Notes to Unaudited Condensed Consolidated Financial Statements

Note 1 - Basis of Presentation

The accompanying condensed consolidated financial statements are unaudited but in the opinion of management contain all the adjustments (consisting of those of a normal recurring nature) considered necessary to present fairly the consolidated financial position and the consolidated results of operations and consolidated cash flows for the periods presented in conformity with generally accepted accounting principles for interim consolidated financial information and the instructions to Form 10-Q and Article 8 of Regulation S-X. Accordingly, they do not include all the information and footnotes required by accounting principles generally accepted in the United States of America. Operating results for the three and nine months ended September 30, 2012 are not necessarily indicative of the results that may be expected for the fiscal year ending December 31, 2012. It is suggested that these condensed consolidated financial statements be read in conjunction with the consolidated financial statements and notes thereto included in the Company's annual report on Form 10-K for the fiscal year ended December 31, 2011.

Principles of consolidation and nature of operations:

The condensed consolidated financial statements include the accounts of CTI Industries Corporation and its wholly-owned subsidiaries, CTI Balloons Limited, CTI Helium, Inc. and CTF International S.A. de C.V., its majority-owned subsidiaries CTI Mexico S.A. de C.V., Flexo Universal, S.A. de C.V. and CTI Europe gmbH, as well as the accounts of Venture Leasing S. A. de R. L. and Venture Leasing L.L.C (the "Company"). The last two entities have been consolidated as variable interest entities. All significant intercompany transactions and accounts have been eliminated in consolidation. The Company (i) designs, manufactures and distributes balloon products throughout the world and (ii) operates systems for the production, lamination, coating and printing of films used for food packaging and other commercial uses and for conversion of films to flexible packaging containers and other products.

Variable Interest Entities ("VIE's"):

The determination of whether or not to consolidate a variable interest entity under U.S. GAAP requires a significant amount of judgment concerning the degree of control over an entity by its holders of variable interest. To make these judgments, management has conducted an analysis of the relationship of the holders of variable interest to each other, the design of the entity, the expected operations of the entity, which holder of variable interests is most "closely associated" to the entity and which holder of variable interests is the primary beneficiary required to consolidate the entity. Upon the occurrence of certain events, management reviews and reconsiders its previous conclusion regarding

the status of an entity as a variable interest entity. Upon the adoption of amended accounting guidance applicable to variable interest entities on January 1, 2010, management continually reconsiders whether the Company is deemed to be a variable interest entity's primary beneficiary who consolidates such entity. There are two entities that have been consolidated as variable interest entities.

Use of estimates:

In preparing condensed consolidated financial statements in conformity with accounting principles generally accepted in the United States of America, management makes estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the condensed consolidated financial statements and the reported amount of revenue and expenses during the reporting period in the condensed consolidated financial statements and accompanying notes. Actual results may differ from those estimates. The Company's significant estimates include reserves for doubtful accounts, reserves for the lower of cost or market of inventory, reserves for deferred tax assets and recovery value of goodwill.

Earnings per share:

Basic earnings per share is computed by dividing net income by the weighted average number of shares of common stock outstanding during each period.

Diluted earnings per share is computed by dividing the net income by the weighted average number of shares of common stock and equivalents (stock options and warrants), unless anti-dilutive, during each period.

As of September 30, 2012 and 2011, shares to be issued upon the exercise of options and warrants aggregated 267,000 and 205,000, respectively. The number of anti-dilutive shares (not included in the determination of earnings on a diluted basis) for the three and nine months ended September 30, 2012, was 80,500, all of which were represented by options. The number of anti-dilutive shares for the three and nine months ended September 30, 2011, were 124,000 and 81,500, respectively, all of which were represented by options.

New Accounting Pronouncements:

The Company's significant accounting policies are summarized in Note 2 of the Company's consolidated financial statements for the year ended December 31, 2011. There were no significant changes to these accounting policies during the three and nine months ended September 30, 2012.

