Appointment of Auditors

PricewaterhouseCoopers LLP (or a predecessor firm, Price Waterhouse) (PwC) have been the auditors of the Corporation and its wholly-owned subsidiary, Enbridge Pipelines Inc., since 1992 and 1949, respectively. PwC's address is Suite 3100, 111 - 5th Avenue S.W., Calgary, Alberta, T2P 5L3. Under the Canadian Securities Administrators' National Instrument 52-108 Auditor Oversight, PwC is a participating audit firm with the Canadian Public Accountability Board. PwC has also confirmed to the Board and the Audit, Finance & Risk Committee its status as independent within the meaning of applicable Canadian and U.S. rules.

The Board, on recommendation from the Audit, Finance & Risk Committee, recommends the re-appointment of PwC as auditors.

Unless specified in a Proxy Form or by telephone or internet voting instructions that the Enbridge Shares represented by the proxy shall be withheld from voting for the appointment of auditors, it is the intention of the persons designated in the enclosed Proxy Form to vote FOR the re-appointment of PwC as auditors of the Corporation to hold office until the close of the next Annual Meeting of Shareholders at a remuneration to be fixed by the Board. Representatives of PwC are expected to be present at the Meeting, will have the opportunity to make a statement if they so desire, and will be available to respond to appropriate questions.

The U.S. SEC adopted new rules effective on July 31, 2005 which will require, among other things, that the audit committee be responsible for any recommendation or nomination of an outside auditor by the Corporation. Canadian securities regulatory authorities have adopted a similar rule effective on the date of the Meeting. The Corporation complies with these rules.

Auditor Independence

The Corporation understands that auditor independence is an essential element to maintaining the integrity of its financial statements. The Corporation's Audit, Finance & Risk Committee has responsibility to oversee the external auditor. For a description of the Corporation's Audit, Finance & Risk Committee, see Statement of Corporate Governance Practices - Committees of the Board of Directors - Audit, Finance & Risk Committee in Appendix A.

The Canadian securities regulators have passed rules, applicable to the Corporation as of the date of the Meeting, which address the independence of the external auditor, the services for which they may be engaged and the disclosure of fees paid to them. The Corporation is also subject to the provisions of the Sarbanes-Oxley Act, which introduced a series of accounting and corporate governance reforms and rules adopted by the U.S. SEC under that Act specifying certain services the external auditors may not provide. The Corporation complies with all such rules which are now applicable in Canada and in the United States.

In response to legislative changes and other pending legislative and regulatory changes regarding auditor independence, the Corporation's Audit, Finance & Risk Committee adopted a policy that requires pre-approval by the Audit, Finance & Risk Committee of any services to be provided by the auditors, whether audit or non-audit services. The external auditors may be best equipped to render certain categories of services (such as tax compliance services) to the Corporation in the most efficient and economical manner. The Board believes that it is appropriate for the Corporation to preserve its ability to retain its external auditors for non-audit services in the permitted categories. The Audit, Finance & Risk Committee believes that the policy will protect the Corporation from the potential loss of independence of the external auditors.

The Audit, Finance & Risk Committee annually reviews with the external auditors their qualifications and independence, including formal written statements delineating all relationships between the auditors, their affiliates and the Corporation that may impact the auditors' independence and objectivity.

The following table sets forth all services rendered by the auditors by category, together with the corresponding fees billed by the auditors for each category of service for the financial years ended December 31, 2003 and 2004.

The Corporation's affiliates in the United States, Enbridge Energy Partners, L.P. and Enbridge Energy Management, L.L.C. have been billed US\$1,343,000 for Sarbanes-Oxley Act related procedures in 2004.

Division of Enbridge Shares

By resolution approved on March 1, 2005, the Board authorized the submission to the Shareholders of the special resolution set forth in Appendix B (the Share Split Resolution) authorizing the Corporation to apply for a Certificate of Amendment amending the Corporation's Articles to divide the Enbridge Shares on a two-for-one basis. The purpose of the proposed division is to increase the availability of the Enbridge Shares for purchase by the public, which will enhance the liquidity of the Enbridge Shares.

The Board has determined that such amendment is in the best interests of the Shareholders and therefore recommends that the Shareholders vote for the approval of the Share Split Resolution. The Share Split Resolution requires the approval of not less than two-thirds of the votes cast in order to be adopted.

If the Share Split Resolution is approved, it is proposed that the division of the Enbridge Shares will take effect at the close of business on May 20, 2005. Shareholders of record as of the close of business on May 20, 2005 will be mailed share certificates representing one additional Enbridge Share for each Enbridge Share held. It is currently expected that trading in the divided Enbridge Shares will begin on May 18, 2005. Shareholders should retain their present Enbridge Share certificates which will continue to represent the number of Enbridge Shares indicated thereon.

Unless otherwise specified in a Proxy Form or by telephone or internet voting instructions that the Enbridge Shares represented by the proxy shall be voted against the Share Split Resolution, it is the intention of the persons designated in the enclosed Proxy Form to vote FOR the approval of the Share Split Resolution.

Continuation of Shareholder Rights Plan

The Corporation has in place a Shareholder Rights Plan (the Rights Plan) under the terms of the Shareholder Rights Plan Agreement dated as of November 9, 1995, as amended, between the Corporation and CIBC Mellon Trust Company, as Rights Agent (the Rights Agent). The Rights Plan was originally implemented on November 9, 1995, was confirmed by Shareholders at the 1996 Annual Meeting and was amended and reconfirmed by Shareholders at the 1999 and 2002 Annual Meetings.

The Corporation has reviewed its Rights Plan for conformity with current practices with respect to shareholder rights plan design and has determined that since May 2002, when the Rights Plan was last approved by Shareholders, there have been few, if any, material changes to such rights plan design. On March 1, 2005, the Board resolved to continue the Rights Plan with minor amendments by approving a shareholder rights plan agreement dated as of November 9, 1995 and amended and restated as of May 5, 2005 (the 2005 Rights Plan Agreement). The Rights Plan embodied in the 2005 Rights Plan Agreement is the same in all material respects as the prior Rights Plan apart from changes to the definitions of Expiration Time and Lock-up Agreement, which changes are discussed in Appendix B to this Circular under the headings Summary of the Shareholder Rights Plan Principal Terms Expiration Date and Lock-up Agreements .

Shareholders will be asked at the Meeting to consider and, if deemed advisable, to approve, by a simple majority of votes cast at the Meeting, a resolution, the text of which is set forth in Appendix B of this Circular (the Rights Plan Resolution), to continue, ratify, confirm and approve the Rights Plan. **For the Rights Plan to continue in effect after the Meeting, the Rights Plan Resolution must be passed by the Shareholders. If the Rights Plan Resolution is not passed by the Shareholders, the Rights Plan will terminate.**

Appendix B also sets out the background to and a summary of the principal terms of the Rights Plan.

The Board has determined that the Rights Plan is in the best interests of the Corporation and the Shareholders. The Board unanimously recommends that Shareholders vote in favour of the Rights Plan Resolution.

Unless specified in a Proxy Form or by telephone or internet voting instructions that the Enbridge Shares represented by the proxy shall be voted against the Rights Plan Resolution, it is the intention of the persons designated in the enclosed Proxy Form to vote FOR the approval of the Rights Plan Resolution.

SHAREHOLDER PROPOSALS

The Canada Business Corporations Act, which governs the Corporation, provides that Shareholder proposals must be received by December 5, 2005 to be considered for inclusion in the Management Information Circular and the form of proxy for the 2006 Annual Meeting of Shareholders, which is expected to be held on or about May 4, 2006.

Report on Executive Compensation

Compensation Strategy

The Executive compensation strategy for Senior Executives, and other Executive members of the leadership team at Enbridge is designed to:

- § align the immediate, short-term, medium-term and long-term actions and decisions of the Executives with the annual, medium and long-term interest of Shareholders;
- § attract and retain highly capable Executives from the North American energy sector; and
- § engage the leadership team by defining and rewarding performance in terms of business unit, corporate and Shareholder goals.

The compensation program components – base pay, annual incentives, mid-term incentives, long-term incentives, benefits and pension arrangements – are all designed and administered within this overall framework.

Target Reward Levels

Given that the Executive team is located partly in Canada and partly in the United States, target reward levels are set within the context of separate Canadian and United States comparator groups (the Comparator Groups). The Comparator Groups include selected pipeline companies, integrated energy producers, and related industrials of comparable size and complexity with which the Corporation competes for executive talent and for which compensation data is available through a combination of public disclosure and/or reliable surveys through independent consulting firms. The Board regularly reviews the Comparator Groups and the data provided by independent consultants to ensure they continue to reflect the Corporation's executive talent labour markets.

Enbridge designs its base pay, annual incentives, and various forms of long-term incentives such that the total of the plans pays at the 50th percentile of the comparable total pay of the Comparator Groups when corporate, business unit and individual each achieve their target goals, and pays at the 75th percentile of the comparable total pay of the Comparator Groups when corporate, business unit and individual performance each achieve 75th percentile performance among the Comparator Groups.

Base Pay

Executive salaries are reviewed annually to ensure they reflect a balance of market conditions, the levels of responsibility and accountability of each individual, his or her unique talents and the level of demonstrated performance.

