TNMP is a regulated electric utility providing transmission and distribution services in Texas. First Choice is a competitive retail electric provider operating in Texas.

Optim Energy was formed in January 2007 by PNMR and ECJV Holdings, LLC (“ECJV”), a wholly-owned subsidiary of Cascade Investment, L.L.C., one of PNMR’s largest shareholders, to focus on unregulated electric operations, principally in the areas of Texas covered by the Electric Reliability Council of Texas, including the development, operation and ownership of diverse generation assets and wholesale marketing.

Our executive office is located at Alvarado Square, Albuquerque, New Mexico 87158, and our telephone number is (505) 241-2700.

SUMMARY OF THE PLAN

The following summary of the Plan may omit certain information that may be important to you. If you wish to receive a copy of the actual text of the Plan filed with the SEC as Exhibit 99.1 to our Current Report on Form 8-K filed August 31, 2006, please contact: PNM Resources, Inc., Investor Relations, Alvarado Square, Albuquerque, New Mexico 87158, telephone (505) 241-2868.

Purpose

The purpose of the Plan is to provide new and existing shareholders with a convenient and economical method of investing cash and cash dividends in shares of our common stock. Since new shares of our common stock, or shares held in our treasury, may be purchased directly from us, we may receive additional funds for general corporate purposes.

Nothing in this prospectus, the documents incorporated by reference herein or other Plan information represents a recommendation by PNM Resources or anyone else that any person buy or sell PNM Resources common stock. We urge you to read this prospectus thoroughly before you make your own independent decision regarding whether or not to invest in PNM Resources common stock through this Plan.

The value of shares of PNM Resources common stock may increase or decrease from time to time. A Plan participant, like the owner of directly held shares, bears all risk of loss that may result from market fluctuations in the price of our common stock. Unlike an individual stock brokerage account, however, a Plan participant does not have control or authority to direct the price or time at which common stock held under the Plan for the Participant is purchased or sold. We cannot guarantee that shares purchased under the Plan will, at any particular time, be worth more than their purchase price. The Securities Investor Protection Corporation, the Federal Deposit Insurance Corporation, or any other entity does not insure Plan accounts.

- participation, no further action is required for your continued participation. However, if you wish to change your participation in any way (e.g., from partial to full reinvestment), you must submit a new Enrollment Form or access the account management feature on-line through Investor ServiceDirect® at www.bnymellon.com/shareowner/isd or by telephone at 1-877-663-7775. If you own less than 100 shares of our stock, partial reinvestment of cash dividends is not available.

What are my investment options?

Once enrolled in the Plan, you may purchase additional shares of common stock through reinvestment of your dividends and/or by cash investments as described below:

- Dividend reinvestment. If you are a shareholder of record and enrolled in the Plan, you may choose to fully
- invest your cash dividends in shares of our common stock. If you are a shareholder of record owning 100 shares or more, you may choose to reinvest all or a portion of the regular cash dividends paid on your shares held in the Plan toward the purchase of additional shares of our common stock. In addition, you will receive a quarterly account statement. If you own less than 100 shares, you may elect to fully invest your dividends, but you may not elect the partial reinvestment option, and you will receive an annual account statement. Regardless of the number of shares you own, as a participant, you will have electronic access to your account on-line through Investor ServiceDirect® at www.bnymellon.com/shareowner or by telephone at 1-877-663-7775.

You may change your dividend reinvestment election at any time by notifying the Plan Administrator. For a particular dividend to be reinvested, your notification must be received before the record date for that dividend. (The record date is approximately 14 days before the dividend payment date.)

You may, of course, choose not to reinvest any of your dividends, in which case the Plan Administrator will remit any dividends to you by check or automatic deposit to a bank account you designate.

If you elect to reinvest your dividends, you must choose one of the following:

- Full dividend reinvestment. This means you will purchase additional shares through the Plan by investing all your cash dividends.
- Partial dividend reinvestment. If you own 100 shares or more and choose to reinvest less than all your dividends, you may receive a cash dividend payment based on the number of full shares you specify and reinvest the dividends on all remaining shares. This allows you to receive a fixed amount of cash each quarter (assuming the dividend stays the same). This option is not available if you own less than 100 shares.

If you are enrolled in the Plan and fail to choose any dividend reinvestment option (full, partial or cash), you will be deemed to have elected the full dividend reinvestment option until you elect otherwise. Shareholders owning less than 100 shares are no longer automatically enrolled in the Plan.

- Optional cash investments. You may purchase additional shares of our common stock by using the Plan's
- optional cash investment feature. You must invest at least \$50.00 up to \$10,000.00 at any one time but not more than \$100,000.00 per year. Upon receipt of your funds, the Plan Administrator will invest initial and additional cash investments as promptly as practicable, normally at least once every 5 business days.

