PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

May 24, 2012

This Proxy Statement is furnished to the stockholders of Golden Minerals Company (Golden Minerals, the Company, or we) in connection with the solicitation of proxies by the board of directors of Golden Minerals to be voted at the annual meeting of stockholders on May 24, 2012, or at any postponements or adjournments of the annual meeting. Our annual meeting is being held for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. The Proxy Statement, proxy card and Annual Report to Stockholders, including financial statements for the fiscal year ended December 31, 2011, were made available to stockholders on or about April 12, 2012.

Pursuant to rules adopted by the Securities and Exchange Commission (SEC), Golden Minerals has elected to provide access to its proxy materials via the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials (the Notice) to our stockholders, who will have the ability to access the proxy materials on the website referred to in the Notice or to request a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request a printed copy can be found in the Notice. In addition, stockholders may request proxy materials in printed form by mail or electronically by email on an ongoing basis by writing to Jerry Danni, Golden Minerals Company, 350 Indiana Street, Suite 800, Golden, Colorado 80401. We encourage stockholders to take advantage of the availability of the proxy materials on the Internet to help reduce the environmental impact of our annual meetings.

Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting to be Held on May 24, 2012:

The Proxy Statement, proxy card, and Annual Report to Stockholders, including financial statements for the fiscal year ended December 31, 2011 are available at www.proxyvote.com

ABOUT THE MEETING

Why am I receiving this proxy statement and proxy card?

You have received these proxy materials because our board of directors is soliciting your proxy to vote your common stock at the annual meeting of stockholders on May 24, 2012. This Proxy Statement describes matters on which we would like you to vote at our annual meeting. It also provides you with information on these matters so that you may make an informed decision.

What is the purpose of the annual meeting?

At our annual meeting, stockholders will vote on the following four items of business:

- (1) To elect seven (7) directors to hold office until the 2013 annual meeting of stockholders;
-

Table of Contents

(2) To ratify the selection of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2012;

(3) To approve, on an advisory basis, the compensation of our named executive officers; and

(4) To approve, on an advisory basis, the frequency of the advisory stockholder vote on the compensation of our named executive officers.

Stockholders will also vote on such other matters as may properly come before the meeting or any postponement or adjournment thereof.

What are the board's recommendations?

Our board of directors recommends that you vote:

- **FOR** the election of each of the seven (7) nominated directors (see Proposal No. 1)
- **FOR** the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2012 (see Proposal No. 2)
- **FOR the** approval, on an advisory basis, of the compensation of our named executive officers (see Proposal No. 3)
- **3 YEARS** for the frequency of the advisory stockholder vote on the compensation of our named executive officers (see Proposal No. 4)

With respect to any other matter that properly comes before the meeting, the proxy holders will vote as recommended by the board of directors or, if no recommendation is given, in their own discretion.

What shares are entitled to vote?

As of March 30, 2012, the record date for the meeting, we had 35,709,035 shares of common stock outstanding. This amount includes 221,000 shares of unvested restricted common stock issued pursuant to our 2009 Equity Incentive Plan, which are not entitled to vote at the annual meeting. Therefore, as of March 30, 2012, 35,488,035 shares of common stock were outstanding and are entitled to vote at the annual meeting. You can vote all of the shares that you owned on the record date. These shares include: (1) shares held directly in your name as the stockholder of record, and (2) shares held for you as the beneficial owner through a stockbroker, bank or other nominee.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Most stockholders hold their shares through a broker or other holder of record rather than directly in their own names. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholder of Record. If your shares are registered directly in your name with our transfer agent, Computershare Trust Company, N.A., you are considered, with respect to those shares, the stockholder of record, and we have sent the Notice directly to you. As the stockholder of record, you have the right to grant your voting proxy directly to the named proxy holder or to vote in person at the meeting. You may vote by proxy via the Internet or telephone by following the instructions provided in the Notice. If you request printed copies of the proxy materials by mail, you may also vote by filling out the proxy card included with the materials or by calling the toll free number found on the proxy card.

Table of Contents

Beneficial Owner. If your shares are held in a brokerage account, or by a bank or other holder of record, you are considered the beneficial owner of shares held in street name, and the proxy materials are being forwarded to you by that holder together with a voting instruction card. As the beneficial owner, you have the right to direct your broker, bank or other holder of record how to vote and are also invited to attend the annual meeting.

Who may attend the meeting?

All stockholders as of the record date, or their duly appointed proxies, may attend the meeting. If you are not a stockholder of record but hold shares through a broker, bank or other holder of record (i.e., in street name) and wish to attend the meeting, you will need to provide proof of beneficial ownership on the record date, such as your most recent account statement as of March 30, 2012, a copy of the voting instruction card provided by your broker, bank or other holder of record, or other similar evidence of ownership. Registration and seating will begin at 8:30 a.m., Denver time. Cameras, recording devices and other electronic devices will not be permitted at the meeting.

How may I vote my shares in person at the annual meeting?

Shares held in your name as the stockholder of record may be voted in person at the annual meeting. Shares held beneficially in street name may be voted by you in person only if you obtain a legal proxy from the broker, bank or other holder of record that holds your shares giving you the right to vote the shares. Even if you plan to attend the annual meeting, we recommend that you submit your proxy or voting instructions prior to the meeting as described below so that your vote will be counted if you later decide not to attend the meeting.

How may I vote my shares without attending the annual meeting?

Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the meeting. If you are a stockholder of record, you may vote by submitting a proxy card or via the Internet or telephone by following the instructions provided in the Notice. If you hold shares beneficially in street name, you may vote by submitting voting instructions to your broker, bank or other holder of record. For directions on how to vote, please refer to the instructions included in the Notice or, for shares held beneficially in street name, the voting instruction card provided by your broker, bank or other holder of record.

Proxies submitted properly by one of the methods described above will be voted in accordance with the instructions contained therein. If you submit a proxy but do not provide voting directions, the proxy will be voted FOR each of the seven director nominees, FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm, FOR the approval, on an advisory basis, of the compensation of our named executive officers, and 3 YEARS as the frequency of the advisory stockholder vote on the compensation of our named executive officers, and in such manner as the proxy holders named on the proxy determine, in their discretion, upon such other business as may properly come before the annual meeting or any adjournment or postponement thereof.

If your shares are held through a broker, bank or other nominee (collectively referred to as brokers), under applicable rules of NYSE Amex LLC (NYSE Amex) (the exchange on which our common stock is traded), the broker will vote your shares according to the specific instructions it

Edgar Filing: Golden Minerals Co - Form DEF 14A

receives from you. If the broker does not receive voting instructions from you, the broker may vote only on proposals that are considered routine matters under the NYSE Amex rules. Under the NYSE Amex rules and guidance, the election of directors is no longer a routine matter on which your broker may vote without your instructions. Additionally, without your instructions, your broker may not vote to approve, on an advisory basis, the compensation of our named executive officers or the frequency of the advisory stockholder vote on the compensation of our named executive officers. As such, at this year's annual meeting, your broker may vote without your instructions only on the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2012. The broker's failure to vote on (i) the election of directors, (ii) the approval, on an advisory basis, of the compensation of our named executive officers or (iii) the frequency of the advisory stockholder vote on the compensation of our named executive officers, because it lacks discretionary authority to do so, commonly referred to as a broker non-vote, will not affect the outcome of the vote on these matters.

Table of Contents

May I change my vote or revoke my proxy after I return my proxy card?