Annual Incentives

The Corporation's Short Term Incentive Plan (the "STIP") is designed to reward executives for achieving and exceeding performance at the Shareholder, corporate, business unit and individual level.

For 2004, each of the Chief Executive Officer, the Chief Financial Officer and the three other Executive Officers of the Corporation with the highest salary and bonus compensation in the 2004 financial year (the "Named Executive Officers") had corporate performance measures that included

return on equity in 2004 and total shareholder return (share price appreciation and dividends paid) over a three-year period relative to a select sub-set of publicly traded companies in the Comparator Groups. Corporate performance and business unit earnings measures are established and reviewed annually by the Committee.

Target incentives based on each participant's level of responsibility within the Corporation are established as a percentage of base salary and reflect competitive practice within the Comparator Groups. Awards under the STIP are paid in cash.

The STIP provides for the payment of incentive awards that may be below or in excess of target awards. No incentives are payable if threshold performance levels are not attained. Senior Officers could receive up to 100% (150% in the case of the President & Chief Executive Officer) of base salaries when outstanding performance results are achieved. The factor by which incentive awards are calculated is prorated between the threshold, target and maximum award depending on actual performance under each of the performance measures. In administering the STIP, the Committee may, in its judgment, vary incentive awards payable to participants if the application of the incentive formula confers unintended results. The STIP award for the President & Chief Executive Officer is recommended by the Committee for approval by the Board while awards for the other Named Executive Officers are considered and, if thought fit, approved by the Committee on the recommendation of the President & Chief Executive Officer.

For 2004, awards under the STIP were determined by the Committee on the basis of a combination of: (1) the actual return on equity being above the targeted return on equity threshold level; (2) average total shareholder return of 15.1% for the three-year period ended December 31, 2004, being at the 60th percentile relative to the Comparator Groups; (3) business unit performance measures, where applicable, ranging between meeting budget to exceptional performance; and (4) individual performance measures as assessed by the President & Chief Executive Officer and, in the case of the President & Chief Executive Officer, by the Committee. In the opinion of the Committee, STIP payments reflected corporate performance, business unit performance and the individual contributions of the Named Executive Officers in 2004.

Mid-Term and Long-Term Incentives

Consistent with its overall compensation strategy described above, Enbridge continues to use a combination of mid-term and long-term incentive programs to ensure reward programs are aligned with its business strategy and Shareholder interests. In summary, Enbridge has three active programs:

- § The Enbridge Performance Stock Unit Plan (mid-term plan) is an overlapping three-year plan with annual grants that provides focus on comparative total shareholder return.
- § The Enbridge Incentive Stock Option Plan (2002) (long-term plan) is a conventional stock option plan with annual grants that provides focus on long-term (up to 10 years) share price growth.
- § The Enbridge Performance-Based Stock Option Plan (long-term plan) is a special, periodic plan that provides focus on achieving specific stretch share price targets over the period September 2002 to September 2007.

The mix of performance stock units (PSUs), time-vested stock options and performance-based stock options will vary according to a participating Executive s level within the Corporation and competitiveness with award opportunities offered by the Comparator Groups.

8 Management Information Circular

Table of Contents

Performance Stock Unit Plan (Mid-Term Incentive)

The Performance Stock Unit Plan (the PSU Plan) is highly performance-based and is designed to strengthen the link between the interests of the Shareholders and the participating Executives by aligning the payout of grants with total shareholder value creation in a manner consistent with advancing the interests of the Corporation. PSUs provide an incentive that focuses Executives on stock price performance and dividend growth. Performance conditions reward or penalize Executives for relative shareholder value creation during the plan term.

Under the PSU Plan, participating Executives receive annual grants of PSUs. The initial value of each of these PSUs is equivalent to the market value of one Enbridge Share. Each award may be paid out at the end of a three-year performance cycle based on: (1) the market value of an Enbridge Share at the end of the three-year period; (2) additional PSUs representing dividends paid during the three-year period; and (3) the Corporation's total shareholder return over a three-year period relative to a peer group of companies established in advance by the Committee.

Payments under the PSU Plan may be increased by up to 200% of the original award when the Corporation outperforms its peer group. If the Corporation's performance fails to meet threshold performance levels, no payments are made under the PSU Plan. The Corporation will not issue any Enbridge Shares in connection with the PSU Plan.

During 2004, 32,975 PSUs were granted to 7 eligible employees, including the Named Executive Officers. For additional information regarding these grants, see Long-Term Incentive Plan Awards .

Incentive Stock Option Plan (Long-Term Incentive)

Generally, grants of stock options are considered annually by the Committee on the recommendation of the President & Chief Executive Officer and by the Committee alone concerning the President & Chief Executive Officer. Each stock option granted entitles the recipient to acquire a specified number of Enbridge Shares at an exercise price not less than 100% of the last sale price of the Enbridge Shares on the TSX on the trading day prior to the date of the grant. In the event that an option is granted at a time when a trading blackout is in effect, the effective date of the stock option shall be no earlier than the fourth trading day following the date of termination of the trading blackout and the exercise price shall be no less than the weighted average trading price of Enbridge Shares on the TSX for the three trading days immediately prior to the effective date of the stock option. In connection with the determination of the number of stock options that may be granted, the Committee further considers a target ratio of the current Enbridge Share price to base salary as well as considering individual performance achievements and succession potential. For further information on the Incentive Stock Option Plan (2002), see Stock Options Incentive Stock Option Plan (2002).

During 2004, stock options to acquire 891,000 Enbridge Shares at prices ranging from \$51.44 to \$53.97 per share were granted to 293 eligible employees, including the Named Executive Officers. For additional information on the outstanding stock options, including the cost of the stock options to the Corporation, please see Note 14 to the Corporation's Consolidated Annual Financial Statements for the year ended December 31, 2004, which are contained in the Corporation's 2004 Annual Report.

Performance-Based Options (Long-Term Incentive)

In order to provide further long-term incentives to participating Executives and to align their interests with those of Shareholders, on September 16, 2002, special performance-based stock options to acquire an aggregate of

810,000 Enbridge Shares at \$46.30 per share were granted to eligible employees, including the Named Executive Officers, for a five-year term, which term will extend to eight years if any of the stock options become exercisable before the end of the five-year term. The performance-based stock options become exercisable, as to 50% of the grant, if the price of an Enbridge Share equals or exceeds \$61.00 for 20 consecutive trading days during the period

September 16, 2002 to September 16, 2007 and, as to 100% of the grant, if the price of an Enbridge Share equals or exceeds \$71.00 for 20 consecutive trading days during the same aforementioned period.

For additional information on the outstanding performance-based stock options, please see Note 14 to the Corporation's Consolidated Annual Financial Statements for the year ended December 31, 2004, which are contained in the Corporation's 2004 Annual Report.

Share Ownership Guidelines

On January 1, 2002, the Corporation implemented share ownership guidelines for Senior Officers requiring them to attain target levels of ownership by December 31, 2005. The President & Chief Executive Officer is required to own Enbridge Shares with a value equal to four times his annual salary. As of December 31, 2004, Mr. Daniel held 158,525 Enbridge Shares, representing a share ownership level of approximately 11 times his annual salary.

Other Senior Officers are required to own Enbridge Shares with a value of two times their annual salary. Officers at the Vice President level are required to own Enbridge Shares with a value equal to their annual salary. These guidelines apply to any individuals subsequently hired or appointed to assume such positions, provided that such individuals will have a period of four years from their date of hiring or appointment to attain the applicable target level of share ownership. As of December 31, 2004, other Senior Officers averaged approximately 7.5 times their annual salaries; and Officers at the Vice President level averaged approximately 1.1 times their annual salaries.

Enbridge encourages all employees to share in its long-term success through its various supported voluntary saving plans. As of December 31, 2004, employees in Canada and the United States, other than the Named Executive Officers, owned 2,074,805 Enbridge Shares under these plans.

Table of Contents

Compensation of the Chief Executive Officer

Mr. Daniel's base salary is determined through annual compensation surveys of the Comparator Groups and is reviewed annually based on corporate and personal performance. The Board determines Mr. Daniel's annual bonus award based on three factors (the weight ascribed to each factor is noted below): (1) the assessment of the Corporation's annual return on equity compared to budgeted return on equity (40%); (2) average total shareholder return over a three-year period compared to the Comparator Groups (40%); and (3) the Committee's evaluation of Mr. Daniel's performance in relation to annual objectives agreed to in advance (20%). Based on these factors, the Board approved the award to Mr. Daniel of a cash bonus of \$1,050,000 for 2004. For the mid-term incentive component of 2004

compensation, Mr. Daniel was granted 13,370 PSUs. For the long-term incentive component of 2004 compensation, Mr. Daniel was granted stock options to purchase 65,900 Enbridge Shares at a price of \$51.44 per share. Based on competitive market data, this grant is within the competitive range of long-term incentive grants for chief executive officers in the Comparator Groups.

