2. Basis of Presentation

The accompanying condensed consolidated financial statements have been prepared in accordance with the rules and regulations of the Securities and Exchange Commission (*SEC*) and in accordance with accounting principles generally accepted in the United States of America for interim financial reporting. Accordingly, certain information and note disclosures normally included in financial statements prepared in conformity with accounting principles generally accepted in the United States have been condensed or omitted. In management's opinion, the accompanying interim condensed consolidated financial statements include all adjustments, consisting of normal recurring adjustments, necessary for a fair statement of the results presented. The accompanying interim condensed consolidated financial statements have been prepared without audit. The results for interim periods are not necessarily indicative of results that may be expected for any other interim period or for the full year. These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in our Annual Report on Form 10-K for the year ended April 28, 2013 as filed with the SEC and all of our other filings, including Current Reports on Form 8-K, filed with the SEC after such date and through the date of this report, which are available on the SEC's website at www.sec.gov or our website at www.islecorp.com.

Our fiscal year ends on the last Sunday in April. Periodically, this system necessitates a 53-week year. Fiscal 2014 and 2013 are both 52-week years, which commenced on April 29, 2013 and April 30, 2012, respectively.

The condensed consolidated financial statements include our accounts and those of our subsidiaries. All significant intercompany balances and transactions have been eliminated in consolidation. Certain reclassifications have been made to prior period financial statements to conform to the current period presentation. We view each property as an operating segment and all such operating segments have been aggregated into one reporting segment.

Discontinued operations include our former Biloxi, Mississippi casino operations sold in November 2012. The results of our discontinued operations for the three months ended July 29, 2012 are summarized as follows:

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-Q

Income from discontinued operations		1,917

We evaluated all subsequent events through the date of the issuance of the consolidated financial statements. No material subsequent events have occurred that required recognition in the condensed consolidated financial statements.

3. Long-Term Debt

Long-term debt consists of the following:

	July 28, 2013	April 28, 2013
Senior Secured Credit Facility:		
Revolving line of credit, expires April 19, 2018, interest payable at least quarterly at either LIBOR and/or prime plus a margin	\$ 169,800	\$ 154,900
5.875% Senior Notes, interest payable semi-annually March 15 and September 15	350,000	350,000
7.75% Senior Notes, interest payable semi-annually March 15 and September 15, net of discount	298,305	298,246
8.875% Senior Subordinated Notes, interest payable Semi-annually June 15 and December 15	350,000	350,000
Other	3,486	3,738
	1,171,591	1,156,884
Less current maturities	429	415
Long-term debt	\$ 1,171,162	\$ 1,156,469

Senior Secured Credit Facility Our Senior Secured Credit Facility as amended and restated (*Credit Facility*) consists of a \$300,000 revolving line of credit. The Credit Facility is secured on a first priority basis by substantially all of our assets and guaranteed by substantially all of our significant subsidiaries. On July 2, 2013, we entered into an agreement amending our Credit Facility to, among other things, modify our maximum allowed leverage and minimum interest coverage ratio covenants. As a result, we capitalized new deferred financing costs of \$600 during the three months ended July 28, 2013.

Our net revolving line of credit availability at July 28, 2013, as limited by our borrowings, was approximately \$95,000, after consideration of approximately \$35,000 in outstanding letters of credit. We have an annual commitment fee related to the unused portion of the Credit Facility of up to 0.5% which is included in interest expense in the accompanying consolidated statements of operations. The weighted average effective interest rates of the Credit Facility for the three months ended July 28, 2013 was 4.40%.

The Credit Facility includes a number of affirmative and negative covenants. Additionally, we must comply with certain financial covenants including maintenance of a total leverage ratio, senior secured leverage ratio and minimum interest coverage ratio. The Credit Facility also restricts our ability to make certain investments or distributions. We were in compliance with the covenants as of July 28, 2013.

