The unaudited financial statements included herein have been prepared in accordance with generally accepted accounting principles for interim financial

Edgar Filing: SRM NETWORKS INC - Form 10QSB

information and with the instructions to Form 10-QSB and Item 310(b) of Regulation S-B. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three and nine months ended September 30, 2002 and 2001 are not necessarily indicative of the results that may be expected for the years ended December 31, 2002 and 2001. These financial statements and the related notes should be read in conjunction with the Company's audited financial statements for the period ended December 31, 2001 included in the Company's annual report on Form 10-KSB.

NOTE 3 - COMMON STOCK

On June 9, 2001, the Company issued 2,500,000 shares of its common stock to its officers for cash of \$10,000. Since there was no readily available market value at the time of issuance, the value of \$0.004 per share was considered as a reasonable estimate of fair value between the Company and the officers.

On October 30 and November 1, 2001, the Company issued 725,000 shares of its common stock to various individuals and an entity pursuant to its registration statement filing on Form SB-2 under the Securities Act of 1933. Per the registration statement, the Company issued the shares at \$0.05 per share for a total of \$36,250.

On February 8, 2002, the Company's Board of Directors authorized the splitting of the Company's common stock on an eleven-to-one (11:1) basis for stockholders of record on February 14, 2002 and the resulting shares from the split were distributed on February 15, 2002. On February 15, 2002, there were 35,475,000 shares issued and outstanding.

5

NOTE 4 - RELATED PARTY TRANSACTIONS

On June 9, 2001, the Company issued 2,500,000 shares of its common stock to its current officers for cash as described in Note 3.

On August 31, 2001, legal and professional expenses related to the Company's registration statement were paid by its officer in the amount of \$5,967. The payment of the fees was considered an additional contribution to capital by the officer and the Company.

The Company occupies office space provided by its officer. Accordingly, occupancy costs have been allocated to the Company based on the square foot percentage assumed multiplied by the officer's total monthly costs. These amounts are shown in the accompanying statement of operations for the period June 8, 2001 (inception) through September 2002 and are considered additional contributions of capital by the officer and the Company.

NOTE 5 - LETTER OF INTENT

On June 5, 2002, the Company entered into a Letter of Intent to acquire all of the outstanding common stock of weComm, Ltd., a U.K. corporation, in a tax-free reverse merger in exchange for 24,000,000 shares of common stock of the Company. The Letter of Intent is not legally binding on either party and the transaction will not close until a definitive agreement is reached; a private placement of the Company's common stock is completed; due diligence has been completed by both parties; and, weComm has fulfilled certain other contractual conditions.

Edgar Filing: SRM NETWORKS INC - Form 10QSB

NOTE 6 - ADVANCES FROM AFFILIATE

Periodically, the Company receives cash from an affiliate who provides the Company with consulting and other services. These advances are non-interest bearing, are due on demand, and are to be repaid to the affiliate as cash becomes available.

NOTE 7 - 8% CONVERTIBLE NOTE RECEIVABLE

On June 21, 2002, the Company received a note from weComm, Ltd., a U.K. corporation, ("weComm") for cash in the amount of \$700,000. Per the terms of the note, the principal is due and payable on October 7, 2002 together with interest calculated at the rate of 8% per annum. In the event of default, the interest rate will increase to 15%. Subsequent to September 30, 2002, this note was converted into preferred shares of weComm as described further in Note 9.

NOTE 8 - 8% CONVERTIBLE NOTE PAYABLE

On June 21, 2002, the Company received proceeds of \$700,000 for issuance of a convertible note payable to a third party investor. Pursuant to the terms of the notes, the principal is due and payable on October 9, 2002 together with interest calculated at the rate of 8% per annum. The note also contains a conversion feature that provides the holder with "conversion units" equivalent to approximately 350,000 shares of the Company's preferred stock at \$2.00 per share plus a warrant to purchase up to 210,000 shares of the Company's common stock at \$2.50 per share should the Company receive future financing of not less than \$5,000,000. This note has been extended through December 31, 2002.

Item 2. Plan of Operation

This following information specifies certain forward-looking statements of management of the company. Forward-looking statements are statements that estimate the happening of future events and are not based on historical fact. Forward-looking statements may be identified by the use of forward-looking terminology, such as "may", "shall", "will", "could", "expect", "estimate", "anticipate", "predict", "probable", "possible", "should", "continue", or similar terms, variations of those terms or the negative of those terms. The forward-looking statements specified in the following information have been compiled by our management on the basis of assumptions made by management and considered by management to be reasonable. Our future operating results, however, are impossible to predict and no representation, guaranty, or warranty is to be inferred from those forward-looking statements.

