Board Recommendation; Vote Required

The Board of Directors recommends a vote FOR the election of each of its nominees for directors. If a quorum is present, a plurality of the votes cast by the shares entitled to vote is required for the election of a director. Abstentions and broker non-votes are counted for purposes of determining whether a quorum exists but will have no effect on the determination of whether a plurality exists with respect to a given nominee.

**Ratification of Selection of Independent Registered Public Accounting Firm
(Proposal II)**

Edgar Filing: METRO ONE TELECOMMUNICATIONS INC - Form DEF 14A

The Audit Committee of the Board of Directors has selected Deloitte & Touche LLP as Metro One's independent registered public accounting firm for the year ending December 31, 2005. Deloitte & Touche LLP has served as our independent registered public accounting firm since 1995. It is expected that representatives of Deloitte & Touche LLP will be present at the meeting, will have the opportunity to make a statement if they so desire, and will be available to respond to appropriate questions.

Board Recommendation; Vote Required

*The Board has decided to ask the shareholders to ratify the selection and recommends that the shareholders vote **FOR** approval, although the selection of our independent registered public accounting firm is not required to be submitted to a vote of the shareholders.* If a quorum is present, the proposal will be adopted if the votes cast favoring the proposal exceed the votes cast opposing the proposal. Abstentions and broker non-votes are counted for purposes of determining whether a quorum exists but will have no effect on the results of the vote.

Principal Auditor Fees and Services

The following table summarizes the fees of Deloitte & Touche LLP, our independent registered public accounting firm, billed to us for each of the last two fiscal years:

Type of Fees	2004	2003
Audit Fees (1)	\$ 392,500	\$ 152,500
Audit Related Fees (2)	5,500	6,000
Tax Fees (3)	2,444	26,600
All Other Fees (4)	5,850	0
Total:	\$ 406,294	\$ 185,100

(1) Represents the aggregate fees billed by our principal accounting firm, Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu and their respective affiliates (Deloitte & Touche) for professional services rendered for the audit of our annual financial statements and for the review of the financial statements included in our quarterly reports. This amount also includes fees billed in the amount of \$203,800 for attestation services related to compliance with Section 404 of the Sarbanes-Oxley Act of 2002.

(2) Represents the aggregate fees billed by Deloitte & Touche for assurance and related services consisting primarily of certain compliance and advisory services.

(3) Represents the aggregate fees billed by Deloitte & Touche for services related to tax compliance, tax advice and tax planning.

(4) Represents the aggregate fees billed by Deloitte & Touche for all other services performed, primarily assistance with certain regulatory compliance matters.

All audit-related services, tax services and other services rendered by Deloitte & Touche were pre-approved by our Audit Committee to the extent required, which Committee concluded that the provision of those services was compatible with the maintenance of that firm's independence in the conduct of its auditing functions.

Our Audit Committee has adopted a policy and procedure requiring approval before our independent registered public accounting firm can be engaged to perform audit or non-audit services. The services can be pre-approved by our Audit Committee or by any member of our Audit Committee to whom authority for pre-approval has been delegated, provided that no member has authority to approve any non-audit services that are expected to result in fees for the engagement or during any calendar year of over \$50,000, or that are expected to be completed after 12 months from the date of the engagement. Any approvals by a member are reported to our Audit Committee, for informational purposes, at its next regular meeting.

Our Audit Committee may, on a quarterly basis, pre-approve non-audit services, provided that the description is sufficiently detailed in order that the Committee knows precisely what services it is being asked to pre-approve and can make a well-reasoned assessment of the impact of those services on our outside auditor's independence. Our Audit Committee receives quarterly reports on all services rendered and fees billed by our independent registered public accounting firm.

Shareholder Proposal

(Proposal III)

This proposal was submitted by Mark Latham, 1755 Robson Street, #469, Vancouver, British Columbia, Canada V6E 3B7, who is the owner of 11,000 shares of Metro One common stock. The proposal is set forth below, along with our reasons for recommending a vote AGAINST the proposal. We accept no responsibility for the accuracy of the proposal or the proponent's supporting statement.

