PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Callisto Pharmaceuticals, Inc. (Callisto or the Company) to be voted at the Annual Meeting of stockholders which will be held in the Board Room of the American Stock Exchange, 86 Trinity Place, New York, New York, on Thursday, October 12, 2006 beginning at 11:00 a.m., and at any postponements or adjournments thereof on.

INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

Q: What is the purpose of the Annual Meeting?

A: At our Annual Meeting, stockholders will act upon the matters outlined in the Notice of Annual Meeting on the cover page of this Proxy Statement, including the election of directors, approving an amendment to the Company's 2005 Directors' Stock Option Plan and ratification of the appointment of the Company's independent registered public accountants. In addition, management will report on the performance of the Company during fiscal year 2005 and respond to questions from stockholders.

Q: Who is entitled to vote at the meeting?

A: Stockholders of record at the close of business on August 22, 2006, the record date for the meeting, are entitled to receive notice of and to participate in the Annual Meeting. As of that record date, the Company had outstanding and entitled to vote 38,454,931 shares of common stock. The common stock is the only class of stock of Callisto that is outstanding and entitled to vote at the Annual Meeting. If you were a stockholder of record of common stock on that record date, you will be entitled to vote all of the shares that you held on that date at the meeting, or any postponements or adjournments of the meeting. Each outstanding share of Callisto common stock will be entitled to one vote on each matter. Stockholders who own shares registered in different names or at different addresses will receive more than one Proxy card. You must sign and return each of the Proxy cards received to ensure that all of the shares owned by you are represented at the Annual Meeting.

Q: Who can attend the meeting?

A: Only stockholders as of the record date, or their duly appointed proxies, may attend the meeting, and each may be accompanied by one guest. Seating, however, is limited. Admission to the meeting will be on a first-come, first-served basis. Registration will begin at 10 a.m., and seating will begin at 10:30 a.m. Cameras, recording devices and other electronic devices will not be permitted at the meeting.

Q: Why is the Company soliciting proxies?

A: Because many of our stockholders are unable to personally attend the Annual Meeting, the Board of Directors of Callisto (the Board or the Board of Directors) solicits the enclosed proxy so that each stockholder is given an opportunity to vote. This proxy enables each stockholder to vote on all matters which are scheduled to come before the meeting. When the Proxy is returned properly executed, the stockholder's shares will be voted according to the

stockholder's directions. Stockholders are urged to specify their choices by marking the appropriate boxes on the enclosed Proxy card.

Q: What constitutes a quorum?

A: The presence at the meeting, in person or by proxy, of the holders of a majority of the number of shares of common stock issued and on the record date will constitute a quorum permitting the meeting to conduct its business. As noted above, as of the record date, 38,454,931 shares of Callisto common stock, representing the same number of votes, were outstanding. Thus, the presence of the holders of common stock representing at least 19,227,466 votes will be required to establish a quorum. If you submit a properly executed proxy card, even if you abstain from voting or if you withhold your vote with respect to any proposal, you will be considered present for purposes of a quorum and for purposes of determining voting power present. Because abstentions and withheld votes are considered present for purposes of

3

determining voting power, abstentions and withheld votes have the effect of a vote AGAINST a proposal. If a broker indicates on a proxy that it does not have discretionary authority as to certain shares to vote on a particular matter (broker non-votes), those shares will be considered present for purposes of a quorum but will not be considered present for purposes of determining voting power on that matter.

Q: How do I vote?

A: Callisto is offering you four methods of voting.

- You may indicate your vote on the enclosed proxy card, sign and date the card, and return the card in the enclosed prepaid envelope.
- You may vote by telephone by calling the toll free number that appears on the enclosed proxy card and following the instructions given.
- You may vote via the Internet by following the instructions provided on the enclosed proxy card.
- You may attend the meeting and vote in person.

