (if any) would not be subject to return.

Under federal and state fraudulent transfer laws, in order to take any of those actions, courts will typically need to find that we or the guarantors (if any) received less than fair consideration or reasonably equivalent value for incurring the indebtedness represented by the notes, and at the time the notes were issued:

were insolvent or were rendered insolvent by reason of the issuance of the notes;

were engaged, or were about to engage, in a business or transaction for which our capital was unreasonably small;

intended to incur, or believed or should have believed we would incur, indebtedness beyond our ability to pay as such indebtedness matures; or

were a defendant in an action for money damages, or had a judgment for money damages docketed against us or such guarantor if, in either case, after final judgment, the judgment was unsatisfied.

A court may also void an issuance of notes, a guarantee or grant of security, without regard to the above factors, if the court found that we issued the notes or the guarantors (if any) entered into their respective guaranty with actual intent to hinder, delay or defraud current or future creditors.

Many of the foregoing terms are defined in or interpreted under those fraudulent transfer statutes and as judicially interpreted. A court could find that we did not receive fair consideration or reasonably equivalent value for the incurrence of the indebtedness represented by the notes.

The measure of insolvency for purposes of the foregoing considerations will vary depending on the law of the jurisdiction that is being applied in any such proceeding. Generally, a company would be considered insolvent if, at the time it incurred the indebtedness:

the sum of its indebtedness (including contingent liabilities) is greater than its assets, at fair valuation;

the present fair saleable value of its assets is less than the amount required to pay the probable liability on its total existing indebtedness and liabilities (including contingent liabilities) as they become absolute and matured; or

it could not pay its debts as they became due.

We cannot assure you of the standard a court would apply in determining our solvency and whether it would conclude that we were solvent when we incurred our obligations under the notes.

In addition, although we do not expect there to be any guarantee of the notes, it should be noted that any such guarantee (if any) may be subject to review under various laws for the protection of creditors. A court would likely find that we or a guarantor did not receive reasonably equivalent value or fair consideration for the notes or the guarantees, respectively, if we or a guarantor did not substantially benefit directly from the issuance of the notes. If a court were to void an issuance of the notes or the guarantees, you would no longer have a claim against us or the guarantors. Sufficient funds to repay the notes may not be available from other sources, including the remaining guarantors, if any. In addition, the court might direct you to repay any amounts that you already received from us or the guarantors. In addition, any payment by us pursuant to the notes made at a time we were found to be insolvent could be voided and required to be returned to us or to a fund for the benefit of our creditors if such payment is made to an insider within a one-year period prior to a bankruptcy filing or within 90 days for any outside party and such payment would give the creditors more than such creditors would have received in a distribution under the bankruptcy code.

Changes in credit ratings issued by nationally recognized statistical ratings organizations could adversely affect our cost of financing and the market price of our securities, including the notes.

Credit rating agencies rate our debt securities and our subsidiaries' debt securities on factors that include our operating results, actions that we take, their view of the general outlook for our industry and their view of the general outlook for the economy. Actions taken by the rating agencies can include maintaining, upgrading, or downgrading the current rating or placing us or our subsidiaries on a watch list for possible future downgrading. Downgrading the credit rating of our debt securities or our subsidiaries' debt securities or placing us or our subsidiaries on a watch list for possible future downgrading would likely increase our cost of financing, limit our access to the capital markets and have an adverse effect on the market price of our securities, including the notes offered hereby.

#### Risks Related to the 2022 Notes

The 2022 notes are structurally subordinated to all liabilities of our subsidiaries and are effectively subordinated to HRG's existing and future secured debt to the extent of the value of the collateral securing such debt.

The 2022 notes are our senior unsecured obligations. The 2022 notes are not, and are not expected to be, guaranteed by any of our current or future subsidiaries. As a result of our holding company structure, claims of creditors of our subsidiaries will generally have priority as to the assets of our subsidiaries over our claims and over claims of the holders of our indebtedness, including the 2022 notes. As of September 30, 2015, the total liabilities of Spectrum Brands were approximately \$5.7 billion, including trade payables. As of September 30, 2015, the total liabilities of

FGL were approximately \$23.4 billion, including approximately \$17.8 billion in annuity contractholder funds, approximately \$3.5 billion in future policy benefits and approximately \$300.0 million of indebtedness under the FGH Notes. As of September 30, 2015, the total liabilities of HAMCO were approximately \$1.4 million and were approximately \$379.4 million when consolidated with the Asset Managers. As of September 30, 2015, the total liabilities of HGI Energy were approximately \$502.0 million.

The creditors of our subsidiaries have direct claims on the subsidiaries and their assets and the claims of holders of the 2022 notes are “structurally subordinated” to any existing and future liabilities of our subsidiaries. This means that the creditors of our subsidiaries have priority in their claims on the assets of the subsidiaries over our creditors, including the 2022 noteholders. All of our consolidated liabilities are obligations of our subsidiaries and are effectively senior to the 2022 notes.

As a result, upon any distribution to the creditors of any subsidiary in bankruptcy, liquidation, reorganization or similar proceedings, or following acceleration of our indebtedness or an event of default under such indebtedness, the lenders or noteholders, as the case may be, of the indebtedness of our subsidiaries will be entitled to be repaid in full by such subsidiaries before any payment is made to HRG. The 2022 notes indenture does not restrict the ability of our subsidiaries to incur additional indebtedness or grant liens secured by assets of our subsidiaries.

The 2022 notes are not secured by any of our assets. The 2022 notes are therefore effectively subordinated to HRG's secured indebtedness, including the 2019 notes, to the extent of the value of the collateral securing such indebtedness. As of September 30, 2015, HRG had \$864.4 million of secured indebtedness outstanding.

Further, we may incur future indebtedness, some of which may be secured by liens on our assets, to the extent permitted by the 2022 notes indenture and the terms of our other agreements, including the 2019 notes indenture. In any of the foregoing events, we cannot assure you that there will be sufficient assets to pay amounts due on the 2022 notes. Holders of the 2022 notes will participate ratably with all holders of our senior unsecured indebtedness and potentially with all of our general creditors.

#### Risks Related to the 2019 Notes

The 2019 notes are structurally subordinated to all liabilities of our subsidiaries.

The 2019 notes are our senior secured obligations, secured on a first-lien basis by a pledge of substantially all of our assets, including our equity interests in our directly held subsidiaries and all cash and investment securities owned by us. The 2019 notes are not, and are not expected to be, guaranteed by any of our current or future subsidiaries. As a result of our holding company structure, claims of creditors of our subsidiaries will generally have priority as to the assets of our subsidiaries over our claims and over claims of the holders of our indebtedness, including the 2019 notes.

As of September 30, 2015, the total liabilities of Spectrum Brands were approximately \$5.7 billion, including trade payables. As of September 30, 2015, the total liabilities of FGL were approximately \$23.4 billion, including approximately \$17.8 billion in annuity contractholder funds, approximately \$3.5 billion in future policy benefits and approximately \$300.0 million of indebtedness under the FGH Notes. As of September 30, 2015, the total liabilities of HAMCO were approximately \$1.4 million and were approximately \$379.4 million when consolidated with the Asset Managers. As of September 30, 2015, the total liabilities of HGI Energy were approximately \$502.0 million.

The creditors of our subsidiaries have direct claims on the subsidiaries and their assets and the claims of holders of the 2019 notes are "structurally subordinated" to any existing and future liabilities of our subsidiaries. This means that the creditors of our subsidiaries have priority in their claims on the assets of the subsidiaries over our creditors, including the 2019 noteholders. All of our consolidated liabilities, other than our 2022 notes, are obligations of our subsidiaries and are effectively senior to the 2019 notes.

As a result, upon any distribution to the creditors of any subsidiary in bankruptcy, liquidation, reorganization or similar proceedings, or following acceleration of our indebtedness or an event of default under such indebtedness, the lenders or noteholders, as the case may be, of the indebtedness of our subsidiaries will be entitled to be repaid in full by such subsidiaries before any payment is made to HRG. The 2019 notes indenture does not restrict the ability of our subsidiaries to incur additional indebtedness or grant liens secured by assets of our subsidiaries. Further, we may incur future indebtedness, some of which may be secured by liens on the collateral securing the 2019 notes, to the extent permitted by the 2019 notes indenture. In any of the foregoing events, we cannot assure you that there will be sufficient assets to pay amounts due on the 2019 notes. Holders of the 2019 notes will participate ratably with all holders of our senior secured indebtedness secured by the collateral, including the 2019 notes already outstanding, to the extent of the value of the collateral and potentially with all of our general creditors.

The ability of the collateral agent to foreclose on the equity of our subsidiaries may be limited.

The majority of the collateral for our obligations under the 2019 notes is a pledge of our equity interests in our current and future directly held subsidiaries. There can be no assurance of the collateral agent's ability to liquidate in an orderly manner our equity interests in our directly held subsidiaries following its exercise of remedies with respect to the collateral. None of our direct subsidiaries, other than Spectrum Brands, is publicly traded. If the collateral agent is required to exercise remedies and foreclose on the stock of Spectrum Brands pledged as collateral, it will have the right to require Spectrum Brands to file and have declared effective a shelf registration statement permitting resales of

such stock. However, Spectrum Brands may not be able to cause such shelf registration statement to become effective or stay effective. The collateral agent's ability to sell Spectrum Brands' stock without a registration statement may be limited by, among other things, the securities laws, because such stock is "control" stock that was issued in a private placement, and by the terms of the Spectrum Brands Stockholder Agreement. Similar limitations could limit the ability of the collateral agent to dispose of the equity interests of FGL held by FS Holdco II Ltd.

As the indirect parent company of Fidelity & Guaranty Life Insurance Company ("FGL Insurance") and Fidelity & Guaranty Life Insurance Company of New York ("FGL NY Insurance"), FGL and entities affiliated for purposes of insurance regulations are subject to the insurance holding company laws of Iowa and New York. Most states, including Iowa and New York, have insurance laws that require regulatory approval of a direct or indirect change of control of an insurer or an insurer's holding company. As a

result, the ability of the collateral agent to foreclose upon the equity of FS Holdco II Ltd. or dispose of such equity will be limited by applicable insurance laws.

The right and ability of the collateral agent to foreclose upon the equity of our subsidiaries upon the occurrence of an event of default is likely to be significantly impaired by applicable bankruptcy law if a bankruptcy proceeding were to be commenced by or against us or a subsidiary of ours prior to the collateral agent having foreclosed upon and sold the equity. Under applicable bankruptcy law, a secured creditor such as the collateral agent may be prohibited from foreclosing upon its security from a debtor in a bankruptcy case or from disposing of security repossessed from such debtor without bankruptcy court approval, which may not be given.

Moreover, the U.S. Bankruptcy Code (the "Bankruptcy Code") may preclude the secured party from obtaining relief from the automatic stay in order to foreclose upon the equity if the debtor provides "adequate protection." The meaning of the term adequate protection varies according to circumstances, but it is generally intended to protect the value of the secured creditor's interest in the collateral from any diminution in the value of the collateral as a result of the stay of repossession or the disposition or any use of the collateral by the debtor during the pendency of the bankruptcy case and may include, if approved by the court, cash payments or the granting of additional security. A bankruptcy court may determine that a secured creditor may not require compensation for a diminution in the value of its collateral if the value of the collateral exceeds the debt it secures.

In view of the lack of a precise definition of the term "adequate protection" and the broad discretionary powers of a bankruptcy court, it is impossible to predict how long payments under the 2019 notes could be delayed following commencement of a bankruptcy case, whether or when the collateral agent could repossess or dispose of the collateral, the value of the collateral at the time of the bankruptcy filing, or whether or to what extent holders of the 2019 notes would be compensated for any delay in payment or diminution in the value of the collateral. The holders of the 2019 notes may receive in exchange for their claims a recovery that could be substantially less than the amount of their claims (potentially even nothing) and any such recovery could be in the form of cash, new debt instruments or some other security. Furthermore, in the event the bankruptcy court determines that the value of the collateral is not sufficient to repay all amounts due on the 2019 notes, the holders of the 2019 notes would have an "undersecured claim," which means that they would have a secured claim to the extent of the value of the collateral and an unsecured claim for the difference. Applicable federal bankruptcy laws do not permit the payment or accrual of post-petition interest, costs and attorneys' fees for undersecured claims during the debtor's bankruptcy case.

If any of our subsidiaries commenced, or had commenced against it, a bankruptcy proceeding (but we had not commenced a bankruptcy proceeding), the plan of reorganization of such subsidiary could result in the cancellation of our equity interests in such subsidiary and the issuance of the equity in the subsidiary to the creditors of such subsidiary in satisfaction of their claims. At any time, a majority of the assets of our directly held subsidiaries can be pledged to secure indebtedness or other obligations of the subsidiary. For example, SBI has pledged the stock of certain of its subsidiaries to secure the indebtedness under SBI's secured indebtedness. In a bankruptcy or liquidation, 2019 noteholders will only receive value from the equity interests pledged to secure the 2019 notes after payment of all debt obligations of our other subsidiaries that do not guarantee the 2019 notes.

As a result of the foregoing, the collateral agent's ability to exercise remedies and foreclose on our equity interests in our directly held subsidiaries may be limited.

Foreclosure on the stock of our subsidiaries pledged as collateral could constitute a change of control under the agreements governing our subsidiaries' debt or other obligations.

If the collateral agent were to exercise remedies and foreclose on a sufficient amount of the stock of Spectrum Brands pledged as collateral for the 2019 notes, the foreclosure could constitute a change of control under the certain agreements governing SBI's debt. Under SBI's Senior Credit Agreement, a change of control is an event of default and, if a change of control were to occur, SBI would be required to get an amendment to this agreement to avoid a default. If SBI were unable to get such an amendment, the lenders could accelerate the maturity of the Senior Credit Agreement. The documents governing certain of our subsidiaries' indebtedness contain a change of control provision. In addition, under the indentures governing SBI's 6.375% Senior Notes due 2020, 6.625% Senior Notes due 2022, 6.125% Senior Notes due 2024 and 5.75% Senior Notes due 2025 and the indenture governing the FGH Notes, upon a change of control, SBI or FGH, as applicable, is required to offer to repurchase such notes from the holders at a price

equal to 101% of the principal amount of the notes plus accrued and unpaid interest. If SBI or FGH were unable to make the change of control offer, it would be an event of default under the applicable indenture that could allow holders of such notes to accelerate the maturity of those notes. In the event the lenders under the SBI loan agreements or holders of SBI's notes exercised remedies in connection with a default, their claims to SBI's assets would have priority over any claims of the holders of the 2019 notes. Additionally, in the event the holders of the FGH Notes exercised remedies in connection with a default, their claims to FGL's assets would have priority over any claims of the holders of the 2019 notes.

Our current and future subsidiaries could also incur debt with similar features in the future.

Perfection of security interests in some of the collateral may not occur and, as such, holders of the 2019 notes may lose the benefit of such security interests to the extent a default should occur prior to such perfection or if such security interest is

perfected during the period immediately preceding our bankruptcy or insolvency or the bankruptcy or insolvency of any guarantor.

Under the terms of the 2019 notes indenture, if any collateral is not automatically subject to a perfected security interest, then, promptly after the acquisition of such collateral, we will be required to provide security over such collateral. However, perfection of such security interests may not occur immediately. If a default should occur prior to the perfection of such security interests, holders of the 2019 notes may not benefit from such security interests. In addition, if perfection of such security interests were to occur during a period shortly preceding our bankruptcy or insolvency or the bankruptcy or insolvency of any guarantor (if any), such security interests may be subject to categorization as a preference and holders of the 2019 notes may lose the benefit of such security interests. In addition, applicable law requires that a security interest in certain tangible and intangible assets can only be properly perfected and its priority retained through certain actions undertaken by the secured party. The liens in the collateral securing the 2019 notes may not be perfected with respect to the claims of the 2019 notes if the collateral agent is not able to take the actions necessary to perfect any of these liens. The trustee or the collateral agent may not monitor, or we may not inform the trustee or the collateral agent of, the future acquisition of property and rights that constitute collateral, and necessary action may not be taken to properly perfect the security interest in such after-acquired collateral. Neither the trustee nor the collateral agent has an obligation to monitor the acquisition of additional property or rights that constitute collateral or the perfection of any security interest in favor of the 2019 notes against third parties. Such failure may result in the loss of the security interest therein or the priority of the security interest in favor of the 2019 notes against third parties.

There are circumstances other than repayment or discharge of the 2019 notes under which the collateral securing the notes will be released automatically, without your consent or the consent of the trustee.

Under various circumstances, collateral securing the 2019 notes and guarantees, if any, will be released automatically, including:

• upon payment in full of the principal, interest and all other obligations on the 2019 notes or a discharge or defeasance thereof;

• with respect to collateral held by a guarantor (if any), upon the release of such guarantor from its guarantee; and a disposition of such collateral to any person other than to us or a guarantor in a transaction that is permitted by the 2019 notes indenture; provided that, except in the case of any disposition of cash equivalents in the ordinary course of business, upon such disposition and after giving effect thereto, no default shall have occurred and be continuing, and we would be in compliance with the covenants set forth under “Description of 2019 Notes—Certain Covenants—Maintenance of Liquidity,” and “Description of 2019 Notes—Maintenance of Collateral Coverage” (calculated as if the disposition date was a fiscal quarter-end).

See “Description of 2019 Notes—Security—Release of Liens.”

The value of collateral may not be sufficient to repay the 2019 notes in full.

The value of our collateral in the event of liquidation will depend on many factors. In particular, the equity interests of our subsidiaries that is pledged only has value to the extent that the assets of such subsidiaries are worth more than the liabilities of such subsidiaries (and, in a bankruptcy or liquidation, will only receive value after payment upon all such liabilities, including all debt of such subsidiaries). Consequently, liquidating the collateral may not produce proceeds in an amount sufficient to pay any amounts due on the 2019 notes. The fair market value of the collateral is subject to fluctuations based on factors that include, among others, prevailing interest rates, the ability to sell the collateral in an orderly sale, general economic conditions, the availability of buyers and similar factors. The amount to be received upon a sale of the collateral would be dependent on numerous factors, including the actual fair market value of the collateral at such time and the timing and the manner of the sale. By its nature, the collateral may be illiquid and may have no readily ascertainable market value. In the event of a foreclosure, liquidation, bankruptcy or similar proceeding, we cannot assure you that the proceeds from any sale or liquidation of the collateral will be sufficient to pay our obligations under the 2019 notes. Any claim for the difference between the amount, if any, realized by holders of the 2019 notes from the sale of collateral securing the 2019 notes and the obligations under the 2019 notes will rank equally in right of payment with all of our other unsecured senior debt and other unsubordinated obligations, including trade payables. To the extent that third parties establish liens on the collateral such third parties could have rights and

remedies with respect to the assets subject to such liens that, if exercised, could adversely affect the value of the collateral or the ability of the collateral agent or the holders of the 2019 notes to realize or foreclose on the collateral. We may also incur obligations which would be secured by the collateral, the effect of which would be to increase the amount of debt secured equally and ratably by the collateral. The ability of the holders to realize on the collateral may also be subject to certain bankruptcy law limitations in the event of a bankruptcy. See “—The ability of the collateral agent to foreclose on the equity of our subsidiaries may be limited.”

We will in most cases have control over the collateral.

So long as no event of default shall have occurred and be continuing, and subject to certain terms and conditions, we will be entitled to exercise any voting and other consensual rights pertaining to all equity interests in our subsidiaries pledged pursuant to the

security and pledge agreement and to remain in possession and retain exclusive control over the collateral (other than as set forth in the security and pledge agreement) and to collect, invest and dispose of any income thereon.

#### Risks Related to the Exchange Offer

If you do not properly tender your initial notes, you will continue to hold unregistered initial notes and be subject to the same limitations on your ability to transfer initial notes.

We will only issue exchange notes for initial notes that are timely received by the exchange agent together with all required documents, including a properly completed and signed letter of transmittal. Therefore, you should allow sufficient time to ensure timely delivery of the initial notes and you should carefully follow the instructions on how to tender your initial notes. Neither we nor the exchange agent are required to tell you of any defects or irregularities with respect to your tender of the initial notes. If you are eligible to participate in the exchange offer and do not tender your initial notes or if we do not accept your initial notes because you did not tender your initial notes properly, then, after we consummate the exchange offer, you will continue to hold initial notes that are subject to the existing transfer restrictions and will no longer have any registration rights or be entitled to any additional interest with respect to the initial notes. In general, you may only offer or sell the initial notes if they are registered under the Securities Act and applicable state securities laws, or offered and sold under an exemption from these requirements. Except as required by the Registration Rights Agreement, we do not currently anticipate that we will register under the Securities Act, any initial notes that remain outstanding after the exchange offer. In addition:

if you tender your initial notes for the purpose of participating in a distribution of the exchange notes, you will be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale of the exchange notes; and

if you are a broker-dealer that receives exchange notes for your own account in exchange for initial notes that you acquired as a result of market-making activities or any other trading activities, you will be required to acknowledge that you will deliver a prospectus in connection with any resale of those exchange notes.

We have agreed that, for a period of 180 days after the exchange offer is consummated, we will make additional copies of this prospectus and any amendment or supplement to this prospectus available to any broker-dealer for use in connection with any resales of the exchange notes. After the exchange offer is consummated, if you continue to hold any initial notes, you may have difficulty selling them because there will be fewer initial notes outstanding.

There is a limited trading market for the exchange notes.

There is a limited trading market for the exchange notes. Further, we cannot assure you that the trading market will be maintained, will further develop or that you will be able to sell your exchange notes at a particular time or at favorable prices. We have not applied, and do not intend to apply for listing or quotation of the notes on any securities exchange or automated quotation system.

The liquidity of any market for the exchange notes is subject to a number of factors, including:

- the number of holders of exchange notes;
- our operating performance and financial condition;
- our ability to complete the exchange offer;
- the market for similar securities;
- the interest of securities dealers in making a market in the exchange notes; and
- prevailing interest rates.

We understand that one or more of the initial purchasers with respect to the initial notes presently intend to make a market in the exchange notes. However, they are not obligated to do so, and any market-making activity with respect to the exchange notes may be discontinued at any time without notice. In addition, any market-making activity will be subject to the limits imposed by the Securities Act and the Exchange Act and may be limited during the exchange offer or the pendency of an applicable shelf registration statement.

The issuance of the exchange notes may adversely affect the market for the initial notes.

To the extent the initial notes are tendered and accepted in the exchange offer, the trading market for the untendered and tendered but unaccepted initial notes could be adversely affected. Because we anticipate that most holders of the initial notes will elect to exchange their initial notes for exchange notes due to the absence of restrictions on the resale

of exchange notes under the Securities Act, we anticipate that the liquidity of the market for any initial notes remaining after the completion of this exchange offer may be substantially limited. Please refer to the section in this prospectus entitled “The Exchange Offer—Your Failure to Participate in the Exchange Offer May Have Adverse Consequences.”

17

---

Some persons who participate in the exchange offer must deliver a prospectus in connection with resales of the exchange notes.

Based on interpretations of the staff of the Commission contained in Exxon Capital Holdings Corp., SEC no-action letter (April 13, 1988), Morgan Stanley & Co. Inc., SEC no-action letter (June 5, 1991) and Shearman & Sterling, SEC no-action letter (July 2, 1983), we believe that you may offer for resale, resell or otherwise transfer the exchange notes without compliance with the registration and prospectus delivery requirements of the Securities Act. However, in some instances described in this prospectus under "Plan of Distribution," you will remain obligated to comply with the registration and prospectus delivery requirements of the Securities Act to transfer your exchange notes. In these cases, if you transfer any exchange note without delivering a prospectus meeting the requirements of the Securities Act or without an exemption from registration of your exchange notes under the Securities Act, you may incur liability under the Securities Act. We do not and will not assume, or indemnify you against, this liability.

**RATIO OF EARNINGS TO FIXED CHARGES**

The following table sets forth our consolidated ratio of earnings to combined fixed charges for each of the periods indicated. For the purpose of calculating the consolidated ratio of earnings to fixed charges, “earnings” represents pre-tax income (loss) from continuing operations plus fixed charges, and less any interest capitalized. “Fixed charges” consists of interest expense, whether expensed or capitalized, amortization of debt financing costs, and one-third of lease expense. You should read these ratios in connection with our consolidated financial statements, including the notes to those statements, incorporated by reference in this prospectus.

	Year Ended September 30,				
	2011	2012	2013	2014	2015
Ratio of earnings to combined fixed charges	1.2	1.1	1.2	1.6	(a)
Deficiency of (loss) earnings to fixed charges (a)					\$(440.8)

(a) Due to losses the year ended September 30, 2015, the coverage ratio was less than 1:1. We would have needed to generate additional earnings of \$440.8 million in this period in order to achieve ratio of 1:1.

**USE OF PROCEEDS**

We will not receive any cash proceeds from the issuance of the exchange notes. We are making this exchange offer solely to satisfy our obligations under the Registration Rights Agreements. On June 23, 2015, SBI entered into term loan facilities pursuant to a Senior Credit Agreement consisting of a \$1,450.0 million U.S. dollar denominated term loan facility due June 23, 2022 (the "USD Term Loan"), a \$75.0 million CAD term loan due June 23, 2022 ("CAD Term Loan") and a €300.0 million Euro denominated term loan facility due June 23, 2022 ("Euro Term Loan" and together with "USD Term Loan" and "CAD Term Loan", the "Term (3) Loans") and entered into a \$500.0 million Revolver Facility due June 23, 2020 (the "Revolver"). The proceeds from the Term Loans and draws on the Revolver were used to repay SBI's then-existing senior term credit facility, repay SBI's outstanding 6.75% senior notes due 2020 (the "6.75% Notes"), repay and replace SBI's then-existing asset based revolving loan facility, and to pay fees and expenses in connection with the refinancing and for general corporate purposes.

Subject to certain mandatory prepayment events, the Term Loans are subject to repayment according to scheduled amortizations, with the final payments of all amounts outstanding, plus accrued and unpaid interest, due at maturity. The Senior Credit Agreement contains customary affirmative and negative covenants, including, but not limited to, restrictions on SBI and its restricted subsidiaries' ability to incur indebtedness, create liens, make investments, pay dividends or make certain other distributions, and merge or consolidate or sell assets, in each case subject to certain exceptions set forth in the Senior Credit Agreement. Additionally, the Senior Credit Agreement, solely with respect to the Revolver, contains a financial covenant on the maximum net total leverage ratio that is tested on the last day of each fiscal quarter commencing with the fiscal quarter ending September 30, 2015. SBI was in compliance with all covenants as of September 30, 2015.

Pursuant to a guarantee agreement, SB/RH Holdings, LLC ("SB/RH Holdings") and the material wholly-owned domestic subsidiaries of SBI have guaranteed SBI's obligations under the Senior Credit Agreement and related loan documents. Pursuant to a security agreement, SBI and such subsidiary guarantors have pledged substantially all of their respective assets to secure such obligations and, in addition, SB/RH Holdings has pledged the capital stock of SBI to secure such obligations. The Senior Credit Agreement also provides for customary events of default including payment defaults and cross-defaults to other material indebtedness.

On December 17, 2012, Spectrum Brands issued \$520.0 million aggregate principal amount of 6.375% Senior Notes due 2020 (the "6.375% Notes"), and \$570.0 million aggregate principal amount of 6.625% Senior Notes due 2022 (the "6.625% Notes"). On December 4, 2014, SBI issued \$250.0 million aggregate principal amount of 6.125% Senior Notes due 2024 (the "6.125% Notes").

On May 20, 2015, in connection with the acquisition of Armored AutoGroup Parent, Inc. ("AAG"), SBI issued \$1,000.0 million aggregate principal amount of 5.75% Senior Notes due 2025 at par value (the "5.75% Notes"). The 5.75% Notes are guaranteed by SB/RH Holdings, as well as by SBI's existing and future domestic subsidiaries.

On June 23, 2015, SBI sent a notice of redemption to the holders of its \$300.0 million outstanding aggregate principal amount of 6.75% Notes. In connection with the redemption, SBI paid the trustee principal, interest and a call premium sufficient to redeem the \$300.0 million of 6.75% Notes outstanding. The trustee under the indenture governing the 6.75% Notes accepted those funds in trust for the benefit of the holders of the 6.75% Notes and has acknowledged the satisfaction and discharge of the 6.75% Notes and the indenture governing the 6.75% Notes. On July 23, 2015, the trustee redeemed the 6.75% Notes.

On March 27, 2013, FGH issued \$300.0 million aggregate principal amount of 6.375% Senior Notes due 2021. FGH used the net proceeds from that offering to pay a \$73.0 million dividend, purchase a \$195.0 million surplus note from FGL Insurance (to support the growth of its business and for general corporate purposes) and for FGL's general corporate purposes.

In August 2014, FGH, as borrower, and FGL as guarantor, entered into a three-year \$150.0 million unsecured revolving credit facility (the "FGL Credit Agreement") with certain lenders and RBC Capital Markets, LLC and Credit Suisse Securities (USA) LLC, acting as joint lead arrangers. The loan proceeds from the credit facility may be used for working capital and general corporate purposes. As of September 30, 2015, FGL had not drawn on the revolver.

In connection with its formation, Compass entered into a credit agreement which had an initial borrowing base of \$400.0 million. The terms of the credit agreement provide for a redetermination of the borrowing base on a semi-annual basis. Borrowings under the credit agreement are collateralized by first lien mortgages providing a security interest of not less than 80% of the Engineered Value (as defined in the agreement) of the oil and natural gas properties evaluated by the lenders for purposes of establishing the borrowing base. On May 7, 2015, Compass entered into an amendment to the credit agreement that increased the Consolidated Leverage Ratio (as defined in Compass' credit agreement) to 5.75 to 1.00 for the period ending June 30, 2015 and September 30, 2015 and added a Consolidated Cash Interest Coverage Ratio (as defined in Compass' credit agreement), which was not permitted to be less than 3.50 to 1.00 for the periods ending June 30, 2015 and September 30, 2015. Concurrently with the amendment, HGI Funding provided a guarantee of a limited portion of the debt under the credit agreement until the date of Compass' next borrowing base redetermination (which occurred on November 13, 2015) and committed to make a debt or equity contribution to Compass on such date in an amount to be determined based on the amount of

the borrowing base at such time, which amount would not exceed \$80.0 million (plus certain interest charges on unpaid amounts under the guaranty and reimbursement of enforcement expenses), but was permitted to be less depending on the amounts outstanding under Compass' credit agreement at that time. As a result of these amendments to Compass' credit agreement, Compass returned to good standing under the covenants specified in the credit agreement, as amended. As of September 30, 2015, \$327.0 million was drawn under this agreement.