Proxy Advisor Proposal

WHEREAS many shareowners lack the time and expertise to make the best voting decisions, yet prefer not to always follow directors recommendations, because of possible conflicts of interest;

WHEREAS shareowners have a common interest in obtaining sound independent advice, but often insufficient private interest to justify paying for it individually (the free-rider problem);

Edgar Filing: METRO ONE TELECOMMUNICATIONS INC - Form DEF 14A

THEREFORE BE IT RESOLVED that Metro One Telecommunications, Inc. shareowners request the Board of Directors to hire a proxy advisory firm for one year, to be chosen by shareowner vote. Shareowners request the Board to take all necessary steps

to enact this resolution in time to hold the vote at the year-2006 shareowner meeting, with the following features:

To insulate advisor selection from influence by Company's management, any proxy advisory firm could put itself on the ballot by paying an entry fee, declaring the price (no more than \$8,000) for advisory services for the coming year, and providing the address of a website describing their proposed services and qualifications.

The winning candidate would be paid its declared price by the Company, and make advice freely available to all Company shareowners for the subsequent year, on all matters put to a shareowner vote except director elections. (Advice on director elections is excluded to satisfy SEC rule 14a-8(i)(8)).

Performance of the advisory firm would not be policed by Company's management, but rather by gain or loss of the advisor's reputation and future business.

Brief summary advice could be included in the Company proxy, with references to a website and/or toll-free phone number for more detail.

The decision of whether to hire proxy advisory firms in later years would be left open.

Supporting Statement

The proxy advisor would be paid with Company funds to give shareowners an independent professional opinion. Independence would be further enhanced by having shareowners choose the proxy advisor. This could also increase competition in the proxy advisory business, because new entrants could earn fees on a company-by-company basis, without covering thousands of companies.

Example of shareowners' lack of time and expertise: <http://boards.fool.com/Message.asp?mid=19682916>: I tried to read the proxy statement, but I still don't understand whether the change is shareholder friendly or not.

Example of mistrust of directors' recommendations: Harris Poll, September 2003, at www.sec.gov/rules/proposed/s71903/gmcentee092403.pdf: Support for corporate management nominees is also mixed with majorities of shareholders having withheld support from a management nominee.

Edgar Filing: METRO ONE TELECOMMUNICATIONS INC - Form DEF 14A

The conflicts of interest among managers, directors and shareowners are described in Robert Monks and Nell Minow's 1996 book *Watching the Watchers*, along with shareowners' free rider and rational ignorance problems.

Articles discussing the company-pay system for proxy advice are on the Corporate Monitoring website at www.corpmon.com/publications.htm.

Board Recommendation; Vote Required

The Board of Directors recommends a vote AGAINST this proposal for the reasons set forth below.

Our Board of Directors is committed to providing you, our shareholders, with useful voting recommendations and high quality information on which to make your voting decisions. Our Board bases its recommendations on its knowledge of Metro One, its strategic plans for the business and input from management and well-qualified outside advisers. We do not believe adding the advice of an unsupervised and possibly unqualified firm at our expense would assist us in achieving our strategic objectives or otherwise be in your best interests.

This proposal calls for us to hire a proxy advisory firm without screening or review of the quality of the firm or its work product. Even our independent registered public accounting firm is selected annually by a thorough review process of the Audit Committee of the Board of Directors. We do not believe we would be fulfilling our responsibilities to you if we did not ensure that you are provided with high-quality information and well-informed recommendations.

The proposal calls for the firm to be paid without regard to reasonableness of the compensation for the work performed.

While the proposal purports to cap the fees paid to the selected advisory firm, we believe that the actual costs of the proposal could be greater.

We do not believe we should provide an open forum in our proxy materials for an unknown and possibly unqualified firm.

Shareholders have access to a wide variety of resources and opinions regarding the types of matters that are typically presented for shareholder vote. Our Board believes that engaging a proxy advisory firm through the process described in the proposal is not beneficial to shareholders and is not a prudent use of corporate funds.

Accordingly, we do not believe that adoption of the proposal is in the best interests of Metro One or you, our shareholders.

*The Board of Directors recommends a vote **AGAINST** this proposal.* If a quorum is present, the proposal will be adopted if the votes cast favoring the proposal exceed the votes cast opposing the proposal. Abstentions and broker non-votes are counted for purposes of determining whether a quorum exists but will have no effect on the results of the vote.

Corporate Governance

Composition of the Board of Directors

A majority of the directors are independent within the meaning of the Nasdaq Marketplace Rules. Our independent directors are Messrs. Rutherford, Pringle, Usdan and Williams.