The assumptions used for purposes of the forward-looking statements specified in the following information represent estimates of future events and are subject to uncertainty as to possible changes in economic, legislative, industry, and other circumstances. As a result, the identification and interpretation of data and other information and their use in developing and selecting assumptions from and among reasonable alternatives require the exercise of judgment. To the extent that the assumed events do not occur, the outcome may vary substantially from anticipated or projected results, and, accordingly, no opinion is expressed on the achievability of those forward-looking statements. We cannot guaranty that any of the assumptions relating to the forward-looking statements specified in the following information are accurate, and we assume no obligation to update any such forward-looking statements.

Our current business plan has been to provide Internet solutions including website hosting and development services to small and medium size businesses. To date, we have not been successful in fully implementing our business plan due to lack of funds. Accordingly, we have been researching potential acquisitions or other suitable business partners which may assist us in realizing our business objectives. In that regard, on June 5, 2002, we entered into a Letter of Intent to acquire all of the outstanding common stock of weComm, Ltd., a U.K. corporation, ("weComm") in a tax-free reverse merger in exchange for 24,000,000 shares of our common stock. The Letter of Intent is not legally binding on either party and the transaction will not close until a definitive agreement is reached, and after we complete a private placement of our common stock, both parties complete due diligence and weComm has fulfilled certain other contractual conditions. There can be no assurance that the acquisition of weComm will be consummated.

For the nine months ended September 30, 2002.

Liquidity and Capital Resources. Our total current assets are \$703,769 as of September 30, 2002, which is represented by \$2,388 in cash, \$1,381 in interest receivable and \$700,000 in an 8% note receivable. We had no other assets as of September 30, 2002.

Our total current liabilities were approximately \$723,578 as of September 30, 2002, which is represented by accounts payable and accrued expenses of \$23,578, and \$700,000 in an 8% convertible note payable. We had no other commitments or contingencies as of September 30, 2002.

Results of Operations.

Edgar Filing: SRM NETWORKS INC - Form 10QSB

Revenues. For the nine month period ended September 30, 2002, we realized revenues of approximately \$40 from providing web hosting and development services, in comparison to \$1,793 in revenues generated during the same period ending September 30, 2001. If we are not able to complete the transaction with weComm described above, of which there can be no assurance, we will attempt to generate more revenues by expanding our customer base for our website hosting and development business.

Operating Expenses. For the nine months ended September 30, 2002, our total expenses were approximately \$103,917. The majority of those expenses were represented by legal, professional and consulting fees of \$102,372. We also had expenses for occupying our offices in the amount of \$1,190, and for office supplies in the amount of \$355. For the nine months ended September 30, 2002, we experienced a net loss of approximately \$103,877. In comparison to the same period ended September 30, 2001, our total expenses were approximately \$15,628, and our net loss from operations was \$12,835. The increase in operating expenses was due to increased legal and professional fees. In connection with the completing the transaction with weComm, we anticipate that we will continue to incur significant general and administrative expenses.

Our Plan of Operation for the Next Twelve Months. We expect to complete the transaction with weComm described above before the end of the second quarter of 2003. We cannot guarantee that we will acquire or merge with weComm or any other third party, or that in the event we acquire or merge weComm, or another third party, such acquisition or merger will increase the value of our common stock.

We had cash of \$1,326 as of September 30, 2002. In the opinion of management, available funds will satisfy our working capital requirements through January 2003. Our forecast for the period for which our financial resources will be adequate to support our operations involves risks and uncertainties and actual results could be different as a result of a number of factors. If we are not able to complete the transaction with weComm, we anticipate that we may need to raise additional capital to continue operations. Such additional capital may be raised through public or private financing as well as borrowings and other sources. We cannot guaranty that additional funding will be available on favorable terms, if at all. If adequate funds are not available, then our ability to expand our existing operations may be adversely affected. If adequate funds are not available, we anticipate that our officers and directors will contribute funds to pay for our expenses, although we cannot guarantee that our officers will pay those expenses.

We are not currently conducting any research and development activities and do not anticipate conducting such activities in the near future. We do not anticipate hiring additional employees or independent contractors unless we are able to expand our current operations. We are focusing our efforts on completing the transaction with weComm, of which there can be no assurance. We do not anticipate that we will purchase or sell any significant equipment.
