ABOUT THE MEETING

Why am I receiving this Proxy Statement and proxy card?

You have received these proxy materials because our board of directors is soliciting your proxy to vote your common stock at the annual meeting of stockholders on May 19, 2016. This Proxy Statement describes matters on which we would like you to vote at our annual meeting. It also provides you with information on these matters so that you may make an informed decision.

What is the purpose of the annual meeting?

At our annual meeting, stockholders will vote on the following three items of business:

- (1) To elect eight (8) directors to hold office until the 2017 annual meeting of stockholders;
- (2) To ratify the selection of EKS&H, LLLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2016; and

Table of Contents

What are the board's recommendations?

Our board of directors recommends that you vote:

- **FOR** the election of each of the eight (8) nominated directors (see Proposal No. 1)
- **FOR** the ratification of the appointment of EKS&H, LLLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2016 (see Proposal No. 2)
- **FOR** the increase of the Company's authorized common stock from 100,000,000 to 200,000,000 shares by amending the Company's Amended and Restated Certificate of Incorporation (see Proposal No. 3)

With respect to any other matter that properly comes before the meeting, the proxy holders will vote as recommended by the board of directors or, if no recommendation is given, in their own discretion.

What shares are entitled to vote?

As of March 23, 2016, the record date for the meeting, we had 76,690,333 shares of common stock outstanding. This amount includes 83,334 shares of unvested restricted common stock issued pursuant to our Amended and Restated 2009 Equity Incentive Plan and 138,356 shares of common stock held for exchange by former shareholders of a company with which we entered into a business combination transaction in 2011, which are not entitled to vote at the annual meeting. Therefore, as of March 23, 2016, 76,468,643 shares of common stock were outstanding and are entitled to vote at the annual meeting. You can vote all of the shares that you owned on the record date. These shares include: (1) shares held directly in your name as the stockholder of record, and (2) shares held for you as the beneficial owner through a stockbroker, bank or other nominee.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Most stockholders hold their shares through a broker or other holder of record rather than directly in their own names. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholder of Record. If your shares are registered directly in your name with our transfer agent, Computershare Trust Company, N.A., you are considered, with respect to those shares, the stockholder of record, and we have sent the Notice directly to you. As the stockholder of record, you have the right to grant your voting proxy directly to the named proxy holder or to vote in person at the meeting. You may vote by proxy via the Internet or telephone by following the instructions provided in the Notice. If you request printed copies of the proxy materials by mail, you may also vote by filling out the proxy card included with the materials or by calling the toll free number found on the proxy card.

Beneficial Owner. If your shares are held in a brokerage account, or by a bank or other holder of record, you are considered the beneficial owner of shares held in street name, and the proxy materials are being forwarded to you by that holder together with a voting instruction card. As the beneficial owner, you have the right to direct your broker, bank or other holder of record how to vote and are also invited to attend the annual meeting.

Who may attend the meeting?

All stockholders as of the record date, or their duly appointed proxies, may attend the meeting. If you are not a stockholder of record but hold shares through a broker, bank or other holder of record (i.e., in street name) and wish to attend the meeting, you will need to provide proof of beneficial ownership on the record date, such as your most recent account statement as of March 23, 2016, a copy of the voting instruction card provided by your broker, bank or other holder of record, or other similar evidence of ownership. Registration and seating will begin at 8:30 a.m., Denver time. Cameras, recording devices and other electronic devices will not be permitted at the meeting.

How may I vote my shares in person at the annual meeting?

Shares held in your name as the stockholder of record may be voted in person at the annual meeting. Shares held beneficially in street name may be voted by you in person only if you obtain a legal proxy from the broker, bank or other holder of record that holds your shares giving you the right to vote the shares. Even if you plan to attend the annual meeting,

Table of Contents

we recommend that you submit your proxy or voting instructions prior to the meeting as described below so that your vote will be counted if you later decide not to attend the meeting.

How may I vote my shares without attending the annual meeting?

Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the meeting. If you are a stockholder of record, you may vote by submitting a proxy card or via the Internet or telephone by following the instructions provided in the Notice. If you hold shares beneficially in street name, you may vote by submitting voting instructions to your broker, bank or other holder of record. For directions on how to vote, please refer to the instructions included in the Notice or, for shares held beneficially in street name, the voting instruction card provided by your broker, bank or other holder of record.

Proxies submitted properly by one of the methods described above will be voted in accordance with the instructions contained therein. If you submit a proxy but do not provide voting directions, the proxy will be voted FOR each of the eight director nominees, FOR the ratification of the appointment of EKS&H, LLLP as our independent registered public accounting firm, FOR the increase of the Company's authorized common stock from 100,000,000 to 200,000,000 shares by amending the Company's Amended and Restated Certificate of Incorporation, and in such manner as the proxy holders named on the proxy determine, in their discretion, upon such other business as may properly come before the annual meeting or any adjournment or postponement thereof.

If your shares are held through a broker, bank or other nominee (collectively referred to as brokers), under applicable rules of the NYSE MKT LLC (NYSE MKT) (the exchange on which our common stock is primarily traded), the broker will vote your shares according to the specific instructions it receives from you. If the broker does not receive voting instructions from you, the broker may vote only on proposals that are considered routine matters under the NYSE MKT rules. Under the NYSE MKT rules and guidance, at this year's annual meeting, your broker may vote without your instructions only on the ratification of the appointment of EKS&H, LLLP as our independent registered public accounting firm for 2016. The broker's failure to vote on the election of directors or to increase the Company's authorized common stock from 100,000,000 to 200,000,000 shares by amending the Company's Amended and Restated Certificate of Incorporation, because the broker lacks discretionary authority to do so, commonly referred to as a broker non-vote, will not affect the outcome of the vote on either of these matters.

May I change my vote or revoke my proxy after I return my proxy card?