Shares will be posted to your account in whole and fractional shares immediately upon settlement, usually within 3 business days. You will receive a confirmation of your transaction by paper statement at the postal address you give us when you enroll in the plan.

In the unlikely event that, due to unusual market conditions, the Plan Administrator is unable to invest your funds within 35 days, the Plan Administrator will return the funds to you by check. No interest will be paid on funds held by the Plan Administrator pending investment.

For automatic monthly purchases, the amounts you have authorized will be withdrawn from your banking account on the 24th day of each month, or the next succeeding business day if the 24th falls on a weekend or holiday. The funds will be credited to your account and invested within 5 business days of receipt by the Plan Administrator.

The Plan Administrator will use your investment to purchase as many full and fractional shares as possible. Fractional share amounts will be computed to four decimal places.

You may make optional cash investments by sending a check (not cash) to the Plan Administrator payable to PNM Resources Direct/BNY Mellon, or by authorizing individual electronic transfers from your bank account by accessing your account on-line through Investor ServiceDirect® at bnymellon.com/shareowner/isd. To facilitate processing of your investment when you send a check, please use the transaction stub attached to your Plan statement. Mail your investment and transaction stub to the address specified on the statement. A \$35.00 fee will be assessed for a check or electronic debit that is returned for insufficient funds. Please see the fee schedule attached as Appendix A.

How are my shares typically purchased and how is the purchase price for the shares determined?

Shares of our common stock purchased under the Plan will be, at our election, newly issued shares purchased directly from us, treasury shares purchased directly from us, shares purchased by a broker, or a combination thereof. If shares are purchased under the Plan directly from us and by the Plan Administrator through its broker, each participant's Plan account will be credited with its pro rata portion of the number of shares purchased directly from us and by the broker. We have full discretion as to whether the common stock purchased under the Plan will be purchased on the open market or purchased directly from us, based on our need for capital.

- Common Stock purchased in the open market. The investment price of our common stock purchased in the open market with reinvested dividends, with initial cash investments or with optional cash investments will be the weighted average price, including applicable brokerage trading fees, incurred in connection with the purchase of such shares for the relevant investment date. No interest will be paid on funds held by the Plan Administrator pending investment. The Plan Administrator will normally invest cash dividends within 5 business days of the dividend payment date and will normally invest initial and optional cash investments at least once every 5 business days. The brokerage trading fee is currently \$0.06 per share. We will pay this fee for shares purchased with reinvested dividends and so the weighted average price for such shares will not include this trading fee. See Appendix A.

- Common Stock purchased directly from us. The price of our common stock purchased directly from us with reinvested dividends, initial cash investments or optional cash investments will be the average of the high and low sale prices of shares of our common stock reported on the NYSE on the dividend payment date, initial cash investment date or optional cash investment date, as the case may be. No interest will be paid on funds held by the Plan Administrator pending investment. The Plan Administrator will normally invest initial and optional cash investments at least once every 5 business days.

The "weighted average price" used to calculate the investment price of open market purchases assumes the use of multiple open market purchases to invest plan participant investments. For example, if plan investments required the acquisition of 5,000 shares for allocation to 100 investors and the plan needed the following three separate purchases in the open market to acquire the 5,000 shares, the weighted average would be calculated as follows:

1,000 shares @ \$12.50 = \$12,500.00
 3,000 shares @ \$12.75 = \$38,250.00
 1,000 shares @ \$12.625 = \$12,625.00
 $\$63,375.00 / 5,000 = \12.675

Under the above example, \$12.675 would be the investment price of our common stock purchased on the open market with reinvested dividends. The current trading fee paid by participants for common stock purchased on the open market for initial and optional cash investments is \$0.06 per share. Thus, under the above example, \$12.735 would be the investment price of our common stock purchased on the open market so that an initial or optional cash investment of \$1,000.00 would purchase 78.5238 shares as shown below:

Your investment	\$1,000.00
Weighted average share price	\$12.675
Brokerage trading fee	\$ 0.060
Total price per share	\$12.735

Total shares purchased = $\$1,000.00 / \$12.735 = 78.5238$

The same computational method, however, is not used for shares purchased directly from us because shares purchased in the open market are based upon specific open market transactions that need to be allocated to participants at actual cost. Newly issued shares issued by the Company are not based on specific transactions that need to be allocated but are based on the market, for that day, which is determined based on the average of the low and the high prices of the common stock for the entire day.

Thus, for shares purchased directly from the Company, the issuance price of those shares will be based on the average of the high and low prices of stock trades during the day. If, for example, there were only three trades on a day, at prices indicated in the previous example for market purchases, the average of the high and low prices would be \$12.625 per share $(\$12.50 + \$12.75) / 2$.

Your account will be credited with that number of shares, including fractional shares computed to four decimal places, equal to the amount invested with respect to your Plan account, divided by the price per share of such shares for all purchases for all Plan participants during the applicable period.

