General Description of the 2008 Plan

The following summary describes the material features of the 2008 Plan. The summary does not purport to be complete and is qualified in its entirety by reference to the complete text of the 2008 Plan, which is annexed as Exhibit A to this Information Statement.

Purpose

The 2008 Plan is intended to enhance the Company's and its Affiliates' (as defined) ability to attract and retain highly qualified officers, directors, key employees and other persons, and to motivate such officers, directors, key employees and other persons to serve the Company and its Affiliates and to expend maximum effort to improve the business results and earnings of the Company, by providing to such persons an opportunity to acquire or increase a direct proprietary interest in the operations and future success of the Company.

Administration

The 2008 Plan is administered by one or more officers or directors of the Company who are authorized by the Board to administer the Plan before the Committee is formed (the "Designee") or a committee appointed by our board of directors (the "Committee"). The Committee may delegate their responsibilities to others, including our board of directors, under such conditions and limitations as it may determine provided that the Committee, in its discretion, designate a subcommittee of its members to serve as the Committee (to the extent the Board has not designated another person, committee or entity as the Committee) or to cause the Committee to (i) consist solely of persons who are "Nonemployee Directors" as defined in Rule 16b-3 issued under the Exchange Act, (ii) consist solely of persons who are Outside Directors, or (iii) satisfy the applicable requirements of any stock exchange on which the Common Stock may then be listed. Subject to the express provisions of the 2008 Plan and to applicable law, the Designees or Committee shall have full power and authority to grant awards to the Service Providers (as defined) prescribed under the 2008 Plan. Unless otherwise expressly provided in the 2008 Plan, all designations, determinations, interpretations and other decisions under or with respect to the 2008 Plan or any award or award agreement shall be within the sole discretion of the Designees or Committee, as may be made at any time and shall be final, conclusive and binding upon any eligible person and any holder or beneficiary of any award.

Notwithstanding the foregoing, no amendment or modification may be made to an outstanding Option or SAR that (i) causes the Option or SAR to become subject to Section 409A, (ii) reduces the Option Price or SAR Exercise Price, either by lowering the Option Price or SAR Exercise Price or by canceling the outstanding Option or SAR and granting a replacement Option or SAR with a lower Option Price or SAR Exercise Price or (iii) would be treated as a repricing under the rules of the exchange upon which the Company's Stock trades, without, with respect to item (i), the Grantee's written prior approval, and with respect to items (ii) and (iii), without the approval of the stockholders of the Company, provided, that, appropriate adjustments may be made to outstanding Options and SARs pursuant to the appropriate provisions in the 2008 Plan.

Deferral Arrangement.

The Designees or Committee may permit or require the deferral of any Award payment into a deferred compensation arrangement, subject to such rules and procedures as it may establish and in accordance with Section 409A, which may include provisions for the payment or crediting of interest or dividend equivalents, including converting such credits into deferred Stock units.

Stock Subject to the Plan

Stock Available. The shares of Stock issuable under the 2008 Plan are available either from authorized but unissued shares or from shares reacquired by us on the open market. Subject to the adjustment provision mentioned below, the maximum number of shares of Stock available for issuance under the 2008 Plan shall be 2,000,000, and The maximum number of Common Stock that will be awarded to any one Grantee (as defined) during any calendar year shall not exceed 300,000.

-5-

Adjustments. In the event of any corporate event (including, but not limited to, a change in the shares of the Company or the capitalization of the Company), or transaction, as described in the 2008 Plan, in order to prevent dilution or enlargement of participants' rights under the 2008 Plan, the Designees or Committee shall substitute or adjust, as applicable, the number and kind of shares that may be issued under the 2008 Plan or under particular forms of awards, the number and kind of shares subject to outstanding awards, the option price or grant price applicable to outstanding awards, the annual award limits, and other value determinations applicable to outstanding awards.

Effect of Change of Control

The Designees or Committee shall determine the effect of a Change in Control upon Awards, and such effect may be set forth in the appropriate award agreement. Unless an Award Agreement (as defined) explicitly provides otherwise, if the Company is to be consolidated with or acquired by another entity in a merger, sale of all or substantially all of the Company's assets other than a transaction to merely change the state of incorporation (a "Corporate Transaction"), the Designees or Committee or the board of directors of any entity assuming the obligations of the Company hereunder, shall, as to the awards such as outstanding Options, SARs, grants of Restricted Stock, Restricted Stock Units and/or Unrestricted Stock either (i) make appropriate provisions for the continuation of such awards by substitution; or (ii) provide that all such awards must be exercised; or (iii) terminate all Options and/or SARs in exchange for an equivalent cash payment.

Eligibility

Under the 2008 Plan, Awards may be made to any Service Provider, including any Service Provider (as defined) who is an officer or director of the Company or of any Affiliate, as the Designees or Committee shall determine and designate from time to time in its discretion.

Award Agreement

Each Award shall be evidenced by an Award Agreement, determined by the Designees or Committee. Award Agreements granted from time to time or at the same time need not contain similar provisions but shall be consistent with the terms of the 2008 Plan. Each Award Agreement evidencing an Award of Options shall specify whether such Options are intended to be Non-Qualified Stock Options or Incentive Stock Options, and in the absence of such specification such options shall be deemed Non-Qualified Stock Option.