5.875% Senior Notes In March 2013, we issued \$350,000 of 5.875% Senior Notes due 2021 (*5.875% Senior Notes*). The net proceeds from the issuance were used to repay term loans under our Credit Facility. The 5.875% Senior Notes are general unsecured obligations and rank junior to all of our senior secured indebtedness and senior to our senior subordinated indebtedness. The 5.875% Senior Notes are redeemable, in whole or in part, at our option at any time on or after March 15, 2016, with call premiums as defined in the indenture governing the 5.875% Senior Notes.

7.75% Senior Notes In March 2011, we issued \$300,000 of 7.75% Senior Notes due 2019 at a price of 99.264% (*7.75% Senior Notes*). The 7.75% Senior Notes are general unsecured obligations and rank junior to all of our senior secured indebtedness and senior to our senior subordinated indebtedness. The 7.75% Senior Notes are redeemable, in whole or in part, at our option at any time on or after March 15, 2015, with call premiums as defined in the indenture governing the 7.75% Senior Notes.

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-Q

8.875% Senior Subordinated Notes In August 2012, we completed the issuance and sale of \$350,000 of 8.875% Senior Subordinated Notes due 2020 (*8.875% Senior Subordinated Notes*). The 8.875% Senior Subordinated

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-Q

Notes are general unsecured obligations and rank junior to all of our senior indebtedness. The 8.875% Senior Subordinated Notes are redeemable, in whole or in part, at our option at any time on or after June 15, 2016, with call premiums as defined in the indenture governing the 8.875% Senior Subordinated Notes.

The 5.875% Senior Notes, 7.75% Senior Notes and 8.875% Senior Subordinated Notes are guaranteed, on a joint and several basis, by substantially all of our significant subsidiaries and certain other subsidiaries as described in Note 9. All of the guarantor subsidiaries are wholly owned by us.

The indentures governing the 5.875% Senior Notes, 7.75% Senior Notes and 8.875% Senior Subordinated Notes limits, among other things, our ability and our restricted subsidiaries' ability to borrow money, make restricted payments, use assets as security in other transactions, enter into transactions with affiliates, pay dividends, or repurchase stock. The indentures also limit our ability to issue and sell capital stock of subsidiaries, sell assets in excess of specified amounts or merge with or into other companies.

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-Q

Due to the loss from continuing operations, stock options representing 66,145 shares, which are potentially dilutive, and 961,710 shares, which were anti-dilutive, were excluded from the calculation of common shares for diluted earnings per share for the three months ended July 28, 2013. Stock options representing 1,161,710 shares, which are anti-dilutive, were excluded from the calculation of common shares for diluted income per share for the three months ended July 29, 2012. As the minimum market performance conditions related to our restricted stock units

have not been achieved as of July 28, 2013 or July 29, 2012, 1,714,286 and 728,570 units have been excluded from the calculation of diluted earnings per share for the respective periods.

5. Stock Based Compensation

Under our 2009 Long Term Incentive Plan we have issued restricted stock units, restricted stock and stock options.

Restricted Stock Units During fiscal 2013, we granted restricted stock units (RSUs) containing market performance conditions which will determine the ultimate amount of RSUs, if any, to be awarded up to 1,714,286 shares. Any RSUs earned will vest 50% on April 26, 2015 and 50% on April 26, 2016. The fair value of these RSUs is determined utilizing a lattice pricing model which considers a range of assumptions including volatility and risk-free interest rates. The aggregate compensation cost related to these RSUs is \$4,932 to be recognized over the vesting periods. As of July 28, 2013, our unrecognized compensation cost for these RSUs is \$3,423.

Restricted Stock During the first quarter ended July 28, 2013, we issued 88,094 shares of restricted stock with a weighted average grant-date fair value of \$7.83 to employees. Restricted stock awarded to employees under annual long-term incentive grants primarily vests one-third on each anniversary of the grant date. Our aggregate estimate of forfeitures for restricted stock for employees and directors is 10% and 0%, respectively. As of July 28, 2013, our unrecognized compensation cost for unvested restricted stock is \$1,838 with a remaining weighted average vesting period of 1.24 years.

