NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

(a) Organization and Business:

Plastron Acquisition Corp. II (the "Company") was incorporated in the state of Delaware on January 24, 2006 for the purpose of raising capital that is intended to be used in connection with its business plans which may include a possible merger, acquisition or other business combination with an operating business.

The Company is currently in the development stage as defined in SFAS No. 7. All activities of the Company to date relate to its organization, initial funding and share issuances.

Going Concern

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles, which contemplate continuation of the Company as a going concern. The Company has not begun generating revenue, is considered a development stage company, has experienced recurring net operating losses, had an accumulated deficit of (\$62,012) and had a working capital deficiency of (\$32,012) as of March 31, 2009. These factors raise substantial doubt about the Company's ability to continue as a going concern. Management plans to issue more shares of common stock in order to raise funds. These financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts, or amounts and classification of liabilities that might result from this uncertainty.

(b) Basis of Presentation:

The accompanying unaudited financial statements have been prepared in accordance with Securities and Exchange Commission requirements for financial statements. The financial statements should be read in conjunction with the Form 10-K for the year ended December 31, 2008 of the Company.

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States.

The financial information is unaudited. In the opinion of management, all adjustments (which include normal recurring adjustments) necessary to present fairly the financial position as of March 31, 2009 and the results of operations and cash flows presented herein have been included in the financial statements.

(c) Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the balance sheet and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS
(Unaudited)

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

(d) Cash and cash equivalents:

For purposes of the statement of cash flows, the Company considers highly liquid financial instruments purchased with a maturity of three months or less to be cash equivalents.

(e) Income taxes:

The Company adopted FASB Interpretation No. 48 ("FIN 48"), "Accounting for Uncertainty in Income Taxes", which clarifies the accounting for uncertainty in income taxes recognized in the financial statements in accordance with SFAS No. 109, "Accounting for Income Taxes." The Company utilizes the liability method of accounting for income taxes. Under the liability method deferred tax assets and liabilities are determined based on the differences between financial reporting basis and the tax basis of the assets and liabilities and are measured using enacted tax rates and laws that will be in effect, when the differences are expected to reverse. An allowance against deferred tax assets is recognized, when it is more likely than not, that such tax benefits will not be realized.

Any deferred tax benefit is considered immaterial and has been fully offset by a valuation allowance because at this time the Company believes that it is more likely than not that the future tax benefit will not be realized as the Company has no current operations.

(f) Loss per common share:

Basic loss per share is calculated using the weighted-average number of common shares outstanding during each reporting period. Diluted loss per share includes potentially dilutive securities such as outstanding options and warrants, using various methods such as the treasury stock or modified treasury stock method in the determination of dilutive shares outstanding during each reporting period. The Company does not have any potentially dilutive instruments.

(g) Fair value of financial instruments:

The carrying value of cash equivalents and accrued expenses approximates fair value due to the short period of time to maturity.

(h) New accounting pronouncements:

In March 2008, the FASB issued SFAS No. 161, “Disclosures about Derivative Instruments and Hedging Activities – an amendment of FASB Statement No. 133,” (SFAS “161”) as amended and interpreted, which requires enhanced disclosures about an entity’s derivative and hedging activities and thereby improves the transparency of financial reporting. Disclosing the fair values of derivative instruments and their gains and losses in a tabular format provides a more complete picture of the location in an entity’s financial statements of both the derivative positions existing at period end and the effect of using derivatives during the reporting period. Entities are required to provide enhanced disclosures about (a) how and why an entity uses derivative instruments, (b) how derivative instruments and related hedged items are accounted for under Statement 133 and its related interpretations, and (c) how derivative instruments and related hedged items affect an entity’s financial position, financial performance, and cash flows. SFAS No. 161 is effective for financial statements issued for fiscal years and interim periods beginning after November 15, 2008. The adoption of SFAS No. 161 did not have a material impact on our financial condition or results of operations.

In May 2008, the Financial Accounting Standards Board (“FASB”) issued SFAS No. 163, “Accounting for Financial Guarantee Insurance Contracts – An interpretation of FASB Statement No. 60”. SFAS 163 requires that an insurance enterprise recognize a claim liability prior to an event of default when there is evidence that credit deterioration has occurred in an insured financial obligation. It also clarifies how Statement 60 applies to financial guarantee insurance contracts, including the recognition and measurement to be used to account for premium revenue and claim liabilities, and requires expanded disclosures about financial guarantee insurance contracts. It is effective for financial statements issued for fiscal years beginning after December 15, 2008, except for some disclosures about the insurance enterprise’s risk-management activities. SFAS 163 requires that disclosures about the risk-management activities of the insurance enterprise be effective for the first period beginning after issuance. Except for those disclosures, earlier application is not permitted. The adoption of this statement did not have a material effect on the Company's financial position or results of operations.