Note 2 - Stock-Based Compensation; Changes in Equity

The Company has adopted Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 718 which requires all share-based payments to employees, including grants of employee stock options, to be recognized in the condensed consolidated financial statements based on their grant-date fair values.

The Company has applied the Black-Scholes model to value stock-based awards and recently issued warrants related to notes. That model incorporates various assumptions in the valuation of stock-based awards relating to the risk-free rate of interest to be applied, the estimated dividend yield and expected volatility of our common stock. The risk-free rate of interest is the related U.S. Treasury yield curve for periods within the expected term of the option at the time of grant. The dividend yield on our common stock is estimated to be 1.14%. The expected volatility is based on historical volatility of the Company’s common stock.

The Company, at the discretion of the board, may issue options in excess of the total available, if options related to that stock plan are cancelled. In some cases, not all shares that are available to a stock plan are issued, as the Company is unable to issue options to a previous plan when a new plan is in place.

The Company's net income for the three months ended September 30, 2012 and 2011 includes approximately \$22,000 and \$34,000, respectively of compensation costs related to share based payments. The Company's net income for the nine months ended September 30, 2012 and 2011 includes approximately \$66,000 and \$104,000, respectively of compensation costs related to share based payments. As of September 30, 2012 there is \$131,000 of unrecognized compensation expense related to non-vested stock option grants and stock grants. We expect approximately \$22,000 of additional stock-based compensation expense to be recognized over the remainder of 2012, \$59,000 to be recognized during 2013, and \$41,000 to be recognized during 2014, and \$9,000 to be recognized during 2015.

As of September 30, 2012, the Company had four stock-based compensation plans pursuant to which stock options were, or may be, granted. The Plans provide for the award of options, which may either be incentive stock options ("ISOs") within the meaning of Section 422A of the Internal Revenue Code of 1986, as amended (the "Code") or non-qualified options ("NQOs") which are not subject to special tax treatment under the Code as well as for stock grants.

On April 12, 2001, the Board of Directors approved for adoption, effective December 27, 2001, the 2001 Stock Option Plan ("2001 Plan"). The 2001 Plan authorizes the grant of options to purchase up to an aggregate of 119,050, shares of the Company's Common Stock. As of September 30, 2012, 139,958 shares (including cancelled shares re-issued under the Plan) have been granted and were fully vested at the time of grant and 4,500 remain outstanding. During the third quarter 2012, 3,000 options were exercised.

On April 24, 2002, the Board of Directors approved for adoption, effective October 12, 2002, the 2002 Stock Option Plan ("2002 Plan"). The 2002 Plan authorizes the grant of options to purchase up to an aggregate of 142,860 shares of the Company's Common Stock. As of September 30, 2012, 123,430 shares have been granted and were fully vested at the time of grant and 27,500 remain outstanding.

On April 30, 2007, the Board of Directors approved for adoption, effective October 1, 2007, the 2007 Stock Option Plan ("2007 Plan"). The 2007 Plan authorizes the grant of options to purchase up to an aggregate of 150,000 shares of the Company's Common Stock. As of September 30, 2012, 165,750 options (including cancelled shares re-issued under the Plan) had been granted and 14,500 remain outstanding. During the third quarter 2012, 2,500 options were expired and 15,500 options were exercised.

On April 10, 2009, the Board of Directors approved for adoption, and on June 5, 2009, the shareholders of the Corporation approved, a 2009 Stock Incentive Plan ("2009 Plan"). The 2009 Plan authorizes the issuance of up to 250,000 shares of stock or options to purchase stock of the Company. As of September 30, 2012, 82,000 options had been granted and 80,500 remain outstanding.