All shares entitled to vote and represented by a properly completed and executed proxy received before the meeting and not revoked will be voted at the meeting as you instruct in a proxy delivered before the meeting. If you do not indicate how your shares should be voted on a matter, the shares represented by your properly completed and executed proxy will be voted as the Board of Directors recommends on each of the enumerated proposals and with regard to any other matters that may be properly presented at the meeting and all matters incident to the conduct of the meeting. If you are a registered stockholder and attend the meeting, you may deliver your completed Proxy card in person. Street name stockholders who wish to vote at the meeting will need to obtain a proxy form from the institution that holds their shares. All votes will be tabulated by the inspector of election appointed for the meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes.

Q: Can I vote by telephone or electronically?

A: If you are a registered stockholder (that is, if you hold your stock in certificate form), you may vote by telephone, or electronically through the Internet, by following the instructions included with your Proxy card. If your shares are held in street name, please check your Proxy card or contact your broker or nominee to determine whether you will be able to vote by telephone or electronically. Please follow the voting instructions on the enclosed proxy card.

The deadline for voting by telephone or electronically is 5:00 p.m. (Eastern Daylight Time) on October 11, 2006.

Q: Can I change my vote after I return my Proxy card?

A: A Proxy may be revoked by giving the Secretary of Callisto written notice of revocation at any time before the voting of the shares represented by the Proxy. A stockholder who attends the meeting may revoke a Proxy at the meeting. Attendance at the meeting will not, by itself, revoke a Proxy.

Q: What are the Board's recommendations?

A: Unless you give other instructions on your Proxy card, the persons named as proxy holders on the Proxy card will vote in accordance with the recommendations of the Board of Directors. The Board's recommendation is set forth together with the description of each item in this Proxy Statement. In summary, the Board recommends a vote:

- for election of the nominated slate of directors (see page 6);

- for approval of an amendment to the Company's 2005 Directors' Stock Option Plan allowing the grant of options to non-employee directors for service on a Board committee (see page 9); and
- for ratification of the appointment of BDO Seidman, LLP as the Company's independent registered public accountants for the fiscal year 2006 (see page 13)

With respect to any other matter that properly comes before the meeting, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, in their own discretion.

Q: What vote is required to approve each item?

A: The election of the directors of the Company requires the affirmative vote of a plurality of the votes cast by stockholders at the Annual Meeting. A properly executed Proxy marked "WITHHOLD AUTHORITY" with respect to the election of one or more directors will not

4

be voted with respect to the director or directors indicated, although it will be counted for the purposes of determining whether there is a quorum.

Approving the amendment to the Company's 2005 Directors' Stock Option Plan and ratification of the appointment of BDO Seidman, LLP as the Company's independent registered public accountants for fiscal year 2006, will each require the affirmative vote of the holders of at least a majority of the shares of common stock present in person or represented by proxy and entitled to vote at the Annual Meeting.

5

PROPOSAL NO. 1**ELECTION OF DIRECTORS**

At the Annual Meeting, the stockholders will elect seven directors to serve until the 2007 Annual Meeting of Stockholders or until their successors are elected and qualified. In the event the nominees are unable or unwilling to serve as directors at the time of the Annual Meeting, the proxies will be voted for any substitute nominees designated by the present Board or the proxy holders to fill such vacancy, or for the balance of the nominees named without nomination of a substitute, or the size of the Board will be reduced in accordance with the Bylaws of the Company. The Board has no reason to believe that the persons named below will be unable or unwilling to serve as nominees or as directors if elected.

Assuming a quorum is present, the seven nominees receiving the highest number of affirmative votes of shares entitled to be voted for such persons will be elected as directors of the Company for the ensuing year. Unless marked otherwise, proxies received will be voted FOR the election of the nominees named below. In the event that additional persons are nominated for election as directors, the proxy holders intend to vote all proxies received by them in such a manner as will ensure the election of the nominees listed below, and, in such event, the specific nominees to be voted for will be determined by the proxy holders.