In an Award Agreement, the Company may retain the right to cause a forfeiture of the gain realized by a Grantee (as defined) on account of actions taken by the Grantee in violation or breach of or in conflict with any employment agreement, non-competition agreement, any agreement prohibiting solicitation of employees or clients of the Company or any Affiliate thereof or any confidentiality obligation with respect to the Company or any Affiliate or otherwise in competition with the Company or any Affiliate.

In an Award Agreement, the Company may retain the right to cause a forfeiture of the gain realized by a Grantee, if the Grantee voluntarily terminates his employment with the Company. Furthermore, the Company may annul an Award if the Grantee is terminated for Cause as defined in the applicable Award Agreement or the Plan, as applicable. The grant of any Award may be contingent upon the Grantee executing the appropriate Award Agreement.

Types of Awards under 2008 Plan

Options. The Designees or Committee are authorized to grant options to Service Providers with the following terms and conditions:

- (i) Exercise Price. The Option Price of each Option shall be fixed by the Designees or Committee and stated in the related Award Agreement. The Option Price of each Incentive Stock Option shall be at least the Fair Market Value of a share of Stock on the Grant Date; provided, however, that (i) in the event that a Grantee is a Ten Percent Stockholder as of the Grant Date, the Option Price of an Option granted to such Grantee that is intended to be an Incentive Stock Option shall be not less than 110 percent of the Fair Market Value of a share of Stock on the Grant Date, and (ii) with respect to Awards made in substitution for or in exchange for awards made by an entity acquired by the Company or an Affiliate, the Option Price does not need to be at least the Fair Market Value on the Grant Date. In no case shall the Option Price of any Option be less than the par value of a share of Stock.
- (ii) Option Term. Each Option shall terminate, and all rights to purchase shares of Stock thereunder shall cease, upon the expiration of **ten** years from the Grant Date, or under such circumstances and on such date prior thereto as is set forth in the Plan or as may be fixed by the Designees or Committee and stated in the related Award Agreement.
- (iii) Time and Method of Exercise. The Designees or Committee, and the Award Agreement shall state the time or times at which an option may be exercised in whole or in part and the method or methods by which, and the form or forms (including, without limitation, cash, shares, other securities, other awards or other property, or any combination thereof, having a Fair Market Value on the exercise date equal to the applicable exercise price) in which, payment of the exercise price with respect thereto may be made or deemed to have been made.

Stock Appreciation Rights(the "SAR"). The Designees or Committee is authorized to grant SARs to any Service Provider subject to the terms of the 2008 Plan and any applicable award agreement. SARs granted under the 2008 Plan shall confer on the holder a right to receive payment from the Company in an amount determined by multiplying:(i) the difference between the Fair Market Value of a Share on the date of exercise over the SARs Exercise Price; by(ii) the number of shares with respect to which the SARs is exercised. Subject to the terms of the 2008 Plan, the grant price, term, methods of exercise, dates of exercise, methods of settlement and any other terms and conditions (including conditions or restrictions on the exercise thereof) of any SARs shall be as determined by the Designees or Committee.

Restricted Stock. Restricted stock is common stock that is subject to restrictions, including a prohibition against transfer and a substantial risk of forfeiture, until the end of a "restricted period", determined by the Designees or Committee at the time of grant, during which the grantee must satisfy certain vesting conditions. Unless the Designees or Committee otherwise provides in an Award Agreement or in writing after the Award Agreement is issued, upon the termination of a Grantee's Service, any Restricted Stock held by such Grantee that have not vested, or with respect to which all applicable restrictions and conditions have not lapsed, shall immediately be deemed forfeited, and the Grantee shall have no further rights with respect to such Award. During the restricted period, the Grantee has the rights and privileges of a regular stockholder, except that the restrictions set forth in the applicable award agreement apply.

Restricted Stock Units. A restricted stock unit entitles the Grantee to receive common stock, or cash (or other property) based on the value of common stock, after a "restricted period" during which the Grantee must satisfy certain vesting conditions. If the Grantee does not satisfy the vesting conditions by the end of the restricted period, the restricted stock unit is forfeited. the Grantee shall have no rights other than those of a general creditor of the Company. Restricted Stock Units represent an unfunded and unsecured obligation of the Company, subject to the terms and conditions of the applicable Award Agreement.

-7-

Unrestricted Stock Award. The Designees or Committee may, in its sole discretion, grant (or sell at par value or such other higher purchase price determined by the Designees or Committee) an Award of Unrestricted Stock to any Grantee pursuant to which such Grantee may receive shares of Stock free of any restrictions (“Unrestricted Stock”) under the Plan. Awards of Unrestricted Stock may be granted or sold in respect of past Services rendered and other valid consideration, or in lieu of, or in addition to, any cash compensation due to such Grantee. Unless otherwise provided by the Designees or Committee, Awards of Unrestricted Stock shall be paid within the time period set forth herein for short-term deferral.

Performance and Annual Incentive Award. The Designees or Committee is authorized to grant to any Service Provider performance and annual service awards which are intended to be “qualified performance-based compensation” within the meaning of Section 162(m) of the Code. A performance and annual service award may be payable in cash or in shares (including, without limitation, restricted stock). Performance awards shall, to the extent required by Section 162(m), be conditioned solely on the achievement of one or more objective performance goals, and such performance goals shall be established by the Committee within the time period prescribed by, and shall otherwise comply with the requirements of, Section 162(m).