You do not have control or authority to direct the price or time at which common stock is purchased or sold for Plan accounts. Therefore, you bear market risk associated with fluctuations in the price of common stock as the price of common stock may go up or down before a purchase or sale is made for your account.

Unless you request one, certificates for shares of common stock purchased under the Plan will not be issued. The number of shares purchased for your account under the Plan will be shown on your statement of account in book-entry form.

Certificates for any number of whole shares credited to your account under the Plan will be issued upon your request. Any remaining full shares and fractions of a share will continue to be credited to your account. Certificates for fractions of shares will not be issued.

How do I sell my shares out of the Plan?

You may sell any number of shares held in book-entry form by notifying the Plan Administrator by phone at 1-877-663-7775, by accessing your account on-line through Investor ServiceDirect® at www.bnymellon.com/shareowner/isd or in writing. Your sale request will be processed and your shares will, subject to market conditions and other factors, generally be sold within 24 hours of receipt of your request. The sale price will be the weighted average price of all shares sold for Plan participants during the period. Please note that the Plan Administrator cannot and does not guarantee the actual sale date or price, nor can it stop or cancel any outstanding sales or issuance requests. All requests are final. The Plan Administrator will mail a check to you (less applicable sales fees) on the settlement date, which is 3 business days after your shares have been sold. Please allow an additional 5 to 7 business days from the settlement date for the post office to deliver your check.

Currently, there is a \$15.00 processing fee, plus a trading fee of \$0.06 per share, for sale transactions and liquidations.

Alternatively, you may choose to sell your shares through a stockbroker of your choice, in which case you would have to request a certificate for your shares from the Plan Administrator prior to such sale.

What is Safekeeping?

Shares of our common stock that you buy under the Plan will be maintained in your Plan account for safekeeping. You will receive a periodic Plan statement detailing the status of your holdings. Safekeeping protects your shares against loss, theft or accidental destruction. Safekeeping also provides a convenient way for you to keep track of your shares. Only shares held in safekeeping may be sold through the Plan.

If you own additional shares of our common stock in certificated form, you may deposit your certificates into your Plan account, free of charge. To use this service, send your certificates to BNY Mellon Shareowner Services by registered mail or traceable delivery service with written instructions to deposit them into your Plan account for safekeeping. The Plan Administrator will provide loss insurance coverage for your certificates with a value not exceeding \$100,000.00 in any one shipping package that is mailed to its address at 480 Washington Boulevard, Jersey City, New Jersey 07310 by USPS registered mail or by traceable delivery service. Do not endorse the certificates or complete the assignment section.

Note: Mail loss insurance covers only the replacement of shares of stock and in no way protects against any loss resulting from fluctuations in the value of such shares.

May I gift my shares out of the Plan?

You may gift or transfer your shares to any recipient you choose by:

- making an initial \$50.00 cash investment to establish an account in the recipient's name or
- transferring shares from your account to the recipient.

You must transfer a whole number of shares unless you transfer your entire account. You may transfer shares to new or existing shareholders. The Plan Administrator will automatically place such

new accounts in full dividend reinvestment status. New participants, at their discretion, may elect another option. If you participate in the dividend reinvestment portion of the Plan and your request to either transfer all your shares or make a partial sale and transfer the balance of your shares is received between the ex-dividend date (the day after the last day during the quarter on which stock can be transferred with the new owner receiving that quarter's dividend payout), and the dividend record date, the processing of your request may be held until after your account is credited with reinvested dividends.

You must have your signature guaranteed by a financial institution participating in the Medallion Signature Guarantee program. The Medallion Guarantee program ensures that the individual signing the certificate or transfer instructions is in fact the registered owner as the name appears on the stock certificate or stock power.

If you need additional assistance, please contact the Plan Administrator.

How do I get my stock certificates?

You may withdraw all or some of the shares from your Plan account by notifying the Plan Administrator. Certificates will be issued for whole shares only. If your request involves a fractional share, a check (less any applicable fees) for the value of the fractional share will be mailed to you.

Certificates will be issued in the name(s) in which the account is registered, unless otherwise instructed. If the certificate is issued in a name other than that on your Plan account registration form, the signature on the instructions or stock power must be guaranteed by a financial institution participating in the Medallion Signature Guarantee program, as described above.

What are the fees relating to participation in the Plan?

The current fees are described in Appendix A. The Plan Administrator will deduct the applicable fees from the investment amount or proceeds from a sale.

How is my investment tracked?

If you participate in the dividend reinvestment portion of the Plan and you hold 100 shares or more, the Plan Administrator will mail you a quarterly Plan statement showing all transactions (shares, amounts invested, purchase prices) for your account, including year-to-date and other account information. If you own less than 100 shares, you will receive an annual statement.

Supplemental statements or notices will be sent when you make an initial or optional cash investment or a deposit, transfer or withdrawal of shares.