Nomination of Directors

As provided in its charter, the Corporate Governance/Nominating Committee is responsible for identifying individuals qualified to become directors. The Corporate Governance/Nominating Committee seeks to identify director candidates based on input provided by a number of sources, including (1) the Corporate Governance/Nominating Committee members, (2) our other directors, (3) our stockholders, (4) our Chief Executive Officer or Chairman, and (5) third parties such as professional search firms. In evaluating potential candidates for director, the Corporate Governance/Nominating Committee considers the entirety of each candidate's credentials.

Qualifications for consideration as a director nominee may vary according to the particular areas of expertise being sought as a complement to the existing composition of the Board of Directors. However, at a minimum, candidates for director must possess:

- high personal and professional ethics and integrity;
- the ability to exercise sound judgment;
- the ability to make independent analytical inquiries;
- a willingness and ability to devote adequate time and resources to diligently perform Board and committee duties; and
- the appropriate and relevant business experience and acumen.

In addition to these minimum qualifications, the Corporate Governance/Nominating Committee also takes into account when considering whether to nominate a potential director candidate the following factors:

- whether the person possesses specific industry expertise and familiarity with general issues affecting our business;
- whether the person would qualify as an independent director under the listing standards of the Amex;
- the importance of continuity of the existing composition of the Board of Directors to provide long term stability and experienced oversight; and

- the importance of diversified Board membership, in terms of both the individuals involved and their various experiences and areas of expertise.

The Corporate Governance/Nominating Committee will consider director candidates recommended by any stockholder provided such recommendations are submitted in accordance with the procedures set forth below.

In order to provide for an orderly and informed review and selection process for director candidates, the Board of Directors has determined that stockholders who wish to recommend director candidates for consideration by the Corporate Governance/Nominating Committee must comply with the following:

- the recommendation must be made in writing to the Corporate Secretary, Callisto Pharmaceuticals, Inc., 420 Lexington Avenue, Suite 1609, New York, New York 10170;
- the recommendation must include the candidate's name, home and business contact information, detailed biographical data and qualifications, information regarding any relationships between the candidate and the Company within the last three years and evidence of the recommending person's ownership of the Company's common stock;

8

- the recommendation shall also contain a statement from the recommending stockholder in support of the candidate; professional references, particularly within the context of those relevant to board membership, including issues of character, judgment, diversity, age, independence, expertise, corporate experience, length of service, other commitments and the like; and personal references; and
- a statement from the stockholder nominee indicating that such nominee wants to serve on the Board and could be considered independent under the Rules and Regulations of the Amex and the Securities and Exchange Commission, as in effect at that time.

All candidates submitted by stockholders will be evaluated by the Corporate Governance/Nominating Committee according to the criteria discussed above and in the same manner as all other director candidates.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR APPROVAL OF THE AMENDMENT TO THE COMPANY'S 2005 DIRECTORS' STOCK OPTION PLAN.

Summary of the 2005 Directors' Stock Option Plan

The following description of the 2005 Directors' Stock Option Plan is only a summary of the important provisions of the 2005 Directors' Stock Option Plan and does not contain all of the terms and conditions of the 2005 Stock Option Directors' Plan.

What is the purpose of the 2005 Directors' Stock Option Plan?

The purpose of the 2005 Directors' Stock Option Plan is to help us attract and retain directors. In addition, we expect to benefit from the added interest that the awardees will have in our welfare as a result of their ownership or increased ownership of our common stock.

What types of awards can be granted under the 2005 Directors' Stock Option Plan?

Awards authorized under the 2005 Directors' Stock Option Plan shall consist of options to purchase shares of our common stock. Such awards may be subject to forfeiture in the event of premature termination of engagement, failure to meet certain performance objectives, or other conditions, as may be determined by the Board of Directors.

Each award described above is sometimes referred to in this Proxy Statement as an Award, and all such awards are sometime collectively referred to in this Proxy Statement as Awards and individuals receiving Awards are sometimes referred to as Awardees.

How is the 2005 Directors' Stock Option Plan administered?