Amendment and Termination

The Board may, at any time and from time to time, amend, suspend, or terminate the 2008 Plan as to any Awards which have not been made. An amendment shall be contingent on approval of the Company’s stockholders to the extent stated by the Board, required by applicable laws, regulations and rules, as amended, or required by applicable stock exchange listing requirements. No Awards shall be made after termination of the 2008 Plan. No amendment, suspension, or termination of the 2008 Plan shall, without the consent of the Grantee, impair rights or obligations under any Award theretofore awarded.

Term of the 2008 Plan

The 2008 Plan shall be effective as of the Effective Date (as defined) and shall terminate on the ten (10) year anniversary of the Effective Date, and may be terminated on any earlier date as set forth herein.

Income Tax Withholding

In order to comply with all applicable federal, state, local or foreign income tax laws or regulations, we may take such action as we deem appropriate to ensure that all applicable federal, state, local or foreign payroll, withholding, income or other taxes, which are the sole and absolute responsibility of a Grantee, are withheld or collected from such a Grantee.

Certain Federal Income Tax Consequences

The following is a brief summary of the principal federal income tax consequences of awards under the 2008 Plan. This summary is not an exhaustive description and does not describe all applicable federal, state or local tax laws.

Incentive Stock Options(the “ISO”)

A 2008 Plan participant is not subject to federal income tax at the time of either the grant or the exercise of an ISO. In the year in which an ISO is exercised, however, the amount by which the fair market value of the shares of common stock received upon the exercise of an ISO exceeds the exercise price will constitute an adjustment to the option holder’s income in computing alternative minimum taxable income. Such adjustment could result in the imposition of, or increase the amount of, the option holder’s “alternative minimum tax” under the Code, as amended. If an option holder does not dispose of such shares of common stock within two (2) years after the ISO was granted or one (1) year after

the ISO was exercised, whichever is later (any disposition within those periods is a “disqualifying disposition”), then any gain or loss recognized upon such disposition generally will be treated as long-term capital gain or loss. In such event, the Company will not receive a tax deduction on either the exercise of the ISO or on the sale of the underlying common stock.

-8-

If an option holder makes a “disqualifying disposition,” the option holder will realize ordinary income in an amount equal to the lesser of (i) the fair market value of the common stock on the date the ISO is exercised minus the exercise price, or (ii) the sales price received by the option holder on the disposition of such common stock minus the exercise price. In such event, we will be entitled to a deduction in an amount equal to the ordinary income recognized by the option holder. If a sale is a disqualifying disposition, the option holder also may realize short-term or long-term capital gain or loss, if such shares constitute capital assets in an option holder’s hands. The gain or loss will be measured by the difference between the fair market value of the shares on the date of exercise of the ISO and the sales price of the shares.

For purposes of the alternative minimum tax (the “AMT”), the amount by which the fair market value of a share of stock acquired on exercise of an ISO exceeds the exercise price generally will be an adjustment included in the optionee’s AMT income. If there is a disqualifying disposition of the share in the year in which the option is exercised, there will be no adjustment for AMT purposes with respect to the share. If there is a disqualifying disposition in a later year, no income is included in the optionee’s AMT for that year. For cap AMT purposes, the tax basis of a share acquired on exercise of an ISO is increased by the amount of the adjustment taken into account with respect to that share for AMT purposes.

Non-Qualified Stock Options(the “NQSO”)

No income is realized by an option holder upon the grant of an NQSO. Upon the exercise of an NQSO, however, the amount by which the fair market value of the common stock on the date of exercise exceeds the exercise price will be taxed as ordinary income to an option holder and the Company will be entitled to a deduction in an equal amount. Such amount will not be an adjustment to income in computing alternative minimum taxable income. Upon subsequent sales of common stock received upon exercise of NQSO’s, an option holder may realize short-term or long-term capital gain or loss, depending upon the holding period of the shares, if such shares constitute capital assets for the option holder. The gain or loss will be measured by the difference between the sales price and the tax basis of the shares sold. The tax basis for this purpose will be the sum of the exercise price and the amount of ordinary income realized by the option holder as a result of such exercise.

Restricted Stock

A participant who has been awarded Restricted Stock will not realize taxable income at the time of the award, and the Company will not be entitled to a deduction at that time; provided, however, that the participant may elect to treat the value of the shares of Stock as income at the time of receipt (without regard to restrictions) by filing with the IRS (with a copy to us) an election under Section 83(b) of the Code no later than thirty days after the issuance date. When the restrictions on the Restricted Shares lapse, the participant will have ordinary income and the Company will have a corresponding deduction. The measure of such income and deduction will be the fair market value of the shares at the time the restrictions lapse.

Share Appreciation Rights(“SAR”) and Performance Units(“PSU”)

No income is realized by a holder of a SAR or PSU at the time the SAR or PSU is granted; however, upon exercise, the amount of cash or the fair market value of the shares of Common Stock received will be taxable as ordinary income to the holder thereof and the Company will be entitled to a deduction in an equal amount.