6. Fair Value

The fair value of our interest rate swap contracts are recorded using Level 3 inputs at the present value of all expected future cash flows based on the LIBOR-based swap yield curve as of the date of the valuation.

The following table presents the changes in Level 3 liabilities measured at fair value on a recurring basis:

	Three Months Ended	
	July 28, 2013	July 29, 2013
Interest Rate Hedges		
Beginning Balance	\$ (794)	\$ (2,493)
Realized gains/(losses)	468	372
Ending Balance	\$ (326)	\$ (2,121)

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-Q

Financial Instruments - The estimated carrying amounts and fair values of our other financial instruments are as follows:

	July 28, 2013		April 28, 2013	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Financial assets:				
Cash and cash equivalents	\$ 66,560	\$ 66,560	\$ 68,469	\$ 68,469

Financial liabilities:				
Revolving line of credit	\$ 169,800	\$ 166,404	\$ 154,900	\$ 151,802
5.875% Senior notes	350,000	341,250	350,000	357,000
7.75% Senior notes	298,305	313,220	298,246	327,698
8.875% Senior subordinated notes	350,000	375,375	350,000	381,535

Other long-term obligations	22,756	22,756	22,514	22,514

The following methods and assumptions were used to estimate the fair value of each class of financial instruments for which it is practicable to estimate that value:

Cash and cash equivalents, accounts receivable and notes receivable are carried at cost, which approximates fair value due to their short-term maturities.

Marketable securities include investments of \$8,465 and \$9,433, as of July 28, 2013 and April 28, 2013, respectively, based upon Level 1 inputs obtained from quoted prices available in active markets and investments of \$18,855 and \$16,087, as of July 28, 2013 and April 28, 2013, respectively, based upon Level 2 inputs obtained from quoted prices of identical assets in inactive markets or quoted prices for similar assets in active and inactive markets. There were no transfers between Level 1 and Level 2 inputs during the year.

Restricted cash and investments include restricted cash and investments of \$3,663 and \$3,979, as of July 28, 2013 and April 28, 2013, respectively, based upon Level 1 inputs obtained from quoted prices available in active markets and investments of \$6,094 and \$7,438, as of July 28, 2013 and April 28, 2013, respectively, based upon Level 2 inputs obtained from quoted prices of identical assets in inactive markets or quoted prices for similar assets in active and inactive markets. There were no transfers between Level 1 and Level 2 inputs during the year.

The fair value of our long-term debt or other long-term obligations is estimated based on the quoted market price of the underlying debt issue (Level 1 inputs) or, when a quoted market price is not available, the discounted cash flow of future payments utilizing current rates available to us for debt of similar remaining maturities (Level 3 inputs). Debt obligations with a short remaining maturity have a carrying amount that approximates fair value.

7. Income Taxes

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-Q

Income tax expense of \$1,411 and \$1,318 was recognized from continuing operations during the three months ended July 28, 2013 and July 29, 2012, respectively. Our income tax provision consists of 1) changes in the deferred tax liability attributable to indefinite lived intangibles, 2) fluctuations in the valuation allowance placed upon our federal and state deferred tax assets including net operating loss carry forwards and tax credits, 3) expense for state jurisdictions where taxable income is generated without net operating loss carry forwards available, and 4) expense for unrecognized tax positions.

10. Commitments and Contingencies

Development Projects On February 1, 2013, we signed an agreement with Tower Investments, Inc. to manage The Provence, the resort and casino on North Broad Street, Philadelphia, proposed by Tower Entertainment, LLC (the Tower JV), if the project is selected by the PGCB. The Tower JV is one of six applicants for the final gaming license in Philadelphia. As part of our agreement with the Tower JV, we loaned \$25,000 to the Tower JV in the form of a stand-by letter of credit issued for the purpose of securing the Pennsylvania gaming license fee relating to the project. The \$25,000 letter of credit can only be drawn upon if the Tower JV is awarded the license. If the Tower JV is selected, we have the option to either 1) be repaid from the proceeds of permanent financing, or 2) convert the \$25,000 loan into a minority investment in the Tower JV.