NOTE 2 - NOTE PAYABLE – RELATED PARTY:

On March 9, 2007, the Company entered into a loan agreement with Broadband Capital Management, LLC (“BCM”), pursuant to which the Company agreed to repay \$12,500 on or before the earlier of (i) December 31, 2012 or (ii) the date that the Company (or a wholly owned subsidiary of the Company) consummates a merger or similar transaction with an operating business (the “Maturity Date”). BCM had previously advanced the \$12,500 on behalf of the Company. Interest shall accrue on the outstanding principal balance of this loan on the basis of a 360-day year daily from January 24, 2006, the effective date of the loan, until paid in full at the rate of four percent (4%) per annum. Clifford Chapman, our director, Michael Rapp, our President and director, and Philip Wagenheim, our Secretary and director, all serve as management of BCM, a registered broker-dealer.

NOTE 2 - NOTE PAYABLE – RELATED PARTY (Continued):

On April 15, 2008, Michael Rapp, the President and a director of the Company, Philip Wagenheim, the Secretary and a director of the Company, and Clifford Chapman, a director of the Company, loaned the Company \$5,000, \$3,000 and \$2,000, respectively. The Company issued promissory notes (each the “April 15 Note” and together, the “April 15 Notes”) to Messrs Rapp, Wagenheim and Chapman, pursuant to which the principal amounts thereunder shall accrue interest at an annual rate of 8.25%, and such principal and all accrued interest shall be due and payable on or before the earlier of (i) the fifth anniversary of the date of the Note or (ii) the date the Company consummates a business combination with a private company in a reverse merger or reverse takeover transaction or other transaction after which the company would cease to be a shell company.

On March 16, 2009, the Company entered into a loan agreement with Broadband Capital Management, LLC (“BCM”), pursuant to which the Company agreed to repay \$14,500 on or before the earlier of (i) March 16, 2014 or (ii) the date that the Company (or a wholly owned subsidiary of the Company) consummates a merger or similar transaction with an operating business (the “Maturity Date”). Interest shall accrue on the outstanding principal balance of this loan at an annual rate of 8.25%. Clifford Chapman, our director, Michael Rapp, our President and director, and Philip Wagenheim, our Secretary and director, all serve as management of BCM, a registered broker-dealer.

NOTE 3 - STOCKHOLDERS’ DEFICIT:

The Company is authorized by its Certificate of Incorporation to issue an aggregate of 85,000,000 shares of capital stock, of which 75,000,000 are shares of common stock, par value \$.0001 per share (the “Common Stock”) and 10,000,000 are shares of preferred stock, par value \$.0001 per share (the “Preferred Stock”). On March 1, 2006, the Company issued 1,000,000, 600,000, and 400,000 shares to Michael Rapp, Philip Wagenheim, and Clifford Chapman, respectively, for total cash consideration of \$30,000 or \$.015 per share. As of March 31, 2009, 2,000,000 shares of Common Stock were issued and outstanding.

All outstanding shares of Common Stock are of the same class and have equal rights and attributes. The holders of Common Stock are entitled to one vote per share on all matters submitted to a vote of stockholders of the Company. All stockholders are entitled to share equally in dividends, if any, as may be declared from time to time by the Board of Directors out of funds legally available. In the event of liquidation, the holders of Common Stock are entitled to share ratably in all assets remaining after payment of all liabilities. The stockholders do not have cumulative or preemptive rights.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

Forward Looking Statement Notice

Certain statements made in this Quarterly Report on Form 10-Q are "forward-looking statements" (within the meaning of the Private Securities Litigation Reform Act of 1995) in regard to the plans and objectives of management for future operations. Such statements involve known and unknown risks, uncertainties and other factors that may cause actual results, performance or achievements of Plastron Acquisition Corp. II ("we", "us", "our" or the "Company") to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. The forward-looking statements included herein are based on current expectations that involve numerous risks and uncertainties. The Company's plans and objectives are based, in part, on assumptions involving the continued expansion of business. Assumptions relating to the foregoing involve judgments with respect to, among other things, future economic, competitive and market conditions and future business decisions, all of which are difficult or impossible to predict accurately and many of which are beyond the control of the Company. Although the Company believes its assumptions underlying the forward-looking statements are reasonable, any of the assumptions could prove inaccurate and, therefore, there can be no assurance the forward-looking statements included in this Quarterly Report will prove to be accurate. In light of the significant uncertainties inherent in the forward-looking statements included herein, the inclusion of such information should not be regarded as a representation by the Company or any other person that the objectives and plans of the Company will be achieved.