Incentive Stock Option Plan (2002)

Pursuant to the Incentive Stock Option Plan (2002) (the "ISOP"), which was approved at the Annual & Special Meeting of Shareholders of the Corporation on May 3, 2002, the Committee, subject to Board approval, may grant options and stock appreciation rights ("SARs") to full-time key employees, including Officers, of the Corporation or its subsidiaries. The purpose of the ISOP is to provide such employees the opportunity to acquire or enjoy the benefit of an increased proprietary interest in the Corporation in a manner that is consistent with and will advance the interests of the Corporation and its subsidiaries by motivating and rewarding the employees in relation to the long-term performance and growth of the Corporation and the total return to Shareholders, which thereby allows the Corporation to attract and retain the best employees.

Features of the ISOP

Restrictions on Enbridge Shares Reserved and Issued

The ISOP restricts the number of Enbridge Shares reserved for issuance and the number of Enbridge Shares to be issued as follows:

- (a) the total number of Enbridge Shares reserved for issuance to any one participant shall not exceed in the aggregate 5% of the Enbridge Shares outstanding at the time of reservation;
- (b) the total number of Enbridge Shares reserved for issuance to insiders shall not exceed 10% of the number of the Enbridge Shares outstanding at the time of reservation; and
- (c) the total number of Enbridge Shares issued to insiders, as a group, and to any one insider and such insider's associates, within a one-year period shall not exceed 10% and 5% respectively, of the number of Enbridge Shares outstanding at the time of issuance.

Term, Vesting Provisions and Exercise Price

Options have a term of ten years or less and are subject to earlier termination if the holder leaves the employ of the Corporation unless the Committee otherwise decides. (See "Termination of Employment" below.) An option shall only become exercisable after one year of continued employment following the day of its grant and only then in such installments as the Committee may determine. In no case shall an option be granted at an exercise price less than 100% of the last sale price of Enbridge Shares on the TSX on the trading day prior to the date of the grant. In the event an option is awarded during a corporate trading blackout, the effective date of the option shall be no earlier than the fourth trading day following the date of the termination of the blackout and the option price shall in no case be less than the weighted average trading price of the Enbridge Shares on the TSX for the three trading days immediately prior to the effective date of the option.

Incentive stock options, within the meaning and requirements of the United States Internal Revenue Code (the "Code"), may be granted to designated employees of the Corporation's United States subsidiaries at an exercise price of not less than 100% of the last sale price of Enbridge Shares on the TSX on the trading day prior to the date of the grant. Such options may be afforded favourable tax treatment under United States law.

SARs Granted in Connection with Options

SARs may be granted in connection with an option. The number of Enbridge Shares covered by SARs shall not exceed the number of Enbridge Shares available to the employee under his or her option. Generally, SARs will be exercisable at such times and in such amounts as the underlying options. SARs entitle the holder to surrender all or

part of the underlying and unexercised option and receive in exchange the

Management Information Circular 11

amount by which the then aggregate fair market value of the Enbridge Shares covered by the option (based on the trading price of the Enbridge Shares on the TSX) exceeds the aggregate option exercise price, to a maximum of 100% of the exercise price. Payment of the amount may be paid and satisfied by the Corporation in Enbridge Shares, cash or both. SARs have not been granted in connection with options since 1994.

Transferability and Assignability

No options or rights granted under the ISOP are transferable or assignable by the holder other than by will or according to the laws governing descent and distribution.

Termination of Employment

Retirement or Disability

In the event of retirement or disability of a participant, the options held by such participant continue to vest and those options that are exercisable or become exercisable are exercisable until the earlier of the third anniversary of the date of retirement or disability and the expiration of the term of the option.

Death

In the event of death of a participant, all options held become vested and are exercisable until the earlier of the first anniversary of the date of death and the expiration of the term of the option.

Other

In the event of termination of employment for reasons other than retirement, disability or death, only options that have vested remain exercisable for 30 days from the date of termination unless extended by the Committee but in no event shall such extension be more than the third anniversary of termination and the expiration of the term of the option.

With respect to designated employees in the United States, the Committee may determine terms and conditions in accordance with the Code under which options and SARs may be exercised upon termination of employment.

Amendments to the ISOP

Subject to regulatory approval, the Board may amend the ISOP in whole or in part. The Board, subject to allowable adjustments in the event of reorganization of the Corporation, shall not change the minimum exercise price at which options or SARs will be granted, or extend the maximum term during which an option or SAR may be exercised.

An aggregate of 15,000,000 Enbridge Shares are issuable under the ISOP. To date, a total of 4,116,626 Enbridge Shares have been issued upon the exercise of stock options. This leaves a total of 10,883,374 Enbridge Shares available for issuance upon the exercise of stock options, representing approximately 6.3% of the Enbridge Shares outstanding as of March 4, 2005. There are currently 6,211,804 stock options outstanding.

Pension Plan

The following tables illustrate the benefits payable under the defined benefit component of the Corporation's trustee non-contributory pension plans (the Plan), which apply to the Corporation's Corporate and Transportation units and include the Named Executive Officers. The tables illustrate the total annual pension entitlements assuming the eligibility requirements for an unreduced pension have been satisfied. Plan benefits that exceed maximum pension rules applicable to registered plan benefits are paid from the Corporation's supplemental pension plan. Other trustee pension plans, with varying contribution formulae and benefits, cover the balance of Canadian and United States employees.

For service prior to January 1, 2000, the Plan provides a yearly pension payable after age 60 in the normal form (60% joint and last survivor) equal to: (a) 1.6% of the sum of (i) the average of the participant's highest annual salary during

three consecutive years out of the last ten years of credited service and (ii) the average of the participant's three highest annual performance bonus periods, represented in each period by the greater of 50% of the actual bonus paid or the lesser of the target bonus and actual bonus, in respect of the last five years of credited service, multiplied by (b) the number of credited years of service. This pension is offset, after age 60, by 50% of the participant's Canada Pension Plan (CPP) benefit prorated by years in which the participant has both credited service and CPP

coverage. An unreduced pension is payable if retirement is after age 55 with 30 or more years of service, or after age 60. Early retirement reductions apply if a participant retires and does not meet these requirements.

For service after December 31, 1999, the Plan provides for Senior Management employees (including the Named Executive Officers) a yearly pension payable after age 60 in the normal form (60% joint and last survivor) equal to: (a) 2% of the sum of (i) the average of the participant's highest annual base salary during three consecutive years out of the last ten years of credited service and (ii) the average of the participant's three highest annual performance bonus periods, represented in each period by 50% of the actual bonus paid, in respect of the last five years of credited service, multiplied by (b) the number of credited years of service. An unreduced pension is payable if retirement is after age 55 with 30 or more years of service, or after age 60. Early retirement reductions apply if a participant retires and does not meet these requirements. Retirement benefits paid from the Plan are indexed at 50% of the annual increase in the consumer price index.

For additional information on post-employment benefits, including funded status and pension assets and liabilities, see Note 17 to the Corporation's Consolidated Annual Financial Statements for the year ended December 31, 2004, which are contained in the Corporation's 2004 Annual Report.

It is important to note that the amounts illustrated in the preceding two tables are based on contractual entitlements as well as assumptions that may change over time. The methods used to estimate these amounts will not be identical to the methods used by other issuers and as a result the amounts may not be directly comparable across issuers. The following table illustrates the key assumptions used to determine the service cost and benefit obligation, each of which is consistent with the assumptions used for the Corporation's Consolidated Annual Financial Statements.

Executive will be paid 200% of the sum of: (i) twelve times the gross monthly salary paid to the Executive in the last full month of employment; (ii) the average of the last two years of the STIP awards paid to the Executive; and (iii) the cash value of the last annual flex benefit credit allowance and flexible perquisite allowance provided to the Executive; plus an amount equal to the value of the STIP award to be paid for the calendar year in which termination occurs, pro rated based upon the number of days of employment of the Executive in such year.

Each employment contract also provides that the Named Executive Officer is entitled to certain benefits, including two years of additional service added to the service already accrued at date of termination under the Corporation's defined benefit pension plan and supplemental benefit pension plan and cash payment of certain non-vested options, if any, that are cancelled under the ISOP as a consequence of termination of their employment. In the case of options granted pursuant to the ISOP, the payment is calculated based on the in-the-money value of their non-vested options at the date of termination.

The President & Chief Executive Officer has entered into an employment contract on identical terms to those described above, except that he is entitled to 300%, rather than 200%, of the amounts noted above.

Under the Corporation's supplemental benefit pension plan, in the event of a change of control of the Corporation, the Corporation shall make contributions to the Retirement Compensation Arrangement and the Grantor Trust Fund within a reasonable timeframe, not to exceed 180 days, such that, as of the date of the change of control, plan assets are no less than the target level of assets as defined in the funding policy. Under the Corporation's PSU Plan, the Named Executive Officers would be entitled to receive, within 30 days after the date of a change of control, the PSU compensation accrued to the date of the change in control, appropriately adjusted for the Corporation's performance relative to its peer group, as defined in the PSU Plan.

For further information concerning the Corporation's pension plans, ISOP and PSU Plan, see Executive Compensation Pension Plan, Executive Compensation Stock Options Incentive Stock Option Plan (2002) and Executive Compensation Report on Executive Compensation Mid-Term and Long-Term Incentives Performance Stock Unit Plan, respectively.

Interest of Insiders in Material Transactions

No insider or proposed nominee for election as a Director, and no associate or affiliate of any of the foregoing persons, has or had any material interest, direct or indirect, in any transaction during the 2004 fiscal year or in any proposed transaction which in either such case has materially affected or will materially affect the Corporation or any of its subsidiaries.

