Notes to Financial Statements

Note 1. Financial Statements

In the opinion of management, the accompanying unaudited, condensed, consolidated financial statements contain all normal recurring adjustments necessary to present fairly the financial position of Gen/Rx, Inc. (the Company) and its results of operations and cash flows for the interim periods presented. Such financial statements have been condensed in accordance with the applicable regulations of the Securities and Exchange Commission (SEC) and, therefore, do not include all disclosures required by generally accepted accounting principles. These financial statements should be read in conjunction with the Company's audited financial statements for the year ended December 31, 2009 included in the Company's Annual Report on Form 10-K.

The results of operations for the three- and six-months ended June 30, 2010 are not necessarily indicative of the results to be expected for the entire fiscal year.

Note 2. Basis of presentation

The Company presents its financial status and the changes in its financial status on the liquidation basis of accounting. Accordingly, the net assets of the Company are stated at liquidation value, whereby assets are stated at their estimated net realizable values and liabilities, which include estimated liquidation expenses to be incurred through the date of final dissolution of the Company, are stated at their anticipated settlement amounts. The Company has total obligations of approximately \$4.4 million and net assets of \$30,000. Accordingly, the liabilities reflected on the condensed consolidated statement of net assets represent solely the amounts for which the Company has available assets.

As of June 30, 2010, the Company remains indebted to Apotex in the amount of approximately \$4.4 million. In addition, in the three- and six-month periods ended June 30, 2010, Apotex paid, on behalf of the Company, approximately \$24,000 and \$43,000, respectively and in the three- and six-month periods ended June 30, 2009, Apotex paid, on behalf of the Company, approximately \$37,000 and \$43,000, respectively, in each case of expenses, representing primarily legal, accounting and administrative costs which are not reflected on the accompanying condensed financial statements and for which Apotex has agreed not to charge the Company.

ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Overview

GEN/Rx, Inc. (GEN/Rx or the Company) effectively ceased operations in 1996.

The Company was originally incorporated as American Veterinary Products, Inc. under the laws of the State of Colorado in 1976. In January 1988, American Veterinary Products, Inc. was acquired by Transmed Express, Inc., a publicly held company incorporated under the laws of the State of New York, in a stock-for-stock transaction. In March 1993, American Veterinary Products, Inc. changed its name to GEN/Rx, Inc.

GEN/Rx was a holding company which, through its subsidiaries, was in the business of developing, manufacturing and distributing generic injectable drugs. GEN/Rx had three wholly-owned subsidiaries: AUSA, Inc. (AUSA), which was sold in June 1996 to the Company's principal stockholder and principal creditor, Apotex Corp. (formerly known as Apotex USA, Inc.; Apotex); American Veterinary Products, Inc. (AVP), which discontinued operations in December 1995; and Collins Laboratories, Inc. (Collins), which has been inactive since its inception.

The Company experienced significant operating losses since its inception resulting in a deficit equity position. The Company has not been engaged in substantive business activity for more than ten years and we have no plans to engage in any substantive business activity in the foreseeable future. The Company continues to consider various business alternatives relating to the Company including, without limitation, commencing new business operations, seeking a purchaser or business combination for the Company and dissolution of the Company.

The commencement of any business endeavor will be preceded by the consideration and adoption of a business plan by our Board of Directors. Due to the limited current and proposed business activities of the Company described herein, it is classified as a blank check company. The Securities and Exchange Commission and many states have enacted statutes, rules and regulations limiting the sale of securities of blank check companies. Management does not intend to undertake any efforts to cause a market to develop in the Company's securities until such time as the Company has successfully developed and implemented a business plan. We are unable to predict at this time when and if it may actually participate in any specific business endeavor.

With respect to the Company's financial information set forth in this Quarterly Report on Form 10-Q for the three and six months ended June 30, 2010, the financial statements are presented on a liquidation basis. The Company has not conducted any business operations since the sale of its wholly-owned subsidiary, AUSA, in 1996. All activities of the Company after such date related principally to the liquidation of the AVP assets by the receiver and the sale of AVP's Fort Collins manufacturing plant. All of the operations of AVP and AUSA were treated as discontinued operations. No comparison is made in this report for the three- and six months ended June 30, 2010 and June 30, 2009 because there were no operations in 2010 and 2009.

Table of Contents

Liquidity and Capital Resources

At June 30, 2010, the Company has cash of \$30,000 and liabilities in the nature of long-term debt to Apotex of approximately \$4.4 million and lacks the liquidity to carry on any business activities. The Company has virtually no assets and no capital resources. Effective in 1996, the Company ceased all business operations upon the sale of AUSA to Apotex.

In the past, Apotex has paid all of the administrative expenses for the Company, however there is no formal arrangement or agreement in this regard and, accordingly, may not fund such costs in the future.

Off-Balance Sheet Arrangements

As of June 30, 2010, we did not have any off-balance sheet arrangements as defined in Item 303(a)(4)(ii) of Regulation S-K promulgated under the Securities Act of 1934, as amended.

Contractual Obligations and Commitments

As of June 30, 2010, we did not have any contractual obligations or commitments other than our outstanding debt described under [Overview](#) and [Liquidity and Capital Resources](#) above.

ITEM 3. Quantitative and Qualitative Disclosures About Market Risk

Market risk is the sensitivity of income to changes in interest rates, foreign exchanges, commodity prices, equity prices and other market-driven rates or prices. We are not presently engaged in any substantive commercial business. Accordingly, we are not and, until such time as we consummate a business combination, we will not be, exposed to risks associated with foreign exchange rates, commodity prices, equity prices or other market-driven rates or prices.

ITEM 4T. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Edgar Filing: GEN RX INC - Form 10-Q

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our reports filed pursuant to the Securities Exchange Act of 1934, as amended (the Exchange Act) is recorded, processed, summarized and reported within the time periods specified in the SEC's rules, regulations and related forms and that such information is accumulated to allow timely decisions regarding required disclosure. Our sole officer and director conducted an evaluation of our disclosure controls and procedures, as such term is defined in Rule 13a-15(e) under the Exchange Act as of the end of the period covered by this report. Based on this evaluation, our sole officer, acting principal executive officer and acting principal financial officer, concluded that our disclosure controls and procedures were not effective as of June 30, 2010 to provide reasonable assurance that information required to be summarized and reported within the time periods specified in the SEC's rules and forms, and is accumulated as appropriate to allow timely decisions regarding required disclosures.

Changes in Internal Control Over Financial Reporting

There were no changes in our internal control over financial reporting that occurred during the period covered by this Form 10-Q that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.