Director Nominations

Qualifications and Criteria for Candidates. Our Corporate Governance Guidelines include criteria that apply to the screening and recommendation by our Corporate Governance and Nominating Committee of candidates to fill vacancies and to be nominated by the Board for election by our shareholders. Under these criteria, candidates are considered on the basis of their integrity, experience, achievements, judgment, intelligence, understanding of Metro One's business, and willingness to devote adequate time to fulfilling the responsibilities as a director. In recommending a candidate, the Committee considers the Board's overall balance of diversity of perspectives, backgrounds and experience all in the context of an assessment of the perceived needs of the Board.

The Committee also seeks to ensure that at least a majority of the directors are independent under any applicable legal or regulatory standards, as well as the applicable listing standards of any market on which our stock is listed for trading. In addition, the composition of our Board of Directors must be such that the members of the Audit Committee meet the financial literacy requirements under the applicable listing standards and at least one of the members of the Audit Committee qualifies as an audit committee financial expert under the rules of the Securities and Exchange Commission.

Process for Identifying and Evaluating Candidates. Candidates may come to the attention of our Corporate Governance and Nominating Committee through current members of our Board of Directors or professional search firms. In addition, the Committee will consider director candidates properly submitted by our shareholders or others. Initially, the Committee will determine whether the candidates meet the requisite qualifications and criteria and have the specific qualities or skills being sought at that time. The Committee evaluates the candidates by reviewing their biographical information and qualifications and checking their references. Qualified candidates are then interviewed by one or more members of the Committee. Depending on the outcome of these interviews, candidates may meet with the Chief Executive Officer and members of the Board and, using the input from such interviews and the information obtained, the Committee evaluates whether the prospective candidate is qualified to serve as a director and determines if he or she should be recommended to the Board. Candidates recommended by the Committee are then presented to the Board for selection as nominees for election by shareholders or for election by the Board to fill a vacancy. The Committee expects that a similar process will be used to evaluate candidates recommended by our shareholders.

Shareholder Recommendations of Candidates. The Corporate Governance and Nominating Committee will consider candidates recommended by shareholders. Any such recommendations should be submitted in writing to the Committee c/o Secretary, Metro One

Telecommunications, Inc., 11200 Murray Scholls Place, Beaverton, Oregon 97007, within the time frame described in our bylaws as noted under the caption "Shareholder Proposals for 2006 Annual Meeting of Shareholders" below and should (a) include the candidate's name and qualifications for membership on our Board of Directors, and (b) all information relating to such candidate that is required to be disclosed pursuant to Regulation 14A under the Securities Exchange Act of 1934 (including the candidate's written consent to being named in the proxy statement as the nominee and to serving as a director if elected). In addition, our bylaws permit shareholders to nominate candidates for election as directors at shareholder meetings. To nominate a candidate for election, shareholders must give notice in accordance with our bylaws, which require that the notice be received by our Secretary within the time periods described under "Shareholder Proposals for 2006 Annual Meeting of Shareholders."

Nominees for Election at the 2005 Annual Meeting. Messrs. Pringle and Timmins, the nominees for election as Class I directors at the 2005 Annual Meeting, have served as directors of Metro One since 2003 and 1994, respectively.

Director Compensation

Generally, directors who are not employees receive \$20,000 as an annual fee, \$3,000 plus expenses for each meeting attended in person and \$1,000 plus expenses for each Board meeting attended by telephone. Committee chairpersons and committee members receive \$1,000 and \$750, respectively, for each meeting attended. Mr. Rutherford also receives \$3,000 per month, plus an additional \$1,000 per meeting, for his service as Chairman of the Board.

Generally, directors who are not employees are granted non-qualified options to purchase 15,000 shares of common stock at the time of recruitment and 15,000 shares of common stock in October of each year, applicable to the coming year. In July of each year, Mr. Rutherford, the non-employee Chairman of the Board, is also granted a non-qualified option to purchase 21,428 shares of common stock, applicable to the coming year. All of these grants are vested and exercisable at the time of the grant and have exercise prices equal to the fair market value of our common stock on the date of grant.

Committees of Our Board of Directors

Our Board of Directors has an Audit Committee, a Compensation Committee and a Corporate Governance and Nominating Committee.

Audit Committee. The Audit Committee currently consists of Messrs. Pringle, Usdan and Williams, all of whom are independent within the meaning of the Nasdaq Marketplace Rules. Mr. Pringle is the Chairman of this Committee. Our Board of Directors has determined that Mr. Usdan satisfies the requirements for an audit committee financial expert pursuant to the rules adopted by the Securities and Exchange Commission.

