REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Administrative Committee of and Participants in the
CB Richard Ellis 401(k) Plan:

We have audited the accompanying statements of net assets available for benefits of the CB Richard Ellis 401(k) Plan (the Plan) as of December 31, 2006 and 2005, and the related statement of changes in net assets available for benefits for the year ended December 31, 2006. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2006 and 2005, and the changes in net assets available for benefits for the year ended December 31, 2006 in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2006 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The schedule is the responsibility of the Plan's management. The schedule has been subjected to the auditing procedures applied in our audit of the basic 2006 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

As discussed in Note 2 to the financial statements, the Plan adopted FASB Staff Position AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans*, for the years ended December 31, 2006 and 2005.

**NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2006 AND 2005 AND FOR THE YEAR ENDED DECEMBER 31, 2006**

1. DESCRIPTION OF PLAN

The following description of the CB Richard Ellis 401(k) Plan (the Plan), which is sponsored by CB Richard Ellis Services, Inc. (together with its subsidiaries, CB or the Company), provides only general information. Participants should refer to the plan document and related amendments for a more complete description of the Plan's provisions.

General The Plan is a defined-contribution savings plan, which provides retirement benefits for eligible employees of the Company who elect to participate. The Plan became effective on April 19, 1989. The Plan covers substantially all employees of the Company who have performed at least one hour of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Participants are allowed to contribute to the Plan amounts distributed from other tax-qualified plans. In July 2003, the Company acquired Insignia Financial Group, Inc. Prior to this acquisition, the Insignia Financial Group 401(k) Retirement Savings Plan (the Insignia Plan) was terminated. After the acquisition, the Insignia Plan was amended to allow participants of the Insignia Plan, who were active eligible employees of the Company at the date of the rollover election, to make direct rollover contributions into the Plan.

During 2005, the Plan was amended to allow for the automatic transfer of Insignia Financial Group 401(k) Retirement Savings Plan participant account balances for certain participants that could not be located for their final distributions from the terminated plan. As a result, the Plan included \$84,673 as transfers-in on the statement of changes in net assets available for benefits for the year ended December 31, 2006.

On June 30, 2006, the Company completed its acquisition of Polacheck Property Management Corporation. In connection with this acquisition, the Company assumed the Polacheck Property Management Corp. 401(k) Profit Sharing Plan (the Polacheck 401(k) Plan). The Polacheck 401(k) Plan is a defined contribution savings plan, which provided the opportunity for pretax contributions by employees of Polacheck Property Management Corporation. Assets in the Polacheck 401(k) Plan were transferred into the Plan during the week of October 22, 2006. As a result, the Plan has included \$913,860 as transfers-in on the statement of changes in net assets available for benefits for the year ended December 31, 2006. In connection with this transfer of assets, any unvested company match amounts in the Polacheck 401(k) Plan were 100% vested.

On December 20, 2006, the Company completed its acquisition of Trammell Crow Company. In connection with the Trammell Crow Company acquisition, the Company assumed Trammell Crow Company's existing 401(k) Retirement Savings Plan (Trammell Crow Company 401(k) Plan). The Trammell Crow Company 401(k) Plan is a defined contribution savings plan, which provides the opportunity for pretax contributions by employees of Trammell Crow Company. Trammell Crow Company matched 50% of the employee's contributions up to 6% of the employee's annual earnings or a maximum of \$7,000 per employee per annum. Participants in the Trammell Crow Company 401(k) Plan continued participation in the Trammell Crow Company 401(k) without interruption until April 1, 2007, at which time they joined the Plan. No further contributions were made to the Trammell Crow

Company 401(k) Plan after April 1, 2007. The Trammell Crow Company 401(k) Plan will be merged with the Plan on April 1, 2007, with assets expected to be transferred on June 29, 2007.

Administration The Plan is administered by the Administrative Committee (the Committee) as appointed by the chief executive officer of the Company. The Committee has been given all powers necessary to carry out its duties, including, but not limited to, the power to administer and interpret the Plan, to answer all questions affecting eligibility of participants in the Plan, and to authorize disbursements for the payment of plan benefits.

Trustee, Custodian and Fund Manager of Investments The Vanguard Fiduciary Trust Company (Vanguard), together with its affiliates, serves as trustee and custodian for all of the Plan's investments. An affiliate of Vanguard, The Vanguard Group, Inc., is the record keeper for the Plan and is regularly required to provide an accounting of all receipts, disbursements, and transactions made on behalf of the Plan.

Employee Contributions Participants in the Plan may elect to contribute from 1% to 50% of compensation before taxes through payroll deferrals, subject to certain Internal Revenue Code (IRC) limitations. The percentage of compensation for contributions of highly compensated employees may be limited by the Committee and the IRC. Participants may invest up to 25% of their plan accounts in the CB Richard Ellis Group, Inc. Stock Fund (the Parent Stock Fund).