On November 13, 2015, Compass entered into an amendment to its credit agreement that included a modification of the Consolidated Leverage Ratio whereby the maximum permitted ratio at the end of each quarter was increased to 6.00 to 1.0 through September 30, 2016. The maximum permitted Consolidated Coverage Ratio for each quarter ending after October 1, 2016 will be 4.50 to 1.00. The amendment also provided for the reduction of the borrowing base to \$320.0 million on November 13, 2015, which amount was further reduced to \$175.0 million following the sale of certain oil and gas properties to the Buyer consummated on December 1, 2015. Concurrently with such amendment, HGI Funding

amended its guarantee in order to continue to provide a guarantee (the "Initial Guarantee") of a limited portion of the debt under the Compass credit agreement until the date of Compass' next borrowing base redetermination (expected to be on or about June 1, 2016) and committed to make a debt or equity contribution to Compass on the date of such redetermination in an amount to be determined based on the amount of the borrowing base at such time. HGI Funding's aggregate obligations in connection with the Initial Guarantee through the June 2016 borrowing base redetermination date are not to exceed \$30.0 million. The guarantee was also amended to provide that HGI Funding may elect to guaranty an additional portion of the debt under the Compass credit agreement (the "Optional Guarantee") in order to cure defaults under the Consolidated Leverage Ratio on any test date through September 30, 2016. HGI Funding will be required to make a debt or equity contribution to Compass in the amount of the Optional Guarantee (if any) within eleven business days of the delivery of Compass' compliance certificate under the Compass credit agreement for the period ending September 30, 2016. As of December 31, 2015, the amount of the Optional Guarantee was \$0. As of December 31, 2015, \$160.0 million was drawn under Compass' credit agreement. Compass' credit agreement matures on February 14, 2018.

In February 2013, September 2013 and February 2015, Salus completed a collateralized loan obligation ("CLO") securitization of up to \$578.5 million notional aggregate principal amount. During the fourth quarter of 2015, Salus completed a restructuring of the CLO pursuant to a special redemption of the unaffiliated outstanding senior debt tranches in order to reduce the CLO's outstanding leverage and borrowing costs, which reduced the CLO debt by \$152.6 million. At September 30, 2015, the outstanding notional aggregate principal amount was \$357.7 (10) million, of which \$40.4 million was taken up by unaffiliated entities and consisted entirely of subordinated debt. The obligations of the securitization is secured by the assets of the variable interest entity, primarily asset-based loan receivables, and at September 30, 2014 carried a variable interest rate ranging from LIBOR plus 2.37% to LIBOR plus 11.5% for the senior tranches. The subordinated tranches carry residual interest subject to maintenance of certain covenants. Due to losses incurred in the CLO, at September 30, 2015 the CLO was not accruing interest on the subordinated debt.

Salus acts as co-lender under some of the asset-based loans that it originates, and such loans are structured to meet the definition of a "participating interest" as defined under ASC 860-10, Transfers and Servicing. For loans (11) originated with co-lenders that have terms that result in such a co-lender not having a qualifying "participating interest", Salus recognizes the whole, undivided loan. Salus also reflects a secured borrowing owing to the co-lender representing their share in the undivided whole loan. As of September 30, 2015, Salus had \$8.8 million of such secured borrowings to co-lenders outstanding related to non-qualifying "participating interests."

At the time of closing, proceeds from the transaction, which were approximately \$147.5, less estimated expenses of \$1.9, were used to primarily reduce borrowings under Compass' existing credit facility. Following the closing, pursuant to the terms of the Purchase Agreement, Compass received an additional \$4.2 in connection with resolving certain title and consent matters. On November 8, 2015, AB Infinity and Merger Sub entered into the FGL Merger Agreement to acquire FGL for \$26.80 per share. The unaudited pro forma condensed combined balance sheet as of September 30, 2015 gives effect to the FGL Merger Agreement; and the disposition of the Holly, Waskom, and Danville assets and the repayment of the portion of Compass' existing facilities (collectively, the "Compass Transactions") as if they had occurred on September 30, 2015. The unaudited pro forma condensed combined statement of operations for the year ended September 30, 2015 reflects the AAG Acquisition, the issuance of the SBI 5.75% Notes, the SBH Equity Offering and the New HRG Notes offerings (collectively, the "AAG Acquisition Transactions") and the Compass Transactions as if they had occurred on October 1, 2014. As a result, the unaudited pro forma condensed combined statement of operations for the years ended September 30, 2015, 2014 and 2013 have been presented to reflect FGL being treated as discontinued operations as a result of the FGL Merger Agreement.

On October 31, 2014, HRG, through its wholly-owned subsidiary HGI Energy, acquired approximately 25.5% interests in Compass that it did not previously own from EXCO Resources, Inc., upon which HGI Energy became the owner of 99.8% of the economic interest in Compass. Prior to this acquisition, HRG's ownership of Compass was 74.4%. As a result, prior to October 31, 2014, the presentation of the pro forma operating results of Compass represent HRG's 74.4% proportionate interest while operating results after October 31, 2014 represent 100.0% of Compass' consolidated results.

HRG GROUP, INC.

NOTES TO UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL STATEMENTS

(in millions, except per share and share amounts)

1. Significant Accounting Policies

The Company reports a business as held for sale when management has approved or received approval to sell the business and is committed to a formal plan, the business is available for immediate sale, the business is being actively marketed, the sale is anticipated to occur during the next twelve months and certain other specified criteria are met, in accordance with ASC Topic 360, Property, Plant and Equipment (“ASC 360”). A business classified as held for sale is recorded at the lower of its carrying amount or estimated fair value less cost to sell. If the carrying amount of the business exceeds its estimated fair value, a loss is recognized. Assets and liabilities related to a business classified as held for sale are segregated in the consolidated balance sheets in the period in which the business is classified as held for sale. If a business is classified as held for sale after the balance sheet date but before the financial statements are issued or are available to be issued, the business continues to be classified as held for sale and used in those financial statements when issued or when available to be issued. Intercompany transactions between businesses held for sale and businesses held for use that are expected to continue to exist after the sale are presented gross on the balance sheet.

The Company reports the results of operations of a business as discontinued operations if a disposal represents a strategic shift that has (or will have) a major effect on an entity’s operations and financial results when the business is classified as held for sale, in accordance with ASC 360 and ASU 2014-08, Presentation of Financial Statements (Topic 2015) and Property, Plant and Equipment (Topic 360): Reporting Discontinued Operations and Disclosures of Disposals of Components of an Entity (“ASU 2014-08”). The results of discontinued operations are reported in discontinued operations in the consolidated statements of operations for current and prior periods commencing in the period in which the business meets the criteria of a discontinued operation, and include any gain or loss recognized on closing or adjustment of the carrying amount to fair value less cost to sell. Intercompany transactions between the businesses held for sale and businesses held for use that are expected to continue to exist after the disposal are presented gross on the statement of operations.

The guidance above does not apply to oil and gas properties that are accounted for using the full-cost method of accounting as prescribed by the U.S. Securities and Exchange Commission (Regulation S-X, Rule 4-10, Financial Accounting and Reporting for Oil and Gas Producing Activities Pursuant to the Federal Securities Laws and the Energy Policy and Conservation Act of 1975) unless the disposal represents all or substantially all of a full cost pool as a discontinued operation.

As a result of the FGL Merger Agreement, the Company’s ownership interest in FGL has been classified as held for sale on the balance sheet, FGL’s operations have been classified as discontinued operations and FGL’s results of operations are reported separately for all periods presented as if the FGL Merger Agreement had occurred on September 30, 2015.

## 2. Pro Forma Adjustments - AAG Acquisition Transactions

(a) The Company's fiscal year end is September 30 while the AAG fiscal year end is December 31. The AAG historical financial information for the statement of operations covering the period from October 1, 2014 through May 20, 2015, the date the AAG Acquisition was completed, has been derived by adding the unaudited results for the three month period ended March 31, 2015 and the period from April 1, 2015 through May 20, 2015 to the audited results for the fiscal year ended December 31, 2014 and deducting the unaudited results for the nine months ended September 30, 2014, as follows:

Net (loss) income attributable to controlling interest	\$(14.1)	) \$(3.0)	) \$(11.1)	) \$0.2	\$(32.5)	) \$(43.4)

(b) The Company estimates cost of sales will increase by approximately \$18.8 during the first inventory turn subsequent to the acquisition date as a result of the sale of inventory that was written-up to fair value in purchase accounting. This cost has been excluded from the pro forma adjustments as this amount is considered non-recurring.

(c) Adjustment reflects decreased depreciation expense of \$0.3 associated with the adjustment to record the AAG property, plant and equipment at fair value for the period from October 1, 2014 through May 20, 2015.

- (d) Adjustment reflects decreased amortization expense of \$25.1 associated with the adjustment to record the AAG intangible assets at fair value for the period from October 1, 2014 through May 20, 2015.
- (e) Adjustment reflects the reversal of \$25.5 of pre-acquisition costs incurred by AAG.
- (f) Adjustment reflects the reversal of \$8.4 of pre-acquisition accelerated stock based compensation incurred by AAG in conjunction with the AAG Acquisition.
- (g) Adjustment reflects the reversal of \$21.8 of acquisition and integration-related charges incurred of acquisition and integration-related charges incurred by Spectrum Brands in conjunction with the AAG Acquisition.

(h) The transactions resulted in changes to the Company's debt structure. A substantial portion of the historical AAG debt was repaid in connection with the AAG Acquisition. These changes in the combined debt structure gave rise to interest expense adjustments that resulted in a net decrease to pro forma interest expense \$24.1 for the period from October 1, 2014 through May 20, 2015. The adjustments consist of the following:

	Assumed interest rate	Period from October 1, 2014 - May 20, 2015
New SBI 5.75% Notes (\$1,000.0)	5.750%	\$36.9
May HRG Unsecured Notes - USD (\$140.0)	7.750%	7.0
May HRG Secured Notes - USD (\$160.0)	7.875%	8.1
April HRG Secured Notes - USD (\$100.0)	7.875%	5.1
Amortization of discount on the May HRG Unsecured Notes	—	(0.2 )
Amortization of premium on the May HRG Secured Notes and the April HRG Secured Notes	—	2.0
Amortization of debt issuance costs	—	1.7
Total pro forma interest expense		60.6
Less: elimination of interest expense related to prior AAG debt facilities that were repaid		(84.7 )
Pro forma adjustment		\$(24.1 )

(i) Adjustment reflects HRG's non-controlling interest in Spectrum Brands' pro forma decrease in income from continuing operations resulting from the transactions using a non-controlling interest factor of 42.5%.

(j) The increase in pro forma interest expense for the May HRG Unsecured Notes, the May HRG Secured Notes and the April HRG Secured Notes will not result in a net impact to HRG's current and deferred tax expense due to HRG's existing net operating loss carry forwards in the U.S., for which valuation allowances have been provided. As a result of Spectrum Brands' valuation allowance, the pro forma adjustments is solely a change in deferred income taxes offset by the change in the valuation and do not have income tax consequences.

(k) Basic and diluted earnings per share were recalculated based on 198,142,363 weighted-average common shares outstanding - basic and diluted for the year ended September 30, 2015.

## 3. Pro Forma Adjustments - FGL Merger

(a) As a result of the FGL Merger Agreement, the Company's ownership interest in FGL has been classified as held for sale on the condensed combined balance sheet. These adjustments represent the components of FGL's assets and liabilities included in the September 30, 2015 combined balance sheet. Such balances reflect intercompany transactions between FGL and other entities consolidated by HRG as they will remain and continue to exist following the closing of the FGL Merger. Below is a summary of the adjustments:

As of September 30, 2015	FGL Held for Sale Classification	Impact of intercompany transactions that will remain and continue to exist following the closing of the FGL Merger	Deferred tax adjustment (1)	Total adjustment due to FGL Merger Agreement

<b>Total liabilities</b>	<b>\$—</b>	<b>\$2,843.7</b>	<b>\$328.8</b>	<b>\$3,172.5</b>

(1) Included in the deferred tax assets and deferred tax liabilities above is an adjustment of \$328.8 that represents the recognition of a deferred tax liability on the Company's investment in FGL due to its classification as held for sale. The deferred tax liability resulted in a decrease in valuation allowance on deferred tax assets based on the Company's change in judgment on realizability.

(b) As a result of the FGL Merger Agreement, FGL's operations were classified as discontinued operations and the results of continuing operations are reported separately for all periods presented. These adjustments represent the components of income attributable to FGL included in the combined statement of operations for the years ended September 30, 2015, 2014 and 2013.

- (c) This adjustment reflects non-controlling interest in FGL's pro forma net income adjustments using a non-controlling interest factor of 19.5% and 19.6% for the years ended September 30, 2015 and 2014, respectively.
- (d) Basic and diluted earnings per share were recalculated based on 198,142,363, 162,941,070 and 139,855,645 weighted-average common shares outstanding - basic and diluted for the years ended September 30, 2015, 2014 and 2013, respectively.

4. Pro Forma Adjustments - Compass Transactions

(a) This adjustment represents the decrease in cash and cash equivalents resulting from consideration received, less estimated expenses and repayment of debt (in millions):

Total cash consideration (1)	\$151.7	
Transaction expenses	(1.9	)
Repayment of debt	(147.0	)
Net decrease in cash	\$2.8	

(1) Excludes approximately \$1.0 of funds held in escrow as of December 1, 2015 that may be released within 150 days from the transaction close date subject to the successful satisfaction of certain terms and conditions included in the Purchase Agreement.

(b) This adjustment represents the decrease in Compass' proved oil and natural gas properties following the completion of the Compass Transactions.

(c) This adjustment represents the decrease in debt as a result of the repayment of \$147.0 under Compass' existing credit facility.

(d) This adjustment represents the decrease in royalties payable of \$5.4 following the sale of the Holly, Waskom, and Danville assets.

(e) This adjustment represents the decrease in asset retirement obligations following the sale of the Holly, Waskom, and Danville assets.

(f) These adjustments represent the elimination of oil and natural gas revenues; oil and natural gas direct operating costs; and other operating and general expenses, including the pro forma effect on depletion expense attributable to the Holly, Waskom, and Danville assets.

(g) This adjustment represents the change in impairment of oil and natural gas properties related to the pro forma effects of the removal of the Holly, Waskom, and Danville assets' operations.

(h) This adjustment represents the reduction of interest expense for the effect of the \$147.0 repayment of amounts outstanding under the Compass credit facility.

(i) This adjustment represents the change in derivative gains and losses related to the pro forma effects of the removal of the Holly, Waskom, and Danville assets' operations.

(j) This adjustment represents the estimated net impact on HRG's stockholders' equity related to the sale transaction, consisting of a gain on the sale of the Holly, Waskom, and Danville assets of \$103.1.

(k) Compass is not directly subject to federal income taxes. Instead, its taxable income or loss is allocated to its individual partners. However due to a full valuation allowance over deferred tax assets at HRG, these losses will not impact the net deferred tax balances.

(l) These adjustments reflect non-controlling interest in Compass' pro forma net income adjustments using a non-controlling interest factor of 0.5% at September 30, 2015 and 0.3% for the year ended September 30, 2015.

(m) Basic and diluted earnings per share were recalculated based on 198,142,363 weighted-average common shares outstanding - basic and diluted for the year ended September 30, 2015.

Have the signatures on the letter of transmittal guaranteed if required by the letter of transmittal. Mail or otherwise deliver the letter of transmittal or the facsimile together with the certificates representing the initial

notes being tendered and any other required documents to the exchange agent before 5:00 p.m., New York City time, on the expiration date.

(2) Book-entry delivery procedure: Send a timely confirmation of a book-entry transfer of your initial notes, if this procedure is available, into the exchange agent's account at DTC in accordance with the procedures for book-entry transfer described under "—Book-Entry Delivery Procedure" below, before 5:00 p.m., New York City time, on the expiration date.

(3) Guaranteed delivery procedure: If time will not permit you to complete your tender by using the procedures described in (1) or (2) above before the expiration date and this procedure is available, comply with the guaranteed delivery procedures described under "—Guaranteed Delivery Procedure" below.

The method of delivery of the initial notes, the letter of transmittal and all other required documents is at your election and risk. Instead of delivery by mail, we recommend that you use an overnight or hand-delivery service. If you choose the mail, we recommend that you use registered mail, properly insured, with return receipt requested. In all cases, you should allow sufficient time to assure timely delivery. You should not send any letters of transmittal or initial notes to us. You must deliver all documents to the exchange agent at its address provided below. You may also request your broker, dealer, commercial bank, trust company or nominee to tender your initial notes on your behalf.

Only a holder of initial notes may tender initial notes in this exchange offer. A holder is any person in whose name initial notes are registered on our books or any other person who has obtained a properly completed bond power from the registered holder.

If you are the beneficial owner of initial notes that are registered in the name of a broker, dealer, commercial bank, trust company or other nominee and you wish to tender your notes, you must contact that registered holder promptly and instruct that registered holder to tender your notes on your behalf. If you wish to tender your initial notes on your own behalf, you must, before completing and executing the letter of transmittal and delivering your initial notes, either make appropriate arrangements to register the ownership of these notes in your name or obtain a properly completed bond power from the registered holder. The transfer of registered ownership may take considerable time.

You must have any signatures on a letter of transmittal or a notice of withdrawal guaranteed by:

- (1) a member firm of a registered national securities exchange or of the Financial Industry Regulatory Authority, Inc. (“FINRA”);
- (2) a commercial bank or trust company having an office or correspondent in the United States; or
- (3) an eligible guarantor institution within the meaning of Rule 17Ad-15 under the Exchange Act, unless the initial notes are tendered:
  - (i) by a registered holder or by a participant in DTC whose name appears on a security position listing as the owner, who has not completed the box entitled “Special Issuance Instructions” or “Special Delivery Instructions” on the letter of transmittal and only if the exchange notes are being issued directly to this registered holder or deposited into this participant’s account at DTC; or
  - (ii) for the account of a member firm of a registered national securities exchange or of FINRA, a commercial bank or trust company having an office or correspondent in the United States or an eligible guarantor institution within the meaning of Rule 17Ad-15 under the Exchange Act.

If the letter of transmittal or any bond powers are signed by:

- (1) the registered holder(s) of the initial notes tendered: the signature must correspond with the name(s) written on the face of the initial notes without alteration, enlargement or any change whatsoever.
- (2) a participant in DTC: the signature must correspond with the name as it appears on the security position listing as the holder of the initial notes.
- (3) a person other than the registered holder of any initial notes: these initial notes must be endorsed or accompanied by bond powers and a proxy that authorize this person to tender the initial notes on behalf of the registered holder, in satisfactory form to us as determined in our sole discretion, in each case, as the name of the registered holder or holders appears on the initial notes.
- (4) trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity: these persons should so indicate when signing. Unless waived by us, evidence satisfactory to us of their authority to so act must also be submitted with the letter of transmittal.

To tender your initial notes in this exchange offer, you must make the following representations:

- (1) you are authorized to tender, sell, assign and transfer the initial notes tendered and to acquire exchange notes issuable upon the exchange of such tendered initial notes, and that we will acquire good and unencumbered title thereto, free and clear of all liens, restrictions, charges and encumbrances and not subject to any adverse claim when the same are accepted by us;
- (2) any exchange notes acquired by you pursuant to this exchange offer are being acquired in the ordinary course of business, whether or not you are the holder;
- (3) you or any other person who receives exchange notes, whether or not such person is the holder of the exchange notes, has no arrangement or understanding with any person to participate in a distribution (within the meaning of

the Securities Act) of such exchange notes and is not participating in, and does not intend to participate in, the distribution of such exchange notes;

- (4) you or such other person who receives exchange notes, whether or not such person is the holder of the exchange notes, is not an “affiliate,” (as defined in Rule 405 of the Securities Act), of ours, or if you or such other person is an affiliate, you or such other person will comply with the registration and prospectus delivery requirements of the Securities Act to the extent applicable;

- (5) if you are not a broker-dealer, you represent that you are not engaged in, and do not intend to engage in, a distribution of exchange notes; and
- if you are a broker-dealer that will receive exchange notes for your own account in exchange for initial notes that were acquired by you as a result of market-making or other trading activities, you acknowledge that you will
- (6) deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of such exchange notes.

You must also warrant that the acceptance of any tendered initial notes by us and the issuance of exchange notes in exchange therefor shall constitute performance in full of our obligations under the Registration Rights Agreements relating to the initial notes.

To effectively tender notes through DTC, the financial institution that is a participant in DTC will electronically transmit its acceptance through the Automatic Tender Offer Program. DTC will then edit and verify the acceptance and send an agent's message to the exchange agent for its acceptance. An agent's message is a message transmitted by DTC to the exchange agent stating that DTC has received an express acknowledgment from the participant in DTC tendering the notes that this participant has received and agrees to be bound by the terms of the letter of transmittal, and that we may enforce this agreement against this participant.

#### Book-Entry Delivery Procedure

Any financial institution that is a participant in DTC's systems may make book-entry deliveries of initial notes by causing DTC to transfer these initial notes into the exchange agent's account at DTC in accordance with DTC's procedures for transfer. To effectively tender the initial notes through DTC, the financial institution that is a participant in DTC will electronically transmit its acceptance through the Automatic Tender Offer Program. DTC will then edit and verify the acceptance and send an agent's message to the exchange agent for its acceptance. An agent's message is a message transmitted by DTC to the exchange agent stating that DTC has received an express acknowledgment from the participant in DTC tendering the initial notes that such participant has received and agrees to be bound by the terms of the letter of transmittal, and that we may enforce this agreement against such participant. The exchange agent will make a request to establish an account for the initial notes at DTC for purposes of this exchange offer within two business days after the date of this prospectus.

A delivery of initial notes through a book-entry transfer into the exchange agent's account at DTC will only be effective if an agent's message, or the letter of transmittal or a facsimile of the letter of transmittal with any required signature guarantees and any other required documents, is transmitted to and received by the exchange agent at the address indicated below under "—Exchange Agent" before 5:00 p.m., New York City time, on the expiration date unless the guaranteed delivery procedures described below are complied with. Delivery of documents to DTC does not constitute delivery to the exchange agent.

#### Guaranteed Delivery Procedure

If you are a registered holder of initial notes and desire to tender your notes, and (1) these notes are not immediately available, (2) time will not permit your notes or other required documents to reach the exchange agent before 5:00 p.m., New York City time, on the expiration date or (3) the procedures for book-entry transfer cannot be completed on a timely basis, you may still tender your initial notes in this exchange offer if:

- you tender through a member firm of a registered national securities exchange or of FINRA, a commercial bank or
- (1) trust company having an office or correspondent in the United States, or an eligible guarantor institution within the meaning of Rule 17Ad-15 under the Exchange Act;
- before 5:00 p.m., New York City time, on the expiration date, the exchange agent receives a properly completed and duly executed letter of transmittal or facsimile of the letter of transmittal, and a notice of guaranteed delivery, substantially in the form provided by us, with your name and address as holder of the initial notes and the amount of notes tendered, stating that the tender is being made by that letter and notice and guaranteeing that within three
- (2) New York Stock Exchange (the "NYSE") trading days after the expiration date, the certificates for all the initial notes tendered, in proper form for transfer, or a book-entry confirmation with an agent's message, as the case may be, and any other documents required by the letter of transmittal will be deposited by the eligible institution with the exchange agent; and
- (3)

the certificates for all your tendered initial notes in proper form for transfer or a book-entry confirmation as the case may be, and all other documents required by the letter of transmittal are received by the exchange agent within three NYSE trading days after the expiration date.

**Acceptance of Initial Notes for Exchange; Delivery of Exchange Notes**

Your tender of initial notes will constitute an agreement between you and us governed by the terms and conditions provided in this prospectus and in the related letter of transmittal.

We will be deemed to have received your tender as of the date when your duly signed letter of transmittal accompanied by your initial notes tendered, or a timely confirmation of a book-entry transfer of these notes into the exchange agent's account at DTC with an agent's message, or a notice of guaranteed delivery from an eligible institution is received by the exchange agent.

All questions as to the validity, form, eligibility, including time of receipt, acceptance and withdrawal of tenders will be determined by us in our sole discretion. Our determination will be final and binding.

We reserve the absolute right to reject any and all initial notes not properly tendered or any initial notes which, if accepted, would, in our opinion or our counsel's opinion, be unlawful. We also reserve the absolute right to waive any conditions of this exchange offer or irregularities or defects in tender as to particular notes with the exception of conditions to this exchange offer relating to the obligations of broker dealers, which we will not waive. If we waive a condition to this exchange offer, the waiver will be applied equally to all note holders. Our interpretation of the terms and conditions of this exchange offer, including the instructions in the letter of transmittal, will be final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of initial notes must be cured within such time as we shall determine. None of us, the exchange agent or any other person will be under any duty to give notification of defects or irregularities with respect to tenders of initial notes. None of us, the exchange agent or any other person will incur any liability for any failure to give notification of these defects or irregularities. Tenders of initial notes will not be deemed to have been made until such irregularities have been cured or waived. The exchange agent will return without cost to their holders any initial notes that are not properly tendered and as to which the defects or irregularities have not been cured or waived promptly following the expiration date.

If all the conditions to this exchange offer are satisfied or waived on the expiration date, we will accept all initial notes properly tendered and will issue the exchange notes promptly thereafter. Please refer to the section of this prospectus entitled “—Conditions to the Exchange Offer” below. For purposes of this exchange offer, initial notes will be deemed to have been accepted as validly tendered for exchange when, as and if we give oral or written notice of acceptance to the exchange agent.

We will issue the exchange notes in exchange for the initial notes tendered pursuant to a notice of guaranteed delivery by an eligible institution only against delivery to the exchange agent of the letter of transmittal, the tendered initial notes and any other required documents, or the receipt by the exchange agent of a timely confirmation of a book-entry transfer of initial notes into the exchange agent's account at DTC with an agent's message, in each case, in form satisfactory to us and the exchange agent.

If any tendered initial notes are not accepted for any reason provided by the terms and conditions of this exchange offer or if initial notes are submitted for a greater principal amount than the holder desires to exchange, the unaccepted or non-exchanged initial notes will be returned without expense to the tendering holder, or, in the case of initial notes tendered by book-entry transfer procedures described above, will be credited to an account maintained with the book-entry transfer facility, promptly after withdrawal, rejection of tender or the expiration or termination of this exchange offer.

By tendering into this exchange offer, you will irrevocably appoint our designees as your attorney-in-fact and proxy with full power of substitution and resubstitution to the full extent of your rights on the initial notes tendered. This proxy will be considered coupled with an interest in the tendered initial notes. This appointment will be effective only when, and to the extent that, we accept your notes in this exchange offer. All prior proxies on these initial notes will then be revoked and you will not be entitled to give any subsequent proxy. Any proxy that you may give subsequently will not be deemed effective. Our designees will be empowered to exercise all voting and other rights of the holders as they may deem proper at any meeting of note holders or otherwise. The initial notes will be validly tendered only if we are able to exercise full voting rights on the initial notes, including voting at any meeting of the note holders, and full rights to consent to any action taken by the note holders.

#### Withdrawal of Tenders

Except as otherwise provided in this prospectus, you may withdraw tenders of initial notes at any time before 5:00 p.m., New York City time, on the expiration date.

For a withdrawal to be effective, you must send a written or facsimile transmission notice of withdrawal to the exchange agent before 5:00 p.m., New York City time, on the expiration date at the address provided below under “—Exchange Agent” and before acceptance of your tendered notes for exchange by us.

Any notice of withdrawal must:

- (1) specify the name of the person having tendered the initial notes to be withdrawn;
- (2)

- identify the notes to be withdrawn, including, if applicable, the registration number or numbers and total principal amount of these notes;
- be signed by the person having tendered the initial notes to be withdrawn in the same manner as the original signature on the letter of transmittal by which these notes were tendered, including any required signature
- (3) guarantees, or be accompanied by documents of transfer sufficient to permit the trustee for the initial notes to register the transfer of these notes into the name of the person having made the original tender and withdrawing the tender;
- (4) specify the name in which any of these initial notes are to be registered, if this name is different from that of the person having tendered the initial notes to be withdrawn; and  
if applicable because the initial notes have been tendered through the book-entry procedure, specify the name and
- (5) number of the participant's account at DTC to be credited, if different than that of the person having tendered the initial notes to be withdrawn.

We will determine all questions as to the validity, form and eligibility, including time of receipt, of all notices of withdrawal and our determination will be final and binding on all parties. Initial notes that are withdrawn will be deemed not to have been validly tendered for exchange in this exchange offer.

The exchange agent will return without cost to their holders all initial notes that have been tendered for exchange and are not exchanged for any reason, promptly after withdrawal, rejection of tender or expiration or termination of this exchange offer.

You may retender properly withdrawn initial notes in this exchange offer by following one of the procedures described under “—Procedures for Tendering Initial Notes” above at any time before 5:00 p.m., New York City time, on the expiration date.

#### Conditions to the Exchange Offer

We will complete this exchange offer with respect to the applicable series of notes only if:

- (1) there is no change in the laws and regulations which would impair our ability to proceed with this exchange offer for such series of notes;
- (2) there is no change in the current interpretation of the staff of the SEC which permits resales of such series of exchange notes;  
there is no stop order issued by the SEC which would suspend the effectiveness of the registration statement which
- (3) includes this prospectus or the qualification of the applicable indenture governing the exchange notes under the Trust Indenture Act;
- (4) there is no litigation or threatened litigation which would impair our ability to proceed with this exchange offer for such series of notes; and
- (5) we obtain all the governmental approvals we deem necessary to complete this exchange offer for such series of notes.

These conditions are for our sole benefit. We may assert any one of these conditions regardless of the circumstances giving rise to it and may also waive any one of them, in whole or in part, at any time and from time to time, if we determine in our reasonable discretion that it has not been satisfied, subject to applicable law. Notwithstanding the foregoing, all conditions to this exchange offer must be satisfied or waived before the expiration of this exchange offer. If we waive a condition to this exchange offer, the waiver will be applied equally to all note holders of such series. We will not be deemed to have waived our rights to assert or waive these conditions if we fail at any time to exercise any of them. Each of these rights will be deemed an ongoing right which we may assert at any time and from time to time.

If we determine that we may terminate this exchange offer because any of these conditions is not satisfied, we may:

- (1) refuse to accept and return to their holders any initial notes that have been tendered;
- (2) extend the exchange offer and retain all initial notes tendered before 5:00 p.m., New York City time, on the expiration date, subject to the rights of the holders of these notes to withdraw their tenders; or  
waive any condition that has not been satisfied and accept all properly tendered initial notes that have not been
- (3) withdrawn or otherwise amend the terms of this exchange offer in any respect as provided under the section in this prospectus entitled “—Expiration Date; Extensions; Amendments; Termination.”

#### Accounting Treatment

We will record the exchange notes at the same carrying value as the initial notes as reflected in our accounting records on the date of the exchange. Accordingly, we will not recognize any gain or loss for accounting purposes. We will amortize the costs of the offering of the initial notes and the exchange offer and the unamortized expenses related to the issuance of the exchange notes over the term of the exchange notes.

