LETTER FROM ADTALEM GLOBAL EDUCATION PRESIDENT AND CHIEF EXECUTIVE OFFICER

OCTOBER 4, 2018

TO OUR SHAREHOLDERS:

Fiscal 2018 was a year of tremendous opportunities and challenges.

I am pleased to report that the Adtalem team addressed the opportunities and responded to the challenges in ways that we believe have made us a stronger and more competitive company heading into Fiscal 2019.

The past year saw us enter into agreements to transfer the ownership of DeVry University and its Keller Graduate School of Business and Carrington College. Once completed, these two divestitures will significantly transform our portfolio. Our remaining assets create a more focused, higher performing portfolio; competing in areas where we have the right to win with platforms upon which we have opportunities to grow.

The past year also presented us with an unprecedented set of challenges in the form of hurricanes Irma and Maria. These two Category 5 storms posed an existential threat to our students, colleagues and facilities at American University of the Caribbean School of Medicine (AUC) and Ross University School of Medicine (RUSM), and forced a full evacuation of our medical schools from St. Maarten and Dominica.

However, the Adtalem community responded to this crisis with extraordinary professionalism and empathy. We successfully relocated AUC and RUSM minimizing interruption in their respective operations and leveraged the crisis as a catalyst for identifying a new long-term home for RUSM in Barbados – a location that provides opportunities for enhanced competitiveness relative to other medical schools. This was no small feat. And it would be impossible to overstate how proud I am of the way the Adtalem team performed in support of our resilient students and colleagues in the Caribbean.

Even as the Adtalem team managed through these extraordinary developments over the course of the past year, it also managed to execute impressively and exceed our plans for the year. Our fiscal 2018 operating results reflect growth across our verticals, offset in part by cyclical headwinds affecting the Technology and Business vertical and costs associated with the transfer of DeVry University.

Of particular note was impressive organic growth at the Association of Certified Anti-Money Laundering Specialists (ACAMS), which we believe continues to validate our investment thesis and has positioned us as a leader in the professional education space for financial services. As we further refine our inorganic growth strategies, ACAMS serves as an instructive precedent – a scalable platform with attractive organic growth potential that permits us to be methodical and targeted in identifying new opportunities for additional scale, strengthened market positioning or complementary capabilities. Our commitment to the prudent and disciplined allocation of capital means that we will consider only those acquisitions that will be accretive to the portfolio in the long-term.

So, as we move into fiscal 2019, we have significant cash flow, brands that are associated with market leadership in each of our verticals, products and services that are clearly differentiated in their respective markets, and a team that understands both scale and profitability. Our team is more experienced, more diverse, and more growth-oriented, and that is reflected in our ability to deliver consistent operating results. You can trust that we will continue to streamline and strategically align our portfolio to deliver growth while driving improved operating efficiencies across our organization, and prudently balance our capital allocation by investing in platforms for growth while providing direct

returns to our owners.

Just as important, you can expect that our work will continue to be guided by our mission of providing global access to knowledge that transforms lives and enables careers.

TABLE OF CONTENTS

On behalf of our Board of Directors and the entire Adtalem Global Education team, I would like to thank you, our fellow owners, for your support. We are very fortunate to have partners in education and investment who understand our value proposition and have confidence in our ability to deliver transformative academic outcomes and superior financial returns.

INDEPENDENT BOARD CHAIR

Since 2004, the offices of Board Chair and CEO have been held by different individuals, with the Board Chair currently being Mr. White, an independent director. The Board believes that the existing leadership structure currently serves Adtalem and its shareholders well. The Board has no specific policy with respect to the separation of the positions of Board Chair and CEO. However, in order to ensure continued Board independence, the Board has adopted a policy that, in the event the Board Chair and CEO roles are combined, or the Board Chair is not otherwise independent, the Board shall appoint a Lead Independent Director. The Board believes that this issue should be part of the succession planning process and that it is in the best interests of Adtalem and its shareholders for the Board to make a determination regarding this issue when it annually elects the Board Chair. During fiscal year 2018, the Board met in executive session without employee directors or other employees present at each regular Board meeting. Adtalem’s Board Chair presided over these sessions as the non-executive Board Chair.

Proposal No. 1 — Election of Directors **PROXY STATEMENT**

PROPOSAL NO. 1 — ELECTION OF DIRECTORS

The current size of the Board is ten directors, however, the Board determined to decrease the size of the Board to nine directors in connection with the election of directors at the 2018 Annual Meeting. The Board has nominated nine of Adtalem's ten sitting directors and recommends their re-election, each for a term to expire in 2019. All of the nominees have consented to serve as directors if elected at the Annual Meeting.

It is intended that all shares represented by a proxy in the accompanying form will be voted for the election of each of Steven M. Altschuler, M.D., William W. Burke, Ann Weaver Hart, Donna J. Hrinak, Georgette Kiser, Lyle Logan, Michael W. Malafrente, Lisa W. Wardell and James D. White as directors unless otherwise specified in such proxy. A proxy cannot be voted for more than nine persons. In the event that a nominee becomes unable to serve as a director, the proxy committee will vote for the substitute nominee that the Board designates. The Board has no reason to believe that the nominees will become unavailable for election.

Each nominee for election as a director is listed below, along with a brief statement of his or her current principal occupation, business experience and other information, including directorships in other public companies held as of the date of this Proxy Statement or within the previous five years. Under the heading Relevant Experience, we describe briefly the particular experience, qualifications, attributes or skills that led to the conclusion that these nominees should serve on the Board. As explained below under the caption Additional Information — Director Nominating Process and Factors Considered, the Nominating & Governance Committee looks at the Board as a whole, attempting to ensure that it possesses the characteristics that the Board believes important to effective governance.

APPROVAL BY SHAREHOLDERS

The election of each of the nine nominees for director listed below requires the affirmative vote of a majority of the shares of Common Stock of Adtalem represented at the Annual Meeting. Adtalem maintains a majority voting standard for uncontested elections, so for a nominee to be elected as a member of the Board, the nominee must receive more **FOR** votes than the aggregate **WITHHOLD** votes, abstentions and broker non-votes. Shareholders may not cumulate their votes in the election of directors. If a nominee for re-election fails to receive the requisite majority vote where the election is uncontested, such director must promptly tender his or her resignation to Adtalem's CEO or the Secretary, subject to acceptance by the Board.

Unless otherwise indicated on the proxy, the shares will be voted **FOR** each of the nominees listed below.

Election of Directors

The Board of Directors recommends a vote **FOR** each of the nominees listed below.

Proposal No. 1 — Election of Directors **PROXY STATEMENT**

DIRECTOR INDEPENDENCE

The Board annually reviews the continuing independence of Adtalem's non-employee directors under applicable laws and rules of the New York Stock Exchange (NYSE). The Board, excluding any director who is the subject of an evaluation, reviews and evaluates director transactions or relationships with Adtalem, including the results of any investigation, and makes a determination with respect to whether a conflict or violation exists or will exist or whether a director's independence is or would be impaired.

The Board has considered whether each director has any material relationship with Adtalem (either directly or as a partner, shareholder or officer of an organization that has a relationship with Adtalem) and has otherwise complied with the requirements for independence under the applicable listing standards of the NYSE.

As a result of this review, the Board affirmatively determined that, with the exception of Mr. Taylor and Ms. Wardell, all of Adtalem's current directors, and all of Adtalem's former directors who served as a director during fiscal year 2018, are independent of Adtalem and its management within the meaning of the applicable NYSE rules. Mr. Taylor was considered an inside director because of his status as a Senior Advisor to Adtalem. Ms. Wardell is considered an inside director because of her employment as President and CEO of Adtalem.

The Board considered the relationship between Adtalem and Northern Trust Corporation, at a subsidiary of which Adtalem maintains depository accounts and through which a significant portion of Adtalem's disbursement activity is conducted, because Mr. Logan is Executive Vice President and Managing Director, Global Financial Institutions Group, with Northern Trust Global Investments, a business unit of Northern Trust Corporation. In fiscal year 2018, Adtalem incurred approximately \$350,000 in fees to Northern Trust Corporation, which were partially offset against compensating balance credits earned on an average monthly outstanding balance of approximately \$29.1 million. The Board concluded, after considering (i) that the relationship with Northern Trust Corporation predates Mr. Logan joining the Board, (ii) that Mr. Logan has had no involvement in the Adtalem banking transactions, and (iii) the lack of materiality of the transactions to Adtalem and to Northern Trust Corporation, and (iv) the fact that the terms of the transactions are not preferential either to Adtalem or to Northern Trust Corporation, that the relationship is not a material one for purposes of the NYSE listing standards and would not influence Mr. Logan's actions or decisions as a director of Adtalem.

DIRECTOR CONTINUING EDUCATION

Members of the Board are encouraged to participate in continuing education and enrichment classes and seminars. During fiscal year 2018, the following directors attended the following classes and seminars: (i) Mr. White attended the Stanford Directors College, (ii) Mr. Malafrente attended the National Association of Corporate Directors (NACD) seminar on Tax Reform, Pay Ratio and ISS: Compensation Committee's 2018 Checklist, (iii) Ms. Weaver Hart attended the NACD Master Class and the NACD Future Trends seminar and qualified as a NACD Board Leadership Fellow, and (iv) Mr. Burke attended various NACD seminars, maintained his status as a NACD Leadership fellow in fiscal 2018 and obtained a Certificate in Cybersecurity Oversight from the Software Engineering Institute of Carnegie Mellon University.