Yes. Even after you have submitted your proxy, you may change the votes you cast or revoke your proxy at any time before the votes are cast at the meeting by: (1) delivering a written notice of your revocation to our Corporate Secretary at our principal executive office located at 350 Indiana Street, Suite 800, Golden, Colorado 80401; (2) executing and delivering a later dated proxy card; or (3) by the Internet or telephone by following the voting instructions provided in the Notice. In addition, the powers of the proxy holders to vote your stock will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority (over 50%) of the shares of our common stock outstanding and entitled to vote as of the record date will constitute a quorum. There must be a quorum for any action to be taken at the meeting (other than an adjournment or postponement of the meeting). If you properly submit a proxy, even if you abstain from voting, then your shares will be counted for purposes of determining the presence of a quorum. If a broker or bank indicates on a proxy that it lacks discretionary authority as to certain shares to vote on a particular matter, commonly referred to as broker non-votes, those shares will still be counted for purposes of determining the presence of a quorum at the meeting.

What vote is required to approve each item?

Election of Directors. In the election of directors, seven (7) candidates will be elected by a plurality of affirmative votes. That is, the seven (7) candidates that receive the highest number of affirmative votes will be elected to serve on our board of directors.

Ratification of PricewaterhouseCoopers LLP. The affirmative vote of a majority of the outstanding shares of common stock present at the meeting (either in person or by proxy) will be required for ratification.

Advisory vote on the compensation of our named executive officers. The affirmative vote of a majority of the outstanding shares of common stock present at the meeting (either in person or by proxy) will be required to approve the advisory vote on the compensation of our named executive officers.

Advisory vote on the frequency of the stockholder vote on the compensation of our named executive officers. The option of one year, two years, or three years that receives the highest number of votes cast by stockholders will be considered by the board of directors when determining the frequency of future advisory votes on compensation of our named executive officers.

How may I vote on each of the proposals?

Edgar Filing: Golden Minerals Co - Form DEF 14A

In the election of directors, you may vote **FOR** any one or more, or all, of the nominees, or your vote may be **WITHHELD** with respect to any one or more, or all, of the nominees. For the ratification of PricewaterhouseCoopers LLP, you may vote **FOR** or **AGAINST** the proposal, or you may indicate that you wish to **ABSTAIN** from voting on the proposal. For the approval, on an advisory basis, of the compensation of our named executive officers, you may vote **FOR** or **AGAINST**, or you may indicate that you wish to **ABSTAIN** from voting. For the approval, on an advisory basis, of the frequency of the advisory stockholder vote on the compensation of our named executive officers, you may vote for **1 YEAR**, **2 YEARS**, or **3 YEARS** or you may **ABSTAIN** from voting.

Who will count the proxy votes?

Votes will be tabulated by Broadridge Financial Solutions.

Table of Contents

How will voting on any other business be conducted?

We do not expect any matters to be presented for a vote at the meeting other than the matters described in this Proxy Statement. If you grant a proxy, any of the officers named as proxy holder, Jeffrey G. Clevenger, Robert P. Vogels, Jerry W. Danni, Deborah J. Friedman, or their nominee(s) or substitute(s), will have the discretion to vote your shares on any additional matters that are properly presented for a vote at the meeting. If a nominee is not available as a candidate for director, the person named as the proxy holder will vote your proxy for another candidate nominated by our board of directors.

What rights of appraisal or similar rights of dissenters do I have with respect to any matter to be acted upon at the meeting?

No action is proposed at this meeting for which the laws of the state of Delaware or our bylaws provide a right of our stockholders to dissent and obtain appraisal of or payment for such stockholders' common stock.

Who will bear the cost of this proxy solicitation?

The cost of this proxy solicitation will be borne by Golden Minerals. In addition to solicitation by mail, our officers, directors and employees may solicit proxies by telephone, email, or in person. We will also request banks and brokers to solicit their customers who have a beneficial interest in our common stock registered in the names of nominees, and we will reimburse banks and brokers for their reasonable out-of-pocket expenses in so doing.

He has over 40 years of experience in the mining industry, working as a senior executive with major mining companies and junior exploration and development companies. Since June 2011, Mr. Watkins has served as Chairman of ATNA Resources, Ltd. (ATNA), a company engaged in the exploration, development and production of gold properties. Mr. Watkins previously served ATNA as Executive Chairman from June 2010 to June 2011 and Chief Executive Officer from March 2000 to June 2010. From 1993 to 1999, Mr. Watkins served as Senior Vice President, Exploration of Cyprus Amax Minerals Company, a producer of commodities including copper, gold, molybdenum, lithium and coal. Prior to his employment with Cyprus Amax, Mr. Watkins served as President of Minova Inc., a producer of precious metals and base metals from mining operations in Canada. Mr. Watkins currently serves on the boards of directors of a number of companies, including ATNA, Euro Resources S.A., Commander Resources Ltd., Prodigy Gold Inc. (formerly Golden Goose Exploration, Inc.), Bearing Resources Ltd., Landdrill International Inc., Rio Novo Gold Inc., and Camino Mineral Corporation. Mr. Watkins resigned from service as a director of Maudore Minerals Ltd. in November 2010. Mr. Watkins holds a B.A. in Geology from Queen's University at Kingston, and an M.S. in Geology from Carleton University, Ottawa, and is a graduate of the Executive Business Program from the University of Western Ontario. Mr. Watkins is a member of the Canadian Institute of Mining and Metallurgy, Geological Association of Canada, Geological Society of Nevada and Prospectors and Developers Association of Canada. In determining Mr. Watkins' qualifications to serve on our board of directors, the board has considered, among other things, his experience and expertise in mineral exploration for base and precious metals in South America and other regions, and his experience as an executive or director of small public mining companies like our company and familiarity with the technical exploration, financing, and management issues faced by such companies.

PROPOSAL NO. 2 RATIFICATION OF APPOINTMENT OF AUDITORS

The board of directors, pursuant to the recommendation of the Audit Committee of the board of directors, unanimously recommends ratification of the selection of PricewaterhouseCoopers LLP to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2012.

The affirmative vote of the holders of a majority of the common stock entitled to vote and represented in person or by proxy at the annual meeting is required to ratify the selection of our independent registered public accounting firm for the fiscal year 2012. In the event the

Edgar Filing: Golden Minerals Co - Form DEF 14A

ratification is not approved by the required number of holders, the Audit Committee may reconsider, but will not necessarily change, its selection of PricewaterhouseCoopers LLP to serve as our independent registered public accounting firm.

Table of Contents

PricewaterhouseCoopers LLP has served as our independent registered public accounting firm since our inception. Representatives of PricewaterhouseCoopers LLP will be present at the annual meeting with the opportunity to make a statement if they desire to do so and to respond to appropriate stockholder questions.

The following table sets out the aggregate fees billed by PricewaterhouseCoopers LLP for the fiscal years ended December 31, 2011 and 2010 for the categories of fees described.

(3) All other fees include fees for access to a PricewaterhouseCoopers LLP accounting database and other research materials.