Option Agreements On June 17, 2013, we entered into an option agreement for a third party to purchase from us substantially all of the assets and assume certain liabilities related to our Rhythm City Casino located in Davenport, Iowa, for approximately \$51,000, subject to working capital and certain other customary purchase price adjustments. Subject to satisfying certain conditions, the third party may exercise the option at any time through September 15, 2013 and may extend the exercise period to October 15, 2013. If the option is exercised, the completion of the transaction will be subject to the third party obtaining applicable gaming licenses and approvals and other customary closing conditions.

Legal and Regulatory Proceedings We and our wholly-owned subsidiary, Riverboat Corporation of Mississippi - Vicksburg, are defendants in a lawsuit filed in the Circuit Court of Adams County, Mississippi by Silver Land, Inc., alleging breach of contract in connection with our 2006 sale of casino operations in Vicksburg, Mississippi, to a third party. In January 2011, the court ruled in favor of Silver Land and in September 2011 the court awarded damages of approximately \$2,000, which we accrued. We filed a notice of appeal in November 2011 and oral arguments were held in January 2013. In June 2013, the court of appeals reversed the trial court and ruled in our favor. Silver Land filed a motion for a rehearing in July 2013, and we are awaiting a ruling on that motion. Depending on the outcome of that motion, Silver Land may appeal to the state supreme court. While the ultimate outcome of this matter is still in doubt and cannot be predicted with any degree of certainty, we intend to put forth a vigorous and appropriate defense of the favorable June 2013 ruling of the court of appeals as Silver Land continues to pursue its claim.

We have been named as a defendant in a complaint filed in the Circuit Court for Broward County, Florida. The complaint alleges we sent unsolicited fax advertisements in violation of the Telephone Consumer Protection Act of 1991, as amended by the Junk Fax Prevention Act of 2005 (the TCPA), and seeks to certify a class action. The complaint seeks statutory damages for alleged negligent and willful violations of the TCPA, attorneys' fees, costs and injunction relief. In April 2013, we entered into a settlement agreement with the plaintiff and on May 22, 2013, the Court issued an order granting preliminary approval of the settlement. The settlement is subject to further consideration by the Court at the final settlement hearing, which is expected to occur in late calendar 2013. While the ultimate outcome is unknown, we have accrued \$1,000 as our current estimate of the most probable outcome of this matter.

Our wholly owned subsidiary, PPI, Inc., d/b/a Isle Casino Racing Pompano Park, has been named as a defendant in two collective action Fair Labor Standards Act (FLSA) claims in the U.S. District Court Southern District of Florida. The claims allege violations of tipping and tip-credit practices for certain employees. The outcome of these matters is still in doubt and cannot be predicted. We intend to put forth a vigorous defense against the claims asserted in this matter.

Our wholly owned subsidiary, Lady Luck Gaming Corporation, and several joint venture partners have been defendants in the Greek Civil Courts and the Greek Administrative Courts in similar lawsuits brought by the country of Greece. The actions allege that the defendants failed to make specified payments in connection with the gaming license bid process for Patras, Greece. Although it is difficult to determine the damages being sought from the lawsuits, the action may seek damages up to that aggregate amount plus interest from the date of the action. In the Civil Court lawsuit, the Civil Court of First Instance ruled in our favor and dismissed the lawsuit in 2001. Greece appealed to the Civil Appeal Court