The 2005 Directors' Stock Option Plan is administered by the Compensation Committee. Subject to the express terms and conditions of the 2005 Directors' Stock Option Plan, the Compensation Committee has full power to make Awards, to construe or interpret the 2005 Directors' Stock Option Plan, to prescribe, amend and rescind rules and regulations relating to it and to make all other determinations necessary or advisable for its administration. Except as otherwise provided in the 2005 Directors' Stock Option Plan, the Compensation Committee may also determine which persons shall be granted Awards, the nature of the Awards granted, the number of shares subject to Awards and the time at which Awards shall be made. Such determinations will be final and binding.

How much stock is available under the 2005 Directors' Stock Option Plan?

The only class of stock subject to an Award is common stock. The maximum number of shares of common stock issuable upon exercise of options with respect to which Awards may be granted is 1,000,000 shares; however, this number is subject to adjustment in the event of a recapitalization, reorganization or similar event.

Shares shall consist, in whole or in part, of authorized and unissued shares or treasury shares. Any shares represented by Awards that are cancelled, forfeited, terminated or expired will again be available for grants and issuance under the 2005 Directors' Stock Option Plan.

Who is eligible to participate in the 2005 Directors Stock Option Plan?

Persons eligible for Awards under the 2005 Directors Stock Option Plan is limited to Directors of the Company who are not employees or consultants of the Company. The Compensation Committee will select who will receive Awards and the amount and nature of such Awards.

What happens if the number of outstanding shares changes because of a merger, consolidation, recapitalization or reorganization?

10

In the event that our outstanding shares of common stock are increased, decreased or changed or converted into other securities by reason of merger, reorganization, consolidation, recapitalization, stock dividend, extraordinary cash dividend or other change in our corporate structure affecting the stock, the number of shares that may be delivered under the 2005 Directors' Stock Option Plan and the number and/or the purchase price of shares subject to outstanding Awards under the 2005 Directors' Stock Option Plan shall be adjusted at the sole discretion of the Compensation Committee to the extent that the Compensation Committee determines to be appropriate.

When will the 2005 Directors' Stock Option Plan terminate?

The 2005 Directors' Stock Option Plan shall terminate ten (10) years from the earlier of the date of its adoption by the Board of Directors or the date on which the 2005 Directors' Stock Option Plan is approved by the affirmative vote of the holders of a majority of the outstanding shares of capital stock of the Company entitled to vote thereon, but the Board of Directors may terminate the 2005 Directors' Stock Option Plan at any time prior to that date and Awards granted prior to such termination may extend beyond such date. Termination of the 2005 Directors' Stock Option Plan will not alter or impair, without the consent of the Awardee, any of the rights or obligations of any Award made under the 2005 Directors' Stock Option Plan.

What changes can the Board make to the 2005 Directors' Stock Option Plan?

The Board may from time to time alter, amend, suspend or discontinue the 2005 Directors' Stock Option Plan. However, no such action of the Board may alter the provisions of the 2005 Directors' Stock Option Plan so as to alter any outstanding Awards to the detriment of the Awardee or participant without such participant's or Awardees consent, and no amendment to the 2005 Directors' Stock Option Plan may be made without stockholder approval if such amendment would materially increase the benefits to the Awardees or the participants in the 2005 Directors' Stock Option Plan, materially increase the number of shares issuable under the 2005 Directors' Stock Option Plan, extend the terms of the 2005 Directors' Stock Option Plan or the period during which Awards may be granted or exercised or materially modify requirements as to eligibility to participate in the 2005 Directors' Stock Option Plan.

What are the important provisions of the plan with respect to each type of award?

The Compensation Committee may, at its discretion, award options to purchase shares of common stock to a recipient (the Option Awards). The Option Awards will be issued pursuant to an agreement between the Company and the Awardee. Each recipient of an Option Award upon exercise of the option will be a stockholder and have all the rights of a stockholder with respect to such shares, including the right to vote and receive all dividends or other distributions made or paid with respect to such shares.

