SECTION 1 - REGISTRANT'S BUSINESS AND OPERATIONS

ITEM 1.02 Termination of a Material Definitive Agreement

Following the consummation of the sale of its Australian Assets, as set forth in Item 2.01 herein, on July 13, 2009, Gastar Exploration Ltd. ("Gastar" or the "Company") repaid in full and thereby terminated its US\$25 million secured term loan dated February 16, 2009 (the "Credit Agreement"), as amended by the Waiver under Credit Agreement dated March 13, 2009 (the "Waiver," and together with the Credit Agreement, the "Term Loan") by and among the Company, Gastar Exploration USA, Inc., a wholly owned subsidiary of the Company ("Gastar USA"), certain other subsidiaries of the Company, Wayzata Investment Partners LLC ("Wayzata") as Administrative Agent and the lenders party thereto.

The Term Loan was set to mature on February 15, 2012. Pursuant to the terms and conditions of the Term Loan, the Company was required to pay a prepayment premium of 10% of the amount outstanding under the Term Loan in an amount totaling \$2.5 million for repayment prior to December 31, 2009.

The Term Loan contained various customary covenants, including restrictions on liens, restrictions on incurring other indebtedness without the lender's consent, restrictions on dividends and other restricted payments, and maintenance of various ratios. Amounts outstanding under the Term Loan were secured by a first priority lien on Gastar USA's and certain subsidiaries' primary oil and gas assets and certain other properties.

A copy of the Credit Agreement is filed as Exhibit 4.2 to the Company's Current Report on Form 8-K filed with the Securities and Exchange Commission (the "Commission") on February 20, 2009 and a copy of the Wavier is filed as Exhibit 10.32 to the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2008 filed with the Commission on March 16, 2009; each of the Credit Agreement and Waiver is incorporated herein by reference.

ITEM 2.01 Completion of Acquisition or Disposition of Assets

On July 13, 2009, Gastar Exploration New South Wales, Inc. ("GENSW") and Gastar USA, each wholly-owned subsidiaries of the Company, completed the previously announced sale of all of the Company's interest in Petroleum Exploration Licenses 238, 433, and 434 in New South Wales, Australia and the concurrent sale of the Company's common shares of Gastar Power Pty Ltd., a wholly owned subsidiary, ("Gastar Power"), the entity holding the Company's 35% interest in the Wilga Park Power Station (collectively, the "Australian Assets"), to Santos QNT Pty Ltd. and Santos International Holdings Pty Ltd. (collectively, "Santos"). The sale was made pursuant to a definitive agreement dated July 2, 2009 (the "Sale Agreement") by and among GENSW, Gastar USA and Santos.

The Australian Assets include the Company's 35% interest in PEL 238, a coal bed methane exploratory property covering approximately 2.2 million gross (761,400 net) acres, located in the Gunnedah Basin of New South Wales, as well as 1.9 million gross (664,000 net) acres in PEL 433 and approximately 1.9 million gross (669,000 net) acres in PEL 434. In February 2009, the Company, through its subsidiary Gastar Power, acquired a 35% interest in the Wilga Park Power Station.

At closing, Gastar received approximately US\$217 million (AU\$280 million, which includes the release from escrow of a US\$15 million deposit made by Santos upon the execution of the Sale Agreement and excludes taxes and transaction expenses) of the aggregate approximate US\$233 million (AU\$300 million) purchase price and is scheduled to receive the balance upon receipt of certain government approvals. In the event such governmental approvals are not obtained within nine months of the closing date, Santos will retain the remaining approximate US\$16 million (AU\$20 million) and will take all necessary actions to transfer the participating interests, excluding PEL 238, to GENSW. The Company may be paid, assuming current foreign exchange rates, an additional approximate US\$16 million (AU\$20 million) in early 2010 if certain gross reserve certification targets for the PEL 238 coalbed methane project are achieved by Santos and the operator of the properties, Eastern Star Gas. The Sale

Agreement also acknowledges the Company's retention of its right to future cash payments of up to US\$10 million pursuant to a pre-existing farm-in agreement in the event certain production thresholds are reached on PEL 238.

2

On July 13, 2009, the Company used approximately US\$27.5 million of the approximately US\$170.5 million (AU\$219 million) aggregate net proceeds from the sale of the Australian Assets to repay in full the Term Loan (as set forth under Item 1.02 herein) and to repay the US\$13 million outstanding on its secured revolving credit facility. With the remaining proceeds from the asset sale, the Company plans to repurchase all of its outstanding US\$100 million 12¾% Senior Secured Notes at a price of 106.375% of par in accordance with the terms of the governing Indenture and Supplemental Indenture thereto and the Asset Sale Offer Statement dated July 13, 2009 (each as defined in and as set forth under Item 8.01 herein). Successful redemption of the 12¾% Senior Secured Notes will result in the elimination of a majority of Gastar's currently outstanding debt, leaving the Company with only its US\$30 million convertible subordinated debentures due November 2009 and \$300,000 of subordinated unsecured notes that will mature during the third quarter of 2009.

There are no material relationships, other than in respect of the transaction, between Santos and the Company or any of its affiliates or any director or officer of the Company, or any associate of any such director or officer.

The unaudited pro forma financial statements with respect to the sale of the Australian Properties are set forth in Item 9.01(b) "Financial Statements and Exhibits – Pro Forma Financial Statements".

SECTION 7 – REGULATION FD

Item 7.01 Regulation FD Disclosure

On July 13, 2009, the Company issued a press release announcing the completion of the previously announced sale of all of the Australian Assets, as set forth in Item 2.01 herein. A copy of the press release is "furnished" solely pursuant to Item 7.01 of this report as Exhibit 99.1 and is incorporated herein by reference.