Description of Business

The Company was incorporated in the State of Delaware on January 24, 2006 and maintains its principal executive office at c/o Clifford W. Chapman, Jr., 712 Fifth Avenue, New York, NY 10019. Since inception, the Company has been engaged in organizational efforts and obtaining initial financing. The Company was formed as a vehicle to pursue a business combination through the acquisition of, or merger with, an operating business. The Company filed a Registration Statement on Form 10-SB with the U.S. Securities and Exchange Commission (the "SEC") on May 15, 2007, and since its effectiveness, the Company has focused its efforts to identify a possible business combination.

The Company, based on proposed business activities, is a "blank check" company. The SEC defines those companies as "any development stage company that is issuing a penny stock, within the meaning of Section 3(a)(51) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and that has no specific business plan or purpose, or has indicated that its business plan is to merge with an unidentified company or companies." Many states have enacted statutes, rules and regulations limiting the sale of securities of "blank check" companies in their respective jurisdictions. The Company is also a "shell company," defined in Rule 12b-2 under the Exchange Act as a company with no or nominal assets (other than cash) and no or nominal operations. Management does not intend to undertake any efforts to cause a market to develop in our securities, either debt or equity, until we have successfully concluded a business combination. The Company intends to comply with the periodic reporting requirements of the Exchange Act for so long as we are subject to those requirements.

The Company was organized as a vehicle to investigate and, if such investigation warrants, acquire a target company or business seeking the perceived advantages of being a publicly held corporation. The Company's principal business objective for the next 12 months and beyond such time will be to achieve long-term growth potential through a combination with an operating business. The Company will not restrict its potential candidate target companies to any specific business, industry or geographical location and, thus, may acquire any type of business.

The Company currently does not engage in any business activities that provide cash flow. During the next twelve months we anticipate incurring costs related to:

- (i) filing Exchange Act reports, and

- (ii) investigating, analyzing and consummating an acquisition.

We believe we will be able to meet these costs through use of funds in our treasury, through deferral of fees by certain service providers and additional amounts, as necessary, to be loaned to or invested in us by our stockholders, management or other investors.

The Company may consider acquiring a business which has recently commenced operations, is a developing company in need of additional funds for expansion into new products or markets, is seeking to develop a new product or service, or is an established business which may be experiencing financial or operating difficulties and is in need of additional capital. In the alternative, a business combination may involve the acquisition of, or merger with, a company which does not need substantial additional capital but which desires to establish a public trading market for its shares while avoiding, among other things, the time delays, significant expense, and loss of voting control which may occur in a public offering.

Since our Registration Statement on Form 10-SB went effective, our management has had contact and discussions with representatives of other entities regarding a business combination with us. Any target business that is selected may be a financially unstable company or an entity in its early stages of development or growth, including entities without established records of sales or earnings. In that event, we will be subject to numerous risks inherent in the business and operations of financially unstable and early stage or potential emerging growth companies. In addition, we may effect a business combination with an entity in an industry characterized by a high level of risk, and, although our management will endeavor to evaluate the risks inherent in a particular target business, there can be no assurance that we will properly ascertain or assess all significant risks.

The Company anticipates that the selection of a business combination will be complex and extremely risky. Because of general economic conditions, rapid technological advances being made in some industries and shortages of available capital, our management believes that there are numerous firms seeking even the limited additional capital which we will have and/or the perceived benefits of becoming a publicly traded corporation. Such perceived benefits of becoming a publicly traded corporation include, among other things, facilitating or improving the terms on which additional equity financing may be obtained, providing liquidity for the principals of and investors in a business, creating a means for providing incentive stock options or similar benefits to key employees, and offering greater flexibility in structuring acquisitions, joint ventures and the like through the issuance of stock. Potentially available business combinations may occur in many different industries and at various stages of development, all of which will make the task of comparative investigation and analysis of such business opportunities extremely difficult and complex.

Liquidity and Capital Resources

As of March 31, 2009, the Company had assets equal to \$7,399, comprised exclusively of cash and cash equivalents. This compares with assets of \$582, comprised exclusively of cash and cash equivalents, as of December 31, 2008. The Company's current liabilities as of March 31, 2009 totaled \$39,411, comprised exclusively of notes payable and accrued interest. This compares to the Company's current liabilities as of December 31, 2008 of \$25,390, comprised exclusively of accounts payable, notes payable and accrued interest. The Company can provide no assurance that it can continue to satisfy its cash requirements for at least the next twelve months.

The following is a summary of the Company's cash flows provided by (used in) operating, investing, and financing activities for the three months ended March 31, 2009 and March 31, 2008 and for the cumulative period from January 24, 2006 (inception) to March 31, 2009:

	Three Months Ended March 31, 2009	Three Months Ended March 31, 2008	For the Cumulative Period from January 24, 2006 (Inception) to March 31, 2009
Net cash used in operating activities	\$ (7,683)	\$ (1,657)	\$ (59,601)
Net cash used in investing activities	-	-	-
Net cash provided by financing activities	14,500	-	67,000
Net increase in cash and cash equivalents	\$ 6,817	\$ (1,657)	\$ 7,399

The Company has nominal assets and has generated no revenues since inception. The Company is also dependent upon the receipt of capital investment or other financing to fund its ongoing operations and to execute its business plan of seeking a combination with a private operating company. In addition, the Company is dependent upon certain related parties to provide continued funding and capital resources. If continued funding and capital resources are unavailable at reasonable terms, the Company may not be able to implement its plan of operations.

