SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, executive officers and persons who beneficially own more than 10% of our common stock to file certain reports with the SEC concerning their beneficial ownership of our equity securities. The SEC's regulations also require that a copy of all such Section 16(a) forms filed must be furnished to us by the executive officers, directors and greater than 10% stockholders.

To our knowledge based solely on a review of copies of reports filed under Section 16(a) during the 2015 fiscal year and furnished to us, our directors, executive officers and holders of 10% or more of our shares timely filed reports required by Section 16(a), with the exception of one Form 5 filed late on behalf of Mr. Wilson relating to a gift of 11,000 shares to the Elijah B. SECURITYHOLDER COMMUNICATIONS WITH THE BOARD OF DIRECTORS

Our board welcomes communications from our stockholders and other interested parties. Stockholders and any other interested parties may send communications to our board, to any committee of our board, to the Lead Director, or to any director in particular to: c/o Halcón Resources Corporation, Attention: Corporate Secretary, 1000 Louisiana St., Suite 6700, Houston, Texas 77002. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Charter of Aircraft

In the ordinary course of its business, the Company occasionally charters private aircraft from unaffiliated air charter companies. Floyd C. Wilson, the Company's Chairman and CEO, indirectly owns

an aircraft which is managed by an independent air charter company unaffiliated with both Mr. Wilson and the Company. The Company occasionally charters private aircraft, including the aircraft owned indirectly by Mr. Wilson, from this company. The aircraft in the air charter company's fleet, including the aircraft indirectly owned by Mr. Wilson, are available to the public for charter based upon a standard fee schedule established by the air charter company, with the fees dependent primarily upon the type and size of the aircraft utilized and the duration of the flight. During 2015, the Company paid a total of approximately \$0.5 million to the air charter company that manages Mr. Wilson's aircraft, all of which was related to the use of the aircraft indirectly owned by Mr. Wilson. Because the air charter company establishes fees for the use of the aircraft in its fleet, Mr. Wilson does not receive any greater benefit from the Company's charter of the aircraft indirectly owned by him than he does if any third party were to charter those aircraft. Any fees related to the charter of the aircraft are paid to the air charter company, which deducts from revenues received from charter customers a variety of expenses incidental to use of the aircraft (such as personnel, fuel and commissions) and recurring charges (such as for inspections, maintenance, storage and service).

The use of charter and Company-owned aircraft by Company personnel is governed by the Company's Aircraft Policy. Our policies do not require that a special committee of the Company's independent directors approve the use of aircraft chartered through an unaffiliated air charter company that independently establishes the amount charged under arrangements that otherwise comply with our Aircraft Policy.

Related Party Transaction Review Policies and Procedures

A transaction or series of similar transactions to which we are a party in which the amount involved exceeds \$120,000 and involves a director, executive officer, 5% stockholder or any immediate family members of these persons is evaluated by a special committee of disinterested directors formed by our board of directors to evaluate such transactions. In addition, our code of conduct provides that every employee should disclose any material transaction or relationship that could reasonably be expected to give rise to a conflict of interest to upper management or the Company's Audit Committee. The Audit Committee has the authority to evaluate any such conflicts of interest and recommend actions to be taken by our board in connection with such conflicts of interest or to report the existence of any such conflicts of interest to the full board for it to take action.

(1) Represents actual base salary paid in the year.

(2) Comprised of annual cash incentive bonus paid subsequent to year end for prior year performance.

(3) Represents the grant date fair value of awards granted during the indicated year, as determined in accordance with ASC Topic 718. Pursuant to SEC rules, the amounts shown exclude the impact of estimated forfeitures related to service-based vesting conditions. Please see the discussion of the assumptions made in the valuation of these awards in Note 11 Stockholders Equity to the audited consolidated financial statements included in our annual report on Form 10-K for the year ended December 31, 2015. See Grants of Plan-Based Awards in 2015 for information on awards made in 2015. Generally, the full grant date fair value is the amount that we would expense in our financial statements over the award's vesting schedule. These amounts reflect our accounting expense, and do not correspond to the actual value that will be recognized by the named executive officers.

(4) For 2015, the amounts reported for *All Other Compensation* include amounts provided to the named executive officers as outlined in the table below, with respect to (a) the matching contribution that we make on account of employee contributions under our 401(k) Savings Plan, (b) premiums paid by the Company for executive long-term disability insurance, (c) limited tax gross-ups for life insurance, parking and country club memberships, and (d) country club memberships paid by the Company for Messrs.