The Audit Committee charter includes certain policies and procedures regarding the pre-approval of audit and non-audit services performed by an outside accountant. The Audit Committee is required to pre-approve all engagement letters and fees for all auditing services (including providing comfort letters in connection with securities underwritings) and non-audit services performed by the outside auditors, subject to any exception under Section 10A of the Securities Exchange Act of 1934 and any rules promulgated thereunder. Pre-approval authority may be delegated to a committee member or a subcommittee, and any such member or subcommittee must report any decisions to the full committee at its next scheduled meeting. All of the fees and services provided by PricewaterhouseCoopers LLP were approved by the Audit Committee pursuant to its pre-approval policy as provided in the Audit Committee charter.

**PROPOSAL NO. 3 ADVISORY VOTE ON NAMED EXECUTIVE OFFICER COMPENSATION
(THE SAY ON PAY VOTE)**

Pursuant to the requirements of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd-Frank Act), the Company seeks a non-binding advisory vote from the holders of a majority of the common stock entitled to vote and represented in person or by proxy at the annual meeting approving the compensation of our named executive officers as described in the Compensation Discussion and Analysis and the Executive Compensation sections of this Proxy Statement. This proposal is also referred to as the say on pay vote.

Edgar Filing: Golden Minerals Co - Form DEF 14A

As more fully described in the Compensation Discussion and Analysis section, our executive compensation programs are designed to attract and retain top quality executive talent who can contribute to our long-term success and thereby build value for our stockholders, to tie annual and long-term cash and equity incentive compensation to the achievement of measurable company and individual performance objectives, and to align compensation incentives available to our executives with the goal of creating stockholder value.

For additional details about our executive compensation programs, stockholders are urged to read the Compensation Discussion and Analysis section of this Proxy Statement, beginning on page 14, which discusses how our executive compensation policies implement our compensation philosophy, and the Executive Compensation section of this Proxy Statement beginning on page 14, which contains tabular information and narrative discussion about the compensation of our named executive officers. The Compensation Committee and the board of directors believe that these policies are effective in implementing our compensation philosophy and in achieving our goals.

Table of Contents

We are asking our stockholders to indicate their support for our executive compensation as described in this Proxy Statement. This proposal gives our stockholders the opportunity to express their views on our named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this Proxy Statement. Accordingly, we are asking our stockholders to approve, on an advisory basis, the following resolution:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables, and narrative disclosure in the Proxy Statement for the Company's 2012 Annual Meeting of Stockholders, is hereby APPROVED.

Because your vote is advisory, it will not be binding upon the board of directors. However, the board of directors values our stockholders' opinions, and the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements.

**PROPOSAL NO. 4 ADVISORY VOTE ON THE FREQUENCY OF HOLDING
THE SAY ON PAY VOTE**

In addition to the advisory vote on executive compensation set forth in Proposal No. 3 above, the Dodd-Frank Act requires that stockholders have the opportunity to vote on how often they believe the advisory vote on executive compensation should be held in the future.

The board of directors believes that holding an advisory vote on executive compensation every three years is the most appropriate policy for our stockholders and the Company at this time. Our executive compensation program is designed to incentivize performance over not just the short term but also the long term. As such, we believe that stockholder input on executive compensation will be most useful if the effectiveness of our compensation program is evaluated over a multi-year period. A three-year cycle will also provide us with sufficient time to thoughtfully respond to stockholders' input and to implement any changes to our compensation program.

We intend to continue to consider communications from our stockholders during the period between stockholder votes. We seek and are open to communications from our stockholders regarding corporate governance matters, as well as our executive compensation program, and have made attempts to ensure there are avenues for our stockholders to submit comments to the Company. We believe our stockholders' ability to contact us to express specific views on executive compensation holds us accountable to stockholders and reduces the need for and value of more frequent advisory votes on executive compensation.

While the board of directors recommends that stockholders vote for **3 YEARS** as the frequency of the advisory stockholder vote on the compensation of our named executive officers, stockholders may vote for **1 YEAR**, **2 YEARS**, or **3 YEARS**. Stockholders may also **ABSTAIN** from voting on this proposal.

Edgar Filing: Golden Minerals Co - Form DEF 14A

Because your vote is advisory, it will not be binding upon the board of directors. However, the board of directors values our stockholders opinions and will consider the outcome of the vote when determining the frequency of the say on pay vote. While the board of directors is making a recommendation with respect to this proposal, stockholders are being asked to vote on the choices specified above, and not whether they agree or disagree with the board of directors recommendation.

THE BOARD AND ITS COMMITTEES

Meetings and Committees of the Board of Directors

During 2011, our board of directors held eleven meetings.

Audit Committee. We have a standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934. The Audit Committee met four times during 2011. Our Audit Committee is currently comprised of Messrs. Palmer, Eppler and Watkins. Each of the members of the Audit Committee is independent and financially sophisticated, as defined by the NYSE Amex listing standards. Our board

Table of Contents

has determined that Mr. Palmer, the Audit Committee Chairman, qualifies as an *Audit Committee Financial Expert* as that term is defined in rules promulgated by the SEC. The Audit Committee is responsible for the selection, compensation, retention and oversight of the independent auditor, which reports directly to the Audit Committee. The Audit Committee also assists the board of directors in reviewing and oversight of the quality and integrity of the Company's accounting, auditing and financial reporting practices. The Audit Committee regularly reviews the Company's financial statements and reports, earnings press releases, financial reporting process, system of internal controls, and compliance with applicable law.

The board of directors has adopted a written charter for the Audit Committee. The charter may be viewed on Golden Minerals' website at www.goldenminerals.com/corp_gov.php.

Compensation Committee. The Compensation Committee held three meetings during 2011 and is currently comprised of Messrs. Morano, Masterton-Hume and Watkins. Each member of the Compensation Committee is independent as defined by the NYSE Amex listing standards. The principal responsibilities of the Compensation Committee are to establish policies and periodically determine matters involving executive compensation, recommend changes in employee benefit programs, grant or recommend the grant of stock options and stock awards under our 2009 Equity Incentive Plan, as amended from time to time, and provide counsel regarding key personnel selection. For a discussion of the Compensation Committee's role in establishing our executive compensation arrangements, see *Executive Compensation* Compensation Discussion and Analysis.

The board of directors has adopted a charter for the Compensation Committee, a copy of which is available on Golden Minerals' website at www.goldenminerals.com/corp_gov_compcomm.php.

Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee, which met two times during 2011, is currently comprised of Messrs. Eppler, Morano and Palmer. Each member of the Corporate Governance and Nominating Committee is independent as defined by the NYSE Amex listing standards. The Corporate Governance and Nominating Committee is responsible for overseeing and evaluating the board's performance, selecting and evaluating prospective director nominees and reviewing board and board committee compensation. The Corporate Governance and Nominating Committee also oversees and provides advice to the board of directors regarding our corporate governance policies, practices and procedures.

The board of directors has adopted a charter for the Corporate Governance and Nominating Committee, a copy of which is available on Golden Minerals' website at www.goldenminerals.com/corp_gov_corpnom.php.

The Role of the Corporate Governance and Nominating Committee in the Nomination Process

In identifying and recommending nominees for positions on our board of directors, our Corporate Governance and Nominating Committee places emphasis on the following criteria, among others:

- Judgment, character, expertise, skills and knowledge useful to the oversight of our business;

- Business or other relevant experience; and
- The extent to which the interplay of the nominee's expertise, skills, knowledge and experience with that of other members of our board of directors will contribute to a board that is effective, collegial and responsive to the needs of the Company.