Yes. Even after you have submitted your proxy, you may change the votes you cast or revoke your proxy at any time before the votes are cast at the meeting by (1) delivering a written notice of your revocation to our Corporate Secretary at our principal executive office located at 350 Indiana Street, Suite 800, Golden, Colorado 80401; (2) executing and delivering a later dated proxy card; or (3) by the Internet or telephone by following the voting instructions provided in the Notice. In addition, the powers of the proxy holders to vote your stock will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

What constitutes a quorum?

Edgar Filing: Golden Minerals Co - Form DEF 14A

The presence at the meeting, in person or by proxy, of the holders of a majority (over 50%) of the shares of our common stock outstanding and entitled to vote as of the record date will constitute a quorum. There must be a quorum for any action to be taken at the meeting (other than an adjournment or postponement of the meeting). If you properly submit a proxy, even if you abstain from voting, then your shares will be counted for purposes of determining the presence of a quorum. If a broker or bank indicates on a proxy that it lacks discretionary authority as to certain shares to vote on a particular matter, commonly referred to as broker non-votes, those shares will still be counted for purposes of determining the presence of a quorum at the meeting.

What vote is required to approve each item?

Election of Directors. In the election of directors, eight (8) candidates will be elected by a plurality of affirmative votes. That is, the eight (8) candidates that receive the highest number of affirmative votes will be elected to serve on our board of directors.

Ratification of EKS&H, LLLP. The affirmative vote of a majority of the outstanding shares of common stock present at the meeting (either in person or by proxy) will be required for ratification.

Table of Contents

Increase Authorized Common Stock. The affirmative vote of a majority of the outstanding shares of common stock present at the meeting (either in person or by proxy) will be required to approve an increase to the Company's authorized common stock from 100,000,000 to 200,000,000 shares by amending the Company's Amended and Restated Certificate of Incorporation.

How may I vote on each of the proposals?

In the election of directors, you may vote **FOR** any one or more of the nominees, or your vote may be **WITHHELD** with respect to any one or more of the nominees. For the ratification of EKS&H, LLLP, you may vote **FOR** or **AGAINST** the proposal, or you may indicate that you wish to **ABSTAIN** from voting on the proposal. For approval to increase the Company's authorized common stock from 100,000,000 to 200,000,000 shares by amending the Company's Amended and Restated Certificate of Incorporation, you may vote **FOR** or **AGAINST**, or you may indicate that you wish to **ABSTAIN** from voting.

Who will count the proxy votes?

Votes will be tabulated by Alliance Advisors.

How will voting on any other business be conducted?

We do not expect any matters to be presented for a vote at the meeting other than the matters described in this Proxy Statement. If you grant a proxy, any of the officers named as proxy holder, Warren M. Rehn, Robert P. Vogels, or their nominee(s) or substitute(s), will have the discretion to vote your shares on any additional matters that are properly presented for a vote at the meeting. If a nominee is not available as a candidate for director, the person named as the proxy holder will vote your proxy for another candidate nominated by our board of directors.

What rights of appraisal or similar rights of dissenters do I have with respect to any matter to be acted upon at the meeting?

No action is proposed at this meeting for which the laws of the state of Delaware or our Bylaws provide a right of our stockholders to dissent and obtain appraisal of or payment for such stockholders' common stock.

Who will bear the cost of this proxy solicitation?

Edgar Filing: Golden Minerals Co - Form DEF 14A

The accompanying proxy is solicited on behalf of the Company by its board of directors, and the cost of solicitation will be borne by Golden Minerals. Following the original mailing of the proxies and soliciting materials, directors, officers, and employees of the Company may solicit proxies by mail, telephone, facsimile, email or personal interviews. Table of Contents**PROPOSAL NO. 2 RATIFICATION OF APPOINTMENT OF AUDITORS**

The board of directors, pursuant to the recommendation of the Audit Committee of the board of directors, unanimously recommends ratification of the selection of EKS&H, LLLP (EKS&H) to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2016.

The affirmative vote of the holders of a majority of the common stock entitled to vote and represented in person or by proxy at the annual meeting is required to ratify the selection of our independent registered public accounting firm for the fiscal year 2016. In the event the ratification is not approved by the required number of holders, the Audit Committee may reconsider, but will not necessarily change, its selection of EKS&H to serve as our independent registered public accounting firm. A representative of EKS&H is expected to attend the meeting and will have an opportunity to make a statement if he or she so desires, and will be available to respond to appropriate questions.

EKS&H has served as the Company's independent registered public accounting firm since August 13, 2013, providing audits for the Company for the fiscal years ended December 31, 2013, December 31, 2014 and December 31, 2015.

The following table sets out the aggregate fees billed by our principal accountant EKS&H related to the fiscal years ended December 31, 2015 and 2014 for the categories of fees described.

	Fiscal Year Ended December 31,	
	2015	2014
Audit Fees(1)	\$ 280,222	\$ 295,833
Audit Related Fees	\$	\$
Tax Fees	\$	\$
All Other Fees(2)	\$	\$ 35,474
Total Fees	\$ 280,222	\$ 331,307

(1) Audit fees include fees for services rendered for the audit of our annual financial statements and reviews of our quarterly financial statements.

(2) For 2014, other fees included fees related to our September 2014 equity offering and registration statement filings.

The Audit Committee charter includes certain policies and procedures regarding the pre-approval of audit and non-audit services performed by an outside accountant. The Audit Committee is required to pre-approve all engagement letters and fees for all auditing services (including providing comfort letters in connection with securities underwritings) and non-audit services performed by the outside auditors, subject to any

exception under Section 10A of the Securities Exchange Act of 1934 and any rules promulgated thereunder. Pre-approval authority may be delegated to a committee member or a subcommittee, and any such member or subcommittee must report any decisions to the full committee at its next scheduled meeting. All of the fees and services provided by EKS&H during 2015 and 2014 were approved by the Audit Committee pursuant to its pre-approval policy as provided in the Audit Committee charter.