Please retain your Plan statements to establish the cost basis of shares purchased under the Plan for income tax and other purposes.

You should notify the Plan Administrator promptly of any change in address since all notices, statements and reports will be mailed to your address of record.

How do I terminate participation in the dividend reinvestment portion of the Plan?

You may discontinue the reinvestment of your dividends at any time by giving notice to the Plan Administrator. The Plan Administrator must receive such notice before the close of business on the

record date for any dividend payment in order to terminate your dividend reinvestment participation prior to such dividend payment date. The Plan Administrator will continue to hold your shares unless you request a certificate for any full shares and a check for any fractional share. You may also request the sale of all or part of any such shares or have the Plan Administrator electronically transfer your shares to your brokerage account.

After you terminate your participation in the dividend reinvestment portion of the Plan, you may rejoin at any time by re-enrolling with the Plan Administrator. However, the Plan Administrator has the right to reject such enrollment if you repeatedly join and withdraw from the Plan, or for any other reason. The Plan Administrator's exercise of such right is intended to minimize unnecessary administrative expenses and to encourage use of the Plan as a long-term shareholder investment service.

What are the material federal income tax consequences of my participation in the Plan?

Your reinvested dividends will be treated for federal income tax purposes in the same manner they would have been treated had you received such dividends in cash on the applicable dividend payment date. Your tax basis in the shares purchased will be equal to the amount of the cash dividends and optional cash investments applied to the purchases of such shares. Your holding period for the shares acquired pursuant to the Plan will begin on the day after the date the shares are purchased. You may recognize gain or loss when your shares (including fractional shares) are sold or otherwise disposed of in a taxable exchange, whether by the Administrator on your behalf or by you upon withdrawal of your shares from the Plan. The amount of such gain or loss will be the difference between the amount you receive for the shares and your tax basis in such shares. **YOU SHOULD CONSULT WITH YOUR OWN TAX ADVISER TO DETERMINE THE PARTICULAR TAX CONSEQUENCES THAT MAY RESULT FROM YOUR PARTICIPATION IN THE PLAN AND THE SUBSEQUENT SALE OR OTHER DISPOSITION OF SHARES ACQUIRED UNDER THE PLAN, INCLUDING THE EFFECT OF ANY APPLICABLE STATE, LOCAL AND FOREIGN TAX LAWS.**

Plan modification or termination

We reserve the right to suspend, modify or terminate the Plan at any time. You will receive notice of any such suspension, modification or termination. We, together with the Plan Administrator, also reserve the right to change any administrative procedures of the Plan.

Suspension or termination

We reserve the right to deny, suspend or terminate participation by a shareholder who is using the Plan for purposes inconsistent with the intended purpose of the Plan. In such event, the Plan Administrator will notify you in writing and will continue to keep your shares safe but will no longer accept optional cash investments or reinvest your dividends. The Plan Administrator will issue a certificate to you upon request.

Limitation of liability

The Plan provides that neither we nor the Plan Administrator in administering the Plan nor any independent agent will be liable for any act done in good faith or for the good faith omission to act in connection with the Plan. This includes, without limitation, any claims of liability:

- for failure to terminate your account upon your death or adjudicated incompetence prior to receiving written notice of such death or adjudicated incompetence; or
- relating to purchase or sale prices reflected in your Plan account or the dates of purchases or sales of your Plan shares; or
- for any loss or fluctuation in the market value after purchase or sale of such shares. The foregoing does not represent a waiver of any rights you may have under applicable securities laws.

How do I make an initial or optional cash investment over the maximum yearly amount?

If you wish to make an initial or optional cash investment in excess of \$100,000.00 and be eligible for a potential discount from the market price, you must obtain our prior written approval. To obtain our approval, you must submit a request for waiver. To make this request, you should obtain a "Request For Waiver" form by contacting the Plan Administrator's Waiver Department at 1-201-680-5300. Completed Request For Waiver forms should be sent to the Waiver Department via facsimile at 1-201-680-4688.

If we approve your request, the Plan Administrator will notify you via return facsimile or e-mail. You must then send the authorized amount to the Plan Administrator in the form of a personal check or electronic funds transfer drawn on a U.S. bank. The Plan Administrator must receive your investment no later than the close of business on the last day before the applicable pricing period start date. Any funds received by the Plan Administrator after the applicable date will be returned to the investor without interest.