Fees and Expenses

We will bear the expenses of soliciting tenders in this exchange offer, including fees and expenses of the exchange agent and trustee and accounting, legal, printing and related fees and expenses.

We will not make any payments to brokers, dealers or other persons soliciting acceptances of this exchange offer. However, we will pay the exchange agent reasonable and customary fees for its services and will reimburse the exchange agent for its reasonable out-of-pocket expenses in connection with this exchange offer. We will also pay brokerage houses and other custodians, nominees and fiduciaries their reasonable out-of-pocket expenses for forwarding copies of the prospectus, letters of transmittal and related documents to the beneficial owners of the initial notes and for handling or forwarding tenders for exchange to their customers.

We will pay all transfer taxes, if any, applicable to the exchange of initial notes in accordance with this exchange offer. However, tendering holders will pay the amount of any transfer taxes, whether imposed on the registered holder or any other persons, if:

- certificates representing exchange notes or initial notes for principal amounts not tendered or accepted for
- (1) exchange are to be delivered to, or are to be registered or issued in the name of, any person other than the registered holder of the notes tendered;
- (2) tendered initial notes are registered in the name of any person other than the person signing the letter of transmittal;
- or
- (3) a transfer tax is payable for any reason other than the exchange of the initial notes in this exchange offer.

If you do not submit satisfactory evidence of the payment of any of these taxes or of any exemption from this payment with the letter of transmittal, we will bill you directly the amount of these transfer taxes.

Your Failure to Participate in the Exchange Offer May Have Adverse Consequences

The initial notes were not registered under the Securities Act or under the securities laws of any state and you may not resell them, offer them for resale or otherwise transfer them unless they are subsequently registered or resold under an exemption from the registration requirements of the Securities Act and applicable state securities laws. If you do not exchange your initial notes for exchange notes in accordance with this exchange offer, or if you do not properly tender your initial notes in this exchange offer, you will not be able to resell, offer to resell, or otherwise transfer, the initial notes unless they are registered under the Securities Act or unless you resell them, offer to resell, or otherwise transfer, them under an exemption from the registration requirements of, or in a transaction not subject to, the Securities Act.

In addition, except as set forth in this paragraph, you will not be able to obligate us to register the initial notes under the Securities Act. You will not be able to require us to register your initial notes under the Securities Act unless:

- (1) because of any change in law or in applicable interpretations thereof by the SEC staff, we are not permitted to effect the exchange offer for the applicable series of notes;
  - (i) with respect to the 2022 initial notes, the exchange offer is not consummated by the 450th day after May 19, 2015; (ii) with respect to the \$100.0 million aggregate principal amount of 2019 initial notes issued on April 14,
- (2) 2015, the exchange offer is not consummated by the 450th day after April 14, 2015; and (iii) with respect to the \$160.0 million aggregate principal amount of 2019 initial notes issued on May 19, 2105, the exchange offer is not consummated by the 450th day after May 19, 2015;
- (3) you request with respect to your initial notes that are not eligible to be exchanged for exchange notes in this exchange offer; or
- (4) (i) you (so long as you are not an exchanging dealer) are not eligible to participate in this exchange offer or (ii) you (so long as you are not an exchanging dealer) participate in the exchange offer but do not receive freely tradable

exchange notes on the date of the exchange and, in each case, you so request.

In these cases the Registration Rights Agreements require us to file a registration statement for a continuous offering in accordance with Rule 415 under the Securities Act for the benefit of the holders of the initial notes described in this paragraph. We do not currently anticipate that we will register under the Securities Act any initial notes that remain outstanding after completion of the exchange offer.

Delivery of Prospectus

Each broker-dealer that receives exchange notes for its own account in exchange for initial notes, where such initial notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of such exchange notes. See “Plan of Distribution.”

## DESCRIPTION OF 2022 NOTES

In this Description of 2022 Notes, “HRG” refers only to HRG Group, Inc. (formerly known as “Harbinger Group Inc.”), and any successor obligor on the notes, and not to any of its subsidiaries, “Indenture” refers to the indenture dated January 21, 2014, by and between HRG and Wells Fargo Bank, National Association, as trustee, “initial notes” refers to the 7.750% Senior Notes due 2022 issued on May 19, 2015, “additional notes” refers to all additional notes that may be issued under the Indenture, “exchange notes” refers to the 7.750% Senior Notes due 2022 offered hereby and “notes” refers to, collectively, the initial notes, the exchange notes and all other notes issued and outstanding pursuant to the Indenture. You can find the definitions of certain terms used in this description of notes under “—Certain Definitions.” HRG will issue up to \$140.0 million aggregate principal amount of exchange notes offered hereby under the Indenture, in exchange for a like principal amount of initial notes. The exchange notes that we will issue you in exchange for your initial notes will be substantially identical to your initial notes except that, unlike your initial notes, the exchange notes will have no transfer restrictions or registration rights.

The terms of the exchange notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended (the “Trust Indenture Act”).

The following is a summary of the material provisions of the Indenture. Because this is a summary, it may not contain all the information that is important to you. You should read the Indenture in its entirety because it, and not this description, defines your rights as holders of the notes. A copy of the Indenture is filed as Exhibit 4.1 to the Current Report on Form 8-K filed by HRG on January 21, 2014.

### Basic Terms of Notes

The notes are:

- unsecured unsubordinated obligations of HRG, ranking equally in right of payment with all existing and future unsubordinated debt of HRG;
- effectively subordinated to all secured debt of HRG to the extent of the value of the collateral securing that debt; and
- ranked senior in right of payment to all of HRG’s and the Guarantors’ future debt that expressly provides for its subordination to the notes and the Note Guaranties.

### Maturity and Interest

The notes will mature on January 15, 2022. Interest on the notes will accrue at the rate of 7.750% per annum. HRG will pay interest on the notes semi-annually in arrears on January 15 and July 15 of each year, to holders of record on the immediately preceding January 1 and July 1. Interest on the notes will accrue from the most recent date to which interest has been paid (including, with respect to exchange notes, interest paid on the initial notes surrendered for such exchange notes). Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

HRG will pay interest on overdue principal of the notes at a rate equal to 1.0% per annum in excess of the 7.750% per annum and will pay interest on overdue installments of interest at such higher rate, in each case to the extent lawful.

### Additional Notes

Subject to the covenants described below, HRG may issue additional notes under the Indenture in an unlimited principal amount having the same terms in all respects as the notes, or in all respects except with respect to interest paid or payable on or prior to the first interest payment date after the issuance of such notes. The initial notes, the exchange notes, and any additional notes will be treated as a single class for all purposes under the Indenture and will vote together as one class on all matters with respect to the notes. Additional notes cannot be issued under the same CUSIP number unless the additional notes and original notes are fungible for U.S. federal income tax purposes.

### Guaranties

If any Subsidiary of HRG guarantees any Debt of HRG, such Subsidiary must provide a full and unconditional Note Guaranty.

Each Note Guaranty will be limited to the maximum amount that would not render the Guarantor’s obligations subject to avoidance under applicable fraudulent conveyance provisions of the U.S. Bankruptcy Code or any comparable provision of state law. By virtue of this limitation, a Guarantor’s obligation under its Note Guaranty could be significantly less than amounts payable with respect to the notes, or a Guarantor may have effectively no obligation under its Note Guaranty. See “Risk Factors—Risks Related to the Notes—Fraudulent transfer statutes may limit your rights as a holder of the notes.”

The Note Guaranty of a Guarantor will terminate automatically upon:

- a sale, transfer or other disposition (including by way of consolidation or merger) of the Guarantor or the sale or (1) disposition of all or substantially all the assets of the Guarantor (other than to HRG or a Subsidiary of HRG) not prohibited by the Indenture;
- (2) a Guarantor ceases to guarantee any Debt of HRG; or
- (3) defeasance or discharge of the notes, as provided in “—Defeasance and Discharge.”

As of the date hereof, there are no Guarantors.

#### Ranking

The notes are unsecured unsubordinated obligations of HRG, ranking equally in right of payment with all existing and future unsubordinated Debt of HRG.

As of September 30, 2015:

HRG had no debt other than the \$864.4 million aggregate principal amount of the 2019 notes and the \$890.0 million aggregate principal amount of the notes.

The 2019 notes are effectively senior to the notes to the extent of the value of the collateral securing the 2019 notes. Subject to the limits described under “—Certain Covenants—Limitation on Debt and Disqualified Stock” and “—Certain Covenants—Limitation on Liens,” HRG may incur additional Debt, some of which may be secured.

The total liabilities of HRG on an unconsolidated and consolidated basis were \$1.8 billion and \$30.7 billion, respectively.

HRG is organized and intended to be operated as a holding company that owns Equity Interests of various Subsidiaries. It is not expected that future-operating Subsidiaries will guarantee the notes. Claims of creditors of non-guarantor Subsidiaries, including trade creditors, and creditors holding debt and guarantees issued by those Subsidiaries, and claims of preferred stockholders (if any) of those Subsidiaries generally will have priority with respect to the assets and earnings of those Subsidiaries over the claims of creditors of HRG, including holders of the notes, and holders of minority equity interests in such Subsidiaries will have ratable claims with claims of creditors of HRG. The notes therefore will be effectively subordinated to creditors (including trade creditors) and preferred stockholders (if any) of Subsidiaries of HRG. As of September 30, 2015, the total liabilities of Spectrum Brands were approximately \$5.7 billion, including trade payables. As of September 30, 2015, the total liabilities of FGL were approximately \$23.4 billion, including approximately \$17.8 billion in annuity contractholder funds, approximately \$3.5 billion in future policy benefits and approximately \$300.0 million of indebtedness under the FGH Notes. As of September 30, 2015, the total liabilities of HAMCO were approximately \$1.4 million and were approximately \$379.4 million when consolidated with the Asset Managers. As of September 30, 2015, the total liabilities of HGI Energy were approximately \$502.0 million. The Indenture does not limit the incurrence of Debt (or other liabilities) and Disqualified Stock of Subsidiaries that are not Guarantors. See “—Certain Covenants—Limitation on Debt and Disqualified Stock.”

HRG’s ability to pay interest on the notes is dependent upon the receipt of dividends and other distributions from its Subsidiaries. The availability of distributions from its Subsidiaries will be subject to the satisfaction of various covenants and conditions contained in the applicable Subsidiary’s existing and future financing and organizational documents, as well as applicable law, rule and regulation. See the section titled “Risk Factors—Risks Related to the Notes—We are a holding company and our only material assets are our equity interests in our operating subsidiaries and our other investments; as a result, our principal source of revenue and cash flow is distributions from our subsidiaries; our subsidiaries may be limited by law and by contract in making distributions to us.”

#### Optional Redemption

Except as set forth in this section, the notes are not redeemable at the option of HRG.

At any time and from time to time prior to January 15, 2017, HRG may redeem the notes at its option, in whole or in part, at a redemption price equal to 100% of the principal amount of notes redeemed plus the Applicable Premium as of, and accrued and unpaid interest, if any, to, the applicable redemption date.

“Applicable Premium” means, with respect to any note on any redemption date, the greater of

- (i) 1.0% of the principal amount of such note; or
- (ii) the excess of:

- (a) the present value at such redemption date of (i) the redemption price of such note at January 15, 2017 (such redemption price being set forth in the table appearing below), plus (ii) all required interest payments due on such note through January 15, 2017, excluding accrued but unpaid interest to the applicable redemption date, computed using a discount rate equal to the Treasury Rate as of such redemption date plus 50 basis points; over
- (b) the principal amount of the note.

“Treasury Rate” means, as of any redemption date, the yield to maturity as of such redemption date of United States Treasury securities with a constant maturity (as compiled and published in the most recent Federal Reserve Statistical Release H.15(519) that has become publicly available at least two business days prior to the redemption date (or, if such Statistical Release is no longer published, any publicly available source of similar market data)) most nearly equal to the period from the redemption date to January 15, 2017; provided, however, that if the period from the redemption date to January 15, 2017 is less than one year, the weekly average yield on actually traded United States Treasury securities adjusted to a constant maturity of one year will be used.

At any time and from time to time on or after January 15, 2017, HRG may redeem the notes, in whole or in part, at a redemption price equal to the percentage of principal amount set forth below plus accrued and unpaid interest to the redemption date.

12-month period commencing	Price
January 15, 2017	105.813%
January 15, 2018	103.875%
January 15, 2019	101.938%
January 15, 2020 and thereafter	100.000%

At any time and from time to time prior to January 15, 2017, HRG may redeem notes with the net cash proceeds received by HRG from any Equity Offering at a redemption price equal to 107.750% of the principal amount plus accrued and unpaid interest to the redemption date, in an aggregate principal amount for all such redemptions not to exceed 35% of the original aggregate principal amount of the notes issued under the Indenture (including additional notes), provided that

- (1) in each case the redemption takes place not later than 90 days after the closing of the related Equity Offering, and
- (2) not less than 65% of the aggregate principal amount of the notes issued under the Indenture remains outstanding immediately thereafter.

#### Selection and Notice

If fewer than all of the notes are being redeemed, the trustee will select the notes to be redeemed pro rata, by lot or by any other method the trustee in its sole discretion deems fair and appropriate in accordance with DTC procedures, in denominations of \$2,000 principal amount and higher integral multiples of \$1,000. Upon surrender of any note redeemed in part, the holder will receive a new note equal in principal amount to the unredeemed portion of the surrendered note. Once notice of redemption is sent to the holders, notes called for redemption become due and payable at the redemption price on the redemption date, and, commencing on the redemption date, notes redeemed will cease to accrue interest. Any redemption and notice thereof may, at HRG’s discretion, be subject to one or more conditions precedent.

#### No Sinking Fund

There will be no sinking fund payments for the notes.

#### Open Market Purchases and Other Purchases

From time to time, HRG or its Affiliates may acquire notes through open market purchases, privately negotiated transactions, tender offers, exchange offers, redemptions or otherwise, upon such terms and at such prices as HRG or its Affiliates (as applicable) may determine (or as may be provided for in the Indenture), which may be more or less than the consideration for which such series of notes are being sold and may be less than the redemption price in effect and could be for cash or other consideration, in accordance with applicable securities laws, so long as such acquisition does not otherwise violate the terms of the Indenture. There can be no assurance as to which, if any, of these alternatives or combinations thereof HRG or its Affiliates may choose to pursue in the future. Any notes held by HRG or its Affiliates shall be disregarded and deemed not to be outstanding when determining whether the holders of the requisite principal amount of the outstanding notes have given, taken or concurred in any direction, waiver or consent or other action.

#### Certain Covenants

Set forth below are summaries of certain covenants that will be contained in the Indenture. If at any time after the Issue Date that (i) the notes have Investment Grade Ratings by each of S&P and Moody’s (or, if either (or both) of S&P and Moody’s have been substituted in accordance with the definition of “Rating Agencies,” by each of the then

applicable Rating Agencies) and (ii) no Default has occurred and is continuing under the Indenture, HRG and the Guarantors will not be subject to the covenants in the Indenture specifically listed under the following captions in this “Description of 2022 Notes” section of this prospectus (the “Suspended Covenants”):

- (1) “—Maintenance of Liquidity”;
- (2) “—Limitation on Debt and Disqualified Stock”;
- (3) “—Limitation on Restricted Payments”;
- (4) “—Limitation on Dividend and Other Payment Restrictions Affecting Subsidiaries”;

47

---

- (5) “—Limitation on Asset Sales”;
- (6) “—Limitation on Transactions with Affiliates”; and
- (7) clause (3) under “—Consolidation, Merger or Sale of Assets.”

In the event that HRG and the Guarantors are not subject to the Suspended Covenants for any period of time as a result of the foregoing, and on any subsequent date (the “Reversion Date”) the condition set forth in clause (i) of the first paragraph of this section is no longer satisfied, then HRG and the Guarantors will thereafter again be subject to the Suspended Covenant with respect to future events.

On each Reversion Date, all Debt Incurred during such time as the above referenced covenants are suspended (a “Suspension Period”) prior to such Reversion Date will be deemed to be Debt Incurred pursuant to clause (8) of paragraph (b) under “—Limitation on Debt and Disqualified Stock.” For purposes of calculating the amount available to be made as Restricted Payments under clause (3) of paragraph (a) of “—Limitation on Restricted Payments,” calculations under such covenant shall be made as though such covenant had been in effect during the Suspension Period.

Restricted Payments made during the Suspension Period not otherwise permitted pursuant to paragraph (b) of the “—Limitation on Restricted Payments” covenant, or permitted under clauses (1), (10) and (13) of paragraph (b), will reduce the amount available to be made as Restricted Payments under clause (3) of paragraph (a) of such covenant. For purposes of the “—Limitation on Asset Sales” covenant, on the Reversion Date, the amount of Excess Proceeds will be reset to the amount of Excess Proceeds (as defined below) in effect as of the first day of the Suspension Period ending on such Reversion Date. Notwithstanding that the Suspended Covenants may be reinstated, no Default or Event of Default shall be deemed to have occurred as a result of a failure to comply with the Suspended Covenants during a Suspension Period (or on the Reversion Date after a Suspension Period based solely on events that occurred during the Suspension Period).

There can be no assurance that the notes will ever achieve or maintain Investment Grade Ratings from the Rating Agencies.

#### Maintenance of Liquidity

From the Issue Date, HRG and the Guarantors shall maintain an amount in Cash Equivalents that is subject to no Liens (other than Liens under the Security Documents) in an amount equal to HRG’s obligations to pay interest on the notes and all other Debt of HRG and the Guarantors for the next six months. In the case any such Debt bears interest at a floating rate, HRG may assume that the reference interest rate in effect on the applicable date of determination will be in effect for the remainder of such period.

#### Limitation on Debt and Disqualified Stock

(a) Neither HRG nor any Guarantor will Incur any Debt.

(b) Notwithstanding the foregoing, HRG and, to the extent provided below, any Guarantor may Incur the following (“Permitted Debt”):

Debt of HRG or any Guarantor constituting Secured Obligations; provided that, on the date of the Incurrence, after (1) giving effect to the Incurrence and the receipt and application of the proceeds therefrom, the Collateral Coverage Ratio is not less than 2.0 to 1.0;

(2) Debt of HRG or any Guarantor owed to HRG or any Guarantor so long as such Debt continues to be owed to HRG or any Guarantor;

Unsecured Debt of HRG or any Guarantor; provided that (a) if such Debt is Subordinated Debt, such Subordinated Debt has a Stated Maturity after the Stated Maturity of the notes and (b) on the date of the Incurrence, after giving effect to the Incurrence and the receipt and application of the proceeds therefrom, the Total Debt Coverage Ratio is not less than 2.0 to 1.0;

(4) Debt of HRG pursuant to the notes (other than additional notes, but including the Exchange Notes) and Debt of any Guarantor pursuant to a Note Guaranty of the notes (including additional notes and the Exchange Notes);

Debt (“Permitted Refinancing Debt”) constituting an extension or renewal of, replacement of, or substitution for, or issued in exchange for, or the net proceeds of which are used to repay, redeem, repurchase, refinance or refund, (5) including by way of defeasance (all of the foregoing, for purposes of this clause, “refinance”) then outstanding Debt in an amount not to exceed the principal amount of the Debt so refinanced, plus premiums, fees and expenses; provided that

in case the Debt to be refinanced is Subordinated Debt, the new Debt, by its terms or by the terms of any (A) agreement or instrument pursuant to which it is outstanding, is expressly made subordinate in right of payment to the notes at least to the extent that the Debt to be refinanced is subordinated to the notes,

48

---

- (B) the new Debt does not have a Stated Maturity prior to the Stated Maturity of the Debt to be refinanced, and the Average Life of the new Debt is at least equal to the remaining Average Life of the Debt to be refinanced, and
- (C) Debt Incurred pursuant to clauses (2), (3), (6), (7), (9), (10), (11), (12) and (13) may not be refinanced pursuant to this clause;
- (6) Hedging Agreements of HRG or any Guarantor entered into in the ordinary course of business for the purpose of managing risks associated with the business of HRG or its Subsidiaries and not for speculation;
- Debt of HRG or any Guarantor with respect to (A) letters of credit and bankers' acceptances issued in the ordinary course of business and not supporting other Debt, including letters of credit supporting performance, surety or appeal bonds, workers' compensation claims, health, disability or other benefits to employees or former employees or their families or property, casualty or liability insurance or self-insurance, and letters of credit in connection
- (7) with the maintenance of, or pursuant to the requirements of, environmental or other permits or licenses from governmental authorities, or other Debt with respect to reimbursement type obligations regarding workers' compensation claims and (B) indemnification, adjustment of purchase price, earn-out or similar obligations incurred or assumed in connection with the acquisition or disposition of any business or assets;
- (8) Debt of HRG outstanding on the Issue Date (and, for purposes of clause 5(C) not otherwise constituting Permitted Debt);
- (9) Debt of HRG or any Guarantor consisting of Guarantees of Debt of HRG or any Guarantor Incurred under any other clause of this covenant;
- (10) Debt of HRG or any Guarantor Incurred on or after the Issue Date not otherwise permitted in an aggregate principal amount at any time outstanding not to exceed \$75.0 million;
- Debt arising from endorsing instruments of deposit and from the honoring by a bank or other financial institution
- (11) of a check, draft or similar instrument drawn against insufficient funds, in each case, in the ordinary course of business; provided that such Debt is extinguished within five business days of Incurrence;
- (12) Debt of HRG or any Guarantor consisting of the financing of insurance premiums;
- (13) Contribution Debt; and
- Debt, which may include Capital Leases, Incurred on or after the Issue Date no later than 180 days after the date of purchase, or completion of construction or improvement of property, for the purpose of financing all or any part of the purchase price or cost of construction or improvement; provided that the principal amount of any Debt
- (14) Incurred pursuant to this clause at any time outstanding may not exceed (a) \$25.0 million less (b) the aggregate outstanding amount of Permitted Refinancing Debt Incurred to refinance Debt Incurred pursuant to this clause; and
- Notwithstanding any other provision of this covenant, for purposes of determining compliance with this covenant, increases in Debt solely due to fluctuations in the exchange rates of currencies will not be deemed to exceed the maximum amount that HRG or a Guarantor may Incur under this covenant. For purposes of determining compliance with any U.S. dollar-denominated restriction on the Incurrence of Debt, the U.S. dollar-equivalent principal amount of Debt denominated in a foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Debt was Incurred; provided that if such Debt is Incurred to refinance other
- (c) Debt denominated in a foreign currency, and such refinancing would cause the applicable U.S. dollar-denominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such U.S. dollar-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Debt does not exceed the principal amount of such Debt being refinanced (including, for the avoidance of doubt, premium, fees and expenses). The principal amount of any Debt Incurred to refinance other Debt, if Incurred in a different currency from the Debt being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such respective Debt is denominated that is in effect on the date of such refinancing.
- In the event that an item of Debt meets the criteria of more than one of the types of Debt described in this covenant,
- (d) HRG, in its sole discretion, will classify items of Debt and will only be required to include the amount and type of such Debt in one of such clauses and HRG will be entitled to divide and classify an item of Debt in more than one of the types of Debt described in this covenant, and may, at any time

after such Incurrence (based on circumstances existing at such time), change the classification of an item of Debt (or any portion thereof) to any other type of Debt described in this covenant at any time. If any Contribution Debt is redesignated as Incurred under any provision other than clause (13) of paragraph (b), the related issuance of Equity Interests may be included in any calculation under paragraph (a)(3)(B) of “—Limitation on Restricted Payments.”

Neither HRG nor any Guarantor may Incur any Debt that is subordinated in right of payment to other Debt of HRG or the Guarantor unless such Debt is also subordinated in right of payment to the notes or the relevant Note (e) Guaranty on substantially identical terms. This does not apply to distinctions between categories of Debt that exist by reason of any Liens or Guarantees securing or in favor of some but not all of such Debt.

#### Limitation on Restricted Payments

HRG will not, and, to the extent within HRG’s control, will not permit any of its Subsidiaries (including any (a) Guarantor) to, directly or indirectly (the payments and other actions described in the following clauses being collectively “Restricted Payments”):

• declare or pay any dividend or make any distribution on its Equity Interests (other than dividends or distributions paid in HRG’s Qualified Equity Interests) held by Persons other than HRG or any of its Subsidiaries;

• purchase, redeem or otherwise acquire or retire for value any Equity Interests of HRG or any direct or indirect parent of HRG held by Persons other than HRG or any of its Subsidiaries;

• repay, redeem, repurchase, defease or otherwise acquire or retire for value, or make any payment on or with respect to, any Subordinated Debt of HRG or any Guarantor except a payment of interest or principal at Stated Maturity; or

• make any Investment in any direct or indirect parent of HRG;

unless, at the time of, and after giving effect to, the proposed Restricted Payment:

- (1) no Default has occurred and is continuing,
- (2) HRG could Incur at least \$1.00 of Debt under paragraph (b)(3) under “—Limitation on Debt and Disqualified Stock,” and
- (3) the aggregate amount expended for all Restricted Payments made on or after the Issue Date would not, subject to paragraph (c), exceed the sum of
  - (A) 50% of the aggregate amount of the Consolidated Net Income (or, if the Consolidated Net Income is a loss, minus 100% of the amount of the loss) accrued on a cumulative basis during the period, taken as one accounting period, beginning with the first fiscal quarter commencing after the Issue Date and ending on the last day of HRG’s most recently completed fiscal quarter for which internal financial statements are available, plus
  - (B) subject to paragraph (c), the aggregate net cash proceeds and the fair market value of marketable securities or other property received by HRG (other than from a Subsidiary) after the Issue Date
  - (i) from the issuance and sale of its Qualified Equity Interests, including by way of issuance of its Disqualified Equity Interests or Debt to the extent since converted into Qualified Equity Interests of HRG, or
  - (ii) as a contribution to its common equity (other than Equity Interests sold to a Subsidiary), plus
  - (C) \$75.0 million.

The amount expended in any Restricted Payment, if other than in cash, will be deemed to be the fair market value of the relevant non-cash assets, as determined in good faith by the Board of Directors, whose determination will be conclusive and evidenced by a resolution of the Board of Directors.

(b) The foregoing will not prohibit:

the payment of any dividend, or distribution or consummation of a redemption within 60 days after the date of (1) declaration thereof or the giving of the redemption notice, as applicable, if, at the date of declaration or notice such payment would comply with paragraph (a);

(2) dividends or distributions by the EXCO Joint Venture or a Subsidiary payable, on a pro rata basis or on a basis more favorable than pro rata to HRG, to all holders of any class of Capital Stock of such Person;

- the repayment, redemption, repurchase, defeasance or other acquisition or retirement for value of (a) Subordinated Debt with the proceeds of, or in exchange for, Permitted Refinancing Debt which incurrence occurs within 60 days prior to such repayment, redemption, repurchase, defeasance or other acquisition or retirement for value provided that such repayment would have complied with the provisions of the Indenture on such incurrence date; or (b)
- (3) Existing Preferred Stock with the proceeds of, or in exchange for, Subordinated Debt or with the proceeds of this offering of notes or other unsecured Debt or with any other available cash, except to the extent such cash is the proceeds of any borrowing incurred after the Issue Date of Debt constituting Secured Obligations, provided further that in the case of this clause (b), such Subordinated Debt or other unsecured Debt does not have a Stated Maturity prior to the Stated Maturity of the notes;
- the purchase, redemption or other acquisition or retirement for value of Equity Interests of HRG (including the Existing Preferred Stock) or any direct or indirect parent in exchange for, or out of the proceeds of, (i) an offering
- (4) (occurring within 60 days of such purchase redemption or other acquisition or retirement for value) of Qualified Equity Interests of HRG or (ii) a contribution to the common equity capital of HRG;
- the making of any Restricted Payment in exchange for, or out of the proceeds of (i) an offering (occurring within
- (5) 60 days of such Restricted Payment) of Qualified Equity Interests of HRG or (ii) a contribution to the common equity capital of HRG;
- the purchase, redemption or other acquisition or retirement for value of Equity Interests of HRG held by officers, directors or employees or former officers, directors or employees (or their estates or beneficiaries under their estates), upon death, disability, retirement, severance or termination of employment or pursuant to any agreement under which the Equity Interests were issued; provided that the aggregate cash consideration paid therefor in any
- (6) fiscal year, commencing with the fiscal year during which the Issue Date occurred, does not exceed an aggregate amount equal to the sum of (x) \$25.0 million and (y) the amount of Restricted Payments permitted but not made pursuant to this clause (6) in prior fiscal years commencing with the fiscal year during which the Issue Date occurred, provided that no more than \$50.0 million may be carried forward from a fiscal year to the next succeeding fiscal year such that the aggregate amount of cash consideration paid pursuant to this clause (6) in any fiscal year shall not exceed \$75.0 million;
- the repurchase of any Subordinated Debt at a purchase price not greater than (x) 101% of the principal amount thereof in the event of a change of control pursuant to a provision no more favorable to the holders thereof than
- (7) “—Repurchase of Notes Upon a Change of Control” or (y) 100% of the principal amount thereof in the event of an Asset Sale pursuant to a provision no more favorable to the holders thereof than “—Limitation on Asset Sales,” provided that, in each case, prior to the repurchase HRG has made an Offer to Purchase and repurchased all notes issued under the Indenture that were validly tendered for payment in connection with the Offer to Purchase;
- (8) Restricted Payments not otherwise permitted hereby in an aggregate amount not to exceed \$75.0 million;
- (a) repurchases of Equity Interests deemed to occur upon the exercise of stock options or warrants if the Equity Interests represent all or a portion of the exercise price thereof (or related withholding taxes) and (b) Restricted
- (9) Payments by HRG to allow the payment of cash in lieu of the issuance of fractional shares upon the exercise of options or warrants or upon the conversion or exchange of Equity Interests of HRG in an aggregate amount under this clause (b) not to exceed \$1.0 million;
- payment of dividends or distributions on Disqualified Equity Interests of HRG or any Guarantor and payment of any redemption price or liquidation value of any Disqualified Equity Interest when due in accordance with its
- (10) terms, in each case, to the extent that such Disqualified Equity Interest was permitted to be Incurred in accordance with the provisions of the Indenture; provided that, no Restricted Payment may be made pursuant to this clause (10) in connection with, or pursuant to the terms of, the Existing Preferred Stock;
- in the case of any Subsidiary of HRG that, in the ordinary course of its business, makes Investments in private collective investment vehicles (including private collective investment vehicles other than those owned by
- (11) Permitted Holders), Investments by such Subsidiary in private collective investment vehicles owned or managed by Permitted Holders;

Payments by HRG used to fund costs, expenses and fees related to (i) the Hardware Acquisition and the EXCO/HRG Closing, (ii) the 2019 Notes and the issuance of the notes and the use of proceeds therefrom, in each (12) case as disclosed in the offering circular relating to such offering (iii) the Spectrum Brands Acquisition or (iv) future acquisitions if such costs, expenses and fees are reasonable and customary (as determined in good faith by HRG);

(13) the payment of dividends on Qualified Equity Interests of up to 8.0% per annum of the greater of the gross proceeds received by HRG from any offering or sale of such Qualified Equity Interests after the Issue Date or the accreted value of such Equity Interests (provided that the aggregate amount of dividends paid on such Qualified Equity Interests shall not exceed the proceeds therefrom received by HRG after the Issue Date); and the purchase, redemption or other acquisition or retirement for value of Equity Interests of HRG; provided that the aggregate cash consideration paid therefor in any fiscal year, commencing with the fiscal year ended September 30, 2013, does not exceed an aggregate amount equal to the sum of (x) \$20.0 million and (y) the amount of (14) Restricted Payments permitted but not made pursuant to this clause (14) in prior fiscal years commencing with the fiscal year ended September 30, 2013, provided that no more than \$10.0 million may be carried forward from a prior fiscal year to any new fiscal year; provided, further, that the aggregate amount of cash consideration paid pursuant to this clause (14) in any fiscal year shall not exceed \$75.0 million.

provided that, in the case of clauses (6), (7), (10) and (13), no Default has occurred and is continuing or would occur as a result thereof.

