This Proxy Statement is furnished in connection with the solicitation of proxies by and on behalf of the Board of Directors (the “Board of Directors” or the “Board”) of BSD Medical Corporation, a Delaware corporation (the “Company” or “BSD”), for use at the annual meeting of the stockholders (the “Annual Meeting”) to be held February 3, 2010 at The Little America Hotel located at 500 South Main Street, Salt Lake City, Utah 84101, at 9:00 a.m., Mountain Time. THIS PROXY STATEMENT, THE NOTICE OF ANNUAL MEETING OF STOCKHOLDERS AND FORM OF PROXY ARE FIRST BEING MAILED TO THE COMPANY’S STOCKHOLDERS ON OR ABOUT DECEMBER 29, 2009.

At the Annual Meeting, the stockholders of the Company will be asked to vote on four proposals. Proposal 1 is the annual election of seven directors to serve on the Company’s Board of Directors. If you execute and deliver a proxy by mailing a proxy card, or by voting via the internet or telephone, you have the right to revoke your proxy at any time before it is exercised by delivering to the Secretary of the Company an instrument revoking it or a duly executed proxy bearing a later date, or by attending the Annual Meeting and voting in person. Subject to revocation, the proxy holders will vote all shares represented by a properly executed proxy received in time for the Annual Meeting in accordance with the instructions on the proxy. Each outstanding share of common stock will be entitled to one vote on each matter submitted to a vote of the stockholders at the Annual Meeting.

The holders of one-third of the shares of the Common Stock outstanding on the Record Date, present in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting and at any adjournment or postponement thereof. Any abstentions and broker non-votes will be deemed as present for purposes of determining a quorum at the Annual Meeting. The seven individuals receiving the most votes will be elected to serve as directors of the Company. Abstentions and broker non-votes will not have the effect of being counted as voted in favor of or against the election of directors. All proposals, except for the election of directors, must be approved by a majority of the votes present in person or represented by proxy at the Annual Meeting, at which a quorum is present. Abstentions will have the effect of being counted as voted against any of these proposals. Broker non-votes will not have the effect of being counted as voted in favor of or against any of these proposals.

Each of the nominees is currently a director of the Company. Each person nominated for election has agreed to serve if elected, and the Board of Directors has no reason to believe that any nominee will be unavailable or will decline to serve. In the event, however, that any nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee who is designated by the current Board of Directors to fill the vacancy. COMPOSITION OF THE BOARD OF DIRECTORS

Our Board of Directors currently consists of seven directors. Directors are elected at each annual meeting of stockholders to serve until the next annual meeting of stockholders or until their successors are duly elected and qualified. There are no family relationships among any of our directors, officers or key employees.

CODE OF ETHICS

We have adopted a Code of Ethics that applies to all of our directors, officers and employees. Our Code of Ethics is available on our website (www.bsdmc.com) on our corporate governance page of the investor section of our website. We intend to post amendments to or waivers from our Code of Ethics (to the extent applicable to our chief executive officer, principal financial officer or principal accounting officer) on our website.

AFFIRMATIVE DETERMINATIONS REGARDING DIRECTOR INDEPENDENCE

The Board of Directors has determined each of the following directors to be an “independent director” as such term is defined in the NASDAQ Stock Market Listing Standards: Timothy C. McQuay, Michael Nobel, Douglas P. Boyd and Steven G. Stewart.

In this Proxy Statement, these four directors are referred to individually as an “Independent Director” and collectively as the “Independent Directors.”

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

During fiscal year 2009, the Board of Directors met five times and no director attended fewer than 75% of the meetings of the Board or any of the Board committees of which a director was a member. Although we do not have a formal policy regarding attendance by directors at our annual meeting, we encourage directors to attend and all directors attended the last annual meeting.

The Board of Directors has formed an audit committee and a compensation committee. A copy of the charter of our audit committee is available on our website (www.bsdmc.com) on our corporate governance page of the investor section of our website.

The Audit Committee. The Audit Committee, which held four meetings during fiscal year 2009, is responsible for reviewing and monitoring our financial statements and internal accounting procedures, recommending the selection of independent auditors by the Board, evaluating the scope of the annual audit, reviewing audit results, consulting with management and our independent auditor prior to presentation of financial statements to stockholders and, as appropriate, initiating inquiries into aspects of our internal accounting controls and financial affairs. The Board of Directors has adopted a written audit committee charter.

The members of the Audit Committee are Messrs., Boyd, Stewart, Nobel and McQuay. Mr. Stewart is currently serving as the audit committee chairman and financial expert. All members of the Audit Committee are Independent Directors.

The Nominating Committee. The Company does not have a standing nominating committee or nominating committee charter. Each director participates in decisions relating to nominations for directors. The Board of Directors believes that, considering the size of the Company and the Board of Directors, nominating decisions can be easily made on a case-by-case basis and there is no need for the added formality of a nominating committee. Based on criteria established by the NASDAQ Stock Market relating to director independence, Messrs. Stewart, Boyd, Nobel and McQuay are the Company’s only independent directors.

The Board of Directors does not have an express policy with regard to the consideration of any director candidates since the Board believes that it can adequately evaluate nominees on a case-by-case basis. The Board has not previously received any recommendations for director candidates from stockholders, and has not adopted a formal process for considering director candidates who may be recommended by stockholders. However, the Company’s

policy is to give due consideration to any and all such candidates, and in evaluating director nominees, the Board considers the appropriate size of the Board, the needs of the Company, the skills and experience of its directors, and a candidate's familiarity with our industry. A stockholder may submit a recommendation for director candidates to us at our corporate offices, to the attention of Harold R. Wolcott. We do not pay fees to any third parties to assist us in identifying potential nominees.

The Compensation Committee. The members of the Compensation Committee are Messrs. Boyd, Stewart, Nobel and McQuay. Mr. Boyd is currently serving as the Compensation Committee chairman. All members of the Compensation Committee are Independent Directors. Our Compensation Committee, which met three times during fiscal year 2009, does not currently have a charter. The Compensation Committee has responsibility for establishing and monitoring our executive compensation programs and for making decisions regarding the compensation of our Named Executive Officers (as defined below). The agenda for meetings of the Compensation Committee is determined by the Chairman of the Compensation Committee. The Compensation Committee sets the compensation package of the Named Executive Officers and their annual bonus. For a further description of the Compensation Committee's role, and the use of a compensation consultant, see "Executive Compensation" below.

DIRECTOR COMPENSATION 2009

Our 1998 Director Stock Plan, as amended effective March 1, 2009, provides an annual retainer ("Annual Retainer") in the amount of \$60,000 to each non-employee director other than the Audit Committee Financial Expert, who is to receive \$65,000. Of the Annual Retainer, \$30,000 is to be paid in cash to each such director, other than the Audit Committee Financial Expert, who is to receive \$35,000 in cash (the "Cash Payment"). The Cash Payment is payable in equal installments on May 1 and November 1 of each year in which each non-employee director continues to serve as a member of the Board. Each non-employee director is to receive the balance of the Annual Retainer in the form of shares of Common Stock (the "Common Stock Payment"). The portion of the annual retainer that is paid in common stock will be determined by reference to the fair market value of our Common Stock. The fair market value of the Common Stock will be determined by reference to the closing price, as reported by the NASDAQ Stock Market, of the Common Stock on May 1 of each year, the payment date of the Common Stock Payment.

Prior to March 1, 2009, our 1998 Director Stock Plan provided an annual retainer in the amount of \$30,000 to each non-employee director other than the Audit Committee Financial Expert, who was to receive \$35,000. Of the annual retainer, \$15,000 was to be paid in cash to each such director, other than the Audit Committee Financial Expert, who was to receive \$20,000 in cash. Each non-employee director was to receive the balance of the annual retainer in the form of restricted shares of our Common Stock. In addition, each non-employee director was to receive an annual stock option to purchase 30,000 shares of our Common Stock.

On September 1, 2008, all non-employee directors were issued a stock option grant for 30,000 shares with an exercise price of \$7.95 per share for their services for fiscal 2008. In addition, for fiscal 2009, each of these directors was paid \$23,536 cash and 6,583 shares of common stock, other than Mr. Stewart, the Audit Committee Chairman and Financial Expert, who received \$28,536 cash and 6,583 shares of common stock.

DIRECTOR COMPENSATION TABLE

- (1) Harold R. Wolcott, Paul F. Turner and Hyrum A. Wolcott, Turner and Mead for their services as directors.
- (2) The amounts shown in column (c) reflect the value of the 6,583 shares of Common Stock issued to the non-employee directors during fiscal year 2009 in accordance with SFAS 123(R).
- (3) The amounts shown in column (d) reflect the dollar amount recognized for financial statement reporting purposes with respect to non-employee director stock options for the year ended August 31, 2009 in accordance with SFAS 123(R). The amounts are computed based upon the portion of option awards vesting during 2009, including option awards that were granted in prior years. The grant date value under SFAS 123(R) of stock options awarded to each non-employee director in 2009 was \$142,461 (based on the grant of an option for 30,000 shares with a per share Black-Scholes value of \$4.75 per share). Assumptions used in the calculation of these amounts are included in Note 10 to the Company's audited financial statements for the year ended August 31, 2009, included in our Annual Report on Form 10-K. As of the end of fiscal year 2009, each non-employee director had outstanding options for the following number of shares of Common Stock: Douglas P. Boyd, 115,000 shares; Timothy C. McQuay 47,457 shares; Michael Nobel, 165,000 shares; Gerhard W. Sennewald, 140,000 shares; and Steven G. Stewart, 106,368 shares.

COMMUNICATIONS WITH DIRECTORS

We have not adopted a formal process for stockholder communications with the Board. Nevertheless, we have tried to ensure that the views of stockholders are heard by the Board or individual directors, as applicable, and that appropriate responses are provided to stockholders in a timely manner. We believe our responsiveness to stockholder communications to the Board has been good. A stockholder may submit any communication with directors to us at our corporate offices, to the attention of Harold R. Wolcott.

RECOMMENDATION OF THE BOARD OF DIRECTORS

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS OF THE
COMPANY
VOTE FOR THE ELECTION OF ALL THE DIRECTOR NOMINEES LISTED ABOVE.

PROPOSAL 2: AMENDMENT AND RESTATEMENT OF THE THIRD AMENDED AND RESTATED 1998 DIRECTOR STOCK PLAN

At the Annual Meeting, our stockholders will be asked to approve an amendment and restatement to the Third Amended and Restated 1998 Director Stock Plan (the “Director Stock Plan”) in order to increase the number of shares of Common Stock reserved for issuance under the Director Stock Plan from 1,500,000 to 1,750,000 shares, to extend the termination date of the plan from August 31, 2011 to August 31, 2015, and to make certain other changes.

The affirmative vote of the holders of a majority of the shares of Common Stock present, in person or by proxy, and entitled to vote at the Annual Meeting is required to amend and restate the Director Stock Plan. If the amendment and restatement of the Director Stock Plan is not so approved, it will not become effective.