and, in 2003, the Court rejected the appeal. Greece then appealed to the

Civil Supreme Court and, in 2007, the Supreme Court ruled that the matter was not properly before the Civil Courts and should be before the Administrative Court. In the Administrative Court lawsuit, the Administrative Court of First Instance rejected the lawsuit stating that it was not competent to hear the matter. Greece then appealed to the Administrative Appeal Court, which court rejected the appeal in 2003. Greece then appealed to the Supreme Administrative Court, which remanded the matter back to the Administrative Appeal Court for a hearing on the merits. The re-hearing took place in 2006, and in 2008 the Administrative Appeal Court rejected Greece's appeal on procedural grounds. On December 22, 2008 and January 23, 2009, Greece appealed the ruling to the Supreme Administrative Court. A hearing was held during November 2012.

The outcome of this matter is still in doubt and cannot be predicted with any degree of certainty. We intend to continue a vigorous and appropriate defense to the claims asserted in this matter. Through July 28, 2013 we have accrued an estimated liability, including interest, of \$14,399. Our accrual is based upon management's estimate of the original claim by the plaintiffs for lost payments. We continue to accrue interest on the asserted claim. We are unable to estimate a total possible loss as information as to possible additional claims, if any, have not been asserted or quantified by the plaintiffs at this time.

In October 2012, we opened our new casino in Cape Girardeau, Missouri. A subcontractor has filed a mechanics' lien against our property resulting from a dispute between the subcontractor and our general contractor for the construction project. We demanded that the general contractor cause the lien to be bonded against or satisfied, however the general contractor has refused to do so and asserted that a portion of the subcontractor's claim results from additional work directly requested by us. The general contractor is attempting to resolve the subcontractor's claim. While we are not a direct party in the dispute, in the event that we incur any costs in connection with this matter, we do not believe that any such costs would be material, and if incurred, would be capitalized as additional construction costs.

We are subject to certain federal, state and local environmental protection, health and safety laws, regulations and ordinances that apply to businesses generally, and are subject to cleanup requirements at certain of our facilities as a result thereof. We have not made, and do not anticipate making material expenditures, nor do we anticipate incurring delays with respect to environmental remediation or protection. However, in part because our present and future development sites have, in some cases, been used as manufacturing facilities or other facilities that generate materials that are required to be remediated under environmental laws and regulations, there can be no guarantee that additional pre-existing conditions will not be discovered and we will not experience material liabilities or delays.

We are subject to various contingencies and litigation matters and have a number of unresolved claims. Although the ultimate liability of these contingencies, this litigation and these claims cannot be determined at this time, we believe they will not have a material adverse effect on our consolidated financial position, results of operations or cash flows.

Executive Overview

We are a leading developer, owner and operator of branded gaming facilities and related dining, lodging and entertainment facilities in regional markets in the United States. We have sought and established geographic diversity to limit the risks caused by weather, regional economic difficulties, gaming tax rates and regulations of local gaming authorities. We currently operate casinos in Louisiana, Mississippi, Missouri, Iowa, Colorado, Florida and Pennsylvania. We also operate a harness racing track at our casino in Florida.

Our operating results for the periods presented have been affected, both positively and negatively, by current economic conditions and several other factors discussed in detail below. Our historical operating results may not be indicative of our future results of operations because of these factors and the changing competitive landscape in each of our markets, as well as by factors discussed elsewhere herein. This Management's Discussion and Analysis of Financial Condition and Results of Operations should be read in conjunction with our Annual Report on Form 10-K for the year ended April 28, 2013 and by giving consideration to the following:

Items Impacting Income (Loss) from Continuing Operations Significant items impacting our income (loss) from continuing operations during the fiscal quarters ended July 28, 2013, and July 29, 2012 are as follows:

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-Q

Casino Openings We opened our Lady Luck Casino on the Nemaquin Woodlands Resort in Farmington, Pennsylvania on July 1, 2013 and our new Isle Casino in Cape Girardeau, Missouri on October 30, 2012.