A summary of the Company's stock option activity and related information is as follows:

Exercisable at September 30, 2012	51,875	\$ 2.89	2.40	\$ 108,423

On July 17, 2012, the Company entered into a Note and Warrant Purchase Agreement with BMO Equity pursuant to which (i) BMO Equity advanced to the Company the sum of \$5 million and (ii) the Company issued to BMO Equity a warrant to purchase up to Four Percent (4%) of the outstanding shares of common stock of the Company on a fully-diluted basis (140,048 shares of common stock of the Company) at the price of One Cent (\$0.01) per share. The term of the loan provided for in this Agreement is five and a half years. Interest is payable on the outstanding balance of the loan at the rate of 11.5% per annum.

Note 7 - Concentration of Credit Risk

Concentration of credit risk with respect to trade accounts receivable is generally limited due to the number of entities comprising the Company's customer base. The Company performs ongoing credit evaluations and provides an allowance for potential credit losses against the portion of accounts receivable which is estimated to be uncollectible. Such losses have historically been within management's expectations. During the nine months ended September 30, 2012, there was one customer whose purchases represented more than 10% of the Company's consolidated net sales. During the nine months ended September 30, 2011, there were two customers whose purchases represented more than 10% of the Company's consolidated net sales. Sales to the top customers for the three and nine months ended September 30, 2012 and 2011 are as follows:

Customer	Three Months Ended September 30, 2012		Three Months Ended September 30, 2011	
	Net Sales	% of Net Sales	Net Sales	% of Net Sales
Customer A	2,251,000	19.1%	2,839,000	24.2%
Customer B	1,478,000	12.5%	1,204,000	10.3%
Customer C	886,000	7.5%	1,640,000	14.0%

Customer	Nine Months Ended September 30, 2012		Nine Months Ended September 30, 2011	
	Net Sales	% of Net Sales	Net Sales	% of Net Sales
Customer A	9,586,000	25.6%	10,272,000	28.2%
Customer B	3,341,000	8.9%	4,836,000	13.3%

As of September 30, 2012, the total amount owed to the Company by our two largest customers was \$1,467,000 or 20.0% and \$204,000 or 2.8% of the Company's consolidated accounts receivables, respectively. The amounts owed at September 30, 2011 by the largest customers were \$1,552,000 or 21.4% and \$1,082,000 or 14.9% of the Company's consolidated net accounts receivables, respectively. There was nothing owed to the Company by the third customer as of September 30, 2011.

Note 8 - Related Party Transactions

Stephen M. Merrick, President and Chief Financial Officer of the Company, is of counsel to the law firm of Vanasco Genelly and Miller PC which provides legal services to the Company. Legal fees paid by the Company with this firm for the three months ended September 30, 2012 and 2011, respectively, were \$52,000 and \$14,000. During the nine months ended September 30, 2012 and 2011 these interest payments totaled \$66,000 and \$86,000, respectively.

On July 1, 2011, Flexo Universal, S.A. de C.V. ("Flexo") entered into a lease agreement with Venture Leasing S.A. de R.L. ("Venture Leasing Mexico") for the lease of balloon production equipment financed and owned by Venture Leasing Mexico and used by Flexo for the production of latex balloons. Venture Leasing Mexico is wholly owned by entities owned by John H. Schwan, Chief Executive Officer and Chairman of the Company and Stephen M. Merrick, President and Chief Financial Officer of the Company. Venture Leasing Mexico and Venture Leasing L.L.C., also owned by entities owned by Mr. Schwan and Mr. Merrick, are deemed variable interest entities and are consolidated with the accounts of the Company. During the three and nine months ended September 30, 2012, Flexo made lease payments to Venture Leasing Mexico totaling \$36,000 and \$72,000, respectively.