Our Corporate Governance and Nominating Committee does not set specific, minimum qualifications that nominees must meet in order for the Corporate Governance and Nominating Committee to recommend them to our board of directors, but rather believes that each nominee should be evaluated based on his or her individual merits, taking into account the needs of the Company and the composition of our board of directors. In considering diversity, we consider diversity of viewpoints, backgrounds and experience. We do not, however, have any formal policy regarding diversity in identifying nominees for a directorship, but rather consider it among the various factors relevant to any particular nominee. Our Corporate Governance and Nominating Committee evaluates possible candidates in detail and suggests individuals to explore in more depth. In the event that we decide to fill a vacancy

Table of Contents

that exists or we decide to increase the size of the board of directors, our Corporate Governance and Nominating Committee will identify, interview and examine, and make recommendations to the board of directors regarding, appropriate candidates. We identify potential candidates principally through suggestions from the Company's directors and senior management. Our President and Chief Executive Officer and board members may also seek candidates through informal discussions with third parties. We also consider candidates recommended or suggested by stockholders.

Board Independence and Leadership Structure

Our board of directors has determined that each of our directors, other than Mr. Clevenger, our Chairman, President and Chief Executive Officer, is independent as defined by NYSE Amex listing standards.

The positions of Chairman of our board of directors and principal executive officer are occupied by the same individual, Mr. Jeffrey Clevenger. Mr. Clevenger has served as our President, Chief Executive Officer and Chairman of the board of directors since the Company's inception in March 2009. The Company's board of directors believes that it is important to have a unified leadership vision which Mr. Clevenger is positioned to provide. The board also believes that the Company is best served by a Chairman who is actively involved with the Company and is therefore able to bring a significant depth of knowledge about the Company to the role of Chairman. While we do not have a lead independent director, the independent members of the board meet from time to time as they deem necessary. We believe that our current board leadership structure is appropriate as all members of our board of directors, other than Mr. Clevenger, are independent directors.

The Board's Role in Risk Oversight

It is management's responsibility to manage risk and bring to the board of directors' attention any material risks to the Company. The board of directors has oversight responsibility through its Audit Committee, which oversees the Company's risk policies and processes relating to the financial statements and financial reporting processes and the guidelines, policies and processes for mitigating those risks.

Stockholder Nominations

The Corporate Governance and Nominating Committee will receive, review and evaluate director candidate recommendations from stockholders. The Corporate Governance and Nominating Committee has adopted written procedures to be followed by stockholders in submitting such recommendations. Candidates proposed by stockholders will be evaluated by the Corporate Governance and Nominating Committee in the same manner as candidates that are not proposed by stockholders. While stockholders may propose director nominees at any time, we must receive the required notice (described below) on or before the date set forth in the prior year's annual proxy statement under the heading "Stockholder Proposals" in order for a proposed nominee to be considered by the Corporate Governance and Nominating Committee in connection with our next annual meeting of stockholders (typically held in May or June of each year).

Stockholders wishing to recommend a director candidate to serve on the board may do so by providing advance written notice to the Chairman of the Corporate Governance and Nominating Committee that identifies the candidate and includes certain information regarding the nominating

Edgar Filing: Golden Minerals Co - Form DEF 14A

stockholder and the candidate. A description of the required notice is available on our website at www.goldenminerals.com/corp_gov_boarddir.php.

A stockholder nominee for director should be a person of integrity committed to devoting the time and attention necessary to fulfill his or her duties to Golden Minerals. The Corporate Governance and Nominating Committee will evaluate the independence of directors and potential directors nominated by stockholders, as well as his or her business experience, specialized skills and other experience. g of background and experience, including diversity of race, ethnicity, international background, gender and age, are also important factors in evaluating candidates for board membership. In considering diversity, we consider diversity of viewpoints, backgrounds and experience. The Corporate Governance and Nominating Committee will also consider issues involving possible conflicts of interest of directors or potential directors.

Director Attendance at the Annual Meeting

All members of the board of directors are encouraged, but not required, to attend the annual meeting of stockholders.

Compensation Committee Interlocks and Insider Participation

Our Compensation Committee is currently comprised of Messrs. Morano, Masterton-Hume and Watkins. Each member of the Compensation Committee is independent as defined by NYSE Amex listing standards. No member of the Compensation Committee has ever been an officer or employee of Golden Minerals or any of its subsidiaries, nor did any of these individuals have any reportable transactions with Golden Minerals or any of its subsidiaries in 2011. None of our current executive officers has served as a director or member of the compensation committee (or equivalent thereof) of another entity, any of whose executive officers served as a director of Golden Minerals or our predecessor Apex Silver.

Director Compensation

Edgar Filing: Golden Minerals Co - Form DEF 14A

Our directors who are also our employees receive no fees for board service. Currently, Mr. Clevenger is the only director who is also an employee. The compensation for the non-employee directors of Golden Minerals includes the following: (i) a \$20,000 annual cash retainer, (ii) a \$1,000 cash fee for each board meeting that the director attends in person or by telephone, (iii) a \$1,000 cash fee for each committee meeting that the director attends in person or by telephone, and (iv) a \$5,000 annual cash retainer for the Chairman of the Audit Committee. Retainer payments are made on the date of the annual stockholders' meeting for service until the next annual meeting. Mr. Mason received his retainer payment on September 2, 2011 when he joined our board of directors. We also reimburse our directors for all reasonable out-of-pocket costs incurred by them in connection with their services.

Non-employee directors may receive discretionary grants of restricted stock units under our Non-Employee Directors Deferred Compensation and Equity Award Plan (the "Deferred Compensation Plan"), an award program pursuant to our 2009 Equity Incentive Plan. Restricted stock units typically vest on the first anniversary of the grant date, and the recipient director is entitled to receive one unrestricted share of common stock for each vested restricted stock unit upon the termination of the director's service on our board of directors. Our directors are also eligible to receive other equity awards, including stock options, pursuant to our 2009 Equity Incentive Plan.

The table below sets forth all compensation awarded to our non-employee directors during 2011.

Table of Contents

Name	Fees Earned or Paid in Cash (\$)	Stock Awards \$(1)	Stock Options \$(2)	Total (\$)
W. Durand Eppler	\$ 35,000	\$ 50,000	\$	\$ 85,000
Michael T. Mason	\$ 23,000	\$ 40,000	\$	\$ 63,000
Ian Masterton-Hume	\$ 30,000	\$ 50,000	\$	\$ 80,000
Kevin R. Morano	\$ 38,000(3)	\$ 50,000	\$	\$ 88,000
Terry M. Palmer	\$ 42,000(3)	\$ 50,000	\$	\$ 92,000
David H. Watkins	\$ 36,000	\$ 50,000	\$	\$ 86,000

(1) Stock Awards are awards of restricted stock units made to non-employee directors during the year ended December 31, 2011. Each non-employee director, with the exception of Mr. Mason, was granted 2,871 shares of restricted stock units on May 19, 2011. Mr. Mason was granted 2,871 shares of restricted stock units on September 2, 2011 when he joined the board. Typically restricted stock units vest on the first anniversary of the grant date; however, as a result of a change of control in connection with the business combination between Golden Minerals and ECU Silver Mining Inc., on September 2, 2011 (the ECU Transaction, as further described in Compensation Discussion and Analysis Change of Control Arrangements), the restricted stock units granted in May 2011 vested on the closing on September 2, 2011. Amounts shown in the table reflect grant date fair value computed in accordance with stock-based compensation accounting rules (FASB ASC Topic 718). See footnote 16 of our Notes to the Consolidated Financial Statements for the year ended December 31, 2011, included in our Annual Report to Stockholders, for a discussion of the assumptions used to compute grant date fair value.