Disruption Our Davenport property closed due to flooding during fiscal 2014 from the night of June 28, 2013 to the afternoon of July 3, 2013. Our Boonville property was affected by power outages and forced to close three times during the three months ended July 28, 2013 for approximately 40 hours, of which two periods were over the key holidays of Father's Day weekend and on the 4th of July. These disruptive events have had a negative impact on our operating results.

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-Q

Increased Competition From time to time, new or expanded facilities by our competitors impact our results. For example, competition from a new casino in Natchez opened at the end of December 2012 has negatively impacted our Natchez casino. Expansions by Arkansas based competitors have negatively impacted our Lula property.

Income Tax Provision Our income tax provision from continuing operations was impacted by our estimate of annual taxable income for financial statement purposes, changes in the deferred tax liability attributable to indefinite lived intangibles, our percentage of permanent and other items in relation to such estimated income or loss, as well as changes in valuation allowances. We recorded a valuation allowance during the three months ended July 28, 2013. As a result, our tax provision was \$1.4 million for the three months ended July 28, 2013.

Casino Casino revenues increased \$11.9 million, or 4.7%, for the three months ended July 28, 2013, as compared to the same period in fiscal 2012. Excluding casino revenues of \$14.3 million and \$2.5 million at our Cape Girardeau and Nemaacolin properties, respectively, casino revenues decreased \$4.9 million, or 1.9%, primarily due to decreases at our Davenport and Boonville properties of \$1.5 million and \$1.4 million, respectively, as a result of the closures caused by flooding and electrical outages, and decreases at our Lula and Natchez properties of \$2.5 million and \$1.4 million, respectively, as a result of increased competition. These decreases were offset by increases of \$3.7 million and \$1.2 million at our Pompano and Black Hawk properties as the Company has been able to increase market share through effective advertising.

Casino operating expenses increased \$3.2 million, or 8.4%, for the three months ended July 28, 2013, as compared to the same period in the prior fiscal year. Excluding casino operating expenses of \$3.1 million at our Cape Girardeau and Nemaacolin properties, casino expenses

decreased \$0.1 million or 0.5%.

Gaming Taxes State and local gaming taxes increased \$4.3 million, or 7.1%, for the three months ended July 28, 2013, as compared to the same period in the prior fiscal year. Excluding gaming taxes of \$5.2 million at our Cape

Girardeau and Nemaquin properties, gaming taxes decreased \$0.9 million, or 1.4%, commensurate with casino revenues.

Rooms Rooms revenue increased \$0.3 million, or 3.3%, for the three months ended July 28, 2013, as compared to the same period in the prior fiscal year, primarily as a result of the increase of Lake Charles revenue of \$0.3 million due to the completion of the hotel renovation during fiscal 2013.

Food, Beverage, Pari-Mutuel and Other Food, beverage, pari-mutuel and other revenues increased \$2.4 million, or 7.3%, and food, beverage, pari-mutuel and other expenses increased \$1.0 million, or 9.6%. The majority of the increase occurred at our Cape Girardeau and Nemaquin properties.

Promotional Allowances Promotional allowances increased \$2.7 million, or 4.8%, for the three months ended July 28, 2013 which included promotional allowances of \$2.5 million at our Cape Girardeau and Nemaquin properties.

Marine and Facilities Marine and facilities expenses increased \$1.3 million, or 9.8%, for the three months ended July 28, 2013 as compared to the same period in the prior fiscal year. Excluding marine and facilities expense for our Cape Girardeau and Nemaquin properties of \$1.0 million, marine and facilities expense increased by \$0.3 million or 2.3%.

Marketing and Administrative Marketing and administrative expenses increased \$4.2 million, or 7.2%, for the three months ended July 28, 2013 as compared to the same period in the prior fiscal year. Excluding marketing and administrative expenses of \$4.8 million at our Cape Girardeau and Nemaquin properties, marketing and administrative expenses decreased \$0.6 million, or 1%.