Note 9 - Derivative Instruments; Fair Value

The following table represents information about the Company's assets and liabilities measured at fair value on a recurring basis as of September 30, 2012, and indicate the fair value hierarchy of the valuation techniques utilized by the Company to determine such fair value:

Description	Amount as of 9/30/2012	Level 1	Level 2	Level 3
Interest Rate Swap	\$ 142,000	\$ -	\$ 142,000	\$ -
	\$ 142,000	\$ -	\$ 142,000	\$ -

Interest Rate Swap	\$ 158,000	\$ -	\$ 158,000	\$ -
	\$ 158,000	\$ -	\$ 158,000	\$ -

The Company is exposed to certain market risks including the effect of changes in interest rates. The Company uses derivative instruments to manage financial exposures that occur in the normal course of business. It does not hold or issue derivatives for speculative trading purposes. The Company is exposed to non-performance risk from the counterparties in its derivative instruments. This risk would be limited to any unrealized gains on current positions. To help mitigate this risk, the Company transacts only with counterparties that are rated as investment grade or higher and all counterparties are monitored on a continuous basis. The fair value of the Company's derivatives reflects this credit risk.

On July 1, 2011, we entered into a swap agreement with BMO Capital Markets with respect to \$6,780,000 of our loan balances with Harris. This swap agreement limits the Company's exposure to interest rate fluctuations on the Company's floating rate loans. The swap agreement has the effect of fixing the interest rate on the loan balances covered by the swap at 4.65% per annum. The swap agreement is a derivative financial instrument and we determine and record the fair market value of the swap agreement each quarter. The value is recorded on the balance sheet of the Company and the amount of the unrealized gain or loss for each period is recorded as interest income or expense.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Forward Looking Statements

This quarterly report includes both historical and “forward-looking statements” within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended. We have based these forward-looking statements on our current expectations and projections about future results. Words such as “may,” “should,” “could,” “would,” “expect,” “plan,” “anticipate,” “believe,” “estimate,” “predict,” “potential,” “continue,” or similar words are intended to identify forward-looking statements, although not all forward-looking statements contain these words. Although we believe that our opinions and expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements, and our actual results may differ substantially from the views and expectations set forth in this quarterly report on Form 10-Q. We disclaim any intent or obligation to update any forward-looking statements after the date of this quarterly report to conform such statements to actual results or to changes in our opinions or expectations.

Overview

We produce film products for novelty, packaging and container applications. These products include metalized balloons, latex balloons and related latex toy products, films for packaging and custom product applications, and flexible containers for packaging and consumer storage applications. We produce all of our film products for packaging and container applications at our plant in Lake Barrington, Illinois. We produce all of our latex balloons and latex products at our facility in Guadalajara, Mexico. Substantially all of our film products for packaging and custom product applications are sold to customers in the United States. We market and sell our novelty items and flexible containers for consumer use in the United States, Mexico, Latin America, and Europe.

Results of Operations

Net Sales. For the three months ended September 30, 2012, net sales were \$11,786,000 compared to net sales of \$11,731,000 for the same period of 2011, an increase of 0.5%. For the quarters ended September 30, 2012 and 2011, net sales by product category were as follows:

Metalized Balloons. During the three months ended September 30, 2012 revenues from the sale of metalized balloons decreased by 1.9% compared to the prior year period from \$4,173,000 to \$4,092,000. During the nine months ended September 30, 2012 revenues from the sale of metalized balloons increased by 2.5% compared to the prior year period from \$16,150,000 to \$16,557,000. During the nine months ended September 30, 2012 sales of metalized balloons sales to our largest customer decreased to \$9,219,000 from \$9,984,000, while sales of metalized balloons to other customers increased in this period. For the nine months ended September 30, 2012, sales of metalized balloons to other customers were \$7,338,000 compared to \$6,166,000 for the same period last year. These included sales to customers in the United States, Mexico, the United Kingdom and Europe.

Pouches. During the three months ended September 30, 2012 revenues from the sale of pouches increased by 49.5% compared to the prior year period from \$2,424,000 to \$3,625,000. During the nine months ended September 30, 2012 revenues from the sale of pouches increased by 15.2% compared to the prior year period from \$6,284,000 to \$7,237,000. Virtually all of our pouch sales in 2011 and 2012 have been of vacuumable pouches in two categories: (i) zippered pouches and (ii) open-top pouches or rolls. For the three and nine months ended 2012 and 2011, sales of pouch products in these categories have been as follows:

	Three Months Ended		Nine Months Ended

Most of our sales of zippered pouches have been of branded products to a principal customer, although we have had limited sales of our ZipVac® pouch line as well.