Indebtedness of Directors and Senior Officers

No current or former Director or Officer of the Corporation or its subsidiaries in the United States, and no associate of any such person, was indebted to the Corporation or any of its subsidiaries at any time since January 1, 2004, other than routine indebtedness, which is permitted under applicable Canadian securities laws. Routine indebtedness to the Corporation consists solely of relocation or hiring incentive loans advanced to certain Officers arising on their transfer of business location or hiring. Since July 29, 2002, when the Sarbanes-Oxley Act was enacted, no new relocation or hiring incentive loans or any other forms of indebtedness have been granted, renewed or extended to Directors or Officers.

REMUNERATION OF DIRECTORS

Directors of the Corporation, other than P.D. Daniel, are compensated pursuant to the Corporation's Directors Compensation Plan. The Board, through its Governance Committee, and considering recommendations from external independent consultants, is responsible for the development and implementation of the Directors Compensation Plan. The main objectives of the Directors Compensation Plan are: (a) to attract and retain the services of the most qualified individuals; (b) to compensate the Corporation's Directors in a manner that is commensurate with the risks and responsibilities assumed in Board and Board Committee membership and competitive with other comparable public issuers; and (c) to align the interests of the Directors with the Corporation's Shareholders. To meet and maintain these objectives, the Board periodically performs a comprehensive review of the Directors Compensation Plan, making any changes it deems necessary.

Effective July 1, 2004, a revised Directors Compensation Plan was implemented (the 2004 Plan). The 2004 Plan replaced the plan effective July 1, 2003 (the 2003 Plan). The key differences between the 2004 Plan and the 2003 Plan are:

1. the replacement of annual retainers for membership on each of the Board and any Committees of the Board, and attendance fees for Board and Board Committee meetings with an all inclusive annual Board retainer;
2. the imposition of appropriate penalties at the discretion of the Chair of the Governance Committee, along with the Chair of the Board, for non-attendance at Board and Board Committee meetings;

Table of Contents

3. the expectation that each Director will hold a personal investment in Enbridge Shares and/or Deferred Stock Units of at least two times the amount of the annual Board retainer, such investment to be attained within five years from the date of becoming a Director; and

4. the elimination of the annual retention stock bonus grant.

As the Directors were compensated during the financial year ended December 31, 2004 pursuant to the 2004 Plan and the 2003 Plan, a description of each plan is provided below.

2004 Plan

Under the 2004 Plan, Directors receive an annual retainer for membership on the Board and any Committee of the Board. The Chair of the Board and the Chair of any of the four Committees of the Board receives an

additional annual retainer. These annual retainers assist the Board to maintain a competitive position and are determined in relation to a comparator group of public issuers. The Governance Committee will define and review on a regular basis the appropriate marketplace against which comparisons are made. The Board's policy is for the annual retainers to be approximately equivalent to compensation levels paid to directors of the comparator group.

Directors may elect to receive the annual retainers in the form of cash, stock equivalent or Deferred Stock Units in increments of 25% up to a certain percentage, which election is dependent upon a Director's share ownership. Directors are expected to hold a personal investment in Enbridge Shares and Deferred Stock Units of at least two times the annual board retainer (i.e., \$300,000) (the Voluntary Minimum Share Ownership). Directors are expected to achieve the Voluntary Minimum Share Ownership by the later of July 1, 2009 or five years from the date they became a Director.

Directors' Compensation Pursuant to the 2004 Plan

The following table sets forth the percentages of each payment form that each Director may elect before and after reaching the Voluntary Minimum Share Ownership.

- 1 *These amounts are paid quarterly, in arrears.*
- 2 *Directors with an American principal residency are paid the same face amounts in U.S. dollars.*
- 3 *Under this payment option, the Director is paid the equivalent after-tax value of the fee in Enbridge Shares based on the weighted average of the trading price for the Enbridge Shares on the TSX for the five trading days immediately preceding the date of payment (the Stock Equivalent).*
- 4 *Under this payment option, the Director is paid the equivalent value of the fee in Deferred Stock Units based on the weighted average of the trading price for the Enbridge Shares on the TSX for the five trading days immediately preceding the date of payment. The value of a Deferred Stock Unit, when converted to cash, is equivalent to the market value of an Enbridge Share at the time the conversion takes place. Deferred Stock Units attract dividends in the form of additional Deferred Stock Units at the same rate as dividends on the Enbridge Shares. A Director cannot convert Deferred Stock Units to cash until the Director ceases to be a member of the Board.*
- 5 *Directors who travel from their home province or state to a meeting in another province or state receive a per trip cash allowance.*

Directors are reimbursed for all out-of-pocket expenses incurred to attend a Board or Board Committee meeting.

Director's attendance at Board and Board Committee meetings is reviewed by the Governance Committee each year and the Chair of such Committee, along with the Chair of the Board, at their discretion, will recommend appropriate penalties for non-attendance, which may include dismissal from the Board in the event that an inordinate number of meetings are missed.

2003 Plan

The 2003 Plan provided the Directors with annual retainers for sitting on the Board and any of its Committees and for acting as Chair of the Board or Chair of a Board Committee as well as fees for attendance at Board and Board Committee meetings.

Depending on what the retainer or fee was for, the Directors were able to elect to receive the compensation in the form of cash, Stock Equivalent or Deferred Stock Units. Under the 2003 Plan, each Director was expected to

maintain a share ownership of six times the annual board retainer (i.e., \$180,000) in Enbridge Shares or Deferred Stock Units to be achieved over a period of time (the Target Level). In order to assist each Director to reach and maintain the Target Level, the Corporation provided an annual retention stock bonus grant (the Share Retention Bonus) which consisted of one Enbridge Share for each five Enbridge Shares or Deferred Stock Units held by the Director for a minimum period of one year. The Share Retention Bonus was not payable on Enbridge Shares or Deferred Stock Units held by a Director in excess of the Target Level.

PROXY VOTING OPTIONS

Background Information

Only holders of Enbridge Shares of record at the close of business on March 17, 2005 will be entitled to vote in respect of the matters to be voted upon at the Meeting, or any adjournment thereof. With respect to each matter properly before the Meeting, a Shareholder shall be entitled to one vote for each Enbridge Share registered in the name of such Shareholder.

On any ballot that may be called for at the Meeting, all Enbridge Shares in respect of which the person named in a Proxy Form has been appointed to act will be voted, withheld from voting, or voted against, in accordance

with the specification of the Shareholder submitting them. If no such specification is made, then the Enbridge Shares will be voted as noted above in this Circular by the person named in the Proxy Form.

Set out below is a description of the options that Registered Shareholders and Beneficial Shareholders have for voting their Enbridge Shares. Registered Shareholders hold their Enbridge Shares in their own name (i.e., their shares are represented by a physical share certificate registered in their name). Beneficial Shareholders do not hold their Enbridge Shares by a share certificate issued in their own name but rather in an account where their Enbridge Shares are held in the name of a nominee (also known as street form), which is usually a trust company, securities broker or financial institution. Some Shareholders may own Enbridge Shares as both a Registered Shareholder and as a Beneficial Shareholder. Such Shareholders will need to vote separately, using the applicable procedure, in respect of Enbridge Shares held in their own name or held beneficially through their nominee.

Registered Shareholders

Registered Shareholders who are unable to be present at the Meeting may vote through the use of proxies. If you are a Registered Shareholder you should convey your voting instructions in one of the three voting methods available to you: (i) use of the paper Proxy Form to be returned by mail or delivery; (ii) use of the telephone voting procedure; or (iii) use of the internet voting procedure. By conveying your voting instructions in one of the three ways, you can participate in the Meeting through the person named in the Proxy Form. Please indicate your vote on each item of business and your vote will be cast accordingly. **If you do not indicate a preference, the Enbridge Shares represented by the enclosed Proxy Form, if the same is executed in favour of, or instructions are given for the appointment of, the Management nominees named in the Proxy Form, will be voted in favour of all the matters identified in the Notice of Meeting.**

The paper Proxy Form is the only voting option by which a Registered Shareholder may appoint a person as proxy other than the Management nominees named on the Proxy Form.

Mail

If a Registered Shareholder elects to use the paper Proxy Form, then it must be completed, dated, and signed in accordance with the instructions included with the Proxy Form. It must then be returned to CIBC Mellon Trust Company by use of the postage paid return envelope provided or by delivery to one of its principal corporate trust offices in Calgary, Halifax, Montreal, Toronto, Vancouver and Winnipeg at or before 4:00 p.m. (local time) on the second last business day (May 3, 2005) preceding the day of the Meeting (or any adjournment of the Meeting), or with the Chair of the Meeting prior to commencement of the Meeting on the day of the Meeting or the day of any adjournment of the Meeting. A list of addresses for CIBC Mellon Trust Company is set forth in Appendix C to this Circular.