(2) Stock Options are awards of stock options to our non-employee directors during the year ended December 31, 2011. No director compensation in the form of stock options was granted to non-employee directors in 2011.

(3) Includes compensation for two special committee meetings held in 2011 for the purpose of overseeing the mediation process between the Company and Credit Suisse regarding the Company's FINRA arbitration claim in connection with auction rate securities purchased from Credit Suisse in 2007.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Set forth below is a discussion of our current compensation program for our named executive officers. The named executive officers described below include our principal executive officer, our principal financial officer, and the three other officers that were our most highly compensated executive officers during 2011. Compensation arrangements for 2011 and 2012 were established by our Compensation Committee without the assistance of any compensation consultants.

Objectives of Our Compensation Program

Our compensation program is designed to attract and retain top quality executive talent who can contribute to our long-term success and thereby build value for our stockholders, to tie annual and long-term cash and equity incentive compensation to the achievement of measurable company and individual performance objectives, and to align compensation incentives available to our executives with the goal of creating stockholder value.

Our Compensation Committee has responsibility for approving the compensation arrangements for our executives and acts pursuant to a charter that has been approved by our board. We employ a three-part approach to executive compensation: base salary, annual performance-based cash bonuses, and long-term equity awards. In addition, we provide our executives a variety of other benefits that we also make available generally to all salaried employees. Our executive compensation program is organized around the following fundamental principles:

- *A Substantial Portion of Executive Compensation Should Be in the Form of Equity Awards.* Our Compensation Committee believes that a substantial portion of total compensation should be delivered

Table of Contents

in the form of equity. Equity compensation is important in order to align the interests of our executives with the interests of our stockholders.

- *A Substantial Portion of Executive Compensation Should Be Performance-Based.* Our compensation program is designed to reward superior performance and deliver correspondingly lower compensation for weak performance, and we believe it accomplishes this in a number of ways. In terms of cash compensation, target award opportunities provided to each executive under our Bonus Incentive Plan range from 50% to 75% of the executive's base salary. Awards for superior performance may result in a bonus of up to twice the targeted amount for all executives (other than Mr. Clevenger, who may earn up to three times the targeted amount). Whether and to what extent bonuses under the plan are paid depends on the extent to which the Company-wide and individual goals set by the Compensation Committee are attained and on the Compensation Committee's subjective evaluations of individual executive performance.
- *Our Compensation Program Should Enable Us to Compete for First-Rate Executive Talent.* We believe our stockholders are best served when we can attract and retain talented executives. Beginning in 2005 and extending through 2011, increases in metals prices resulted in numerous new mining projects worldwide, which created intense competition for the services of talented mining executives. Notwithstanding the ongoing global economic downturn, the competition for mining executives remains strong. To ensure that we are able to attract and retain talented executives, our Compensation Committee seeks to create a compensation package for executives that delivers total compensation that is competitive with exploration and mining companies with which we compete for executive talent.

Components of our Compensation Program

Base Salary. We establish base salaries for our executive officers based on the scope of their respective responsibilities. We review base salaries annually and adjust them from time to time after taking into account individual responsibilities, performance and experience. Our Compensation Committee determines the salary for our Chief Executive Officer, and, after consideration of the Chief Executive Officer's recommendations, for each officer below the Chief Executive Officer level.

Base salaries for our named executive officers during 2011 were as follows:

	Salary
Jeffrey G. Clevenger	\$ 450,000
Jerry W. Danni	\$ 300,000
Robert P. Vogels	\$ 250,000
Robert B. Blakestad	\$ 250,000
Deborah J. Friedman(1)	\$ 160,000

(1) Ms. Friedman is not an employee of the Company. All references to Ms. Friedman's 2011 salary throughout Compensation Discussion & Analysis refer to the aggregate monthly retainer payments that Golden Minerals pays to the law firm of which she is a partner for approximately one-half of her time. The law firm remits the retainer amounts directly to Ms. Friedman. For more information regarding this arrangement, see Arrangement with Ms. Friedman.

Edgar Filing: Golden Minerals Co - Form DEF 14A

Base salaries for our named executive officers during 2012 are as follows:

	Salary
Jeffrey G. Clevenger	\$ 450,000
Jerry W. Danni	\$ 300,000
Robert P. Vogels	\$ 250,000
Robert B. Blakestad (1)	\$ 250,000
Deborah J. Friedman	\$ 160,000

Table of Contents

(1) Effective as of February 29, 2012, Mr. Blakestad retired as an officer and employee of the Company.

In establishing salaries for 2012, our Chief Executive Officer recommended maintaining salaries for our named executive officers at 2011 levels. The Compensation Committee agreed with the recommendation, noting that named executive officer salaries were in a higher percentile than exploration companies comparable to the Company prior to the ECU Transaction; although, unlike many of those comparable companies, the Company's executives were capable of managing a producing company and executing the corporate development plan. Based on these factors, the Compensation Committee decided that salaries for 2012 should remain unchanged from the 2011 levels.

Annual Cash Bonus. Our executives participate in our Incentive Bonus Plan, which provides annual cash awards based on the performance of the executive officers and the Company as compared to performance standards established by our Compensation Committee. The table below shows the target awards for 2011 for our named executive officers and the actual amounts paid with respect to such awards in December 2011:

	Annual Salary	Bonus Target (%)	Bonus Target	Bonus Minimum	Bonus Maximum	Actual Bonus Paid
Jeffrey G. Clevenger	\$ 450,000	75%	\$ 338,000	\$ 1,014,000	\$ 310,000	
Jerry W. Danni	\$ 300,000	50%	\$ 150,000	\$ 300,000	\$ 135,000	
Robert P. Vogels	\$ 250,000	50%	\$ 125,000	\$ 250,000	\$ 115,000	
Robert B. Blakestad	\$ 250,000	50%	\$ 125,000	\$ 250,000	\$ 90,000	
Deborah J. Friedman	\$ 160,000	50%	\$ 80,000	\$ 160,000	\$ 85,000	

In awarding the cash bonuses, the Compensation Committee reviewed the Company's 2011 performance and concluded that the Company had accomplished its goals relative to its short-term objectives. The Compensation Committee considered, among other things: (i) the successful execution and completion of the ECU Transaction, which transformed the Company from an exploration to a producing company; (ii) significant improvements in operations at the newly acquired Velardeña mining operations in Mexico and increases in production over a short period of time; (iii) management's response to certain technical issues at the El Quevar project with regard to the underground drift; (iv) the progress in developing a strategic plan to rationalize the Company's exploration portfolio while retaining an appropriate project pipeline; and (v) maintenance of corporate general and administrative expenses at budgeted levels. The Compensation Committee also considered the decrease in the Company's stock price as a factor offsetting the achievement of performance objectives during 2011. As such, the Compensation Committee concluded that based on this performance, 2011 bonuses should be awarded at approximately 90% of target levels.

