## NOTES TO FINANCIAL STATEMENTS

### SIGNIFICANT ACCOUNTING POLICIES

**BASIS OF PRESENTATION** - The accompanying unaudited condensed financial statements reflect all adjustments (consisting only of normal recurring adjustments) which are, in the opinion of the Partnership, necessary to a fair statement of the results for the interim periods. The results of operations for such interim periods are not necessarily indicative of results of operations for a full year. The December 31, 2001 balance sheet included herein is derived from the audited financial statements included in the Partnership's Annual Report and incorporated by reference in the Form 10-K for the year ended December 31, 2001, but does not include all disclosures required by generally accepted accounting principles. The statements should be read in conjunction with the Organization and Significant Accounting Policies and other notes to financial statements included in the Partnership's Annual Report for the year ended December 31, 2001.

**CASH EQUIVALENTS** - The Partnership considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

**FINANCE LEASES** - Lease agreements, under which the partnership recovers substantially all its investment from the minimum lease payments are accounted for as finance leases. At lease commencement, the partnership records the lease receivable, estimated residual value of the leased aircraft, and unearned lease income. The original unearned income is equal to the receivable plus the residual value less the cost of the aircraft (including the acquisition fee paid to an affiliate of the general partner). The remaining unearned income is recognized as revenue over the lease term so as to approximate a level rate of return on the investment.

**OPERATING LEASES** - Leases that do not meet the criteria for finance leases are accounted for as operating leases. The partnership's undivided interests in aircraft subject to operating leases are recorded at carrying value of the aircraft at lease inception. Aircraft are depreciated over the related lease terms, generally five to nine years on a straight-line basis to an estimated salvage value, or over their estimated useful lives for aircraft held for lease, on a straight-line basis to an estimated salvage value.

**NET INCOME PER LIMITED PARTNERSHIP UNIT** - Net Income Per Limited Partnership Unit is computed by dividing the net income allocated to the Limited Partners by the weighted average units outstanding (4,625,000).

AIRLEASE LTD., A CALIFORNIA LIMITED PARTNERSHIP

MANAGEMENT'S DISCUSSION AND ANALYSIS OF  
FINANCIAL CONDITION AND RESULTS OF OPERATIONS

### LIQUIDITY AND CAPITAL RESOURCES

The Partnership presently has one long-term debt facility. At March 31, 2002,

## Edgar Filing: AIRLEASE LTD - Form 10-Q

the 7.4% non-recourse note collateralized by one aircraft leased to FedEx had an outstanding balance of \$3.4 million. The facility matures in April 2006.

At March 31, 2002, long-term borrowings of \$3.4 million represented 3.1 % of the original cost of the aircraft presently owned by the Partnership, including capital expenditures for upgrades. The terms of the Limited Partnership Agreement permit debt to be at a level not exceeding 50% of such cost.

Cash distributions paid in the first three months of 2002 were \$1.61 per limited partnership unit, representing the regular 2001 fourth-quarter cash distribution of \$0.11 per unit, and a special distribution of \$1.50 per unit as a result of the sale of one MD-82 aircraft in December 2001.

In March 2002, the Partnership declared a first-quarter 2002 cash distribution of \$0.11 per unit totaling \$513,889 and payable on May 15, 2002 to unitholders of record on March 29, 2002.

### RESULTS OF OPERATIONS

The Partnership reported a 2002 first quarter loss of \$422,000, compared with last year's first quarter earnings of \$923,000. Revenues for the first quarter of 2002 were \$859,000, a decrease of \$691,000 from last year's first quarter revenues of \$1,550,000. The revenue reduction is primarily due to the expiration of the lease with US Airways for five aircraft in the fourth quarter of 2001, three of which remain off lease; the sale of one aircraft in December 2001; and the scheduled decline in finance lease income in 2002 associated with the aircraft leased to FedEx. The decline in earnings results from the reduced revenues, together with an increase in expenses primarily due to an increase in depreciation expense.

Expenses for the first three months of 2002 were \$1,281,000, an increase of \$654,000 from \$627,000 for the comparable 2001 period. The increase in expenses is primarily due to depreciation expense of \$856,000 for the first quarter of 2002 related to aircraft subject to operating leases and to aircraft available for lease. No depreciation expense was recorded in the first quarter of 2001 as the aircraft were on finance leases. The increase in expenses due to depreciation expense was partially offset by lower interest expense in the first quarter of 2002 as a result of the reduction in the Partnership's debt balances, and by lower management fees and taxes due to a smaller asset base and lower revenues.

7

### PORTFOLIO

At March 31, 2002, the Partnership's portfolio consisted of six Stage-III commercial aircraft. Two are leased to CSI Aviation Services, Inc., one to FedEx, and three are off lease.

The Partnership is in negotiation with US Airways concerning satisfaction of aircraft return conditions and payment of hold-over rent with respect to the three aircraft currently off lease, which were previously leased by US Airways.

SAFE HARBOR STATEMENT UNDER THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995:

## Edgar Filing: AIRLEASE LTD - Form 10-Q

The Partnership has included in this quarterly report certain "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995 concerning the Partnership's business, operations and financial condition. The words or phrases "can be", "may affect", "may depend", "expect", "believe", "anticipate", "intend", "will", "estimate", "project" and similar words and phrases are intended to identify such forward-looking statements. Such forward-looking statements are subject to various known and unknown risks and uncertainties and the Partnership cautions you that any forward-looking information provided by or on behalf of the Partnership is not a guarantee of future performance. Actual results could differ materially from those anticipated in such forward-looking statements due to a number of factors, some of which are beyond the Partnership's control, in addition to those discussed in the Partnership's other press releases and public filings, including (i) changes in the aircraft or aircraft leasing market, (ii) economic downturn in the airline industry, (iii) default by lessees under leases causing the Partnership to incur unanticipated expenses or not to receive rental income as and when expected, (iv) the impact of the events of September 11, 2001 on the aircraft or aircraft leasing market and on the airline industry, (v) changes in interest rates and (vi) legislative or regulatory changes that adversely affect the value of aircraft. All such forward-looking statements are current only as of the date on which such statements were made. The Partnership does not undertake any obligation to publicly update any forward-looking statement to reflect events or circumstances after the date on which any such statement is made or to reflect the occurrence of unanticipated events.

### OUTLOOK

The market conditions for aircraft leasing declined during 2001 and during the first quarter of 2002, in particular after September 11, 2001, when reduction in air-traffic demand, caused the supply of aircraft to exceed demand. While there are signs of increases in air traffic from September 2001 levels, which could lead to increased demand, it is widely believed that it will take time before the industry recovers fully. Consequently, the Partnership continues to experience significant competitive pressure in marketing the three aircraft currently off lease, and management is not able to predict when these aircraft may be leased again or the terms of any such future leasing.

### QUANTITATIVE AND QUALITATIVE DISCLOSURE ABOUT MARKET RISK

The General Partner believes there has been no material change in the Partnership's exposure to market risk from that discussed in the Partnership's Annual Report on Form 10-K for the year ended December 31, 2001.

## PART II. OTHER INFORMATION

### Item 6. EXHIBITS AND REPORTS ON FORM 8-K

(a) The Partnership did not file any reports on Form 8-K during the quarter ended March 31, 2002.
