NOTE 2 - ACCOUNTING POLICIES AND PROCEDURES

Accounting policies and procedures have not been determined except as follows:

1. The Company uses the accrual method of accounting recognizing revenues when it is reasonably expected to be collected.
2. In April, 1998, the American Institute of Certified Public Accountant's issued Statement of Position 98-5 ("SOP 98-5"), Reporting on the Costs of Start-Up Activities which provides guidance on the financial reporting of start-up costs and organizations costs. The Company adopted SOP 98-5 in 1999.
3. Basic earnings per share is computed using the weighted average number of shares of common stock outstanding.

5. The Company experienced losses for its operating periods, December 31, 1998, December 31, 1999 and December 31, 2000. The Company will review its need for a provision for federal income tax after each operating quarter and each period for which a statement of operations is issued. The net operating losses of \$6,811,774.00 will begin to expire in 2013.

The Company did not record any deferred tax benefits as management deemed it less than likely that the benefits would be utilized. The Company has adopted the provisions of FAS 109.
6. The Company has adopted December 31 as its fiscal year end.
7. The preparation of financial statements in conformity with generally accepted accounting principles requires that management make estimates and assumptions which affect the reported amounts of assets and liabilities as at the date of the financial statements and revenues and expenses for the period reported. Actual results may differ from these estimates.

Edgar Filing: BUCKTV COM INC - Form 10QSB

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF PLAN OF OPERATIONS

The Registrant was incorporated on September 21, 1998, in the state of Nevada under the name BuckTV.com, Inc. BuckTV.com, Inc. was incorporated to transact any lawful business. The Company originally hoped to develop a genetically engineered type of Pima cotton seed with a gene that contains a virus fatal to the pink bollworm, a leaf-munching pest that can destroy cotton fields. The Company's initial test results were not positive, and the Company subsequently changed management and control of its stock to a different group.

Under its new name, BuckTV.com, Inc., the new management and ownership of the Company has developed a new principal business strategy for the Company to market consumer products through an Interactive WEB site, based on an auction format, utilizing the talents and abilities of Mr. Buck Hunter, a major shareholder in, and a Director of, the Company, who is also a well-known radio and television personality.

This WEB site will be promoted through the Cable Radio Network, various search engines, through other Web sites, marketing its site to businesses/customers through e-mail, online media, and other marketing and promotional efforts.

There can be no assurance that brand promotion activities will yield increased revenues or that any such revenues would offset the expenses incurred by the Company in building its brands. Further, there can be no assurance that any new users attracted to BuckTV will conduct transactions over BuckTV.com on a regular basis. If the Company fails to promote and maintain its brand or incurs substantial expenses in an attempt to promote and maintain its brand or if the Company's existing or future strategic relationships fail to promote the Company's brand or increase brand awareness, the Company's business, results of operations and financial condition would be materially adversely affected.

Going Concern

The Company's financial statements are prepared using generally accepted accounting principles applicable to a going concern which contemplates the realization of assets and liquidation of liabilities in the normal course of business. However, the Company has no current source of revenue. Without realization of additional capital, it would be unlikely for the Company to continue as a going concern.

Unclassified Balance Sheet - In accordance with the provisions of SFAS No.53, the Company has elected to present an unclassified balance sheet.

11

Loss/Earnings Per Share - Earnings per share is computed using the weighted average number of shares of common stock outstanding.

The Company has not pursued or explored any opportunities for an acquisition or merger. This does not preclude that the Company may not explore any opportunities in the future.

Results of Operations

As of March 31, 2001, being a developmental stage Company, the Company has yet to generate any revenues. In addition, the Company does not expect to generate any significant revenues over the next approximately six (6)

Edgar Filing: BUCKTV COM INC - Form 10QSB

months. During the First Quarter, the Company experienced net loss \$2,385,291 as compared to a net loss of \$41,000 for the same period last year. The bulk of these expenses were for setting up offices in both Colorado and Nevada, along with general and administrative costs, accounting purposes, establishing the Company's website, and filing fees. The Company does not have any material commitments for capital expenditures.

Plan of Operation

The Company has not achieved revenues or profitability to date, and the Company anticipates that it will continue to incur net losses for the foreseeable future. The extent of these losses will depend, in part, on the amount of growth in the Company's revenues from sales of its products, and possibly from advertising revenues on its Web site. As of March 31, 2001, the Company had an accumulated deficit of Six million eight hundred ten thousand seven hundred seventy-three (\$6,811,774) dollars. The Company expects that its operating expenses will increase significantly during the next several months, especially in the areas of sales and marketing, and brand promotion. Thus, the Company will need to generate increased revenues to achieve profitability. To the extent that increases in its operating expenses precede or are not subsequently followed by commensurate increases in revenues, or that the Company is unable to adjust operating expense levels accordingly, the Company's business, results of operations and financial condition would be materially and adversely affected. There can be no assurances that the Company can achieve or sustain profitability or that the Company's operating losses will not increase in the future.

12

Liquidity and Capital Resources

The Company's primary sources of liquidity since its inception have been the sale of shares of common stock from shareholders, which were used during the period from inception through September 30, 1999. An original stock offering was made pursuant to Nevada Revised Statutes Chapter 90.490 (hereinafter referred to as the "Offering"). This Offering was made in reliance upon an exemption from the registration provisions of Section 5 of the Securities Act of 1993 (the "Act"), as amended, pursuant to Regulation D, Rule 504 of the Act. On September 22, 1998, the Company's founding shareholder purchased 3,000,000 shares of the company's authorized but unissued treasury stock for cash and assets. Additionally, the Company sold Thirty-eight Thousand Three Hundred Sixty Dollars (\$38,360) or Seven Hundred Sixty-seven Thousand Two Hundred (767,200) shares of the Common Stock of the Company during the Offering to approximately fifty-six (56) shareholders in the State of Nevada. The offering was closed February 28, 1999. As of September 30, 1999, the Company has three million seven hundred sixty seven thousand two hundred shares (3,767,200) shares of its \$0.001 par value common voting stock issued and outstanding which are held by approximately fifty-seven (57) shareholders of record, which includes the founder shares

The Company currently has two (2) employees: one President, and one Secretary. If the company can develop its interactive website, at that time the Company will either consider adding more employees, or subcontracting for additional employees.

The Company has no material commitments for capital expenditures nor does it foresee the need for such expenditures over the next year.

Edgar Filing: BUCKTV COM INC - Form 10QSB

Market For Company's Common Stock

Until November 2, 1999, there was no public trading market for the Company's stock. On that day the Company's common stock was cleared for trading on the OTC Bulletin Board system under the symbol OLRM. When the Company changed its name to BuckTV.com, it was issued the new trading symbol BKTV by the NASD. (See Item 4 below: "Submission of Matters to a vote of Securities Holders.") A very limited market exists for the trading of the Company's common stock.

Dividend Policy

The Company has not yet adopted any policy regarding payment of dividends. Holders of common stock will ultimately be entitled to receive such dividends as the board of directors may from time to time declare out of funds legally available for the payment of dividends. No dividends have up to now been paid on our common stock, and we do not anticipate paying any dividends on our common stock in the foreseeable future.

Investors are cautioned that any such forward-looking statements are not guarantees of future performance and involve significant risks and uncertainties, and that actual results may differ materially from those projected in the forward-looking statements as a result of various factors. Factors that could adversely affect actual results and performance include, among others, the Company's limited operating history, dependence on continued growth in the use of the Internet, the Company's inexperience