The target awards for our named executive officers' performance during 2012 are shown in the table below:

	Salary	Bonus Target	Bonus Target	Bonus Minimum	Bonus Maximum
Jeffrey G. Clevenger	\$ 450,000	75%	\$ 338,000	\$ 1,014,000	\$ 310,000
Jerry W. Danni	\$ 300,000	50%	\$ 150,000	\$ 300,000	\$ 135,000
Robert P. Vogels	\$ 250,000	50%	\$ 125,000	\$ 250,000	\$ 115,000
Robert B. Blakestad	\$ 250,000	50%	\$ 125,000	\$ 250,000	\$ 90,000
Deborah J. Friedman	\$ 160,000	50%	\$ 80,000	\$ 160,000	\$ 85,000

Edgar Filing: Golden Minerals Co - Form DEF 14A

Equity Incentive Awards. A key component of our compensation program is the award of restricted shares and stock options under our 2009 Equity Incentive Plan. We believe that share ownership encourages long-term performance by our executive officers and aligns the interests of our officers with the interests of our stockholders. Equity awards under our 2009 Equity Incentive Plan are discretionary.

Table of Contents

The pool of shares available under our 2009 Equity Incentive Plan is equal to 10% of our outstanding shares of common stock, plus shares issuable upon exercise of our derivative securities issued outside of the 2009 Equity Incentive Plan. In connection with the ECU Transaction, we issued warrants and options (to purchase shares of our common stock) in replacement of ECU warrants and options that were cancelled upon the closing of the ECU Transaction. The replacement warrants and options were not issued under the 2009 Equity Incentive Plan and are therefore included in the calculation of shares available under the 2009 Equity Incentive Plan. As of March 30, 2012, we had 35,709,035 shares of common stock outstanding, 1,831,929 shares issuable upon exercise of our outstanding replacement warrants, and 523,000 shares issuable upon exercise of our outstanding replacement options. Accordingly, as of March 30, 2012, the total number of shares available for issuance pursuant to our 2009 Equity Incentive Plan is 3,806,396.

Our Compensation Committee determines the equity awards for our Chief Executive Officer, and, after consideration of our Chief Executive Officer's recommendations, for each officer below the Chief Executive Officer level. In September 2011, the Compensation Committee granted restricted stock awards, vesting in equal tranches on the first three anniversaries of the grant date. The awards granted were as follows: 75,000 restricted shares for Mr. Clevenger; 27,000 restricted shares for Mr. Danni; 21,000 restricted shares for Mr. Vogels; 21,000 restricted shares for Mr. Blakestad; and 15,000 shares for Ms. Friedman. In making these long-term incentive awards, the Compensation Committee considered the fact that the incentive awards previously granted by the Company had vested upon the closing of the ECU Transaction and no incentive compensation remained outstanding. The Compensation Committee considered that, because the acquisition of ECU's Velardeña mining operations in Mexico would create new and additional challenges for executive management, it was in the Company's best interest to continue to incentivize performance. These awards, valued at approximately 200% of the Chief Executive Officer's salary and 100% of the other named executive officer's salaries, are shown in the Summary Compensation Table below.

Perquisites and Other Benefits. Because we believe that the compensation packages described above are adequate, we do not award significant perquisites to our executive officers. In 2011, each executive officer received a standard company match on his or her contributions to our 401(k) plan, totaling less than \$9,000 per executive officer. The Company match is available to all employees participating in the 401(k) plan.

Other Compensation. Our executives also have a variety of other benefits that are also made available generally to all salaried employees.

Severance Arrangements

Each of our full-time salaried employees, including each of our named executive officers, is covered by our Severance Compensation Plan. The plan provides that an executive whose employment is terminated without cause (as defined in the plan) is entitled to receive a lump sum payment equal to one year's salary. Our Incentive Bonus Plan provides that an executive terminated without cause receives an amount equal to the executive's target bonus percentage, multiplied by the amount of annual salary paid to the executive through the date of termination. Grants pursuant to our 2009 Equity Incentive Plan provides that all restrictions on unvested restricted shares lapse upon the termination of an executive's employment without cause.

These arrangements reflect our board's view that our employees, including our executive officers, should be provided with reasonable severance benefits to assist with their transition to comparable employment positions and to provide a competitive benefit by industry standards. The details and amount of these benefits are described in "Post-Employment Payments - Termination Not in Connection with a Change of Control."

Change of Control Arrangements

We have entered into a Change of Control Agreement with each of our named executive officers. Our Compensation Committee believes that these agreements provide an important protection to our executive officers in the event of a change of control transaction and that the interests of our stockholders will be best served if the interests of our executive officers are aligned with theirs. Our Compensation Committee believes that providing change of control benefits reduces the reluctance of executive officers to pursue potential change of control transactions that could result in the loss of their employment but may be in the best interests of stockholders.

Table of Contents

Cash payments under the Change of Control Agreements are in lieu of cash payments pursuant to the severance arrangements described above. The Change of Control Agreements are double trigger agreements which provide that payments will be made only if employment is terminated by the surviving company without cause or by the executive with good reason within two years following a change of control. In addition, upon the occurrence of a change of control, all restrictions on securities granted under our 2009 Equity Incentive Plan, including restricted common stock, restricted stock units and stock options, are lifted and vest immediately. The details and amount of these benefits are described in Post-Employment Payments Termination in Connection with a Change of Control.

Payments under the Change of Control Agreements are based on a multiple of the executive's salary and target bonus. Our Chief Executive Officer is entitled to receive three times his salary and target bonus and each of the remaining named executive officers is entitled to receive two times his or her salary and target bonus. Our Compensation Committee believes these multiples are consistent with our industry peers.

In order to ensure that our executives actually receive the benefits described above, the Change of Control Agreements provide that we will reimburse our executive officers for the amount of the excise tax, if any, imposed on the change of control benefits under Internal Revenue Code Section 4999. This payment will be equal to an amount such that after the named executive officer timely pays the excise tax, his or her liability for all taxes would be the same as if this tax had not applied. This gross-up payment would not be deductible by Golden Minerals.

On September 2, 2011, we completed the ECU Transaction, which resulted in a change of control of Golden Minerals. At closing, each ECU common share was exchanged for the right to receive 0.05 of a share of Golden Minerals common stock and \$0.000394 in cash, and ECU became a wholly-owned subsidiary of Golden Minerals. Immediately prior to the ECU Transaction, we had 15,302,675 shares issued and outstanding. In connection with the ECU Transaction, we issued, among other things, an aggregate of 16,004,111 shares of common stock to ECU's shareholders in exchange for all the outstanding shares of ECU common stock. Consequently, the ECU Transaction resulted in former ECU shareholders owning approximately 51% of our voting securities following the transaction. Although a change of control resulted from the ECU Transaction, none of our named executive officers have since been terminated in a manner that would trigger a change of control payment under the Change of Control Agreements.

Restricted common stock and unvested options held by our named executive officers immediately prior to the closing of the ECU Transaction vested upon the closing on September 2, 2011. Restricted stock and option award agreements under the 2009 Equity Incentive Plan provide that restricted common stock and unvested options vest upon a change of control.

(1) Compensation for January 1 through March 23, 2009 consists of amounts paid to the named executive officers in their former capacities as officers of Apex Silver. Compensation for March 24, 2009 through December 31, 2011 consists of amounts paid to the named executive officers in their capacities as officers of Golden Minerals.

(2) Bonuses paid by Apex Silver consist of cash retention bonuses paid in March 2009.

