- Launched open beta testing for Return of the Condor Heroes in September 2012 in China.

- Released English version of Torchlight 2 in September 2012.

¹ The U.S. dollar (USD) amounts disclosed in this press release, except for those transaction amounts that were actually settled in U.S. dollars, are presented solely for the convenience of the reader. The conversion of Renminbi (RMB) into USD in this release is based on the noon buying rate in The City of New York for cable transfers in RMB per USD as certified for customs purposes by the Federal Reserve Bank of New York as of September 28, 2012, which was RMB6.2848 to USD1.00. The percentages stated in this press release are calculated based on the RMB amounts.

² As used in this press release, non-GAAP operating profit, non-GAAP net income attributable to the Company's shareholders and non-GAAP earnings per ADS are defined to exclude share-based compensation charge from operating profit, net income attributable to the Company's shareholders and earnings per ADS, respectively. See Non-GAAP Financial Measures and Reconciliation of GAAP and Non-GAAP Results at the end of this press release.

³ Each ADS represents five ordinary shares.

Mr. Michael Chi, Chairman and Co-Chief Executive Officer of Perfect World commented, "We are pleased to announce our third quarter results. During the third quarter, we primarily focused on content development of our portfolio and decelerated in-game promotional activities. As such, the overall performance of our existing games came in slightly softer than the previous quarter as we expected. However, our total revenues were 2.9% higher on a sequential basis, which was ahead of the high end of our expectations and primarily a result of solid revenue contribution from our new game. During the third quarter, we released the English version of *Torchlight 2*, a pay-per-install game. This game was developed by our majority-owned subsidiary, Runic Games, Inc. ("Runic Games"), a top-tier game development studio based in the U.S. Toward the end of the third quarter, we also launched an exciting turn-based martial arts MMORPG, *Return of the Condor Heroes* in China. This new title adapted from Louis Cha's literary classic of the same name is expected to gradually ramp up revenue contribution for us during the fourth quarter.

In addition to bringing new games to our players, we also remain dedicated to maintaining a healthy life cycle for our existing games. We continued to provide exciting new game content to players of our existing games through regular releases of expansion packs and content updates. For example, we released expansion packs for our flagship titles, *Zhu Xian* and *Perfect World II*, toward the end of the third quarter.

As we continue to enhance content for our existing games, we are also further expanding on our deep and diverse pipeline, which has always been one of our key competitive advantages. A number of attractive titles across a variety of genres are now in development. Among them are our highly-anticipated MMORPGs, *Swordsman Online*, *Saint Seiya Online* and *Legend of the Condor Heroes*, as well as a number of web games. We look forward to introducing these titles to game players in the coming year and beyond and believe that they will become new growth drivers for our business.

Mr. Robert Hong Xiao, Co-CEO of Perfect World continued, "In addition to the great titles our Chinese studios are developing, we also have a number of global titles in our pipeline. Our Cryptic Studios in the U.S. is working on *Neverwinter*, another highly-anticipated MMORPG that we plan to initially launch in North America. Cryptic Studios, as well as our other specialized R&D studios across the world, not only bring more world-class entertainment to our pipeline, but also play an important role in our globalization strategy in terms of further strengthening our well-established R&D capabilities worldwide.

Another world-class title that we are very excited about is *Dota 2*, a world-famous title with a unique mix of action, RTS and RPG gameplay. We recently obtained exclusive rights to operate this game in mainland China. We look forward to leveraging our vast operational experience in China to bring more world-class entertainment to our players.

Our strong operational capabilities are an important component of our globalization strategy. In addition to China, we also have an extensive operational network overseas and we continued to make progress in our overseas operations and licensing activities. Recently, we successfully launched licensed games, *Dark Blood* and *RaiderZ*, through our overseas subsidiaries in Japan and the U.S., respectively. During the quarter, we also signed several new agreements to license more of our games to overseas operators.

As we look forward, we will continue to capitalize on our diverse portfolio and pipeline, strong global R&D capabilities, and extensive global operating network to deliver more exciting and innovative titles to gamers all over the world.

Third Quarter 2012 Financial Results

Total Revenues

Total revenues were RMB695.8 million (USD110.7 million) in 3Q12, as compared to RMB676.4 million in 2Q12 and RMB708.9 million in 3Q11.