We have the sole discretion whether to approve any request to make an initial or optional cash investment in excess of the \$100,000.00 yearly maximum. We may grant those requests for waiver in order of receipt or by any other method that we determine to be appropriate. We also may determine the amount that you may invest pursuant to a waiver. In deciding whether to approve your request for waiver, we may consider the following material factors:

- whether, at the time of your request, the Plan Administrator is acquiring shares of common stock for the Plan directly from us or in the open market or in privately negotiated transactions with third parties;

- whether we need cash to fund a specific project at the current time, at some time in the foreseeable future, or whether funds can be used for a general operational purpose;

- if we decide that there is a need for additional funds, then we would consider whether this Plan was the most beneficial means of raising additional cash compared to an underwritten offering or the issuance of new debt or the use of existing debt financing facilities;

- whether the potential issue price is above or below book value, the general stock market trends at the time of consideration, the general utility trends regarding stock prices at the time of consideration, and our recent stock price trend;

- whether you have participated in the Plan in the past, your current level of participation and whether you are known as a short seller of stock;

- whether granting the waiver request will facilitate obtaining new, diversified and long-term investment in PNM Resources through the Plan; and

- whether the total amount of waiver requests exceeds our cash-raising goal and if so we may adjust potential investments down if the requests are greater than required to meet our goal.

We will probably not grant waiver requests when the Plan Administrator is acquiring shares in the open market or through privately negotiated transactions. In addition, if, at the time of your request, we do not need additional funds, determine that issuing new shares is not the most beneficial means of obtaining additional funds, or determine that the purchase price is below book value, then we may not grant your waiver request.

If you do not receive a response from us within 3 business days of submitting your waiver request, you should assume that we have denied your request.

If requests for a waiver are submitted for any pricing period for an aggregate amount in excess of the amount we are then willing to accept, we may honor these requests in order of receipt, or by any other method that we determine, in our sole discretion, to be appropriate.

We reserve the right to modify, suspend or terminate participation in the Plan by otherwise eligible registered holders or beneficial owners of our common stock for any reason whatsoever including eliminating practices that are inconsistent with the purposes of the Plan, which are to provide a convenient and economical method of investing in our stock and to encourage long-term investment. If it becomes apparent that an individual is buying and immediately selling our common stock to take advantage of the discount provision described below, we will take action to prevent that type of activity, e.g., by not granting any future waiver requests for that person.

Once a waiver request for a cash investment over \$100,000.00 has been granted, how are shares priced and purchased?

Shares purchased pursuant to a granted waiver request will be purchased directly from us. If a request for waiver is approved, the price of shares purchased from us pursuant to the request for waiver will be determined using a pricing period of not less than 1 but not more than 10 trading days as determined by us commencing on a date set by us. Initial and optional cash investments made pursuant to a request for waiver will be applied to the purchase of shares of common stock as soon as practicable on

or after the business day following the last day of the pricing period. This date is referred to as the “Waiver Investment Date”.

Initial and optional cash investments made pursuant to a request for waiver will be acquired at a price equal to the average of the daily high and low sales prices computed up to 7 decimal places, if necessary, of our common stock as reported on the New York Stock Exchange, or NYSE, only, and not a Composite Average, for the applicable trading days immediately preceding the Waiver Investment Date (assuming that we do not set a threshold price for the pricing period or offer a discount from the purchase price as discussed further below). A “trading day” is any day on which our stock is reported as bought or sold over the NYSE. All funds properly received by the Plan Administrator up to the close of business on the last business day before the pricing period begins will be invested by the Plan Administrator in shares of PNM Resources common stock as soon as practicable on or after the Waiver Investment Date. Funds received after this date will be returned to you without interest. Setting a particular 1-10 trading day pricing period for a particular Waiver Investment Date will not affect the setting or a pricing period for any other Waiver Investment Date.

For purposes of determining the price per share for investments made pursuant to a request for waiver, we may set a minimum purchase price per share, or Threshold Price, for any pricing period. This Threshold Price is a minimum price that would be used under an alternative method for setting the per share purchase price that is described in the next paragraph. We will determine whether to set a Threshold Price, and, if so, its amount, at least 3 business days before the first day of the pricing period. We will notify the Plan Administrator of the Threshold Price, if any. In deciding whether to set a Threshold Price, we will consider one, all or a combination of the following factors:

- the general trend of the stock market as a whole, the general trend of the utility sector of the stock market, and the general trend of our stock.
- whether any previous offerings under the waiver provisions of the Plan been over or under subscribed.
- do we have an immediate need for the cash, do we foresee an upcoming transaction that will require new cash and are there external events affecting the decision.

Participants may ascertain whether a Threshold Price has been set or waived for any given pricing period by calling the Plan Administrator’s Waiver Department at 1-201-680-5300 or such other number as we may establish from time to time.

We will fix the Threshold Price for a pricing period as a dollar amount that the average of the high and low sales prices as reported by the NYSE for each trading day of that pricing period (not adjusted for discounts, if any) must equal or exceed. We will exclude from the pricing period and from the determination of the purchase price any trading day within the pricing period that does not meet the Threshold Price. Thus, for example, if we choose to use a 10 day pricing period and the Threshold Price is not met for 2 of the 10 trading days in a pricing period, then we will base the purchase price upon the remaining 8 trading days in which the Threshold Price was met.