Results of Operations

The Company has not conducted any active operations since inception, except for its efforts to locate suitable acquisition candidates. No revenue has been generated by the Company from January 24, 2006 (inception) to March 31, 2009. It is unlikely the Company will have any revenues unless it is able to effect an acquisition or merger with an operating company, of which there can be no assurance. It is management's assertion that these circumstances may hinder the Company's ability to continue as a going concern. The Company's plan of operation for the next twelve months shall be to continue its efforts to locate suitable acquisition candidates.

For the three months ended March 31, 2009, the Company had a net loss of \$(7,204), consisting of legal, accounting, audit and other professional service fees incurred in relation to the filing of the Company's Quarterly Report on Form 10-Q for the period ending March 31, 2009 and Annual Report on Form 10-K for the year ended December 31, 2008. This compares with a net loss of \$(2,856) for the three months ended March 31, 2008, respectively, consisting of legal, accounting, audit and other professional service fees incurred.

For the cumulative period from January 24, 2006 (inception) to March 31, 2009, the Company had a net loss of \$(62,012), consisting of legal, accounting, audit and other professional service fees incurred in relation to the formation of the Company, the filing of the Company's Registration Statement on Form 10-SB in November of 2005, the filing of the Company's Quarterly Reports on Form 10-QSB and Form 10-Q and the filing of the Company's Annual Reports on Form 10-KSB.

Off-Balance Sheet Arrangements

The Company does not have any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on the Company's financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that is material to investors.

Contractual Obligations

As a "smaller reporting company" as defined by Item 10 of Regulation S-K, the Company is not required to provide this information.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

As a “smaller reporting company” as defined by Item 10 of Regulation S-K, the Company is not required to provide this information.

Item 4T. Controls and Procedures.

Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our reports filed pursuant to the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules, regulations and related forms, and that such information is accumulated and communicated to our principal executive officer and principal financial officer, as appropriate, to allow timely decisions regarding required disclosure.

As of March 31, 2009, we carried out an evaluation, under the supervision and with the participation of our principal executive officer and our principal financial officer of the effectiveness of the design and operation of our disclosure controls and procedures. Based on this evaluation, our principal executive officer and our principal financial officer concluded that our disclosure controls and procedures were effective as of the end of the period covered by this report.

Changes in Internal Controls

There have been no changes in our internal controls over financial reporting during the quarter ended March 31, 2009 that have materially affected or are reasonably likely to materially affect our internal controls.

PART II — OTHER INFORMATION

Item 1. Legal Proceedings.

To the best knowledge of our officers and directors, the Company is not a party to any legal proceeding or litigation.

Item 1A. Risk Factors.

As a "smaller reporting company" as defined by Item 10 of Regulation S-K, the Company is not required to provide this information.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

None.

Item 3. Defaults Upon Senior Securities.

None.

Item 4. Submission of Matters to a Vote of Security Holders.

None.

Item 5. Other Information.

On March 16, 2009, the Company entered into a loan agreement with BCM in the amount of \$14,500. The Company issued a promissory note (the "Note") to BCM, pursuant to which the principal amounts thereunder shall accrue interest at an annual rate of 8.25%, and such principal and all accrued interest shall be due and payable on or before the earlier of (i) March 16, 2014 or (ii) the date the Company consummates a business combination with a private company in a reverse merger or reverse takeover transaction or other transaction after which the company would cease to be a shell

company (as defined in Rule 12b-2 under the Securities Exchange Act of 1934, as amended). Clifford Chapman, our director, Michael Rapp, our President and director, and Philip Wagenheim, our Secretary and director, all serve as management of BCM, a registered broker-dealer.

Under the Note, it shall be deemed an “Event of Default” if the Company shall: (i) fail to pay the entire principal amount of the Note when due and payable, (ii) admit in writing its inability to pay any of its monetary obligations under the Note, (iii) make a general assignment of its assets for the benefit of creditors, or (iv) allow any proceeding to be instituted by or against it seeking relief from or by creditors, including, without limitation, any bankruptcy proceedings. In the event that an Event of Default has occurred, the holder of the Note may, by notice to the Company, declare the entire Note to be immediately due and payable. In the event that an Event of Default consisting of a voluntary or involuntary bankruptcy filing has occurred, then the entire Note shall automatically become due and payable without any notice or other action by BCM. Commencing five days after the occurrence of any Event of Default, the interest rate on the Note shall accrue at the rate of 18% per annum.