During 2010, we introduced a line of open-top pouches and rolls for use with existing vacuum sealing machines which we have sold under the ZipVac® label as well as on a private label basis.

In December, 2011, we entered into a Trademark License Agreement with S.C. Johnson & Son, Inc. pursuant to which we received a license to market and sell vacuum sealing machines as well as pouches and rolls of film for use with those machines, under the Ziploc brand name. In the first quarter 2012, we introduced and began to market and sell that branded line of vacuum sealing machines and associated open-top bags and rolls. During the third quarter, sales of this branded line of products increased significantly as we began to install the product line in a number of retail outlets. As of September 30, 2012, we had installed this line of products for sale in approximately 2,700 stores throughout the United States.

As the chart indicates, our sales of open-top pouches and rolls increased from just over \$1 million in the third quarter 2011 to more than \$2 million in the third quarter this year. These sales amounts for the third quarter 2012 include sales of vacuum sealing machines as well as of the open-top pouches and rolls. Also, while most of the sales shown for the third quarter 2012 relate to sales of our branded line, they also include some sales of our Universal or private label lines of pouches.

Latex Balloons. During the three months ended September 30, 2012 revenues from the sale of latex balloons decreased by 10.8% compared to the prior year period from \$2,961,000 to \$2,641,000. During the nine months ended September 30, 2012 revenues from the sale of latex balloons increased by 5.8% compared to the prior year period from \$7,782,000 to \$8,232,000. The decrease in the third quarter 2012 is attributable to a decline in the value of the peso and a slight decrease in sales in Mexico by Flexo Universal, our subsidiary there. The increase for the nine months ended September 30, 2012, is attributable to increased sales in Mexico as well as increased sales to various customers in the United States.

Films. During the three months ended September 30, 2012 revenues from the sale of laminated film products decreased by 45.8% compared to the prior year period from \$1,907,000 to \$1,033,000. During the nine months ended September 30, 2012 revenues from the sale of laminated film products decreased by 26.3% compared to the prior year period from \$5,258,000 to \$3,876,000. The decrease is attributable to a decrease in sales to a principal customer. Approximately 86.2% of the sales of laminated film products during the nine months ended September 30, 2012 were to a principal customer.

Edgar Filing: CTI INDUSTRIES CORP - Form 10-Q

Sales to a limited number of customers continue to represent a large percentage of our net sales. The table below illustrates the impact on sales of our top three and ten customers for the three and nine months ended September 30, 2012 and 2011.

	Three Months Ended September 30, % of Sales		Nine Months Ended September 30, % of Sales	
	2012	2011	2012	2011
Top 3 Customers	39.2%	48.4%	43.1%	50.9%
Top 10 Customers	67.1%	72.7%	63.8%	70.9%

During the three months ended September 30, 2012, there were two customers whose purchases represented more than 10% of the Company's consolidated net sales. Sales to these customers for the three months ended September 30, 2012 were \$2,251,000 or 19.1%, and \$1,478,000 or 12.5% of consolidated net sales, respectively. Sales to the top three customers in the same period of 2011 were \$2,839,000 or 24.2%, \$1,204,000 or 10.3%, and \$1,640,000 or 14.0% of consolidated net sales, respectively. During the nine months ended September 30, 2012, there was one customer whose purchases represented more than 10% of the Company's consolidated net sales. Sales to this customer for the nine months ended September 30, 2012 were \$9,586,000 or 25.6% of consolidated net sales. Sales to the top two customers in the same period of 2011 were \$10,272,000 or 28.2% and \$4,836,000 or 13.3% of consolidated net sales, respectively. As of September 30, 2012, the total amount owed to the Company by our two largest customers were \$1,467,000 or 20.0% and \$204,000 or 2.8% of the Company's consolidated net accounts receivables, respectively. The amounts owed at September 30, 2011 by our two largest customers were \$1,552,000 or 21.4%, and \$1,082,000 or 14.9% of the Company's consolidated net accounts receivables, respectively.