The five directors who are not employees of the Company (the “Non-Employee Directors”) have an interest in the amendment and restatement of the Director Stock Plan because they are eligible for awards under the Director Stock Plan.

INTRODUCTION TO DIRECTOR STOCK PLAN

The Board believes that the availability of stock, stock options and other incentives is an important factor in our ability to attract and retain qualified directors and to provide incentives for them to exert their best efforts on our behalf. This section includes a summary of the material proposed changes to the Director Stock Plan.

The Board believes that the remaining number of shares of Common Stock is not sufficient for future granting needs under the Director Stock Plan. Accordingly, the proposed amendment and restatement of the Director Stock Plan increases the number of shares of Common Stock authorized for issuance under the Director Stock Plan from 1,500,000 shares to 1,750,000 shares. The Board believes that these additional shares would result in an adequate number of shares of Common Stock being available for grant under the Director Stock Plan.

The Director Stock Plan is set to terminate as of August 31, 2011. The amendment and restatement extends the termination date to August 31, 2015. The Board believes that the availability of stock options and other incentives is an important factor in our ability to attract and retain qualified non-employee directors and to provide incentives for them to exert their best efforts on our behalf. The Board believes this extension will allow us to continue this incentive program.

The Director Stock Plan awards shares of Common Stock to each of the Non-Employee Directors each May 1. The number of shares granted is \$30,000 divided by the “Fair Market Value” of our Common Stock on the date of the award. At present, the Director Stock Plan defines “Fair Market Value” as the preceding 20 day average closing price of our Common Stock, the average of prices quoted by market makers on those dates, or by such amount as the Board or committee who administers the plan determines in good faith. The amendment and restatement will change the definition of “Fair Market Value” to the closing price of our Common Stock on May 1. The amendment and restatement also clarifies that if options are granted, the grant date exercise price will be the closing price of our Common Stock on the date of grant.

As of November 30, 2009, options to purchase 573,825 shares of Common Stock were outstanding under the Director Stock Plan and 161,952 shares were available for issuance under the Director Stock Plan. The outstanding options

had a weighted average exercise price of \$5.18.

Certain provisions of the Director Stock Plan are summarized below. The complete text of the proposed amendment and restatement of the Director Stock Plan is attached to this Proxy Statement as Appendix A. Because this summary may not contain all of the information that is important to you, you should review the Proxy Statement, including the appendices, before deciding how to vote.

8

SUMMARY OF PRINCIPAL PROVISIONS OF THE DIRECTOR STOCK PLAN

The purpose of the Director Stock Plan is to provide for a method of compensation for the Non-Employee Directors that will strengthen the alignment of their financial interests with those of the Company's stockholders.

Our 1998 Director Stock Plan, as amended effective March 1, 2009, provides an annual retainer ("Annual Retainer") in the amount of \$60,000 to each non-employee director other than the Audit Committee Financial Expert, who is to receive \$65,000. Of the Annual Retainer, \$30,000 is to be paid in cash to each such director, other than the Audit Committee Financial Expert, who is to receive \$35,000 in cash (the "Cash Payment"). The Cash Payment is payable in equal installments on May 1 and November 1 of each year in which each non-employee director continues to serve as a member of the Board. Each non-employee director is to receive the balance of the Annual Retainer in the form of shares of Common Stock (the "Common Stock Payment"). The portion of the annual retainer that is paid in common stock will be determined by reference to the "Fair Market Value" of our Common Stock. At present, the Director Stock Plan defines "Fair Market Value" as the preceding 20 day average closing price of our Common Stock, the average of prices quoted by market makers on those dates, or by such amount as the Board or committee who administers the plan determines in good faith. The amendment and restatement will change the definition of "Fair Market Value" to the closing price of our Common Stock on May 1, and it will make the closing price of our Common Stock on the date of grant as the exercise price for any options issued pursuant to the plan.

Prior to March 1, 2009, our 1998 Director Stock Plan provided an annual retainer in the amount of \$30,000 to each non-employee director other than the Audit Committee Financial Expert, who was to receive \$35,000. Of the annual retainer, \$15,000 was to be paid in cash to each such director, other than the Audit Committee Financial Expert, who was to receive \$20,000 in cash. Each non-employee director was to receive the balance of the annual retainer in the form of shares of our Common Stock. In addition, each non-employee director was to receive an annual stock option to purchase 30,000 shares of our Common Stock.

Options to purchase shares of our Common Stock may still be granted on a discretionary basis to non-employee directors. Options shall not qualify as an "incentive stock option" as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"). The purchase price of Common Stock issued when an Option is exercised will be equal to the closing price of our Common Stock on the date of grant. Options have a term of ten years. Options vest at the rate of 20% a year. If a director ceases to be a director for any reason, then the unvested portion of any Options terminate and the vested portion of any Options must be exercised within 180 days.

Shares granted under the Director Stock Plan may be authorized but unissued shares or shares we have reacquired. If a subdivision or combination of our Common Stock occurs, we will make proportional adjustments to the number of shares issuable under the Director Stock Plan. The aggregate number of shares of Common Stock which may be granted during the term of the Director Stock Plan is currently 1,500,000. Approval of the amendment to the Director Stock Plan would increase the aggregate number of shares of Common Stock which may be granted during the term of the Director Stock Plan to 1,750,000. Going forward, each Non-Employee Director will continue to receive such annual grants and payments as long as the director has the status of Non-Employee Director. If a Non-Employee Director no longer serves as a director for any reason, that director will be entitled to all unpaid portions of his or her Annual Retainer which will have accrued on a daily basis through the date of such termination.

The Director Stock Plan is set to terminate as of August 31, 2011, unless earlier terminated by the Board. The amendment and restatement extends the termination date to August 31, 2015, unless earlier terminated by the Board. The Board may from time to time amend, modify, suspend, or terminate the Director Stock Plan for the purpose of meeting or addressing any changes in legal requirements or for any other purpose permitted by law. No amendment or alteration shall be effective unless approved by our stockholders to the extent such approval is then required by applicable legal or regulatory requirements.

CERTAIN FEDERAL INCOME TAX CONSEQUENCES

The following is a summary of the principal U.S. federal income tax consequences generally applicable to awards under the Director Stock Plan.

Annual Retainer. A director must recognize ordinary income upon receipt of cash pursuant to the Annual Retainer, and the Company will be entitled to a deduction for the same amount if and to the extent that the amount satisfies applicable rules concerning deductibility of compensation. A director must also recognize ordinary income equal to the fair market value of the shares of Common Stock received pursuant to the Annual Retainer, and the Company will be entitled to a deduction for the same amount at the same time, subject to applicable rules regarding the deductibility of compensation.

Options. The grant of an option should not result in any taxable income for a director. A director will recognize ordinary income equal to the excess of the fair market value of the shares of Common Stock acquired on the date of exercise over the exercise price, and the Company will be entitled at that time to a tax deduction for the same amount. For individuals subject to Section 16(b) of the Securities Exchange Act of 1934, if the special election under Section 83(b) of the Code is not made, shares of Common Stock received pursuant to the exercise of an option may be treated as restricted as to transferability and subject to a substantial risk of forfeiture for a period of up to six months after the date of exercise. Accordingly, the amount of any ordinary income recognized, and the amount of the Company's tax deduction, may be determined as of the end of such period. The tax consequence to a director upon a disposition of shares of Common Stock acquired through the exercise of an option will depend on how long the shares have been held. There will be no tax consequences to the Company in connection with the disposition of shares acquired pursuant to an option.

NEW PLAN BENEFITS

No benefits under the Director Stock Plan have been or will be available to any Named Executive Officers, executive officers, or employees. Under the Director Stock Plan, each non-employee director who continues to serve on the Board will annually receive \$30,000 cash, other than the Audit Committee Financial Expert, who is to receive \$35,000, and an amount of Common Stock determined by dividing \$30,000 by the fair market value of a share of Common Stock, as described in the Director Stock Plan. Assuming a fair market value of \$1.98 per share, the closing price of our Common Stock on November 30, 2009 as reported by The NASDAQ Stock Market, this annual grant would amount to 15,152 shares per director. These grants are contingent upon the election of Non-Employee Directors at the Annual Meeting and will occur on May 1 of each year.

RECOMMENDATION OF THE BOARD OF DIRECTORS

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS OF THE
COMPANY
VOTE FOR THE AMENDMENT AND RESTATEMENT OF THE DIRECTOR STOCK PLAN.

PROPOSAL 3: AMENDMENT AND RESTATEMENT OF THE SECOND AMENDED AND RESTATED 1998 STOCK INCENTIVE PLAN

At the Annual Meeting, our stockholders will be asked to approve an amendment and restatement of the Company's Second Amended and Restated 1998 Stock Incentive Plan (the "Incentive Plan") to increase the number of shares of Common Stock reserved for issuance under the Incentive Plan from 3,427,300 shares to 6,337,300 shares.

The affirmative vote of the holders of a majority of the shares of Common Stock present, in person or by proxy, and entitled to vote at the Annual Meeting is required to amend and restate the Incentive Plan. If the amendment and restatement of the Incentive Plan is not so approved, it will not become effective.

Our directors and executive officers have an interest in the amendment and restatement of the Incentive Plan because they are eligible for awards under the Incentive Plan.

INTRODUCTION TO INCENTIVE PLAN

The Board believes that the availability of stock options and other incentives is an important factor in the Company's ability to attract and retain qualified employees and to provide incentives for them to exert their best efforts on behalf of the Company.

The Board believes that the remaining number of shares of Common Stock is not sufficient for future granting needs under the Incentive Plan. Accordingly, the proposed amendment and restatement of the Incentive Plan increases the number of shares of Common Stock authorized for issuance under the Incentive Plan from 3,427,300 to 6,337,300 shares. The Board believes that these additional shares would result in an adequate number of shares of Common Stock being available for grant under the Incentive Plan.

As of November 30, 2009, options to purchase 1,788,462 shares of Common Stock were outstanding under the Incentive Plan and 322,329 shares were available for issuance under the Incentive Plan. The outstanding options had a weighted average exercise price of \$3.00.

Certain provisions of the Incentive Plan are summarized below. The complete text of the Incentive Plan is attached to this Proxy Statement as Appendix B. Because this summary may not contain all of the information that is important to you, you should review the Proxy Statement, including the appendices, before deciding how to vote.

SUMMARY OF PRINCIPAL PROVISIONS OF THE INCENTIVE PLAN

Selected employees, officers and directors of the Company and its subsidiaries are eligible to participate in the Incentive Plan. Also eligible are selected non-employee agents, consultants, advisors and independent contractors of the Company or any subsidiary. We currently have approximately 49 employees, officers and directors eligible to participate in the Incentive Plan.

The Incentive Plan is administered by the Board, which determines who will receive awards, as well as the type, amount, price, and other terms and conditions of any such award. The Board may delegate any or all authority for administration of the Incentive Plan to a committee of the Board. Subject to the provisions of the Incentive Plan, the Board, or a committee, if any, may adopt and amend rules and regulations relating to the administration of the

Incentive Plan. The Board may from time to time amend, terminate or modify the Incentive Plan for the purpose of meeting or addressing any changes in legal requirements or for any other purpose permitted by law. No amendment or alteration shall be effective unless approved by our stockholders to the extent such approval is then required by applicable legal or regulatory requirements.