Online game operation revenues, which include both domestic and overseas online game operations, were RMB608.2 million (USD96.8 million) in 3Q12, as compared to RMB626.4 million in 2Q12 and RMB643.2 million in 3Q11. In the third quarter, the Company decelerated in-game promotional activities and continued to focus on content enhancements in order to maintain a healthy life cycle for its existing games.

The aggregate average concurrent users (ACU) for games under operation in mainland China was approximately 601,000 in 3Q12, as compared to 739,000 in 2Q12 and 828,000 in 3Q11. During late second quarter and throughout the third quarter, the Company stepped up its anti-cheating efforts for certain games in order to maintain a healthy and fun gaming environment for players. The decrease from 2Q12 was mainly due to such stringent anti-cheating efforts, as well as adverse seasonality factors affecting user traffic during the third quarter. In addition, expansion packs for certain games were released near or after the end of the third quarter. As such, user traffic remained at a lower level prior to releases of the new content.

Licensing revenues were RMB39.0 million (USD6.2 million) in 3Q12, as compared to RMB46.9 million in 2Q12 and RMB55.8 million in 3Q11. The decrease from 2Q12 was mainly due to lower initial license fees as the Company did not launch any new games through its partners in overseas markets in 3Q12.

Other revenues were RMB48.6 million (USD7.7 million) in 3Q12, as compared to RMB3.0 million in 2Q12 and RMB9.9 million in 3Q11. The increase from 2Q12 was primarily due to the contribution from English version of *Torchlight 2* released in 3Q12. *Torchlight 2* is a popular pay-per-install game developed by Runic Games, the Company's majority-owned subsidiary based in the U.S.

Cost of Revenues

The cost of revenues was RMB128.9 million (USD20.5 million) in 3Q12, as compared to RMB126.6 million in 2Q12 and RMB121.2 million in 3Q11.

Gross Profit and Gross Margin

Edgar Filing: Perfect World Co., Ltd. - Form 6-K

Gross profit was RMB566.9 million (USD90.2 million) in 3Q12, as compared to RMB549.8 million in 2Q12 and RMB587.7 million in 3Q11. Gross margin was 81.5% in 3Q12, as compared to 81.3% in 2Q12 and 82.9% in 3Q11.

Operating Expenses

Operating expenses were RMB457.5 million (USD72.8 million) in 3Q12, as compared to RMB394.6 million in 2Q12 and RMB393.9 million in 3Q11. The increase in operating expenses from 2Q12 was mainly due to increases in sales and marketing expenses, and R&D expenses in 3Q12.

R&D expenses were RMB197.1 million (USD31.4 million) in 3Q12, as compared to RMB189.7 million in 2Q12 and RMB170.6 million in 3Q11. The increase from 2Q12 was primarily due to an increase in staff cost.

Sales and marketing expenses were RMB177.1 million (USD28.2 million) in 3Q12, as compared to RMB121.8 million in 2Q12 and RMB146.7 million in 3Q11. The increase from 2Q12 was largely due to an increase in advertising and promotional expenses associated with the launch of the Company's new game, *Return of the Condor Heroes*, and releases of several expansion packs for its existing games, including the flagship titles *Zhu Xian* and *Perfect World II*.

General and administrative (G&A) expenses were RMB83.3 million (USD13.2 million) in 3Q12, as compared to RMB83.1 million in 2Q12 and RMB76.5 million in 3Q11.

Operating Profit

Operating profit was RMB109.4 million (USD17.4 million) in 3Q12, as compared to RMB155.2 million in 2Q12 and RMB193.9 million in 3Q11. Non-GAAP operating profit was RMB127.5 million (USD20.3 million) in 3Q12, as compared to RMB172.5 million in 2Q12 and RMB221.3 million in 3Q11.

Total Other Income

Total other income was RMB16.1 million (USD2.6 million) in 3Q12, as compared to RMB38.9 million in 2Q12 and RMB28.5 million in 3Q11. Due to the fluctuation of the euro against the U.S. dollar, a foreign exchange loss was realized in 3Q12 while a foreign exchange gain was realized in 2Q12.

