The purchaser should refer to any applicable provisions of the securities legislation of the purchaser s province or territory for particulars of these rights or consult with a legal advisor.

Information Regarding Settlement Date for Notes:

It is expected that delivery of the notes offered hereby will be made on or about the Original Issue Date stated above in this Pricing Supplement, which will be the fifth business day following the date of this Pricing Supplement (T + 5). Pursuant to Rule 15c6-1 under the Securities Exchange Act of 1934, as amended, trades in the secondary market generally are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade notes on the date of this Pricing Supplement or the next succeeding business day will be required, by virtue of the fact that the notes initially will settle in T + 5, to specify an alternate settlement cycle at the time of any such trade to prevent failed settlement and should consult their own advisors.