With respect to tandem stock appreciation rights, if the recipient elects to surrender the underlying option in exchange for cash or shares of stock equal to the appreciation inherent in the underlying option, the tax consequences to the recipient will be the same as discussed above. If the recipient elects to exercise the underlying option, the holder will be taxed at the time of exercise as if he or she had exercised a nonqualified stock option.

\$1,000,000 Compensation Limit

The Code limits the deductibility (under certain circumstances) of compensation that exceeds \$1,000,000 annually that is paid by the Company to the Chief Executive Officer and the next three most highly compensated executive officers (other than the principal financial officer) as determined at the end of the Company's taxable year. The Code and the regulations promulgated thereunder provide certain exclusions from the amounts included in the \$1,000,000 limitation, including compensation that is "qualified performance-based compensation" within the meaning of the regulations. The Plan generally is intended to satisfy the requirements set forth in the regulations with respect to "qualified performance-based compensation" with respect to options that are exercisable at an exercise price of not less than 100% of the fair market value of a share of common stock on the date of grant. However, if an option is exercisable at a price less than 100% of the price of a share of common stock on the date of grant, the compensatory element of such NQSO (*i.e.*, the excess of such fair market value over the exercise price) will not constitute "qualified performance-based compensation," unless the exercise of options is contingent upon the attainment of pre-established performance goals.

Miscellaneous

The 2008 Plan is not qualified under Section 401 of the Code. In addition, the 2008 Plan is not subject to any of the provisions of the Employee Retirement Income Security Act of 1974, as amended. The 2008 Plan is not intended to be a funded plan.

-16-

- (i) designate Grantees;
- (ii) determine the type or types of Awards to be made to a Grantee;
- (iii) determine the number of shares of Stock to be subject to an Award;
- (iv) establish the terms and conditions of each Award (including, but not limited to, the Option Price of any Option, the nature and duration of any restriction or condition (or provision for lapse thereof) relating to the vesting, exercise, transfer, or forfeiture of an Award or the shares of Stock subject thereto, and any terms or conditions that may be necessary to qualify Options as Incentive Stock Options);

Without limiting the foregoing, an Award Agreement may be provided in the form of a notice which provides that acceptance of the Award constitutes acceptance of all terms of the Plan and the notice. Award Agreements granted from time to time or at the same time need not contain similar provisions but shall be consistent with the terms of the Plan. Such notice shall specify the number of shares of Stock with respect to which the Option is being exercised and which exercise method shall be, determined by the Designees or Committees solely in its discretion, and the Designees or Committee may approve payment in whole or in part by an alternative method, including (i) by means of any cashless exercise procedure approved by the Designees or Committee, (ii) in the form of unrestricted shares of Stock already owned by the Grantee on the date of surrender to the extent the shares of Stock having a Fair Market Value on the date of surrender equal to the aggregate Option Price of the shares as to which such Option shall be exercised, *provided that*, in the case of an Incentive Stock Option, the right to make payment in the form of already owned shares of Stock may be authorized only at the time of grant, or (iii) any combination of the foregoing.

8.7. Rights of Holders of Options.

Unless otherwise stated in the related Award Agreement, an individual holding or exercising an Option shall have none of the rights of a stockholder (for example, the right to receive cash or dividend payments or distributions attributable to the subject shares of Stock or to direct the voting of the subject shares of Stock) until the shares of Stock covered thereby are fully paid and issued to him. Except as provided in **Section 15** hereof, no adjustment shall be made for dividends, distributions or other rights for which the record date is prior to the date of such issuance.

Subsequent transfers of transferred Options are prohibited except to Family Members of the original Grantee in accordance with this **Section 8.10** or by will or the laws of descent and distribution. Notwithstanding the foregoing, the Designees or Committee may also provide that Options may be transferred to persons other than Family Members. Payment of the Option Price for the shares purchased pursuant to the exercise of an Option or the Purchase Price for Restricted Stock shall be made in cash or in cash equivalents acceptable to the Company, except as provided in this **Section 12**.

12.2. Surrender of Stock.

To the extent the Award Agreement so provides, payment of the Option Price for shares purchased pursuant to the exercise of an Option or the Purchase Price for Restricted Stock may be made all or in part through the tender to the Company of shares of Stock, which shares shall be valued, for purposes of determining the extent to which the Option Price or Purchase Price has been paid thereby, at their Fair Market Value on the date of exercise or surrender.

12.3. Cashless Exercise.

With respect to an Option only (and not with respect to Restricted Stock), to the extent permitted by law and to the extent the Award Agreement so provides, payment of the Option Price may be made all or in part by delivery (on a form acceptable to the Designees or Committee) of an irrevocable direction to a licensed securities broker acceptable to the Company to sell shares of Stock and to deliver all or part of the sales proceeds to the Company in payment of the Option Price and any withholding taxes described in **Section 16.3**.

12.4. Payment of Exercising SAR Rights.

In the event that the SAR rights are granted to a Grantee, to the extent permitted by law and to the extent the Award Agreement so provides, the payment of the SAR amount may be made all or in part by cash or delivery of Stock of equivalent value, at the sole discretion of the Designees or Committee, in payment of any withholding taxes described in Section 16.3.