In the event of a participant's retirement, permanent disability or death, or in cases of special circumstances, the Board of Directors may waive any or all of the remaining restrictions and limitations imposed under the 2005 Directors' Stock Option Plan with respect to any Awards.

These options and shares of stock underlying the options may not be sold, exchanged, transferred, pledged, hypothecated, or otherwise disposed of until such time as any stated restrictions lapse. The Compensation Committee, in its absolute discretion, may impose such restrictions on the transferability of the Awards granted in this 2005 Directors' Stock Option Plan as it deems appropriate. Any such restrictions shall be set forth in the Agreement with respect to such Awards and may be referred to on the certificates evidencing shares issued pursuant to any such Award. Shares of restricted stock will be evidenced by a certificate that bears a restrictive legend.

What are the U.S. federal income tax consequences of the 2005 Directors' Stock Option Plan?

The following discussion is a summary of the U.S. Federal income tax consequences to recipients of Awards and to us with respect to Awards granted under the 2005 Directors' Stock Option Plan. The 2005 Directors' Stock Option Plan is not qualified under Section 401(a) of the Code.

Stock awarded to an Awardee may be subject to any number of restrictions (including deferred vesting, limitations on transfer, and forfeiture ability) imposed by the Board of Directors. In general, the receipt of stock with restrictions will not result in the recognition of income by an Awardee until such time as the shares are either not forfeitable or are freely transferable. Upon the lapse of such restrictions, the Awardee will be required to include as ordinary income the difference between the amounts paid for the stock, if any, and the fair market value of such stock on the date the restrictions lapse and we will be entitled to a corresponding deduction. In addition, any dividends paid with respect to the stock prior to the lapse of the restrictions will be treated as compensation income by the Awardee and will be deductible by us. Awardees receiving Stock Awards may elect to include the value of such stock (less any amounts paid for such stock) as ordinary income at the time the Award is made. Awardees making this election would treat any gain or loss realized on a sale of the stock as capital gain or loss, but would not be entitled to any loss deduction if they forfeited the stock pursuant to the restrictions imposed by the Board of Directors.

In view of the complexity of the tax aspects of transactions involving the grant and exercise Awards, and because the impact of taxes will vary depending on individual circumstances, each Awardee receiving an Award under the 2005 Directors' Stock Option Plan should consult their own tax advisor to determine the tax consequences in such Awardee's particular circumstances.

Under the agreement Dr. Sytkowski will be paid \$250 per hour and reimbursed for expenses. The term of the agreement is twelve months and can be terminated by him or us with 90 days advanced notice.

On January 31, 2006 we entered into a consulting agreement with Dr. Moshe Talpaz, whereby Dr. Talpaz will provide consulting services for our Degrasyns program. Under the agreement Dr. Talpaz will be paid \$10,000 per year and was granted 575,000 10-year options to purchase our common stock at \$1.60 per share. Such options vest based on milestones related to the Degrasyns compounds being developed towards FDA approval. In addition, pursuant to the agreement we issued 75,000 restricted shares of common stock to Dr. Talpaz. The term of the agreement is for the length of time we are developing the Degrasyns platform of compounds in all indications.

On July 18, 2005, we entered into a letter of engagement with Trilogy Capital Partners, Inc. The term of the agreement is for one year beginning on July 18, 2005 and terminable thereafter by either party upon 30 days' prior written notice. Pursuant to the agreement, Trilogy will provide marketing and financial public relations services to us and will assume the responsibilities of an investor relations officer for us. We pay Trilogy \$12,500 per month under the agreement. Pursuant to the agreement, we issued warrants to Trilogy to purchase 1,793,322 shares of our common stock at an exercise price of \$1.03 per share. The warrants issued to Trilogy are exercisable upon issuance and expire on July 18, 2008.