Proceeds of the issuance of Qualified Equity Interests will be included under clause (3) of paragraph (a) only to the extent they are not applied as described in clause (4) or (5) of paragraph (b). Restricted Payments permitted (c) pursuant to clauses (2) through (9), (11), (12) and (14) will not be included in making the calculations under clause (3) of paragraph (a).

For purposes of determining compliance with this covenant, in the event that a proposed Restricted Payment (or portion thereof) meets the criteria of more than one of the categories of Restricted Payments described in clauses (1) through (14) above, or is entitled to be incurred pursuant to paragraph (a) of this covenant, HRG will be entitled (d) to divide, classify or re-classify (based on circumstances existing at the time of such re-classification) such Restricted Payment (or portion thereof) in any manner that complies with this covenant and such Restricted Payment will be treated as having been made pursuant to only such clause or clauses or the paragraph (a) of this covenant.

Paragraph (a) of this covenant will not prohibit the payment of dividends pursuant to Section 2(a) of the Certificate (e) of Designation of Series A and Certificate of Designation of Series A-2 governing the Existing Preferred Stock as of the Issue Date.

HRG and the Guarantors will not directly or indirectly make any Investment in LightSquared; provided that HRG and any Guarantor may acquire Equity Interests in LightSquared (i) solely in exchange for Qualified Equity (f) Interests of HRG or solely as a contribution to the common equity of HRG; or (ii) if, after giving effect to the Investment, the Cash Collateral Coverage Ratio would be at least 2.0 to 1.0.

#### Limitation on Liens

Neither HRG nor any Guarantor will, create, incur, assume or otherwise cause or suffer to exist or become effective any Lien of any kind upon any of their property or assets, whether owned at the Issue Date or thereafter acquired, to secure Debt or other obligations that are pari passu with or subordinated in right of payment to the notes or Note Guaranties, if any (other than Permitted Liens), without effectively providing that the notes are secured equally and ratably with (or, if the obligation to be secured by the Lien is subordinated in right of payment to the notes or any Note Guaranty, prior to) the obligations so secured for so long as such obligations are so secured.

For purposes of determining compliance with this covenant, (A) a Lien securing an item of Debt need not be permitted solely by reference to one category of permitted Liens described in the definition of "Permitted Liens" but may be permitted in part under any combination thereof and (B) in the event that a Lien securing an item of Debt, Disqualified Stock or Preferred Stock (or any portion thereof) meets the criteria of one or more of the categories of permitted Liens described in the definition of "Permitted Liens," HRG shall, in its sole discretion, divide, classify or reclassify, or later divide, classify or reclassify, such Lien securing such item of Debt (or any portion thereof) in any

manner that complies with this covenant and will only be required to include the amount and type of such Lien or such item of Debt secured by such Lien in one of the clauses of the definition of "Permitted Liens" and such Lien securing such item of Debt will be treated as being Incurred or existing pursuant to only one of such clauses.

52

---

With respect to any Lien securing Debt that was permitted to secure such Debt at the time of the Incurrence of such Debt, such Lien shall also be permitted to secure any Increased Amount of such Debt provided that such Increased Amount is otherwise permitted to be Incurred. The “Increased Amount” of any Debt shall mean any increase in the amount of such Debt in connection with any accrual of interest, the accretion of accreted value, the amortization of original issue discount, the payment of interest in the form of additional Debt with the same terms, the payment of dividends on Preferred Stock in the form of additional shares of Preferred Stock of the same class, accretion of original issue discount or liquidation preference and increases in the amount of Debt outstanding solely as a result of fluctuations in the exchange rate of currencies or increases in the value of property securing Debt described in subclause (7) of the definition of “Debt.”

#### Limitation on Sale and Leaseback Transactions

Neither HRG nor any Guarantor will enter into any Sale and Leaseback Transaction with respect to any property or asset unless HRG or the Guarantor would be entitled to

- (1) Incur Debt in an amount equal to the Attributable Debt with respect to such Sale and Leaseback Transaction pursuant to “—Limitation on Debt and Disqualified Stock,” and
- (2) create a Lien on such property or asset securing such Attributable Debt without equally and ratably securing the notes pursuant to “—Certain Covenants—Limitation on Liens,”

in which case, the corresponding Debt and Lien will be deemed Incurred pursuant to those provisions.

#### Limitation on Dividend and Other Payment Restrictions Affecting Subsidiaries

Except as provided in paragraph (b), HRG will not, and, to the extent within HRG’s control, will not permit any (a) Subsidiary to, create or otherwise cause or permit to exist or become effective any encumbrance or restriction of any kind on the ability of any Subsidiary to:

- (1) pay dividends or make any other distributions on any Equity Interests of the Subsidiary owned by HRG or any other Subsidiary;
  - (2) pay any Debt or other obligation owed to HRG or any other Subsidiary;
  - (3) make loans or advances to HRG or any other Subsidiary; or
  - (4) transfer any of its property or assets to HRG or any other Subsidiary.
- (b) The provisions of paragraph (a) do not apply to any encumbrances or restrictions:
- (1) existing on the Issue Date in the Indenture or any other agreements in effect on the Issue Date, and any extensions, renewals, replacements or refinancings of any of the foregoing; provided that the encumbrances and restrictions in the extension, renewal, replacement or refinancing are, taken as a whole, no less favorable in any material respect to the noteholders than the encumbrances or restrictions being extended, renewed, replaced or refinanced;
  - (2) existing under or by reason of applicable law, rule, regulation or order; existing with respect to any Person, or to the property or assets of any Person, at the time the Person is acquired by HRG or any Subsidiary, which encumbrances or restrictions (i) are not applicable to any other Person or the property or assets of any other Person (other than Subsidiaries of such Person) and (ii) do not materially adversely
  - (3) affect HRG’s ability to make interest and principal payments on the notes, and any extensions, renewals, replacements, or refinancings of any of the foregoing, provided the encumbrances and restrictions in the extension, renewal, replacement or refinancing are, taken as a whole, no less favorable in any material respect to the noteholders than the encumbrances or restrictions being extended, renewed, replaced or refinanced; of the type described in clause (a)(4) arising or agreed to in the ordinary course of business (i) that restrict in a
  - (4) customary manner the subletting, assignment or transfer of any property or asset that is subject to a lease or license or (ii) by virtue of any Lien on, or agreement to transfer, option or similar right (including any asset sale or stock sale agreement) with respect to any property or assets of, HRG or any Subsidiary; with respect to a Subsidiary and imposed pursuant to an agreement that has been entered into for the sale or
  - (5) disposition of all or substantially all of the Capital Stock of, or property and assets of, the Subsidiary that is not prohibited by “—Limitation on Asset Sales”;
  - (6) contained in the terms governing any Debt of any Subsidiary if the encumbrances or restrictions are ordinary and customary for a financing of that type or would not, taken as a whole, materially adversely affect HRG’s ability to

make interest and principal payments on the notes;  
(7)required pursuant to the Indenture;

53

---

- existing pursuant to customary provisions in partnership agreements, limited liability company organizational governance documents, joint venture and other similar agreements entered into in the ordinary course of business
- (8) that restrict the transfer of ownership interests in such partnership, limited liability company, joint venture or similar Person (including, for the avoidance of doubt and without limitation, the EXCO Joint Venture);
  - (9) consisting of restrictions on cash or other deposits or net worth imposed by customers, suppliers or landlords under contracts entered into in the ordinary course of business;
  - (10) existing pursuant to purchase money and capital lease obligations for property acquired in the ordinary course of business; and
  - (11) restrictions or conditions contained in any trading, netting, operating, construction, service, supply, purchase or other agreement to which HRG or any of its Subsidiaries is a party entered into in the ordinary course of business; provided that such agreement prohibits the encumbrance solely of the property or assets of HRG or such Subsidiary that are the subject of such agreement, the payment rights thereunder or the proceeds thereof and does not extend to any other asset or property of HRG or such Subsidiary or the assets or property of any other Subsidiary.

For purposes of determining compliance with this covenant, (i) the priority of any Preferred Stock in receiving dividends or liquidating distributions prior to dividends or liquidating distributions being paid on common stock or other Preferred Stock shall not be deemed a restriction on the ability to make distributions on Equity Interests and (ii) the subordination of loans or advances made to HRG or any Subsidiary to other Debt Incurred by HRG or any such Subsidiary shall not be deemed a restriction on the ability to make loans or advances.

#### Repurchase of Notes upon a Change of Control

If a Change of Control occurs, each holder of notes will have the right to require HRG to repurchase all or any part (equal to \$2,000 or a higher multiple of \$1,000) of that holder's notes pursuant to a Change of Control Offer on the terms set forth in the Indenture. In the Change of Control Offer, HRG will offer a payment (such payment, a "Change of Control Payment") in cash equal to 101% of the aggregate principal amount of notes repurchased, plus accrued and unpaid interest thereon, to the date of purchase. Within 30 days following any Change of Control, HRG will mail, or deliver electronically, a notice to each holder describing the transaction or transactions that constitute the Change of Control and offering to repurchase notes on the date specified in such notice (the "Change of Control Payment Date"), which date shall be no earlier than 30 days and no later than 60 days from the date such notice is mailed or delivered electronically, pursuant to the procedures required by the Indenture and described in such notice. HRG will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable in connection with the repurchase of the notes as a result of a Change of Control. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of the Indenture, HRG will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control provisions of the Indenture by virtue of such compliance.

On or before the Change of Control Payment Date, HRG will, to the extent lawful:

- (1) accept for payment all notes or portions thereof properly tendered pursuant to the Change of Control Offer;
- (2) deposit with the paying agent an amount equal to the Change of Control Payment in respect of all notes or portions thereof properly tendered; and
- (3) deliver or cause to be delivered to the trustee the notes so accepted together with an Officer's Certificate stating the aggregate principal amount of notes or portions thereof being purchased by HRG.

The paying agent will promptly mail or wire transfer to each holder of notes properly tendered the Change of Control Payment for such notes, and the trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each holder a new note equal in principal amount to any unpurchased portion of the notes surrendered, if any. A Change of Control will generally constitute a change of control under HRG's existing debt instruments and any future credit agreements, series of Preferred Stock or other agreements to which HRG or any of its Subsidiaries becomes a party may provide that certain change of control events with respect to HRG would constitute a default under these agreements. HRG's ability to pay cash to the holders following the occurrence of a Change of Control may be limited by HRG's then existing financial resources. Moreover, the exercise by the holders of their right to require

HRG to purchase the notes could cause a default under other debt, even if the Change of Control itself does not, due to the financial effect of the purchase on HRG. There can be no assurance that sufficient funds will be available when necessary to make the required purchase of the notes. See “Risk Factors—Risks Related to the Notes—We may be unable to repurchase the notes upon a change of control.”

HRG will not be required to make a Change of Control Offer upon a Change of Control if (1) a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by HRG and purchases all notes validly tendered and not withdrawn under such Change of Control Offer or (2) a notice of redemption has been given with respect to all the notes pursuant to the Indenture as described above under the caption “—Optional Redemption,” unless and until there is a default in payment of the applicable redemption price.

Notes repurchased by HRG pursuant to a Change of Control Offer will have the status of notes issued but not outstanding or will be retired and cancelled at the option of HRG. Notes purchased by a third party pursuant to the preceding paragraph will have the status of notes issued and outstanding.

If holders of not less than 90% in aggregate principal amount of the outstanding notes validly tender and do not withdraw such notes in a Change of Control Offer and HRG, or any third party making a Change of Control Offer in lieu of HRG as described above, purchases all of the notes validly tendered and not withdrawn by such holders, HRG or such third party will have the right, upon not less than 30 nor more than 60 days' prior notice, given not more than 30 days following such purchase pursuant to the Change of Control Offer described above, to redeem all notes that remain outstanding following such purchase at a price in cash equal to 101% of the principal amount thereof plus accrued and unpaid interest to but excluding the date of redemption.

A Change of Control Offer may be made in advance of a Change of Control, conditional upon such Change of Control or another event, if a definitive agreement is in place for the Change of Control at the time of making of the Change of Control Offer.

The provisions under the Indenture relative to HRG's obligation to make a Change of Control Offer may be waived or modified with the written consent of the holders of a majority in principal amount of the notes.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of “all or substantially all” of the properties or assets of HRG and its Subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase “substantially all,” there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of the notes to require HRG to repurchase such notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of HRG and its Subsidiaries taken as a whole to another Person or group may be uncertain.

Under a Delaware Chancery Court interpretation of a change of control repurchase requirement with a continuing director provision, a board of directors may approve a slate of shareholder-nominated directors without endorsing them or while simultaneously recommending and endorsing its own slate instead. The foregoing interpretation would permit HRG's Board of Directors to approve a slate of directors that included a majority of dissident directors nominated pursuant to a proxy contest, and the ultimate election of such directors would not constitute a “Change of Control” under the Indenture that would trigger the rights of a holder of notes to require a repurchase of the notes pursuant to this covenant.

#### Limitation on Asset Sales

Neither HRG nor any Guarantor will make any Asset Sale unless the following conditions are met:

- (1) The Asset Sale is for fair market value, as determined in good faith by the Board of Directors.
- (2) At least 75% of the consideration consists of Cash Equivalents received at closing or Replacement Assets. For purposes of this clause (2):
  - (A) the assumption by the purchaser, or cancellation, of Debt or other obligations (other than Subordinated Debt) of HRG or a Guarantor pursuant to a customary novation agreement or acknowledgement of such cancellation, provided, however, that such cancellation permanently retires such Debt (and in the case of a revolving credit facility, permanently reduces the commitment thereunder by such amount);
  - (B) instruments, securities, obligations or other assets received from the purchaser that are promptly, but in any event within 120 days of the closing, converted by HRG to Cash Equivalents, to the extent of the Cash Equivalents actually so received; and
  - (C) any Designated Non-cash Consideration received by HRG or any Guarantor in such Asset Sale having an aggregate fair market value, taken together with all other Designated Non-cash Consideration received pursuant to this clause (C) that is at that time outstanding, not to exceed \$25.0 million at the time of the receipt of such

Designated Non-cash Consideration (with the fair market value of each item of Designated Non-cash Consideration being measured at the time received and without giving effect to subsequent changes in value) shall be considered Cash Equivalents received at closing.

Within 450 days after the receipt of any Net Cash Proceeds from an Asset Sale, the Net Cash Proceeds may be (3) used to (a) acquire all or substantially all of the assets of an operating business, a majority of the Voting Stock of another Person that thereupon becomes a Subsidiary engaged

in an operating business or to make other Investments in Persons other than Permitted Holders in the ordinary course of business (collectively, “Replacement Assets”), (b) make a capital contribution to a Subsidiary, the proceeds of which are used by such Subsidiary to purchase an operating business, to make capital expenditures or otherwise acquire long-term assets that are to be used in an operating business or to make other Investments in Persons other than Permitted Holders in the ordinary course of business, (c) repay, repurchase or retire secured Debt of HRG or any Guarantor and, if applicable, to correspondingly reduce commitments with respect thereto and in the case of a revolving credit, permanently reduce the commitment thereunder by such amount; and/or (d) repay, repurchase or retire the notes or pari passu Debt and, if applicable, to correspondingly reduce commitments with respect thereto and in the case of a revolving credit, permanently reduce the commitment thereunder by such amount; provided that if the Issuer shall so reduce such pari passu Debt, it will, on a ratable basis, make an Offer to Purchase in accordance with the procedures set forth below to all holders of notes to purchase at a purchase price equal to 100% of the principal amount thereof, plus accrued and unpaid interest, if any, the pro rata principal amount of notes, provided that, in the case of clauses (a) and (b) above, a binding commitment shall be treated as a permitted application of the Net Cash Proceeds from the date of such commitment so long as such commitment is entered into with the good faith expectation that such Net Cash Proceeds will be applied to satisfy such commitment within 180 days of such commitment (an “Acceptable Commitment”) and, in the event any Acceptable Commitment is later cancelled or terminated for any reason before the Net Cash Proceeds are applied in connection therewith, another Acceptable Commitment (a “Second Commitment”) is entered into within 180 days of such cancellation or termination (or, if later, within 450 days after the receipt of such Net Cash Proceeds); provided further that if any Second Commitment is later cancelled or terminated for any reason before such Net Cash Proceeds are applied, then such Net Cash Proceeds shall constitute Excess Proceeds (as defined below).

Following the entering into of a binding commitment with respect to an Asset Sale and prior to the consummation thereof, Cash Equivalents (whether or not actual Net Cash Proceeds of such Asset Sale) used for the purposes described in this clause (3) that are designated as uses in accordance with this clause (3), and not previously or subsequently so designated in respect of any other Asset Sale, shall be deemed to be Net Cash Proceeds applied in accordance with this clause (3).

The Net Cash Proceeds of an Asset Sale not applied within the time periods set forth in and pursuant to clause (3) shall constitute “Excess Proceeds.” Excess Proceeds of less than \$35.0 million will be carried forward and accumulated; provided that until the aggregate amount of Excess Proceeds equals or exceeds \$35.0 million, all or (4) any portion of such Excess Proceeds may be used or invested in the manner described in clause (3) above and such invested amount shall no longer be considered Excess Proceeds. When accumulated Excess Proceeds equals or exceeds such amount, HRG must, within 30 days, make an “Offer to Purchase” notes having a principal amount equal to

- (A) accumulated Excess Proceeds, multiplied by a fraction (x) the numerator of which is equal to the outstanding principal amount of the notes and (y) the denominator of which is equal to the outstanding principal amount of the notes and all pari passu Debt owed to
- (B) anyone other than HRG, a Subsidiary or any Permitted Holder similarly required to be repaid, redeemed or tendered for in connection with the Asset Sale, rounded down to the nearest \$1,000.

The purchase price for the notes will be 100% of the principal amount plus accrued interest to the date of purchase. If the Offer to Purchase is for less than all of the outstanding notes and notes in an aggregate principal amount in excess of the purchase amount are tendered and not withdrawn pursuant to the offer, HRG will purchase notes having an aggregate principal amount equal to the purchase amount on a pro rata basis, by lot or any other method that the trustee in its sole discretion deems fair and appropriate with adjustments so that only notes in multiples of \$1,000 principal amount will be purchased. Upon completion of the Offer to Purchase, Excess Proceeds will be reset at zero, and any Excess Proceeds remaining after consummation of the Offer to Purchase may be used for any purpose not otherwise prohibited by the Indenture.

An “Offer to Purchase” must be made by written offer, which will specify the principal amount of notes subject to the offer and the purchase price. The offer must specify an expiration date (the “expiration date”) not less than 30 days or more than 60 days after the date of the offer and a settlement date for purchase (the “purchase date”) not more than five

business days after the expiration date. The offer will also contain instructions and materials necessary to enable holders to tender notes pursuant to the offer.

HRG will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable in connection with the repurchase of the notes pursuant to this covenant. To the extent that the provisions of any securities laws or regulations conflict with the provisions of this covenant, HRG

56

---

will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the provisions of this covenant by virtue of such compliance.

Limitation on Transactions with Affiliates

HRG will not, and, to the extent within HRG's control, will not permit any Subsidiary to, directly or indirectly, enter into, renew or extend any transaction or arrangement including the purchase, sale, lease or exchange of property or assets, or the rendering of any service with any Affiliate of HRG (a "Related Party Transaction"),

(a) involving payments or consideration in excess of \$5.0 million except upon fair and reasonable terms that taken as a whole are no less favorable to HRG or the Subsidiary than could be obtained in a comparable arm's-length transaction with a Person that is not an Affiliate of HRG.

Any Related Party Transaction or series of Related Party Transactions with an aggregate value in excess of \$15.0 million must first be approved by a majority of the relevant Board of Directors who are disinterested in the subject matter of the transaction pursuant to a resolution of such Board of Directors. Prior to entering into any Related Party Transaction or series of Related Party Transactions with an aggregate value in excess of \$25.0 million, HRG must in addition obtain a favorable written opinion from a nationally recognized investment banking, appraisal or accounting firm as to the fairness of the transaction to HRG and its Subsidiaries from a financial point of view.

(c) The foregoing paragraphs do not apply to

- (1) any transaction between HRG and any of its Subsidiaries or between Subsidiaries of HRG;  
the payment, by HRG or a Subsidiary, of reasonable and customary regular fees and compensation to, and
- (2) reasonable and customary indemnification arrangements and similar payments on behalf of, directors of HRG or directors of such Subsidiary, respectively, who are not employees of HRG or such Subsidiary, respectively;
- (3) any Restricted Payments if permitted by "—Limitation on Restricted Payments";  
transactions or payments, including the award of securities, pursuant to any employee, officer or director
- (4) compensation or benefit plans or arrangements by HRG or a Subsidiary entered into in the ordinary course of business, or approved by the Board of Directors of HRG or such Subsidiary, respectively;  
transactions pursuant to any contract or agreement in effect on the Issue Date, as amended, modified or replaced
- (5) from time to time so long as the terms of the amended, modified or new agreements, taken as a whole, are no less favorable to HRG and its Subsidiaries than those in effect on the date of the Indenture;
- (6) the entering into of a customary agreement providing registration rights, and the performance of such agreements;  
the issuance of Equity Interests (other than Disqualified Equity Interests) of HRG to any Person or any transaction
- (7) with an Affiliate where the only consideration paid by HRG or any Subsidiary is Equity Interests (other than Disqualified Equity Interests) of HRG or any contribution to the capital of HRG;
- (8) the entering into of any tax sharing agreement or arrangement or any other transactions undertaken in good faith for the sole purpose of improving the tax efficiency of HRG and its Subsidiaries;  
(A) transactions with customers, clients, suppliers or purchasers or sellers of goods or services, or transactions otherwise relating to the purchase or sale of goods or services, in each case in the ordinary course of business and otherwise in compliance with the terms of the Indenture, (B) transactions with joint ventures entered into in
- (9) ordinary course of business and consistent with past practice or industry norm (including, for the avoidance of doubt and without limitation, the EXCO Joint Venture) or (C) any management services or support agreement entered into on terms consistent with past practice and approved by a majority of HRG's or the relevant Subsidiary's Board of Directors (including a majority of the disinterested directors) in good faith;  
transactions permitted by, and complying with, the provisions of, the "Consolidation, Merger or Sale of
- (10) Assets" covenant, or any merger, consolidation or reorganization of HRG or a Subsidiary with an Affiliate, solely for the purposes of reincorporating HRG or a Subsidiary in a new jurisdiction;

- (a) transactions between HRG or any of its Subsidiaries and any Person that is an Affiliate solely because one or more of its directors is also a director of HRG or any of its Subsidiaries; provided that such director abstains from
- (11) voting as a director of HRG or a Subsidiary on any matter involving such other Person or (b) transactions entered into with any of HRG's or its Subsidiaries or Affiliates for shared services, facilities and/or employee arrangements entered into on commercially reasonable terms (as determined in good faith by HRG);
- (12) Investments permitted pursuant to clause (11) of "—Limitation on Restricted Payments" on commercially reasonable terms (as determined in good faith by HRG);
- payments by HRG or any Subsidiary to any Affiliate for any financial advisory, financing, underwriting or placement services or in respect of other investment banking activities, including in connection with acquisitions
- (13) or divestitures, which payments are on arms'-length terms and are approved by a majority of the members of the Board of Directors (including a majority of the disinterested directors) in good faith;
- any transaction pursuant to which any Permitted Holder provides HRG and/or its Subsidiaries, at cost, with services, including services to be purchased from third-party providers, such as legal and accounting, tax,
- (14) consulting, financial advisory, corporate governance, insurance coverage and other services, which transaction is approved by a majority of the members of the Board of Directors (including a majority of the disinterested directors) in good faith;
- (15) the contribution of Equity Interests of Spectrum Brands to HRG or any Subsidiary by a Permitted Holder; the entering into of customary investment management contracts between a Permitted Holder and any Subsidiary of HRG that, in the ordinary course of its business, makes Investments in private collective investment vehicles
- (16) (including private collective investment vehicles other than those owned by Permitted Holders), which investment management contracts are entered into on commercially reasonable terms and approved by a majority of the members of the Board of Directors (including a majority of the disinterested directors) in good faith;
- transactions in which HRG or any Subsidiary, as the case may be, delivers to the Trustee a letter from an
- (17) independent accounting, appraisal or investment banking firm of national standing stating that such transaction is fair to HRG or such Subsidiary from a financial point of view or meets the requirements of clause (a) above;
- with respect to transactions involving Spectrum Brands, Inc., any transaction that is permitted by the covenant,
- (18) "Limitation on Transactions with Affiliates" in the indenture governing Spectrum Brands, Inc.'s 6.375% Senior Notes due 2020 and 6.625% Senior Notes due 2022; and
- with respect to transactions involving Fidelity & Guaranty Life Holdings, Inc., any transaction that is permitted
- (19) by the covenant, "Limitation on Transactions with Affiliates" in the indenture governing the FGH Notes.

#### Financial Reports

- Whether or not HRG is subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, HRG
- (a) must provide the trustee and noteholders with, or electronically file with the SEC, within the time periods specified in the SEC's rules and regulations
- all quarterly and annual reports that would be required to be filed with the SEC on Forms 10-Q and 10-K if HRG
- (1) were required to file such reports, including a "Management's Discussion and Analysis of Financial Condition and Results of Operations" and, with respect to annual information only, a report thereon by HRG's certified independent accountants, and
- (2) all current reports that would be required to be filed with the SEC on Form 8-K if HRG were required to file such reports.

In addition, whether or not required by the SEC, HRG will, if the SEC will accept the filing, file a copy of all of the information and reports referred to in clauses (1) and (2) with the SEC for public availability within the time periods specified in the SEC's rules and regulations. In addition, HRG will make the information and reports available to securities analysts and prospective investors upon request.

For so long as any of the notes remain outstanding and constitute "restricted securities" under Rule 144, HRG will furnish to the holders of the notes and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

Any and all Defaults or Events of Default arising from a failure to furnish or file in a timely manner a report required by this covenant shall be deemed cured (and HRG shall be deemed to be in compliance with this covenant) upon furnishing or filing such report or certification as contemplated by this covenant (but without regard to the date on which such report or certification is so furnished or filed); provided that such cure shall not otherwise affect the rights of the holders under “Default and Remedies” if the principal, premium, if any, and accrued interest (including Additional Interest, if any), have been accelerated in accordance with the terms of the Indenture and such acceleration has not been rescinded or cancelled prior to such cure.

Any subsequent restatement of financial statements shall have no retroactive effect for purposes of calculations previously made pursuant to the covenants contained in the Indenture.

#### Reports to Trustee

HRG will deliver to the trustee:

- (1) within 120 days after the end of each fiscal year a certificate stating that HRG has fulfilled its obligations under the Indenture or, if there has been a Default, specifying the Default and its nature and status; and
- (2) as soon as reasonably possible and in any event within 30 days after HRG becomes aware or should reasonably become aware of the occurrence of a Default, an Officer’s Certificate setting forth the details of the Default, and the action which HRG proposes to take with respect thereto.

#### No Investment Company Registration

Neither HRG nor any Guarantor will register, or be required to register, as an “investment company” as such term is defined in the Investment Company Act of 1940, as amended.

#### Consolidation, Merger or Sale of Assets

##### HRG

(a) HRG will not

consolidate with or merge with or into any Person,

sell, convey, transfer or otherwise dispose of all or substantially all of its assets as an entirety or substantially an entirety, in one transaction or a series of related transactions, to any Person, or

permit any Person to merge with or into HRG,

unless:

- (1) either (x) HRG is the continuing Person or (y) the resulting, surviving or transferee Person is a corporation organized and validly existing under the laws of the United States of America or any jurisdiction thereof and expressly assumes by supplemental indenture all of the obligations of HRG under the Indenture and the notes and the registration rights agreement;
- (2) immediately after giving effect to the transaction, no Default has occurred and is continuing;
- (3) immediately after giving effect to the transaction on a pro forma basis, (x) HRG or the resulting surviving or transferee Person would be in compliance with the covenant set forth under “—Certain Covenants—Maintenance of Liquidity” and (y) HRG could incur at least \$1.00 of Debt under paragraph (b)(3) under “—Limitation on Debt and Disqualified Stock”; and

(4) HRG delivers to the trustee an Officer’s Certificate and an opinion of counsel, each stating that the consolidation, merger or transfer and the supplemental indenture (if any) comply with the Indenture;

provided, that clauses (2) and (3) do not apply (i) to the consolidation or merger of HRG with or into a Wholly Owned Subsidiary or the consolidation or merger of a Wholly Owned Subsidiary with or into HRG or (ii) if, in the good faith determination of the Board of Directors of HRG, whose determination is evidenced by a Resolution of HRG’s Board of Directors, the sole purpose of the transaction is to change the jurisdiction of incorporation of HRG.

(b) HRG shall not lease all or substantially all of its assets, whether in one transaction or a series of transactions, to one or more other Persons.

The foregoing clauses (a) and (b) shall not apply to (i) any transfer of assets by HRG to any Guarantor, (ii) any

(c) transfer of assets among Guarantors or (iii) any transfer of assets by a Subsidiary that is not a Guarantor to (x) another Subsidiary that is not a Guarantor or (y) HRG or any Guarantor.

(d) Upon the consummation of any transaction effected in accordance with these provisions, if HRG is not the continuing Person, the resulting, surviving or transferee Person will succeed to, and be substituted for, and may

exercise every right and power of, HRG under the Indenture and the notes with the same effect as if such successor Person had been named as HRG in the Indenture. Upon such substitution,

except in the case of a sale, conveyance, transfer or disposition of less than all its assets, HRG will be released from its obligations under the Indenture and the notes.