Types of Awards

The Incentive Plan permits the grants of incentive stock options, non-statutory stock options, stock awards, stock appreciation rights, cash bonus rights, dividend equivalent rights, performance-based awards and foreign qualified grants. Shares awarded under the Incentive Plan may be authorized and unissued shares or shares reacquired by us. If any award granted under the Incentive Plan expires, terminates or is cancelled, or if shares sold or awarded under the Incentive Plan are forfeited or repurchased by us, the shares again become available for issuance under the Incentive Plan.

The Board determines who receives options, the option price, the number of shares to be covered by each option, the period of each option, the times at which options may be exercised and whether the option is an ISO, as defined in Section 422 of the Code, or a non-statutory stock option (“NSO”). Currently, no employee may be granted options or stock appreciation rights under the Incentive Plan for more than an aggregate of 1,000,000 shares in any consecutive three-year period. No monetary consideration is paid to the Company upon the granting of options.

Options are exercisable in accordance with the terms of an option agreement entered into at the time of grant. If the option is an ISO, all terms must be consistent with the requirements of the Code and applicable regulations, including that the option price cannot be less than the fair market value of the shares of Common Stock on the date of the grant. If the option is an NSO, the option price may be any price determined by the Board, which may be less than the fair market value of the shares of Common Stock on the date of grant. Upon the exercise of an option, the number of shares subject to the option is reduced by the number of shares with respect to which the option is exercised, and the number of shares available under the Incentive Plan for future option grants are reduced by the number of shares with respect to which the option is exercised, less the number of shares surrendered or withheld in connection with the exercise of the option and the number of shares surrendered or withheld to satisfy withholding obligations.

The Board may award shares of Common Stock under the Incentive Plan as stock bonuses, restricted stock awards or otherwise. The Board determines who receives awards and the amount of awards. Shares received are subject to the terms, conditions and restrictions determined by the Board at the time of the award. No one person can receive more than 1,000,000 shares as stock awards. No stock awards have been granted under the Incentive Plan.

The Incentive Plan provides that the Company may issue shares under the Incentive Plan subject to a purchase agreement between the Company and the prospective recipient in such amounts, for such consideration, subject to such restrictions and on such terms as the Board may determine.

Stock appreciation rights (“SARs”) may be granted under the Incentive Plan. SARs may, but need not, be granted in connection with an option grant or an outstanding option previously granted under the Incentive Plan. A SAR gives the holder the right to the increase in the fair market value of the shares or the increase over the option price if the SAR is granted in connection with an option. Upon exercise of a SAR, payment can be in shares of Common Stock, in cash, or partly in shares of Common Stock and partly in cash, as determined by the Board. The Board may withdraw any SAR granted under the Incentive Plan at any time and may impose any condition upon the exercise of a SAR or adopt rules and regulations from time to time affecting the rights of holders of SARs. No SARs have been granted under the Incentive Plan.

The Board may grant cash bonus rights under the Incentive Plan in connection with (i) options granted or previously granted, (ii) SARs granted or previously granted, (iii) stock awarded or previously awarded, and (iv) shares sold or previously sold under the Incentive Plan. Bonus rights may be used to provide cash to employees for the payment of taxes in connection with awards under the Incentive Plan. No cash bonus rights have been granted under the Incentive Plan.

The Board may grant awards intended to qualify as performance-based compensation under Section 162(m) of the Code and the regulations thereunder (“Performance-based Award(s)”). Performance-based Awards may be denominated either in shares of Common Stock or in dollar amounts. All or part of the awards will be earned if performance goals established by the Board are met and the employee satisfies any other restrictions established by the Board. The performance goals will be expressed as one or more targeted levels of performance for earnings, earnings per share, stock price increase, total stockholder return (stock price increase plus dividends), return on equity, return on assets, return on capital, economic value added, revenues, operating income, cash flows or any of the foregoing. The maximum Performance-based Award that any individual can receive over a three year period is 1,000,000 shares or \$5,000,000. No Performance-based Awards have been granted under the Incentive Plan.

Awards under the Incentive Plan may be granted to eligible persons residing in foreign jurisdictions. The Board may adopt supplements to the Incentive Plan necessary to comply with the applicable laws of foreign jurisdictions and to afford participants favorable treatment under those laws, but no award may be granted under any supplement with terms that are more beneficial to the participants than the terms permitted by the Incentive Plan. No foreign qualified grants have been awarded under the Incentive Plan.

Changes in Capital Structure

The Incentive Plan provides for appropriate adjustments in case of stock splits, reverse splits, recapitalizations, exchanges, or similar transactions. In the event of a merger or similar event (a “Transaction”), the Board will, in its sole discretion and to the extent possible under the structure of the Transaction, select one of the following alternatives for treating outstanding options under the Incentive Plan: (i) outstanding options will remain in effect in accordance with their terms, (ii) outstanding options shall be converted into options to purchase stock in the corporation that is the surviving or acquiring corporation in the Transaction, or (iii) the Board will provide a 30-day period prior to the consummation of the Transaction during which outstanding options shall be exercisable to the extent exercisable and upon the expiration of such 30-day period, all unexercised options shall immediately terminate. The Board may, in its sole discretion, accelerate the exercisability of options so that they are exercisable in full during such 30-day period. In the event of the dissolution of the Company, options shall be treated in accordance with clause (iii) above.

CERTAIN INCOME TAX CONSEQUENCES

The following is a brief summary of the certain U.S. federal income tax consequences generally applicable to awards under the Incentive Plan.

This summary is for general information purposes only and does not purport to be a complete analysis or listing of all potential U.S. federal income tax consequences that may apply with respect to participation in the Incentive Plan. In addition, this summary does not take into account the individual facts and circumstances of any particular recipient that may affect the U.S. federal income tax consequences of participation in the Incentive Plan. Accordingly, this summary is not intended to be, and should not be construed as, legal or U.S. federal income tax advice with respect to any recipient. Each recipient should consult his or her own financial advisor, legal counsel, or accountant regarding the U.S. federal, U.S. state and local, and foreign tax consequences of participation in the Incentive Plan.

Scope of This Disclosure

Grant and Exercise of Options

Incentive Stock Options

If the options granted under the Plan qualify as “incentive stock options” within the meaning of Section 422 of the Code, the following tax consequences will apply to recipients:

Grant. A recipient will not recognize any taxable income at the time an incentive stock option is granted.

Exercise. Upon the exercise of an incentive stock option, a recipient will not recognize any income for purposes of the regular income tax. However, a recipient may be required to recognize income for purposes of the alternative minimum tax (or “AMT”).

For purposes of the AMT, an incentive stock option will be treated as a non-qualified option. Accordingly, for purposes of the AMT, a recipient must recognize ordinary income in the amount by which the fair market value of the common stock at the time of exercise exceeds the option exercise price. As a result, if a recipient recognizes a substantial amount of AMT income upon exercise of the incentive stock option in relation to a recipient’s taxable income from wages and other sources in the year a recipient exercises the option, a recipient may be subject to the AMT. Furthermore, the fact that a recipient recognizes AMT income at the time a recipient exercise an incentive stock option may not alter the amount of regular income a recipient must recognize at the time a recipient sells or otherwise disposes of the shares acquired upon exercise of the incentive stock option.

A recipient is urged to consult his or her own tax advisor regarding the effect of the AMT and the desirability of selling or otherwise disposing of shares acquired upon exercise of an incentive stock option in the same calendar year in which such recipient acquired the shares to avoid having the AMT apply in the year a recipient exercises the option and the regular tax apply in the year the shares are sold. A recipient is also urged to consult his or her own tax advisor regarding the benefit that may be available from a tax credit for a prior year’s minimum tax liability provided for in Section 53 of the Code.

Tax Deduction for Company. If a recipient sells or otherwise dispose of shares acquired upon the exercise of an incentive stock option more than two years from the date the option was granted to such recipient and more than one year after he or she exercised the option, then the Company will not be allowed a deduction for federal income tax purposes in connection with the grant or exercise of the option. However, if a recipient sells or otherwise disposes of the shares before the holding period described above is satisfied, then the Company will be allowed a tax deduction at the time and in the amount the recipient recognizes ordinary income, if and to the extent the amount satisfies the general rules concerning deductibility of compensation. Under current law, this income is not subject to income or payroll tax withholding.

Tax Basis of the Acquired Shares. If a recipient pays the exercise price for an incentive stock option in cash, his or her original tax basis in the shares received upon exercise will equal the option exercise price.

If a recipient pays the exercise price for an incentive stock option by tendering other shares of the Company’s common stock already owned by a recipient, and the recipient acquired those tendered shares through any means other than by exercising one or more incentive stock options, he or she will not recognize gain or loss on the tendered shares, but the recipient’s original tax basis for an equal number of shares acquired upon exercise of the option will be the same as his or her adjusted tax basis for the tendered shares. The remaining acquired shares will have an original tax basis equal to the amount of the exercise price paid in cash, if any. If a recipient pays the exercise price solely by tendering other shares of the Company’s stock, then the original tax basis of the remaining acquired shares will be zero.

If a recipient pays the exercise price for an incentive stock option by tendering shares of the Company's common stock already owned by a recipient, and the recipient acquired those tendered shares by exercising another incentive stock option, Section 1036 of the Code generally provides that such recipient will recognize no gain or loss with respect to the tendered shares (except possibly for purposes of the AMT as described above), as long as he or she has held the tendered shares for a period of time ending at least two years after the date the option for the tendered shares was granted and at least one year after acquiring the tendered shares upon exercise of the option.

Sale of Shares and Characterization of Capital Gain or Loss. If a recipient sells or otherwise disposes of shares acquired upon exercise of an incentive stock option at a time more than two years from the date the option was granted to such recipient and more than one year after the recipient exercised the option, and if, as usually is the case, the common stock is a capital asset in such recipient's hands, then the recipient will recognize long-term capital gain or loss in an amount equal to the difference between the sale price of the shares and the exercise price he or she paid for the shares.

If a recipient sells or otherwise disposes of shares acquired upon exercise of an incentive stock option before the holding period described above is satisfied, then such recipient will recognize ordinary income at the time of the disposition in an amount equal to the lesser of (1) the difference between the exercise price and the fair market value of the shares at the time the option was exercised or (2) the difference between the exercise price and the amount realized upon disposition of the shares, and such recipient will recognize long-term or short-term capital gain or loss (depending on whether he or she has held the shares for more than 12 months or for 12 months or less) in an amount equal to the difference between the sale price of the shares and the fair market value of the shares on the date such recipient exercised the option.

Non-Qualified Stock Options

If the options granted under the Incentive Plan do not qualify as “incentive stock options” within the meaning of Section 422 of the Code, they will be treated as “non-qualified” stock options (an “NQO”) with the following tax consequences to recipients:

Grant. A recipient will not recognize any taxable income upon the grant of an NQO.