In addition, we will return a pro rata portion of each cash investment made pursuant to an approved request for waiver for each trading day of a pricing period for which the Threshold Price is not met as soon as reasonably practical after the pricing period, without interest. The returned amount will be a percentage of the cash investment corresponding to the percentage of trading days below the Threshold Price. Thus, for example, if we chose a 10 day trading period and the Threshold Price is not met for 2 of the 10 trading days in a pricing period, then we will return two-tenths (2/10th or 20%) of the initial or

optional cash investment to you without interest after conclusion of the pricing period. This does not constitute a discount to the purchase price; however, it does reduce the total number of shares that you may purchase with respect to a Waiver Investment Date.

The establishment of the Threshold Price and the possible return of a portion of the payment apply only to initial or optional cash investments exceeding \$100,000.00 per year made pursuant to a granted request for waiver. Setting a Threshold Price for a pricing period will not affect the setting of a Threshold Price for any other pricing period. We may waive our right to set a Threshold Price for any particular pricing period. Neither we nor the Plan Administrator are required to give you notice of the Threshold Price for any pricing period. We may alter or amend at our sole discretion these pricing periods at any time and from time to time, prior to the commencement of any pricing period and prior to the granting of any waiver with respect to such period.

At our sole discretion, we may offer participants making a cash investment in excess of \$100,000.00 a discount of up to 3% from the regular purchase price on any particular Waiver Investment Date. The maximum discount rate, if any, on initial or optional cash investments in excess of \$100,000.00 per year may be obtained at least 3 business days before the first day of the applicable pricing period by calling the Plan Administrator's Waiver Department at 1-201-680-5300.

Setting a discount from the purchase price for initial and optional cash investments in excess of \$100,000.00 per year for a particular pricing period will not affect the setting of a discount for any other pricing period. We may increase, decrease, or waive our right to set a discount from the purchase price for any particular pricing period. Neither we nor the Plan Administrator is required to give you notice of the discount for any pricing period. When setting the discount, if any, we will consider our capital needs, whether we want to issue equity to meet our capital needs and how quickly we desire to close the investment. For example, to the extent we desire to issue equity in a particular pricing period to meet our capital needs, we are more likely to establish a discount to encourage participants to make cash investments.

USE OF PROCEEDS

We expect to use the net proceeds received from the issuance and sale of common stock offered hereby to repay debt and for general corporate purposes, including capital expenditures.

DESCRIPTION OF COMMON STOCK

The following descriptions of our common stock and the relevant provisions of the articles of incorporation of PNM Resources, as amended through October 27, 2008 (our "Articles of Incorporation"), and by-laws are summaries and are qualified by reference to our Articles of Incorporation filed with the SEC as an exhibit to our Current Report on Form 8-K filed November 21, 2008 (incorporated by reference herein) and the by-laws previously filed with the SEC as an exhibit to our Current Report on Form 8-K as filed February 20, 2009 (incorporated by reference herein). The following also summarizes certain applicable provisions of the New Mexico Business Corporation Act and the New Mexico Public Utility Act and those summaries are qualified by reference to those Acts.

Our authorized capital stock consists of 120,000,000 shares of common stock, no par value and 10,000,000 shares of preferred stock, no par value. As of August 6, 2009, 86,673,174 shares of our common stock and 477,800 shares of our Convertible Preferred Stock, Series A ("Series A Preferred Stock") were outstanding. Each share of Series A Preferred Stock is convertible at the option of the holder at any time into 10 shares of common stock, subject to certain anti-dilution adjustments.

Dividend Rights

After giving effect to any prior rights of our preferred stock, we will pay dividends on our common stock as determined by our Board of Directors (the “Board”) out of legally available funds. Our ability to pay dividends depends primarily upon the ability of our subsidiaries to pay dividends or otherwise transfer funds to us. Various financing arrangements, charter provisions and regulatory requirements may impose certain restrictions on the ability of our subsidiaries to transfer funds to us in the form of cash dividends, loans or advances.

Unless waived by the holders of at least two-thirds of the number of then outstanding shares of Series A Preferred Stock, no dividend on our common stock shall be determined unless a dividend on the Series A Preferred Stock is declared and paid at the same time in an amount equal to the dividend that would be received by a holder of the number of shares (including fractional shares) of common stock into which such Series A Preferred Stock is convertible on the record date for such dividend.

Voting Rights

Holders of common stock are entitled to one vote for each share held by them on all matters submitted to our shareholders. Holders of our common stock do not have cumulative voting rights in the election of directors. The New Mexico Business Corporation Act and our Articles of Incorporation and by-laws generally require the affirmative vote of a majority of the shares represented at a shareholder meeting and entitled to vote for shareholder action, including the election of directors. Under the New Mexico Business Corporation Act, some corporate actions, including amending the articles of incorporation and approving a plan of merger, consolidation or share exchange, require the affirmative vote of a majority of the outstanding shares entitled to vote, which could include, in certain circumstances, classes of preferred stock.