Guarantors

No Guarantor may:

- consolidate with or merge with or into any Person;

sell, convey, transfer or dispose of, all or substantially all its assets as an entirety or substantially as an entirety, in one transaction or a series of related transactions, to any Person; or

permit any Person to merge with or into the Guarantor,

unless:

- (A) the other Person is HRG or any Subsidiary that is a Guarantor or becomes a Guarantor concurrently with the transaction; or
  - (1) either (x) the Guarantor is the continuing Person or (y) the resulting, surviving or transferee Person expressly
- (B) assumes by supplemental indenture all of the obligations of the Guarantor under its Note Guaranty; and
  - (2) immediately after giving effect to the transaction, no Default has occurred and is continuing; or
- (C) Guarantor or the sale or disposition of all or substantially all the assets of the Guarantor (in each case other than to HRG or a Subsidiary) otherwise permitted by the Indenture.

Default and Remedies

Events of Default

An "Event of Default" occurs if

- (1) HRG defaults in the payment of the principal of any note when the same becomes due and payable at maturity, upon acceleration or redemption, or otherwise (other than pursuant to an Offer to Purchase);
- (2) HRG defaults in the payment of interest (including any Additional Interest) on any note when the same becomes due and payable, and the default continues for a period of 30 days; HRG fails to make an Offer to Purchase or thereafter accept and pay for notes tendered when and as required
- (3) pursuant to "—Certain Covenants—Repurchase of Notes Upon a Change of Control" or "—Certain Covenants—Limitation of Asset Sales," or HRG or any Guarantor fails to comply with "—Consolidation, Merger or Sale of Assets"; HRG defaults in the performance of or breaches the covenant set forth under "—Certain Covenants—Maintenance of Liquidity" and such default or breach is not cured within 15 days after the date of such default under "—Certain
- (4) Covenants—Maintenance of Liquidity" (it being understood that the date of default in the case of the covenant tested at the end of a fiscal period is the last day of such fiscal period); HRG defaults in the performance of or breaches any other covenant or agreement of HRG in the Indenture or under
- (5) the notes and the default or breach continues for a period of 60 consecutive days after written notice to HRG by the trustee or to HRG and the trustee by the holders of 25% or more in aggregate principal amount of the notes; the failure by HRG or any Significant Subsidiary to pay any Debt (other than intercompany Debt) within any
- (6) applicable grace period after final maturity or the acceleration of any such Debt by the holders thereof because of a default, in each case, if the total amount of such Debt unpaid or accelerated exceeds \$50.0 million; one or more final judgments or orders for the payment of money are rendered against HRG or any of its Significant Subsidiaries and are not paid or discharged, and there is a period of 60 consecutive days following entry of the
- (7) final judgment or order that causes the aggregate amount for all such final judgments or orders outstanding and not paid or discharged against all such Persons to exceed \$50.0 million (in excess of amounts which HRG's insurance carriers have agreed to pay under applicable policies) during which a stay of enforcement, by reason of a pending appeal or otherwise, is not in effect;
- (8) certain bankruptcy defaults occur with respect to HRG or any Significant Subsidiary; or

any Note Guaranty of a Significant Subsidiary ceases to be in full force and effect, other than in accordance the (9) terms of the Indenture, or a Guarantor that is a Significant Subsidiary denies or disaffirms its obligations under its Note Guaranty.

#### Consequences of an Event of Default

If an Event of Default, other than a bankruptcy default with respect to HRG, occurs and is continuing under the Indenture, the trustee or the holders of at least 25% in aggregate principal amount of the notes then outstanding, by written notice to HRG (and to the trustee if the notice is given by the holders), may, and the trustee at the request of such holders shall, declare the principal of and accrued interest (including Additional Interest, if any) on the notes to be immediately due and payable. Upon a declaration of acceleration, such principal and interest will become immediately due and payable. If a bankruptcy default occurs with respect to HRG, the principal of and accrued interest on the notes then outstanding will become immediately due and payable without any declaration or other act on the part of the trustee or any holder.

The holders of a majority in principal amount of the outstanding notes by written notice to HRG and to the trustee may waive all past defaults and rescind and annul a declaration of acceleration and its consequences if

- (1) all existing Events of Default, other than the nonpayment of the principal of, premium, if any, and interest on the notes that have become due solely by the declaration of acceleration, have been cured or waived, and
- (2) the rescission would not conflict with any judgment or decree of a court of competent jurisdiction.

Except as otherwise provided in “—Consequences of an Event of Default” or “—Amendments and Waivers—Amendments with Consent of Holders,” the holders of a majority in principal amount of the outstanding notes may, by notice to the trustee, waive an existing Default and its consequences. Upon such waiver, the Default will cease to exist, and any Event of Default arising therefrom will be deemed to have been cured, but no such waiver will extend to any subsequent or other Default or impair any right consequent thereon.

In the event of a declaration of acceleration of the notes because an Event of Default described in clause (6) under “Events of Default” has occurred and is continuing, the declaration of acceleration of the notes shall be automatically annulled if the event of default or payment default triggering such Event of Default pursuant to clause (6) shall be remedied or cured, or waived by the holders of the Debt, or the Debt that gave rise to such Event of Default shall have been discharged in full, within 30 days after the declaration of acceleration with respect thereto and if (1) the annulment of the acceleration of the notes would not conflict with any judgment or decree of a court of competent jurisdiction and (2) all existing Events of Default, except nonpayment of principal, premium or interest on the notes that became due solely because of the acceleration of the notes, have been cured or waived.

The holders of a majority in principal amount of the outstanding notes may direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee. However, the trustee may refuse to follow any direction that conflicts with law or the Indenture, that may involve the trustee in personal liability, or that the trustee determines in good faith may be unduly prejudicial to the rights of holders of notes not joining in the giving of such direction, and may take any other action it deems proper that is not inconsistent with any such direction received from holders of notes.

A holder may not institute any proceeding, judicial or otherwise, with respect to the Indenture or the notes, or for the appointment of a receiver or trustee, or for any other remedy under the Indenture or the notes, unless:

- (1) the holder has previously given to the trustee written notice of a continuing Event of Default;
- (2) holders of at least 25% in aggregate principal amount of outstanding notes have made written request to the trustee to institute proceedings in respect of the Event of Default in its own name as trustee under the Indenture;
- (3) holders have offered to the trustee indemnity reasonably satisfactory to the trustee against any costs, liabilities or expenses to be incurred in compliance with such request;
- (4) the trustee for 60 days after its receipt of such notice, request and offer of indemnity has failed to institute any such proceeding; and
- (5) during such 60-day period, the holders of a majority in aggregate principal amount of the outstanding notes have not given the trustee a direction that is inconsistent with such written request.

Notwithstanding anything to the contrary, the right of a holder of a note to receive payment of principal of or interest on its note on or after the Stated Maturities thereof, or to bring suit for the enforcement of any such payment on or after such dates, may not be impaired or affected without the consent of that holder.

If any Default occurs and is continuing and is known to the trustee, the trustee will send notice of the Default to each holder within 90 days after it occurs, unless the Default has been cured; provided that, except in the case of a default in the payment of the

principal of or interest on any note, the trustee may withhold the notice if and so long as the trustee in good faith determines that withholding the notice is in the interest of the holders.

#### No Liability of Directors, Officers, Employees, Incorporators, Members and Stockholders

No director, officer, employee, incorporator, member or stockholder of HRG or any Guarantor, as such, will have any liability for any obligations of HRG or such Guarantor under the notes, any Note Guaranty or the Indenture or for any claim based on, in respect of, or by reason of, such obligations. Each holder of notes by accepting a note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the notes. This waiver may not be effective to waive liabilities under the federal securities laws and it is the view of the SEC that such a waiver is against public policy.

#### Amendments and Waivers

##### Amendments Without Consent of Holders

- (9) to conform any provision to the “Description of Notes” in the January Offering Circular, as certified by an Officer’s Certificate.

##### Amendments With Consent of Holders

Except as otherwise provided in “—Default and Remedies—Consequences of an Event of Default” or paragraph (b), HRG and the trustee may amend the Indenture and the notes with the written consent of the holders of a majority in principal amount of the outstanding notes and the holders of a majority in principal amount of the outstanding notes may waive future compliance by HRG with any provision of the Indenture or the notes.

- (a) Notwithstanding the provisions of paragraph (a), without the consent of each holder affected, an amendment or waiver may not
  - (1) reduce the principal amount of or change the Stated Maturity of any installment of principal of any note,
  - (2) reduce the rate of or change the Stated Maturity of any interest payment on any note,
  - (3) reduce the amount payable upon the redemption of any note or change the time of any mandatory redemption or, in respect of an optional redemption, the times at which any note may be redeemed,

- (9) release any Note Guaranty other than as permitted by the Indenture.

It is not necessary for noteholders to approve the particular form of any proposed amendment, supplement or waiver, but is sufficient if their consent approves the substance thereof.

The Indenture provides that, in determining whether the holders of the required principal amount of notes have concurred in any direction, waiver or consent, notes owned by HRG, any Guarantor or by any Person directly or indirectly controlling or controlled by or under direct or indirect common control with HRG or any Guarantor shall be disregarded and deemed not to be outstanding, except that, for the purpose of determining whether the Trustee shall be protected in relying on any such direction, waiver or consent, only notes which the Trustee knows are so owned shall be so disregarded. Subject to the foregoing, only notes outstanding at the time shall be considered in any such determination.

#### Defeasance and Discharge

HRG may discharge its obligations under the notes and the Indenture by irrevocably depositing in trust with the trustee money or U.S. Government Obligations sufficient to pay principal of and interest on the notes to maturity or redemption within one year, subject to meeting certain other conditions.

HRG may also elect to

- (1) discharge most of its obligations in respect of the notes and the Indenture, not including obligations related to the defeasance trust or to the replacement of notes or its obligations to the trustee (“legal defeasance”) or discharge its obligations under most of the covenants and under clause (3) of “—Consolidation, Merger or Sale of Assets—HRG” (and the events listed in clauses (3), (4), (5), (6), (7), (8) (with respect to Significant Subsidiaries only) and (9) under “—Default and Remedies—Events of Default” will no longer constitute Events of Default) (“covenant defeasance”), by irrevocably depositing in trust with the trustee money or U.S. Government Obligations sufficient, in the opinion of an independent firm of certified public accountants to pay principal of and interest on the notes to maturity or redemption and by meeting certain other conditions, including delivery to the trustee of either a ruling received from the Internal Revenue Service or an opinion of counsel to the effect that the holders will not recognize income, gain or loss for federal income tax purposes as a result of the defeasance and will be subject to federal income tax on the same amount and in the same manner and at the same times as would otherwise have
- (2) been the case. In the case of legal defeasance, such an opinion could not be given absent a change of law after the date of the Indenture. In the case of either discharge or defeasance, upon any redemption that requires the payment of the Applicable Premium, the amount deposited with the trustee shall be sufficient for purposes of the Indenture to the extent that an amount is deposited with the trustee equal to the Applicable Premium calculated as of the date of the notice of redemption, with any deficit as of the date of redemption (any such amount, the “Applicable Premium Deficit”) only required to be deposited with the trustee on or prior to the date of redemption. Any Applicable Premium Deficit shall be set forth in an Officer’s Certificate delivered to the trustee simultaneously with the deposit of such Applicable Premium Deficit that confirms that such Applicable Premium Deficit shall be applied toward such redemption.

In the case of either discharge or defeasance, the Note Guaranties, if any, will terminate.

The Indenture and provisions of the Trust Indenture Act incorporated by reference therein contain limitations on the rights of the trustee, should it become a creditor of any obligor on the notes, to obtain payment of claims in certain cases, or to realize on certain

## DESCRIPTION OF 2019 NOTES

In this Description of 2019 Notes, “HRG” refers only to HRG Group, Inc. (formerly known as “Harbinger Group Inc.”), and any successor obligor on the notes, and not to any of its subsidiaries, “Indenture” refers to the indenture dated as of December 24, 2012, by and between HRG and Wells Fargo Bank, National Association, as trustee and collateral agent, as amended by the first supplemental indenture, dated as of May 23, 2014, “initial notes” refers to the 7.875% Senior Secured Notes due 2019 issued on April 14, 2015 and May 19, 2015, “additional notes” refers to all additional notes that may be issued under the Indenture, “exchange notes” refers to the 7.875% Senior Secured Notes due 2019 offered hereby and “notes” refers to, collectively, the initial notes, the exchange notes and all other notes issued and outstanding pursuant to the Indenture. You can find the definitions of certain terms used in this description of notes under “—Certain Definitions.”

HRG will issue up to \$260.0 million aggregate principal amount of exchange notes offered hereby under the Indenture, in exchange for a like principal amount of initial notes. The exchange notes that we will issue you in exchange for your initial notes will be substantially identical to your initial notes except that, unlike your initial notes, the exchange notes will have no transfer restrictions or registration rights.

The terms of the exchange notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended (the “Trust Indenture Act”).

The following is a summary of the material provisions of the Indenture and the Collateral Trust Agreement. Because this is a summary, it may not contain all the information that is important to you. You should read these documents in their entirety because they, and not this description, define your rights as holders of the notes. Copies of the Indenture and the first supplemental indenture are filed as Exhibit 4.1 to HRG’s Current Report on Form 8-K filed with the SEC on December 26, 2012 and Exhibit 4.1 to HRG’s Current Report on Form 8-K filed with the SEC on May 23, 2014, respectively. A copy of the Collateral Trust Agreement is filed as Exhibit 4.5 to HRG’s Registration Statement on Form S-4 filed with the SEC on January 28, 2011.

### Basic Terms of Notes

The notes are:

- senior secured obligations of HRG, that are secured, along with the existing notes, by a first priority Lien (subject to certain exceptions and Permitted Liens) on the Collateral referred to below;
- ranked equally in right of payment with all existing and future unsubordinated Debt of HRG and effectively senior to all unsecured Debt of HRG to the extent of the value of the Collateral; and
- ranked senior in right of payment to all of HRG’s and the Guarantors’ future Debt that expressly provides for its subordination to the notes and the Note Guaranties (as defined below).

### Maturity and Interest

The notes will mature on July 15, 2019. The Indenture governing the notes provides that the notes would have matured on May 13, 2018 if certain preferred stock existing on December 24, 2012 had not been redeemed, repurchased, otherwise retired or converted into HRG common stock on or prior to May 13, 2018 in accordance with the terms of the applicable Certificate of Designation. As all such preferred stock has heretofore been converted in accordance with the terms of the applicable Certificate of Designation, the notes will not mature on May 13, 2018. Interest on the notes will accrue at the rate of 7.875% per annum. HRG will pay interest on the notes semi-annually in arrears on January 15 and July 15 of each year, to holders of record on the immediately preceding January 1 and July 1. Interest on the notes will accrue from the most recent date to which interest has been paid (including, with respect to exchange notes, interest paid on the initial notes surrendered for such exchange notes). Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

HRG will pay interest on overdue principal of the notes at a rate equal to 1.0% per annum in excess of the rate of 7.875% per annum and will pay interest on overdue installments of interest at such higher rate, in each case to the extent lawful.

### Additional Notes

Subject to the covenants described below, HRG may issue additional notes under the Indenture in an unlimited principal amount having the same terms in all respects as the notes, or in all respects except with respect to interest paid or payable on or prior to the first interest payment date after the issuance of such notes. The initial notes, the

exchange notes and any additional notes will be treated as a single class for all purposes under the Indenture and will vote together as one class on all matters with respect to the notes. Additional notes cannot be issued under the same CUSIP number unless the additional notes and original notes are fungible for U.S. federal income tax purposes.

**Guaranties**

If any Subsidiary of HRG guarantees any Debt of HRG, such Subsidiary must provide a full and unconditional guaranty of the notes (a "Note Guaranty").

74

---

Each Note Guaranty will be limited to the maximum amount that would not render the Guarantor's obligations subject to avoidance under applicable fraudulent conveyance provisions of the United States Bankruptcy Code or any comparable provision of state law. By virtue of this limitation, a Guarantor's obligation under its Note Guaranty could be significantly less than amounts payable with respect to the notes, or a Guarantor may have effectively no obligation under its Note Guaranty. See "Risk Factors—Risks Related to the Notes—Fraudulent transfer statutes may limit your rights as a holder of the notes."

The Note Guaranty of a Guarantor will terminate upon:

- a sale or other disposition (including by way of consolidation or merger) of the Guarantor or the sale or disposition (1) of all or substantially all the assets of the Guarantor (other than to HRG or a Subsidiary of HRG) not prohibited by the Indenture;
- (2) a Guarantor ceases to guarantee any Debt of HRG; or
- (3) defeasance or discharge of the notes, as provided in "—Defeasance and Discharge."

As of the date hereof, there are no Guarantors.

#### Ranking

The indebtedness evidenced by the notes ranks equally in right of payment with existing and future senior Debt of HRG and is secured on an equal basis with all other existing and future Pari-Passu Obligations (as defined below) by a first-priority security interest in the Collateral as described under "—Collateral".

As of September 30, 2015:

HRG had no other Debt which would be pari passu in right of payment with the notes and would be secured on an equal basis with the notes.

Subject to the limits described under "—Certain Covenants—Limitation on Debt and Disqualified Stock" and "—Limitation on Liens", HRG may incur additional Debt, some of which may be secured.

The total liabilities of HRG on an unconsolidated and consolidated basis were \$1.8 billion and \$30.7 billion, respectively.

HRG is organized and intended to be operated as a holding company that owns Equity Interests of various Subsidiaries. It is not expected that future-operating Subsidiaries will guarantee the notes. Claims of creditors of non-guarantor Subsidiaries, including trade creditors, and creditors holding debt and guarantees issued by those Subsidiaries, and claims of preferred stockholders (if any) of those Subsidiaries generally will have priority with respect to the assets and earnings of those Subsidiaries over the claims of creditors of HRG, including holders of the notes, and holders of minority equity interests in such Subsidiaries will have ratable claims with claims of creditors of HRG. The notes therefore will be effectively subordinated to creditors (including trade creditors) and preferred stockholders (if any) of Subsidiaries of HRG. As of September 30, 2015, the total liabilities of Spectrum Brands were approximately \$5.7 billion, including trade payables. As of September 30, 2015, the total liabilities of FGL were approximately \$23.4 billion, including approximately \$17.8 billion in annuity contractholder funds, approximately \$3.5 billion in future policy benefits and approximately \$300.0 million of indebtedness under the FGH Notes. As of September 30, 2015, the total liabilities of HAMCO were approximately \$1.4 million and were approximately \$379.4 million when consolidated with the Asset Managers. As of September 30, 2015, the total liabilities of HGI Energy were approximately \$502.0 million.

The Indenture does not limit the incurrence of Debt (or other liabilities) and Disqualified Stock of Subsidiaries that are not Guarantors. See "—Certain Covenants—Limitation on Debt and Disqualified Stock."

HRG's ability to pay interest on the notes is dependent upon the receipt of dividends and other distributions from its Subsidiaries. The availability of distributions from its Subsidiaries will be subject to the satisfaction of various covenants and conditions contained in the applicable Subsidiary's existing and future financing and organizational documents, as well as applicable law, rule and regulation. See "Risk Factors—Risks Related to the Notes—We are a holding company and our only material assets are our equity interests in our operating subsidiaries and our other investments; as a result, our principal source of revenue and cash flow is distributions from our subsidiaries; our subsidiaries may be limited by law and by contract in making distributions to us."

#### Security

#### General

HRG's obligations under the notes and the Indenture are secured by a first priority Lien on all assets of HRG (other than Excluded Property, and subject to certain Permitted Collateral Liens), including without limitation:

- all Equity Interests of our directly owned subsidiaries (Spectrum Brands, FS Holdco II Ltd., HGI Funding, LLC, HGI Energy Holdings, LLC and HGI Global Holdings, LLC) and related assets, including all general intangibles under contracts (including without limitation, the registration rights agreement) that HRG has with Spectrum;
- all cash and investment securities owned by HRG;
- all general intangibles owned by HRG; and

75

---

any proceeds thereof (collectively, the “Collateral”).

HRG will be able to Incur a limited amount of additional Debt in the future that could equally and ratably share in the Collateral. The amount of such Debt is limited by the covenants described under “—Certain Covenants—Limitation on Debt and Disqualified Stock” and “—Limitation on Liens.”

#### After-Acquired Property

If any property (other than Excluded Property) is acquired by HRG or a Guarantor that is not automatically subject to a perfected security interest under the Security Documents, any Excluded Property ceases to fit within the definition thereof, or a Subsidiary becomes a Guarantor, then HRG or such Guarantor will, promptly after such property’s acquisition, such property ceasing to be Excluded Property or such Subsidiary becoming a Guarantor, provide security over such property (or, in the case of a new Guarantor, all of its assets (except any Excluded Property)) in favor of Wells Fargo Bank, National Association, as collateral agent (the “Collateral Agent”) and deliver certain certificates to the Collateral Agent and opinions in respect thereof as specified in the Indenture and the Security Documents.

#### Security Agreement

The security interests described above were effected pursuant to a Security and Pledge Agreement. So long as no Event of Default shall have occurred and be continuing, and subject to certain terms and conditions, HRG will be entitled to exercise any voting and other consensual rights pertaining to all Equity Interests pledged pursuant to the Security and Pledge Agreement and to remain in possession and retain exclusive control over the Collateral (other than as set forth in the Security and Pledge Agreement) and to collect, invest and dispose of any income or dividends thereon. The Security and Pledge Agreement, however, generally requires HRG to deliver to the Collateral Agent, and for the Collateral Agent to maintain in its control and possession, certificates evidencing pledges of Equity Interests or, in the case of Equity Interests that are held through a securities intermediary, control through a securities account control agreement entered into by the Collateral Agent with such securities intermediary and HRG or, in the case of Equity Interests that are uncertificated, control through an issuer control agreement entered into by the Collateral Agent with the issuer of such uncertificated Equity Interests or, to the extent such a securities account control agreement or an issuer control agreement is not entered into, through registration of such Equity Interests in the name of the Collateral Agent. Upon the occurrence and during the continuance of an Event of Default, the Security and Pledge Agreement provides that the Collateral Agent may, and upon the instructions of the Authorized Representatives (as set forth below under “—Collateral Trust Agreement”) shall, foreclose upon and sell the applicable Collateral and distribute the net proceeds of any such sale to the trustee and the holders of the notes and other Pari-Passu Obligations, subject to applicable laws and applicable governmental requirements. Upon such event and until the relevant Event of Default is cured or waived, all of the rights of HRG or the applicable Guarantor to exercise voting or other consensual rights with respect to the Collateral shall cease, and all such rights shall become vested in the Collateral Agent, which, to the extent permitted by law, shall have the sole right to exercise such voting and other consensual rights.

The Security and Pledge Agreement, the Collateral Trust Agreement and the Indenture provide that HRG and each Guarantor shall, at its sole expense, do all acts which may be reasonably necessary to confirm that the Collateral Agent holds, for the benefit of the holders of the notes and the trustee, duly created, enforceable and perfected first-priority Liens in the Collateral, subject to Permitted Collateral Liens. As necessary, or upon reasonable request of the Collateral Agent, HRG and each Guarantor shall, at its sole expense, execute, acknowledge and deliver such documents and instruments (including the filing of financing statements or amendments or continuations thereto) and take such other actions which may be necessary to assure, perfect, transfer and confirm the rights conveyed by the Security and Pledge Agreement and any other Security Documents, to the extent permitted by applicable law.

The Security and Pledge Agreement also provides that upon the occurrence of a Default, HRG will be required to exercise all of its contractual rights and use its commercially reasonable efforts to, as promptly as possible, cause Spectrum to file and become effective a shelf registration that shall be in form suitable for use by the Collateral Agent in connection with any disposition of Spectrum Equity Interests constituting part of the Collateral in connection with any exercise of remedies, and to keep such shelf registration statement effective at all times until the earlier of the time (i) the notes are repaid in full or (ii) all Spectrum Equity Interests pledged as Collateral have been disposed of by the Collateral Agent.

Collateral Trust Agreement

General

HRG (together with any Guarantors, the “Trustors”), the trustee and the Collateral Agent are parties to the Collateral Trust Agreement as of the Issue Date. The Collateral Trust Agreement sets forth the terms on which the Collateral Agent (directly or through co-trustees or agents) will accept, hold, administer, enforce and distribute the proceeds of all Liens on the Collateral held by it in trust for the benefit of holders of the notes and all other Pari-Passu Obligations (as defined below). The agent or other representative of the holders of any series of future Debt (together with the trustee, the “Authorized Representatives”) intended to constitute Obligations secured equally and ratably by Liens on the Collateral (collectively, “Pari-Passu Obligations”) will be

required to execute a joinder to the Collateral Trust Agreement in order to confirm the agreement of the applicable secured parties to be bound by the terms thereof.

#### Equal and Ratable Sharing of Collateral

Pursuant to the Collateral Trust Agreement, each Authorized Representative (on behalf of itself and each holder of Obligations that it represents) will acknowledge and agree that, pursuant to the Security Documents, the security interest granted to the Collateral Agent under the Security Documents shall for all purposes and at all times secure the Obligations in respect of the notes, the Note Guaranties, and any other Pari-Passu Obligations on an equal and ratable basis, to the extent such Liens have not been released in accordance with the terms of the Indenture.

#### Enforcement of Liens; Voting

The Collateral Trust Agreement provides that if an event of default shall have occurred and be continuing under the Indenture or any Pari-Passu Obligation, and if the Collateral Agent shall have received a written direction from Authorized Representatives that collectively represent at least a majority in principal amount of the Pari-Passu Obligations (each such representative acting at the direction of holders of the obligations so represented by it), unless inconsistent with applicable law, the Collateral Agent shall pursuant to such direction, institute and maintain such suits and proceedings as it may deem appropriate to protect and enforce the rights vested in it by the Collateral Trust Agreement and each Security Document, including the exercise of any trust or power conferred on the Collateral Agent, or for the appointment of a receiver, or for the taking of any remedial action authorized by the Collateral Trust Agreement.

The right of the Collateral Agent to repossess and dispose of the Collateral upon the occurrence and during the continuance of an Event of Default under the Indenture:

in the case of Collateral securing Permitted Liens, is subject to applicable law and the terms of agreements governing those Permitted Liens;

with respect to any Collateral, is subject to applicable law and is likely to be significantly impaired by applicable bankruptcy law if a bankruptcy case were to be commenced by or against HRG or any of the Guarantors prior to the Collateral Agent having repossessed and disposed of the Collateral; and

in the case of Equity Interests, is subject to applicable securities laws, which may require that any such sale be effected through a private placement (which could require such disposition to be made at a discount to prices that could be obtained in the public markets) or through an SEC registration.

#### Order of Application of Proceeds of Collateral

Any proceeds of any Collateral foreclosed upon or otherwise realized upon pursuant to the Security Documents will be applied in the following order:

first, to the Collateral Agent to pay any costs and expenses due to the Collateral Agent in connection with the foreclosure or realization of such Collateral,

second, to the trustee and each other Authorized Representative (if any), equally and ratably (in the same proportion that such unpaid Pari-Passu Obligations of the trustee or such other Authorized Representative, as applicable, bears to all unpaid Pari-Passu Obligations (on the relevant distribution date) for application to the payment in full of all outstanding Pari-Passu Obligations that are then due and payable to the secured parties (which shall then be applied or held by the trustee and each such other Authorized Representative in such order as may be provided in the applicable Indenture or other instrument governing such Debt); and

finally, in the case of any surplus, to HRG or the Guarantor that pledged such Collateral, or its successors or assigns. Subject to the terms of applicable agreements, the application of proceeds provisions set forth immediately above are intended for the benefit of, and will be enforceable as a third party beneficiary by, each present and future holder of Pari-Passu Obligations, the trustee, each other present and future Authorized Representative and the Collateral Agent.

#### Release of Liens

The Liens on the Collateral securing the notes and the Note Guaranties will be released:

- (1) upon payment in full of principal, interest and all other Obligations on the notes or satisfaction and discharge of the Indenture or defeasance (including covenant defeasance of the notes);
- (2) upon release of a Note Guaranty (with respect to the Liens securing such Note Guaranty granted by such Guarantor);

in connection with any disposition of Collateral to any Person other than HRG or any Guarantor (but excluding any transaction subject to the covenant described under “—Consolidation, Merger or Sale of Assets”) that is not prohibited (3) by the Indenture (with respect to the Lien on such Collateral); provided that, except in the case of any disposition of Cash Equivalents in the ordinary course of business, upon such disposition and

77

---

after giving effect thereto, no Default shall have occurred and be continuing, and HRG would be in compliance with the covenants set forth under “—Certain Covenants—Maintenance of Liquidity,” and “—Maintenance of Collateral Coverage” (calculated as if the disposition date was a date on which such covenant is required to be tested under “—Maintenance of Collateral Coverage”);

in whole or in part, with the consent of the holders of the requisite percentage of notes in accordance with the (4) provisions described under the caption “—Amendments and Waivers,” including the release of all or substantially all of the Collateral if approved by holders of at least two-thirds of the aggregate principal amount of the notes; or (5) with respect to assets that become Excluded Property.

Each of the releases described in clauses 1, 2, 3 and 5 shall be effected by the Collateral Agent upon receipt of appropriate notice of instruction, to the extent required, without the consent of holders or any action on the part of the trustee.

Upon compliance by HRG or any Guarantor, as the case may be, with the conditions precedent required by the Indenture, the trustee or the Collateral Agent shall promptly cause to be released and re-conveyed to HRG or the Guarantor, as the case may be, the released Collateral.