Telephone

If a Registered Shareholder elects to vote by telephone, then a touch-tone telephone must be used to transmit voting preferences to a toll free number: 1-866-271-1207 (English or French). A Registered Shareholder must follow the instructions of the `Vote Voice` and refer to the Proxy Form sent to such Shareholder, and will be required to enter the Control Number provided to such Shareholder, as described under the heading `Control Number` below. Voting instructions are then conveyed by use of touch-tone selections over the telephone. If you vote by telephone, your vote must be received by 4:00 p.m. (local time) on May 3, 2005.

18 Management Information Circular

Table of Contents

Internet

If a Registered Shareholder elects to vote by internet (English and French), then they must access the website:

www.eproxyvoting.com/enbridge

A Registered Shareholder must then follow the instructions contained on the website and refer to the Proxy Form sent to such Shareholder, and will be required to enter the Control Number provided to such Shareholder, as described under the heading **Control Number** below. Voting instructions are then conveyed electronically by the Registered Shareholder over the internet. If you vote by internet, your vote must be received by 4:00 p.m. (local time) on May 3, 2005.

Control Number

In order to vote via the telephone or the internet, Registered Shareholders will be required to enter the 13 digit Control Number located on the back side of the Proxy Form (lower left hand side) that has been provided to them.

Beneficial (or non-registered) Shareholders

Beneficial Shareholders are Shareholders who do not hold their Enbridge Shares in their own name but rather in the name of a nominee, which is usually a trust company, securities broker or financial institution. Nominee holders are required to seek instructions from Beneficial Shareholders as to how to vote such securities. Each nominee has their own procedures for seeking voting instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that their Enbridge Shares are voted at the Meeting.

Most nominees will mail a voting instruction form to Beneficial Shareholders asking them to complete such form and return it to the nominee. The nominee then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of the Enbridge Shares to be represented at the Meeting.

In addition to conveying voting instructions via mail, nominees may also provide Beneficial Shareholders with the option to convey their voting instructions via the telephone or the internet. Beneficial Shareholders should carefully review the information provided by their nominee to determine the proxy voting options available to them.

As the Corporation has not obtained the names of Beneficial Shareholders, if a Beneficial Shareholder attends the Meeting, the Corporation will have no record of their shareholdings or their entitlement to vote, unless their nominee has appointed them as proxyholder. If a Beneficial Shareholder wishes to vote in person at the Meeting, they should insert their own name in the space provided on the voting instruction form provided by their nominee and follow the signing and return instructions provided by their nominee. By doing so, the Beneficial Shareholder is instructing their nominee to appoint them as proxyholder to attend at the Meeting and vote their Enbridge Shares in person.

APPOINTMENT OF PROXY

A Shareholder has the right to appoint a person other than the Management nominees designated on the accompanying Proxy Form. This can be accomplished when you convey your voting instructions, and can only be done by conveying your voting instructions on the paper Proxy Form to be returned by mail or delivery, and completed by crossing out the printed names and inserting the name of the person you wish to act as proxy in the blank space provided. The person so appointed, if such person is other than the Management nominees whose names are printed in the Proxy Form, should be notified. The person acting as proxy need not be a Shareholder.

DISCRETIONARY AUTHORITY OF PROXY

The voting instructions conveyed by a Shareholder by any of the three means concerning the matters described on the enclosed Proxy Form confers discretionary authority upon the proxy nominees with respect to amendments or variations to the matters identified in the Notice of Annual and Special Meeting and other matters which may properly come before the Meeting. The Board and Management do not know of any such matter which may be presented for consideration at the Meeting. However, if any such matter is presented, the proxy will be voted in accordance with the best judgment of the proxy nominees named in the Proxy Form.

REVOCAION OF PROXY

Proxies given by Shareholders may be revoked at any time prior to their use, by instrument in writing executed by the Shareholder, or by his or her attorney authorized in writing or, if the Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized, and deposited at the registered office of the Corporation, Suite 3000, 425 1st Street S.W., Calgary, Alberta, T2P 3L8, if the prior instructions were submitted by mail. If the instructions were conveyed by telephone or the internet then conveying new instructions by any of these three means will revoke the prior instructions. Proxies can thus be revoked at any time up to and including 4:00 p.m. (local time) on the business day preceding the meeting (May 4, 2005), or any adjournment thereof, or with the Chair of the Meeting on the day of the Meeting or any adjournment thereof, or in any other manner permitted by law, including, without limitation, personal attendance at the Meeting.

If the instrument of revocation is deposited with the Chair on the date of the Meeting, or any adjournment thereof, the instrument will not be effective with respect to any matter on which a vote has already been cast pursuant to the proxy to be revoked.

SOLICITATION OF PROXIES

The cost of this solicitation of proxies will be borne by the Corporation. In addition to solicitation by mail, the Officers, Directors and employees of the Corporation may, without additional compensation, solicit proxies personally or by telephone.

APPENDIX A

**STATEMENT OF CORPORATE
GOVERNANCE PRACTICES**

General Approach

A description of the general approach of the Corporation to corporate governance is set out below. Separate sections of this Appendix A also describe the approach of the Corporation to Canadian guidelines (see Alignment with TSX Guidelines within this Appendix A), and to United States requirements (see Compliance with U.S. SEC and NYSE Standards within this Appendix A). Canadian securities regulators have adopted Multilateral Instrument 52-110 dealing with audit committees and have

also proposed amendments to such Instrument. This instrument imposes membership requirements such as independence and financial literacy on members of audit committees as well as responsibility and disclosure obligations for audit committees. The Corporation intends to comply with such requirements when they become applicable to it in the future.

The Governance Committee has a focus on the structure and processes of corporate governance at Enbridge. The objective of the Governance Committee is to seek assurance that a comprehensive system of stewardship and accountability to Shareholders is in place and functioning among Directors, Management and employees of the Corporation.

As of the date of this Circular, the Directors of the Corporation are (standing left to right) Louis D. Hyndman, Robert W. Martin, J. Lorne Braithwaite, James J. Blanchard, George K. Petty, (seated left to right) Charles E. Shultz, E. Susan Evans, Patrick D. Daniel, Donald J. Taylor, William R. Fatt and David A. Arledge.

Board of Directors

The Board has plenary power from Shareholders to manage, or supervise the management of, the business and affairs of the Corporation. The Board is responsible for the overall stewardship of the Corporation and, in discharging that responsibility, reviews, approves and provides guidance in respect of the strategic plan of the Corporation and reviews the progress of strategic planning as it occurs. The Board also oversees identification of the principal risks to the Corporation on an annual basis and monitors the Corporation's risk management programs, the implementation of succession planning, and seeks assurance that internal control systems and management information systems are in place and operating effectively. The Board approves all significant decisions that affect the Corporation before implementation, supports implementation and reviews the results.

The Governance Committee defines and recommends to the Board the role of the Board, the roles of Committees of the Board, and the general division of duties as between the Board and the Chief Executive Officer. The Board is subject to, and complies with, the Corporation's Statement on Business Conduct (the Statement), a code of ethics, which is available on the Corporation's website at www.enbridge.com. Every employee of the Corporation, including Officers, and each Director, is subject to the Statement, and all are required to certify compliance with the Statement annually. The Governance Committee has developed a mandate statement for the Board as a whole, which has been adopted by the Board. Descriptions of specific Board responsibilities are set forth in the by-laws of the Corporation, in the mandates of the Committees of the Board, and more generally in the *Canada Business Corporations Act*. The Board Guidelines are also available at www.enbridge.com.

United States securities regulators also impose requirements on the Board and its Committees regarding membership, detailing independence criteria and outlining effective dates for disclosure of compliance with such requirements. Enbridge believes that, by the standards of Canadian and

American securities regulators, applicable in the past and through to the date of the Annual and Special Meeting of Shareholders on May 5, 2005, that all of its Directors other than P.D. Daniel, the President & Chief Executive Officer, are independent and all Board Committees consist of independent Directors.

Committees of the Board of Directors

The Board currently has four standing Committees. Through these Committees, the Board oversees identification of the principal risks to the Corporation and authorizes implementation of the systems for managing those risks.

Each of the Board Committees' terms of reference are available on the Corporation's website, www.enbridge.com under Investor Relations > Corporate Governance > Committee Terms of Reference.

Audit, Finance & Risk Committee

*The members of the Audit, Finance & Risk Committee are:
Mr. Arledge, Mrs. Evans, Mr. Fatt, Mr. Hyndman and Mr. Martin (Chair).*

The principal function of the Audit, Finance & Risk Committee is to review Enbridge's quarterly and annual financial statements and recommend their approval or otherwise to the Board. The Committee has responsibility for recommending the appointment of the Corporation's external auditors to

the Board and is responsible for the compensation, retention and oversight of the external auditors. Any services to be provided by the external auditors must be approved by the Committee. The external auditors report directly to the Committee. The Committee also supervises internal audit functions and monitors disclosure in the financial statements, communicates directly with both internal and external auditors, has overview responsibility for Management reporting on internal controls, and meets with external auditors and internal auditors independently of Management to discuss, among other things, their qualifications, independence and objectivity. The Committee also recommends approval of press releases of financial results, reviews all financial information and financial statements contained in any prospectus, reviews the Management Discussion & Analysis section of the Corporation's quarterly and annual financial reports and reviews the Corporation's Annual Information Form.

The Audit, Finance & Risk Committee, together with the Board, also oversees a review of the principal risks to the Corporation on an annual basis, monitors the Corporation's risk management program and reviews risks in conjunction with internal and external auditors.

