**Item 1.02. Termination of a Material Definitive Agreement.**

Pursuant to its previously announced plans, on May 15, 2006, The Manitowoc Company exercised its early redemption option and repaid its 10 3/8% Senior Subordinated Notes due 2011. The total principal, call premium and accrued and unpaid interest amount paid was 193 million. The call premium paid to note holders was 105.188% of the principal amount of the notes. The Bank of New York, Trustee for the issue, redeemed the notes through its London and Luxemburg offices. Manitowoc generated proceeds for the redemption of the notes from its multi-currency revolving credit facility, its accounts receivable securitization facility and cash on hand.

As a result of the redemption, the related indenture dated May 9, 2001, by and among The Manitowoc Company, the guarantor subsidiaries thereunder and The Bank of New York, as Trustee, terminated automatically as of May 15, 2006.

In connection with the redemption of the notes, Manitowoc amended its \$300 million multi-currency revolving credit facility, dated June 10, 2005, with the lenders parties thereto and JPMorgan Chase Bank, N.A., as Agent, to: (a) permit redemption of the notes; (b) designate BPGR Sarl, an indirectly owned, foreign subsidiary of The Manitowoc Company, as a foreign borrower under the credit facility; and (c) arrange for the making of loans in foreign currency to this new offshore borrower.

These matters are described in the press release that The Manitowoc Company issued on May 16, 2006, a copy of which is attached as an Exhibit to this filing.