The purpose of this Committee is to oversee the accounting and financial reporting processes of Metro One and audits of its financial statements. This Committee operates under a written charter, which can be viewed in the Investor Relations section of our website at www.metro1.com.

Compensation Committee. The Compensation Committee currently consists of Messrs. Pringle and Usdan, both of whom are independent within the meaning of the Nasdaq Marketplace Rules. Mr. Usdan is Chairman of this Committee.

The purpose of this Committee is to assist the Board in the discharge of its responsibilities relating to executive officer and director compensation and to oversee incentive, equity-based and other compensatory plans in which officers and key employees of Metro One participate. Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee consists of Messrs. Pringle and Rutherford, both of whom are independent within the meaning of the Nasdaq Marketplace Rules. Mr. Rutherford is the Chairman of this Committee.

This Committee operates under a written charter, which can be viewed in the Investor Relations section of our website at www.metro1.com.

Also, during 2004, the Audit Committee met four times, the Compensation Committee met twice, and the Corporate Governance and Nominating Committee met once. Each incumbent director attended at least 75% of the aggregate of the total number of meetings held and the total number of meetings held by all committees of the Board on which he served during the period that he served.

Under our Corporate Governance Guidelines, directors are expected to attend our annual meetings of shareholders. All of our directors attended our 2004 annual meeting of shareholders.

Compensation Committee Interlocks and Insider Participation

No interlocking relationship exists, or in the past fiscal year has existed, between any member of our Compensation Committee and any member of any other company's board of directors or compensation committee.

Our Code of Business Conduct and Ethics also contains a procedure for anonymously bringing such matters to the attention of the Chairman of our Audit Committee.

Audit Committee Report

As part of its ongoing activities, the Audit Committee has:

Reviewed and discussed with Metro One's management and its independent registered public accounting firm, Deloitte & Touche LLP, Metro One's audited financial statements for the year ended December 31, 2004;

Reviewed and discussed with Metro One's management and Deloitte & Touche LLP, management's assertions regarding the effectiveness of internal control over financial reporting and the Deloitte & Touche LLP reports thereon for the year ended December 31, 2004;

Discussed with Deloitte & Touche LLP the matters required to be discussed by Statements on Auditing Standards No. 61, Communications with Audit Committees, as amended;

Received and reviewed the written disclosures and the letter from Deloitte & Touche LLP required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and has discussed with Deloitte & Touche LLP its independence; and

Discussed with Metro One's management and Deloitte & Touche LLP other matters and received such assurances from them as we deemed appropriate.

Management is responsible for Metro One's system of internal controls and the financial reporting process. Deloitte & Touche LLP is responsible for performing an independent audit of the financial statements and internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board and issuing its reports thereon. Our Committee's responsibility is to monitor and oversee these procedures.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited annual financial statements be included in Metro One's Annual Report on Form 10-K for the year ended December 31, 2004.

Compensation Committee Report

Compensation Philosophy. The Compensation Committee of the Board of Directors, which is responsible for reviewing and evaluating the compensation of Metro One's executive officers, approves and recommends to the Board of Directors compensation and award levels for executive officers. With regard to compensation actions affecting Mr. Timmins, all of the members of the Board of Directors except for Mr. Timmins and Mr. Henry act as the approving body.

Metro One's executive compensation program has been designed to:

Support a pay-for-performance policy that is tied to corporate and individual performance;

Motivate executive officers to achieve strategic business initiatives and reward them for their achievement;

Provide compensation opportunities which are comparable to those offered by similarly-sized telecommunications and technology-based companies; and

Align the interests of executives with the long-term interests of shareholders through award opportunities that can result in ownership of common stock.

The executive compensation program is comprised of a base salary, performance bonuses and long-term incentive opportunities in the form of direct awards, sales of stock, or stock options, along with benefits offered to all Metro One employees.

Base Salaries. The 2004 base salaries of Metro One's executive officers were established by the Board of Directors effective January 2004, except for that of Mr. Timmins, which was established by employment contract effective January 2003. In approving those salaries, the Compensation Committee considered information about salaries paid by companies of comparable size in the telecommunications outsourcing industry, individual performance, position, and internal comparability considerations. While all of these factors were considered, the Compensation Committee did not assign specific weights to any of these factors.