Income Tax Expense

Income tax expense was RMB29.1 million (USD4.6 million) in 3Q12, as compared to RMB38.1 million in 2Q12 and RMB78.8 million in 3Q11. The decrease from 2Q12 was primarily a result of the change in the operating profit in 3Q12.

Net Income Attributable to the Company's Shareholders

Net income attributable to the Company's shareholders was RMB86.2 million (USD13.7 million) in 3Q12, as compared to RMB158.2 million in 2Q12 and RMB143.6 million in 3Q11. Non-GAAP net income attributable to the Company's shareholders was RMB104.3 million (USD16.6 million) in 3Q12, as compared to RMB175.5 million in 2Q12 and RMB171.1 million in 3Q11.

Basic and diluted earnings per ADS were RMB1.78 (USD0.28) and RMB1.77 (USD0.28), respectively, in 3Q12, as compared to RMB3.28 and RMB3.25, respectively, in 2Q12, and RMB2.96 and RMB2.83, respectively, in 3Q11. Non-GAAP basic and diluted earnings per ADS were RMB2.16 (USD0.34) and RMB2.14 (USD0.34), respectively, in 3Q12, as compared to RMB3.64 and RMB3.60, respectively, in 2Q12, and RMB3.53 and RMB3.37, respectively, in 3Q11.

Cash and Cash Equivalents

As of September 30, 2012, the Company had RMB745.8 million (USD118.7 million) of cash and cash equivalents, as compared to RMB964.1 million as of June 30, 2012. The decrease was mainly due to the Company's short-term investments in certain structured deposits, and was partially offset by the net cash inflow generated from the Company's online game operations.

Recent Developments

Obtained Exclusive Rights to Operate Dota 2 in Mainland China

In October 2012, the Company obtained exclusive rights to operate Dota 2, a popular online game with the unique mix of action, RTS and RPG gameplay, in mainland China.

Promoted Mr. Alex Yiran Xu to Senior Vice President

In November 2012, the Company promoted Mr. Alex Yiran Xu, the Company's Vice President of Strategy, to the Company's Senior Vice President of Business Development.

Business Outlook

Based on the Company's current operations, total revenues for the fourth quarter of 2012 are expected to be between RMB661 million and RMB696 million, representing a flat to slight decline from the third quarter of 2012. The Company successfully released English version of Torchlight 2, a popular pay-per-install game, which contributed to revenues in the third quarter. The Company does not expect the revenue contribution from this game to be as significant in the fourth quarter. On the other hand, the Company's new game, Return of the Condor Heroes, is expected to contribute additional revenues for the fourth quarter, but it will take time to ramp up gradually.

Non-GAAP Financial Measures

Edgar Filing: Perfect World Co., Ltd. - Form 6-K

To supplement the financial measures prepared in accordance with generally accepted accounting principals in the United States, or GAAP, this press release presents non-GAAP operating profit, non-GAAP net income attributable to the Company's shareholders and non-GAAP earnings per ADS by excluding share-based compensation charge from operating profit, net income attributable to the Company's shareholders and earnings per ADS, respectively. The Company believes these non-GAAP financial measures are important to help investors understand the Company's operating and financial performance, compare business trends among different reporting periods on a consistent basis and assess the Company's core operating results, as they exclude certain expenses that are

not expected to result in cash payments. The use of the above non-GAAP financial measures has certain limitations. Share-based compensation charge has been and will continue to be incurred and is not reflected in the presentation of the non-GAAP financial measures. It should be considered in the overall evaluation of our results. None of the non-GAAP measures is a measure of net income attributable to the Company's shareholders, operating profit, operating performance or liquidity presented in accordance with GAAP. We compensate for these limitations by providing the relevant disclosure of our share-based compensation charge in our reconciliations to the most directly comparable GAAP financial measures, which should be considered when evaluating our performance. These non-GAAP financial measures should be considered in addition to financial measures prepared in accordance with GAAP, but should not be considered a substitute for, or superior to, financial measures prepared in accordance with GAAP. Reconciliation of each of these non-GAAP financial measures to the most directly comparable GAAP financial measure are set forth at the end of this release.