Exercise. Upon the exercise of an NQO, a recipient will recognize ordinary income in the amount, if any, by which (a) the fair market value of the Common Shares at the time of exercise exceeds (b) the exercise price for the NQO. The Company generally will be required to report this income to the IRS and to withhold income and payroll taxes.

Tax Basis in the Common Shares. If a recipient pays the exercise price for an NQO in cash, the tax basis in the Common Shares received generally will be equal to the sum of (a) such exercise price plus (b) the amount that such U.S. Participant is required to recognize as ordinary income as a result of the exercise of such NQO. A recipient who pays the exercise price for an NQO in property other than cash (including Common Shares) should consult his or her own financial advisor, legal counsel, or accountant regarding his or her tax basis in the Common Shares.

Tax Deduction for our Company. The Company generally will be allowed a deduction at the time and in the amount that such recipient recognizes ordinary income upon exercise of an NQO, to the general rules concerning deductibility of compensation and the special rules applicable to foreign corporations.

Stock Appreciation Rights

Grant. At the time a SAR is granted, a recipient will not recognize any taxable income.

Exercise. At the time a recipient exercises a SAR, he/she will recognize ordinary income equal to the cash or fair market value of any shares of common stock received at that time (in the amount that is equal to the excess of the fair market value of a share of the Company’s common stock on the date the SAR is exercised over the grant price of the SAR).

Tax Deduction for Company. Subject to the general rules concerning deductibility of compensation, the Company will be allowed an income tax deduction in the amount that, and for the Company’s taxable year in which a recipient recognizes ordinary income upon the exercise of a SAR.

Tax Basis of the Acquired Shares. A recipient’s tax basis in any shares received will equal the fair market value of those shares at the time he or she recognizes ordinary income as a result of exercising the SAR.

Sale of Shares. If, as usually is the case, the shares are a capital asset in a recipient's hands, any additional gain or loss recognized on a subsequent sale or exchange of the shares will not be ordinary income but will qualify as a capital gain or loss.

Characterization of Capital Gain or Loss. Any capital gain or loss a recipient recognizes upon a sale of the shares will be characterized as long-term capital gain or loss if he or she has held the shares for more than 12 months and as short-term capital gain or loss if he or she has held the stock for 12 months or less. For purposes of determining whether a recipient will recognize long-term or short-term capital gain or loss on a subsequent sale of the shares, the holding period will begin at the time a recipient exercises the SAR.

Restricted Stock Awards

Grant and Lapse of Restrictions. Section 83(b) of the Code allows a recipient to elect, within 30 days after the date a restricted stock award is received, to recognize and be taxed on ordinary income equal to the fair market value of the common stock at that time. If a recipient does not make a Section 83(b) election within 30 days from the date the restricted stock award is received, he or she will recognize ordinary income equal to the fair market value of the common stock upon expiration of the restriction period.

Forfeiture. If a recipient does not make the Section 83(b) election described above and, before the restriction period expires, he or she forfeits the restricted stock under the terms of the award, recipient will not recognize any ordinary income in connection with the restricted stock award. If a recipient does make a Section 83(b) election and subsequently forfeits the restricted stock under the terms of the award, he or she will not be allowed an ordinary income tax deduction with respect to the forfeiture. However, such recipient may be entitled to a capital loss.

The Company urges each recipient to consult a tax advisor to determine, in light of current tax rates and possible future tax legislation, whether it is more advantageous to make a Section 83(b) election upon receipt of a restricted stock award (resulting in a current tax liability plus the potential for future capital gains, currently taxed at lower rates than the rate applicable to ordinary income, and a risk of forfeiture without an ordinary income tax deduction) than not making the Section 83(b) election (resulting in the deferral of tax and the eventual recognition as ordinary income of any appreciation in the fair market value of a recipient's shares).

Dividends Received on Restricted Stock. Dividends, if any, received by a recipient before the end of the restriction period will be taxed as ordinary income to you.

Tax Deduction for the Company. Subject to the general rules concerning deductibility of compensation, the Company will be allowed an income tax deduction in the amount that, and for its taxable year in which, a recipient recognizes ordinary income in connection with a restricted stock award. Dividends, if any, on the restricted stock that are received by a recipient before the end of the restriction period will also be deductible by the Company subject to the general rules concerning compensation.

Tax Basis of Shares. A recipient's basis in the shares will equal their fair market value at the time he or she recognizes ordinary income.

Sale of Shares. A recipient cannot sell or otherwise dispose of the restricted stock until after the restriction period expires. When a recipient sells the shares after the restriction period expires, he or she will recognize gain or loss in an amount by which the sale price of the shares differs from his or her tax basis in the shares. If, as usually is the case, the shares are a capital asset in a recipient's hands, any gain or loss recognized on a sale or other disposition of the shares will qualify as capital gain or loss.

Characterization of Capital Gain or Loss. Any capital gain or loss a recipient recognizes upon sale of the shares will be treated as long-term capital gain or loss if he or she has held the shares for more than 12 months from the date he or she recognized ordinary income with respect to the shares and as short-term capital gain or loss if he or she has held the stock for 12 months or less from the date such recipient recognized ordinary income.

Performance Awards and Other Stock-Based Awards

The Incentive Plan also authorizes performance awards and other stock-based awards, the terms of which are not specified in the Plan. The federal income tax consequences to recipients and to the Company upon the grant and exercise of the performance awards and other stock-based awards will depend on the terms of such awards.

Special Rules for Executive Officers and Directors Subject to Section 16(b)

If a recipient is an executive officer or director of the Company subject to Section 16(b) of the Securities Exchange Act of 1934, any shares acquired upon exercise or payout of a non-qualified option, an incentive stock option (for purposes of the AMT only), a SAR or a restricted stock unit, and any shares of restricted stock that vest, may be treated as restricted property for purposes of Section 83 of the Code if a recipient has had a non-exempt acquisition of shares of Company stock within the six months prior to the exercise, payout or vesting. In that case, the recipient may be deemed to have acquired the shares at a date up to six months after the date the award was exercised or paid out or vested, and such recipient will recognize (and be taxed on) ordinary income as of the later date, rather than as of the date of exercise, payout or vesting.

However, Section 83(b) of the Code allows a recipient to elect to recognize ordinary income as of the date of exercise, payout or vesting, without regard to Section 16(b) restrictions. The recipient must make the election in the manner specified in Section 83(b) within 30 days after the date the recipient exercises the option or SAR or the date of payout or vesting, as applicable. If (1) the shares a recipient acquired upon the exercise, payout or vesting of the award are treated as restricted property for purposes of Section 83 of the Code because of the application of Section 16(b) of the Securities Exchange Act of 1934 and (2) a recipient does not make a Section 83(b) election within the required time period, the amount of taxable ordinary income will be determined as follows:

For non-qualified options (and incentive stock options treated as non-qualified options for purposes of the AMT), a recipient will recognize and be taxed on ordinary income in the amount by which the fair market value of the shares at the later date exceeds the exercise price, rather than recognizing, and being taxed on, ordinary income in the amount by which the fair market value of the shares on the exercise date exceeds the exercise price.

For a SAR, a recipient will recognize and be taxed on ordinary income in the amount of the fair market value of the shares of common stock at the later date, rather than recognizing, and being taxed on, ordinary income in the amount of the fair market value of the shares as of the date the recipient exercised the SAR.

For restricted stock, a recipient will recognize and be taxed on ordinary income in the amount of the fair market value of the shares of common stock at the later date, rather than recognizing, and being taxed on, ordinary income in the amount of the fair market value of the shares on the date the restricted stock vested.

The Company urges each recipient to consult his or her own tax advisor for more details about these special rules and to help determine if he or she should make a Section 83(b) election.

Deductibility of Executive Compensation Under Code Section 162(m). Section 162(m) of the Code generally limits to \$1,000,000 the amount that a publicly-held corporation is allowed each year to deduct for the compensation paid to each of the corporation's principal executive officer and three most highly compensated officers (other than our principal financial officer). However, "qualified performance-based compensation" is not subject to the \$1,000,000 deduction limit. In general, to qualify as performance-based compensation, the following requirements need to be satisfied: (1) payments must be computed on the basis of an objective, performance-based compensation standard determined by a committee consisting solely of two or more "outside directors," (2) the material terms under which the compensation is to be paid, including the business criteria upon which the performance goals are based, and a limit on the maximum bonus amount which may be paid to any participant with respect to any performance period, must be approved by a majority of the corporation's stockholders and (3) the committee must certify that the applicable performance goals were satisfied before payment of any performance-based compensation.

The Incentive Plan has been designed to permit grants of options, SARs and other performance-based awards issued under the Incentive Plan to qualify under the performance-based compensation rules so that income attributable to the

exercise of a NSO or a SAR or the receipt of other performance-based awards may be exempt from the \$1,000,000 deduction limit. Other awards under the Incentive Plan may not so qualify for this exemption. The Incentive Plan's provisions are consistent in form with the performance-based compensation rules, so that if the committee that grants options, SARs and other performance-based awards consists exclusively of members of the Board who qualify as "outside directors," and the exercise price of the options (or deemed exercise price, with respect to SARs) is not less than the fair market value of the shares of Common Stock to which such grants relate, the compensation income arising on exercise of those options or SARs or on receipt of other performance-based awards should qualify as performance-based compensation which is deductible even if that income would be in excess of the otherwise applicable limits on deductible compensation income under Code Section 162(m).

NEW PLAN BENEFITS

It is not possible to currently determine the exact number of options to be granted in the future under the Incentive Plan to our Named Executive Officers, to all executive officers as a group, to all non-executive directors as a group or to all employees as a group. During our fiscal year ended August 31, 2009, 795,760 options were granted to the Named Executive Officers.

VALUATION OF OUR COMMON STOCK

COMPANY
VOTE FOR THE AMENDMENT AND RESTATEMENT OF THE INCENTIVE PLAN.

PROPOSAL 4: RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

We are asking the stockholders to ratify the selection of Tanner LC as the Company's independent registered public accountants for the fiscal year ending August 31, 2010. The affirmative vote of the holders of a majority of the shares of Common Stock present, in person or by proxy, and entitled to vote at the meeting will be required to ratify the selection of Tanner LC.

In the event the stockholders fail to ratify the appointment, the Audit Committee will consider it as a direction to select other auditors for the subsequent year. Even if the selection is ratified, the Board or Audit Committee in their discretion may direct the appointment of a different independent registered public accounting firm at any time during the year we determine that such change would be in the best interest of the Company and its stockholders.

Tanner LC audited the Company's financial statements for fiscal years ending August 31, 2009 and 2008. Its representatives will be present at the annual meeting, and will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

PRE-APPROVAL POLICIES

The Audit Committee pre-approved all audit, audit-related and non-audit services performed by our independent auditors and subsequently reviewed the actual fees and expenses paid to Tanner LC. The Audit Committee has determined that the fees paid to Tanner LC for services are compatible with maintaining Tanner LC's independence as our auditors.