DIRECTOR APPOINTMENT ARRANGEMENTS

On June 30, 2016, Adtalem entered into a Support Agreement (the Support Agreement) with each of the members of

International Value Advisers, LLC (collectively, IVA) and Michael W. Malafronte, in his individual capacity and as a member of IVA, pursuant to which Adtalem increased the size of the Board by one director and appointed Mr. Malafronte to the newly-created vacancy. The Support Agreement also includes, among other provisions, certain standstill and voting commitments by IVA. The standstill period shall extend until such time as Mr. Malafronte, or any replacement of Mr. Malafronte designated by IVA pursuant to the Support Agreement, is no longer a member of the Board. Pursuant to the Support Agreement, Mr. Malafronte must resign from the Board if (i) he agrees to be included as a director nominee for election at any meeting of Adtalem shareholders other than as a director nominated by the Board for election at such meeting, (ii) IVA and its affiliated entities cease collectively to beneficially own or have other ownership interest in an aggregate net long position of at least 10% of the outstanding shares of Adtalem's Common Stock (the 10% Ownership Requirement) or (iii) either of IVA or Mr. Malafronte materially breaches any obligation under the Support Agreement and fails to cure such breach. On October 3, 2017, Adtalem entered into a letter agreement with IVA and Mr. Malafronte

TABLE OF CONTENTS**PROXY STATEMENT** Proposal No. 1 — Election of Directors

relating to the Support Agreement (the Letter Agreement). Pursuant to the Letter Agreement, Adtalem agreed that Mr. Malafronte may remain a member of the Board for the duration of his term ending at the 2017 Annual Meeting, notwithstanding the fact that IVA no longer meets the 10% Ownership Requirement. Due to Mr. Malafronte's professional experience and the contributions he had made to the Board, the Board nominated him for re-election for the term ending at the 2018 Annual Meeting and has nominated for re-election for the term ending at the 2019 Annual Meeting and, in so doing, in each case, extended the Letter Agreement.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

It is Adtalem's policy that the Audit and Finance Committee review, approve or ratify all related party transactions in which it participates and in which any related person has a direct or indirect material interest and the transaction involves or is expected to involve payments of \$120,000 or more in the aggregate per fiscal year. Our legal staff is primarily responsible for gathering information from the directors and executive officers, including annual questionnaires completed by all our directors, director nominees and executive officers. The Audit and Finance Committee will review the relevant facts and circumstances of all related party transactions, including whether the transaction is on terms comparable to those that could be obtained in arm's length dealings with an unrelated third party and the extent of the related party's interest in the transaction. No member of the Audit and Finance Committee may participate in any approval of a related party transaction to which he or she is a related party.

Various Adtalem policies and procedures, including the Code of Conduct and Ethics, which applies to Adtalem's directors, officers and all other employees, and annual questionnaires completed by all Adtalem directors, director nominees and executive officers, require disclosure of related person transactions or relationships that may constitute conflicts of interest or otherwise require disclosure under applicable Securities and Exchange Commission (SEC) rules.

BOARD OF DIRECTORS ROLE IN RISK OVERSIGHT

Adtalem's full Board is responsible for assessing major risks facing Adtalem and overseeing management's plans and actions directed toward the mitigation and/or elimination of such risk. The Board has assigned specific elements of the oversight of risk management of Adtalem to committees of the Board, as summarized below. Each committee meets periodically with members of management and, in some cases, with outside advisors regarding the matters described below and, in turn, reports to the full Board at least after each regular meeting regarding any findings.

2018 DIRECTOR COMPENSATION

In fiscal year 2018, non-employee directors, received an annual retainer of \$75,000, which was increased to \$85,000 starting in the fourth quarter of fiscal year 2018, paid quarterly. The Board Chair received an additional annual retainer of \$120,000, the Chair of the Audit and Finance Committee received an additional annual retainer of \$22,500, the Chair of the Compensation Committee was entitled to receive an additional retainer of \$17,500, and the chairs of each of the other committees received an additional annual retainer of \$10,000 for their roles as committee chairs. Directors were reimbursed for any reasonable and appropriate expenditures attendant to Board membership. Mr. Malafronte, who was originally appointed to the Board in 2016 pursuant to a Support Agreement, has declined all

compensation for his service.

Under the Adtalem Nonqualified Deferred Compensation Plan, a director could elect to defer all or a portion of the cash retainer. Any amount so deferred is, at the director's election, valued as if invested in various investment choices made available by the Compensation Committee for this purpose, and is payable in cash installments, or as a lump-sum on or after termination of service as a director, or at a later date specified by the director. With the exception of Ms. Boden Holland, no directors deferred any portion of their compensation in fiscal year 2018.

As long-term incentive compensation for directors, each non-employee director received RSUs with an approximate value of \$125,000 directly following the 2017 Annual Meeting of Shareholders. Each RSU represents the right to receive one share of Common Stock following the satisfaction of the vesting period. All RSUs granted in November 2017 vests upon the one-year anniversary of the grant date.

In May 2018, the Compensation Committee's independent consultant, FW Cook, conducted a comprehensive review of our non-employee director compensation program, including competitive comparisons against the same peer group of

TABLE OF CONTENTSProposal No. 1 — Election of Directors **PROXY STATEMENT**

companies used in executive compensation comparisons (see page 26). FW Cook found that our non-employee director compensation program provided compensation approximating the median of our peers, with a program design and structure consistent with recognized best practice. To maintain competitiveness with anticipated market increases in director compensation, FW Cook recommended, and the Compensation Committee approved, an increase to the annual cash retainer from \$75,000 to \$85,000, effective in the fourth quarter of fiscal year 2018. No changes were made to the annual equity retainer, additional retainers for committee chairs or our Board Chair.

This table discloses all director compensation provided in fiscal year 2018 to the directors of Adtalem for their service as directors (other than Ms. Wardell who received no compensation for her service as a director; however, her compensation as President and CEO is set forth in the Summary Compensation Table).

COMPENSATION DISCUSSION & ANALYSIS

EXECUTIVE SUMMARY

Adtalem's executive compensation program is designed to reward leaders for delivering strong financial results and building shareholder value. We firmly believe that academic quality and a strong student-centric focus lead to growth and, therefore, we have incorporated measures into our executive compensation program to recognize leadership for their roles in improving student academic performance and outcomes.

This executive compensation program structure enables us to provide a competitive total compensation package while aligning our leaders' interests with those of our shareholders and other stakeholders. The following chart highlights key objectives behind the development, review and approval of our NEOs' compensation.

COMPENSATION OBJECTIVES

Our executive compensation program is designed to:

Align Incentives Our purpose is to empower our students to achieve their goals, find success and make inspiring contributions to the global community. Success in realizing our purpose drives growth, which leads to creation of sustainable, long-term value for our shareholders. Our compensation program is distinguished by its alignment not only with our shareholders, but also with our students, whose success is critical to our organization's success.

Compete for Talent Our compensation program is designed to attract, retain and motivate high-performing employees, particularly our key executives who are critical to our operations. Our compensation decisions take into account the competitive landscape for talent.

We reward outstanding performance through:

**Reward
Performance**

- ▲ short-term incentive program focusing our executives on achieving strong financial results and superior academic and student outcomes, through individual performance objectives, and
- ▲ long-term incentive program providing a mix of equity vehicles designed to reward long-term financial performance and shareholder value creation.

Executive Compensation – Compensation Discussion and Analysis **PROXY STATEMENT**

Over the course of fiscal year 2018, the Compensation Committee went through a comprehensive review of the current executive compensation program and assessed the extent to which the current program was aligned with shareholder interests and maximized focus on the key strategic priorities as Adtalem moves forward. The Committee also considered shareholder feedback received through Adtalem’s ongoing shareholder outreach efforts over the last several years. At the conclusion of this review, the Committee identified that the compensation program at the time:

- Encouraged a conservative mindset and delivered rewards primarily for incremental improvements
 - Did not provide enough incentive to properly reward executives with an appetite for appropriate risk taking to drive growth
 - Required more differentiation in terms of pay for performance within the executive group
- The Committee, in partnership with its advisor, FW Cook, and management, reviewed the elements of compensation within the executive group including base salary, short-term incentives and long-term incentives to ensure each element and the program in whole remained aligned with Adtalem’s mission and purpose of empowering students to achieve their academic and career goals but also more accurately lined up with the objectives outlined above.