Employer Contributions Historically, the Company has made discretionary matching and profit-sharing contributions to the Plan in such amounts as determined by the Company's management or Board of Directors, as appropriate. For the year ended December 31, 2006, based on performance and profitability of the consolidated U.S. operations of the Company, the management of the Company authorized a discretionary matching contribution of \$6,300,000 in March 2007. As of December 31, 2006 and 2005, the discretionary match contributions of \$6,300,000 and \$4,000,000, respectively, had not been paid to the Plan. Therefore, these amounts are reported as employer contributions receivable as of December 31, 2006 and 2005. Effective January 1, 2007, the Company contributes a 50% match on the first 3% of annual compensation (eligible compensation is limited to \$150,000 annually) deferred by each participant.

Participant Accounts Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, an allocation of Company contributions, and investment earnings or losses thereon. Allocation of earnings is based on participant account balances in an investment. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting Participants are immediately vested in all voluntary contributions, participant rollover contributions from other qualified plans and earnings thereon as well as Company contributions for years prior to 2007.

Investments Participants direct the investment of all contributions into various investment options offered by the Plan.

Payment of Benefits and Withdrawals Participants are entitled to the balance of their accounts upon retirement, termination of employment, disability or death. The Plan also provides for withdrawals due to hardship, subject to certain limitations. All distributions are made in a single lump-sum cash payment equal to the balance of the participants' accounts.

Loans to Participants Participants may elect to borrow from their accounts up to a maximum of \$50,000, not to exceed 50% of their account balance. Loan transactions are treated as transfers between

the investment fund and the loan fund. Participant loans are to be repaid through payroll deductions over a period not to exceed three years, except in the case of certain Insignia plan loans that rolled into the Plan from the Insignia Financial Group 401(k) Retirement Savings Plan in 2004 pursuant to a Plan amendment. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the Committee. Outstanding loans at December 31, 2006 have interest rates ranging from 5% to 11% and mature on various dates from June 2007 through July 2013.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (the "U.S. ").

Adoption of new Accounting Guidance The financial statements reflect the retroactive adoption of Financial Accounting Standards Board ("FASB") Staff Position, FSP AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the "FSP"). As required by the FSP, the statements of net assets available for benefits presents investment contracts at fair value as well as an additional line item showing an adjustment of fully benefit responsive contracts from fair value to contract value. The statement of changes in net assets available for benefit is presented on a contract value basis and was not affected by the adoption of the FSP.

Investment Valuation and Income Recognition The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. The common/collective trust is valued by Vanguard based on the unit values of the funds. Unit values are determined by dividing the fund's net assets, which represents the fair market value of the underlying investments, by its units outstanding at the valuation dates. This common/collective trust has underlying investments in investment contracts which are valued at estimated fair market value of the underlying investments and then adjusted by Vanguard to contract value.

The Vanguard Retirement Savings Trust is a stable value fund. The fund invests principally in guaranteed interest contracts ("GICs") issued by insurance companies, investment contracts issued by banks, synthetic investment contracts ("SICs") issued by banks, insurance companies, and other issuers, and securities supporting such SICs, and other similar instruments which are intended to maintain a constant net asset value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals.

Participant loans are valued at outstanding loan balances, which approximate fair value.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

The value of the Parent Stock Fund was \$33.20 and \$19.62 per share as of December 31, 2006 and 2005, respectively, which represented the quoted market price of CB Richard Ellis Group, Inc. common stock as of those dates (adjusted for a 3 for 1 stock split on June 1, 2006 (the "stock split")).

Net appreciation in fair value of investments includes realized and unrealized gains and losses on investments sold or held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Use of Estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Risks and Uncertainties The Plan utilizes various investment securities, including mutual funds, common/collective trusts and common stock. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

The Plan invests through mutual funds in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Payment of Benefits Benefits are recorded when paid. As of December 31, 2006 and 2005, no benefits were payable to terminated participants.

Dividend income	\$ 19,242,582

4. EXEMPT PARTY-IN INTEREST TRANSACTIONS

Certain of the Plan's investments are shares of mutual funds or common/collective trusts managed by The Vanguard Group, an affiliate of Vanguard. In addition, certain of the Plan's investments are shares of common stock of CB Richard Ellis Group, Inc. Vanguard is the trustee and custodian of the Plan and CB Richard Ellis Services, Inc. is the plan sponsor, as defined by the Plan, and therefore, these transactions qualify as exempt party-in-interest transactions.

At December 31, 2006 and 2005, the Plan held 349,356 and 529,953 shares, respectively, (adjusted for the previously mentioned stock split) of CB Richard Ellis Group, Inc., the sponsoring employer, with a cost basis of \$4,429,153 and \$2,421,907, respectively. During the year ended December 31, 2006, the Plan did not earn any dividend income related to the investment in CB Richard Ellis Group, Inc. common stock.

5. ADMINISTRATIVE EXPENSES

Expenses incurred by the Plan for accounting and administration are paid by the Company. Certain transaction and investment expenses are paid by the Plan.

6. TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated August 16, 2002, that the Plan and related trust were designed in accordance with applicable regulations of the IRC. The Committee, using its judgment and the advice of its advisors, including the Plan's tax counsel, believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.