AUDIT COMMITTEE REPORT

The Audit Committee has reviewed and discussed our audited financial statements with our management and has discussed with Tanner LC the matters required to be discussed by Statements of Auditing Standards No. 114, Communication with Those Charged with Governance, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

The Audit Committee has received the written disclosures and the letter from Tanner LC required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accountant's communications with the Audit Committee concerning independence, and has discussed with the Tanner LC its independence from us.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The following discussion and analysis provides information regarding our executive compensation objectives and principles, procedures, practices and decisions, and is provided to help give perspective to the numbers and narratives that follow in the tables in this section. This discussion will focus on our objectives, principles, practices and decisions with regards to the compensation of Harold R. Wolcott, President, Paul F. Turner, Senior Vice President and Chief Technology Officer, Dennis P. Gauger, Chief Financial Officer, and Hyrum A. Mead, former President, our named executive officers ("Named Executive Officers").

Executive Compensation Objectives and Principles

The overall objective of our executive compensation program is to help create long-term value for our shareholders by attracting and retaining talented executives, rewarding superior operating and financial performance, and aligning the long-term interests of our executives with those of our shareholders. Accordingly our executive compensation program incorporates the following principles:

Compensation should be based upon individual job responsibility, demonstrated leadership ability, management experience, individual performance and Company performance.

Compensation should reflect the fair market value of the services received. We believe that a fair and competitive pay package is essential to attract and retain talented executives in key positions.

Compensation should reward executives for long-term strategic management and enhancement of shareholder value.

Compensation should reward performance and promote a performance oriented environment.

Executive Compensation Procedures

We believe that compensation paid to our executive officers should be closely aligned with our performance and the performance of each individual executive officer on both a short-term and a long-term basis, should be based upon the value each executive officer provides to us, and should be designed to assist us in attracting and retaining the best possible executive talent, which we believe is critical to our long-term success. To attain our executive compensation objectives and implement the underlying compensation principles, we follow the procedures described below.

Role of the Compensation Committee. The Compensation Committee has responsibility for establishing and monitoring our executive compensation programs and for making decisions regarding the compensation of our Named Executive Officers. The agenda for meetings of the Compensation Committee is determined by the Chairman of the Compensation Committee. The Compensation Committee sets the compensation package and annual bonus of the Named Executive Officers. Our President, Mr. Wolcott, suggests items to be considered by the Compensation Committee from time to time, including the compensation package for the other Named Executive Officers and participates in meetings in which the compensation package of the other Named Executive Officers is discussed.

The Compensation Committee relies on its judgment in making compensation decisions after reviewing our performance and evaluating our executives' leadership abilities and responsibilities with our company and their current compensation arrangements. The Compensation Committee assessment process is designed to be flexible so as to better respond to the evolving business environment and individual circumstances.

Role of Compensation Consultant. Mercer Human Resource Consulting ("Mercer") has assisted the Compensation Committee with its administration of compensation programs for the Company's executive officers. In 2006, the Compensation Committee engaged Mercer, an outside human resources consulting firm, to conduct a review of its total compensation program for executive officers and to provide peer compensation data. Based upon the market analyses performed by Mercer, it made recommendations to the Compensation Committee as to the form and amount of executive compensation to be awarded to the executive officers. The Compensation Committee considered the recommendations of Mercer in setting executive compensation for fiscal 2009.

Elements of Compensation

Our executive compensation objectives and principles are implemented through the use of the following elements of compensation, each discussed more fully below:

- Base Salary
- Annual Incentive Bonuses
- Stock-Based Compensation
- Severance Benefits
- Other Benefits

Base Salary. The Compensation Committee approved the salaries of all our executive officers for fiscal year 2009. Salary decisions concerning these officers were based upon a variety of considerations consistent with the compensation philosophy stated above. First, salaries were competitively set relative to both other companies in the medical products industry and other comparable companies. In determining the salaries for our executives in fiscal 2009, the Compensation Committee compared the compensation of some of the public companies in the

biotechnology industry to the compensation of our executives. In August 2006, our Compensation Committee reviewed the published compensation of the named executive officers of Introgen Therapeutics, Inc., RITA Medical Systems, Inc., Cell Therapeutics, Inc., Immunicon Corporation, Poniard Pharmaceuticals, Inc., Entremed, Inc., OXiGENE, Inc., Theragenics Corporation, Antigenics Inc./DE, Inovio Biomedical Corporation, Praecis Pharmaceuticals Incorporated and Celsion Corporation. We believe that the base salaries and the total compensation of our executives are approximately equal to or less than the median base salaries and median total compensation of executives with similar positions at these companies. Second, the Compensation Committee considered each officer's level of responsibility and individual performance, including an assessment of the person's overall value to the Company. Third, internal equity among employees was factored into the decision. Finally, the Compensation Committee considered our financial performance and our ability to absorb any increases in salaries. In the case of Mr. Gauger, base pay prior to his employment with the Company was paid in the form of a monthly fee for his services under his consulting agreement.

Annual Incentive Bonuses. In accordance with their employment agreements, Messrs. Turner and Mead were eligible to receive an annual incentive bonus. The annual bonus is intended to motivate participating executives to achieve both short-term and long-term strategic and financial objectives. For fiscal 2009, the Compensation Committee did not precisely define the parameters of the bonuses for Mr. Mead and Mr. Turner at the beginning of the year. However, the general goals of the Company were discussed with these officers throughout the year. The Compensation Committee did not approve bonuses for Mr. Mead and Mr. Turner for fiscal year 2009.

Stock-Based Compensation. Each Named Executive Officer is eligible to participate in the BSD Medical Corporation 1998 Stock Incentive Plan, which provides for the granting of stock options, stock appreciation rights, performance awards, and other stock-based awards and cash-based awards to selected employees, non-employees and directors. Historically, we have issued options pursuant to this incentive plan, and typically these options vest ratably over a term of up to 5 years as determined by the Compensation Committee. We do not have any policies for allocating compensation between long-term and currently paid out compensation or between cash and non-cash compensation or among different forms of non-cash compensation. Although we do not have any formal policy for determining the amount of stock options or the timing of our stock option grants, we have historically granted stock options to high-performing employees (i) in recognition of their individual achievements and contributions to our company, and (ii) in anticipation of their future service and achievements. On April 10, 2009, we granted 655,760 stock options to Mr. Wolcott upon his appointment as President. On September 12, 2008, we granted 40,000 stock options to Mr. Gauger upon his joining us as a part-time employee, and on April 28, 2009, we granted 100,000 stock options to Mr. Gauger upon his joining us as a full-time employee. The Compensation Committee felt that the size of these grants was appropriate in order to attract and properly motivate a new President and a Chief Financial Officer with increased responsibilities.

Severance Benefits. Under the terms of employment agreements entered into with Mr. Turner and Mr. Mead, which are discussed below under “Employment and Independent Contractor Agreements” and “Potential Payments Upon Termination”, we agreed to compensate Mr. Turner and Mr. Mead in the event of termination of their employment without cause or their resignations for good reason. We entered into these agreements with Mr. Turner and Mr. Mead in order to establish in advance the appropriate treatment for terminating executives and to ensure market competitiveness with other companies that offer such arrangements. Mr. Mead is no longer an employee of the Company. Please see “Employment and Independent Contract Agreements” below for a description of his separation agreement.

Other Benefits. Our Named Executive Officers receive the same benefits that are available to all other full time employees, including the payment of health, dental, life and disability insurance premiums.

Deductibility of Executive Compensation

Code Section 162(m) limits the amount that we may deduct for compensation paid to our principal executive officer and to each of our three most highly compensated officers (other than our principal financial officer) to \$1.0 million per person, unless certain exemption requirements are met. Exemptions to this deductibility limit may be made for various forms of performance-based compensation. In the past, annual salary and bonus compensation to our executive officers has not exceeded \$1.0 million per person, so the compensation has been deductible. In addition to salary and bonus compensation, upon the exercise of stock options that are not treated as incentive stock options, the excess of the current market price over the option price, or option spread, is treated as compensation and accordingly, in any year, such exercise may cause an officer’s total compensation to exceed \$1.0 million. Under certain regulations, option spread compensation from options that meet certain requirements will not be subject to the \$1.0 million cap on deductibility. While the Compensation Committee cannot predict how the deductibility limit may impact our compensation program in future years, the Compensation Committee intends to maintain an approach to executive compensation that strongly links pay to performance.

The Compensation Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Code. In certain situations, the Compensation Committee may approve compensation that will not meet the requirements of Code Section 162(m) in order to ensure competitive levels of total compensation for its executive officers.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed the foregoing Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K and discussed the Compensation Discussion and Analysis with the Company's management. Based on such review and discussions with management, the Compensation Committee recommended to the Board that the foregoing Compensation Discussion and Analysis be included in this Proxy Statement on Form 14A.

Employment and Independent Contractor Agreements

On April 4, 2009, the Board of Directors of the Company appointed Mr. Wolcott as the new President of the Company, effective as of April 7, 2009. In addition, Mr. Wolcott was appointed as a member of the Board of Directors, effective as of April 7, 2009. The Company and Mr. Wolcott agreed to the terms of an offer letter, dated April 7, 2009 (the "Offer Letter"), pursuant to which Mr. Wolcott receives an annual salary of \$250,000 and received 655,760 stock options pursuant to the Company's Amended and Restated 1998 Stock Incentive Plan. Mr. Wolcott also participates in the other benefit plans available to employees of the Company.

On April 7, 2009, Mr. Mead announced his retirement as President and a Director of the Company. In connection with his retirement, the Board of Directors of the Company approved a separation agreement entered into by and between the Company and Mr. Mead. Pursuant to the separation agreement, Mr. Mead, among other things, agreed to a general release of any and all legal claims against the Company, and the Company, among other things, (1) agreed to provide a severance payment to Mr. Mead in an amount equal to \$212,500, and (2) to continue all employee benefits and perquisites until October 31, 2009.

We entered into an employment agreement with Mr. Turner dated November 2, 1988. The agreement sets Mr. Turner's annual base salary for each year until October 1, 1993 and provides that after October 1, 1993 Mr. Turner's annual base salary will be based upon a reasonable mutual agreement between Mr. Turner and the Company. Mr. Turner's annual base salary was raised to \$210,000 effective September 1, 2006. In the event of termination of Mr. Turner's employment with the Company without cause (as defined in the agreement) or Mr. Turner's resignation for good reason (as defined in the agreement), the agreement provides that Mr. Turner will receive severance pay for a one-year period, which pay includes an extension of all of his rights, privileges and benefits as an employee (including medical insurance). The one-year severance pay shall be equal to Mr. Turner's average annual salary for the 12-month period immediately prior to the termination. The agreement also requires us to pay Mr. Turner for any accrued, unused vacation at the time of termination. We are also obligated to pay Mr. Turner \$1,000 (or the equivalent value in stock options) for each newly issued patent obtained by us as a result of Mr. Turner's efforts (Mr. Turner receives only \$500 if multiple inventors are involved). Mr. Turner's agreement includes a non-competition covenant prohibiting him from competing with us for one year following his termination. We may continue the non-competition period for up to four additional years by notifying Mr. Turner in writing and by continuing the severance payments for the additional years during which the non-competition period is extended.