At the August 2018 Compensation Committee meeting, the Committee approved certain changes to executive compensation for fiscal year 2019 and forward. The Committee believes these changes will:

- Enhance pay differentiation among executives for different levels of performance achieved
- Provide more upside reward and downside risk for exceptional performance over time
- Incentivize and reward a thoughtful growth mentality

Executive Compensation Changes for Fiscal Year 2019

As a result of the Compensation Committee’s review described above, certain changes to the executive compensation program were made for fiscal year 2019. These changes were implemented in order to better align our executive compensation plans with the interests of shareholders and to encourage focus on Adtalem’s key strategic priorities. The primary changes were:

1. Shifted Focus on Mission-Based Goals to Management Incentive Plan

Adtalem’s purpose is to empower our students to achieve their academic and career goals. We believe our continuing focus on a student-centered culture of care has distinguished us in the marketplace, and is essential to preserving and enhancing shareholder value in a challenging regulatory and competitive environment. Our senior executives with direct influence over our institutions should be held accountable to, and rewarded for, the realization of our purpose — specifically, to sustain and continuously improve the quality of our educational programs as reflected in the performance and achievement of our students.

In August 2018, the Compensation Committee decided to more effectively emphasize academic quality and academic student outcomes by shifting such measures from the PSU component of long-term incentives to the annual short-term incentive plan (MIP). The committee believes the annual short-term incentive plan is the best compensation component to drive focus from year-to-year on these key performance measures. Considering how quickly academic standards and measurement mechanisms change, we believe the quality of goal setting on these academic measures will be stronger with the increased ability to understand and set expectations and appropriately stretch goals on an annual basis. The performance goals established each year will be directly overseen by the Academic Quality Committee to ensure appropriate goals are set for each institution within Adtalem’s portfolio. For each of our higher

education institutional leaders this shift in focus will mean that the entirety of the 30% weighting on individual goals will be solely focused on these academic performance measures in fiscal year 2019, where previously the 30% weighting might have represented a blend of operational, financial and academic goals.

2. Introduction of Free Cash Flow per Share as Long-Term Incentive Measure

For long-term incentives starting with the August 2018 (fiscal 2019) grants, the Compensation Committee will continue to measure three-year average return on invested capital (ROIC) for 50% of the PSU grants. Payout for the other 50% of

TABLE OF CONTENTS**PROXY STATEMENT** Executive Compensation – Compensation Discussion and Analysis

the PSU grants will be based on free cash flow per share (FCF per share). The Committee believes these two PSU performance measures will create better alignment with shareholder interests, the appropriate long-term focus on value creation for the organization, and incentives for long-term decision-making focused on achieving sustainable on growth of the organization. The Committee and the organization believe that consistent strong academic quality and strong student outcomes drive the long-term success of the organization. In order to achieve the long-term financial goals associated with the PSUs, management must maintain high academic quality and strong student outcomes each year.

The PSU grants made to executive officers in August 2018 (both the 50% focused on ROIC and the 50% focused on FCF per share) have a three-year performance period (fiscal year 2019 – fiscal year 2021). Similar to our previous ROIC PSU grants, there are threshold, target and maximum performance goals established for both ROIC and also for FCF per share over the three-year performance period. PSU grants will vest anywhere between 0% for below threshold performance, 50% of target payout for threshold performance and 150% of target for achieving maximum performance or above.

CEO s Fiscal Year 2019 LTI Grant Pulled Forward into Fiscal Year 2018

In order to further emphasize the importance of incentivizing a results-oriented thoughtful growth mentality, the Committee decided to deliver long-term compensation to Ms. Wardell over fiscal years 2018 and 2019 through a front-loaded two-year award granted in fiscal year 2018. The Board and Compensation Committee have determined that this grant represents Ms. Wardell s long-term incentive awards for both fiscal year 2018 and fiscal year 2019. Ms. Wardell has not received, and will not receive, any form of long-term incentive award in fiscal year 2019. The front loaded grant was delivered 100% in the form of performance-based long-term incentive (stock options with an elongated back end loaded vesting schedule and performance vesting PSUs) and did not include any time-based vesting Restricted Stock Units. The Committee believes this design and timing is better aligned to shareholder interests to lead to key strategic and financial results.

Fiscal Year 2018 Year in Review**2018 FINANCIAL AND OPERATIONAL HIGHLIGHTS**

During fiscal year 2018 Adtalem announced the signing of definitive agreements to divest the outstanding equity interests of DeVry University and Carrington College, with expected closing dates of early fiscal year 2019 and mid-fiscal year 2019, respectively. Accordingly, the results of DeVry University and Carrington College are presented as discontinued operations within Adtalem s Annual Report on Form 10-K attached herein. Also see Note 2: Discontinued Operations and Assets Held for Sale to the consolidated financial statements for further discussion.

While DeVry University and Carrington College s operating results were classified as discontinued operations in Adtalem s financial statements, each entity s revenue and operating income, excluding special items, continued to be included in actual fiscal year 2018 results for Management Incentive Plan (MIP) performance purposes. See **Appendix A** for a reconciliation to reported results. The 2018 revenue target under the MIP was essentially flat compared to 2017 actual results, which reflected expected growth in the Medical and Healthcare, Professional Education and Technology and Business segments, offset by declines in the U.S. Traditional Postsecondary segment, where our strategic plans included divestiture of two institutions. Despite flat expected revenues, the 2018 earnings per share target goal under MIP was set higher than 2017 actual results, which would require increased operating

efficiency.

Fiscal year 2018 was a transformative year for Adtalem. We solidified our position within our three core verticals, improved student outcomes and enhanced academic excellence, Adtalem enters fiscal year 2019 with momentum in pursuit of its primary mission of empowering its students and filling the global work force skills gaps that are prevalent in society.

Adtalem's fiscal year 2018 financial results reflect continued growth in its Medical and Healthcare and Professional Education segments, with revenue increasing 1.6 percent and 11.7 percent, respectively, while Technology and Business and Discontinued Operations revenue decreased 2.0 percent and 19.5 percent, respectively. Nonetheless, through substantial expense reduction initiatives, Adtalem achieved fiscal year 2018 earnings per share excluding special items of \$3.06, compared to \$2.79 in the prior year.

TABLE OF CONTENTS

Executive Compensation – Compensation Discussion and Analysis **PROXY STATEMENT**

Fiscal year 2018 revenue was below our expectations, while earnings per share, excluding special items, exceeded our expectations, each as reflected in our fiscal year 2018 operating plan, which served as the basis for our fiscal year 2018 MIP financial performance targets. As a result, the portions of executive officer MIP awards based on Adtalem revenue and earnings per share paid out at 74.3% and 115.6% of target, respectively.

**Actual results adjusted to exclude impact of special items. See Appendix A for a reconciliation to reported results.*

ACADEMIC HIGHLIGHTS

Adtalem continued to grow and diversify into new programs and geographies, focused on enhancing student outcomes by providing quality education and student services across its institutions. Notable developments included:

Chamberlain University opened its twenty-first location in New Orleans, Louisiana on the Ochsner Medical Center campus and launched its Master of Public Health degree program;

- American University of the Caribbean School of Medicine partnered with University of Central Lancashire to provide continuity of its medical program after the effects of Hurricane Irma;

Ross University School of Veterinary Medicine launched a new research foundation and opened a state-of-the-art research and pathology building and is participating in the newly formed One Health Research Foundation with the goal to advance research related to animal, human and environmental well-being;

Ross University School of Medicine maintained quality and continuity of its medical education program at temporary locations in Tennessee and St. Kitts after the Dominica campus was impacted by Hurricane Maria, and will relocate to Barbados in January 2019; and

Adtalem Brazil expanded its reach with the opening of Ibmecc Sao Paulo, serving the largest market in Brazil, the launch of distance learning through Wyden Online and the new Wyden Unifanor campus in Fortealeza.

Adtalem also sought to extend its role as a leader in higher education and foster deeper understanding and engagement with policymakers and government officials through its Student Commitments, a series of practices and policies that establish critical new standards at all of our Title IV institutions and highlight efforts previously underway. Adtalem also acted to bring certainty to students, employees and shareholders by resolving governmental inquiries and actions concerning DeVry University's advertising regarding student outcomes.

Key Fiscal Year 2018

Compensation Decisions

(see page 38 for details)

Base Salary

Reflecting Adtalem’s commitment to offering market competitive compensation to our key executives, the Compensation Committee approved salary increases in fiscal year 2018 for several NEOs to reward performance and maintain market competitiveness.

Annual Incentives

For fiscal year 2018 for the CEO, 85% of the MIP award was based on Adtalem measures of earnings per share and revenue, reflecting our CEO’s key responsibility in leading Adtalem’s financial growth. The remaining 15% was based on individual performance. For fiscal year 2018 for the other NEOs, as in fiscal years 2016 and 2017, 70% of the MIP award was based on financial performance at Adtalem (earnings per share and revenue) or at the institutions for which the NEO is responsible (operating income and revenue), and the remaining 30% was based on individual performance.

Following the end of fiscal year 2018, the MIP award in total across all measures was paid at 112% of target for the CEO and between 88% and 129% of target for the other NEOs, excluding Mr. Paul who was not eligible to receive a MIP award, reflecting the strong financial performance of Adtalem and its institutions and individual contributions for fiscal year 2018.

Long-term Incentives

In fiscal year 2018, NEOs other than the CEO received long-term incentive grants in a combination of stock options, performance-vesting Performance Share Units (PSUs), and service-vesting RSUs.