Our Articles of Incorporation limit the Board to designating voting rights for classes of preferred stock only (1) when dividends on the preferred stock are not paid, (2) when proposed changes to the Articles of Incorporation would adversely affect preferred shareholders’ rights and privileges or (3) if the Board issues a series of preferred stock convertible into common stock and confers upon the holders of such convertible preferred stock the right to vote as a single class with holders of common stock on all matters submitted to a vote of holders of common stock at a meeting of shareholders other than for election of directors, with the same number of votes as the number of shares of common stock into which the shares of such preferred stock are convertible, provided that at all times the aggregate preferred stock outstanding with such voting rights is convertible into no more than 12 million shares of common stock. The 477,800 currently outstanding shares of Series A Preferred Stock are convertible into 4,778,000 shares of common stock, subject to certain anti-dilution adjustments.

Holders of each outstanding share of Series A Preferred Stock are entitled to vote as a single class with holders of our common stock on all matters except the election of directors and are entitled to the number of votes corresponding to the number of shares of common stock into which such Series A Preferred Stock is convertible on the record date for determining shareholders entitled to vote.

Our Articles of Incorporation do not allow our directors to create classes of directors. All directors are elected annually.

Liquidation Rights

In the event we are liquidated or dissolved, either voluntarily or involuntarily, the holders of our preferred stock will have priority (after any of our creditors) with respect to the distribution of assets. After the holders of our preferred stock are paid their aggregate liquidation preference, the holders of our common stock will be entitled, subject to the rights, if any, of the holders of our preferred stock, to share

ratably (according to the number of shares held by them) in all of our remaining assets available for distribution.

Each share of Series A Preferred Stock is entitled to a liquidation preference of \$1.00 per share. After that claim is satisfied, holders of our common stock are entitled to, ratably, an amount equal to \$1.00, divided by the number of shares of common stock into which a share of Series A Preferred Stock is then convertible, and multiplied by the number of shares of common stock then outstanding. After that claim is satisfied, all remaining assets will be distributed to the holders of the Series A Preferred Stock and common stock ratably on the basis of the number of shares of outstanding common stock and, in the case of the Series A Preferred Stock, the number of shares of common stock into which the outstanding shares of Series A Preferred Stock are then convertible.

Preemptive Rights

The holders of our common stock do not have a preemptive right to purchase shares of our authorized but unissued shares, or securities convertible into shares or carrying a right to subscribe to or acquire shares, except under the terms and conditions as may be provided by our Board in its sole judgment.

As discussed above, each share of Series A Preferred Stock is convertible at the option of the holder at any time into 10 shares of common stock, subject to certain anti-dilution adjustments.

Listing

Our common stock is listed on the New York Stock Exchange under the “PNM” symbol.

Transfer Agent and Registrar

The transfer agent and registrar for our common stock is Mellon Investor Services, 480 Washington Boulevard, Jersey City, New Jersey, 07310.

Certain Other Matters

Our Articles of Incorporation and by-laws include a number of provisions that may have the effect of discouraging persons from acquiring large blocks of our stock or delaying or preventing a change in our control. The material provisions that may have such an effect include:

- authorization for our Board to issue our preferred stock in series and to fix rights and preferences of the series (including, among other things, whether, and to what extent, the shares of any series will have voting rights, within the limitations described above, and the extent of the preferences of the shares of any series with respect to dividends and other matters);
- advance notice procedures with respect to any proposal other than those adopted or recommended by our Board; and
- provisions specifying that only a majority of the Board, the chairman of the Board, the president or holders of not less than one-tenth of all our shares entitled to vote may call a special meeting of stockholders.

Under the New Mexico Public Utility Act, approval of the New Mexico Public Regulation Commission is required for certain transactions which may result in our change in control or exercise of control.

PLAN OF DISTRIBUTION

Subject to the discussion below, we will distribute newly issued shares of our common stock sold under the Plan. A registered broker/dealer affiliated with The Bank of New York Mellon, the Plan Administrator, will assist in the identification of investors and other related services, but will not be acting as an underwriter with respect to shares of our common stock sold under the Plan. There are no trading fees or service charges allocated to participants in the Plan in connection with their purchases of such newly issued shares of common stock.

In connection with the administration of the Plan, we may be requested to approve investments made pursuant to waiver requests by or on behalf of participants or other investors who may be engaged in the securities business.

Persons who acquire shares of our common stock through the Plan and resell them shortly after acquiring them, including coverage of short positions, under certain circumstances, may be participating in a distribution of securities that would require compliance with Regulation M under the Exchange Act, and may be considered to be underwriters within the meaning of the Securities Act. We will not extend to any such person any rights or privileges other than those to which it would be entitled as a participant, nor will we enter into any agreement with any such person regarding the resale or distribution by any such person of the shares of our common stock so purchased. We may, however, accept investments made pursuant to Requests for Waiver by such persons.