12.5. Other Forms of Payment.

To the extent the Award Agreement so provides, as determined by the Designees or Committee in its sole discretion, payment of the Option Price or the Purchase Price may be made in any other form that is consistent with applicable laws, regulations and rules.

13. TERMS AND CONDITIONS OF PERFORMANCE AND ANNUAL INCENTIVE AWARDS

13.1. Performance Conditions.

The right of a Grantee to exercise or receive a grant or settlement of any Award, and the timing thereof, may be subject to such performance conditions as may be specified by the Designees or Committee. The Designees or Committee may use such business criteria and other measures of performance as it may deem appropriate in establishing any performance conditions, and may exercise its discretion to reduce the amounts payable under any Award subject to performance conditions, except as limited under **Sections 13.2** hereof in the case of a Performance Award or Annual Incentive Award intended to qualify under Code Section 162(m).

13.2. Performance or Annual Incentive Awards Granted to Designated Covered Employees.

If and to the extent that the Designees or Committee determines that a Performance or Annual Incentive Award to be granted to a Grantee who is designated by the Designees or Committee as likely to be a Covered Employee should qualify as “performance-based compensation” for purposes of Code Section 162(m), the grant, exercise and/or settlement of such Performance or Annual Incentive Award shall be contingent upon achievement of pre-established performance goals and other terms set forth in this **Section 13.2**.

-24-

13.2.1. Performance Goals Generally.

The performance goals for such Performance or Annual Incentive Awards shall consist of one or more business criteria and a targeted level or levels of performance with respect to each of such criteria, as specified by the Designees or Committee consistent with this **Section 13.2**. Performance goals shall be objective and shall otherwise meet the requirements of Code Section 162(m) and regulations thereunder including the requirement that the level or levels of performance targeted by the Designees or Committee result in the achievement of performance goals being “substantially uncertain.” The Designees or Committee may determine that such Performance or Annual Incentive Awards shall be granted, exercised and/or settled upon achievement of any one performance goal or that two or more of the performance goals must be achieved as a condition to grant, exercise and/or settlement of such Performance or Annual Incentive Awards. Performance goals may differ for Performance or Annual Incentive Awards granted to any one Grantee or to different Grantees.

13.2.2. Business Criteria.

One or more of the following business criteria for the Company, on a consolidated basis, and/or specified subsidiaries or business units of the Company (except with respect to the total stockholder return and earnings per share criteria), shall be used exclusively by the Designees or Committee in establishing performance goals for such Performance or Annual Incentive Awards: (i) total stockholder return; (ii) such total stockholder return as compared to total return (on a comparable basis) of a publicly available index such as, but not limited to, the Standard & Poor’s 500 Stock Index; (iii) net income; (iv) pretax earnings; (v) earnings before interest expense, taxes, depreciation and amortization; (vi) pretax operating earnings after interest expense and before bonuses, service fees, and extraordinary or special items; (vii) operating margin; (viii) earnings per share; (ix) return on equity; (x) return on capital; (xi) return on investment; (xii) operating earnings; (xiii) working capital; (xiv) ratio of debt to stockholders’ equity and (xv) revenue.

13.2.3. Timing for Establishing Performance Goals.

Performance goals shall be established not later than 90 days after the beginning of any performance period applicable to such Performance or Annual Incentive Awards, or at such other date as may be required or permitted for “performance-based compensation” under Code Section 162(m).

13.2.4. Settlement of Performance or Annual Incentive Awards; Other Terms.

Settlement of such Performance or Annual Incentive Awards shall be in cash, SAR, Restricted Stock, Restricted Stock Units, other Awards or other property, in the discretion of the Designees or Committee. The Designees or Committee may, in its discretion, reduce the amount of a settlement otherwise to be made in connection with such Performance or Annual Incentive Awards. The Designees or Committee shall specify the circumstances in which such Performance or Annual Incentive Awards shall be paid or forfeited in the event of termination of Service by the Grantee prior to the end of a performance period or settlement of Performance Awards.

13.3. Written Determinations.

All determinations by the Designees or Committee as to the establishment of performance goals, the amount of any Performance Award pool or potential individual Performance Awards and as to the achievement of performance goals relating to Performance Awards, and the amount of any Annual Incentive Award pool or potential individual Annual Incentive Awards and the amount of final Annual Incentive Awards, shall be made in writing in the case of any Award intended to qualify under Code Section 162(m). To the extent permitted by Code Section 162(m), the Designees or Committee may delegate any responsibility relating to such Performance Awards or Annual Incentive Awards.

13.4. Status of Section 13.2 Awards Under Code Section 162(m).

It is the intent of the Company that Performance Awards and Annual Incentive Awards under **Section 13.2** hereof granted to persons who are designated by the Designees or Committee as likely to be Covered Employees within the meaning of Code Section 162(m) and regulations thereunder shall, if so designated by the Designees or Committee, constitute “qualified performance-based compensation” within the meaning of Code Section 162(m) and regulations thereunder. Accordingly, the terms of **Section 13.2**, including the definitions of Covered Employee and other terms used therein, shall be interpreted in a manner consistent with Code Section 162(m) and regulations thereunder. The foregoing notwithstanding, because the Designees or Committee cannot determine with certainty whether a given Grantee will be a Covered Employee with respect to a fiscal year that has not yet been completed, the term Covered Employee as used herein shall mean only a person designated by the Designees or Committee, at the time of grant of Performance Awards or an Annual Incentive Award, as likely to be a Covered Employee with respect to that fiscal year. If any provision of the Plan or any agreement relating to such Performance Awards or Annual Incentive Awards does not comply or is inconsistent with the requirements of Code Section 162(m) or regulations thereunder, such provision shall be construed or deemed amended to the extent necessary to conform to such requirements.