On December 27, 2004, we entered into a consulting agreement with Gabriele M. Cerrone, our Chairman of the Board and a principal stockholder. The duties of Mr. Cerrone pursuant to the agreement will consist of business development, strategic planning, capital markets and corporate financing consulting advice. The term of the agreement commenced on January 10, 2005 and continues until December 31, 2006 with automatic renewal for successive one year periods unless either party gives notice to the other not to renew the agreement. We will pay Mr. Cerrone an annual fee of \$205,000 on a monthly basis. In addition, Mr. Cerrone received a grant of 375,000 ten year non-qualified stock options pursuant to our Stock Option Plan at an exercise price of \$1.70 per share. One half of such options will vest on each of the first two anniversaries of the date of the agreement.

In the event the agreement is terminated without cause or for good reason, Mr. Cerrone will receive a cash payment equal to the aggregate amount of his annual fee for the then remaining term of the Agreement and all unvested stock options will immediately vest and the exercise period of such options will be extended to the later of the longest period permitted by our stock option plans or ten years following termination. In the event a change of control of the Company occurs, Mr. Cerrone shall be entitled to such compensation upon the subsequent termination of

the agreement within two years of the change in control unless such termination is the result of Mr. Cerrone's death, disability or retirement or his termination for cause.

In February 2006, Mr. Cerrone was paid a cash bonus of \$30,750 in connection with his services in 2005 under the consulting agreement.

On August 12, 2004, in connection with our L-Annamycin license, we entered into a consulting agreement with Roman Perez-Soler, M.D., for a term concurrent with the L-Annamycin license agreement. In connection therewith Dr. Perez-Soler agreed to be appointed to our Scientific Advisory Board. As consideration for consulting and advisory services Dr. Perez-Soler shall receive a \$30,000 per year consulting fee and 44,000 shares of restricted common stock. In addition, we granted to Dr. Perez-Soler an option to purchase 468,500 shares of common stock at an exercise price of \$3.00 per share.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

On December 27, 2004 we entered into a consulting agreement with Gabriele M. Cerrone, our Chairman of the Board and a principal shareholder. The agreement and its terms were approved by our Compensation Committee, which consists solely of independent members of the Board. Additional information concerning the terms of the consulting agreement are set forth in Executive Officer Compensation Consulting Agreements.

On March 9, 2005 certain members of management, in addition to certain current institutional investors, purchased an aggregate 1,985,791 shares of our common stock in a private placement. The shares were sold at a price of \$1.52 per share for aggregate proceeds of approximately \$3.02 million. Panetta Partners, Ltd., a principal shareholder and limited partnership, of which Mr. Cerrone is the sole managing partner, purchased 25,000 shares in the private placement. In such capacity Mr. Cerrone exercises voting and dispositive control over shares owned by Panetta in which he has no pecuniary interest. In addition, Gary S. Jacob, our Chief Executive Officer purchased 16,448 shares in the private placement and Christoph Bruening, a director, purchased 20,000 shares in the private placement. Each did so at the specific request of the institutional investors.

In connection with the sale of our common stock to certain members of management in the private placement, our Audit Committee determined that participation by such members of management in the private placement (i) did not constitute a conflict of interest under our Code of Business Conduct and Ethics and (ii) was on term no less favorable to the company than terms offered to third parties.

Conflicts of Interest

Gabriele Cerrone and his affiliates are subject to certain potential conflicts of interests. His consulting agreement expressly recognizes that he may provide consulting services to others. In addition, from time to time, he or his affiliates may be presented with business opportunities which could be suitable for our business and Mr. Cerrone is not subject to any restrictions with respect to other business activities, except to the extent such activities are in violation of our Code of Conduct and Ethics or violate general confidentiality provisions of his consulting agreement. In instances where there is potential conflict of interest or business opportunity, with respect to any officer or director, including Mr. Cerrone, our Corporate Governance/Nominating Committee has both the authority and responsibility to review such matters and take appropriate actions.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The Company's executive compensation program is designed to attract, retain and motivate executive officers capable of leading the Company to meet its business objectives, to align the interests of executive management with those of the stockholders, and to provide incentives and reward both short and long term performance based on the success of the Company in meeting its development milestones and business objectives. The Compensation Committee places a particular emphasis on variable, performance based components, such as the bonus potential and stock option awards, the value of which could increase or decrease to reflect changes in corporate and individual performances.