From time to time, financial intermediaries, including brokers and dealers, and other persons may engage in positioning transactions in order to benefit from any waiver discounts applicable to investments made pursuant to waiver requests under the Plan. Those transactions may cause fluctuations in the trading volume of our common stock. Financial intermediaries and such other persons who engage in positioning transactions may be deemed to be underwriters. We have no arrangements or understandings, formal or informal, with any person relating to the sale of shares of our common stock to be received under the Plan. We reserve the right to modify, suspend or terminate participation in the Plan by otherwise eligible persons to eliminate practices that are inconsistent with the purpose of the Plan.

We will pay any and all trading fees and related expenses incurred in connection with purchases of our common stock under the Plan, except that a trading fee (currently \$0.06 per share) is included in the share price for open market purchases. Upon withdrawal by a participant from the Plan by the sale of shares of our common stock held under the Plan, the participant will receive the proceeds of that sale less a transaction and trading fee and any required tax withholdings or transfer taxes.

You will not incur fees, commissions or expenses in connection with purchases made under the Plan, other than the current trading fee included in the open market share price of \$0.06 per share. This trading fee will not be charged to you for shares purchased with reinvested dividends. If you direct the Plan Administrator to sell shares of common stock credited to your account, however, the Administrator will deduct from the sales proceeds: (1) any applicable service fee (currently \$15.00 per sale transaction) plus (2) the applicable trading fee (currently \$0.06 per share) and (3) if a wire request is made, a wire fee (currently \$25 per wire request). The current fees are set forth in Appendix A.

Item 15. Indemnification of Directors and Officers.

Section 6 of Article II of PNM Resources, Inc.'s Bylaws contains the following provisions with respect to indemnification of directors and officers:

Each person serving as a director or an officer of the Corporation, or, at the request of the Corporation, as a director or an officer of any other company in which the Corporation has a financial interest and regardless of whether or not the person is then in office, and the heirs, executors, administrators and personal representatives of the person, shall be indemnified by the Corporation to the full extent of the authority of the Corporation to so indemnify as authorized by New Mexico law.

Section 53-11-4.1 of the Business Corporation Act of the State of New Mexico provides that a corporation shall have power to indemnify any person made (or threatened to be made) a party to any proceeding (whether threatened, pending or completed) by reason of the fact that the person is or was a director (or, while a director, is or was serving in any of certain other capacities) if: (1) the person acted in good faith; (2) the person reasonably believed: (a) in the case of conduct in the person's official capacity with the corporation, that the person's conduct was in its best interests; and (b) in all other cases, that the person's conduct was at least not opposed to its best interests; and (3) in the case of any criminal proceeding, the person had no reasonable cause to believe the person's conduct was unlawful. Indemnification may be made against judgments, penalties, fines, settlements and reasonable expenses actually incurred by the person in connection with the proceeding, but may be limited or unavailable with respect to certain proceedings. In some instances, indemnification of a director may be mandatory or, upon the application of a director, may be ordered by a court. Reasonable expenses incurred by a director may, under certain circumstances, be paid or reimbursed in advance of a final disposition of a proceeding. Unless limited by its articles of incorporation, a corporation may (or, as the case may be, shall) indemnify and advance expenses to an officer of the corporation to the same extent as to a director under Section 53-11-4.1. Also, unless limited by its articles of incorporation, a corporation has: (1) the power to indemnify and to advance expenses to an employee or agent of the corporation to the same extent that it may indemnify and advance expenses to directors under the statute; and (2) additional power to indemnify and

to advance reasonable expenses to an officer, employee or agent who is not a director to such further extent, consistent with law, as may be provided by its articles of incorporation, by-laws, general or specific action of its Board of Directors, or contract.

Section 53-11-4.1 was amended in 1987 to provide that the indemnification authorized thereunder shall not be deemed exclusive of any rights to which those seeking indemnification may be entitled under the articles of incorporation, the by-laws, an agreement, a resolution of shareholders or directors or otherwise. We have entered

II - 1

into agreements with each director and officer which provide for indemnification of directors and officers to the fullest extent permitted by law including advancement of litigation expenses where appropriate. The agreements provide for the appointment of a reviewing party by the Board of Directors to make a determination whether claimed indemnification is permitted under applicable law.

Insurance is maintained on a regular basis (and not specifically in connection with this offering) against liabilities arising on the part of directors and officers out of their performance in such capacities or arising on the part of PNM Resources, Inc. out of its foregoing indemnification provisions, subject to certain exclusions and to the policy limits.

Item 17. Undertakings.

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in the volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (i), (ii) and (iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Securities and Exchange Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

II - 2

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was a part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) the portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers or controlling persons of the registrant pursuant to the provisions described under Item 15 above, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such

indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of

II - 3

expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