PROPOSAL NO. 3 INCREASE AUTHORIZED COMMON STOCK

The board of directors unanimously recommends that the Company's stockholders vote FOR the increase of the Company's authorized common stock from 100,000,000 to 200,000,000 shares by amending the Company's Amended and Restated Certificate of Incorporation.

On February 25, 2016, the Company's board of directors unanimously adopted a resolution approving, declaring advisable and recommending to stockholders for their approval the increase of the Company's authorized common stock from 100,000,000 to 200,000,000 shares by amending Article IV, Section 4.1(a) of the Company's Amended and Restated Certificate of Incorporation. The approval by the board is subject to the approval of such amendment by the holders of a majority of the issued and outstanding shares of our common stock. A copy of the proposed amendment is attached to this Proxy Statement as Appendix A. The proposed amendment will become effective upon the filing of the amendment with the Delaware Secretary of State.

Table of Contents

Reasons for the Proposed Amendment

We currently have 76,690,333 shares of common stock outstanding, plus 12,534,835 shares issuable upon exercise of outstanding warrants, restricted stock units and options, plus approximately 4,135,000 shares issuable upon conversion of the remaining principal and interest under the Senior Secured Convertible Note issued to our largest stockholder The Sentient Group on October 27, 2015 (the Sentient Note), assuming that approximately \$1,199,384 remaining principal and interest is converted on the Sentient Note maturity date of October 27, 2016 at an assumed conversion price of \$0.29. If the conversion price is lower than \$0.29, a greater number of shares would be issuable upon conversion. As such, of our currently 100,000,000 authorized shares, we have only approximately 6,639,000 shares of unissued, unreserved common stock available for future issuance.

The Company's board of directors recommends approval of the proposed amendment so that it will have additional authorized but unissued and unreserved shares to permit the pursuit and effectuation of corporate transactions requiring the issuance of common stock in the future. Those transactions may include:

- the issuance of common stock in connection with the growth and expansion of the Company's business, including acquisition of mining properties or other companies engaged in the mining business;
- the issuance of common stock or securities convertible into common stock in connection with financing and recapitalization transactions;
- the future authorization of additional shares of common stock for issuance under the Company's executive compensation program and the Amended and Restated 2009 Equity Incentive Plan; and
- the issuance of common stock in connection with other corporate transactions that implement proper business purposes determined by the board of directors to be in the best interests of the Company and its stockholders

The Company's board believes that additional authorized shares should be available in the future in order to permit the Company to pursue the various transactions described above and to provide for its growth and financial stability. Many of the types of transactions discussed above arise under circumstances requiring prompt action and do not allow the necessary time to seek stockholder approval to authorize additional shares. The board believes that it is very important for it to have the flexibility to be able to act promptly in the best interests of the Company and its stockholders when circumstances such as those described above arise.

The Company may pursue the acquisition of other mining companies, mining properties or interests in mining properties in the future. In the event the proposed increase in authorized shares of common stock is approved by stockholders, such future acquisitions may be effected for a consideration that includes the issuance of shares of the Company's common stock, or other securities convertible into the Company's common

stock, in partial or full payment of the purchase price. The Company anticipates that the terms of any acquisitions in which it would issue shares will be determined through direct negotiations with the securities holders or controlling persons of the entities or properties being acquired. Factors taken into account in determining the terms may include cash flow, reserves and mineralized material, earnings power, quality of management, properties, market location and position, and growth potential.

The Company's board of directors unanimously recommends that stockholders vote FOR an increase of the Company's authorized common stock from 100,000,000 to 200,000,000 shares by amending the Company's Amended and Restated Certificate of Incorporation.

THE BOARD AND ITS COMMITTEES

comprised of Messrs. Palmer, Eppler and Watkins. Each of the members of the Audit Committee is independent and financially sophisticated, as defined by the NYSE MKT listing standards. Our board of directors has determined that Mr. Palmer, the Audit Committee Chairman, qualifies as an Audit Committee Financial Expert as that term is defined in rules promulgated by the SEC. The Audit Committee is responsible for the selection, compensation, retention and oversight of the independent auditor, which reports directly to the Audit Committee. The Audit Committee also assists the board of directors in reviewing and oversight of the quality and integrity of the Company's accounting, auditing and financial reporting practices. The Audit Committee regularly reviews the Company's financial statements and reports, earnings press releases, financial reporting process, system of internal controls, and compliance with applicable law.

The board of directors has adopted a written charter for the Audit Committee. The charter may be viewed on Golden Minerals' website at www.goldenminerals.com/corp_gov.php.

Compensation Committee. The Compensation Committee met three (3) times during 2015 and is currently comprised of Messrs. Masterton-Hume, Morano and Watkins. Each member of the Compensation Committee is independent as defined by the NYSE MKT listing standards. The principal responsibilities of the Compensation Committee are to establish policies and periodically determine matters involving executive compensation, recommend changes in employee benefit programs, grant or recommend the grant of stock options and stock awards under our Amended and Restated 2009 Equity Incentive Plan, and provide counsel regarding key personnel selection. The Compensation Committee has authority to retain such compensation consultants, outside counsel and other advisors as the Committee in its sole discretion deems appropriate. The Compensation Committee has not engaged the services or paid a fee to any compensation consultant or other third party to evaluate or assist with the evaluation of the Company's compensation arrangements.

The board of directors has adopted a charter for the Compensation Committee, a copy of which is available on Golden Minerals' website at www.goldenminerals.com/corp_gov_compcomm.php.

Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee, which met two (2) times during 2015, is currently comprised of Messrs. Eppler, Mason, Morano and Palmer. Each member of the Corporate Governance and Nominating Committee is independent as defined by the NYSE MKT listing standards. The Corporate Governance and Nominating Committee is responsible for overseeing and evaluating the board's performance, selecting and evaluating prospective director nominees and reviewing board and board committee compensation. The Corporate Governance and Nominating Committee also oversees and provides advice to the board of directors regarding our corporate governance policies, practices and procedures.

The board of directors has adopted a charter for the Corporate Governance and Nominating Committee, a copy of which is available on Golden Minerals' website at www.goldenminerals.com/corp_gov_corpnom.php.

The Role of the Corporate Governance and Nominating Committee in the Nomination Process

In identifying and recommending nominees for positions on our board of directors, our Corporate Governance and Nominating Committee places emphasis on the following criteria, among others:

- Judgment, character, expertise, skills and knowledge useful to the oversight of our business;
- Business or other relevant experience; and
- The extent to which the interplay of the nominee's expertise, skills, knowledge and experience with that of other members of our board of directors will contribute to a board that is effective, collegial and responsive to the needs of the Company.

Our Corporate Governance and Nominating Committee does not set specific, minimum qualifications that nominees must meet in order for the Corporate Governance and Nominating Committee to recommend them to our board of directors, but rather believes that each nominee should be evaluated based on his or her individual merits, taking into account the needs of the Company and the composition of our board of directors. In considering diversity, we consider diversity of viewpoints, backgrounds and experience. We do not, however, have any formal policy regarding diversity in identifying nominees for a directorship, but rather consider it among the various factors relevant to any particular nominee. Our Corporate Governance and Nominating Committee evaluates possible candidates in detail and suggests individuals to explore in more depth. In the event that we decide to fill a vacancy that exists or we decide to increase the size of the board of directors, our Corporate Governance and Nominating Committee will identify, interview and examine, and make recommendations to the board of directors regarding appropriate candidates. We identify potential candidates principally through suggestions from the

Table of Contents

Company's directors and senior management. Our President and Chief Executive Officer and board members may also seek candidates through informal discussions with third parties. We also consider candidates recommended or suggested by stockholders.

Board Independence and Leadership Structure

Our board of directors has determined that each of our directors, other than Mr. Rehn, our President and Chief Executive Officer, Mr. Clevenger, the Company's former President and Chief Executive Officer, and Mr. Pullar, is independent as defined by the NYSE MKT listing standards.

Mr. Rehn now serves as our President and Chief Executive Officer. Mr. Rehn succeeded Mr. Clevenger, who served as our President through May 2015 and as our Chief Executive Officer through September 2015. Mr. Clevenger has served as our Chairman of the board of directors since the Company's inception in March 2009. The board believes that the Company is best served by a Chairman who has been actively involved with the Company and is therefore able to bring a significant depth of knowledge about the Company to the role of Chairman. While we do not have a lead independent director, the independent members of the board meet from time to time as they deem necessary.

The board has determined that Mr. Pullar is not an independent director, in part, because he is the Chief Executive Officer and a director of The Sentient Group, which is the Company's largest stockholder, holding approximately 49% of the Company's outstanding common stock. Additionally, pursuant to an agreement entered into between the Company and a fund managed by The Sentient Group in connection with its initial investment in the Company in a 2009 private placement, the Company agreed to nominate one individual designated by The Sentient Group for election to the Company's board of directors.

We believe that our current board leadership structure is appropriate as a majority of our board of directors are independent directors.

The Board's Role in Risk Oversight

It is management's responsibility to manage risk and bring to the board of directors' attention any material risks to the Company. The board of directors has oversight responsibility through its Audit Committee, which oversees the Company's risk policies and processes relating to the financial statements and financial reporting processes and the guidelines, policies and processes for mitigating those risks.

Stockholder Nominations

The Corporate Governance and Nominating Committee will receive, review and evaluate director candidate recommendations from stockholders. The Corporate Governance and Nominating Committee has adopted written procedures to be followed by stockholders in submitting such recommendations. Candidates proposed by stockholders will be evaluated by the Corporate Governance and Nominating Committee in the same manner as candidates that are not proposed by stockholders. While stockholders may propose director nominees at any

Edgar Filing: Golden Minerals Co - Form DEF 14A

time, we must receive the required notice (described below) on or before the date set forth in the prior year's annual proxy statement under the heading "Stockholder Proposals" in order for a proposed nominee to be considered by the Corporate Governance and Nominating Committee in connection with our next annual meeting of stockholders (typically held in May or June of each year).

Stockholders wishing to recommend a director candidate to serve on the board may do so by providing advance written notice to the Chairman of the Corporate Governance and Nominating Committee that identifies the candidate and includes certain information regarding the nominating stockholder and the candidate. A description of the required notice is available on our website at www.goldenminerals.com/corp_gov_boarddir.php.

A stockholder nominee for director should be a person of integrity committed to devoting the time and attention necessary to fulfill his or her duties to Golden Minerals. The Corporate Governance and Nominating Committee will evaluate the independence of directors and potential directors nominated by stockholders, as well as his or her business experience, specialized skills and other experience. Diversity of background and experience, including diversity of race, ethnicity, international background, gender and age, are also important factors in evaluating candidates for board membership. In considering diversity, we consider diversity of viewpoints, backgrounds and experience. The Corporate Governance and Nominating Committee will also consider issues involving possible conflicts of interest of directors or potential directors.

Director Attendance at the Annual Meeting

All members of the board of directors are encouraged, but not required, to attend the annual meeting of stockholders. Six of the eight board members at the time of the 2015 annual meeting of stockholders held on May 21, 2015, attended the meeting.