14. REQUIREMENTS OF LAW

14.1. General.

The Company shall not be required to sell or issue any shares of Stock under any Award if the sale or issuance of such shares would constitute a violation by the Grantee, any other individual exercising an Option, or the Company of any provision of any law or regulation of any governmental authority, including without limitation any federal or state securities laws or regulations and the laws and regulations of PRC. If at any time the Company shall determine, in its discretion, that the listing, registration or qualification of any shares subject to an Award upon any securities exchange or under any governmental regulatory body is necessary or desirable as a condition of, or in connection with, the issuance or purchase of shares hereunder, no shares of Stock may be issued or sold to the Grantee or any other individual exercising an Option pursuant to such Award unless such listing, registration, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Company, and any delay caused thereby shall in no way affect the date of termination of the Award. Specifically, in connection with the Securities Act, upon the exercise of any Option or the delivery of any shares of Stock underlying an Award, unless a registration statement under such Act is in effect with respect to the shares of Stock covered by such Award, the Company shall not be required to sell or issue such shares unless the Designees or Committee has received evidence satisfactory to it that the Grantee or any other individual exercising an Option may acquire such shares pursuant to an exemption from registration under the Securities Act. Any determination in this connection by the Designees or Committee shall be final, binding, and conclusive. The Company may, but shall in no event be obligated to, register any securities covered hereby pursuant to the Securities Act. The Company shall not be obligated to take any affirmative action in order to cause the exercise of an Option or the issuance of shares of Stock pursuant to the Plan to comply with any law or regulation of any governmental authority. As to any jurisdiction that expressly imposes the requirement that an Option shall not be exercisable until the shares of Stock covered by such Option are registered or are exempt from registration, the exercise of such Option (under circumstances in which the laws of such jurisdiction apply) shall be deemed conditioned upon the effectiveness of such registration or the availability of such an exemption.

14.2. Rule 16b-3.

During any time when the Company has a class of equity security registered under Section 12 of the Exchange Act, it is the intent of the Company that Awards and the exercise of Options granted hereunder will qualify for the exemption provided by Rule 16b-3 under the Exchange Act. To the extent that any provision of the Plan or action by the Board or Designees or Committee does not comply with the requirements of Rule 16b-3, it shall be deemed inoperative to the

extent permitted by law and deemed advisable by the Board, and shall not affect the validity of the Plan. In the event that Rule 16b-3 is revised or replaced, the Board may exercise its discretion to modify this Plan in any respect necessary to satisfy the requirements of, or to take advantage of any features of, the revised exemption or its replacement.

15. EFFECT OF CHANGES IN CAPITALIZATION

15.1. Changes in Stock.

If the number of outstanding shares of Stock is increased or decreased or the shares of Stock are changed into or exchanged for a different number or kind of shares or other securities of the Company on account of any recapitalization, reclassification, stock split, reverse split, combination of shares, exchange of shares, stock dividend or other distribution payable in capital stock, or other increase or decrease in such shares effected without receipt of consideration by the Company occurring after the Effective Date, the number and kinds of shares for which grants of Options and other Awards may be made under the Plan shall be adjusted proportionately and accordingly by the Company; provided that any such adjustment shall comply with Section 409A. In addition, the number and kind of shares for which Awards are outstanding shall be adjusted proportionately and accordingly so that the proportionate interest of the Grantee immediately following such event shall, to the extent practicable, be the same as immediately before such event. Any such adjustment in outstanding Options or SARs shall not change the aggregate Option Price or SAR Exercise Price payable with respect to shares that are subject to the unexercised portion of an outstanding Option or SAR, as applicable, but shall include a corresponding proportionate adjustment in the Option Price or SAR Exercise Price per share. The conversion of any convertible securities of the Company shall not be treated as an increase in shares effected without receipt of consideration. Notwithstanding the foregoing, in the event of any distribution to the Company's stockholders of securities of any other entity or other assets (including an extraordinary cash dividend but excluding a non-extraordinary dividend payable in cash or in stock of the Company) without receipt of consideration by the Company, the Company shall in such manner as the Company deems appropriate, adjust (i) the number and kind of shares subject to outstanding Awards and/or (ii) the exercise price of outstanding Options and Stock Appreciation Rights to reflect such distribution.