Dennis P. Gauger, Chief Financial Officer, served the Company on a part-time, contract basis through July 15, 2008, and received monthly compensation of \$6,000. On July 16, 2008, Mr. Gauger became an employee of the Company, and currently receives an annual base salary of \$180,000.

Hyrum A. Mead	665,790	2,852,226

(1) The amounts in this column reflect the difference between the exercise price of the options and the market price of the Company's Common Stock on the date of exercise.

Potential Payments Upon Termination

The information below describes and quantifies certain payments or benefits that would be payable to Named Executive Officers under their existing employment agreements and our existing plans and programs had they been terminated on August 31, 2009. These benefits are in addition to benefits generally available to all salaried employees of the Company in connection with a termination of employment such as disability and life insurance benefits, the value of employee-paid group health plan continuation coverage under COBRA and accrued vacation pay.

As discussed above, Mr. Turner has a written employment agreement that provides for certain severance payments and benefits in the event of termination of his employment with the Company without cause or his resignation for good reason. For further details about Mr. Turner's employment agreement, please see "Employment and Independent Contractor Agreements" above.

Name	Severance	Stock Option
	Pay (1) (\$)	Vesting Acceleration (\$)

Paul F. Turner (2)	265,751	-

(1) The amounts in column (b) include salary, bonus, unpaid vacation, and continuation of employee benefits.

(2) Mr. Turner's employment agreement provides for severance pay equal to Mr. Turner's average annual salary for the 12-month period immediately prior to the termination, plus unpaid vacation. Mr. Turner will also be granted a 12-month extension of all rights, privileges and benefits as an employee (including medical insurance).

The Company does not have any agreement with Messrs. Wolcott and Gauger to pay them severance or other benefits following termination of their employment. Therefore, if Mr. Wolcott's and Mr. Gauger's employment by the Company had terminated for any reason on August 31, 2009, they would not have been entitled to any severance or other benefits following such termination. In addition, there would not have been any acceleration of vesting of stock options granted to Messrs. Wolcott and Gauger.

Mr. Mead is no longer an employee of the Company. Please see "Employment and Independent Contractor Agreements" above for a description of his separation agreement.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth information known to us with respect to beneficial ownership of our Common Stock as of November 30, 2009 for (i) each director and nominee, (ii) each holder of 5.0% or greater of our Common Stock, (iii) our Named Executive Officers, and (iv) all executive officers and directors as a group. Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission (the "Commission"), and generally includes voting or investment power with respect to securities. Shares subject to options that are exercisable within 60 days following November 30, 2009 are deemed to be outstanding and beneficially owned by the optionee or group of optionees for the purpose of computing share and percentage ownership of that optionee or group of optionees, but are not deemed to be outstanding for the purpose of computing the percentage ownership of any other person. Except as indicated by footnote, the persons named in the table have sole voting and investment power with respect to all shares of Common Stock shown beneficially owned by them. The inclusion of any shares as beneficially owned does not constitute an admission of beneficial ownership of those shares. The percentage calculation of beneficial ownership is based on 22,014,970 shares of Common Stock outstanding as of November 30, 2009. Except as otherwise noted, the address of each person listed on the following table is 2188 West 2200 South, Salt Lake City, Utah 84119.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors and officers, and persons who own more than 10% of a registered class of the Company's equity securities to file with the Commission initial reports of ownership and reports of changes in ownership of equity securities of the Company. Officers, directors, and greater than 10% stockholders are required to furnish the Company with copies of all Section 16(a) forms they file. Based solely on review of the copies of such forms received by the Company, or written representations from certain reporting persons, the Company believes that during the year ended August 31, 2009 all reporting persons complied with all applicable filing requirements.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

Since September 1, 2007, there has not been, nor is there any proposed transaction in which the Company was or will be a party or in which it was or will be a participant, involving an amount that exceeded or will exceed \$120,000 and in which any director, executive officer, beneficial owner of more than 5% of any class of the Company's voting securities, or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest, other than the transactions which are described below.

Medizin-Technik GmbH. BSD supplies equipment components to Medizin-Technik GmbH located in Munich, Germany, which is a significant distributor of BSD's products in Europe. Medizin-Technik purchases equipment, which it installs, and components to service the BSD hyperthermia therapy systems that Medizin-Technik sells to its customers in Europe. For the fiscal years 2008 and 2009 and for the first quarter of fiscal year 2010, BSD had revenue of \$2,809,132, \$603,000 and \$153,308, respectively, from the sale of systems and various component parts sold to Medizin-Technik. As of August 31, 2008 and 2009, and as of the end of the first quarter of fiscal year 2010, accounts receivable from Medizin-Technik were \$737,483, \$41,016 and \$152,560, respectively. Dr. Gerhard W. Sennewald, one of BSD's directors and significant stockholders, is the President and Chief Executive Officer of Medizin-Technik and its sole stockholder. Management believes the terms of the transactions with Medizin-Technik were arms length and fair to the Company.

The Company does not have a formal written process for reviewing related person transactions. The Company expects that its management will review for potential conflict of interest situations, on an ongoing basis, any future proposed transaction, or series of transactions, with related persons, and either approve or disapprove each reviewed transaction or series of related transactions with related persons.

APPENDIX A

BSD MEDICAL CORPORATION

FOURTH AMENDED AND RESTATED
1998 DIRECTOR STOCK PLAN

PART A. PLAN ADMINISTRATION AND ELIGIBILITY

1. Purpose.

The purpose of this Fourth Amended and Restated 1998 Director Stock Plan (the “Plan”) of BSD Medical Corporation (the “Company”) is to encourage ownership in the Company by outside directors of the Company (each, a “Non-Employee Director,” or collectively, the “Non-Employee Directors”) whose continued services are considered essential to the Company’s continued progress and thus to provide them with a further incentive to remain as directors of the Company.

2. Administration.

The Board of Directors (the “Board”) of the Company or any committee (the “Committee”) of the Board that will satisfy Rule 16b-3 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and any regulations promulgated thereunder, as from time to time in effect, including any successor rule (“Rule 16b-3”), shall supervise and administer the Plan. The Committee shall consist solely of two or more non-employee directors of the Company, who shall be appointed by the Board. A member of the Board shall be deemed to be a “non-employee director” for purposes of membership on the Committee only if such member satisfies such requirements as the Securities and Exchange Commission may establish for non-employee directors under Rule 16b-3. No member of the Board or the Committee shall receive additional compensation for services in connection with the administration of the Plan.

The Board or the Committee may adopt such rules or guidelines as it deems appropriate to implement the Plan. All questions of interpretation of the Plan or of any shares issued under it shall be determined by the Board or the Committee and such determination shall be final and binding upon all persons having an interest in the Plan.

3. Participation in the Plan.

Each member of the Board who is not an employee of the Company or any of its subsidiaries or affiliates shall receive payment for his or her Annual Retainer (as defined in Section 6 below) under the Plan, and may receive an Option (as defined in Section 6 below), for so long as he or she serves as a director of the Company.

4. Stock Subject to the Plan.

The maximum number of shares of the Company’s common stock, par value \$0.001 per share (“Common Stock”), which may be issued under the Plan, either as a Common Stock Payment, as defined below, or upon exercise of Options, as defined below, shall be one million seven hundred fifty thousand (1,750,000). The limitation on the number of shares which may be issued under the Plan shall be subject to adjustment as provided in Section 9 of the Plan.

PART B. TERMS OF THE PLAN

5. Effective Date of the Plan.

The Plan (as amended and restated) shall be effective as of the date of shareholder approval. The Plan shall terminate on August 31, 2015, unless earlier terminated by the Board of Directors or the Committee.

6. Terms and Conditions.

a. Compensation. During the term of the Plan, the Company shall pay to each Non-Employee Director for each year in which the Non-Employee Director serves as a Non-Employee Director of the Company, annual compensation in the amount of Sixty Thousand Dollars (\$60,000) (the "Annual Retainer"); provided, however, that any Non-Employee Director qualifying as a "financial expert" pursuant to Item 407(d)(5) of Regulation S-K promulgated under the Securities Exchange Act of 1934, as amended ("Financial Expert"), shall receive an Annual Retainer of Sixty-Five Thousand Dollars (\$65,000). If a Non-Employee Director no longer serves as a director of the Company, for any reason including death or disability, such Non-Employee Director shall be entitled to all unpaid portions of his or her Annual Retainer which shall have accrued (on a daily basis) through the date of such termination.

b. Cash Payments. Each Non-Employee Director shall receive annually from the Company, as part of the Annual Retainer, Thirty Thousand Dollars (\$30,000) in cash (the "Cash Payment"); provided, however, that the Financial Expert shall receive an annual Cash Payment of Thirty-Five Thousand Dollars (\$35,000). The Cash Payment shall be made in arrears in equal semi-annual installments on May 1 and November 1 of each year (or if such day is not a business day, on the next succeeding business day).

c. Common Stock Payments; Number of Shares Subject to Common Stock Payment. Each Non-Employee Director shall receive annually and automatically from the Company the balance of the Annual Retainer in the form of shares of Common Stock (the "Common Stock Payment"). The Common Stock Payment shall be made on May 1 of each year (or if such day is not a business day, on the next succeeding business day). The number of shares of Common Stock included in the Common Stock Payment shall be determined by dividing Thirty Thousand Dollars (\$30,000) by the closing price for the Common Stock as reported by The NASDAQ Stock Market, or other applicable exchange, on May 1 (or, if such day is not a business day, on the next succeeding business day), (the "Fair Market Value"). The amount of the grant shall be equal to the largest number of whole shares determined as follows:

$$\frac{\$30,000}{\text{Fair Market Value on Date of Award}} = \text{Number of Shares}$$

Any payment for a fractional share automatically shall be paid in cash based upon the Fair Market Value on the date of the respective award of such fractional share.

d. Options.

(i) Annual Grant. In addition to the Annual Retainer, during the term of the Plan, the Company may grant to each Non-Employee Director for any year in which the Non-Employee Director serves as a Non-Employee Director of the Company, an option to purchase shares of Common Stock (the "Option"). The Option shall not qualify as an "incentive stock option" as defined in Section 422 of the Internal Revenue Code of 1986.

(ii) Purchase Price. The purchase price of the Common Stock issued pursuant to an exercise of the Option shall be the fair market value of the Common Stock at the date the Option is granted (the "Purchase Price"), which such fair market value for purposes of the Purchase Price shall be the closing price of the Company's Common Stock as reported by The NASDAQ Stock Market, or other applicable exchange, on the date of grant. The Purchase Price shall be payable upon the exercise of the Option and may be paid by (i) cash or check payable to the Company, (ii) the delivery to the Company of the number of outstanding shares of Common Stock equal in fair market value to the Purchase Price, or (iii) receiving from the Company in exchange for the Option the number of shares of Common Stock equal in value to the excess of the fair market value of one share of Common Stock of the Company over the Purchase Price per share of Common Stock, multiplied by the number of shares of Common Stock underlying the Option.