Components of Compensation. Each executive officer's compensation package is generally comprised of the following elements: (1) A base salary which is established at levels considered appropriate for the duties and scope of responsibilities of each officer's position; (2) A performance-based annual bonus; (3) Periodic grants of stock options to strengthen the mutuality of interests between the executive officers and the Company's stockholders. Executive officers are also eligible to participate in compensation and employee benefits generally available to all employees of the Company, such as health insurance.

The Compensation Committee believes that this three-part approach best serves the interests of the Company and its stockholders. It enables the Company to meet the requirements of the highly competitive environment in which the Company operates while ensuring that executive officers are compensated in a way that advances both the short- and long-term interests of stockholders. Under this approach, compensation for these officers involves a high proportion of pay that is at risk, namely, the annual bonus and stock options.

Base Salary. Base salaries for executive officers are set at levels believed by the Committee to be sufficient to attract and retain qualified executive officers based on the stage of development of the Company, the salary levels in effect for comparable positions in similarly situated companies within relevant industries, and internal comparability considerations. Base salaries for the Company's executive officers other than the Chief Executive Officer, as well as changes in such salaries, are based upon recommendations by the Chief Executive Officer, taking into account such factors as competitive industry salaries, a subjective assessment of the nature of the position and the contribution and experience of the officer and the length of the officer's service. All such recommendations are subject to approval or disapproval by the Compensation Committee. Other than provisions provided for in Employment Agreements, changes in base salaries of executives are based on

20

an evaluation of the personal performance of the executive, prevailing market practices, and the performance of the Company as a whole. In determining base salaries, the Compensation Committee not only considers the short term performance of the Company, but also the success of the executive officers in developing and executing the Company's strategic plans, developing management employees and exercising leadership in the development of the Company.

Cash-Based Incentive Bonus. The Compensation Committee believes that a portion of the total cash compensation for executive officers should be based on the Company's success in meeting its short term performance objectives and contributions by the executive officers that enable the Company to meet its long term objectives, and has structured the executive compensation program to reflect this philosophy. This approach creates a direct incentive for executive officers to achieve desired short term corporate goals that also further the long term objectives of the Company, and places a portion of each executive officer's annual compensation at risk.

Stock Options. The Compensation Committee believes that equity participation is a key component of the Company's executive compensation program. Stock options are awarded by the Compensation Committee to executive officers primarily based on potential contributions to the Company's growth and development and marketplace practices. These awards are designed to retain executive officers and to motivate them to enhance stockholder value by aligning the financial interests of executive officers with those of stockholders. The purpose of these awards is to provide financial incentives to executives to achieve corporate and individual goals. Stock options provide an effective incentive for management to create stockholder value over the long term because the full benefits of the option grants cannot be realized unless an appreciation in the price of the Company's common stock occurs over a number of years.

Compensation of Chief Executive Officer. Mr. Jacob received a salary of \$225,000 for 2005. Mr. Jacob also received a bonus of \$33,750 for 2005. Mr. Jacob's bonus was paid pursuant to his employment agreement and was based on achieving key performance objectives for our company approved and measured by the Compensation Committee. Mr. Jacob was granted 350,000 stock options under the Company's 1996 Incentive and Non-Qualified Stock Option Plan, as amended, at an exercise price of \$1.01 per share. The Compensation Committee believes the grant of options to Mr. Jacob is a key component of his compensation and an important means of ensuring that the Company's Chief Executive Officer continues to share significantly in the success of the Company's business with the other stockholders. The Compensation Committee determined that it was appropriate to grant these options in 2005 for these reasons and due to Mr. Jacob's performance.