Performance Bonuses. As part of its philosophy of offering compensation packages that align compensation with business objectives and performance, Metro One provides for payment of cash bonuses to executive officers based upon achieving performance targets or strategic objectives. In 2004, performance bonuses were awarded to certain executive officers based primarily on the substantial efforts they expended in connection with support and expansion activities related to our Infone@ service.

Stock Plans. The long-term, performance-based compensation of executive officers currently takes the form of awards under Metro One's 2004 Stock Incentive Plan, which is designed to align a significant portion of the executive compensation program with long-term shareholder interests. The plan permits the granting of several different types of stock-based awards, including grants of stock options and direct awards and sales of shares. The Compensation Committee believes that equity-based compensation ensures that Metro One's executive officers have a continuing stake in the long-term success of Metro One. All options granted by Metro One have been granted with an exercise price greater than or equal to the market price of its common stock on the date of grant and, accordingly, will only have value if Metro One's stock price increases. In granting options or awarding or selling shares under the stock incentive plan, the Compensation Committee generally takes into account each executive's performance, responsibilities, relative position and past grants.

Chief Executive Officer Compensation. Metro One originally entered into an employment agreement with Mr. Timmins in 1995. Effective as of January 1, 2003, Metro One entered into a new two-year employment agreement with Mr. Timmins which was in effect through December 31, 2004. This agreement provided for an annual base salary of \$180,000, reflecting a 10% voluntary reduction in the base annual compensation provided for in Mr. Timmins' previous employment contract, and also provided for discretionary bonuses to be awarded based on factors determined and approved by the Board of Directors or the Compensation Committee. In developing its recommendations regarding Mr. Timmins' compensation, the Committee considered a number of factors, including analyses of compensation in similarly-sized companies in the telecommunications outsourcing industry, analyses of compensation levels in similar companies in Metro One's local geographic area and Metro One's revenue and net income results over the past several years.

Under the employment agreement, Mr. Timmins was granted certain indemnification rights. In addition, the employment agreement prevented Mr. Timmins from competing with Metro One or soliciting the employment of other individuals employed by Metro One during Mr. Timmins' employment under the agreement and for a period of one year thereafter. Under the employment agreement, Mr. Timmins was prohibited from disclosing Metro One's confidential information to outsiders during employment under the agreement and for a period of two years thereafter.

As of January 1, 2005, Mr. Timmins is compensated at a base rate of \$162,000, reflecting a second voluntary 10% reduction on his part.

Significant Compensation. As a result of changes to the Internal Revenue Code adopted in 1993, publicly held corporations generally are not permitted a federal income tax deduction for compensation to be paid to certain officers to the extent that such an officer's compensation exceeds \$1 million in a taxable year. An exception may apply to certain performance-based payments that are approved in advance by a majority vote of the shareholders. The Compensation Committee has not adopted any formal policy concerning the application of this limitation when an officer merits compensation in excess of the limitation. The Compensation Committee will continue to review and monitor the issue.

(1) For purposes of this table, beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission and includes voting power and investment power with respect to shares. We believe that, except as indicated in the other footnotes to this table, the persons listed above have sole investment and voting power with respect to their shares of common stock. Applicable percentage ownership in the table is based on 24,984,026 shares of common stock outstanding as of April 11, 2005. Shares issuable upon the exercise of outstanding stock options that are currently exercisable or become exercisable within 60 days of April 11, 2005 are considered outstanding for purposes of calculating the percentage owned by a person, but not for purposes of calculating the percentage owned by any other person. The numbers of shares

that are issuable upon the exercise of options that are currently exercisable or exercisable within 60 days are as follows: Timothy Timmins 604,973; Gary Henry 349,173; William Rutherford 272,137; David Williams 90,000; James Usdan 135,000; Karen Johnson 132,697; Duane Fromhart 55,000; James Liggett 25,000; Roger Pringle 45,000.

Fidelity is a wholly-owned subsidiary of FMR Corp. and is a registered investment advisor acting for various investment companies who have the right to receive dividends or proceeds from the sale of the shares held. According to the Schedule 13 G/A filing noted above, one of the investment companies, Fidelity Low Priced Stock Fund, was the beneficial owner of 2,469,785 shares, or approximately 10.0% of Metro One's outstanding common stock as of the date of that filing.

