Item 7.01 Regulation FD Disclosure.

On July 10, 2007, we issued a press release announcing that our Board of Directors has declared a three-for-two stock split in the form of a 50% stock dividend payable on July 30, 2007 to stockholders of record on July 20, 2007.

Under the terms of this stock dividend, Diodes' stockholders will receive one additional share for every two shares held on the record date. The dividend will be paid in authorized but unissued shares of the Common Stock of the Company. Fractional shares created by the stock dividend will be paid in cash based upon the closing price of the Company's stock on the record date.

The Company anticipates that the number of outstanding shares of Common Stock after the dividend will be increased from approximately 26.1 million to approximately 39.2 million shares. The par value of the Company's stock will not be affected by the dividend and will remain at \$0.66 ²/₃ per share. For stock splits and dividends greater than 25%, the ex-dividend date is set as the first business day after the payment date.

The Company's transfer agent is Continental Stock Transfer & Trust Company; New York.