SECTION 8 - OTHER EVENTS

Item 8.01 Other Events

On July 13, 2009, Gastar USA launched an offer (the "Asset Sale Offer") to purchase any and all of its outstanding 12¾% Senior Secured Notes from the holders thereof (each, a "Holder" and collectively, the "Holders") upon the terms and subject to the conditions set forth in the Asset Sale Offer Statement, dated July 13, 2009 (as it may be amended or supplemented from time to time, the "Asset Sale Offer Statement"). The Asset Sale Offer Statement is in accordance with and the Asset Sale Offer is being made pursuant to the terms of the Indenture (the "Indenture") dated as of November 29, 2007, as amended by the Supplemental Indenture dated as of February 16, 2009 (the "Supplemental Indenture"), by and among the Company, Gastar USA, certain other subsidiaries of the Company and Wells Fargo Bank, National Association, as trustee (the "Trustee"), pursuant to which the 12¾% Senior Secured Notes were originally issued. Holders may tender their 12¾% Senior Secured Notes directly to Gastar USA or through the Depository Trust Company ("DTC"). All transfers effected through DTC will be coordinated by the Trustee. The Asset Sale Offer will expire at 4:00 P.M. Houston time on August 10, 2009 (the "Expiration Date"), unless extended by the Company and Gastar USA, in their sole discretion. Any extension or amendment will be followed promptly by public announcement thereof, the announcement in the case of an extension to be issued no later than 9:00 a.m., Houston time, on the next business day after the scheduled Expiration Date for the Asset Sale Offer.

The purpose of the Asset Sale Offer is to comply with the provisions of Section 2.4 of the Supplemental Indenture and Section 3.09 of the Indenture, whereby if the Company has uninvested Major Asset Sale Excess Proceeds (as defined therein) following the receipt of net proceeds from a sale of assets, the Company is required to offer to purchase the maximum principal amount of 12¾% Senior Secured Notes that may be purchased with such Major Asset Sale Excess Proceeds. As set forth under Item 2.01 herein, on July 13, 2009, Gastar USA received approximately US\$217 million of proceeds (excluding taxes and transaction expenses) from the sale of the Australian Assets. Accordingly, upon the terms and subject to the conditions provided in this Asset Sale Offer Statement, Gastar USA is offering to purchase

any and all of the outstanding 12³/₄% Senior Secured Notes in accordance with terms of this Asset Sale Offer Statement.

3

Upon the terms and subject to the conditions provided in the Asset Sale Offer Statement, Gastar USA is offering to purchase the 12¾% Senior Secured Notes at a purchase price (the “Purchase Price”) for each \$1,000 principal amount of 12¾% Senior Secured Notes tendered equal to \$1,063.75 (equaling 106.375% of their principal amounts) plus accrued and unpaid interest and additional interest, if any, (the “Accrued Interest”) to the Asset Sale Offer Purchase Date (defined below). Any 12¾% Senior Secured Notes not tendered or accepted for payment in accordance with the terms of the Asset Sale Offer will continue to accrete and accrue interest and additional interest, if any, after the Asset Sale Offer Purchase Date.

For each Holder’s tender of 12¾% Senior Secured Notes, payment of the Purchase Price for such 12¾% Senior Secured Notes validly tendered and accepted for purchase shall be made on the earlier of (i) the date immediately following the date on which Gastar USA accepts such 12¾% Senior Secured Notes directly tendered to Gastar USA, and (ii) August 13, 2009 (such payment date being the “Asset Sale Offer Purchase Date”). Such payment shall be made by the direct payment of the Purchase Price and the Accrued Interest payable to each tendering Holder in immediately available funds by Gastar USA promptly on the Asset Sale Offer Purchase Date in the event a Holder tenders its 12¾% Senior Secured Notes directly to Gastar USA or by the deposit of such Purchase Price and Accrued Interest with the Trustee in the event a Holder tenders its 12¾% Senior Secured Notes through DTC. In the event a Holder tenders its 12¾% Senior Secured Notes through DTC, the Trustee will act as agent for such tendering Holders for the purpose of receiving payment from Gastar USA and transmitting such payment to such tendering Holders. Any 12¾% Senior Secured Notes tendered and repaid will be immediately cancelled by the Trustee, thereby reducing the aggregate principal amount of 12¾% Senior Secured Notes outstanding.

Forward-Looking Statements

This Current Report on Form 8-K includes “forward looking statements” within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Act of 1934. A statement identified by the words “expects”, “projects”, “plans”, and certain of the other foregoing statements may be deemed forward-looking statements. Although Gastar believes that the expectations reflected in such forward-looking statements are reasonable, these statements involve risks and uncertainties that may cause actual future activities and results to be materially different from those suggested or described in this news release. These include risks related to unexpected adverse developments in the status of the properties, the absence or delay in receipt of government approvals or third party consents, or an unanticipated need for using a portion of net cash proceeds from the announced transaction.

1. Basis of Presentation

The accompanying unaudited pro forma consolidated balance sheet and statements of operations present the pro forma effects of the sale of all of the Company's interest in Petroleum Exploration Licenses 238, 433, and 434 in New South Wales, Australia and the concurrent sale of the Company's common shares of Gastar Power Pty Ltd., a wholly owned subsidiary, ("Gastar Power"), the entity holding the Company's 35% interest in the Wilga Park Power Station (collectively, the "Australian Assets"), and early retirement of certain debt and related transactions.