To the extent applicable, HRG will comply with Section 313(b) of the Trust Indenture Act relating to reports, but will not be subject to Section 314(d) of the Trust Indenture Act, relating to the release of property and to the substitution therefor of any property to be pledged as collateral for the notes except to the extent required by law. Any certificate or opinion required by Section 314(d) of the Trust Indenture Act may be made by an officer of HRG except in cases where Section 314(d) requires that such certificate or opinion be made by an independent engineer, appraiser or other expert. The most recent appraisals required pursuant to the definition of “Fair Market Value” shall be deemed sufficient for such purposes to the maximum extent permitted by law. Notwithstanding anything to the contrary herein, HRG and the Guarantors will not be required to comply with all or any portion of Section 314(d) of the Trust Indenture Act if they determine, in good faith based on advice of outside counsel, that under the terms of that section and/or any interpretation or guidance as to the meaning thereof of the SEC and its staff, including “no action” letters or exemptive orders, all or any portion of Section 314(d) of the Trust Indenture Act is inapplicable to the released Collateral. Without limiting the generality of the foregoing, certain no-action letters issued by the SEC have permitted an indenture qualified under the Trust Indenture Act to contain provisions permitting the release of collateral from Liens under such indenture in the ordinary course of an issuer’s business without requiring the issuer to provide certificates and other documents under Section 314(d) of the Trust Indenture Act. In addition, under interpretations provided by the SEC, to the extent that a release of a Lien is made without the need for consent by the noteholders or the trustee, the provisions of Section 314(d) may be inapplicable to the release. Under the Indenture, HRG may, among other things, without any release or consent by the holders of the notes or the trustee, but otherwise in compliance with the covenants of the Indenture, conduct ordinary course activities with respect to the Collateral, including (i) making cash payments from cash that is at any time part of the Collateral in the ordinary course of business that are not otherwise prohibited by the Indenture; (ii) abandoning, terminating, canceling, releasing or making alterations in or substitutions of any leases or contracts subject to the Lien on the Collateral; (iii) surrendering or modifying any franchise, license or permit subject to the Lien on the Collateral which it may own or under which it may be operating; (iv) altering, repairing, replacing, changing the location or position of and adding to its structures, machinery, systems, equipment, fixtures and appurtenances; (v) granting a license of any intellectual property; (vi) selling, transferring or otherwise disposing of inventory in the ordinary course of business; (vii) collecting accounts receivable in the ordinary course of business or selling, liquidating, factoring or otherwise disposing of accounts receivable in the ordinary course of business; (viii) selling or otherwise disposing of, in any transaction or series of related transactions, any property subject to the Lien on the Collateral which has become worn out, defective or obsolete or not used or useful in the business; and (ix) abandoning any intellectual property which is no longer used or useful in HRG’s business. HRG shall deliver to the trustee within 30 days following the end of each six-month period (with the second such six-month period being the end of each fiscal year), an officers’ certificate to the effect that all releases and withdrawals during the preceding six-month period (or since the Issue Date, in the case of the first such certificate) in connection with which no consent of the holders of the notes or the trustee was obtained pursuant to the foregoing provisions were made in the ordinary course of HRG’s business and such release and the use of proceeds in connection therewith were

not prohibited by the Indenture.

**No Impairment of the Security Interests**

Neither HRG nor any of the Guarantors will be permitted to take any action, or knowingly omit to take any action, which action or omission could reasonably be expected to have the result of materially impairing the perfection or priority of the security interest with respect to the Collateral for the benefit of the trustee and the noteholders.

The Indenture provides that any release of Collateral in accordance with the provisions of the Indenture and the Security Documents will not be deemed to impair the security under the Indenture, and that any engineer, appraiser or other expert may rely on such provision in delivering a certificate requesting release so long as all other provisions of the Indenture with respect to such release have been complied with.

#### Certain Limitations on the Collateral

The value of the Collateral in the event of liquidation will depend on many factors. In particular, the Equity Interests that are pledged represent an equity interest in the pledged Subsidiaries, and only have value to the extent that the assets of such Subsidiaries are worth in excess of the liabilities of such Subsidiaries (and, in a bankruptcy or liquidation, will only receive value after payment upon all such liabilities, including all Debt of such Subsidiaries). Consequently, liquidating the Collateral may not produce proceeds in an amount sufficient to pay any amounts due on the notes. See “Risk Factors—Risks Related to the 2019 Notes—The value of the collateral may not be sufficient to repay the 2019 notes in full”. In addition, enforcement of the Liens on the Collateral may be limited by applicable governmental requirements. The fair market value of the Collateral is subject to fluctuations based on factors that include, among others, prevailing interest rates, the ability to sell the Collateral in an orderly sale, general economic conditions, the availability of buyers and similar factors. The amount to be received upon a sale of the Collateral would be dependent on numerous factors, including the actual fair market value of the Collateral at such time and the timing and the manner of the sale. By its nature, some of the Collateral may be illiquid and may have no readily ascertainable market value. In the event of a foreclosure, liquidation, bankruptcy or similar proceeding, we cannot assure you that the proceeds from any sale or liquidation of the Collateral will be sufficient to pay HRG’s Obligations under the notes. Any claim for the difference between the amount, if any, realized by holders of the notes from the sale of Collateral securing the notes and the Obligations under the notes will rank equally in right of payment with all of HRG’s other unsecured senior debt and other unsubordinated obligations, including trade payables. To the extent that third parties establish Liens on the Collateral such third parties could have rights and remedies with respect to the assets subject to such Liens that, if exercised, could adversely affect the value of the Collateral or the ability of the Collateral Agent or the holders of the notes to realize or foreclose on the Collateral. HRG may also issue additional notes as described above or otherwise Incur Obligations which would be secured by the Collateral, the effect of which would be to increase the amount of Debt secured equally and ratably by the Collateral. The ability of the holders to realize on the Collateral may also be subject to certain bankruptcy law limitations in the event of a bankruptcy. See “—Certain Bankruptcy Limitations.”

#### Certain Bankruptcy Limitations

In addition to the limitations described above, the right of the Collateral Agent to obtain possession, exercise control over or dispose of the Collateral during the existence of an Event of Default is likely to be significantly impaired by applicable bankruptcy law if HRG were to have become a debtor under the U.S. Bankruptcy Code prior to the Collateral Agent having exercised control over or disposed of the Collateral. Under the U.S. Bankruptcy Code, a secured creditor is prohibited by the automatic stay from exercising control over or disposing of collateral taken from a debtor in a bankruptcy case, without bankruptcy court approval. Moreover, the U.S. Bankruptcy Code permits the debtor in certain circumstances to continue to retain and to use collateral owned as of the date of the bankruptcy filing (and the proceeds, products, offspring, rents or profits of such collateral) even though the debtor is in default under the applicable debt instruments, provided that the secured creditor is given “adequate protection.” The term “adequate protection” is not defined in the U.S. Bankruptcy Code, but it includes making periodic cash payments, providing an additional or replacement Lien or granting other relief, in each case to the extent that the collateral decreases in value during the pendency of the bankruptcy case as a result of, among other things, the imposition of the automatic stay, the use, sale or lease of such collateral or any grant of a “priming lien” in connection with debtor-in-possession financing. The type of adequate protection provided to a secured creditor may vary according to circumstances. In view of the lack of a precise definition of the term “adequate protection” and the broad discretionary powers of a bankruptcy court, it is impossible to predict whether or when the Collateral Agent could repossess or dispose of the Collateral, or whether or to what extent holders would be compensated for any delay in payment or decrease in value of the Collateral through the requirement of “adequate protection.”

Furthermore, in the event a bankruptcy court determines the value of the Collateral (after giving effect to any prior or pari passu Liens) is not sufficient to repay all amounts due on the notes, the holders of the notes would hold secured claims to the extent of the value of the Collateral and would hold unsecured claims with respect to any shortfall. Under the U.S. Bankruptcy Code, a secured creditor’s claim includes interest and any reasonable fees, costs or charges provided for under the agreement under which such claim arose if the claims are oversecured. In addition, if HRG

were to become the subject of a bankruptcy case, the bankruptcy court, among other things, may void certain prepetition transfers made by the entity that is the subject of the bankruptcy filing, including, without limitation, transfers held to be preferences or fraudulent conveyances.

**Optional Redemption**

Except as set forth in this section, the notes are not redeemable at the option of HRG.

At any time and from time to time prior to January 15, 2016, HRG may redeem the notes at its option, in whole or in part, at a redemption price equal to 100% of the principal amount of notes redeemed plus the Applicable Premium as of, and accrued and unpaid interest, if any, to, the applicable redemption date.

“Applicable Premium” means, with respect to any note on any redemption date, the greater of

- (i) 1.0% of the principal amount of such note; or
- (ii) the excess of:

the present value at such redemption date of (i) the redemption price of such note at January 15, 2016 (such redemption price being set forth in the table appearing below), plus (ii) all required interest payments due on such (a) note through January 15, 2016 excluding accrued but unpaid interest to the applicable redemption date, computed using a discount rate equal to the Treasury Rate as of such redemption date plus 50 basis points; over (b) the principal amount of the note.

“Treasury Rate” means, as of any redemption date, the yield to maturity as of such redemption date of United States Treasury securities with a constant maturity (as compiled and published in the most recent Federal Reserve Statistical Release H.15(519) that has become publicly available at least two business days prior to the redemption date (or, if such Statistical Release is no longer published, any publicly available source of similar market data)) most nearly equal to the period from the redemption date to January 15, 2016; provided, however, that if the period from the redemption date to January 15, 2016, is less than one year, the weekly average yield on actually traded United States Treasury securities adjusted to a constant maturity of one year will be used.

At any time and from time to time on or after January 15, 2016, HRG may redeem the notes, in whole or in part, at a redemption price equal to the percentage of principal amount set forth below plus accrued and unpaid interest to the redemption date.

Date	Price	%
January 15, 2016	105.906	%
January 15, 2017	103.938	%
January 15, 2018 and thereafter	100.000	%

At any time and from time to time prior to January 15, 2016, HRG may redeem notes with the net cash proceeds received by HRG from any Equity Offering at a redemption price equal to 107.875% of the principal amount plus accrued and unpaid interest to the redemption date, in an aggregate principal amount for all such redemptions not to exceed 35% of the original aggregate principal amount of the notes issued under the Indenture (including additional notes), provided that

- (1) in each case the redemption takes place not later than 90 days after the closing of the related Equity Offering, and
- (2) not less than 65% of the aggregate principal amount of the notes issued under the Indenture remains outstanding immediately thereafter.

#### Selection and Notice

If fewer than all of the notes are being redeemed, the trustee will select the notes to be redeemed pro rata, by lot or by any other method the trustee in its sole discretion deems fair and appropriate in accordance with DTC procedures, in denominations of \$2,000 principal amount and higher integral multiples of \$1,000. Upon surrender of any note redeemed in part, the holder will receive a new note equal in principal amount to the unredeemed portion of the surrendered note. Once notice of redemption is sent to the holders, notes called for redemption become due and payable at the redemption price on the redemption date, and, commencing on the redemption date, notes redeemed will cease to accrue interest. Any redemption and notice thereof may, at the Issuer’s discretion, be subject to one or more conditions precedent.

#### No Sinking Fund

There will be no sinking fund payments for the notes.

#### Open Market Purchases and Other Purchases

From time to time, HRG or its Affiliates may acquire notes through open market purchases, privately negotiated transactions, tender offers, exchange offers, redemptions or otherwise, upon such terms and at such prices as HRG or its Affiliates (as applicable) may determine (or as may be provided for in the Indenture), which may be more or less than the consideration for which such series of Notes are being sold and may be less than the redemption price in effect and could be for cash or other consideration, in accordance with applicable securities laws, so long as such acquisition does not otherwise violate the terms of the Indenture. There can be no assurance as to which, if any, of these alternatives or combinations thereof HRG or its Affiliates may choose to pursue in the future. Any notes held by HRG or its Affiliates shall be disregarded and deemed not to be outstanding when determining whether the holders of the requisite principal amount of the outstanding notes have given, taken or concurred in any direction, waiver or consent or other action.

Certain Covenants

The Indenture contains covenants including, among others, the following:

80

---

#### Maintenance of Liquidity

From the Issue Date, HRG and the Guarantors shall maintain an amount in Cash Equivalents that is subject to no Liens (other than Liens under the Security Documents) in an amount equal to HRG's obligations to pay interest on the notes and all other Debt of HRG and the Guarantors for the next six months. In the case any such Debt bears interest at a floating rate, HRG may assume that the reference interest rate in effect on the applicable date of determination will be in effect for the remainder of such period.

#### Maintenance of Collateral Coverage

- (a) As of (i) the last day of each fiscal year and (ii) the last day of the second fiscal quarter of HRG, HRG shall not permit the Collateral Coverage Ratio to be less than 2.0 to 1.0.
- (b) As of the last day of each fiscal quarter of HRG, HRG shall not permit the Liquid Collateral Coverage Ratio to be less than 1.0 to 1.0.

#### Limitation on Debt and Disqualified Stock

- (a) Neither HRG nor any Guarantor will Incur any Debt.
- (b) Notwithstanding the foregoing, HRG and, to the extent provided below, any Guarantor may Incur the following ("Permitted Debt"):
  - Debt of HRG or any Guarantor constituting Pari-Passu Obligations for which the Authorized Representative of such Debt holders has executed a joinder to the Collateral Trust Agreement as described under the caption
  - (1) "~~Security~~—Collateral Trust Agreement"; provided that, on the date of the Incurrence, after giving effect to the Incurrence and the receipt and application of the proceeds therefrom, the Collateral Coverage Ratio is not less than 2.5 to 1.0;
  - (2) Debt of HRG or any Guarantor owed to HRG or any Guarantor so long as such Debt continues to be owed to HRG or any Guarantor;
    - Subordinated Debt of HRG or any Guarantor; provided that (a) such Debt has a Stated Maturity after the Stated Maturity of the notes and (b) on the date of the Incurrence, after giving effect to the Incurrence and the receipt and
  - (3) application of the proceeds therefrom, the Collateral Coverage Ratio is not less than 2.0 to 1.0, calculated as if all Debt of HRG and the Guarantors outstanding at such time was included in clause (ii) of the definition of "Collateral Coverage Ratio";
  - (4) Debt of HRG pursuant to the notes (other than additional notes, but including the Exchange Notes) and Debt of any Guarantor pursuant to a Note Guaranty of the notes (including additional notes and the Exchange Notes);
    - Debt ("Permitted Refinancing Debt") constituting an extension or renewal of, replacement of, or substitution for, or issued in exchange for, or the net proceeds of which are used to repay, redeem, repurchase, refinance or refund,
  - (5) including by way of defeasance (all of the foregoing, for purposes of this clause, "refinance") then outstanding Debt in an amount not to exceed the principal amount of the Debt so refinanced, plus premiums, fees and expenses; provided that
    - in case the Debt to be refinanced is Subordinated Debt, the new Debt, by its terms or by the terms of any
  - (A) agreement or instrument pursuant to which it is outstanding, is expressly made subordinate in right of payment to the notes at least to the extent that the Debt to be refinanced is subordinated to the notes,
  - (B) the new Debt does not have a Stated Maturity prior to the Stated Maturity of the Debt to be refinanced, and the Average Life of the new Debt is at least equal to the remaining Average Life of the Debt to be refinanced, and
  - (C) Debt Incurred pursuant to clauses (2), (3), (6), (7), (9), (10), (11), (12) and (13) may not be refinanced pursuant to this clause;
  - (6) Hedging Agreements of HRG or any Guarantor entered into in the ordinary course of business for the purpose of managing risks associated with the business of HRG or its Subsidiaries and not for speculation;
  - (7) Debt of HRG or any Guarantor with respect to (A) letters of credit and bankers' acceptances issued in the ordinary course of business and not supporting other Debt, including letters of credit supporting performance, surety or appeal bonds, workers' compensation claims, health, disability or other benefits to employees or former employees or their families or property, casualty or liability insurance or self-insurance, and letters of credit in connection with the maintenance of, or pursuant to the requirements of, environmental or other permits or licenses from governmental authorities, or other Debt with respect to reimbursement type obligations regarding workers'

compensation claims and (B) indemnification, adjustment of purchase price, earn-out or similar obligations incurred in connection with the acquisition or disposition of any business or assets;

(8) Debt of HRG outstanding on the Issue Date (and, for purposes of clause 5(C) not otherwise constituting Permitted Debt);

81

---

- (9) Debt of HRG or any Guarantor consisting of Guarantees of Debt of HRG or any Guarantor Incurred under any other clause of this covenant;
- (10) Debt of HRG or any Guarantor Incurred on or after the Issue Date not otherwise permitted in an aggregate principal amount at any time outstanding not to exceed \$25.0 million;
- (11) Debt arising from endorsing instruments of deposit and from the honoring by a bank or other financial institution of a check, draft or similar instrument drawn against insufficient funds, in each case, in the ordinary course of business; provided that such Debt is extinguished within five business days of Incurrence;
- (12) Debt of HRG or any Guarantor consisting of the financing of insurance premiums;
- (13) Contribution Debt; and
- Debt, which may include Capital Leases, Incurred on or after the Issue Date no later than 180 days after the date of purchase, or completion of construction or improvement of property, for the purpose of financing all or any
- (14) part of the purchase price or cost of construction or improvement; provided that the principal amount of any Debt Incurred pursuant to this clause may not exceed (a) \$5.0 million less (b) the aggregate outstanding amount of Permitted Refinancing Debt Incurred to refinance Debt Incurred pursuant to this clause.
- Notwithstanding any other provision of this covenant, for purposes of determining compliance with this covenant, increases in Debt solely due to fluctuations in the exchange rates of currencies will not be deemed to exceed the maximum amount that HRG or a Guarantor may Incur under this covenant. For purposes of determining compliance with any U.S. dollar-denominated restriction on the Incurrence of Debt, the U.S. dollar-equivalent principal amount of Debt denominated in a foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Debt was Incurred; provided that if such Debt is Incurred to refinance other
- (c) Debt denominated in a foreign currency, and such refinancing would cause the applicable U.S. dollar-denominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such U.S. dollar-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Debt does not exceed the principal amount of such Debt being refinanced. The principal amount of any Debt Incurred to refinance other Debt, if Incurred in a different currency from the Debt being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such respective Debt is denominated that is in effect on the date of such refinancing.
- In the event that an item of Debt meets the criteria of more than one of the types of Debt described in this covenant, HRG, in its sole discretion, will classify items of Debt and will only be required to include the amount and type of such Debt in one of such clauses and HRG will be entitled to divide and classify an item of Debt in more than one
- (d) of the types of Debt described in this covenant, and may, at any time after such Incurrence (based on circumstances existing at such time), change the classification of an item of Debt (or any portion thereof) to any other type of Debt described in this covenant at any time. If any Contribution Debt is redesignated as Incurred under any provision other than clause (13) of paragraph (b), the related issuance of Equity Interests may be included in any calculation under paragraph (a)(3)(B) of "Limitation on Restricted Payments."
- Neither HRG nor any Guarantor may Incur any Debt that is subordinated in right of payment to other Debt of HRG
- (e) or the Guarantor unless such Debt is also subordinated in right of payment to the notes or the relevant Note Guaranty on substantially identical terms. This does not apply to distinctions between categories of Debt that exist by reason of any Liens or Guarantees securing or in favor of some but not all of such Debt.

#### Limitation on Restricted Payments

- HRG will not, and, to the extent within HRG's control, will not permit any of its Subsidiaries (including any
- (a) Guarantor) to, directly or indirectly (the payments and other actions described in the following clauses being collectively "Restricted Payments"):
- (i) declare or pay any dividend or make any distribution on its Equity Interests (other than dividends or distributions paid in HRG's Qualified Equity Interests) held by Persons other than HRG or any of its Subsidiaries;
- (ii) purchase, redeem or otherwise acquire or retire for value any Equity Interests of HRG or any direct or indirect parent of HRG held by Persons other than HRG or any of its Subsidiaries;
- (iii) repay, redeem, repurchase, defease or otherwise acquire or retire for value, or make any payment on or with respect to, any Subordinated Debt of HRG or any Guarantor except a payment of interest or principal at Stated

Maturity; or

(iv) make any Investment in any direct or indirect parent of HRG;  
unless, at the time of, and after giving effect to, the proposed Restricted Payment:  
(1) no Default has occurred and is continuing,

82

---

- (2) HRG could Incur at least \$1.00 of Debt under paragraph (b) (1) under “—Limitation on Debt and Disqualified Stock”, and
- (3) the aggregate amount expended for all Restricted Payments made on or after January 21, 2014 would not, subject to paragraph (c), exceed the sum of
- (A) 50% of the aggregate amount of the Consolidated Net Income (or, if the Consolidated Net Income is a loss, minus 100% of the amount of the loss) accrued on a cumulative basis during the period, taken as one accounting period, beginning with the first fiscal quarter commencing after January 21, 2014 and ending on the last day of HRG’s most recently completed fiscal quarter for which internal financial statements are available, plus
- (B) subject to paragraph (c), the aggregate net cash proceeds and the fair market value of marketable securities or other property received by HRG (other than from a Subsidiary) after January 21, 2014
- (i) from the issuance and sale of its Qualified Equity Interests, including by way of issuance of its Disqualified Equity Interests or Debt to the extent since converted into Qualified Equity Interests of HRG, or
- (ii) as a contribution to its common equity (other than Equity Interests sold to a Subsidiary), plus
- (C) \$30,000,000

The amount expended in any Restricted Payment, if other than in cash, will be deemed to be the fair market value of the relevant non-cash assets, as determined in good faith by HRG’s Board of Directors, whose determination will be conclusive and evidenced by a Board Resolution.

(b) The foregoing will not prohibit:

- the payment of any dividend, or distribution or consummation of a redemption within 60 days after the date of
- (1) declaration thereof or the giving of the redemption notice, as applicable if, at the date of declaration or notice such payment would comply with paragraph (a);
- (2) dividends or distributions by the Exco Joint Venture or a Subsidiary payable, on a pro rata basis or on a basis more favorable than pro rata to HRG, to all holders of any class of Capital Stock of such Person;
- the repayment, redemption, repurchase, defeasance or other acquisition or retirement for value of (a) Subordinated Debt with the proceeds of, or in exchange for, Permitted Refinancing Debt which incurrence occurs within 60 days prior to such repayment, redemption, repurchase, defeasance or other acquisition or retirement for value provided
- (3) that such repayment would have complied with the provisions of the Indenture on such incurrence date or (b) Existing Preferred Stock with the proceeds of, or in exchange for, Subordinated Debt; provided that such Subordinated Debt does not have a Stated Maturity prior to the Stated Maturity of the notes;
- the purchase, redemption or other acquisition or retirement for value of Equity Interests of HRG (including the Existing Preferred Stock) or any direct or indirect parent in exchange for, or out of the proceeds of (i) an offering
- (4) (occurring within 60 days of such purchase redemption or other acquisition or retirement for value) of, Qualified Equity Interests of HRG or (ii) a contribution to the common equity capital of HRG;
- the making of any Restricted Payment in exchange for, or out of the proceeds of (i) an offering (occurring within
- (5) 60 days of such Restricted Payment) of Qualified Equity Interests of HRG or (ii) a contribution to the common equity capital of HRG;
- the purchase, redemption or other acquisition or retirement for value of Equity Interests of HRG held by officers, directors or employees or former officers, directors or employees (or their estates or beneficiaries under their estates), upon death, disability, retirement, severance or termination of employment or pursuant to any agreement under which the Equity Interests were issued; provided that the aggregate cash consideration paid therefor in any
- (6) fiscal year, commencing with the fiscal year during which the Issue Date occurred, does not exceed an aggregate amount equal to the sum of (x) \$25,000,000 and (y) the amount of Restricted Payments permitted but not made pursuant to this clause (6) in prior fiscal years commencing with the fiscal year during which the Issue Date occurred, provided that no more than \$50,000,000 may be carried forward from a fiscal year to the next succeeding fiscal year such that the aggregate amount of cash consideration paid pursuant to this clause (6) in any fiscal year shall not exceed \$50,000,000;
- (7) the repurchase of any Subordinated Debt at a purchase price not greater than (x) 101% of the principal amount thereof in the event of a change of control pursuant to a provision no more favorable to the holders thereof than “—Repurchase of Notes Upon a Change of Control” or (y) 100% of the principal amount thereof in the event of an

Asset Sale pursuant to a provision no more favorable to the holders thereof than “—Limitation on Asset Sales”, provided that, in each case, prior to the repurchase HRG has made an Offer to Purchase and

repurchased all notes issued under the Indenture that were validly tendered for payment in connection with the offer to purchase;

- (8) Restricted Payments not otherwise permitted hereby in an aggregate amount not to exceed \$30.0 million;
  - (a) repurchases of Equity Interests deemed to occur upon the exercise of stock options or warrants if the Equity Interests represent all or a portion of the exercise price thereof (or related withholding taxes) and (b) Restricted
- (9) Payments by HRG to allow the payment of cash in lieu of the issuance of fractional shares upon the exercise of options or warrants or upon the conversion or exchange of Equity Interests of HRG in an aggregate amount under this clause (b) not to exceed \$1.0 million;
  - payment of dividends or distributions on Disqualified Equity Interests of HRG or any Guarantor and payment of any redemption price or liquidation value of any Disqualified Equity Interest when due in accordance with its
- (10) terms, in each case, to the extent that such Disqualified Equity Interest was permitted to be Incurred in accordance with the provisions of the Indenture; provided that, no Restricted Payment may be made pursuant to this clause (10) in connection with, or pursuant to the terms of, the Existing Preferred Stock;
  - in the case of any Subsidiary of HRG that, in the ordinary course of its business, makes Investments in private collective investment vehicles (including private collective investment vehicles other than those owned by
- (11) Permitted Holders), Investments by such Subsidiary in private collective investment vehicles owned or managed by Permitted Holders;
  - Payments by HRG used to fund costs, expenses and fees related to (i) the Hardware Acquisition, the EXCO/HRG Closing, the Tender Offer and the offering and the use of proceeds therefrom in each case, as disclosed (and defined) in the December Offering Circular, (ii) the Spectrum Brands Acquisition or (iii) future acquisitions if such costs, expenses and fees are reasonable and customary (as determined in good faith by HRG);
- (13) the payment of dividends on Qualified Equity Interests of up to 8.0% per annum of the greater of the gross proceeds received by HRG from any offering or sale of such Qualified Equity Interests after the Issue Date or the accreted value of such Equity Interests (provided that the aggregate amount of dividends paid on such Qualified Equity Interests shall not exceed the proceeds therefrom received by HRG after the Issue Date); and
- (14) the purchase, redemption or other acquisition or retirement for value of Equity Interests of HRG in an aggregate amount not to exceed \$100,000,000;

provided that, in the case of clauses (6), (7), (10) and (13), no Default has occurred and is continuing or would occur as a result thereof.

- (c) Proceeds of the issuance of Qualified Equity Interests will be included under clause (3) of paragraph (a) only to the extent they are not applied as described in clause (4) or (5) of paragraph (b). Restricted Payments permitted pursuant to clauses (2) through (9), (11), (12) and (14) will not be included in making the calculations under clause (3) of paragraph (a).

- (d) For purposes of determining compliance with this covenant, in the event that a proposed Restricted Payment (or portion thereof) meets the criteria of more than one of the categories of Restricted Payments described in clauses (1) through (14) above, or is entitled to be incurred pursuant to paragraph (a) of this covenant, HRG will be entitled to divide, classify or re-classify (based on circumstances existing at the time of such re-classification) such Restricted Payment (or portion thereof) in any manner that complies with this covenant and such Restricted Payment will be treated as having been made pursuant to only such clause or clauses or the paragraph (a) of this covenant.

- (e) Paragraph (a) of this covenant will not prohibit the payment of dividends pursuant to Section 2(a) of the Certificate of Designation of Series A-1 and Certificate of Designation of Series A-2 governing the Existing Preferred Stock as of the Issue Date.

- (f) HRG and the Guarantors will not directly or indirectly make any Investment in LightSquared; provided that HRG and any Guarantor may acquire Equity Interests in LightSquared (which Equity Interests in LightSquared shall be pledged as Collateral) (i) solely in exchange for Qualified Equity Interests of HRG or solely as a contribution to the common equity of HRG; or (ii) if, after giving effect to the Investment, the Cash Collateral Coverage Ratio would be at least 2.0 to 1.0; or

(B)

any Persons, the Equity Interests of which would otherwise be included in the Collateral but constitute Excluded Property of a type described in clause (iii) of the definition thereof; provided that HRG may make Investments in such Persons in an aggregate amount under this clause (B) not to exceed \$25.0 million.

In the case of clause (B), such restriction shall no longer apply (and Investments made in such Person shall no longer count against the amount set forth in the proviso) if the Equity Interests of such Person cease to constitute Excluded Property and are pledged as Collateral.

#### Limitation on Liens

Neither HRG nor any Guarantor will, create, incur, assume or otherwise cause or suffer to exist or become effective any Lien of any kind (other than Permitted Liens or, in the case of the Collateral, other than Permitted Collateral Liens) securing Debt upon any of their property or assets, now owned or hereafter acquired.

For purposes of determining compliance with this covenant, (A) a Lien securing an item of Debt need not be permitted solely by reference to one category of permitted Liens described in clauses (1) through (15) of the definition of “Permitted Liens” but may be permitted in part under any combination thereof and (B) in the event that a Lien securing an item of Debt, Disqualified Stock or Preferred Stock (or any portion thereof) meets the criteria of one or more of the categories of permitted Liens described in clauses (1) through (15) of the definition of “Permitted Liens”, HRG shall, in its sole discretion, classify or reclassify, or later divide, classify or reclassify, such Lien securing such item of Debt (or any portion thereof) in any manner that complies with this covenant and will only be required to include the amount and type of such Lien or such item of Debt secured by such Lien in one of the clauses of the definition of “Permitted Liens” and such Lien securing such item of Debt will be treated as being Incurred or existing pursuant to only one of such clauses.

With respect to any Lien securing Debt that was permitted to secure such Debt at the time of the Incurrence of such Debt, such Lien shall also be permitted to secure any Increased Amount of such Debt provided that such Increased Amount is otherwise permitted to be Incurred. The “Increased Amount” of any Debt shall mean any increase in the amount of such Debt in connection with any accrual of interest, the accretion of accreted value, the amortization of original issue discount, the payment of interest in the form of additional Debt with the same terms, the payment of dividends on Preferred Stock in the form of additional shares of Preferred Stock of the same class, accretion of original issue discount or liquidation preference and increases in the amount of Debt outstanding solely as a result of fluctuations in the exchange rate of currencies or increases in the value of property securing Debt described in subclause (7) of the definition of “Debt”.

#### Limitation on Sale and Leaseback Transactions

Neither HRG nor any Guarantor will enter into any Sale and Leaseback Transaction with respect to any property or asset unless HRG or the Guarantor would be entitled to

- (1) Incur Debt in an amount equal to the Attributable Debt with respect to such Sale and Leaseback Transaction pursuant to “—Limitation on Debt and Disqualified Stock”, and
- (2) create a Lien on such property or asset securing such Attributable Debt without equally and ratably securing the notes pursuant to “—Limitation on Liens”,

in which case, the corresponding Debt and Lien will be deemed Incurred pursuant to those provisions.

#### Limitation on Dividend and Other Payment Restrictions Affecting Subsidiaries

Except as provided in paragraph (b), HRG will not, and, to the extent within HRG’s control, will not permit any (a) Subsidiary to, create or otherwise cause or permit to exist or become effective any encumbrance or restriction of any kind on the ability of any Subsidiary to:

- (1) pay dividends or make any other distributions on any Equity Interests of the Subsidiary owned by HRG or any other Subsidiary;
- (2) pay any Debt or other obligation owed to HRG or any other Subsidiary;
- (3) make loans or advances to HRG or any other Subsidiary; or
- (4) transfer any of its property or assets to HRG or any other Subsidiary.