(iii) Term and Vesting. Except as otherwise set forth herein, unless earlier exercised, each Option shall terminate and expire upon the tenth anniversary of the date such Option is awarded. Twenty percent (20%) of each Option granted to a Non-Employee Director shall vest on each anniversary of the effective date of the award, provided that the Non-Employee Director shall have remained a director of the Company since the date of the award. In the event a Non-Employee Director ceases to serve as a director of the Company for any reason, any Option granted to a Non-Employee Director which has (i) not vested in accordance with this section shall be forfeited without compensation by the Company, and all rights of the Non-Employee Director in respect of such non-vested portion of the Option shall terminate and be of no further force or effect, and (ii) vested in accordance with this section shall remain exercisable for a period of one hundred eighty days following the last day such Non-Employee Director is a director of the Company, after which period the Option shall terminate and be of no further force or effect.

PART C. GENERAL PROVISIONS

7. Assignments.

The rights and benefits under this Plan may not be assigned, pledged or hypothecated. Upon the death of a Non-Employee Director, such person's rights to receive any payments hereunder will transfer to such person's named beneficiary, if any, or to his or her estate, and any Option to which such beneficiary or estate is entitled and has vested shall remain exercisable by such beneficiary or estate for a period of one hundred eighty days after the death of the Non-Employee Director.

8. Limitation of Rights.

Neither the Plan, nor the issuance of shares of Common Stock nor any other action taken pursuant to the Plan, shall constitute or be evidence of any agreement or understanding, express or implied, that the Company will retain a Non-Employee Director for any period of time, or at any particular rate of compensation.

9. Changes in Present Stock.

In the event of any merger, consolidation, reorganization, recapitalization, stock dividend, stock split, or other change in the corporate structure or capitalization affecting the Company's present Common Stock, at the time of such event the Board or the Committee shall make appropriate adjustments to the number (including the aggregate number specified in Section 4) and kind of shares to be issued under the Plan and the price of any Common Stock Payment and Purchase Price.

10. Amendment of the Plan.

The Board shall have the right to amend, modify, suspend or terminate the Plan at any time for any purpose; provided, that following the approval of the Plan by the Company's shareholders, the Company will seek shareholder approval for any change to the extent required by applicable law, regulation or rule.

11. Compliance with Section 16 of the Exchange Act.

It is the Company's intent that the Plan comply in all respects with Rule 16b-3. If any provision of this Plan is found not to be in compliance with such rule and regulations, the provision shall be deemed null and void, and the remaining provisions of the Plan shall continue in full force and effect. All transactions under this Plan shall be executed in accordance with the requirements of Section 16 of the Exchange Act and regulations promulgated thereunder. The Board or the Committee may, in its sole discretion, modify the terms and conditions of this Plan in response to and consistent with any changes in applicable law, rule or regulation.

12. Governing Law.

This Plan and all determinations made and actions taken pursuant hereto shall be governed by the law of the State of Delaware.

APPENDIX B

BSD MEDICAL CORPORATION
THIRD AMENDED AND RESTATED
1998 STOCK INCENTIVE PLAN

BSD MEDICAL CORPORATION, a Delaware corporation, (the "Company") adopts this Third Amended and Restated Stock Incentive Plan (the "Plan"), effective as of the date of stockholder approval.

1. Purpose. The purpose of this Plan is to enable the Company to attract and retain the services of and provide performance incentives to (1) selected employees, officers and directors of the Company or of any subsidiary of the Company ("Employees") and (2) selected nonemployee agents, consultants, advisors and independent contractors of the Company or any subsidiary.
2. Shares Subject to the Plan. Subject to adjustment as provided below and in paragraph 13, the shares to be offered under the Plan shall consist of shares of the common stock of the Company, par value \$.001 per share ("Shares"), and the total number of Shares that may be issued under the Plan shall not exceed six million three hundred thirty seven thousand and three hundred (6,337,300) Shares, all of which may be issued pursuant to the exercise of options granted pursuant to the Plan. The Shares issued under the Plan may be authorized and unissued Shares or reacquired Shares or Shares acquired in the market. If any award granted under the Plan expires, terminates or is canceled, the unissued Shares subject to such award shall again be available under the Plan and if Shares which are awarded under the Plan are forfeited to the Company or repurchased by the Company, that number of Shares shall again be available under the Plan.
3. Effective Date and Duration of Plan.
 - (a) Effective Date. The Plan (as amended and restated) shall be effective as of the date of stockholder approval. Awards may be granted and Shares may be awarded or sold under the Plan at any time after the effective date and before termination of the Plan.
 - (b) Duration. The Plan shall terminate ten years from the date the Plan is adopted by the Board of Directors, or the date the Plan is approved by the shareholders, whichever is earlier, subject to earlier termination by the Board of Directors. The Board of Directors may suspend or terminate the Plan at any time, except with respect to awards then outstanding under the Plan. Termination shall not affect the terms of any outstanding awards.
4. Administration.
 - (a) Board of Directors. The Plan shall be administered by the Board of Directors of the Company, which shall determine and designate from time to time the individuals to whom awards shall be made, the amount of the awards and the other terms and conditions of the awards. Subject to the provisions of the Plan, the Board of Directors may from time to time adopt and amend rules and regulations relating to the administration of the Plan, advance the lapse of any waiting period, accelerate any exercise date, waive or modify any restriction applicable to Shares (except those restrictions imposed by law) and make all other determinations in the judgment of the Board of Directors necessary or desirable for the administration of the Plan. The interpretation and construction of the provisions of the Plan and related agreements by the Board of Directors shall be final and conclusive. The Board of Directors may correct any defect or supply any omission or reconcile any inconsistency in the Plan or in any related agreement in the manner and to the extent it shall deem expedient to carry the Plan into effect, and it shall be the sole and final judge of such expediency.

(b) Committee. The Board of Directors may delegate to a committee of the Board of Directors (the "Committee") any or all authority for administration of the Plan. If authority is delegated to a Committee, all references to the Board of Directors in the Plan shall mean and relate to the Committee except (i) as otherwise provided by the Board of Directors and (ii) that only the Board of Directors may amend or terminate the Plan as provided in paragraphs 3 and 14.

(c) Officer. The Board of Directors or the Committee, as applicable, may delegate to an executive officer of the Company authority to administer those aspects of the Plan that do not involve the designation of individuals to receive awards or decisions concerning the timing, amounts or other terms of awards. No officer to whom administrative authority has been delegated pursuant to this provision may waive or modify any restriction applicable to an award to such officer under the Plan.

5. Types of Awards; Eligibility. The Board of Directors may, from time to time, take the following actions, separately or in combination, under the Plan: (i) grant "Incentive Stock Options", as defined in section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), as provided in paragraph 6; (ii) grant options other than Incentive Stock Options ("Non-Statutory Stock Options") as provided in paragraph 6; (iii) award Shares as provided in paragraph 7; (iv) sell Shares subject to restrictions as provided in paragraph 8; (v) grant stock appreciation rights as provided in paragraph 9; (vi) grant cash bonus rights as provided in paragraph 10; (vii) grant Performance-based Rights as provided in paragraph 11 and (viii) grant foreign qualified awards as provided in paragraph 12. Any such awards may be made to Employees, including Employees who are officers or directors, and to other individuals described in paragraph 1 whom the Board of Directors believes have made or will make an important contribution to the Company or any subsidiary of the Company; provided, however, that only employees shall be eligible to receive Incentive Stock Options under the Plan. The Board of Directors shall select the individuals to whom awards shall be made and shall specify the action taken with respect to each individual to whom an award is made. Unless otherwise determined by the Board of Directors with respect to an award, each option, stock appreciation right, cash bonus right or performance-based right granted pursuant to the Plan by its terms shall be nonassignable and nontransferable by the recipient, either voluntarily or by operation of law, except by will or by the laws of descent and distribution of the state or country of the recipient's domicile at the time of death. No fractional Shares shall be issued in connection with any award. In lieu of any fractional Shares, cash may be paid in an amount equal to the value of the fraction or, if the Board of Directors shall determine, the number of Shares may be rounded downward to the next whole share. No Employee may be granted options or stock appreciation rights under the Plan for more than an aggregate of 1,000,000 Shares in any consecutive three-year period.

6. Option Grants. With respect to each option grant, the Board of Directors shall determine the number of Shares subject to the option, the option price, the period of the option, the time or times at which the option may be exercised and whether the option is an Incentive Stock Option or a Non-Statutory Stock Option and any other terms of the grant, all of which shall be set forth in an option agreement between the Company and the optionee. In the case of Incentive Stock Options, all terms shall be consistent with the requirements of the Code and applicable regulations. Upon the exercise of an option, the number of Shares reserved for issuance under the Plan shall be reduced by the number of Shares issued upon exercise of the option less the number of Shares surrendered or withheld in connection with the exercise of the option and the number of Shares surrendered or withheld to satisfy withholding obligations in accordance with paragraph 17.

7. Award of Shares. The Board of Directors may award Shares under the Plan as bonuses or otherwise. The aggregate number of Shares that may be awarded to any single participant pursuant to this provision shall not exceed 1,000,000 Shares. Shares awarded pursuant to this paragraph shall be subject to the terms, conditions, and restrictions determined by the Board of Directors. The Board of Directors may require the recipient to sign an agreement as a condition of the award, but may not require the recipient to pay any monetary consideration other than amounts necessary to satisfy tax withholding requirements. The agreement may contain any other terms, conditions, restrictions, representations and warranties required by the Board of Directors. The certificates representing the Shares awarded shall bear any legends required by the Board of Directors. Upon the issuance of a an award of Shares, the number of Shares available for issuance under the Plan shall be reduced by the number of Shares issued less the number of any Shares surrendered to satisfy withholding obligations in accordance with paragraph 17.

8. Purchased Shares. The Board of Directors may issue Shares under the Plan for such consideration (including promissory notes and services) as determined by the Board of Directors. Shares issued under the Plan shall be subject to the terms, conditions and restrictions determined by the Board of Directors. All Shares issued pursuant to this paragraph 8 shall be subject to a purchase agreement, which shall be executed by the Company and the prospective recipient of the Shares prior to the delivery of certificates representing such Shares to the recipient. The purchase agreement may contain any terms, conditions, restrictions, representations and warranties required by the Board of Directors. The certificates representing the Shares shall bear any legends required by the Board of Directors. Upon the issuance of purchased Shares, the number of Shares available for issuance under the Plan shall be reduced by the number of Shares issued less the number of any Shares surrendered to satisfy withholding obligations in accordance with paragraph 17.

9. Appreciation Rights.

(a) Grant. Stock appreciation rights may be granted under the Plan by the Board of Directors, subject to such rules, terms, and conditions as the Board of Directors prescribes.