The CEO’s fiscal year 2018 equity grant was a front-loaded, two-year award valued at approximately \$9.4 million. The Board and Compensation Committee have determined that this grant represents Ms. Wardell’s long-term incentive awards for both fiscal year 2018 and fiscal year 2019. Ms. Wardell has not received, and will not receive, any form of long-term incentive award in fiscal year 2019. The Board and Compensation Committee approved this grant to drive Ms. Wardell’s focus on key academic and financial performance goals over the next several years, and they determined that making

a front-loaded, two-year award would underline the importance and critical nature of the performance goals, given the anticipated divestiture of DeVry University and the transformative nature of the corporate changes. Of the total grant value, approximately 50% was in PSUs tied to ROIC and key academic metrics, and 50% was in stock options. The Committee explicitly chose to deliver 100% of this front loaded award through performance-based long-term incentives and chose to exclude any time-based vesting RSUs in this grant as opposed to our historical annual LTI grant approach for named executive officers. The performance period for the PSUs is fiscal year 2018 through fiscal year 2020 and they will only vest at the end of this three-year period upon achievement of certain academic and financial (ROIC) performance goals discussed later in this section. The stock options will vest 50% after the three year grant date anniversary and 50% after the four year grant date anniversary. This vesting schedule is intended to drive focus on performance over the long-term.

Performance share awards granted in 2015 vested in 2018, with an overall payout of 71% of target, demonstrating that the high standards established for Adtalem's institutions were rigorous.

Shareholder Outreach

Adtalem employs a proactive investor relations approach, involving management and the Board, with ongoing outreach and interactive dialogue with investors to seek input on topics including corporate governance, executive compensation, and strategy. Our goal is to provide transparency to ensure there is a clear understanding of our business and our operating and financial performance through one-on-one discussions, non-deal road shows, and investor conferences.

Feedback from investors influences the narrative in our public disclosures. Based on discussions, we have added increased focus on nursing and medical market demand and enrollment trends, realignment of the portfolio, cost rationalization, a 5-year financial outlook by segment, as well as our capital allocation strategy, which supports return on capital to our owners.

We value our shareholders' opinions on the design and effectiveness of our executive compensation program. At our Annual Meeting of Shareholders in November 2017, 98% of the votes cast in our advisory say-on-pay shareholder vote approved our executive compensation package. Shareholders have shared the importance of free cash flow in their valuations, in addition to a return on invested capital metric. Accordingly, in response to these shareholder comments, we added free cash flow per share as a long-term incentive measure to the fiscal 2019 compensation plan.

Over the last several years in connection with our outreach, Adtalem's major shareholders have expressed varying perspectives. A few common themes emerged from these discussions. Below is a summary of what we heard and the actions we took in response:

What we heard

How we responded

Ensure executive compensation plans drive focus on delivering results

- Through feedback received from major shareholders, in fiscal year 2018, the Committee chose to reintroduce Earnings Per Share as the key performance measure in our short-term incentive plan (Management Incentive Plan or "MIP"). We replaced Net Income with Earnings Per Share as the primary performance measure in this plan to create better alignment with shareholders on this key measure.
- In August 2018, the Committee structured the fiscal year 2019 long-term incentive grants to be focused on key financial metrics, namely Return on Invested Capital ("ROIC") and Free Cash Flow Per Share. We believe this increased focus on driving value creation through our long-term incentive plan better aligns our compensation programs with the interests of shareholders.

Drive a growth mentality and get Adtalem's portfolio aligned for future growth

- The Committee decided to grant a two-year front-loaded long-term incentive award to our CEO in fiscal year 2018, with no fiscal year 2019 long-term incentive grant of any kind. This award was delivered exclusively through growth oriented long-term incentive vehicles – stock options with a back end loaded vesting term and PSUs that vest solely based on the achievement of meeting performance goals over a three-year period. The Board and Compensation Committee approved this grant to drive Ms. Wardell's focus on critically important academic and financial performance metrics over the next several years.

What we heard

How we responded

Academic quality leads to growth and value creation for shareholders

- Through the Committee’s review of our key strategies and our executive compensation program, it was clear delivering quality academic and student outcomes continues to be a critical element of our long-term success. The decision to shift measurement of academic outcomes into the MIP strengthens that focus year in and year out with meaningful stretch annual goals.

Adtalem and the Compensation Committee will continue to engage its shareholder base in the future to understand shareholder concerns, particularly in connection with potential changes to its compensation or governance practices.

PAY-FOR-PERFORMANCE FOCUS

We use both short- and long-term incentives to reward NEOs for delivering strong business results, increasing shareholder value and improving student outcomes. With our pay-for-performance philosophy, an executive can earn in excess of target levels when his or her performance exceeds established objectives. And, if performance falls below established objectives, our incentive plans pay below target levels, which in some cases could be nothing at all.

1 Excludes perquisites.

In August 2018, a two-year, front-loaded LTI award was granted to the CEO approximately 50% in stock options and 50% in PSUs (25% focused on ROIC and 25% focused on academic outcomes). The Board and Compensation Committee approved this grant to drive Ms. Wardell’s focus on critically important academic and financial performance metrics over the next several years. This grant represents the totality of LTI that Ms. Wardell will receive over the course of all of fiscal year 2018 and fiscal year 2019. Ms. Wardell has not received, and will not receive, any form of long-term incentive award in fiscal year 2019. In the graph above, an annualized value of this award (i.e., 50%) is presented.

Program Design: Between 62% and 71% of the total direct compensation for our NEOs other than the CEO, is composed of variable pay.

The actual value realized from the annual MIP award ranges from zero, if threshold performance targets are not met, up to 200% of targeted amounts for exceptional organizational performance.

Under the mission-based Performance Share component of our long-term incentive plan for fiscal year 2018, payout is contingent on meeting academic or student outcome performance goals. The size of the payout is based on meeting academic or student outcome targets established for each institution across Adtalem.

Under the financial-based Performance Share component of our long-term incentive plan for fiscal year 2018, payout is contingent on meeting a minimum ROIC threshold. If the minimum level of ROIC performance is attained, the size of the payout is then based on achievement against ROIC targets.

Performance Assessment: Our Compensation Committee uses a comprehensive, well-defined and rigorous process to assess organizational and individual performance. We believe the performance measures for our incentive plans focus management on the appropriate objectives for the creation of short- and long-term shareholder value as well as organizational growth.

PROXY STATEMENT Executive Compensation – Compensation Discussion and Analysis

Role of the Compensation Committee

The Compensation Committee determines the appropriate level of compensation for the CEO and other NEOs. The Compensation Committee reviews and approves all components of annual compensation (base salary, annual cash incentive and long-term incentive) to ensure they align with the principles of Adtalem's compensation program. In addition, the Compensation Committee meets periodically to review the design of the overall compensation program, approve performance targets and review management performance, and it assists in establishing CEO goals and objectives.

Each year, the Compensation Committee recommends CEO compensation to the Board, taking into consideration the CEO's performance evaluation and advice from the independent executive consulting firm engaged by the Compensation Committee. In determining the CEO's long-term incentive compensation, the Compensation Committee considers Adtalem's absolute and relative performance, incentive awards to CEOs at comparable companies, past awards and the CEO's expected future contributions, as well as other factors it deems appropriate.

The Compensation Committee approves base salary, annual cash incentive and long-term incentive compensation and perquisites for Adtalem's NEOs, except for the CEO whose compensation package is recommended by the Compensation Committee and approved by the independent members of the Board during executive session.

In reviewing Adtalem's compensation program, the Compensation Committee considers whether the programs encourage unnecessary or excessive risk taking that would have an adverse effect on Adtalem and has determined that they do not.

Role of the Executive Officers and Management

The CEO, in consultation with the Senior Vice President, Human Resources and the Chief Financial Officer, provides the Compensation Committee with compensation recommendations for the other NEOs, including recommendations for annual base salary increases, annual cash incentive awards, and long-term incentive awards. These recommendations are based on market-competitive compensation data and the CEO's assessment of each NEO's performance in the prior year. While these recommendations are given significant weight, the Compensation Committee retains full discretion when determining compensation.

The Compensation Committee reviews and approves, with any modifications it deems appropriate, base salary, annual cash incentive awards and long-term incentive awards for Adtalem's NEOs. The compensation package for the CEO is recommended by the Compensation Committee and approved by the independent members of the Board during executive session.

Role of the Compensation Consultant

The Compensation Committee retains ultimate responsibility for compensation-related decisions. To add objectivity to the review process and inform the Compensation Committee of market trends and practices, the Compensation Committee engages the services of an independent executive compensation advisory firm. In fiscal year 2018, the Compensation Committee engaged FW Cook as its independent executive compensation consultant.

FW Cook analyzed Adtalem's executive compensation structure and plan designs and assessed whether the executive

compensation program is competitive and supports the Compensation Committee's goal to align the interests of executive officers with those of shareholders, students and other stakeholders.