Corporate and Development During the three months ended July 28, 2013, our corporate and development expenses were \$6.7 million compared to \$8.5 million for the three months ended July 29, 2012. The three months ended July 28, 2013 includes a gain of \$1.0 million from the sale of our corporate aircraft. In addition, corporate expenses decreased during the first quarter of fiscal 2014 due to reduced incentive compensation expense of \$0.4 million compared to the same period of fiscal 2013.

Depreciation and Amortization Depreciation and amortization expense for the three months ended July 28, 2013 increased \$3.6 million, primarily as a result of \$3.3 million of depreciation and amortization at our Cape Girardeau and Nemaquin properties.

Other Income (Expense) and Income Taxes

Interest expense, interest income, derivative expense and income tax provision for the three months ended July 28, 2013 and July 29, 2012 are as follows:

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-Q

(in thousands)	July 28, 2013	July 29, 2012	Variance	Percentage Variance
Interest expense	\$ (22,658)	\$ (20,431)	\$ (2,227)	10.9%
Interest income	90	175	(85)	-48.6%
Derivative income	230	134	96	71.6%
Income tax provision	(1,411)	(1,318)	(93)	7.1%

Interest Expense Interest expense increased \$2.2 million for the three months ended July 28, 2013, as compared to the same period in the prior fiscal year. This increase primarily reflects the interest associated with the senior notes issued in August 2012 and March 2013 as well as the reduction of capitalized interest during fiscal 2014 compared to fiscal 2013.

Liquidity and Capital Resources

Cash Flows from Operating Activities - During the three months ended July 28, 2013, we generated \$10.9 million in cash flows from operating activities compared to generating \$40.1 million during the three months ended July 28, 2012. The year over year decrease in cash flows from operating activities is primarily the result of the decrease in operating income and changes in the timing of cash payments for interest. Additionally, the cash flows from operating activities for the first quarter of fiscal 2013 includes the collection of \$7.4 million of insurance receivables related to flooding during fiscal 2012.

Cash Flows used in Investing Activities - During the three months ended July 28, 2013, we used \$26.8 million for investing activities compared to using \$43.5 million during the three months ended July 29, 2012. Significant investing activities for the three months ended July 28, 2013 included capital expenditures of \$22.3 million, of which \$13.8 million related to Nemacolin, as well as an additional \$7.5 million toward a Nemacolin gaming license. These outflows were offset by \$1.8 million of cash inflows from the change in restricted cash and investments and \$1.1 million in proceeds from the sale of property and equipment, primarily the sale of the corporate aircraft. Significant investing activities for the three months ended July 29, 2012 included capital expenditures of \$43.0 million, of which \$27.7 million related to Cape Girardeau.

Cash Flows from Financing Activities - During the three months ended July 28, 2013, our net cash flows provided from financing activities were primarily from \$14.9 million in borrowings under our Credit Facility. During the three months ended July 29, 2012, our net cash flows used in financing activities were used primarily to repay our outstanding long-term debt of \$1.5 million.

Availability of Cash and Additional Capital - At July 28, 2013, we had cash and cash equivalents of \$66.6 million and marketable securities of \$27.3 million. As of July 28, 2013, we had \$169.8 million in outstanding revolving credit borrowings under our Credit Facility and our net line of credit availability was approximately \$95.0 million, as limited by our borrowings.

Capital Expenditures and Development Activities - As part of our business development activities, historically we have entered into agreements which have resulted in the acquisition or development of businesses or assets. These business development efforts and related agreements typically require the expenditure of cash, which may be significant. The amount and timing of our cash expenditures relating to development activities may vary based upon our evaluation of current and future development opportunities, our financial condition and the condition of the financing markets. Our development activities are subject to a variety of factors including but not limited to: obtaining permits, licenses and approvals from appropriate regulatory and other agencies, legislative changes and, in certain circumstances, negotiating acceptable leases.