15.2. Definition of Change in Control.

Unless an Award Agreement provides for a different meaning, a "Change in Control" shall mean the occurrence of any of the following:

- (i) Any 'person' (as such term is used in Sections 13(d) and 14(d) of the Exchange Act) becomes the 'beneficial owner' (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of the Company representing more than fifty percent (50%) of the total voting power represented by the Company's then-outstanding voting securities, provided, however, that a Change in Control shall not be deemed to occur if an employee benefit plan (or a trust forming a part thereof) maintained by the Company, directly or indirectly, becomes the beneficial owner of more than fifty percent (50%) of the then-outstanding voting securities of the Company after such acquisition;
- (ii) A majority of the members of the Board is replaced during any 12-month period commencing on the Effective Date, by directors whose appointment or election is not endorsed by a majority of the members of the Board prior to the date of the appointment;
- (iii) The consummation of a merger or consolidation of the Company with any other corporation, other than a merger or consolidation which would result in (a) the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or being converted into voting securities of the surviving entity) at least fifty percent (50%) of the total voting power represented by the voting securities of the Company or such

surviving entity outstanding immediately after such merger or consolidation; or
(b) the directors of the Company immediately prior thereto continuing to represent at least fifty percent (50%) of the directors of the Company or such surviving entity immediately after such merger or consolidation; or

- (iv) The consummation of the sale or disposition by the Company of all or substantially all of the Company's assets.

Notwithstanding the foregoing, if it is determined that an Award hereunder is subject to the requirements of Section 409A, the Company will not be deemed to have undergone a Change in Control unless the Company is deemed to have undergone a change in control pursuant to the definition in Section 409A.

15.3. Effect of Change in Control; Corporate Transactions

The Designees or Committee shall determine the effect of a Change in Control upon Awards, and such effect may be set forth in the appropriate Award Agreement. Unless an Award Agreement explicitly provides otherwise, if the Company is to be consolidated with or acquired by another entity in a merger, sale of all or substantially all of the Company's assets other than a transaction to merely change the state of incorporation (a "Corporate Transaction"), the Designees or Committee or the board of directors of any entity assuming the obligations of the Company hereunder (the "Successor Board"), shall, as to outstanding Options and/or SARs, either (i) make appropriate provision for the continuation of such Options and/or SARs by substituting on an equitable basis for the Shares then subject to such Options and/or SARs either the consideration payable with respect to the outstanding shares of Common Stock in connection with the Corporate Transaction or securities of any successor or acquiring entity; or (ii) upon written notice to the Grantees, provide that all Options and/or SARs must be exercised (either to the extent then exercisable or, at the discretion of the Designees or Committee or, upon a change of control of the Company, all Options and/or SARs being made fully exercisable for purposes of this Section 15.3), within a specified number of days of the date of such notice, at the end of which period the Options and/or SARs shall terminate; or (iii) terminate all Options and/or SARs in exchange for a cash payment equal to the excess of the Fair Market Value of the Shares subject to such Options and/or SARs (either to the extent then exercisable or, at the discretion of the Designees or Committee, all Options and/or SARs being made fully exercisable for purposes of this Section 15.3) over the exercise price thereof.

Unless an Award Agreement explicitly provides otherwise, with respect to outstanding grants of Restricted Stock, Restricted Stock Units and/or Unrestricted Stock, the Designees or Committee or the Successor Board, shall either (i) make appropriate provisions for the continuation of such grants of Restricted Stock, Restricted Stock Units and/or Unrestricted Stock by substituting on an equitable basis for the Shares then subject to such Restricted Stock, Restricted Stock Units and/or Unrestricted Stock either the consideration payable with respect to the outstanding Shares of Common Stock in connection with the Corporate Transaction or securities of any successor or acquiring entity; or (ii) upon written notice to the Grantees, provide that all grants of Restricted Stock, Restricted Stock Units and/or Unrestricted Stock must be accepted (to the extent then subject to acceptance) within a specified number of days of the date of such notice, at the end of which period the offer of the Restricted Stock, Restricted Stock Units and/or Unrestricted Stock shall terminate; or (iii) terminate all grants of Restricted Stock, Restricted Stock Units and/or Unrestricted Stock in exchange for a cash payment equal to the excess of the Fair Market Value of the Shares subject to such Restricted Stock, Restricted Stock Units and/or Unrestricted Stock over the purchase price thereof, if any. In addition, in the event of a Corporate Transaction, the Administrator may waive any or all Company repurchase rights with respect to outstanding Restricted Stock and/or Restricted Stock Units.

15.4. Reorganization Which Does Not Constitute a Change in Control.

If the Company undergoes any reorganization, merger, or consolidation of the Company with one or more other entities which does not constitute a Change in Control, any Option or SAR theretofore granted pursuant to the Plan shall pertain to and apply to the securities to which a holder of the number of shares of Stock subject to such Option or SAR would have been entitled immediately following such reorganization, merger, or consolidation, with a corresponding proportionate adjustment of the Option Price or SAR Exercise Price per share so that the aggregate Option Price or SAR Exercise Price thereafter shall be the same as the aggregate Option Price or SAR Exercise Price of the shares remaining subject to the Option or SAR immediately prior to such reorganization, merger, or consolidation. Subject to any contrary language in an Award Agreement, any restrictions applicable to such Award shall apply as well to any replacement shares received by the Grantee as a result of the reorganization, merger or consolidation.

15.5. Adjustments.

Adjustments under this **Section 15** related to shares of Stock or securities of the Company shall be made by the Designees or Committee, whose determination in that respect shall be final, binding and conclusive. No fractional shares or other securities shall be issued pursuant to any such adjustment, and any fractions resulting from any such adjustment shall be eliminated in each case by rounding downward to the nearest whole share.