Performance Graph

The following graph compares the cumulative total shareholder return on our common stock for the five-year period beginning December 31, 1999, and ending December 31, 2004, as compared with the cumulative total return on the Russell 2000 Index and our SIC Code Index (SIC Code 4899 - Communications Services). We believe that our SIC Group Index provides a broad, appropriate and indicative representation of our cumulative shareholder return.

This graph assumes an investment of \$100 on December 31, 1999 in each of our common stock, the Russell 2000 Index and our SIC Group Index, and assumes reinvestment of dividends, if any. The stock price performance shown on the graph below is not necessarily indicative of future stock price performance.

To our knowledge, based solely on review of the copies of such reports furnished to us, we believe that, with the following exceptions, during fiscal year 2004 our directors, executive officers and greater than 10% shareholders complied with all applicable Section 16(a) filing requirements except: a Form 3 report for James P. Liggett, executive officer, that was due by April 12, 2004 was not filed until April 15, 2004.

Other Business

Edgar Filing: METRO ONE TELECOMMUNICATIONS INC - Form DEF 14A

The Board of Directors does not know of any matters other than those described in the notice of annual meeting that are to come before the meeting. **If any other matters are properly brought before the meeting or any adjournments or postponements of the meeting, the persons named in the proxy will vote the shares represented by such proxy upon such matters in accordance with their best judgment.**

**Shareholder Proposals
For 2006 Annual Meeting of Shareholders**

Edgar Filing: METRO ONE TELECOMMUNICATIONS INC - Form DEF 14A

Under Metro One's bylaws, nominations for election to the Metro One Board of Directors and proposals for other business to be transacted by the Metro One shareholders at an annual meeting of shareholders may be made by a shareholder (as distinct from Metro One) only if the shareholder is entitled to vote at the meeting and has given Metro One's secretary timely written notice that complies with the notice requirements of our bylaws. In addition, business other than a nomination for election to the Board must be a proper matter for action under Oregon law and Metro One's articles of incorporation and bylaws. Among other requirements, the written notice must be delivered to Metro One's secretary at Metro One's principal executive offices by not less than 60 days and not more than 90 days prior to the date of the annual meeting. However, if less than 60 days' notice or prior public disclosure of the date of the scheduled annual meeting is given or made, the notice, to be timely, must be so delivered by the close of business on the 10th day following the earlier of the day on which notice of the date of the scheduled annual meeting was mailed or the day on which such public disclosure was made.

Separate and apart from the required notice described in the preceding paragraph, rules promulgated by the Securities and Exchange Commission under the Securities Exchange Act entitle a shareholder in certain instances to require Metro One to include that shareholder's proposal (but not that shareholder's nominees for director) in the proxy materials distributed by Metro One for its next annual meeting of shareholders. Any shareholder of Metro One who wishes to present a proposal for inclusion in Metro One's proxy solicitation materials for the 2006 annual meeting must set forth the proposal in writing, file it with Metro One's secretary on or before January 5, 2006, and meet the other requirements for inclusion contained in the Securities and Exchange Commission's shareholder proposal rules.

Cost of Solicitation

Edgar Filing: METRO ONE TELECOMMUNICATIONS INC - Form DEF 14A

We will bear the cost of soliciting proxies. In addition to use of the mail, proxies may be solicited personally or by telephone by our directors, officers and employees, who will not be additionally compensated for these activities. Solicitation may be made personally, or by mail, facsimile, telephone, telegraph or messenger. We will also request persons, firms and companies holding shares in their names or in the name of their nominees, which are beneficially owned by others, to send proxy materials to and obtain proxies from these beneficial owners. We will reimburse these persons for their reasonable expenses incurred in that process.

Shareholders Sharing the Same Address

Edgar Filing: METRO ONE TELECOMMUNICATIONS INC - Form DEF 14A

In accordance with notices previously sent to many shareholders who hold their shares through a bank, broker or other holder of record (a street-name shareholder) and share a single address, only one annual report and proxy statement is being delivered to that address unless contrary instructions from any shareholder at that address were received. This practice, known as householding, is intended to reduce the Company's printing and postage costs. However, any such street-name shareholder residing at the same address who wishes to receive a separate copy of this Proxy Statement or accompanying Annual Report to Shareholders may request a copy by contacting the bank, broker or other holder of record, or the Company by telephone at: (503) 643-9500. The voting instruction sent to a street-name shareholder should provide information on how to request (1) householding of future Company materials or (2) separate materials if only one set of documents is being sent to a household. If it does not, a shareholder who would like to make one of these requests should contact the Company as indicated above.