Compensation Committee Interlocks and Insider Participation

Our Compensation Committee is currently comprised of Messrs. Masterton-Hume, Morano and Watkins. Each member of the Compensation Committee is independent as defined by NYSE MKT listing standards. No member of the Compensation Committee has ever been an officer or employee of Golden Minerals or any of its subsidiaries, nor did any of these individuals have any reportable transactions with Golden Minerals or any of its subsidiaries in 2015. None of our current executive officers has served as a director or member of the compensation committee (or equivalent thereof) of another entity, any of whose executive officers served as a director of Golden Minerals.

Director Compensation

Our directors who are also our employees receive no fees for board service. Currently, Mr. Rehn is the only director who is also an employee. The compensation for the non-employee directors of Golden Minerals includes the following: (i) a \$20,000 annual cash retainer, (ii) a \$1,000 cash fee for each board meeting that the director attends in person or by telephone, (iii) a \$1,000 cash fee for each committee meeting that the director attends in person or by telephone, (iv) a \$30,000 cash retainer for the Chairman of the board, and (v) a \$5,000 annual cash retainer for the Chairman of the Audit Committee. Retainer payments are made on the date of the annual stockholders' meeting for service until the next annual meeting. We also reimburse our directors for all reasonable out-of-pocket costs incurred by them in connection with their services.

Non-employee directors may receive discretionary grants of restricted stock units under our Non-Employee Directors Deferred Compensation and Equity Award Plan (the "Deferred Compensation Plan"), an award program pursuant to our Amended and Restated 2009 Equity Incentive Plan. Restricted stock units typically vest on the first anniversary of the grant date, and the recipient director is entitled to receive one unrestricted share of common stock for each vested restricted stock unit upon the termination of the director's service on our board of directors. Our directors are also eligible to receive other equity awards, including stock options, stock appreciation rights, restricted stock units and other stock awards pursuant to our Amended and Restated 2009 Equity Incentive Plan. For 2016, as we did for 2015, we are still considering the value of the grants of restricted stock units to be made to our directors depending on the price of our common stock.

Table of Contents

The table below sets forth all compensation awarded to our non-employee directors during 2015.

(1) Amounts represent awards of 40,000 restricted stock units made to non-employee directors on May 21, 2015, calculated by dividing the dollar amount of the grant by the NYSE MKT closing price of our common stock on the grant date. Mr. Clevenger was granted 30,000 restricted stock units on September 1, 2015, equal to three fourths of the May 2015 non-employee director restricted stock unit grants. Mr. Clevenger ceased to serve as President effective May 21, 2015 and retired as Chief Executive Officer effective September 1, 2015. Typically restricted stock unit grants to non-employee directors are made on the date of the annual shareholder meeting and vest on the first anniversary of the grant date.

(2) Effective September 1, 2015, Mr. Clevenger retired as an officer and employee of the Company, but maintained his position as Chairman of the board. As a non-employee director, Mr. Clevenger receives regular board compensation, as described above, plus an additional annual \$30,000 retainer for his service as Chairman of the board. Annual retainers are typically paid on the date of the annual shareholder meeting. In 2015, Mr. Clevenger received a pro rata \$37,500 cash retainer equal to three fourths of his \$20,000 annual cash retainer (\$15,000) and his \$30,000 chairman cash retainer (\$22,500).

(1) Mr. Rehn was appointed President on May 21, 2015 and Chief Executive Officer on September 1, 2015. Prior to Mr. Rehn's appointment as President in May 2015, he served as the Senior Vice President, Exploration and Chief Geologist. Upon the effectiveness of Mr. Rehn's appointment as Chief Executive Officer on September 1, 2015, his annual salary increased from \$280,000 to \$300,000. Mr. Clevenger ceased serving as President May 21, 2015 and retired as Chief Executive Officer effective September 1, 2015. Prior to retirement in September 2015, Mr. Clevenger's salary was \$500,000. Mr. Vogels' salary during 2015 was \$270,000. Salary amounts for 2014 and 2013 reflect a one year 10% annual salary reduction effective June 1, 2013 through June 1, 2014 for the principal executive officer, principal financial officer and other executive officers of the Company. In conjunction with this salary reduction, the Compensation Committee approved a grant of restricted stock effective June 1, 2013 as described in footnote 3 below. Prior to the 10% salary reduction, the named executive officers' salaries for 2014 and 2013 were \$500,000 for Mr. Clevenger, \$280,000 for Mr. Rehn, and \$270,000 for Mr. Vogels.

(2) Based on Mr. Rehn's performance in 2014, including managing the development and implementation of the Velardeña restart plan and the effort to establish additional producing mines in Mexico, the Compensation Committee awarded Mr. Rehn 125,000 shares of restricted stock on December 11, 2014, vesting one year from the grant date, with a fair market value of \$66,250. See footnote 15 of the Notes to the Consolidated Financial Statements for the year-ended December 31, 2015, included in our Annual Report to Stockholders, for a discussion of the grant date fair value.

(3) Stock-based compensation cost for restricted stock and unit awards is measured based on the closing fair market value of the Company's common stock on the date of grant, in accordance with stock based compensation accounting rules (FASB ASC Topic 718). See footnote 15 of the Notes to the Consolidated Financial Statements for the year-ended December 31, 2015, included in our Annual Report to Stockholders, for a discussion of the grant date fair value. In conjunction with the salary reduction from June 1, 2013 through June 1, 2014, the Compensation Committee approved a grant of restricted stock effective June 1, 2013, vesting June 1, 2014, for these officers in the following amounts: 44,500 shares for Mr. Clevenger, 22,000 shares for Mr. Rehn, and 24,000 shares for Mr. Vogels. The fair value of these shares on the grant date for each officer totaled approximately 10% to 15% of the officer's annual salary prior to the salary reduction. Mr. Clevenger also received 172,500 units pursuant to the Company's 2013 Key Employee Long-Term Incentive Plan (the "KELTIP") on December 13, 2013 with a fair market value of \$74,175. For additional information regarding the KELTIP unit grant to Mr. Clevenger, see "Agreement regarding Mr. Clevenger's Stock Compensation". Amounts for 2013 also reflect annual restricted stock grants made on December 19, 2013. No stock awards were granted to the executive officers during 2014 and 2015. However, Mr. Clevenger received a grant of 30,000 restricted stock units under the Company's Non-Employee Directors Deferred Compensation and Equity Award Plan for the portion of the year during which he served as non-employee Chairman. See "The Board and its Committees-Director Compensation".