(b) The provisions of paragraph (a) do not apply to any encumbrances or restrictions:

- (1) existing on the Issue Date in the Indenture or any other agreements in effect on the Issue Date, and any extensions, renewals, replacements or refinancings of any of the foregoing; provided that the encumbrances and restrictions in the extension, renewal, replacement or refinancing are, taken as a whole, no less favorable in any material respect to the noteholders than the encumbrances or restrictions being extended, renewed, replaced or refinanced;

- (2) existing under or by reason of applicable law, rule, regulation or order;  
existing with respect to any Person, or to the property or assets of any Person, at the time the Person is acquired by HRG or any Subsidiary, which encumbrances or restrictions (i) are not applicable to any other Person or the
- (3) property or assets of any other Person (other than Subsidiaries of such Person) and (ii) do not materially adversely affect HRG's ability to make interest and principal payments on the notes, and any extensions, renewals, replacements, or refinancings of any of the foregoing, provided the encumbrances and restrictions in the

extension, renewal, replacement or refinancing are, taken as a whole, no less favorable in any material respect to the noteholders than the encumbrances or restrictions being extended, renewed, replaced or refinanced;

(4) of the type described in clause (a)(4) arising or agreed to in the ordinary course of business (i) that restrict in a customary manner the subletting, assignment or transfer of any property or asset that is subject to a lease or license or (ii) by virtue of any Lien on, or agreement to transfer, option or similar right (including any asset sale or stock sale agreement) with respect to any property or assets of, HRG or any Subsidiary;

(5) with respect to a Subsidiary and imposed pursuant to an agreement that has been entered into for the sale or disposition of all or substantially all of the Capital Stock of, or property and assets of, the Subsidiary that is permitted by “—Limitation on Asset Sales”;

(6) contained in the terms governing any Debt of any Subsidiary if the encumbrances or restrictions are ordinary and customary for a financing of that type or would not, taken as a whole, materially adversely affect HRG’s ability to make interest and principal payments on the notes;

(7) required pursuant to the Indenture;

(8) existing pursuant to customary provisions in partnership agreements, limited liability company organizational governance documents, joint venture and other similar agreements entered into in the ordinary course of business that restrict the transfer of ownership interests in such partnership, limited liability company, joint venture or similar Person (including, for the avoidance of doubt and without limitation, the Exco Joint Venture);

(9) consisting of restrictions on cash or other deposits or net worth imposed by customers, suppliers or landlords under contracts entered into in the ordinary course of business;

(10) existing pursuant to purchase money and capital lease obligations for property acquired in the ordinary course of business; and

(11) restrictions or conditions contained in any trading, netting, operating, construction, service, supply, purchase or other agreement to which HRG or any of its Subsidiaries is a party entered into in the ordinary course of business; provided that such agreement prohibits the encumbrance solely of the property or assets of HRG or such Subsidiary that are the subject of such agreement, the payment rights arising thereunder or the proceeds thereof and does not extend to any other asset or property of HRG or such Subsidiary or the assets or property of any other Subsidiary.

For purposes of determining compliance with this covenant, (i) the priority of any Preferred Stock in receiving dividends or liquidating distributions prior to dividends or liquidating distributions being paid on common stock or other Preferred Stock shall not be deemed a restriction on the ability to make distributions on Equity Interests and (ii) the subordination of loans or advances made to HRG or any Subsidiary to other Debt Incurred by HRG or any such Subsidiary shall not be deemed a restriction on the ability to make loans or advances.

#### Repurchase of Notes upon a Change of Control

If a Change of Control occurs, each holder of notes will have the right to require HRG to repurchase all or any part (equal to \$2,000 or a higher multiple of \$1,000) of that holder’s notes pursuant to a Change of Control Offer on the terms set forth in the Indenture. In the Change of Control Offer, HRG will offer a payment (such payment, a “Change of Control Payment”) in cash equal to 101% of the aggregate principal amount of notes repurchased, plus accrued and unpaid interest thereon, to the date of purchase. Within 30 days following any Change of Control, HRG will mail a notice to each holder describing the transaction or transactions that constitute the Change of Control and offering to repurchase notes on the date specified in such notice (the “Change of Control Payment Date”), which date shall be no earlier than 30 days and no later than 60 days from the date such notice is mailed, pursuant to the procedures required by the Indenture and described in such notice. HRG will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable in connection with the repurchase of the notes as a result of a Change of Control. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of the Indenture, HRG will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control provisions of the Indenture by virtue of such compliance.

On or before the Change of Control Payment Date, HRG will, to the extent lawful:

(1) accept for payment all notes or portions thereof properly tendered pursuant to the Change of Control Offer;

- (2) deposit with the paying agent an amount equal to the Change of Control Payment in respect of all notes or portions thereof properly tendered; and
- (3) deliver or cause to be delivered to the trustee the notes so accepted together with an officers' certificate stating the aggregate principal amount of notes or portions thereof being purchased by HRG.

The paying agent will promptly mail or wire transfer to each holder of notes properly tendered the Change of Control Payment for such notes, and the trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each holder a new

note equal in principal amount to any unpurchased portion of the notes surrendered, if any; provided that such new note will be in a principal amount of \$2,000 or a higher integral multiple of \$1,000.

A Change of Control will generally constitute a change of control under HRG's existing debt instruments and any future credit agreements, series of Preferred Stock or other agreements to which HRG or any of its Subsidiaries becomes a party may provide that certain change of control events with respect to HRG would constitute a default under these agreements. HRG's ability to pay cash to the holders following the occurrence of a Change of Control may be limited by HRG's then existing financial resources. Moreover, the exercise by the holders of their right to require HRG to purchase the notes could cause a default under other debt, even if the Change of Control itself does not, due to the financial effect of the purchase on HRG. There can be no assurance that sufficient funds will be available when necessary to make the required purchase of the notes. See "Risk Factors—Risks Related to the Notes—We may be unable to repurchase the notes upon a change of control."

HRG will not be required to make a Change of Control Offer upon a Change of Control if (1) a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by HRG and purchases all notes validly tendered and not withdrawn under such Change of Control Offer or (2) notice of redemption has been given with respect to all the notes pursuant to the Indenture as described above under the caption "—Optional Redemption," unless and until there is a default in payment of the applicable redemption price.

A Change of Control Offer may be made in advance of a Change of Control, conditional upon such Change of Control or another event, if a definitive agreement is in place for the Change of Control at the time of making of the Change of Control Offer.

The provisions under the Indenture relative to HRG's obligation to make a Change of Control Offer may be waived or modified with the written consent of the holders of a majority in principal amount of the notes.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of "all or substantially all" of the properties or assets of HRG and its Subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase "substantially all," there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of the notes to require HRG to repurchase such notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of HRG and its Subsidiaries taken as a whole to another Person or group may be uncertain.

Under a Delaware Chancery Court interpretation of a change of control repurchase requirement with a continuing director provision, a board of directors may approve a slate of shareholder-nominated directors without endorsing them or while simultaneously recommending and endorsing its own slate instead. The foregoing interpretation would permit HRG's Board of Directors to approve a slate of directors that included a majority of dissident directors nominated pursuant to a proxy contest, and the ultimate election of such directors would not constitute a "Change of Control" under the Indenture that would trigger the rights of a holder of notes to require a repurchase of the notes pursuant to this covenant.

#### Limitation on Asset Sales

Neither HRG nor any Guarantor will make any Asset Sale unless the following conditions are met:

- (1) The Asset Sale is for fair market value, as determined in good faith by the Board of Directors.
  - At least 75% of the consideration consists of Cash Equivalents received at closing or Replacement Assets
- (2) (provided such Replacement Assets or Equity Interests of any direct Subsidiary that directly or indirectly owns such Replacement Assets are pledged as Collateral pursuant to the Security Documents). For purposes of this clause (2):
  - (A) the assumption by the purchaser, or cancellation, of Debt or other obligations (other than Subordinated Debt) of HRG or a Guarantor pursuant to a customary novation agreement or acknowledgement of such cancellation, provided, however, that such cancellation permanently retires such Debt (and in the case of a revolving credit facility, permanently reduces the commitment thereunder by such amount);
  - (B) instruments or securities received from the purchaser that are promptly, but in any event within 120 days of the closing, converted by HRG to Cash Equivalents, to the extent of the Cash Equivalents actually so received and
  - (C)

any Designated Non-cash Consideration received by HRG or any Guarantor in such Asset Sale having an aggregate fair market value, taken together with all other Designated Non-cash Consideration received pursuant to this clause (C) that is at that time outstanding, not to exceed \$25.0 million at the time of the receipt of such Designated Non-cash Consideration (with the fair market value of each item of Designated Non-cash Consideration being measured at the time received and without giving effect to subsequent changes in value) (provided such assets or Equity Interests of any direct Subsidiary that directly or indirectly owns such assets are pledged as Collateral pursuant to the Security Documents) shall be considered Cash Equivalents received at closing.

- (3) Within 420 days after the receipt of any Net Cash Proceeds from an Asset Sale, the Net Cash Proceeds may be used to (a) acquire all or substantially all of the assets of an operating business, a majority of the Voting Stock

of another Person that thereupon becomes a Subsidiary engaged in an operating business or to make other Investments in Persons other than Permitted Holders in the ordinary course of business (collectively, “Replacement Assets”), (b) to make a capital contribution to a Subsidiary, the proceeds of which are used by such Subsidiary to purchase an operating business, to make capital expenditures or otherwise acquire long-term assets that are to be used in an operating business (which assets or Voting Stock shall be pledged as Collateral) or to make other Investments in Persons other than Permitted Holders in the ordinary course of business, and/or (c) repay, repurchase or retire Pari Passu Obligations and, if applicable, to correspondingly reduce commitments with respect thereto and in the case of a revolving credit, permanently reduce the commitment thereunder by such amount; provided that if the Issuer shall so reduce such Pari Passu Obligations, it will, on a ratable basis, make an Offer to Purchase (in accordance with the procedures set forth below to all holders of notes to purchase at a purchase price equal to 100% of the principal amount thereof, plus accrued and unpaid interest, if any, the pro rata principal amount of notes.

Following the entering into of a binding agreement with respect to an Asset Sale and prior to the consummation thereof, Cash Equivalents (whether or not actual Net Cash Proceeds of such Asset Sale) used for the purposes described in this clause (3) that are designated as uses in accordance with this clause (3), and not previously or subsequently so designated in respect of any other Asset Sale, shall be deemed to be Net Cash Proceeds applied in accordance with this clause (3).

The Net Cash Proceeds of an Asset Sale not applied pursuant to clause (3) within 420 days of the Asset Sale constitute “Excess Proceeds”. Excess Proceeds of less than \$20.0 million will be carried forward and accumulated; provided that until the aggregate amount of Excess Proceeds equals or exceeds \$20.0 million, all or any portion of

(4) such Excess Proceeds may be used or invested in the manner described in clause (3) above and such invested amount shall no longer be considered Excess Proceeds. When accumulated Excess Proceeds equals or exceeds such amount, HRG must, within 30 days, make an Offer to Purchase notes having a principal amount equal to (A) accumulated Excess Proceeds, multiplied by a fraction (x) the numerator of which is equal to the outstanding principal amount of the notes and (y) the denominator of which is equal to the outstanding principal amount of the notes and all Pari-Passu Obligations secured by Liens on the Collateral and owed to anyone other than HRG, a Subsidiary or any Permitted Holder similarly required to be repaid, redeemed or tendered for in connection with the Asset Sale, rounded down to the nearest \$1,000. The purchase price for the notes will be 100% of the principal amount plus accrued interest to the date of purchase. If the Offer to Purchase is for less than all of the outstanding notes and notes in an aggregate principal amount in excess of the purchase amount are tendered and not withdrawn pursuant to the offer, HRG will (B) purchase notes having an aggregate principal amount equal to the purchase amount on a pro rata basis, by lot or any other method that the trustee in its sole discretion deems fair and appropriate with adjustments so that only notes in multiples of \$1,000 principal amount will be purchased. Upon completion of the Offer to Purchase, Excess Proceeds will be reset at zero, and any Excess Proceeds remaining after consummation of the Offer to Purchase may be used for any purpose not otherwise prohibited by the Indenture.

#### Limitation on Transactions with Affiliates

HRG will not, and, to the extent within HRG’s control, will not permit any Subsidiary to, directly or indirectly, enter into, renew or extend any transaction or arrangement including the purchase, sale, lease or exchange of property or assets, or the rendering of any service with any Affiliate of HRG or any Subsidiary (a “Related Party (a) Transaction”), involving payments or consideration in excess of \$5.0 million except upon fair and reasonable terms that taken as a whole are no less favorable to HRG or the Subsidiary than could be obtained in a comparable arm’s-length transaction with a Person that is not an Affiliate of HRG.

Any Related Party Transaction or series of Related Party Transactions with an aggregate value in excess of \$15.0 million must first be approved by a majority of the relevant Board of Directors who are disinterested in the subject matter of the transaction pursuant to a resolution of such Board of Directors. Prior to entering into any Related (b) Party Transaction or series of Related Party Transactions with an aggregate value in excess of \$25.0 million, HRG must in addition obtain a favorable written opinion from a nationally recognized investment banking, appraisal or accounting firm as to the fairness of the transaction to HRG and its Subsidiaries from a financial point of view.

(c) The foregoing paragraphs do not apply to

- (1) any transaction between HRG and any of its Subsidiaries or between Subsidiaries of HRG;  
the payment, by HRG or a Subsidiary, of reasonable and customary regular fees and compensation to, and
- (2) reasonable and customary indemnification arrangements and similar payments on behalf of, directors of HRG or directors of such Subsidiary, respectively, who are not employees of HRG or such Subsidiary, respectively;

88

---

- (3) any Restricted Payments if permitted by “—Limitation on Restricted Payments”;
- transactions or payments, including the award of securities, pursuant to any employee, officer or director
- (4) compensation or benefit plans or arrangements by HRG or a Subsidiary entered into in the ordinary course of business, or approved by the Board of Directors of HRG or such Subsidiary, respectively;
- transactions pursuant to any contract or agreement in effect on the Issue Date, as amended, modified or replaced
- (5) from time to time so long as the terms of the amended, modified or new agreements, taken as a whole, are no less favorable to HRG and its Subsidiaries than those in effect on the date of the Indenture;
- (6) the entering into of a customary agreement providing registration rights, and the performance of such agreements;
- the issuance of Equity Interests (other than Disqualified Equity Interests) of HRG to any Person or any transaction
- (7) with an Affiliate where the only consideration paid by HRG or any Subsidiary is Equity Interests (other than Disqualified Equity Interests) of HRG or any contribution to the capital of HRG;
- (8) the entering into of any tax sharing agreement or arrangement or any other transactions undertaken in good faith for the sole purpose of improving the tax efficiency of HRG and its Subsidiaries;
- (A) transactions with customers, clients, suppliers or purchasers or sellers of goods or services, or transactions otherwise relating to the purchase or sale of goods or services, in each case in the ordinary course of business and otherwise in compliance with the terms of the Indenture, (B) transactions with joint ventures entered into in
- (9) ordinary course of business and consistent with past practice or industry norm (including, for the avoidance of doubt and without limitation, the Exco Joint Venture) or (C) any management services or support agreement entered into on terms consistent with past practice and approved by a majority of HRG’s or the relevant Subsidiary’s Board of Directors (including a majority of the disinterested directors) in good faith;
- transactions permitted by, and complying with, the provisions of, the “Consolidation, Merger or Sale of
- (10) Assets” covenant, or any merger, consolidation or reorganization of HRG or a Subsidiary with an Affiliate, solely for the purposes of reincorporating HRG or a Subsidiary in a new jurisdiction;
- (a) transactions between HRG or any of its Subsidiaries and any Person that is an Affiliate solely because one or more of its directors is also a director of HRG or any of its Subsidiaries; provided that such director abstains from
- (11) voting as a director of HRG or a Subsidiary on any matter involving such other Person or (b) transactions entered into with any of HRG’s or its Subsidiaries or Affiliates for shared services, facilities and/or employee arrangements entered into on commercially reasonable terms (as determined in good faith by HRG);
- (12) Investments permitted pursuant to clause (11) of “—Covenants —Limitation on Restricted Payments” on commercially reasonable terms (as determined in good faith by HRG);
- payments by HRG or any Subsidiary to any Affiliate for any financial advisory, financing, underwriting or
- (13) placement services or in respect of other investment banking activities, including in connection with acquisitions or divestitures, which payments are on arms’-length terms and are approved by a majority of the members of the Board of Directors (including a majority of the disinterested directors) in good faith;
- any transaction pursuant to which any Permitted Holder provides HRG and/or its Subsidiaries, at cost, with services, including services to be purchased from third-party providers, such as legal and accounting, tax,
- (14) consulting, financial advisory, corporate governance, insurance coverage and other services, which transaction is approved by a majority of the members of the Board of Directors (including a majority of the disinterested directors) in good faith;
- (15) the contribution of Equity Interests of Spectrum to HRG or any Subsidiary by a Permitted Holder;
- the entering into of customary investment management contracts between a Permitted Holder and any Subsidiary of HRG that, in the ordinary course of its business, makes Investments in private collective investment vehicles

- transactions in which HRG or any Subsidiary, as the case may be, delivers to the trustee a letter from an
- (17) independent accounting, appraisal or investment banking firm of national standing stating that such transaction is fair to HRG or such Subsidiary from a financial point of view or meets the requirements of clause (a) above; and
- (18)

with respect to transactions involving Spectrum Brands, Inc., any transaction that is permitted by the covenant, “Transactions with Affiliates” in the Indenture governing Spectrum Brands, Inc.’s 6.375% Senior Notes due 2020 and 6.625% Senior Notes due 2022, upon assumption of such obligations by Spectrum Brands, Inc.

### Financial Reports

Whether or not HRG is subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, HRG (a) must provide the trustee and noteholders with, or electronically file with the Commission, within the time periods specified in those sections

- all quarterly and annual reports that would be required to be filed with the Commission on Forms 10-Q and 10-K if HRG were required to file such reports, including a "Management's Discussion and Analysis of Financial Condition and Results of Operations" and, with respect to annual information only, a report thereon by HRG's certified independent accountants, and
- (1) all current reports that would be required to be filed with the Commission on Form 8-K if HRG were required to file such reports.

In addition, whether or not required by the Commission, HRG will, if the Commission will accept the filing, file a copy of all of the information and reports referred to in clauses (1) and (2) with the Commission for public availability within the time periods specified in the Commission's rules and regulations. In addition, HRG will make the information and reports available to securities analysts and prospective investors upon request.

For so long as any of the notes remain outstanding and constitute "restricted securities" under Rule 144, HRG will furnish to the holders of the notes and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

Any and all Defaults or Events of Default arising from a failure to furnish or file in a timely manner a report required by this covenant shall be deemed cured (and HRG shall be deemed to be in compliance with this covenant) upon furnishing or filing such report or certification as contemplated by this covenant (but without regard to the date on which such report or certification is so furnished or filed); provided that such cure shall not otherwise affect the rights of the holders under "Default and Remedies" if the principal, premium, if any, and accrued interest, (including Additional Interest, if any), have been accelerated in accordance with the terms of the Indenture and such acceleration has not been rescinded or cancelled prior to such cure.

Delivery of such reports, information and documents to the trustee is for informational purposes only and the trustee's receipt of such shall not constitute constructive notice of any information contained therein or determinable from information contained therein, including HRG's and the Guarantors' compliance with any of the covenants under the Indenture (as to which the trustee is entitled to rely exclusively on officers' certificates).

### Reports to Trustee

HRG will deliver to the trustee:

- (1) within 120 days after the end of each fiscal year a certificate stating that HRG has fulfilled its obligations under the Indenture or, if there has been a Default, specifying the Default and its nature and status; and
- as soon as reasonably possible and in any event within 30 days after HRG becomes aware or should reasonably (2) become aware of the occurrence of a Default, an officers' certificate setting forth the details of the Default, and the action which HRG proposes to take with respect thereto.

### No Investment Company Registration

Neither HRG nor any Guarantor will register, or be required to register, as an "investment company" as such term is defined in the Investment Company Act of 1940, as amended.

### Consolidation, Merger or Sale of Assets

#### HRG

(a) HRG will not

consolidate with or merge with or into any Person, or

- sell, convey, transfer or otherwise dispose of all or substantially all of its assets as an entirety or substantially an entirety, in one transaction or a series of related transactions, to any Person or

permit any Person to merge with or into HRG,

unless:

- (1) either (x) HRG is the continuing Person or (y) the resulting, surviving or transferee Person is a corporation organized and validly existing under the laws of the United States of America or any jurisdiction thereof and expressly assumes by supplemental indenture all of the obligations of HRG under the Indenture and the notes and

the registration rights agreement;  
(2) immediately after giving effect to the transaction, no Default has occurred and is continuing;

90

---

immediately after giving effect to the transaction on a pro forma basis, HRG or the resulting surviving or transferee Person would be in compliance with the covenants set forth under “—Certain Covenants—Maintenance of Liquidity,” and (3) “—Certain Covenants—Maintenance of Collateral Coverage” (calculated as if the date of the transaction was a date on which such covenant is required to be tested under “—Maintenance of Collateral Coverage”); and

(4) HRG delivers to the trustee an officers’ certificate and an opinion of counsel, each stating that the consolidation, merger or transfer and the supplemental indenture (if any) comply with the Indenture; provided, that clauses (2) and (3) do not apply (i) to the consolidation or merger of HRG with or into a Wholly Owned Subsidiary or the consolidation or merger of a Wholly Owned Subsidiary with or into HRG or (ii) if, in the good faith determination of the Board of Directors of HRG, whose determination is evidenced by a Resolution of HRG’s Board of Directors, the sole purpose of the transaction is to change the jurisdiction of incorporation of HRG.

(b) HRG shall not lease all or substantially all of its assets, whether in one transaction or a series of transactions, to one or more other Persons.

The foregoing clauses (a) and (b) shall not apply to (i) any transfer of assets by HRG to any Guarantor, (ii) any (c) transfer of assets among Guarantors or (iii) any transfer of assets by a Subsidiary that is not a Guarantor to (x) another Subsidiary that is not a Guarantor or (y) HRG or any Guarantor.

Upon the consummation of any transaction effected in accordance with these provisions, if HRG is not the continuing Person, the resulting, surviving or transferee Person will succeed to, and be substituted for, and may exercise every right and power of, HRG under the Indenture and the notes with the same effect as if such successor (d) Person had been named as HRG in the Indenture. Upon such substitution, except in the case of a sale, conveyance, transfer or disposition of less than all its assets, HRG will be released from its obligations under the Indenture and the notes.

#### Guarantors

No Guarantor may:

• consolidate with or merge with or into any Person, or  
• sell, convey, transfer or dispose of, all or substantially all its assets as an entirety or substantially as an entirety, in one transaction or a series of related transactions, to any Person, or  
• permit any Person to merge with or into the Guarantor unless:

(A) the other Person is HRG or any Subsidiary that is Guarantor or becomes a Guarantor concurrently with the transaction; or

#### Default and Remedies

##### Events of Default

An “Event of Default” occurs if

(1) HRG defaults in the payment of the principal of any note when the same becomes due and payable at maturity, upon acceleration or redemption, or otherwise (other than pursuant to an Offer to Purchase);

(2) HRG defaults in the payment of interest (including any Additional Interest) on any note when the same becomes due and payable, and the default continues for a period of 30 days;

(3) HRG fails to make an Offer to Purchase and thereafter accept and pay for notes tendered when and as required pursuant to “—Certain Covenants—Repurchase of Notes Upon a Change of Control” or “—Certain Covenants—Limitation Asset Sales”, or HRG or any Guarantor fails to comply with “—Consolidation, Merger or Sale of Assets”;

(4) HRG defaults in the performance of or breaches the covenants set forth under “—Certain Covenants—Maintenance of Liquidity,” or “—Certain Covenants—Maintenance of Collateral Coverage” and such default or breach is not cured within (i) 45 days after the date of default under clause (a) of “—Certain Covenants—Maintenance of Collateral Coverage” or (ii) 15 days after the date of any default under “—Certain Covenants—Maintenance of Liquidity,” or clauses (b) or (c) of

“—Certain Covenants—Maintenance of Collateral

- HRG defaults in the performance of or breaches any other covenant or agreement of HRG in the Indenture or under
- (5) the notes and the default or breach continues for a period of 60 consecutive days after written notice to HRG by the trustee or to HRG and the trustee by the holders of 25% or more in aggregate principal amount of the notes; the failure by HRG or any Significant Subsidiary to pay any Debt (other than intercompany Debt) within any
  - (6) applicable grace period after final maturity or the acceleration of any such Debt by the holders thereof because of a default, in each case, if the total amount of such Debt unpaid or accelerated exceeds \$25.0 million; one or more final judgments or orders for the payment of money are rendered against HRG or any of its Significant Subsidiaries and are not paid or discharged, and there is a period of 60 consecutive days following entry of the
  - (7) final judgment or order that causes the aggregate amount for all such final judgments or orders outstanding and not paid or discharged against all such Persons to exceed \$25.0 million (in excess of amounts which HRG’s insurance carriers have agreed to pay under applicable policies) during which a stay of enforcement, by reason of a pending appeal or otherwise, is not in effect;
  - (8) certain bankruptcy defaults occur with respect to HRG or any Significant Subsidiary;
- any Note Guaranty of a Significant Subsidiary ceases to be in full force and effect, other than in accordance the

  - (10) Documents), (b) any of the Security Documents shall for whatever reason be terminated or cease to be in full force and effect (except for expiration in accordance with its terms or amendment, modification, waiver, termination or release in accordance with the terms of the Indenture) or (c) the enforceability of the Liens created by the Security Documents shall be contested by HRG or any Guarantor that is a Significant Subsidiary.

#### Consequences of an Event of Default

If an Event of Default, other than a bankruptcy default with respect to HRG, occurs and is continuing under the Indenture, the trustee or the holders of at least 25% in aggregate principal amount of the notes then outstanding, by written notice to HRG (and to the trustee if the notice is given by the holders), may, and the trustee at the request of such holders shall, declare the principal of and accrued interest (including Additional Interest, if any) on the notes to be immediately due and payable. Upon a declaration of acceleration, such principal and interest will become immediately due and payable. If a bankruptcy default occurs with respect to HRG, the principal of and accrued interest on the notes then outstanding will become immediately due and payable without any declaration or other act on the part of the trustee or any holder.

The holders of a majority in principal amount of the outstanding notes by written notice to HRG and to the trustee may waive all past defaults and rescind and annul a declaration of acceleration and its consequences if

- (1) all existing Events of Default, other than the nonpayment of the principal of, premium, if any, and interest on the notes that have become due solely by the declaration of acceleration, have been cured or waived, and
- (2) the rescission would not conflict with any judgment or decree of a court of competent jurisdiction.

Except as otherwise provided in “—Consequences of an Event of Default” or “—Amendments and Waivers—Amendments with Consent of Holders,” the holders of a majority in principal amount of the outstanding notes may, by notice to the trustee, waive an existing Default and its consequences. Upon such waiver, the Default will cease to exist, and any Event of Default arising therefrom will be deemed to have been cured, but no such waiver will extend to any subsequent or other Default or impair any right consequent thereon.

In the event of a declaration of acceleration of the notes because an Event of Default described in clause (6) under “Events of Default” has occurred and is continuing, the declaration of acceleration of the notes shall be automatically annulled if the event of default or payment default triggering such Event of Default pursuant to clause (6) shall be

remedied or cured, or waived by the holders of the Debt, or the Debt that gave rise to such Event of Default shall have been discharged in full, within 30 days after the declaration of acceleration with respect thereto and if (1) the annulment of the acceleration of the notes would not conflict with any judgment or decree of a court of competent jurisdiction and (2) all existing Events of Default, except nonpayment of principal, premium or interest on the notes that became due solely because of the acceleration of the notes, have been cured or waived.

The holders of a majority in principal amount of the outstanding notes may direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee. However, the trustee may refuse to follow any direction that conflicts with law or the Indenture, that may involve the trustee in personal liability, or that the trustee determines in good faith may be unduly prejudicial to the rights of holders of notes not joining in the giving of

such direction, and may take any other action it deems proper that is not inconsistent with any such direction received from holders of notes.

A holder may not institute any proceeding, judicial or otherwise, with respect to the Indenture or the notes, or for the appointment of a receiver or trustee, or for any other remedy under the Indenture or the notes, unless:

- (1) the holder has previously given to the trustee written notice of a continuing Event of Default;
- (2) holders of at least 25% in aggregate principal amount of outstanding notes have made written request to the trustee to institute proceedings in respect of the Event of Default in its own name as trustee under the Indenture;
- (3) holders have offered to the trustee indemnity reasonably satisfactory to the trustee against any costs, liabilities or expenses to be incurred in compliance with such request;
- (4) the trustee for 60 days after its receipt of such notice, request and offer of indemnity has failed to institute any such proceeding; and
- (5) during such 60-day period, the holders of a majority in aggregate principal amount of the outstanding notes have not given the trustee a direction that is inconsistent with such written request.

Notwithstanding anything to the contrary, the right of a holder of a note to receive payment of principal of or interest on its note on or after the Stated Maturities thereof, or to bring suit for the enforcement of any such payment on or after such dates, may not be impaired or affected without the consent of that holder.

If any Default occurs and is continuing and is known to the trustee, the trustee will send notice of the Default to each holder within 90 days after it occurs, unless the Default has been cured; provided that, except in the case of a default in the payment of the principal of or interest on any note, the trustee may withhold the notice if and so long as the trustee in good faith determines that withholding the notice is in the interest of the holders.

No Liability of Directors, Officers, Employees, Incorporators, Members and Stockholders

No director, officer, employee, incorporator, member or stockholder of HRG or any Guarantor, as such, will have any liability for any obligations of HRG or such Guarantor under the notes, any Note Guaranty or the Indenture or for any claim based on, in respect of, or by reason of, such obligations. Each holder of notes by accepting a note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the notes. This waiver may not be effective to waive liabilities under the federal securities laws and it is the view of the Commission that such a waiver is against public policy.

Amendments and Waivers

Amendments Without Consent of Holders

HRG and the trustee may amend or supplement the Indenture, the notes (and HRG, the trustee or the Collateral Agent may amend or supplement the Security Documents) without notice to or the consent of any noteholder

- (1) to cure any ambiguity, defect or inconsistency in the Indenture or the notes;
- (2) to comply with “—Consolidation, Merger or Sale of Assets”;
- (3) to comply with any requirements of the Commission in connection with the qualification of the Indenture under the Trust Indenture Act;
- (4) to evidence and provide for the acceptance of an appointment by a successor trustee;
- (5) to provide for uncertificated notes in addition to or in place of certificated notes, provided that the uncertificated notes are issued in registered form for purposes of Section 163(f) of the Code or any successor provision; to provide for any Guarantee of the notes, to secure the notes or to confirm and evidence the release, termination or
- (6) discharge of any Guarantee of or Lien securing the notes when such release, termination or discharge is permitted by the Indenture;
- (7) to provide for or confirm the issuance of additional notes;
- (8) to make any other change that does not materially and adversely affect the rights of any holder;
- (9) to conform any provision to the “Description of Notes” in the December Offering Circular, as certified by an officers’ certificate; or
- (10) to evidence the issuance of any Pari-Passu Obligations and secure such obligations with Liens on the Collateral.