In fiscal year 2018, FW Cook's primary areas of assistance were:

- Gathering information related to current trends and practices in executive compensation, including peer group and broader market survey data;
- Reviewing, analyzing and providing recommendations for Adtalem's list of peer group companies;
- Reviewing information developed by management for the Compensation Committee and providing input on such information to the Compensation Committee;
- Attending and participating in all Compensation Committee meetings and most non-employee director executive sessions, as well as briefings with the Compensation Committee chair and management prior to meetings;
- Reviewing with management and the Compensation Committee the materials to be used in Adtalem's Proxy Statement.

TABLE OF CONTENTS

Executive Compensation – Compensation Discussion and Analysis **PROXY STATEMENT**

FW Cook also conducted a review of our non-employee director compensation program. Refer to page 20 for more detail.

The Compensation Committee has the sole authority to approve the independent compensation consultant’s fees and terms of the engagement. Thus, the Compensation Committee annually reviews its relationship with, and assesses the independence of, FW Cook to ensure executive compensation consulting independence. The process includes a review of the services FW Cook provides, the quality of those services, and fees associated with the services during the fiscal year. The Compensation Committee has assessed the independence of FW Cook pursuant to applicable SEC rules and NYSE listing standards and has concluded that FW Cook’s work for the Compensation Committee does not raise any conflict of interest.

Executive Compensation Peer Group

To ensure Adtalem continues to provide total executive compensation that is fair and competitively positioned in the marketplace, the Compensation Committee reviews the pay level, mix and practices of peer group companies. The Compensation Committee does not target any specific percentile levels in establishing compensation levels and opportunities.

While including all large publicly-held, private sector higher education schools, Adtalem’s peer group also includes a broader group of organizations in order to provide more comprehensive compensation data. Adtalem’s expanded peer group includes publicly-held organizations that provide services over an extended period of time. In consideration of Adtalem’s significant focus on healthcare education, which requires attracting and retaining seasoned healthcare professionals and executives, the peer group also includes healthcare services companies. Revenue of most of the peer group organizations is generally between one-half and two times Adtalem’s revenue.

Based on the recommendation of FW Cook, the Compensation Committee removed the following companies from the prior year analysis due to their disparate size and/or lack of customer or human resources market alignment:

- LifePoint Health
- Scholastic
- Regis

Additionally, the Committee added the following companies from the prior year analysis, due to their stronger market alignment for executive talent and business focus:

- Amedisys
- Ensign
- Houghton Mifflin Harcourt
- K12
- John Wiley & Sons

Adtalem’s resulting peer group is composed of:

Amedisys	Ensign Group	K12
AMN Healthcare Services	Gartner	Laureate Education
Bright Horizons Family Solutions, Inc.	Graham Holdings Company	MEDNAX, Inc.

Brookdale Senior Living Inc.	Grand Canyon Education, Inc.	Select Medical Holdings Corporation

Cross Country Healthcare	Houghton Mifflin Harcourt	Weight Watchers
Encompass Health	John Wiley & Sons	

TABLE OF CONTENTS**PROXY STATEMENT** Executive Compensation – Compensation Discussion and Analysis**ANALYSIS OF 2018 COMPENSATION****Annual Base Salary**

Annual base salaries for NEOs are intended to reflect the scope of their responsibilities, the experience they bring to their roles, and the current market compensation for similar roles outside Adtalem. Once established, base salaries are reviewed annually to reflect the executive's prior performance and respond to changes in market conditions. The box below lists the criteria the Compensation Committee uses to determine changes to salary from one year to the next.

FISCAL YEAR 2018 BASE SALARY DECISIONS

In August 2017, the Board, based on the Compensation Committee's recommendation in consultation with its compensation consultant at the time, Willis Towers Watson, increased the base salary of Ms. Wardell, Adtalem's President and CEO, by 8% for fiscal year 2018. The increase was intended to ensure Ms. Wardell's compensation was competitive with compensation practices at Adtalem's peer companies and to reward her strong performance.

Based upon relevant, available market data and Ms. Wardell's assessment of each NEO's performance for the prior year, Ms. Wardell recommended to the Compensation Committee the annual base salary of each of the other NEOs at the outset of fiscal year 2018. Her recommendations were made in consultation with the Senior Vice President of Human Resources and the Chief Financial Officer. They were based upon their experience with and analysis of the market at that time, their monitoring of the compensation levels at other organizations in Adtalem's market and Ms. Wardell's assessment of each NEO's performance for the prior year.

	FY2017	FY2018	Percent Change
Lisa W. Wardell	\$ 939,750	\$ 1,015,000	8 %
Patrick J. Unzicker ⁽¹⁾	\$ 410,000	\$ 512,500	25 %
Mehul R. Patel ⁽²⁾	\$ 430,000	\$ 430,000	0 %
Susan L. Groenwald	\$ 436,014	\$ 445,825	2.25 %
Donna N. Jennings	\$ 363,151	\$ 371,322	2.25 %
Robert A. Paul	\$ 414,809	\$ 423,105	2.00 %
Gena L. Ashe ⁽³⁾	\$ 475,000	\$ 475,000	0 %

(1) Mr. Unzicker's larger-than-typical increase was primarily a market adjustment to maintain competitiveness with the external market for his role.

(2) Mr. Patel was hired on September 5, 2017 and was not an employee at the time of the annual salary review process.

(3) Ms. Ashe was hired on May 30, 2017 shortly prior to the annual salary review process and was no longer an employee at the time of the annual salary review process.

Executive Compensation – Compensation Discussion and Analysis **PROXY STATEMENT**

**Annual Cash
Incentive
Compensation**

The annual cash incentive, delivered through the MIP, provides NEOs with the opportunity to earn rewards based on the achievement of organizational and institutional performance and, to a lesser extent, individual performance.

HOW THE MANAGEMENT INCENTIVE PLAN WORKS

MIP target award opportunities for each NEO are set by the Compensation Committee based on factors including external surveys of practices for positions with similar levels of responsibility. These targets, which are expressed as a percentage of base salary, are then reviewed at the beginning of each fiscal year based on updated market compensation data.

The MIP provided Adtalem's CEO with a target award opportunity of 105% of base salary and other NEOs target award opportunities between 50% and 70% of base salary. For fiscal year 2018, the target award opportunity for Mr. Unzicker increased to 70% (from 65%). No other changes were made to the MIP target award opportunity as a percentage of base salary for the other NEOs.

Actual awards can be higher or lower than the target opportunity based on the results for each performance measure. Performance below threshold for the goal will result in no payment for that performance goal. On the other hand, performance at or above threshold can earn an award ranging from 50% to 200% of the target amount. The maximum amount of 200% rewards exceptional performance compared to expectations, over-delivery of strategic initiatives, and/or achievement of initiatives not contemplated at the time goals were set.

Actual earned awards are determined after the fiscal year has ended and audited financial results have been substantially completed (i.e., in the beginning of the next fiscal year). Thus, MIP awards for fiscal year 2018 were determined and paid in the early part of fiscal year 2019, after the results for the fiscal year ended June 30, 2018 were confirmed. The payout is based on specific Adtalem earnings per share, Adtalem revenue, institution operating income and institution revenue measures set by the Compensation Committee prior to the start of the year in which the

performance is measured, in addition to individual performance.

In measuring performance, the Compensation Committee may adjust results for certain unusual, non-recurring or other items to ensure the MIP rewards true operational performance as it is perceived by investors and as consistently measured. **Appendix A** details the adjustments made in the last three fiscal years.

In instances where an institution has not demonstrated performance commensurate with the potential award, the Compensation Committee has exercised negative discretion and reduced MIP payouts to certain associated employees. In the case of acquisitions, the Compensation Committee does not include revenue, and corresponding net income, from acquisitions in their evaluation of achievement against targets unless such expected revenue, and corresponding net income, had been factored into the performance target.

TABLE OF CONTENTS**PROXY STATEMENT** Executive Compensation – Compensation Discussion and Analysis

In addition to the actual results achieved, the Compensation Committee also considers individual performance over the course of that fiscal year for each NEO. Individual performance goals reflect functional results and/or institution performance appropriate for the executive, as well as academic outcomes, organizational strength and the advancement of Adtalem’s core values. Individual performance goals are designed to drive initiatives that support Adtalem’s strategy and further align leadership with Adtalem’s student-focused purpose.

The relative percentages assigned to the measures for each NEO for fiscal year 2018 are as follows:

**Organizational, Institution and Individual Performance

	Adtalem Earnings Per Share	Adtalem Revenue	Institution Operating Income	Institution Revenue	Individual Performance
Lisa W. Wardell	45%	40%			15%
Patrick J. Unzicker	40%	30%			30%

Gena L. Ashe	40%	30%			30%

2018 PERFORMANCE GOALS

Financial goals set for our MIP participants are derived from Adtalem’s fiscal year operating plans, which are recommended by Adtalem’s executive management team and approved by the Board at the beginning of each fiscal year. For fiscal year 2018, these plans translated to financial performance goals of \$2.88 of earnings per share and revenue of \$1,808.3 million, representing an increase from fiscal year 2017 earnings per share of \$2.79 excluding special items and a 0.1% decline in revenue compared to fiscal year 2017 revenue of \$1,809.8 million. The MIP Plan provides that if performance relative to target is below certain minimum thresholds, there will be no payout. Minimum thresholds for fiscal year 2018 were 80% of the earnings per share goal and 90% of the revenue goal, and in each case would result in a 50% payout upon achievement. Every 1% achieved over (or under) the revenue goal would result in an additional (or a reduced) 5% award up to a maximum payout of 200% (or down to a 0% payout). Every 1% achieved over (or under) the net income goal would result in an additional (or a reduced) 2.5% award up to a maximum payout of 200% (or down to a 0% payout).