(4) Amounts shown as "All Other Compensation" include contributions to the Company's 401(k) Plan, life insurance premiums paid on behalf of each of the named executive officers and other items, including for Mr. Clevenger amounts related to his tax filings for the excess restricted stock grants in 2010, see "Agreement regarding Mr. Clevenger's Stock Compensation".

(5) Mr. Rehn was appointed President on May 21, 2015 and Chief Executive Officer on September 1, 2015. Prior to Mr. Rehn's appointment as President in May 2015, he served as the Senior Vice President, Exploration and Chief Geologist.

(6) Mr. Clevenger ceased serving as President May 21, 2015 and retired as Chief Executive Officer effective September 1, 2015. Mr. Clevenger continues to serve as the Chairman of the board.

Agreement regarding Mr. Clevenger's Stock Compensation

In October 2013, it came to the attention of the board of directors that certain grants of restricted shares of common stock issued to Mr. Clevenger pursuant to the Company's Amended and Restated 2009 Equity Incentive Plan had been issued in excess of a 150,000 share limit in the plan on grants to any one individual in one calendar year. The grants made in excess of this limit were comprised of 27,500 restricted shares issued in December 2010 that vested in September 2011 and 145,000 restricted shares issued in December 2012, none of which had vested at that time (collectively, the Excess Restricted Shares). Mr. Clevenger surrendered the Excess Restricted Shares to the Company on December 13, 2013. Also on December 13, 2013, in order to provide compensation to Mr. Clevenger equivalent to the compensation that the Company had intended to provide by grant of the Excess Restricted Shares, the Company granted to Mr. Clevenger 172,500 KELTIP units pursuant to the KELTIP. Upon Mr. Clevenger's retirement as Chief Executive Officer effective September 1, 2015, the 172,500 KELTIP units were settled and converted into common stock of the Company on a one-for-one basis.

Post-Employment Payments

Termination Not in Connection with a Change of Control

All of our full-time salaried employees, including each of our executives, are covered by our Severance Compensation Plan. If an executive's employment is terminated by us other than for cause (as defined in the plan) and such termination is not in connection with or following a change of control, death, disability or retirement, the executive is entitled to receive a lump sum payment equal to the executive's then current annual salary. We will also pay to the executive an amount equal to the difference between the monthly medical and/or dental premiums the executive was paying immediately prior to termination of employment and the total COBRA premium due in order to continue such insurance coverage. Our Incentive Bonus Plan provides that in such circumstances, the executive will be entitled to receive an amount equal to the executive's target bonus percentage, multiplied by the amount of annual salary paid to the executive through the date of termination. No executive who is terminated for cause, terminates or otherwise voluntarily leaves his or her employment, or whose employment is terminated as a result of death, disability or retirement, is entitled to receive any benefits under the Severance Compensation Plan.

In addition, restrictions on unvested restricted shares will lapse and unvested KELTIP units will vest upon an executive's termination of employment without cause, or as a result of the executive's death, disability or retirement. If an executive's employment terminates for any other reason, including for cause, prior to the scheduled vesting date of restricted shares or KELTIP units, the shares and units, respectively, are forfeited upon termination unless otherwise determined by the Company. Upon an executive's retirement or termination without cause, all unvested options vest. If an executive's employment terminates for cause or in the case of disability or death, all unvested options will immediately terminate. For the

Table of Contents

purpose of our restricted share and option awards, "retirement" means an executive's termination of employment from the Company and a cessation of work in the executive's profession as determined at the discretion of the board of directors or designated committee (i) on or after attaining age 55 and completing at least ten years of service, or (ii) on or after attaining age 62.

If the termination of employment of one of our named executive officers had occurred as of December 31, 2015 in a manner that would have entitled him to payment pursuant to the Severance Compensation Plan, we estimate the following amounts would have been due.

	Severance Payment (Salary)(1)	Severance Payment (Bonus)(2)	Health Insurance Premiums(3)	Stock Awards(4)	Total
Warren M. Rehn (5)	\$ 300,000	\$ 210,000	\$ 33,830	\$ 8,333	\$ 543,830
Jeffrey G. Clevenger (6)	\$	\$	\$	\$	\$
Robert P. Vogels	\$ 270,000	\$ 135,000	\$ 34,528	\$ 8,333	\$ 439,528

(1) Reflects executive's annual salary for the year ended December 31, 2015.

(2) Reflects target bonus amounts for the year ended December 31, 2015, which for Mr. Rehn was 70% of his annual base salary and for Mr. Vogels was 50% of his annual base salary.

(3) We currently pay 100% of group health insurance premiums for medical and dental benefits. Amounts shown reflect 12 months of such premiums at rates in effect at December 31, 2015.

(4) Reflects the value of outstanding restricted stock awards calculated at \$0.20 per share, the closing price of our common stock on the last trading day of 2015, December 31, 2015, as reported on the NYSE MKT, as shown above in the Outstanding Equity Awards at Fiscal Year-End Table .

(5) Mr. Rehn was appointed as President effective May 21, 2015 and as Chief Executive Officer effective September 1, 2015.

(6) Mr. Clevenger ceased serving as President May 21, 2015 and retired as Chief Executive Officer effective September 1, 2015. As such, Mr. Clevenger was not eligible for severance as of December 31, 2015.