Amendments With Consent of Holders

- (a) Except as otherwise provided in “—Default and Remedies—Consequences of a Default” or paragraph (b), HRG and the trustee may amend the Indenture and the notes with the written consent of the holders of a majority in principal

amount of the outstanding notes and the holders of a majority in principal amount of the outstanding notes may waive future compliance by HRG with any provision of the Indenture or the notes. In addition, the trustee is authorized to

permit the Collateral Agent to amend any Security Document with the written consent of the holders of a majority in principal amount of the outstanding notes.

- (b) Notwithstanding the provisions of paragraph (a), without the consent of each holder affected, an amendment or waiver may not
- (1) reduce the principal amount of or change the Stated Maturity of any installment of principal of any note,
  - (2) reduce the rate of or change the Stated Maturity of any interest payment on any note,
  - (3) reduce the amount payable upon the redemption of any note or change the time of any mandatory redemption or, in respect of an optional redemption, the times at which any note may be redeemed,
  - (4) after the time an Offer to Purchase is required to have been made, reduce the purchase amount or purchase price, or extend the latest expiration date or purchase date thereunder,
  - (5) make any note payable in money other than that stated in the note,
  - (6) impair the right of any holder of notes to receive any principal payment or interest payment on such holder's notes, on or after the Stated Maturity thereof, or to institute suit for the enforcement of any such payment,
  - (7) make any change in the percentage of the principal amount of the notes required for amendments or waivers,
  - (8) modify or change any provision of the Indenture affecting the ranking (as to contractual right of payment) of the notes or any Note Guaranty in a manner adverse to the holders of the notes, or
  - (9) release any Note Guaranty other than as permitted by the Indenture.

In addition, no amendment, supplement or waiver may release all or substantially all of the Collateral without the consent of holders of at least two-thirds in aggregate principal amount of notes.

It is not necessary for noteholders to approve the particular form of any proposed amendment, supplement or waiver, but is sufficient if their consent approves the substance thereof.

The Indenture provides that, in determining whether the holders of the required principal amount of notes have concurred in any direction, waiver or consent, notes owned by HRG, any Guarantor or by any Person directly or indirectly controlling or controlled by or under direct or indirect common control with HRG or any Guarantor shall be disregarded and deemed not to be outstanding, except that, for the purpose of determining whether the trustee shall be protected in relying on any such direction, waiver or consent, only notes which the trustee knows are so owned shall be so disregarded. Subject to the foregoing, only notes outstanding at the time shall be considered in any such determination.

#### Defeasance and Discharge

HRG may discharge its obligations under the notes and the Indenture by irrevocably depositing in trust with the trustee money or U.S. Government Obligations sufficient to pay principal of and interest on the notes to maturity or redemption within one year, subject to meeting certain other conditions.

HRG may also elect to

- (1) discharge most of its obligations in respect of the notes and the Indenture, not including obligations related to the defeasance trust or to the replacement of notes or its obligations to the trustee ("legal defeasance") or discharge its obligations under most of the covenants and under clause (3) of "—Consolidation, Merger or Sale of Assets—HRG" (and the events listed in clauses (3), (4), (5), (6), (7), (8) (with respect to Significant Subsidiaries only), (9) and (10) under "—Default and Remedies—Events of Default" will no longer constitute Events of Default) ("covenant defeasance") by irrevocably depositing in trust with the trustee money or U.S. Government Obligations sufficient, in the opinion of an independent firm of certified public accountants to pay principal of and interest on the notes to
- (2) maturity or redemption and by meeting certain other conditions, including delivery to the trustee of either a ruling received from the Internal Revenue Service or an opinion of counsel to the effect that the beneficial owners of the notes will not recognize income, gain or loss for federal income tax purposes as a result of the defeasance and will be subject to federal income tax on the same amount and in the same manner and at the same times as would otherwise have been the case. In the case of legal defeasance, such an opinion could not be given absent a change of law after the date of the Indenture.

In the case of either discharge or defeasance, the Note Guaranties, if any, will terminate.

Concerning the Trustee

Wells Fargo Bank, National Association is the trustee under the Indenture.

Except during the continuance of an Event of Default, the trustee need perform only those duties that are specifically set forth in the Indenture and no others, and no implied covenants or obligations will be read into the Indenture against the trustee. In case an Event of Default has occurred and is continuing, the trustee shall exercise those rights and powers vested in it by the Indenture, and use the same degree of care and skill in their exercise, as a prudent person would exercise or use under the circumstances in

the conduct of such person's own affairs. No provision of the Indenture will require the trustee to expend or risk its own funds or otherwise incur any financial liability in the performance of its duties thereunder, or in the exercise of its rights or powers, unless it receives indemnity satisfactory to it against any loss, liability or expense.

The Indenture and provisions of the Trust Indenture Act incorporated by reference therein contain limitations on the rights of the trustee, should it become a creditor of any obligor on the notes, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The trustee is permitted to engage in other transactions with HRG and its Affiliates; provided that if it acquires any conflicting interest it must either eliminate the conflict within 90 days, apply to the Commission for permission to continue or resign.

#### Governing Law

The Indenture, including any Note Guaranties, and the notes shall be governed by, and construed in accordance with, the laws of the State of New York, without regard to its conflict of laws principles.

## BOOK-ENTRY, DELIVERY AND FORM OF SECURITIES

Except as described below, we will initially issue the exchange notes in the form of one or more registered exchange notes in global form without coupons. We will deposit each global note on the date of the closing of this exchange offer with, or on behalf of, DTC in New York, New York, and register the exchange notes in the name of DTC, or its nominee, or will leave these notes in the custody of the trustee.

### Depository Trust Company Procedures

For your convenience, we are providing you with a description of the operations and procedures of the DTC. These operations and procedures are solely within the control of the respective settlement systems and are subject to changes by them. We are not responsible for these operations and procedures and urge you to contact the system or its participants directly to discuss these matters.

DTC has advised us that it is a limited-purpose trust company created to hold securities for its participating organizations and to facilitate the clearance and settlement of transactions in those securities between its participants through electronic book entry changes in the accounts of these participants. These direct participants include securities brokers and dealers, banks, trust companies, clearing corporations and other organizations. Access to DTC's system is also indirectly available to other entities that clear through or maintain a direct or indirect, custodial relationship with a direct participant. DTC may hold securities beneficially owned by other persons only through its participants and the ownership interests and transfers of ownership interests of these other persons will be recorded only on the records of the participants and not on the records of the DTC.

DTC has also advised us that, in accordance with its procedures, upon deposit of the global notes, it will credit the accounts of the direct participants with an interest in the global notes, and it will maintain records of the ownership interests of these direct participants in the global notes and the transfer of ownership interests by and between direct participants.

DTC will not maintain records of the ownership interests of, or the transfer of ownership interests by and between, indirect participants or other owners of beneficial interests in the global notes. Both direct and indirect participants must maintain their own records of ownership interests of, and the transfer of ownership interests by and between, indirect participants and other owners of beneficial interests in the global notes.

Investors in the global notes may hold their interests in the notes directly through DTC if they are direct participants in DTC or indirectly through organizations that are direct participants in DTC. All interests in a global note may be subject to the procedures and requirements of the DTC.

The laws of some states require that some persons take physical delivery in definitive certificated form of the securities that they own. This may limit or curtail the ability to transfer beneficial interests in a global note to these persons. Because DTC can act only on behalf of direct participants, which in turn act on behalf of indirect participants and others, the ability of a person having a beneficial interest in a global note to pledge its interest to persons or entities that are not direct participants in DTC or to otherwise take actions in respect of its interest, may be affected by the lack of physical certificates evidencing the interests.

Except as described below, owners of interests in the global notes will not have notes registered in their names, will not receive physical delivery of notes in certificated form and will not be considered the registered owners or holders of these notes under the indentures for any purpose.

Payments with respect to the principal of and interest on any notes represented by a global note registered in the name of DTC or its nominee on the applicable record date will be payable by the trustee to or at the direction of DTC or its nominee in its capacity as the registered holder of the global note representing these notes under the indentures. Under the terms of the indentures, we and the trustee will treat the person in whose names the notes are registered, including notes represented by global notes, as the owners of the notes for the purpose of receiving payments and for any and all other purposes whatsoever. Payments in respect of the principal and interest on global notes registered in the name of DTC or its nominee will be payable by the trustee to DTC or its nominee as the registered holder under the indentures. Consequently, neither we, the trustee nor any of our agents, nor the trustee's agents has or will have any responsibility or liability for:

(1) any aspect of DTC's records or any direct or indirect participant's records relating to, or payments made on account of, beneficial ownership interests in the global notes or for maintaining, supervising or reviewing any of DTC's

records or any direct or indirect participant's records relating to the beneficial ownership interests in any global note or  
(2) any other matter relating to the actions and practices of DTC or any of its direct or indirect participants.  
DTC has advised us that its current practice, upon receipt of any payment in respect of securities such as the notes, including principal and interest, is to credit the accounts of the relevant participants with the payment on the payment date, in amounts proportionate to their respective holdings in the principal amount of beneficial interest in the security as shown on its records, unless it has reasons to believe that it will not receive payment on the payment date. Payments by the direct and indirect participants to the beneficial owners of interests in the global note will be governed by standing instructions and customary practice and will be the responsibility of the direct or indirect participants and will not be the responsibility of DTC, the trustee or us.

105

---

Neither we nor the trustee will be liable for any delay by DTC or any direct or indirect participant in identifying the beneficial owners of the notes and we and the trustee may conclusively rely on, and will be protected in relying on, instructions from DTC or its nominee for all purposes, including with respect to the registration and delivery, and the respective principal amounts, of the notes.

Transfers between participants in DTC will be effected in accordance with DTC procedures.

DTC advised us that it will take any action permitted to be taken by a holder of notes only at the direction of one or more participants to whose account DTC has credited the interests in the global notes and only in respect of the portion of the aggregate principal amount of the notes as to which the participant or participants has or have given that direction. However, if there is an event of default with respect to the notes, DTC reserves the right to exchange the global notes for legended notes in certificated form and to distribute them to its participants.

Although DTC has agreed to these procedures to facilitate transfers of interests in the global notes among participants in DTC it is under no obligation to perform or to continue to perform these procedures and may discontinue them at any time. Neither we, the trustee nor any of our or the trustee's respective agents will have any responsibility for the performance by DTC or its direct or indirect participants of their respective obligations under the rules and procedures governing their operations.

#### Exchange of Book-Entry Notes for Certificated Notes

A global note will be exchangeable for definitive notes in registered certificated form if:

- (1) DTC notifies us that it is unwilling or unable to continue as depository for the global notes and a successor depository is not appointed by us within 90 days of the notice; or
- (2) an event of default under the applicable indenture for the notes has occurred and is continuing and the trustee has received a request from DTC.

In all cases, certificated notes delivered in exchange for any global note or beneficial interests in a global note will be registered in the name, and issued in any approved denominations, requested by or on behalf of DTC, in accordance with its customary procedures.

#### Exchange of Certificated Notes for Book-Entry Notes

Initial notes issued in certificated form may be exchanged for beneficial interests in the applicable global note.

#### Same Day Settlement

We expect that the interests in the global notes will be eligible to trade in DTC's Same-Day Funds Settlement System. As a result, secondary market trading activity in these interests will settle in immediately available funds, subject in all cases to the rules and procedures of DTC and its participants. We expect that secondary trading in any certificated notes will also be settled in immediately available funds.

#### Payment

The indentures require that payments in respect of the notes represented by global notes, including principal and interest, be made by wire transfer of immediately available funds to the accounts specified by the holder of the global notes. With respect to notes in certificated form, we will make all payments of principal and interest on the notes at our office or agency maintained for that purpose within the city and state of New York. This office will initially be the office of the Paying Agent maintained for that purpose. At our option however, we may make these installments of interest by

- (1) check mailed to the holders of notes at their respective addresses provided in the register of holder of notes or
- (2) transfer to an account maintained by the payee.

## CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS

Subject to the limitations and qualifications set forth herein (including Exhibit 8.1 hereto), the following discussion of the material U.S. federal income tax considerations relevant to the exchange of initial notes for exchange notes pursuant to the exchange offer and the ownership and disposition of exchange notes acquired by United States Holders and non-United States Holders (each as defined below and collectively referred to as “Holders”) pursuant to the exchange offer is the opinion of Paul, Weiss, Rifkind, Wharton & Garrison LLP, our U.S. federal income tax counsel, insofar as it expresses conclusions as to the application of U.S. federal income tax law. This discussion does not purport to be a complete analysis of all potential tax effects. The discussion is based on the Code, U.S. Treasury regulations issued thereunder (“Treasury Regulations”), rulings and pronouncements of the Internal Revenue Service (the “IRS”) and judicial decisions in effect or in existence as of the date of this prospectus, all of which are subject to change at any time or to different interpretations. Any such change may be applied retroactively in a manner that could adversely affect a Holder and the continued validity of this summary. This discussion does not address all of the U.S. federal income tax considerations that may be relevant to a Holder in light of such Holder’s particular circumstances (for example, United States Holders subject to the alternative minimum tax provisions of the Code) or to Holders subject to special rules, such as certain financial institutions, U.S. expatriates, partnerships or other pass-through entities, insurance companies, regulated investment companies, real estate investment trusts, dealers in securities or currencies, traders in securities, Holders whose functional currency is not the U.S. dollar, tax-exempt organizations and persons holding the initial notes or exchange notes (collectively referred to as “notes”) as part of a “straddle,” “hedge,” or conversion transaction within the meaning of Section 1258 of the Code or other integrated transaction within the meaning of Treasury Regulations Section 1.1275-6. Moreover, the effect of any applicable state, local or foreign tax laws, or U.S. federal gift and estate tax law is not discussed. The discussion deals only with notes held as “capital assets” within the meaning of Section 1221 of the Code.

We have not sought and will not seek any rulings from the IRS with respect to the matters discussed below. There can be no assurance that the IRS will not take a different position concerning the tax consequences of the exchange of initial notes for exchange notes pursuant to the exchange offer and ownership or disposition of the exchange notes acquired by Holders pursuant to the exchange offer or that any such position would not be sustained.

If an entity taxable as a partnership for U.S. federal income tax purposes holds the notes, the U.S. federal income tax treatment of a partner (or other owner) will depend on the status of the partner (or other owner) and the activities of the entity. Such partner (or other owner) should consult its tax advisor as to the tax consequences of the entity’s purchasing, owning and disposing of the notes.

Prospective investors should consult their own tax advisors with regard to the application of the tax consequences discussed below to their particular situations as well as the application of any state, local, foreign or other tax laws, including gift and estate tax laws.

### United States Holders

This section applies to “United States Holders.” A United States Holder is a beneficial owner of notes that is:

- a citizen or resident alien of the United States as determined for U.S. federal income tax purposes,
- a corporation (or other entity taxable as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States, any state thereof or the District of Columbia,
- an estate the income of which is subject to U.S. federal income tax regardless of its source, or
- a trust (i) if a court within the United States is able to exercise primary supervision over its administration and one or more U.S. persons have authority to control all substantial decisions of the trust, or (ii) that has a valid election in effect under applicable Treasury Regulations to be treated as a U.S. person for U.S. federal income tax purposes.

### Exchange Offer

Exchanging an initial note for an exchange note will not be treated as a taxable exchange for U.S. federal income tax purposes. Consequently, United States Holders will not recognize gain or loss upon receipt of an exchange note. The holding period for an exchange note will include the holding period for the initial note and the initial basis in an exchange note will be the same as the adjusted basis in the initial note.

### Payments upon Change of Control or Other Circumstances

In certain circumstances we may be obligated to pay amounts in excess of stated interest or principal on the exchange notes, or to pay the full principal amount of some or all of the exchange notes before their stated maturity date. These features of the exchange notes may implicate the provisions of the Treasury Regulations governing “contingent payment debt instruments.” A debt instrument is not subject to these provisions, however, if, at the date of its issuance, there is only a “remote” chance that contingencies affecting the instrument’s yield to maturity will occur. We believe that the likelihood that we will be obligated to make such payments in amounts or at times that affect the exchange notes’ yield to maturity is remote, and we do not intend to treat the exchange notes as contingent payment debt instruments. Our determination that the contingencies giving rise to such payments are remote is

107

---

binding on a United States Holder unless such United States Holder discloses its contrary position in the manner required by applicable Treasury Regulations. Our determination is not, however, binding on the IRS, and if the IRS were to challenge this determination a United States Holder might be required to accrue income on its exchange notes in excess of stated interest and to treat as ordinary income rather than as capital gain any income realized on the taxable disposition of an exchange note before the resolution of the contingencies. The remainder of this summary assumes that the exchange notes will not be subject to the Treasury Regulations governing contingent payment debt instruments.

#### Interest

Qualified stated interest (“QSI”) on the exchange notes will be taxable to a United States Holder as ordinary income at the time it is received or accrued, in accordance with such United States Holder’s method of tax accounting. We expect the regular interest payments made on the exchange notes to be treated as QSI. An interest payment on a debt instrument is QSI if it is one of a series of stated interest payments on a debt instrument that are unconditionally payable at least annually at a single fixed rate, applied to the outstanding principal amount of the debt instrument.

#### Market Discount and Bond Premium

**Market Discount.** If a United States Holder purchased an initial note (which will be exchanged for an exchange note pursuant to the exchange offer) for an amount that is less than its “revised issue price,” the amount of the difference should be treated as market discount for U.S. federal income tax purposes. Any market discount applicable to an initial note should carry over to the exchange note received in exchange therefor. The “revised issue price” of an initial note equals the issue price of the initial note. Although the Code does not expressly so provide, the revised issue price of the initial note is decreased by the amount of any payments previously made on the initial note (other than payments of QSI). The amount of any market discount will be treated as de minimis and disregarded if it is less than one-quarter of one percent of the revised issue price of the initial note, multiplied by the number of complete years to maturity. The rules described below do not apply to a United States Holder if such holder purchased an initial note that has de minimis market discount.

Under the market discount rules, a United States Holder is required to treat any principal payment on, or any gain on the sale, exchange, redemption or other disposition of, an exchange note as ordinary income to the extent of any accrued market discount (on the initial note or the exchange note) that has not previously been included in income. If a United States Holder disposes of an exchange note in an otherwise nontaxable transaction (other than certain specified nonrecognition transactions), such holder will be required to include any accrued market discount as ordinary income as if such holder had sold the exchange note at its then fair market value. In addition, such holder may be required to defer, until the maturity of the exchange note or its earlier disposition in a taxable transaction, the deduction of a portion of the interest expense on any indebtedness incurred or continued to purchase or carry the initial note or the exchange note received in exchange therefor.

Market discount accrues ratably during the period from the date on which such holder acquired the initial note through the maturity date of the exchange note (for which the initial note was exchanged), unless such holder makes an irrevocable election to accrue market discount under a constant yield method. Such holder may elect to include market discount in income currently as it accrues (either ratably or under the constant yield method), in which case the rule described above regarding deferral of interest deductions will not apply. If such holder elects to include market discount in income currently, such holder’s adjusted basis in an exchange note will be increased by any market discount included in income. An election to include market discount currently will apply to all market discount obligations acquired during or after the first taxable year in which the election is made, and the election may not be revoked without the consent of the IRS.

**Bond Premium.** If a United States Holder purchased an initial note (which will be exchanged for an exchange note pursuant to the exchange offer) for an amount in excess of the sum of all amounts payable on the initial note (other than QSI), the excess will be treated as bond premium. Any bond premium applicable to an initial note should carry over to the exchange note received in exchange therefor. A United States Holder may elect to reduce the amount required to be included in income each year with respect to interest on its note by the amount of amortizable bond premium allocable to that year, based on the exchange note’s yield to maturity. However, because the exchange notes may be redeemed by us prior to maturity at a premium, special rules apply that may reduce or eliminate the amount of

premium that a U.S. Holder may amortize with respect to an exchange note. United States Holders should consult their tax advisors about these special rules. If a United States Holder makes the election to amortize bond premium, it will apply to all debt instruments (other than debt instruments the interest on which is excludible from gross income) that the United States Holder holds at the beginning of the first taxable year to which the election applies or thereafter acquires, and the election may not be revoked without the consent of the IRS.

**Sale or Other Taxable Disposition of the Exchange Notes**

A United States Holder will recognize gain or loss on the sale, exchange, redemption, retirement or other taxable disposition of an exchange note equal to the difference, if any, between the amount realized upon the disposition (less any portion allocable to any accrued and unpaid interest, which will be taxable as ordinary income to the extent not previously included in such holder's income) and the United States Holder's adjusted tax basis in the exchange note at the time of disposition. A United States Holder's adjusted tax basis in an exchange note will be the price such holder paid for the initial note, (i) increased by any market discount

previously included in gross income and (ii) reduced (but not below zero) by the amount of any payments (other than QSI) and any amortizable bond premium taken into account with respect to the initial or exchange notes. This gain or loss will be a capital gain or loss (except to the extent of accrued interest not previously includible in income or to the extent the market discount rules require the recognition of ordinary income) and will be long-term capital gain or loss if the United States Holder has held the exchange note (together with the initial note) for more than one year.

Otherwise, such gain or loss will be a short-term capital gain or loss. Long-term capital gains of noncorporate United States Holders, including individuals, may be taxed at lower rates than items of ordinary income. The deductibility of capital losses is subject to limitations.

#### Medicare Contribution Tax on Unearned Income

A 3.8% tax is imposed on the lesser of the “net investment income” or the amount by which modified adjusted gross income exceeds a threshold amount, in either case, of United States Holders that are individuals, estates and trusts. Net investment income includes, among other things, interest income not derived from the conduct of a nonpassive trade or business. Payments of interest on the exchange notes and gain from the sale or other taxable disposition of the exchange notes are expected to constitute net investment income.

#### Information Reporting and Backup Withholding

Information reporting requirements will apply to United States Holders that are not exempt recipients, such as corporations, with respect to certain payments of interest on the exchange notes and the proceeds of disposition (including a retirement or redemption of an exchange note). In addition, a United States Holder other than certain exempt recipients may be subject to “backup withholding” on the receipt of certain payments on the exchange notes if such holder:

- fails to provide a correct taxpayer identification number (“TIN”), which for an individual is ordinarily his or her social security number,

- is notified by the IRS that it is subject to backup withholding,

- fails to certify, under penalties of perjury, that it has furnished a correct TIN and that the IRS has not notified the United States Holder that it is subject to backup withholding, or

- otherwise fails to comply with applicable requirements of the backup withholding rules.

United States Holders should consult their own tax advisors regarding their qualification for an exemption from backup withholding and the procedures for obtaining such an exemption, if applicable. Backup withholding is not an additional tax and taxpayers may use amounts withheld as a credit against their U.S. federal income tax liability or may claim a refund as long as they timely provide certain information to the IRS.

#### Non-United States Holders

This section applies to “non-United States Holders.” A non-United States Holder is a beneficial owner of notes that is not a United States Holder and that is an individual, corporation (or other entity taxable as a corporation for U.S. federal income tax purposes), estate or trust.

#### Exchange Offer

Non-United States Holders will not recognize gain or loss upon receipt of an exchange note in exchange for an initial note pursuant to the exchange offer.

#### Interest Payments

Subject to the discussion below concerning effectively connected income and backup withholding, interest paid to a non-United States Holder on an exchange note will not be subject to U.S. federal income tax or withholding tax, provided that such non-United States Holder meets the following requirements:

- Such holder does not own, actually or constructively, for U.S. federal income tax purposes, stock constituting 10% or more of the total combined voting power of all classes of our stock entitled to vote.

- Such holder is not, for U.S. federal income tax purposes, a controlled foreign corporation related, directly or indirectly, to us through equity ownership.

- Such holder is not a bank receiving interest on an extension of credit made pursuant to a loan agreement entered into in the ordinary course of its trade or business.

- Such holder provides a properly completed IRS Form W-8BEN or W-8BEN-E certifying its non-U.S. status.

The gross amount of payments of interest that do not qualify for the exception from withholding described above will be subject to U.S. withholding tax at a rate of 30%, unless (i) such holder provides a properly completed IRS Form W-8BEN or W-8BEN-E claiming an exemption from or reduction in withholding under an applicable tax treaty, or (ii) such interest is effectively connected with such holder's conduct of a U.S. trade or business and such holder provides a properly completed IRS Form W-8ECI.

#### Sale or Other Taxable Disposition of the Exchange Notes

Subject to the discussion below concerning backup withholding, a non-United States Holder will not be subject to U.S. federal income tax or withholding tax on any gain recognized on the sale, exchange, redemption, retirement or other disposition of an exchange note unless:

such holder is an individual present in the United States for 183 days or more in the taxable year of the disposition and certain other conditions are met, in which case such holder will be subject to a 30% tax (or a lower applicable treaty rate) with respect to such gain (offset by certain U.S. source capital losses), or

such gain is effectively connected with such holder's conduct of a trade or business in the United States, in which case such holder will be subject to tax as described below under "Effectively Connected Income."

Any amounts in respect of accrued interest recognized on the sale or exchange of an exchange note will not be subject to U.S. federal withholding tax, unless the sale or exchange is part of a plan the principal purpose of which is to avoid tax and the withholding agent has actual knowledge or reason to know of such plan.

#### Effectively Connected Income

If interest or gain from a disposition of the exchange notes is effectively connected with a non-United States Holder's conduct of a U.S. trade or business, such holder will be subject to U.S. federal income tax on the interest or gain on a net income basis in the same manner as if such holder were a United States Holder, unless an applicable income tax treaty provides otherwise. The interest or gain in respect of the exchange notes would be exempt from U.S.

withholding tax if such holder claims the exemption by providing a properly completed IRS Form W-8ECI. In addition, if such holder is a foreign corporation, such holder may also be subject to a branch profits tax on its effectively connected earnings and profits for the taxable year, subject to certain adjustments, at a rate of 30% unless reduced or eliminated by an applicable tax treaty.

#### Information Reporting and Backup Withholding

Unless certain exceptions apply, we or another withholding agent must report to the IRS and to a non-United States Holder any payments to such holder in respect of interest during the taxable year. Under current U.S. federal income tax law, backup withholding tax will not apply to payments of interest by us or our paying agent on an exchange note to a non-United States Holder, if such holder provides us with a properly completed IRS Form W-8BEN or W-8BEN-E, provided that we or our paying agent, as the case may be, do not have actual knowledge or reason to know that such holder is a U.S. person.

Payments pursuant to the sale, exchange or other disposition of exchange notes, made to or through a foreign office of a foreign broker, other than payments in respect of interest, will not be subject to information reporting and backup withholding; provided that information reporting may apply if the foreign broker has certain connections to the United States, unless the beneficial owner of the exchange note certifies, under penalties of perjury, that it is not a U.S. person, or otherwise establishes an exemption. Payments made to or through a foreign office of a U.S. broker will not be subject to backup withholding, but are subject to information reporting, unless the beneficial owner of the exchange note certifies, under penalties of perjury, that it is not a U.S. person, or otherwise establishes an exemption. Payments to or through a U.S. office of a broker, however, are subject to information reporting and backup withholding, unless the beneficial owner of the exchange notes certifies, under penalties of perjury, that it is not a U.S. person, or otherwise establishes an exemption.

Backup withholding is not an additional tax; any amounts withheld from a payment to a non-United States Holder under the backup withholding rules will be allowed as a credit against such holder's U.S. federal income tax liability and may entitle such holder to a refund, provided that the required information is timely furnished to the IRS.

Non-United States Holders should consult their own tax advisors regarding application of withholding and backup withholding in their particular circumstances and the availability of and procedure for obtaining an exemption from withholding and backup withholding under current Treasury Regulations.

#### FATCA Withholding

Pursuant to Sections 1471 through 1474 of the Code, applicable Treasury Regulations, other official guidance and intergovernmental agreements entered into with respect to the foregoing, (together, commonly referred to as "FATCA"), foreign financial institutions (which include most foreign hedge funds, private equity funds, mutual funds, securitization vehicles and any other investment vehicles) and certain other foreign entities must comply with

information reporting rules with respect to their U.S. account holders and investors or confront a withholding tax on U.S. source payments made to them (whether received as a beneficial owner or as an intermediary for another party). More specifically, a foreign financial institution or other foreign entity that does not comply with the FATCA reporting requirements will generally be subject to a 30% withholding tax with respect to any “withholdable payments.” For this purpose, withholdable payments generally include U.S. source payments otherwise subject to nonresident withholding tax (including U.S. source interest) and will also include the gross proceeds from the sale or other disposition of any debt instruments of U.S. issuers. The FATCA withholding tax will apply even if the payment would otherwise not be subject to U.S. nonresident withholding tax (e.g., because it qualifies as portfolio interest or is capital gain). Administrative guidance from the IRS defers the withholding obligation for gross proceeds of U.S. debt instruments until January 1, 2019. Holders are urged to consult their tax advisors regarding the effect, if any, of the FATCA provisions on them given their particular circumstances.

#### PLAN OF DISTRIBUTION

Each broker-dealer that receives exchange notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of such exchange notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of exchange notes received in exchange for initial notes where such initial notes were acquired as a result of market-making activities or other trading activities. We have agreed that, for a period of 180 days after the expiration date, we will make this prospectus, as amended or supplemented, available to any broker-dealer for use in connection with any such resale.

We will not receive any proceeds from any sale of exchange notes by broker-dealers. Exchange notes received by broker-dealers for their own account pursuant to the exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the exchange notes or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or negotiated prices. Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer or the purchasers of any such exchange notes. Any broker-dealer that resells exchange notes that were received by it for its own account pursuant to the exchange offer and any broker or dealer that participates in a distribution of such exchange notes may be deemed to be an “underwriter” within the meaning of the Securities Act and any profit on any such resale of exchange notes and any commission or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that, by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an “underwriter” within the meaning of the Securities Act.

For a period of 180 days after the expiration date we will promptly send additional copies of this prospectus and any amendment or supplement to this prospectus to any broker-dealer that requests such documents in the letter of transmittal. We have agreed to pay all expenses incident to the exchange offer (including the expenses of one counsel for the holders of the notes) other than commissions or concessions of any brokers or dealers and will indemnify the holders of the notes (including any broker-dealers) against certain liabilities, including liabilities under the Securities Act.
