Item 8.01 Other Events

As reported in the Company s October 28, 2009 press release, the Company reported the following financial results for the nine months ended September 30, 2008 and 2009:

	Nine Months Ended September 30,			
		2008		2009
		(in thousands)		
Revenue	\$	3,845,533	\$	2,869,321
Operating income	\$	266,556	\$	101,397
Income (loss) from continuing operations	\$	58,786	\$	(78,768)
Net income (loss) attributable to CB Richard Ellis Group, Inc.	\$	77,390	\$	(30,949)
EBITDA (1)	\$	335,527	\$	204,967

⁽¹⁾ EBITDA represents earnings before net interest expense, write-off of financing costs, income taxes, depreciation and amortization. Our management believes EBITDA is useful in evaluating our operating performance compared to that of other companies in our industry because the calculation of EBITDA generally eliminates the effects of financing and income taxes and the accounting effects of capital spending and acquisitions, which would include impairment charges of goodwill and intangible assets created from acquisitions. Such items may vary for different companies for reasons unrelated to overall operating performance. As a result, our management uses EBITDA as a measure to evaluate the operating performance of our various business segments and for other discretionary purposes, including as a significant component when measuring our operating performance under our employee incentive programs. Additionally, we believe EBITDA is useful to investors to assist them in getting a more accurate picture of our results of operations.

However, EBITDA is not a recognized measurement under U.S. generally accepted accounting principles, or GAAP, and when analyzing our operating performance, readers should use EBITDA in addition to, and not as an alternative for, net income as determined in accordance with GAAP. Because not all companies use identical calculations, our presentation of EBITDA may not be comparable to similarly titled measures of other companies. Furthermore, EBITDA is not intended to be a measure of free cash flow for our management s discretionary use, as it does not consider certain cash requirements such as tax and debt service payments. The amounts shown for EBITDA also differ from the amounts calculated under similarly titled definitions in our debt instruments, which are further adjusted to reflect certain other cash and non-cash charges and are used to determine compliance with financial covenants and our ability to engage in certain activities, such as incurring additional debt and making certain restricted payments.

EBITDA is calculated as follows:

	Nine Months Ended September 30,				
	2008 2009				
	(in thousands)				
Net income (loss) attributable to CB Richard Ellis Group, Inc.	\$	77,390		\$	(30,949)
Add:					
Depreciation and amortization (i)		74,328			74,003
Interest expense (ii)		127,504			136,291