Termination in Connection with a Change of Control

We have entered into a Change of Control Agreement, as amended, with each of our named executive officers. Payments under a Change of Control Agreement are in lieu of payments pursuant to our Severance Compensation Plan and are triggered only if one of the following events occurs within two years after a change of control: (1) termination of employment by us other than for cause, disability or death, or (2) termination of employment by the executive for good reason. Upon the occurrence of a change of control, all restricted stock is no longer subject to restrictions, all unvested options vest, and all unvested KELTIP units vest in full. The amounts shown in the table below assume the occurrence of a change of control and one of the triggering termination events on December 31, 2015. These amounts are estimates of the amounts that would have been paid to the named executive officers upon the occurrence of such events. Actual future amounts can only be determined at the time of the named executive officer's termination of employment. If payments made to the executive would subject the executive to the excise tax imposed by Section 4999 of the Internal Revenue Code, the executive would be entitled to receive an additional gross-up payment to cover the excise tax. Receipt of benefits upon termination is subject to the execution of a general release of claims by the named executive officer or his beneficiary.

	Cash Severance Payment (Salary)(1)	Cash Severance Payment (Bonus)(2)	Health Insurance Premiums(3)	Other Insurance Benefits(4)	Stock Awards(5)	Total
Warren M. Rehn(6)	\$ 600,000	\$ 420,000	\$ 67,660	\$ 5,000	\$ 8,333	\$ 1,100,993
Jeffrey G. Clevenger (7)	\$	\$	\$	\$	\$	\$
Robert P. Vogels	\$ 540,000	\$ 270,000	\$ 69,056	\$ 5,000	\$ 8,333	\$ 892,389

(1) Each of Mr. Rehn and Mr. Vogels is entitled to receive two times his highest annual base salary during the term of the Change of Control Agreement. At December 31, 2015, the highest annual base salary for Mr. Rehn was \$300,000 and for

Table of Contents

Mr. Vogels was \$270,000. This amount must be paid in a lump sum within 10 business days after the date of termination of employment.

(2) Each of Mr. Rehn and Mr. Vogels is entitled to receive two times his respective target bonus amount. At December 31, 2015, the target bonus percentage for Mr. Rehn was 70% of his annual base salary and for Mr. Vogels was 50% of his annual base salary. This amount must be paid in a lump sum within 10 business days after the date of termination of employment.

(3) We will pay, on each executive's behalf, the portion of premiums of the Company's group health insurance, including coverage for his eligible dependents, that Golden Minerals paid immediately prior to the date of termination (COBRA Payments) for the period that such executive is entitled to coverage under COBRA, but not to exceed 24 months for Mr. Rehn and Mr. Vogels. We will pay such COBRA Payments for the executive's eligible dependents only for coverage for those dependents that were enrolled immediately prior to the date of termination. The executive will continue to be required to pay that portion of the premium of his health coverage, including coverage for eligible dependents that he was required to pay as an active employee immediately prior to the date of termination. If the executive is for any reason not eligible for coverage under COBRA for the full 24 month period, as applicable, we will pay to the executive a lump sum in an amount equal to the product of (i) the amount of the COBRA payment paid on his or her behalf for the final month of the COBRA Period and (ii) the number of months by which the executive's period of COBRA coverage was less than 24 months. Amounts shown in the table above are not discounted to present value.

(4) For the 24-month period immediately following the date of termination, we have agreed to provide to the executive, at a cost not to exceed an aggregate of \$5,000, life, disability, and accident insurance benefits substantially similar to those that the executive was receiving immediately prior to the termination of employment. For the purpose of the above table, we have assumed that a benefit in the aggregate amount of \$5,000 will be provided for the named executives.

(5) Reflects the value of outstanding restricted stock awards calculated at \$0.20 per share, the closing price of our common stock on the last trading day of 2015, December 31, 2015, as reported on the NYSE MKT, as shown above in the Outstanding Equity Awards at Fiscal Year-End Table .

(6) Mr. Rehn was appointed as President effective May 21, 2015 and as Chief Executive Officer effective September 1, 2015.

(7) Mr. Clevenger ceased serving as President May 21, 2015 and retired as Chief Executive Officer effective September 1, 2015. As such, Mr. Clevenger was not eligible for any change of control benefits as of December 31,

2015.

Waiver of Change of Control Benefits

On October 27, 2015, we borrowed \$5.0 million from Sentient, the entire amount available pursuant to the terms of a Senior Secured Convertible Note (the "Sentient Note") and Loan Agreement (the "Loan Agreement"), with principal and accrued interest due on October 27, 2016 (the "Sentient Loan Transaction"). On February 11, 2016, Sentient converted approximately \$4 million of principal and accrued interest (representing the total amount of accrued interest at the conversion date) into 23,335,000 shares of our common stock at an exercise price of approximately \$0.172 per share. Following conversion, Sentient holds approximately 49% of the Company's outstanding common stock. If Sentient converts the remaining amount of principal and interest due at the loan maturity date, estimated at approximately \$1.2 million, at an assumed conversion price of \$0.29, Sentient would own approximately 55% of the Company's then outstanding common stock, assuming no other issuances of common stock.

In connection with the Loan Agreement, Sentient required that the Company's executive officers enter into a Change of Control Benefit Waiver Agreement, pursuant to which each officer (i) agreed that the acquisition by Sentient of the Company's Common Stock pursuant to exercise of the Sentient Note conversion rights would not constitute a Change of Control as defined in and pursuant to the officer's Change of Control Agreement, the Company's Amended and Restated 2009 Equity Incentive Plan, or the Company's Severance Compensation Plan, and (ii) waived any rights to benefits under those Agreements or Plans that might otherwise result from Sentient's acquisition of the Company's common stock by conversion of the Sentient Note. The Agreement does not affect the rights of any executive officer under his Change of Control Agreement or the referenced Plans that might result from a Change of Control as defined in such Agreement or Plans due to a third party's acquisition of the Company's common stock, other than Sentient's acquisition of common stock by exercising its conversion rights.