United States securities regulators also impose requirements on the functions of the audit committee of the Corporation. The Corporation must comply with the NYSE requirements no later than July 31, 2005, which standards are described more fully under "Compliance with U.S. SEC and NYSE Standards", below.

Corporate Social Responsibility Committee

*The members of the Corporate Social Responsibility Committee are:
Mr. Blanchard, Mr. Braithwaite, Mr. Hyndman (Chair), and Mr. Petty.*

Governance Committee

*The members of the Governance Committee are:
Mr. Blanchard, Mr. Braithwaite, Mr. Petty (Chair), and Mr. Taylor.*

The Governance Committee is mandated to be responsible for and make recommendations to the Board concerning the overall governance of the Corporation. Included in its mandate is the responsibility to review the mandates for the various Board Committees, recommend the nomination of Directors to the Board and to Board Committees, develop the Corporation's approach to governance issues, set corporate governance guidelines for the Board and assume responsibility for the Corporation's response to those guidelines.

In addition to the functions noted above under the heading "Board of Directors", the Governance Committee has a process to monitor the quality of, and recommend changes to, the relationship between and among the Board, its Committees and Management. This includes the assessment of the performance of the Board as a whole, Board Committees and the Chair of the Board, as well as reviewing the contributions of individual Directors.

One of the Governance Committee's objectives is to nominate a balanced mix of Board members with the experience and expertise to provide value to the Corporation and its Shareholders in respect of the Corporation's business and strategic plans. The Governance Committee sets guidelines that include criteria to add Directors who possess relevant and/or senior executive expertise or other qualifications, including an intent to achieve an appropriate mix of gender and minority representation on the Board.

The Governance Committee is also mandated to review and recommend to the Board the adequacy and form of remuneration of Directors, and to ensure that the Board functions independently of Management.

organizational structure and succession planning matters. The Committee reviews and monitors executive development programs and defines the responsibilities and approves objectives of the Chief Executive Officer on an annual basis.

Alignment With TSX Guidelines

The TSX, upon which the Enbridge Shares are listed, requires every listed issuer to disclose on an annual basis its approach to corporate governance. The disclosure must make specific reference to each of the TSX’s corporate governance guidelines (the Guidelines) and, where the approach is different from any of those Guidelines or where the Guidelines do not apply, must explain the differences or their inapplicability. Set out below is a table addressing the Corporation’s approach to each of the Guidelines. The Board believes that the Corporation is in full alignment with the Guidelines.

Guideline 1: **The board of directors of every corporation should explicitly assume responsibility for the stewardship of the corporation.**

Does Enbridge Align? Yes.

Description of Approach: The Board’s assumption of responsibility for the stewardship of the Corporation is described above under the heading Board of Directors .

The Board has delegated to the President & Chief Executive Officer and Senior Management the responsibility for day-to-day management of the business of the Corporation, subject to compliance with the plans approved from time to time by the Board. In addition to those matters which must, pursuant to the *Canada Business Corporations Act* and the Articles of the Corporation, be approved by the Board, the Board has specified limits to Management’s responsibility as recommended in the Guidelines, and retains responsibility for significant changes in the Corporation’s affairs such as the approval of major capital expenditures, debt and equity financing arrangements and significant acquisitions and divestitures.

Guideline 1a: **As part of the overall stewardship responsibility, the board of directors should assume responsibility for adoption of a strategic planning process.**

Does Enbridge Align? Yes.

Description of Approach: The Board reviews, approves and oversees the process in respect of the strategic plan of the Corporation and reviews the progress of strategic planning as it occurs. Two Board meetings per year are devoted to the strategic plan. The Board oversees all transactions that would have a significant impact on the strategic plan.

Guideline 1b: **As part of the overall stewardship responsibility, the board of directors should assume responsibility for the identification of the principal risks of the corporation's business and ensuring the implementation of appropriate systems to manage these risks.**

Does Enbridge Align? Yes.

Description of Approach: The Board oversees identification of the principal risks to the Corporation on an annual basis, monitors the Corporation's risk management programs and seeks assurance that internal control systems and management information systems are in place and operating effectively.

The Corporation has in place a comprehensive risk assessment system, which incorporates relevant risk assessment information from its major corporate businesses. The risk assessment process analyzes existing and emerging risks within defined categories, with corresponding mitigating factors. Common measurement and assessment criteria enable the ranking of risks from diversified businesses on a consolidated basis in accordance with a range of loss consequences, and over a stated time horizon. The Board and the Audit, Finance & Risk Committee specifically oversee the review of principal risks to the Corporation on an annual basis, monitor the Corporation's risk management program and oversee the review of risks in conjunction with internal and external auditors. Other Board Committees also authorize implementation and monitoring of systems put in place to address applicable risks. For example, the Corporate Social Responsibility Committee has authorized establishment of a global reporting initiative guideline and an environmental risk management system, and monitors their operation. The Board has delegated certain responsibilities to each of its Committees, and they report and make recommendations to the Board on a regular basis, as well as oversee the implementation and monitoring of systems put in place to address applicable risks.

Table of Contents

The Board is responsible for choosing the Chief Executive Officer, appointing Senior Management and monitoring their performance.

This mandate includes the goal to maximize shareholder value. In addition, the Board has established specific terms of reference and a review process for the Chief Executive Officer. The Governance Committee and the Human Resources & Compensation Committee approves the Chief Executive Officer's objectives on an annual basis. These objectives are reviewed by the Board on an ongoing basis.

The Human Resources & Compensation Committee has responsibility to review and advise the Board on systems relating to employment, succession planning and remuneration of employees, including Officers of the Corporation and the effectiveness of these systems. The Committee monitors the performance of Senior Management, oversees intellectual capital risk to ensure that management programs deal with succession planning and employee retention, and reports to the Board on organizational structure and succession planning matters. The Committee reviews and monitors executive development programs.

These Guidelines are reviewed at least annually by the Board. The Board reviews and approves the content of all major disclosure documents including the Annual and Quarterly Reports to Shareholders, including Management's Discussion & Analysis, the Annual Information Form and the Management Information Circular. The Board has established programs and structures to provide assurance of effective communications between the Corporation, its Shareholders, stakeholders and the public and to avoid selective disclosure. Management of the Corporation meets frequently with the Board regarding these matters.

Guideline 1e: **As part of the overall stewardship responsibility, the board of directors should assume responsibility for the integrity of the Corporation's internal control and management information systems.**

In performing this function, the Committee has overview responsibility for Audit Services (the internal audit function at Enbridge) and for Executive Management reporting on internal controls and receives a report from Management annually, or more frequently if requested.

Guideline 2: **The board of directors of every corporation should be constituted with a majority of individuals who qualify as unrelated directors. An unrelated director is a director who is independent of management and is free from any interest and any business or other relationship which could, or could reasonably be perceived to, materially interfere with the director's ability to act with a view to the best interests of the corporation, other than interests and relationships arising from shareholding. A related director is a director who is not an unrelated director.**

Does Enbridge Align? Yes.

Description of Approach: Ten of the eleven Directors are unrelated Directors. P.D. Daniel, as current President & Chief Executive Officer, is the only related Director of the Corporation.

Table of Contents

Guideline 3: **The application of the definition of unrelated director to the circumstances of each individual director should be the responsibility of the board which will be required to disclose on an annual basis whether the board has a majority of unrelated directors. Management directors are related directors. The board will also be required to disclose on an annual basis the analysis of the application of the principles supporting this conclusion.**

Does Enbridge Align? Yes.

Description of Approach: The Directors have examined the definition and have considered their respective interests in and relationships with the Corporation in determining that ten of the eleven Directors are unrelated Directors, as outlined in Guideline 2.

Guideline 4: **The board of directors of every corporation should appoint a committee of directors composed exclusively of outside (i.e., non-management) directors, a majority of whom are unrelated directors, with the responsibility for proposing to the full board new nominees to the board and for assessing directors on an ongoing basis.**

Does Enbridge Align? Yes.

Description of Approach: The Governance Committee is composed solely of non-Management and unrelated Directors.

The Governance Committee has responsibility to propose nominee Directors and to assess Directors on an ongoing basis. The assessment of Directors is outlined in Guideline 5. One of the Governance Committee’s objectives is to nominate a balanced mix of Board members with the experience and expertise to provide value to the Corporation and its Shareholders in respect of the Corporation’s business and strategic plans. well as reviewing the contributions of individual Directors. The Governance Committee conducts an annual written survey of performance assessment for the Chair of the Board, the Board as a whole, and each individual Board Committee. Individual Director peer reviews are conducted with the assistance of an independent consultant every second year. An annual one-on-one session is conducted with each Director by the President & Chief Executive Officer and separately, by the Chair of the Board.

Guideline 6: **Every corporation, as an integral element of the process for appointing new directors, should provide an orientation and education program for new recruits to the board.**

Does Enbridge Align? Yes.

In addition to having discussions with the Chair of the Board, and receiving presentations from the President & Chief Executive Officer and Senior Management with respect to the business and operations of the Corporation, a new Director also receives a Director's Manual, including a record of public and other information concerning the Corporation.