(3) Stock-based compensation cost for restricted stock awards is measured based on the closing fair market value of the Company's common stock on the date of grant, in accordance with stock based compensation accounting rules (FASB ASC Topic 718). See footnote 16 of the Notes to the Consolidated Financial Statements for the year-ended December 31, 2011, included in our Annual Report to Stockholders, for a discussion of the assumptions used to compute grant date fair value. Amounts shown in the table as Stock Awards for 2009 reflect restricted stock grants made in April 2009 to replace equity awards that had been cancelled in connection with Apex Silver's bankruptcy proceedings. Amounts shown for 2010 reflect restricted stock grants made in April 2010 and December 2010. Amounts shown for 2011 reflect restricted stock grants made on September 15, 2011. Pursuant to each named executive officer's restricted stock award agreement, as a result of the ECU Transaction, completed on September 2, 2011, all restricted shares of common stock held on September 2, 2011 vested and are no longer restricted.

Edgar Filing: Golden Minerals Co - Form DEF 14A

(4) Amounts shown reflect grant date fair value computed in accordance with stock-based compensation accounting rules (FASB ASC Topic 718). See footnote 16 of the Notes to the Consolidated Financial Statements for the year-ended December 31, 2011, included in our Annual Report to Stockholders, for a discussion of the assumptions used to compute grant date fair value. No stock options were awarded to named executive officers during 2011. Pursuant to each named executive officer's option award agreement, as a result of the ECU Transaction, unvested stock options vested on September 2, 2011.

(5) All named executive officers have participated in our Incentive Bonus Plan since our inception in March 2009. The relevant performance measure and the target value of each award for 2009, 2010 and 2011 were determined by Golden Minerals' Compensation Committee. In 2011, all bonus awards under our Incentive

Table of Contents

Bonus Plan were paid in cash. In 2010, approximately 70% of all bonus awards were paid in cash and 30% were paid as grants of restricted common stock. This later amount is reflected in the Stock Awards column of the table. In 2009, all bonus awards were paid in cash under the Incentive Bonus Plan and reflect bonuses paid for performance in 2009 subsequent to March 24, 2009.

(6) Amounts shown as All Other Compensation are all related to contributions to the 401(k) Plan and life insurance premiums paid on behalf of each of the named executive officers. Post-Employment Payments*Termination Not in Connection with a Change of Control*

All of our full-time salaried employees, including each of our executives, are covered by our Severance Compensation Plan. If an executive's employment is terminated by us other than for cause (as defined in the plan) and such termination is not in connection with or following a change of control, death, disability or retirement, the executive is entitled to receive a lump sum payment equal to the executive's then current annual salary. We will also pay to the executive an amount equal to the difference between the monthly medical and/or dental premiums the executive was paying immediately prior to termination of employment and the total COBRA premium due in order to continue such insurance coverage. Our Incentive Bonus Plan provides that in such circumstances, the executive will be entitled to receive an amount equal to the executive's target bonus percentage, multiplied by the amount of annual salary paid to the executive through the date of termination. No executive who is terminated for cause, terminates or otherwise voluntarily leaves his or her employment, or whose employment is terminated as a result of death, disability or retirement, will receive any benefits under the Severance Compensation Plan.

If the termination of employment of one of our named executive officers had occurred as of December 31, 2011 in a manner that would have entitled him or her to payment pursuant to the Severance Compensation Plan, we estimate the following amounts would have been due:

Edgar Filing: Golden Minerals Co - Form DEF 14A

	Severance Payment (Salary)(1)	Severance Payment (Bonus)(2)	Health Insurance Premiums(3)	Total
Jeffrey G. Clevenger	\$ 450,000	\$ 338,000	\$ 16,861	\$ 804,861
Jerry W. Danni	\$ 300,000	\$ 150,000	\$ 22,849	\$ 472,849
Robert P. Vogels	\$ 250,000	\$ 125,000	\$ 22,849	\$ 397,849
Robert B. Blakestad	\$ 250,000	\$ 125,000	\$ 22,849	\$ 397,849
Deborah J. Friedman	\$ 160,000	\$ 80,000	(4)\$	240,000

Table of Contents

-
- (1) Reflects executive's annual salary for the year ending December 31, 2011.
- (2) Reflects target bonus amounts for the year ending December 31, 2011.
- (3) We currently pay 100% of group health insurance premiums for medical and dental benefits. Amounts shown reflect 12 months of such premiums at rates in effect at December 31, 2011.
- (4) Ms. Friedman is not employed by the Company and does not receive medical and dental benefits.

In addition, restrictions on unvested restricted shares will lapse upon termination by Golden Minerals of employment without cause, or as a result of the executive's death, disability or retirement. If the executive's employment terminates for any other reason, including for cause, prior to the scheduled vesting date of the restricted shares, the shares will be forfeited upon termination. The number of restricted shares held by each executive as of December 31, 2011 is shown above in the Outstanding Equity Awards at Fiscal Year-End Table.

For the purpose of our restricted share awards, retirement means an executive's retirement from Golden Minerals or its affiliates (i) on or after attaining age 55 and completing at least ten years of service, or (ii) on or after attaining age 62.

Termination in Connection with a Change of Control

We have entered into a Change of Control Agreement with each of our named executive officers. Payments under a Change of Control Agreement are in lieu of payments pursuant to our Severance Compensation Plan and are triggered only if one of the following events occurs within two years after a change of control: (1) termination of employment by us other than for cause, disability or death, or (2) termination of employment by the executive for good reason. Upon the occurrence of a change of control, all restricted stock will no longer be subject to restrictions, and all unvested options vest. The amounts shown in the table below assume the occurrence of a change of control and one of the triggering termination events on December 31, 2011. These amounts are estimates of the amounts that would have been paid to the named executive officers upon the occurrence of such events. Actual future amounts can only be determined at the time of the named executive officer's termination of employment. If payments made to the executive would subject the executive to the excise tax imposed by Section 4999 of the Internal Revenue Code, the executive would be entitled to receive an additional gross-up payment to cover the excise tax. Receipt of benefits upon termination is subject to the execution of a general release of claims by the named executive officer or his or her beneficiary.

- (1) Mr. Clevenger is entitled to receive three times his annual base salary in effect at the date of the change of control. Each remaining named executive is entitled to receive two times his or her annual base salary in effect at the date of the change of control. At December 31, 2011, the annual base salary for Mr. Clevenger was \$450,000; for Mr. Danni, \$300,000; for Mr. Vogels, \$250,000; for Mr. Blakestad, \$250,000; and for Ms. Friedman, \$160,000. This amount must be paid in a lump sum within 10 business days after the date of termination of employment.
- (2) Mr. Clevenger is entitled to receive three times his target bonus amount pursuant to our Annual Incentive Plan and the remaining named executives are each entitled to receive two times their respective target bonus amounts pursuant to our Annual Incentive Plan. The target bonus for 2011 for each of the named executive officers is discussed above in Compensation Discussion and Analysis Components of our Compensation Program Annual Cash Bonus. This amount must be paid in a lump sum within 10 business days after the date of termination of employment.
- (3) We will pay, on each executive's behalf, the portion of premiums of the Company's group health insurance, including coverage for his or her eligible dependents, that Golden Minerals paid immediately prior to the date of

termination (COBRA Payments) for the period that such executive is entitled to coverage under COBRA, but not to exceed 36 months for Mr. Clevenger and 24 months for the remaining named executives. We will pay such COBRA Payments for the executive's eligible dependents only for coverage for those dependents that were enrolled immediately prior to the date of termination. Our executive will continue to be required to pay that portion of the premium of his health coverage, including coverage for eligible dependents that he was required to pay as an active employee immediately prior to the date of termination. If the executive is for any reason not eligible for coverage under COBRA for the full 24 or 36 month period, as applicable, we will pay to the executive a lump sum in an amount equal to the product of (i) the amount of the COBRA payment paid on his behalf for the final month of the COBRA Period and (ii) the number of months by which the executive's period of COBRA coverage was less than 24 or 36 months, as applicable. Amounts shown in the table above are not discounted to present value.