Fiscal year 2018 revenue was planned to grow in the Medical and Healthcare, Professional Education and Technology and Business segments, but was planned to be offset by declines in the U.S. Traditional Postsecondary segment. The focus in fiscal year 2018 was to align Adtalem’s portfolio to be positioned for growth and to divest selected institutions in the U.S. Postsecondary segment (DeVry University and Carrington College) that then positioned Adtalem better for future investment in growth areas. Due to the confidential nature of such information, and the competitive harm sharing it would cause, Adtalem does not disclose the particular institutional or segment performance goals utilized in its MIP. The Compensation Committee considers the organization’s performance goals to represent the best estimate of

what the organization could deliver if management, individually and collectively, were to materially satisfy its goals and objectives for the year. All goals are designed to be aggressive yet achievable, with the expectation that it would take extraordinary performance on the part of management to exceed them to the extent necessary to yield maximum incentive payouts under the MIP.

During fiscal year 2018, subsequent to the establishment of operating plan targets, the operating results of the two institutions within the U.S. Traditional Postsecondary segment, DeVry University and Carrington College, were classified as Discontinued Operations in Adtalem's financial statements in conjunction with definitive agreements to transfer each of these institutions in fiscal year 2019 to new owners. However, for the evaluation of Adtalem's achievement of financial goals for fiscal year 2018, DeVry University and Carrington College's revenue, operating income and contribution to earnings per share, excluding special items, were included. **Appendix A** presents a reconciliation of reported results to those used for MIP payout purposes.

TABLE OF CONTENTSExecutive Compensation – Compensation Discussion and Analysis **PROXY STATEMENT**

The Compensation Committee approves individual performance goals and objectives for the CEO at the beginning of each fiscal year. The CEO also works collaboratively with the other NEOs in developing their respective individual performance goals and in assigning weightings to them to place additional emphasis on tactical priorities. The individual performance goals are factors in determining base salary adjustments, annual cash incentive compensation and long-term incentive compensation. Individual performance goals intentionally include elements that can be rated objectively as well as, to a lesser extent, elements that are of a subjective nature. Individual performance goals are used to drive stretch performance across a broad range of areas considered critical to our strategy and purpose. This allows the evaluator — the independent members of the Board in the case of the CEO, and the CEO with input and approval from the Compensation Committee in the case of the other NEOs — to assess the individual’s performance against objective criteria, while utilizing its discretion to make adjustments based on the individual’s perceived contributions and other subjective criteria.

TABLE OF CONTENTS**PROXY STATEMENT** Executive Compensation – Compensation Discussion and Analysis**FISCAL YEAR 2018 MIP DECISIONS**

Based on an evaluation of organizational performance relative to MIP measures set at the beginning of fiscal year 2018, the final MIP awards were partially based on the following financial results, as adjusted for special items described in **Appendix A**:

▲Adtalem achieved 106.3% of the target fiscal year 2018 earnings per share performance goal of \$2.88 per share; and
▲Adtalem achieved 94.9% of the target fiscal year 2018 performance goal of \$1,808.3 million.

In addition, awards for Mr. Patel and Dr. Groenwald included results from the performance of the institutions they oversee

Based on this information, coupled with the evaluation of individual performance for each NEO during the course of the fiscal year, the Compensation Committee made the following MIP awards:

	Annual Target as a Percentage of Base Salary	FY2018 Target Award Opportunity	FY2018 Actual Award	Percent of Target Paid Based on FY2018 Performance
Lisa W. Wardell	105%	\$ 1,065,750	\$ 1,190,869	112%

(2) Mr. Paul was not eligible for a payout in fiscal year 2018 based on his September 6, 2017 termination date.

(3) Target and actual payout for Ms. Ashe is shown on a pro-rated basis based on her termination date of January 29, 2018.

Set forth below, as an example of MIP determinations made for NEOs, is a summary of the calculation of the fiscal year 2018 award for Ms. Wardell:

Target Award Opportunity (Weighting)	Target	Performance Achieved (Excluding Special Items)	Performance Relative to Target	Payout as a % of Target Award Opportunity based on Performance Relative to Target*	Target Award Opportunity (\$ Amount)	Actual Award
---	---------------	---	---	---	---	-------------------------

Edgar Filing: Adtalem Global Education Inc. - Form DEF 14A

Adtalem EPS	45%	\$ 2.88	\$ 3.06	106.3%	115.6 %	\$ 479,588	\$ 554,403
Adtalem Revenue	40%	\$ 1,808.3M	\$ 1,715.5M	94.9%	74.3 %	\$ 426,300	\$ 316,741

TOTAL					112 %	\$ 1,065,750	\$ 1,190,869

In a review of the CEO's performance, the Committee determined the CEO over-delivered on each of the goals established for the individual component of the short term incentive plan. The Committee also deliberated on the broader set of the CEO's achievements that are more intangible, but equally critical in transforming the organization such as: strengthening Adtalem's executive team by adding individuals with a strong growth orientation; driving greater pace, agility and accountability throughout the enterprise; and creating a high performance culture. Finally, the Committee considered the extraordinary management of the hurricane-related events of last fall and the expedited manner in which students returned to their studies. This involved rapidly and simultaneously relocating two different medical schools on a temporary basis to a cruise ship harbored in St. Kitts and a temporary campus in Knoxville Tennessee for RUSM, and a temporary

TABLE OF CONTENTSExecutive Compensation – Compensation Discussion and Analysis **PROXY STATEMENT**

campus in the United Kingdom for AUC. It also required finding a permanent home for RUSM while at the same time executing the planned divestiture of DeVry University and now Carrington College. Ms. Wardell led the execution of these events while also delivering strong financial and academic results during this time. While these items were not explicitly called out in the individual performance goals established at the outset of the year, the Committee determined over-delivery of the base goals and the totality of her broader performance warranted recognition through the individual component of the CEO's goals.

Long-Term Incentive Compensation

Long-term incentive compensation at Adtalem consists of PSUs, RSUs, and stock options. The Compensation Committee targets the value of long-term incentive compensation for NEOs to represent a substantial percentage of their total compensation opportunity. These incentives are intended to serve three complementary objectives of our compensation program:

- Promote long-term retention of key executives who are critical to our operations,
- Reward executives for the delivery of long-term business results, and
- Align executives' long-term interests with those of our shareholders.

FISCAL YEAR 2018 LONG-TERM INCENTIVE DECISIONS

For fiscal year 2018, NEOs received the following stock-based awards:

	Stock Options	RSUs	PSUs	Total Value of 2018 Long-Term Incentive Grant

CEO FISCAL YEAR 2018 AND FISCAL YEAR 2019 PAY DECISIONS

Base Salary: In August 2017, the Committee approved a salary increase of 8% to bring Ms. Wardell's annual salary to \$1,015,000 effective September 2017 for fiscal year 2018. In August 2018, the Committee approved a salary increase of 8% to bring Ms. Wardell's annual salary to \$1,100,000 effective September 2018 for fiscal year 2019. The

Committee assessed Ms. Wardell's performance and the external competitive market data provided by its independent executive compensation advisor to determine an appropriate salary relative to the market and her performance.

Short Term Incentive: During fiscal year 2018, the Committee approved an annual short term incentive target of 105% of Ms. Wardell's annual salary. In August 2018, the Committee chose to maintain the 105% of salary target for Ms. Wardell. The Committee considered the external market data as provided from its independent executive compensation advisor in determining these targets and believes this appropriately balances pay for performance and drives focus on achieving Adtalem key financial, operational and strategic goals in fiscal year 2018 and also into fiscal year 2019.

Long Term Incentive Awards: The CEO's equity grant for fiscal year 2018 (granted in August 2017) was a front-loaded, two-year award valued at approximately \$9.4 million. ***The Board and Compensation Committee have determined that***

this grant represents Ms. Wardell's long-term incentive awards for both fiscal year 2018 and fiscal year 2019. Ms. Wardell has not received, and will not receive, any form of long-term incentive award in fiscal year 2019. This grant was determined by the Board and Compensation Committee to drive Ms. Wardell's focus on critically important academic and financial metrics over the next several years, given the divestiture of DeVry University and the transformative nature of the corporate changes.

2019 – No LTI grant; MIP target	\$ 1,100,000	\$ 0	\$ 0	\$ 1,155,000	n/a	\$ 2,255,000

(1) LTI normalized means the fiscal year 2018 stock award and option award values granted in fiscal year 2018 divided by two to annualize the LTI value across fiscal year 2018 and fiscal year 2019.