The continuing education offered to Directors includes an orientation at the time of each new Committee assignment, and presentations by Management, site and facility tours, and special presentations in response to Director's requests.

Guideline 7: **Every board of directors should examine its size and, with a view to determining the impact of the number upon effectiveness, undertake where appropriate, a program to reduce the number of directors to a number which facilitates more effective decision-making.**

Does Enbridge Align? Yes.

Description of Approach: Ten members are to be nominated for election to the Board. The Board must have a sufficient number of Directors to carry out its duties efficiently, while presenting a diversity of views and experience. The Governance Committee reviews the contributions of the Directors (see Guideline 5). The Board considers annually whether the current size of the Board promotes effectiveness and efficiency, and believes that the appropriate size of the Board is ten to twelve members.

Table of Contents

Guideline 8: **The board of directors should review the adequacy and form of the compensation of directors and ensure the compensation realistically reflects the responsibilities and risk involved in being an effective director.**

Does Enbridge Align? Yes.

Description of Approach: The Governance Committee is mandated to review annually and recommend to the Board the adequacy and form of remuneration of Directors. In establishing compensation, the Committee considers the commitment and knowledge required of the Corporation's Directors and the compensation paid by a group of comparable public companies to their Boards of Directors. The Governance Committee has authority to utilize external consultants to assist with this role.

Directors of the Corporation elect to receive compensation in one or more of the equivalent forms offered. See the heading "Remuneration of Directors" in this Circular for details. Directors must achieve a voluntary minimum share ownership level within five years, reviewed annually, and currently set at two times the value of their annual Board retainer.

Guideline 9: **Committees of the board of directors should generally be composed of outside directors, a majority of whom are unrelated directors, although some board committees, such as the executive committee, may include one or more inside directors.**

Does Enbridge Align? Yes.

Description of Approach: The Board currently has four standing Committees, all of which are composed solely of non-Management, unrelated Directors.

Guideline 10: **Every board of directors should expressly assume responsibility for, or assign to a committee of directors the general responsibility for, developing the corporation's approach to governance issues. This committee would, amongst other things, be responsible for the corporation's response to these governance guidelines.**

Does Enbridge Align? Yes.

Description of Approach: The Governance Committee focuses on the structure and processes of corporate governance at Enbridge. The objective of the Governance Committee is to seek assurance that a comprehensive system of stewardship and accountability to Shareholders is in place and functioning among Directors, Management and employees of the Corporation. Additional disclosure on the role of the Governance Committee is given under "Committees of the Board of Directors" Governance Committee above.

Guideline 11: **The board of directors, together with the CEO, should develop position descriptions for the board and for the CEO, involving the definition of the limits to management's responsibilities. Description of Approach: The Governance Committee performs this function. See disclosure under Board of Directors and in Guideline 1c above.

Guideline 12: **Every board of directors should have in place appropriate structures and procedures to ensure that the board can function independently of management. An appropriate structure would be to (i) appoint a chair of the board who is not a member of management with responsibility to ensure the board discharges its responsibilities or (ii) adopt alternate means such as assigning this responsibility to a committee of the board or to a director, sometimes referred to as the lead director. Appropriate procedures may involve the board meeting on a regular basis without management present or may involve expressly assigning the responsibility for administering the board's relationship to management to a committee of the board.**

Does Enbridge Align? Yes.

Description of Approach: Directors of the Corporation may engage outside advisers in appropriate circumstances, at the Corporation’s expense and subject to the approval of the Governance Committee, to provide advice with respect to a corporate decision or action.

Compliance With U.S. SEC and NYSE Standards

As a foreign private issuer under United States securities laws, the Corporation is in most respects permitted to comply with Canadian governance standards in lieu of U.S. SEC or NYSE corporate governance standards applicable to United States listed corporations, but there are exceptions. Those exceptions, and the Corporation’s approach to them, are set out in the table below. The Canadian governance standards to which the Corporation is subject are set out in the table titled Alignment with TSX Guidelines . The Board believes that the Corporation is in full compliance with the U.S. SEC and NYSE corporate governance standards applicable to it.

**Audit
Committee:**

By July 31, 2005, listed companies must have an audit committee that satisfies the requirements of Rule 10A-3 under the U.S. Securities Exchange Act of 1934.

Rule 10A-3 requires, in brief, that the Corporation's audit committee members be independent, as defined in Rule 10A-3, and that the committee be responsible for, among other things, (a) appointing, compensating and overseeing the work of the Corporation's independent auditors, (b) establishing complaints procedures and (c) hiring independent counsel and other advisers as it deems necessary. Rule 10A-3 also requires that the Corporation provide sufficient funds for the audit committee to compensate the independent auditors, any advisers hired by the committee and for the committee's administrative expenses. The rule will permit the Corporation to continue its practice of having the shareholders vote on the retention of the Corporation's independent auditors so long as any recommendation from the Corporation is made by the audit committee.

Will Enbridge
Comply?

Yes.

Description of
Approach:

The Corporation is fully compliant with this rule.

**Audit
Committee
Financial
Expert:**

The Corporation is required to disclose whether it has at least one audit committee financial expert serving on its Audit, Finance & Risk Committee and if so, the name of the expert and whether the expert is independent.

Does Enbridge
Comply?

Yes.

Description of
Approach:

Messrs. D. Arledge and W.R. Fatt are considered financial experts, and are independent, within the meaning of the U.S. Securities Exchange Act of 1934 disclosure requirements.

Table of Contents

Code of Ethics: **The Corporation is required to disclose if it has adopted a code of ethics that applies to its principal executive officer, principal financial officer, principal accounting officer, or controller.**

Does Enbridge Comply? Yes.

Description of Approach: The Corporation has a code of ethics named the Company Statement on Business Conduct. Every employee, including the Principal Executive Officer, Principal Financial Officer, Principal Accounting Officer or Controller is required to certify compliance with the Statement annually, in a report to the Chair of the Governance Committee. Each member of the Board is also required to certify compliance annually with the Chair of the Board.

Foreign Private Issuer Disclosure: **Listed foreign private issuers must disclose any significant ways in which their corporate governance practices differ from those followed by U.S. domestic companies under NYSE listing standards.**

Does Enbridge Comply? Yes.

Description of Approach: The Corporation's domestic corporate governance practices with which it complies (see Alignment with TSX Guidelines, above) differ from the corporate governance practices required of U.S. companies listed on the NYSE in the following significant ways:

- § The NYSE requires that a majority of the directors of a listed U.S. company be independent, whereas the Corporation's practice, in line with the TSX Guidelines, is to have a majority of unrelated directors; while the Corporation believes these concepts are similar, the NYSE corporate governance standards, unlike the TSX Guidelines, list certain specific circumstances in which a director will be deemed to be not independent;
- § The NYSE requires that the Corporation's audit committee comply with Rule 10A-3 of the U.S. Securities Exchange Act of 1934. The general requirements under this rule are set out within this Appendix A under the heading Compliance with U.S. SEC and NYSE Standards Audit Committee. Independence under this rule means, among other things, that there is an absence of direct/indirect compensation other than director pay and the absence of a control relationship. The TSX Guidelines only require that the audit committee should be composed of outside directors. The Guidelines do not incorporate the independence criteria. Multilateral Instrument 52-110 does incorporate such criteria. Although this instrument is in force, it does not apply to the Corporation until May 5, 2005;
- § The NYSE requires that the audit committee of a listed U.S. company set clear hiring policies for employees or former employees of its independent auditors, whereas the Corporation's audit committee does not currently have such policies;

- § The NYSE requires that each CEO of a U.S. company certify to the NYSE each year that he or she is not aware of any violation by the company of NYSE corporate governance standards, whereas no similar requirement or procedure exists at the TSX; and
- § The NYSE requires shareholder approval for equity compensation plans, including any plans that allow employees to purchase shares in the open market at a discounted share price. The Corporation offers all employees an incentive to save and to increase their ownership stake in the Corporation by offering to match employee savings up to 2.5% of base salary, with an equal value contribution of 2.5% of their base salary in flex credits, provided the employee savings contribution is applied to purchase Enbridge Shares in the open market. This Stock Purchase and Savings Plan makes Enbridge Shares available to employees, effectively providing them with a 2.5% of base salary credit toward the cost of the shares. In Canada, such a plan does not need to be approved by shareholders because the plan purchases the Enbridge Shares in the open market and no additional shares are issued, whereas under NYSE rules, shareholder approval is required for such a plan.

Notification Requirements:

Each listed company CEO must promptly notify the NYSE in writing after any executive officer of the listed company becomes aware of any material non-compliance with any applicable provisions of the NYSE corporate governance standards.

Does Enbridge Comply?

Yes.

Description of Approach:

The Chief Executive Officer of the Corporation is not aware of any material non-compliance with any applicable provisions of the NYSE corporate governance standards applicable to the Corporation. If the Chief Executive Officer does become aware of any material non-compliance, he will promptly notify the NYSE in writing.

Summary of the Shareholder Rights Plan

Background

The primary objective of the Rights Plan is to provide the Board with sufficient time to explore and develop alternatives for maximizing shareholder value if a take-over bid is made for the Corporation and to provide every Shareholder with an equal opportunity to participate in such a bid. The Rights Plan encourages a potential acquirer to proceed either by way of a Permitted Bid (as defined in the Rights Plan), which requires the take-over bid to satisfy certain minimum standards designed to promote fairness, or with the concurrence of the Board.