In June 2013, we completed the construction of Lady Luck Nemacolin, a new casino at the Nemacolin Woodlands Resort in Western Pennsylvania and our casino opened July 1, 2013. To date, we have expended \$51.0 million, and expect final costs of approximately \$58 million, including licensing fees of \$12.5 million.

On February 1, 2013, we signed an agreement with Tower Investments, Inc. to manage The Provence, the resort and casino on North Broad Street, Philadelphia, proposed by Tower Entertainment, LLC (the "Tower JV"), if the project is selected by the Pennsylvania Gaming Control Board. The Tower JV is one of six applicants for the final gaming license in Philadelphia. As part of our agreement with the Tower JV, we loaned \$25 million to the Tower JV in the form of a stand-by letter of credit issued for the purpose of securing the Pennsylvania gaming license fee relating to the project. The \$25 million letter of credit can only be drawn upon if the Tower JV is awarded the license. If the Tower JV is selected, we have the option to either 1) be repaid from the proceeds of permanent financing or 2) convert the \$25 million loan into a minority investment in the Tower JV.

Historically, we have made significant investments in property and equipment and expect that our operations will continue to demand ongoing investments to keep our properties competitive. The timing, completion and amount of

additional capital projects will be subject to improvement of economic and local market conditions, cash flows from our continuing operations and borrowing availability under our Credit Facility.

Typically, we have funded our daily operations through net cash provided by operating activities and our significant capital expenditures through operating cash flow and debt financing. While we believe that cash on hand, cash flow from operations, and available borrowings under our Credit Facility will be sufficient to support our working capital needs, planned capital expenditures and debt service requirements for the foreseeable future, there is no assurance that these sources will in fact provide adequate funding for our planned and necessary expenditures or that the level of our capital investments will be sufficient to allow us to remain competitive in our existing markets.

We are highly leveraged and may be unable to obtain additional debt or equity financing on acceptable terms if our current sources of liquidity are not sufficient or if we fail to stay in compliance with the covenants of our Credit Facility. We will continue to evaluate our planned capital expenditures at each of our existing locations in light of the operating performance of the facilities at such locations.

Critical Accounting Estimates

Our consolidated financial statements are prepared in accordance with U.S. generally accepted accounting principles that require our management to make estimates and assumptions that affect reported amounts and related disclosures. Management identifies critical accounting estimates as:

- those that require the use of assumptions about matters that are inherently and highly uncertain at the time the estimates are made;
- those estimates where, had we chosen different estimates or assumptions, the resulting differences would have had a material impact on our financial condition, changes in financial condition or results of operations; and
- those estimates that, if they were to change from period to period, likely would result in a material impact on our financial condition, changes in financial condition or results of operations.

For a discussion of our significant accounting policies and estimates, please refer to Management's Discussion and Analysis of Financial Condition and Results of Operations and Notes to Consolidated Financial Statements presented in our 2013 Annual Report on Form 10-K. There were no newly identified significant accounting estimates in the first quarter of fiscal year 2014, nor were there any material changes to the critical accounting policies and estimates set forth in our 2013 Annual Report.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-Q

Market risk is the risk of loss arising from adverse changes in market rates and prices, including interest rates, commodity prices and equity prices. Our primary exposure to market risk is interest rate risk associated with our Credit Facility.

We have an interest rate swap agreement with a notional value of \$50.0 million as of July 28, 2013. The swap agreement effectively converts portions of the Credit Facility variable debt to a fixed-rate basis until the swap agreement terminates, which occurs in September 2013.

disclosed by us in the reports we file or submit under the Exchange Act of 1934 and such information is accumulated and communicated to management as appropriate to allow timely decisions regarding required disclosure.

CHANGES IN INTERNAL CONTROL OVER FINANCIAL REPORTING

There have been no changes in our internal controls over financial reporting during the fiscal quarter ended July 28, 2013, that have materially affected, or are reasonably likely to materially affect, our internal controls over financial reporting.