(b) Exercise. Each stock appreciation right shall entitle the holder, upon exercise, to receive from the Company in exchange therefor an amount equal in value to the excess of the fair market value on the date of grant (or, in the case of a stock appreciation right granted in connection with an option, the excess of the fair market value of one Share over the option price per Share under the option to which the stock appreciation right relates), multiplied by the number of Shares covered by the stock appreciation right or the option, or portion thereof, that is surrendered. Payment by the Company upon exercise of a stock appreciation right may be in Shares valued at fair market value, in cash, or partly in Shares and partly in cash, all as determined by the Board of Directors. The Board of Directors may withdraw any stock appreciation right granted under the Plan at any time and may impose any conditions upon the exercise of a stock appreciation right or adopt rules and regulations from time to time affecting the rights of holders of stock appreciation rights. Such rules and regulations may govern the right to exercise stock appreciation rights granted thereafter. Upon the exercise of a stock appreciation right for Shares, the number of Shares available for issuance under the Plan shall be reduced by the number of Shares issued less the number of any Shares surrendered or withheld

to satisfy withholding obligations in accordance with paragraph 17. Cash payments for stock appreciation rights shall not reduce the number of Shares available for issuance under the Plan.

10. **Cash Bonus Rights.** The Board of Directors may grant cash bonus rights under the Plan in connection with (i) options granted or previously granted, (ii) stock appreciation rights granted or previously granted, (iii) Shares awarded or previously awarded and (iv) Shares sold or previously sold under the Plan. Cash bonus rights will be subject to rules, terms and conditions as the Board of Directors may prescribe. The payment of a cash bonus shall not reduce the number of Shares available for issuance under the Plan. A cash bonus right granted in connection with an option will entitle an optionee to a cash bonus when the related option is exercised (or terminates in connection with the exercise of a stock appreciation right related to the option) in whole or in part if, in the sole discretion of the Board of Directors, the bonus right will result in a tax deduction that the Company has sufficient taxable income to use. A cash bonus right granted in connection with an award of Shares pursuant to paragraph 7 or purchase of Shares pursuant to paragraph 8 will entitle the recipient to a cash bonus payable when the award of Shares is made or the Shares are purchased or restrictions, if any, to which the Shares are subject lapse. If the Shares awarded or purchased are subject to restrictions and are repurchased by the Company or forfeited by the holder, the cash bonus right granted in connection with the Shares awarded or purchased shall terminate and may not be exercised.

11. **Performance-based Awards.** The Board of Directors may grant awards intended to qualify as performance-based compensation under section 162(m) of the Code and the regulations thereunder ("Performance-based Awards"). Performance-based Awards shall be denominated at the time of grant either in Shares ("Stock Performance Awards") or in dollar amounts ("Dollar Performance Awards"). Payment under a Stock Performance Award or a Dollar Performance Award shall be made, at the discretion of the Board of Directors, subject to the limitations set forth in paragraph 2, in Shares ("Performance Shares"), or in cash or any combination thereof. Performance-based Awards shall be subject to the following terms and conditions:

(a) **Award Period.** The Board of Directors shall determine the period of time for which a Performance-based Award is made (the "Award Period").

(b) **Performance Goals and Payment.** The Board of Directors shall establish in writing objectives ("Performance Goals") that must be met by the Company or any subsidiary, division or other unit of the Company ("Business Unit") during the Award Period as a condition to payment being made under the Performance-based Award. The Performance Goals for each award shall be one or more targeted levels of performance with respect to one or more of the following objective measures with respect to the Company or any Business Unit: earnings, earnings per Share, stock price increases, total shareholder return (stock price increase plus dividends), return on equity, return on assets, return on capital, economic value added, revenues, operating income, cash flows or any of the foregoing (determined according to criteria established by the Board of Directors). The Board of Directors shall also establish the number of Performance Shares or the amount of cash payment to be made under a Performance-based Award if the Performance Goals are met or exceeded, including the fixing of a maximum payment (subject to paragraph 11(d)). The Board of Directors may establish other restrictions to payment under a Performance-based Award, such as a continued employment requirement, in addition to satisfaction of the Performance Goals. Some or all of the Performance Shares may be issued at the time of the award as restricted Shares subject to forfeiture in whole or in part if Performance Goals, or if applicable, other restrictions are not satisfied.

(c) **Computation of Payment.** During or after an Award Period, the performance of the Company or Business Unit, as applicable, during the period shall be measured against the Performance Goals. If the Performance Goals are not met, no payment shall be made under a Performance-based Award. If the Performance Goals are met or exceeded, the Board of Directors shall certify that fact in writing and certify the number of Performance Shares earned or the amount of cash payment to be made under the terms of the Performance-based Award.

(d) **Maximum Awards.** No participant may receive Stock Performance Awards in any fiscal year under which the maximum number of Shares issuable under the award, when aggregated with the Shares issuable under any awards made in the immediately preceding two fiscal years, exceeds 1,000,000 Shares or Dollar Performance Awards in any fiscal year under which the maximum amount of cash payable under the award, when aggregated with the amount of cash payable under awards made in the immediately preceding two fiscal years, exceeds an aggregate of \$5,000,000.

(e) **Effect on Shares Available.** The payment of a Performance-based Award in cash shall not reduce the number of Shares available for issuance under the Plan. The number of Shares available for issuance under the Plan shall be reduced by the number of Shares issued upon payment of an award, less the number of Shares surrendered or withheld to satisfy withholding obligations.

12. **Foreign Qualified Grants.** Awards under the Plan may be granted to such Employees and such other persons described in paragraph 1 residing in foreign jurisdictions as the Board of Directors may determine from time to time. The Board of Directors may adopt such supplements to the Plan as may be necessary to comply with the applicable laws of such foreign jurisdictions and to afford participants favorable treatment under such laws; provided, however, that no award shall be granted under any such supplement with terms that are more beneficial to the participants than the terms permitted by the Plan.

13. Changes in Capital Structure.

(a) Share Splits and Dividends. If the number of outstanding Shares of the Company is hereafter increased or decreased or changed into or exchanged for a different number or kind of securities of the Company by reason of any Share split, combination or dividend payable in Shares, recapitalization or reclassification, appropriate adjustment shall be made by the Board of Directors in the number and kind of Shares available for grants under the Plan. In addition, the Board of Directors shall make appropriate adjustment in the number and kind of Shares as to which outstanding options, or portions thereof then unexercised, shall be exercisable, so that the optionee's proportionate interest before and after the occurrence of the event is maintained. Notwithstanding the foregoing, the Board of Directors shall have no obligation to effect any adjustment that would or might result in the issuance of fractional Shares, and any fractional Shares resulting from any adjustment may be disregarded or provided for in any manner determined by the Board of Directors. Any such adjustments made by Board of Directors shall be conclusive.

(b) Mergers, Reorganizations, Etc. The Board of Directors may include such terms and conditions, including without limitation, provisions relating to acceleration in the event of a change in control, as it deems appropriate in connection with any award under the Plan with respect to a merger, consolidation, plan of exchange, acquisition of property or stock, separation, reorganization or liquidation to which the Company or a subsidiary is a party or a sale or all or substantially all of the Company's assets (each, a "Transaction"). Notwithstanding the foregoing, in the event of a Transaction, the Board of Directors shall, in its sole discretion and to the extent possible under the structure of the Transaction, select one or the following alternatives for treating outstanding Incentive Stock Options or Non-Statutory Stock Options under the Plan:

(i) Outstanding options shall remain in effect in accordance with their terms; or

(ii) Outstanding options shall be converted into options to purchase securities issued by the company that is surviving or acquiring company in the Transaction. The amount, type of securities subject thereto and exercise price of the converted options shall be determined by the Board of Directors of the Company, taking into account the relative values of the companies involved in the Transaction and the exchange rate, if any, used in determining securities of the surviving corporation to be issued to holders of Shares of the Company. Unless otherwise determined by the Board of Directors, the converted options shall be vested only to the extent that the vesting requirements relating to options granted hereunder have been satisfied; or

(iii) The Board of Directors shall provide a 30-day period prior to the consummation of the Transaction during which outstanding options may be exercised to the extent then exercisable, and upon the expiration of such 30-day period, all unexercised options shall immediately terminate. The Board of Directors may, in its sole discretion, accelerate the exercisability of options so that they are exercisable in full during such 30-day period.

(c) Dissolution of the Company. In the event of the dissolution of the Company, options shall be treated in accordance with paragraph 13(b)(iii).

(d) Rights Issued by Another Corporation. The Board of Directors may also grant options, stock appreciation rights, performance units, stock bonuses and cash bonuses and issue restricted stock under the Plan having terms, conditions and provisions that vary from those specified in this Plan provided that any such awards are granted in substitution for, or in connection with the assumption of, existing options, stock appreciation rights, stock bonuses, cash bonuses, restricted stock and performance units granted, awarded or issued by another corporation and assumed or otherwise agreed to be provided for by the Company pursuant to or by reason of a Transaction.

14. Amendment of Plan. The Board of Directors may at any time, and from time to time, modify or amend the Plan in such respects as it shall deem advisable because of changes in the law while the Plan is in effect or for any other reason. Except as provided in paragraphs 9, 10 and 13, however, no change in an award already granted shall be made without the written consent of the holder of such award.

15. Approvals. The obligations of the Company under the Plan are subject to the approval of state and federal authorities or agencies with jurisdiction in the matter. The Company will use its best efforts to take steps required by state or federal law or applicable regulations, including rules and regulations of the Securities and Exchange Commission and any stock exchange on which the Company's Shares may then be listed, in connection with the grants under the Plan. The foregoing notwithstanding, the Company shall not be obligated to issue or deliver Shares under the Plan if such issuance or delivery would violate applicable state or federal securities laws.

16. Employment and Service Rights. Nothing in the Plan or any award pursuant to the Plan shall (i) confer upon any Employee any right to be continued in the employment of the Company or any subsidiary or interfere in any way with the right of the Company or any subsidiary by whom such Employee is employed to terminate such Employee's employment at any time, for any reason, with or without cause, or to decrease such Employee's compensation or benefits, or (ii) confer upon any person engaged by the Company any right to be retained or employed by the Company or to the continuation, extension, renewal, or modification of any compensation, contract, or arrangement with or by the Company.

17. Taxes. Each participant who has received an award under the Plan shall, upon notification of the amount due, pay to the Company in cash amounts necessary to satisfy any applicable federal, state and local withholding requirements. If the participant fails to pay the amount demanded, the Company may withhold that amount from other amounts payable by the Company to the participant including salary, subject to applicable law. With the consent of the Board of Directors, a participant may satisfy this withholding obligation, in whole or in part, by having the Company withhold from any Shares to be issued that number of Shares that would satisfy the amount due or by delivering Shares to the Company to satisfy the withholding amount.

18. Rights as a Shareholder. The recipient of any award under the Plan shall have no rights as a shareholder with respect to any Shares until the date of issue to the recipient of a stock certificate for such Shares. Except as otherwise expressly provided in the Plan, no adjustment shall be made for dividends or other rights for which the record date occurs prior to the date such stock certificate is issued.