On the original adoption of the Rights Plan and on continuing the Rights Plan, the Board considered the legislative framework in Canada governing take-over bids. Under provincial securities legislation, a take-over bid generally means an offer to acquire voting or equity shares of a person or persons, where the shares subject to the offer to acquire, together with shares already owned by the bidder and certain related parties, aggregate 20% or more of the outstanding shares of a corporation.

The existing legislative framework for take-over bids in Canada continues to raise the following concerns for Shareholders of the Corporation:

(a) Time

Current legislation permits a take-over bid to expire 35 days after it is initiated. The Board is of the view that this is not sufficient time to permit Shareholders to consider a take-over bid and make a reasoned and unhurried decision.

(b) Pressure to Tender

A shareholder may feel compelled to tender to a take-over bid which the shareholder considers to be inadequate out of a concern that in failing to do so, the shareholder may be left with illiquid or minority discounted shares. This is particularly so in the case of a partial take-over bid for less than all of the shares, where the bidder wishes to obtain a control position but does not wish to acquire all of the shares. The Rights Plan provides the shareholder with a tender approval mechanism which is intended to ensure that the shareholder can separate the decision to tender from the approval or disapproval of a particular take-over bid.

Table of Contents

(c) Unequal Treatment: Full Value

While existing provincial securities legislation has substantially addressed many concerns in this regard, there remains the possibility that control of a public issuer may be acquired pursuant to a private agreement in which one or a small group of shareholders dispose of shares at a premium to market price which premium is not shared with the other shareholders. In addition, a person may slowly accumulate shares through stock exchange acquisitions which may result, over time, in an acquisition of control without payment of fair value for control or a fair sharing of a control premium among all shareholders.

Principal Terms

The following is a summary of the principal terms of the Rights Plan which is qualified in its entirety by reference to the text of the 2005 Rights Plan Agreement. A Shareholder or any other interested party may obtain a copy of the 2005 Rights Plan Agreement by contacting the Corporate Secretary, Enbridge Inc., 3000, 425 1st Street S.W., Calgary, AB, T2P 3L8; telephone (403) 231-3938; fax (403) 231-5929.

Effective Date

The effective date of the Rights Plan is November 9, 1995 (the Effective Date).

Term

The current Rights Plan had a ten-year term expiring November 9, 2005. The 2005 Rights Plan Agreement amends the definition of Expiration Time to provide that the Rights Plan must be reconfirmed and approved by Shareholders every three years without specifying a fixed term.

If the Rights Plan embodied in the 2005 Rights Plan Agreement is ratified, confirmed and approved by the Shareholders at the Meeting, the Rights Plan will remain in effect until the 2008 Annual Meeting of Shareholders.

Shareholder Approval

For the Rights Plan to continue in effect following the Meeting, the Rights Plan Resolution must be approved by a majority of the votes cast at the Meeting by Shareholders voting in person and by paper, telephone or internet proxy.

Issue of Rights

On the Effective Date, one right (a Right) was issued and attached to each Enbridge Share outstanding and attaches to each Enbridge Share subsequently issued.

Rights Exercise Privilege

The Rights will separate from the Enbridge Shares and will be exercisable eight trading days (the Separation Time) after a person has acquired, or commences a take-over bid to acquire, 20% or more of the Enbridge Shares, other than by an acquisition pursuant to a take-over bid permitted by the Rights Plan (a Permitted Bid). The acquisition by any person (an Acquiring Person) of 20% or more of the Enbridge Shares, other than by way of a Permitted Bid, is referred to as a Flip-in Event . Any Rights held by an Acquiring Person will become void upon the occurrence of a Flip-in Event. Eight trading days after the occurrence of the Flip-in Event, each Right (other than those held by the Acquiring Person) will permit the purchase of \$440 worth of Enbridge Shares for \$220.

The issue of the Rights is not initially dilutive. Upon a Flip-in Event occurring and the Rights separating from the Enbridge Shares, reported earnings per share on a fully-diluted or non-diluted basis may be affected. Holders of Rights not exercising their Rights upon the occurrence of a Flip-in Event may suffer substantial dilution.

Lock-Up Agreements

A bidder may enter into lock-up agreements (a Lock-Up Agreement) with the Corporation's shareholders (a Locked-Up Person) whereby such shareholders agree to tender their Enbridge Shares to the take-over bid (the Subject Bid) without a Flip-in Event (as referred to above) occurring. Any such agreement must permit the Locked-Up Person

to withdraw their Enbridge Shares from the lock-up to tender to another take-over bid or support another transaction that will provide greater value to the Locked-Up Person than the Subject Bid where the greater value offered exceeds by as much or more than a specified amount (the Specified Amount) the value offered under the Subject Bid, provided the Specified Amount is not greater than 7% of the value offered under the Subject Bid. For purposes of clarity, a Lock-Up Agreement may contain a right of first refusal or require a period of delay (or other similar limitation) to give an offeror an opportunity to match a higher price in another transaction as long as the Locked-Up Person can accept another bid or tender to another transaction.

The 2005 Rights Plan Agreement amends the definition of Lock-up Agreement to also provide that any Lock-Up Agreement be made available to the Corporation and to the public, and that under a Lock-Up Agreement no break up fees, top up fees, penalties, expense reimbursement or other amounts that exceed in aggregate the greater of: (i) 21/2 % of the value payable under the Subject Bid; and (ii) 50% of the amount by which the value received by a Locked-Up Person under another take-over bid or transaction exceeds what such Locked-Up Person would have received under the Subject Bid; can be payable by such Locked-Up Person if the Locked-Up Person fails to deposit or tender their Enbridge Shares to the Subject Bid or withdraws such shares previously tendered thereto in order to deposit such shares to another take-over bid or support another transaction.

Certificates and Transferability

Prior to the Separation Time, the Rights are evidenced by a legend imprinted on certificates for the Enbridge Shares issued from and after the Effective Date and are not to be transferable separately from the Enbridge Shares. From and after the Separation Time, the Rights will be evidenced by Rights certificates which will be transferable and traded separately from the Enbridge Shares.

Permitted Bid Requirements

The requirements for a Permitted Bid include the following:

- (i) the take-over bid must be made by way of a take-over bid circular;
- (ii) the take-over bid must be made to all Shareholders;
- (iii) the take-over bid must be outstanding for a minimum period of 60 days and Enbridge Shares tendered pursuant to the take-over bid may not be taken up prior to the expiry of the 60 day period and only if at such time more than 50% of the Enbridge Shares held by Shareholders, other than the bidder, its affiliates and persons acting jointly or in concert and certain other persons (the Independent Shareholders), have been tendered to the take-over bid and not withdrawn; and
- (iv) if more than 50% of the Enbridge Shares held by Independent Shareholders are tendered to the take-over bid within the 60 day period, the bidder must make a public announcement of that fact and the take-over bid must remain open for deposits of Enbridge Shares for an additional 10 business days from the date of such public announcement.

The Rights Plan allows for a competing Permitted Bid (a Competing Permitted Bid) to be made while a Permitted Bid is in existence. A Competing Permitted Bid must satisfy all the requirements of a Permitted Bid except that it may expire on the same date as the Permitted Bid, subject to the requirement that it be outstanding for a minimum period of 35 days.

Waiver

The Board, acting in good faith, may, prior to the occurrence of a Flip-in Event, waive the application of the Rights Plan to a particular Flip-in Event (an Exempt Acquisition) where the take-over bid is made by a take-over bid circular to all Shareholders. Where the Board exercises the waiver power for one take-over bid, the waiver will also apply to any other take-over bid for the Corporation made by a take-over bid circular to all Shareholders prior to the expiry of any other bid for which the Rights Plan has been waived.

Redemption

The Board with the approval of a majority vote of the votes cast by Shareholders (or the holders of Rights if the Separation Time has occurred) voting in person and by proxy, at a meeting duly called for that purpose, may redeem the Rights at \$0.001 per Right. Rights may also be redeemed by the Board without such approval following completion of a Permitted Bid, Competing Permitted Bid or Exempt Acquisition.

Amendment

The Board may amend the Rights Plan with the approval of a majority vote of the votes cast by Shareholders (or the holders of Rights if the Separation Time has occurred) voting in person and by proxy at a meeting duly called for that purpose. The Board without such approval may correct clerical or typographical errors and, subject to approval as noted above at the next meeting of the Shareholders (or holders of Rights, as the case may be), may make amendments to the Rights Plan to maintain its validity due to changes in applicable legislation.

Board of Directors

The Rights Plan will not detract from or lessen the duty of the Board to act honestly and in good faith with a view to the best interests of the Corporation. The Board, when a Permitted Bid is made, will continue to have the duty and power to take such actions and make such recommendations to Shareholders as are considered appropriate.

Exemptions for Investment Advisors

Investment advisors (for fully managed accounts), trust companies (acting in their capacities as trustees and administrators), statutory bodies whose business includes the management of funds and administrators of registered pension plans acquiring greater than 20% of the Enbridge Shares are exempted from triggering a Flip-in Event, provided that they are not making, or are not part of a group making, a take-over bid.
