#### Item 8.01. Other Events.

On March 18, 2013, Duke Energy Carolinas, LLC ( Duke Energy Carolinas ) filed a rate case with the Public Service Commission of South Carolina (the PSCSC) to request an average 15.1% increase in retail revenues, or approximately \$220 million, with an overall rate of return of approximately 8.45% based on approval of an 11.25% return on equity and a 53% equity component of the capital structure. The request is premised upon a South Carolina retail rate base of \$4.3 billion as of June 30, 2012 adjusted for known and measurable changes. This rate increase is primarily driven by the cost of capital investments associated with our modernization program and environmental compliance as well as the impact of lower sales volumes and the net effect of various changes to costs. If approved by the PSCSC, rates would likely go in effect in September 2013.

An overview providing additional detail on the filing is attached to this Form 8-K as Exhibit 99.1.