Risk Management

The board has determined that risks arising from our compensation policies and practices for our executives and employees are not reasonably likely to have a material adverse effect on the Company. The Compensation Committee and board of directors assess our compensation policies and practices from time to time to ensure that the incentives provided in our compensation arrangements do not emphasize short-term risk taking at the expense of decisions likely to enhance stockholder value over the long-term.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Review of Related Person Transactions

We do not have a formal written policy for the review and approval of transactions with related parties. However, the Audit Committee Charter and our Code of Ethics and Business Conduct each provide guidelines for reviewing any related party transaction. In particular, the Audit Committee Charter requires that the Audit Committee review any transaction involving Golden Minerals and a related party at least once a year or upon any significant change in the transaction or relationship. Additionally, our Code of Ethics and Business Conduct prohibits conflicts of interest and provides non-exclusive examples of conduct that would violate the prohibition. If any of our employees are unsure as to whether a conflict of interest exists, the employee is instructed to consult with a specified compliance officer.

We annually require each of our directors and executive officers to complete a directors' or officers' questionnaire, respectively, that elicits information about related party transactions. Our board and legal counsel annually review all transactions and relationships disclosed in the directors' and officers' questionnaires, and the board makes a formal determination regarding each director's independence. If a director were determined no longer to be independent, that director, if he or she serves on any of the Audit Committee, the Corporate Governance and Nominating Committee, or the Compensation Committee, would be removed from such committee prior to (or otherwise would not participate in) any future meetings of the committee. If the transaction were to present a conflict of interest, the board would determine the appropriate response.

Sentient Relationship

Current board member Andrew Pullar was appointed to the board of directors in July 2013. Mr. Pullar is the Chief Executive Officer and a director of The Sentient Group. The board has determined that Mr. Pullar is not an independent director under NYSE MKT and SEC rules, in part, because of his officer and director role with The Sentient Group. Mr. Pullar receives the same equity compensation for service as a non-employee director as is currently provided to the other non-employee directors. Through March 23, 2016, we have awarded Mr. Pullar 160,922 restricted stock units pursuant to the Company's Non-Employee Directors Deferred Compensation and Equity Award Plan. As a result of certain internal requirements of The Sentient Group, Mr. Pullar does not receive cash compensation for his service on the board of directors, and Mr. Pullar will remit to The Sentient Group any common stock issued to him pursuant to the restricted stock units he receives.

Edgar Filing: Golden Minerals Co - Form DEF 14A

Pursuant to an agreement entered into between the Company and a fund managed by The Sentient Group in connection with its initial investment in the Company in a 2009 private placement, the Company agreed to nominate one individual designated by The Sentient Group for election to the Company's board of directors.

Indemnification Agreements with Officers and Directors

We have entered into an indemnification agreement with each of our directors and officers. The indemnification agreements require us to indemnify our directors and officers to the fullest extent permitted under Delaware law.

REPORT OF THE AUDIT COMMITTEE

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report.

The Audit Committee is currently comprised of Terry M. Palmer (Chairman), W. Durand Eppler and David H. Watkins. The Audit Committee is responsible for overseeing and evaluating the Company's financial reporting process on behalf of the board of directors, selecting and retaining the independent auditors, and overseeing and reviewing the internal audit function of the Company.

Management has the primary responsibility for the Company's financial reporting process, accounting principles, and internal controls, as well as preparation of the Company's financial statements in accordance with generally accepted accounting principles in the United States (GAAP). The independent auditors are responsible for performing an audit of the Company's consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and issuing reports thereon. The Audit Committee is responsible for overseeing the conduct of these activities. It is not the Audit Committee's duty or responsibility to conduct auditing or accounting reviews or procedures or to independently verify the representations made by management and the independent auditors. The Audit Committee's considerations and discussions with management and the independent auditors do not assure that the Company's financial statements are presented in accordance with GAAP or that an audit of the annual financial statements has been carried out in

Table of Contents

accordance with the standards of the Public Company Accounting Oversight Board (United States), or that the independent auditors are, in fact, independent.

The Audit Committee has met and held discussions with management and the independent auditors on a regular basis. The Audit Committee plans and schedules its meetings with a view to ensuring that it devotes appropriate attention to all of its responsibilities. The Audit Committee's meetings include, whenever appropriate, executive sessions with the independent auditors without the presence of the Company's management. The Audit Committee has reviewed and discussed with both management and the independent auditors the Company's consolidated financial statements as of and for the year ended December 31, 2015, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of the disclosures in the financial statements. Management advised the Audit Committee that the financial statements were prepared in accordance with GAAP. The Audit Committee has relied on this representation, without independent verification, and on the representations of the independent auditors included in their report on the consolidated financial statements.

The Audit Committee discussed with the independent auditors the matters required to be discussed pursuant to the Statement of Auditing Standards, as amended, the Public Company Accounting Oversight Board (PCAOB) Auditing Standards and the NYSE MKT listing standards.

The independent auditors have provided to the Audit Committee the written disclosures and the letter required by PCAOB Rule 3526,

Communication with Audit Committees Concerning Independence, and the Audit Committee has discussed with the independent auditors their independence. The Audit Committee has also considered whether the independent auditors' provision of other non-audit services to the Company is compatible with maintaining auditor independence. The Audit Committee has concluded that the provision of non-audit services by the independent auditors was compatible with the maintenance of independence in the conduct of their auditing functions.

Based upon its review and discussions with management and the independent auditors and the reports of the independent auditors, and in reliance upon such information, representations, reports and opinions, the Audit Committee recommended that the board of directors approve the audited financial statements for inclusion in the Company's annual report on Form 10-K for the year ended December 31, 2015, and the board of directors accepted the Audit Committee's recommendations.