-28-

15.6. No Limitations on Company.

The making of Awards pursuant to the Plan shall not affect or limit in any way the right or power of the Company to make adjustments, reclassifications, reorganizations, or changes of its capital or business structure or to merge, consolidate, dissolve, or liquidate, or to sell or transfer all or any part of its business or assets.

16. GENERAL PROVISIONS

16.1. Disclaimer of Rights.

No provision in the Plan or in any Award Agreement shall be construed to confer upon any individual the right to remain in the employ or service of the Company or any Affiliate, or to interfere in any way with any contractual or other right or authority of the Company either to increase or decrease the compensation or other payments to any individual at any time, or to terminate any employment or other relationship between any individual and the Company. In addition, notwithstanding anything contained in the Plan to the contrary, unless otherwise stated in the applicable Award Agreement, no Award granted under the Plan shall be affected by any change of duties or position of the Grantee, so long as such Grantee continues to be a Service Provider, if applicable. The obligation of the Company to pay any benefits pursuant to this Plan shall be interpreted as a contractual obligation to pay only those amounts described herein, in the manner and under the conditions prescribed herein. The Plan shall in no way be interpreted to require the Company to transfer any amounts to a third party trustee or otherwise hold any amounts in trust or escrow for payment to any Grantee or beneficiary under the terms of the Plan.

16.2. Nonexclusivity of the Plan.

Neither the adoption of the Plan nor the submission of the Plan to the stockholders of the Company for approval shall be construed as creating any limitations upon the right and authority of the Board to adopt such other incentive compensation arrangements (which arrangements may be applicable either generally to a class or classes of individuals or specifically to a particular individual or particular individuals), including, without limitation, the granting of stock options as the Board in its discretion determines desirable.

16.3. Withholding Taxes.

The Company or an Affiliate, as the case may be, shall have the right to deduct from payments of any kind otherwise due to a Grantee any federal, state, or local taxes of any kind required by applicable laws, regulations or rules to be withheld (i) with respect to the vesting of or other lapse of restrictions applicable to an Award, (ii) upon the issuance of any shares of Stock upon the exercise of an Option, or (iii) pursuant to an Award. At the time of such vesting, lapse, or exercise, the Grantee shall pay to the Company or the Affiliate, as the case may be, any amount that the Company or the Affiliate may reasonably determine to be necessary to satisfy such withholding obligation. Subject to the prior approval of the Company or the Affiliate, which may be withheld by the Company or the Affiliate, as the case may be, in its sole discretion, the Grantee may elect to satisfy such obligations, in whole or in part, (i) by causing the Company or the Affiliate to withhold shares of Stock otherwise issuable to the Grantee or (ii) by delivering to the Company or the Affiliate shares of Stock already owned by the Grantee. The shares of Stock so delivered or withheld shall have an aggregate Fair Market Value equal to such withholding obligations. The Fair Market Value of the shares of Stock used to satisfy such withholding obligation shall be determined by the Company or the Affiliate as of the date that the amount of tax to be withheld is to be determined. A Grantee who has made an election pursuant to this **Section 16.3** may satisfy his or her withholding obligation only with shares of Stock that are not subject to any repurchase, forfeiture, unfulfilled vesting, or other similar requirements.

16.4. Captions.

The use of captions in this Plan or any Award Agreement is for the convenience of reference only and shall not affect the meaning of any provision of the Plan or any Award Agreement.

-29-

16.5. Other Provisions.

Each Award Agreement may contain such other terms and conditions not inconsistent with the Plan as may be determined by the Designees or Committee, in its sole discretion.

16.6. Number and Gender.

With respect to words used in this Plan, the singular form shall include the plural form, the masculine gender shall include the feminine gender, etc., as the context requires.

16.7. Severability.

If any provision of the Plan or any Award Agreement shall be determined to be illegal or unenforceable by any court of law in any jurisdiction, the remaining provisions hereof and thereof shall be severable and enforceable in accordance with their terms, and all provisions shall remain enforceable in any other jurisdiction.

16.8. Governing Law.

The validity and construction of this Plan and the instruments evidencing the Awards hereunder shall be governed by the laws of the State of Florida, USA, without regard to any choice of law principles thereof or of any other jurisdiction.

16.9. Section 409A.

16.9.1.

Short-Term Deferrals.

For each Award intended to comply with the short-term deferral exception provided for under Section 409A, the related Award Agreement shall provide that such Award shall be paid out by the later of (i) the 15th day of the third month following the Grantee's first taxable year in which the Award is no longer subject to a substantial risk of forfeiture or (ii) the 15th day of the third month following the end of the Company's first taxable year in which the Award is no longer subject to a substantial risk of forfeiture.

16.9.2.

Adjustments.

To the extent that the Board determines that a Grantee would be subject to the additional 20% tax imposed on certain deferred compensation arrangements pursuant to Section 409A as a result of any provision of any Award, to the extent permitted by Section 409A, such provision shall be deemed amended to the minimum extent necessary to avoid application of such additional tax. The Board shall determine the nature and scope of such amendment.

16.10. Stockholder Approval; Effective Date of Plan.

The Plan shall be effective upon its approval by the Board and stockholders. . No award that is intended to qualify as performance-based compensation within the meaning of section 162(m) of the Code shall be effective unless and until the Plan is approved by the stockholders of the Company.