Cost of Sales. During the three months ended September 30, 2012, the cost of sales represented 77.3% of net sales compared to 80.7% for the three months ended September 30, 2011. During the nine months ended September 30, 2012, the cost of sales represented 78.3% of net sales compared to 81.3% for the nine months ended September 30, 2011. During the nine months ended September 30, 2012, cost of sales declined compared to the same period last year as the result of several factors including: (i) moderation in the cost of certain raw materials, particularly latex, (ii) increases in the selling prices of certain of our products and (iii) a shift in the mix of products sold to products having higher margin.

General and Administrative. During the three months ended September 30, 2012, general and administrative expenses were \$1,570,000 or 13.3% of net sales, compared to \$1,295,000 or 11.0% of net sales for the same period in 2011. During the nine months ended September 30, 2012, general and administrative expenses were \$4,441,000 or 11.9% of net sales, compared to \$3,975,000 or 10.9% of net sales for the same period in 2011. The increase in general and administrative expenses is attributable to (i) an increase in salary expense of \$116,000, (ii) an increase in consulting expense of \$58,000, and (iii) an increase in legal expense of \$65,000.

Selling. During the three months ended September 30, 2012, selling expenses were \$483,000 or 4.1% of net sales, compared to \$234,000 or 2.0% of net sales for the same period in 2011. During the nine months ended September 30, 2012, selling expenses were \$1,305,000 or 3.5% of net sales, compared to \$655,000 or 1.8% of net sales for the same period in 2011. The increase in selling expenses is attributable principally to (i) an increase in salary expense of \$152,000, (ii) an increase in travel expenses of \$75,000, (iii) an increase in outside services of \$305,000, (iv) an increase in engineering and testing services related to the vacuum sealer machines of \$67,000 and (v) an increase in royalty expenses of \$63,000.

Advertising and Marketing. During the three months ended September 30, 2012, advertising and marketing expenses were \$350,000 or 3.0% of net sales for the period, compared to \$417,000 or 3.6% of net sales for the same period of 2011. During the nine months ended September 30, 2012, advertising and marketing expenses were \$1,249,000 or 3.3% of net sales for the period, compared to \$1,109,000 or 3.0% of net sales for the same period of 2011. The increase in advertising and marketing expense is attributable to (i) an increase in commission expense of \$110,000 and (ii) an increase in artwork and films for creative designs of \$65,000.

Other Income (Expense). During the three months ended September 30, 2012, the Company incurred net interest expense of \$265,000, compared to net interest expense during the same period of 2011 in the amount of \$319,000. During the nine months ended September 30, 2012, the Company incurred net interest expense of \$613,000, compared to net interest expense during the same period of 2011 in the amount of \$602,000.

For the three months ended September 30, 2012, the Company had a foreign currency transaction gain of \$5,000 compared to a foreign currency transaction gain of \$9,000 during the same period of 2011. For the nine months ended September 30, 2012, the Company had a foreign currency transaction gain of \$13,000 compared to a foreign currency transaction gain of \$35,000 during the same period of 2011.

Income Taxes. For the three months ended September 30, 2012, the Company reported a consolidated income tax expense of \$1,000, compared to a consolidated income tax expense of \$13,000 for the same period of 2011. For the nine months ended September 30, 2012, the Company reported a consolidated income tax expense of \$204,000, compared to a consolidated income tax expense of \$254,000 for the same period of 2011. For the three and nine months ended September 30, 2012, this income tax provision was composed of provisions for United States income tax on the Company, income tax in Mexico of Flexo Universal, our Mexican subsidiary, income tax in the United Kingdom of CTI Balloons Limited, our United Kingdom subsidiary, and income tax in Germany of CTI Europe, our Germany subsidiary.