The Committee decided to deliver long-term compensation to Ms. Wardell over fiscal years 2018 and 2019 through a front-loaded two-year award granted in fiscal year 2018 in order to incentivize a growth mentality. The Committee believes this design and timing is better aligned to shareholder interests to lead to key strategic results. On a normalized basis, for fiscal year 2018 and also into fiscal year 2019, this amount of total compensation is appropriate and competitive with the external market and drives focus on delivering strategic corporate results.

HOW THE LONG-TERM INCENTIVE PLAN WORKS

The Compensation Committee granted equity awards to each of the NEOs in August 2017 based on both retrospective and prospective considerations and organizational and individual considerations. The Compensation Committee took into account the same seven criteria described in the Annual Base Salary section above in determining the size of these awards. Awards were delivered through a mix of stock-based vehicles to provide a reasonable balance to the equity portfolio:

Tier	Name	Stock Options	RSUs	PSUs
CEO	Lisa W. Wardell	50%	0%	25% ROIC /25% mission
CFO	Patrick J. Unzicker	40%	20%	20% ROIC /20% mission
New Hire Grant	Mehul R. Patel	0%	50%	20% ROIC / 30% Prof Ed financials
Single Institution Leaders	Susan L. Groenwald Robert A. Paul	40%	30%	30% mission
Home Office Functional Leaders	Donna N. Jennings Gena L. Ashe	40%	30%	30% ROIC

TABLE OF CONTENTSExecutive Compensation – Compensation Discussion and Analysis **PROXY STATEMENT**

STOCK OPTIONS: Stock options reward long-term value creation through increases in stock price. To promote retention, stock option grants vest in equal installments over a four-year period beginning on the first anniversary of the grant date, subject to the NEO's continuous service at Adtalem (except for the grant to the CEO this fiscal year, which vests 50% on each of the third and fourth anniversaries of the grant date). The Compensation Committee granted incentive stock options (ISOs) with a value of up to the \$100,000 Internal Revenue Service (IRS) limitation applicable to each one-year vesting period. To the extent this limitation was met for any NEO, the remaining portion of the stock option award was issued in the form of non-qualified stock options. The Compensation Committee recognizes that Adtalem may not receive a tax deduction for ISOs, but weighed this consideration against the tax benefit ISOs provide to employees and the additional enhancement to Adtalem's ability to attract and retain executives. The Compensation Committee determined it was in Adtalem's best interest to continue utilizing ISOs in the manner described.

RSUs: RSUs align the interests of management with those of shareholders and reward long-term value creation. To promote retention, RSUs vest in equal installments over a four-year period beginning on the first anniversary of the grant date, subject to the NEO's continuous service at Adtalem.

FINANCIAL-BASED PSUs: Adtalem's financial-based PSUs are designed to reward strong rates of ROIC to focus executives on profitability and effective capital allocation. In fiscal year 2018, half of all PSUs granted to Ms. Wardell, Mr. Unzicker, 40% of all PSUs granted to Mr. Patel and all of the PSUs granted to Ms. Jennings and Ms. Ashe were financial-based PSUs tied to ROIC. Additionally, 60% of PSUs granted to Mr. Patel were financial-based PSUs tied to Professional Education finances. These PSUs vest after three years based ROIC performance, as compared to the goals outlined in the following table:

ROIC Performance Goals (FY18-20)			
Performance Period	Threshold (50% Payout)	Target (100% Payout)	Maximum (150% Payout)
FY2018	8.00%	9.50%	11.00%
FY2019	8.00%	9.75%	12.00%
FY2020	9.00%	11.00%	13.00%
3-Year Goal	8.33%	10.00%	12.00%

At the start of the performance period, annual ROIC goals are set for each fiscal year, and three-year average ROIC goals are set for the full performance period. Vesting of the ROIC PSUs are determined as the greater of the sum of the individual payout for each of the three years in the cycle, or the payout based on the three-year average ROIC performance. Vesting for performance between threshold and target and between target and maximum is determined by straight-line interpolation.

MISSION-BASED PSUs: In fiscal year 2018, half of all PSUs granted to Ms. Wardell and Mr. Unzicker and all of the PSUs granted to Dr. Groenwald and Mr. Paul were mission-based PSUs. Mission-based PSUs granted for fiscal year 2018 are based on achieving certain academic goals over a three-year performance period. At the end of the three-year performance period, if threshold level performance is attained for each of the academic goals established for each institution, participants can earn between 50% and 150% of the target number of PSUs. If performance is

below threshold for any individual academic measures, 0% of the PSUs will vest for that component of the awards. Straight-line interpolation will be used to determine achievement of PSUs to be vested between threshold and target and also between target and maximum payout of 150%.

The international pass rate norm is defined as the 3-year average 1st time pass rate of medical school students (2) attending institutions outside the U.S. or Canada taking the USMLE exams, as reported by the Educational Commission for Foreign Medical Graduates (ECFMG) for calendar years 2017, 2018, and 2019.

The U.S. pass rate norm is defined as the 3-year average 1st time pass rate of medical school students (3) attending U.S. institutions taking the USMLE exams, as reported by the National Board of Medical Examiners (NBME) for calendar years 2017, 2018, and 2019.

For the CEO and CFO's grants, the mission-based PSUs vest at the end of the performance period only if a 10% earnings before interest, taxes, depreciation and amortization (EBITDA) margin is achieved. If the minimum EBITDA margin is not achieved, no award is vested. Adtalem believes this threshold for the CEO's and CFO's award is appropriate because the financial health of Adtalem is fundamental to our continued success and realizing our purpose. Similarly, if the academic and student outcome targets are not achieved, no award is vested — regardless of the success measured by EBITDA margin. If the minimum level of EBITDA margin performance is attained, the size of the payout is then based on meeting or exceeding the academic goals established for each institution across Adtalem.

Review of Performance Share Payouts from Fiscal Year 2015 Awards

Performance share awards granted in August 2015 vested in August 2018, with an overall payout of 71% of target, demonstrating that the high standards established for Adtalem's institutions were challenging. The table below shows the performance measures and targets established for the August 2015 PSUs, the performance of each institution against such goals, and the resulting payout attributable to such institution.

TABLE OF CONTENTS**PROXY STATEMENT** Executive Compensation – Compensation Discussion and Analysis**Stock Ownership Guidelines**

Stock ownership guidelines are in place for all directors and executive officers of Adtalem and are intended to align their interests with our shareholders by requiring them to be subject to the same long-term stock price volatility our shareholders experience. Mr. Malafrente, who was appointed to the Board pursuant to a Support Agreement between Adtalem and a shareholder, IVA, and who has declined all compensation for his service, is not subject to the ownership guidelines.

Directors and executive officers are expected to maintain ownership of Adtalem's Common Stock valued equal to or in excess of a multiple of their current base salary or annual retainer:

	Number of Shares Equivalent to:
CEO	5 times base salary
CFO	3 times base salary
Key operational leaders	2 times base salary
All other executive officers	1 times base salary
All non-employee directors	3 times annual retainer

The stock ownership requirements were implemented in February 2010 for all directors and executive officers. Directors or executive officers have five years following their election, date of hire or promotion to an executive officer role, as the case may be, to achieve their stock ownership level. The CEO and CFO have five years from their appointment to comply with their stock ownership guidelines.

Shares that count toward satisfaction of the guidelines include Adtalem's Common Stock directly and/or beneficially owned, Adtalem's Common Stock held in Adtalem's Profit Sharing 401(k) Retirement Plan, Adtalem's Common Stock held in Adtalem's Nonqualified Deferred Compensation Plan, vested RSUs, and the after-tax value of unvested RSUs and PSUs and/or vested in-the-money options, provided that these make up no more than 50% of the ownership expectation.

Ownership guidelines are deemed to be met for an executive who has met the ownership threshold and not sold his or her equity but fallen below the Board's stock ownership guidelines solely due to declines in Adtalem's Common Stock price. Absent exigent circumstances, executives who have not yet met the guidelines at the end of their five-year phase-in period are required to retain, until the guidelines are satisfied, 100% of the after-tax shares received from option exercises or the vesting of RSUs or PSUs.

Incentive Compensation Recoupment Policy

Adtalem has adopted an incentive compensation recoupment policy that applies to all executive officers. The policy provides that, in addition to any other remedies available to Adtalem (but subject to applicable law), if the Board or any committee of the Board determines that it is appropriate, Adtalem may recover (in whole or in part) any incentive payment, commission, equity award or other incentive compensation received by an executive officer of Adtalem to the extent that such incentive payment, commission, equity award or other incentive compensation is or was paid on the basis of any financial results that are subsequently restated due to executive officer conduct that is determined by the independent directors to have been knowingly or intentionally, fraudulent or illegal.

Deferred Compensation

Adtalem maintains the Nonqualified Deferred Compensation Plan that allows certain employees, including the NEOs, to defer up to 50% of salary and 100% of the annual cash incentive (MIP) compensation until termination of service or certain other specified dates. Adtalem credits matching contributions to participants' accounts to the extent they have elected to defer the maximum contributions under Adtalem's Success Sharing Retirement Plan, which is a 401(k) plan, and their matching contributions are limited by the Internal Revenue Code provisions.