(4) For the 24-month period immediately following the date of termination, we have agreed to provide to the executive, at a cost not to exceed an aggregate of \$5,000, life, disability, and accident insurance benefits substantially similar to those that the executive was receiving immediately prior to the termination of employment. For the purpose of the above table, we have assumed that a benefit in the aggregate amount of \$5,000 will be provided for the named executives.

(5) Ms. Friedman is not employed by the Company and does not receive insurance benefits.

Risk Management

The board has determined that risks arising from our compensation policies and practices for our executives and employees are not reasonably likely to have a material adverse effect on the Company. The Compensation Committee and board of directors assess our compensation policies and practices from time to time to ensure that the incentives provided in our compensation arrangements do not emphasize short-term risk taking at the expense of decisions likely to enhance stockholder value over the long-term.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Review of Related Person Transactions

We do not have a formal written policy for the review and approval of transactions with related parties. However, the Audit Committee Charter and our Code of Ethics and Business Conduct each provide guidelines for reviewing any related party transaction. In particular, the Audit Committee Charter requires that the Audit Committee review any transaction involving Golden Minerals and a related party at least once a year or upon any significant change in the transaction or relationship. Additionally, our Code of Ethics and Business Conduct prohibits conflicts of interest and provides non-exclusive examples of conduct that would violate the prohibition. If any of our employees are unsure as to whether a conflict of interest exists, the employee is instructed that he or she should consult with a specified compliance officer.

We annually require each of our directors and executive officers to complete a directors' and officers' questionnaire, respectively, that elicits information about related party transactions. Our board and legal counsel annually review all transactions and relationships disclosed in the directors' and officers' questionnaires, and the board makes a formal determination regarding each director's independence. If a director is determined to no longer be independent, such director, if he or she serves on any of the Audit Committee, the Corporate Governance and Nominating Committee, or the Compensation Committee, will be removed from such committee prior to (or otherwise will not participate in) any future meetings of the committee. If the transaction presents a conflict of interest, the board will determine the appropriate response.

Arrangement with Ms. Friedman

Since May 2009, Deborah Friedman has devoted approximately half of her time to service as our Senior Vice President, General Counsel and Corporate Secretary and approximately half of her time to her legal practice at Davis Graham & Stubbs LLP where she is a partner. We currently pay a monthly flat fee retainer of \$13,333 to the firm for approximately one-half of Ms. Friedman's time spent serving as Senior Vice President, General Counsel and Corporate Secretary, which the firm subsequently remits to Ms. Friedman, and we pay her customary hourly rate to the firm for any time spent by Ms. Friedman in excess of that threshold. Although she is a named executive

Table of Contents

officer of the Company for reporting purposes under the Securities Exchange Act of 1934, Ms. Friedman is not employed by the Company.

We paid approximately \$830,000 to Davis Graham & Stubbs LLP for legal services rendered by various attorneys in the firm during 2011, not including Ms. Friedman's monthly retainer payments. We have been advised that this amount represented a de minimis amount of the firm's total revenue for that period. Through March 30, 2012, we have awarded to Ms. Friedman pursuant to our 2009 Equity Incentive Plan a total of 52,600 shares of restricted common stock and 10,000 stock options.

Indemnification Agreements with Officers and Directors

We have entered into an indemnification agreement with each of our directors and officers. The indemnification agreements require us to indemnify our directors and officers to the fullest extent permitted under Delaware law.

OWNERSHIP OF COMMON STOCK

The following table contains information about the beneficial ownership (unless otherwise indicated) of our common stock as of March 30, 2012 by:

- each person known by us to beneficially hold 5% or more of our outstanding common stock,
- each of our directors,
- each of our executive officers, and
- all of our executive officers and directors as a group.

All information is taken from or based upon ownership filings made by such persons with the Securities and Exchange Commission or upon information provided by such persons to us. Except as otherwise noted, we believe that all of the persons and groups shown below have sole voting and investment power with respect to the common stock indicated. Percentage computations are based on 35,709,035 shares of our common stock outstanding as of March 30, 2012.

REPORT OF THE AUDIT COMMITTEE

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report.

The Audit Committee is currently comprised of Terry M. Palmer (Chairman), W. Durand Eppler and David H. Watkins. The Audit Committee is responsible for overseeing and evaluating the Company's financial reporting process on behalf of the board of directors, selecting and retaining the independent auditors, and overseeing and reviewing the internal audit function of the Company.

Management has the primary responsibility for the Company's financial reporting process, accounting principles, and internal controls, as well as preparation of the Company's financial statements in accordance with generally accepted accounting principles in the United States (GAAP). The independent auditors are responsible for performing an audit of the Company's consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and issuing reports thereon. The Audit Committee is responsible for overseeing the conduct of these activities. It is not the Audit Committee's duty or responsibility to conduct auditing or accounting reviews or procedures or to independently verify the representations made by management and the independent auditors. The Audit Committee's considerations and discussions with management and the independent auditors do not assure that the Company's financial statements are presented in accordance with GAAP or that an audit of the annual financial statements has been carried out in accordance with the standards of

the Public Company Accounting Oversight Board (United States), or that the independent auditors are, in fact, independent.

The Audit Committee has met and held discussions with management and the independent auditors on a regular basis. The Audit Committee plans and schedules its meetings with a view to ensuring that it devotes appropriate attention to all of its responsibilities. The Audit Committee's meetings include, whenever appropriate, executive sessions with the independent auditors without the presence of the Company's management. The Audit Committee has reviewed and discussed with both management and the independent auditors the Company's consolidated financial statements as of and for the year ended December 31, 2011, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of the disclosures in the financial statements. Management advised the Audit Committee that the financial statements were prepared in accordance with GAAP. The Audit Committee has relied on this representation, without independent verification, and on the representations of the independent auditors included in their report on the consolidated financial statements.

The Audit Committee discussed with the independent auditors the matters required to be discussed pursuant to Statement of Auditing Standards No. 114, The Auditor's Communication With Those Charged With

Governance, as amended by Statement of Auditing Standards No. 89, Audit Adjustments and Statement of Auditing Standards No. 90, Audit Committee Communications. The independent auditors have provided to the Audit Committee the written disclosures and the letter required by Public Company Accounting Oversight Board (PCAOB) Rule 3526, Communication with Audit Committees Concerning Independence, and the Audit Committee has discussed with the independent auditors their independence. The Audit Committee has also considered whether the independent auditors' provision of other non-audit services to the Company is compatible with maintaining auditor independence. The Audit Committee has concluded that the provision of non-audit services by the independent auditors was compatible with the maintenance of independence in the conduct of their auditing functions.

Based upon its review and discussions with management and the independent auditors and the reports of the independent auditors, and in reliance upon such information, representations, reports and opinions, the Audit Committee recommended that the board of directors approve the audited financial statements for inclusion in the Company's annual report on Form 10-K for the year ended December 31, 2011, and the board of directors accepted the Audit Committee's recommendations.