Net Income. For the three months ended September 30, 2012, the Company had net income of \$6,000 or \$0.00 per share (basic and diluted), compared to net income of \$18,000 for the same period of 2011 or \$0.01 per share (basic and diluted). For the nine months ended September 30, 2012, the Company had net income of \$317,000 or \$0.10 per share (basic and diluted), compared to net income of \$329,000 for the same period of 2011 or \$0.10 per share (basic and diluted).

Financial Condition, Liquidity and Capital Resources

Cash Flow Items.

Operating Activities. During the nine months ended September 30, 2012, net cash used in operations was \$2,151,000, compared to net cash used in operations during the nine months ended September 30, 2011 of \$244,000.

Significant changes in working capital items during the nine months ended September 30, 2012 consisted of (i) an increase in accounts receivable of \$52,000, (ii) an increase in inventories of \$1,676,000, (iii) depreciation and amortization in the amount of \$1,261,000 (iv) a decrease in trade payables of \$1,952,000 and (v) an increase in prepaid expenses and other assets of \$190,000.

Investing Activity. During the nine months ended September 30, 2012, cash used in investing activity for the purchase or improvement of equipment was \$760,000, compared to \$796,000 in the same period of 2011. Substantially all of

this expense is related to equipment maintenance and upgrades, tooling and related expense.

Financing Activities. During the nine months ended September 30, 2012, cash provided by financing activities was \$2,917,000 compared to cash provided by financing activities for the same period of 2011 in the amount of \$712,000. During the nine months ended September 30, 2012, financing activities included proceeds from issuance of long-term debt of \$5,000,000, payment of \$696,000 on long-term debt obligations, and a reduction of \$1,901,000 on the revolving line of credit.

Liquidity and Capital Resources. At September 30, 2012, the Company had cash balances of \$364,000 compared to cash balances of \$438,000 for the same period in 2011 and there was \$3,383,000 available to advance under the Company's revolving line of credit.

At September 30, 2012, the Company had a working capital balance of \$10,959,000 compared to a working capital balance of \$5,612,000 at December 31, 2011.

The Company's liquidity is dependent significantly on its bank financing and the Company relies on its revolving line of credit to maintain liquidity. On April 29, 2010, the Company entered into a Credit Agreement with Harris N.A. ("Harris") replacing and paying off the Company's credit line with RBS Citizens N.A. (formerly Charter One Bank). Under the Credit Agreement, Harris agreed to provide loans and credits to the Company in the aggregate maximum amount of \$14,417,000. The arrangement includes:

- i. A revolving credit up to a maximum amount of \$9,000,000 based upon a borrowing base of 85% of eligible receivables and 60% of eligible inventory (up to a maximum of \$5,000,000);
- ii. A mortgage loan in the principal amount of \$2,333,350, amortized over 25 years, the principal balance due on April 29, 2013;
- iii. A term loan in the principal amount of \$583,333 maturing in monthly principal installments of \$58,333; and
- iv. An equipment loan commitment in the amount of up to \$2,500,000 providing for loan advances from time to time until April 29, 2012 based upon 100% of the purchase price of equipment purchased, the loans to be amortized on a five year basis commencing April 29, 2012, the balance due on April 29, 2013.

The Credit Agreement includes various representations, warranties and covenants of the Company, including various financial covenants.

In connection with the Credit Agreement, the Company executed and delivered to Harris, a Term Loan Note, a Mortgage Loan Note, an Equipment Note and a Revolving Note, as well as a form of Mortgage, Security Agreement, Pledge Agreement (pursuant to which shares of capital stock of the Registrant's Mexico subsidiary were pledged as security for the loans), Patent Security Agreement and Trademark Security Agreement. Two officers and principal shareholders of the Company, John H. Schwan and Stephen M. Merrick each executed Limited Guaranties of the loans and also executed Subordination Agreements with respect to obligations of the Company to them.