The Nonqualified Deferred Compensation Plan enables the NEOs and other eligible employees with a certain level of annual compensation to save a portion of their income for retirement on a scale consistent with other employees not subject to IRS limits.

The Nonqualified Deferred Compensation Plan is not funded by Adtalem and participants have an unsecured contractual commitment by Adtalem to pay the amounts due under such plan.

The value of deferred compensation amounts is quantified each year and this program is periodically reviewed for its competitiveness.

Other Benefits

NEOs are eligible to participate in a number of broad-based benefit programs, which are the same ones offered to most employees at Adtalem, including health, disability and life insurance programs.

We do not offer a defined benefit pension plan, and, therefore, our Success Sharing Retirement Plan and the Nonqualified Deferred Compensation Plan are the only retirement savings vehicles for executives.

In general, we do not provide benefits or perquisites to our NEOs that are not available to other employees, with the exception of personal financial planning services. Leased automobiles or cash automobile allowances were eliminated at the beginning fiscal year 2018 for all NEOs.

Benefits and perquisites make up the smallest portion of each NEO's total compensation package. The nature and quantity of perquisites provided by Adtalem did not change materially in fiscal year 2018 versus 2017, consistent with our philosophy that benefits and perquisites should not represent a meaningful component of our compensation program. The Compensation Committee periodically reviews the benefit and perquisite program to determine if adjustments are appropriate.

The "All Other Compensation" column of the 2018 Summary Compensation Table shows the amounts of benefit and perquisite compensation we provided for fiscal years 2016, 2017 and 2018 to each of the NEOs.

Employment Agreements

Adtalem has entered into employment agreements with each currently employed NEO that provide for:

- Initial annual base salary, subject to annual increases (no decreases except in the case of an across-the-board reduction affecting all executives equally);
- Annual cash incentive opportunity under the MIP, targeted at a percentage of base salary;
- Benefits and perquisites generally available to senior management;
- Reimbursement of expenses consistent with Adtalem’s policy in effect at the time; and
- Severance benefits that will be provided upon certain terminations of employment, as further described on page 63 under the caption 2018 Potential Payments Upon Termination or Change-in-Control.

CHANGE-IN-CONTROL

Adtalem provides benefits to its NEOs upon termination of employment from Adtalem in specific circumstances. These benefits are in addition to the benefits to which these NEOs would be generally entitled upon a termination of employment (e.g., vested retirement benefits accrued as of the date of termination, stock-based awards that are vested as of the date of termination and the right to elect continued health coverage pursuant to COBRA). In addition, as of November 8, 2017, when Shareholders approved the Fourth Amended and Restated Incentive Plan of 2013, Adtalem’s equity compensation plans, and the award agreements used to implement them, provide for accelerated vesting of outstanding equity awards in the event of a change in control of Adtalem, only in the event (a) Adtalem (or its successor) ceases to be publicly traded, (b) the successor to Adtalem fails to assume outstanding Awards or to issue new awards in replacement of outstanding Awards, or (c) if the participant is terminated without cause or resigns for good reason within two years following the change in control. Awards issued prior to November 8, 2017 provide for accelerated vesting in the event of a change in control.

See 2018 Potential Payments Upon Termination or Change-in-Control on page 63 for a detailed description of potential payments and benefits to the NEOs under Adtalem’s compensation plans and arrangements upon termination of employment or a change of control of Adtalem.

Executive Compensation – Compensation Discussion and Analysis **PROXY STATEMENT**

Deductibility of Compensation

Adtalem analyzes the overall expense arising from aggregate executive compensation, as well as the accounting and tax treatment of such programs. Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to publicly traded companies for certain compensation in excess of \$1 million per year paid to covered employees. Prior to the recent enactment of the Tax Cuts and Jobs Act, covered employees were defined as the CEO and the three other most highly compensated officers, other than the CFO, employed at year-end, and compensation that satisfied the Internal Revenue Code's requirements for performance-based compensation was not subject to the deduction limitation. However, the performance-based exception from the deduction limitation has now been repealed under the Tax Cuts and Jobs Act and the definition of covered employees has been expanded to include, among others, the CFO and certain former executive officers, effective for taxable years beginning after December 31, 2017, subject to certain transition relief.

The Compensation Committee views the tax deductibility of executive compensation as one factor to be considered in the context of its overall compensation philosophy. The Committee reviews each material element of compensation on a continuing basis and believes that shareholder interests are best served by not restricting the Committee's discretion and flexibility in crafting compensation programs, even though such programs may result in certain non-deductible compensation expenses. Accordingly, the Committee has approved and may in the future approve compensation arrangements for executive officers that are not fully deductible.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During fiscal year 2018, Mr. Malafronte (Chair), Mr. Burke, Mr. Logan, and Mr. Ruiz served on the Compensation Committee. In November 2017, Mr. Ruiz's term as director expired and Mr. Malafronte was appointed Chair of the Compensation Committee with Mr. Burke and Mr. Logan continuing to serve as Compensation Committee members. No member of the Compensation Committee during fiscal year 2018 was an officer or employee of Adtalem while serving as a member of the Compensation Committee, was formerly an officer of Adtalem, or had any relationship requiring disclosure by Adtalem as a related party transaction under Item 404 of Regulation S-K. During fiscal year 2018, none of Adtalem's executive officers served on the board of directors or compensation committee or equivalent of another entity, any officers of which served either on Adtalem's Board or its Compensation Committee.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Board hereby furnishes the following report to the shareholders of Adtalem in accordance with rules adopted by the SEC. The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis of this Proxy Statement with Adtalem's management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

This report is submitted on behalf of the members of the Compensation Committee:

The amounts reported in the Stock Awards column represents the grant date fair value of awards of both PSUs and RSUs, which is an estimated value computed in accordance with FASB ASC Topic 718. The assumptions used for fiscal years 2018, 2017 and 2016 calculations can be found at Note 5 to our audited financial statements in Adtalem's Annual Report on Form 10-K for the year ended June 30, 2018; Note 6 to our audited financial statements in Adtalem's Annual Report on Form 10-K for the year ended June 30, 2017; and Note 4 to our audited financial statements in Adtalem's Annual Report on Form 10-K for the year ended June 30, 2016, respectively.

(6) The grant date fair values of the PSUs are based on the probable outcome of the performance conditions to which the PSUs are subject, and the shares the recipient would receive under such outcome. The 2018 Grants of Plan-Based Awards shows the values of PSU awards assuming that the highest levels of the performance conditions are achieved.

- (2) PSUs were granted under the Fourth Amended and Restated Incentive Plan of 2013. PSUs are paid out at the end of the three-year performance period if certain performance goals are achieved.
- Pursuant to the MIP, performance below a performance goal threshold will result in no payment with respect to that performance goal. If a performance goal threshold is met or exceeded, then the performance would result in a payment ranging from the threshold amount (50% of the target) to the maximum amount (200% of target) for such performance goal, depending upon the level at which the performance goal had been attained.
- (3) The amount shown in this column represents the target incentive payment under the MIP, which is calculated as a set percentage of base salary.
- (4) Pursuant to the MIP, the amount shown in this column represents the maximum incentive payment, 200% of the Target.
- (5) Stock option awards on August 23, 2017 were issued as part of the annual incentive award under the Fourth Amended and Restated Incentive Plan of 2013, which become exercisable at 25% per year for four years beginning on the first anniversary of the date of grant and have a maximum term of ten years.
- (6) All options granted to on August 23, 2017 have an exercise price equal to the closing sales price of the Common Stock on the date of grant.
- (7) This column shows the grant date fair value of PSUs (assuming payout at target value), RSUs and stock options granted on August 23, 2017 and November 7, 2017, in fiscal year 2018, computed in accordance with FASB ASC Topic 718, which was \$14.63 for stock options and \$33.90 for each of RSUs and PSUs granted on August 23, 2017 and \$37.05 for each of RSUs and PSUs granted on November 7, 2017. - (8) Comprised of 50% Mission-Based and 50% Financial-Based PSUs. For the Mission-Based PSUs, at the end of the three-year performance period, participants can earn a threshold of 50% of the target number of PSUs if threshold level performance is attained during the three-year performance period for each of the academic-focused student outcome goals established for each institution. If performance is below threshold for any individual academic focused student outcome measures, 0% of the PSUs will vest for that component of the awards. For the awards to Ms. Wardell and Mr. Unzicker, a minimum of 10% three-year average EBITDA margin must be attained during fiscal years 2018 through 2020 or no Mission-Based PSUs will vest whatsoever, regardless of the academic-focused student outcome performance. For the Financial-Based PSUs, at the end of the three-year performance period, participants can earn a threshold of 50% of the target number of PSUs if threshold level ROIC performance is attained during the three-year performance period. Straight-line interpolation will be used for both Mission-Based PSUs and Financial-Based PSUs to determine achievement between threshold and target.
- (9) Comprised of 50% Mission-Based and 50% Financial-Based PSUs. For the Mission-based PSUs, at the end of the three-year performance period, participants can earn 100% of the target number of PSUs if target level performance is attained during the three-year performance period for each of the academic-focused student outcome goals established for each institution.