On April 29, 2010, Harris advanced a total of \$11,963,518 under these loans on behalf of the Company for the pay-off of all outstanding loan and lease financing balances of the Company to RBS Citizens N.A. and RBS Asset Finance.

Under the terms of the Credit Agreement, in order to obtain advances under the revolving line of credit and the equipment loan, the Company is required to meet various financial covenants including a senior leverage ratio, fixed charge coverage ratio and tangible net worth. As of September 30, 2012, we were in compliance with these covenants.

The Credit Agreement provides that the outstanding balance of all loans under the agreement will bear interest with reference to a base rate or, at the option of the Company, with reference to an adjusted LIBOR. At September 30, 2012, the effective rate on the outstanding loan balances was 4.0%.

As of September 30, 2012, the outstanding balances on the loans with Harris were: (i) revolving line of credit, \$5,260,000, (ii) mortgage loan, \$2,108,000, and (iii) equipment loan, \$1,205,000.

On July 1, 2011, we entered into a swap agreement with BMO Capital Markets with respect to \$6,780,000 of our loan balances with Harris. This swap agreement is designated as a cash flow hedge to hedge the Company's exposure to interest rate fluctuations on the Company's floating rate loans. The swap agreement has the effect of fixing the interest rate on the loan balances covered by the swap at 4.65% per annum. The swap agreement is a derivative financial instrument and we will determine and record the fair market value of the swap agreement each quarter. This value will be recorded on the balance sheet of the Company and the amount of the unrealized gain or loss for each period will be recorded as interest income or expense.

On July 17, 2012, the Company entered into Amendment Number 3 to the Credit Agreement among the Company and BMO Harris Bank N.A. ("BMO Harris") pursuant to which (i) the amount of the loan commitment on the revolver loan of BMO Harris was increased from \$9 million to \$12 million, (ii) BMO Harris consented to a transaction among the Company and BMO Private Equity (U.S.), Inc. ("BMO Equity") and (iii) the term of credit and loans to the Company provided in the Credit Agreement and BMO Harris was extended to July 17, 2017.

Also, on July 17, 2012, the Company entered into a Note and Warrant Purchase Agreement with BMO Equity pursuant to which (i) BMO Equity advanced to the Company the sum of \$5 million and (ii) the Company issued to BMO Equity a warrant to purchase up to Four Percent (4%) of the outstanding shares of common stock of the Company on a fully-diluted basis (140,048 shares of common stock of the Company) at the price of One Cent (\$0.01) per share. The term of the loan provided for in this Agreement is five and a half years. Interest is payable on the outstanding balance of the loan at the rate of 11.5% per annum.

The Note and Warrant Purchase Agreement includes provisions for:

- (i) a closing fee of \$100,000
- (ii) payment of the principal amount in five and a half years with optional prepayment subject to certain prepayment premiums;

- (iii) security for the note obligations in all assets of the Company junior to the security interest of BMO Harris;
- (iv) various representations and warranties and covenants of the Company;
- (v) financial covenants including an applicable senior leverage ratio, fixed charge coverage ratio and tangible net worth amount.

Management believes that the funds provided by this new financing arrangement as well as internally generated funds will be sufficient for the Company to meet its working capital needs for at least the next 12 months.

Seasonality

In recent years, sales in the metalized balloon product line have historically been seasonal with approximately 40% occurring in the period from December through March and 24% being generated in the period from July through October. The sales of latex balloons and laminated film products have not historically been seasonal.

Critical Accounting Policies

Please see pages 24-26 of our Annual Report on Form 10-K for the year ended December 31, 2011 for a description of policies that are critical to our business operations and the understanding of our results of operations. The impact and any associated risks related to these policies on our business operations is discussed throughout Management's Discussion and Analysis of Financial Condition and Results of Operations where such policies affect our reported and expected financial results. No material changes to such information have occurred during the three and nine months ended September 30, 2012.
