EXPLANATORY NOTE

This Post-Effective Amendment No. 3 amends the Registration Statement on Form S-1, File No. 333-180514 (the “Registration Statement”), of First United Corporation (the “Corporation”), which was originally filed on April 2, 2012 (declared effective on April 18, 2012) and post-effectively amended on March 25, 2013 (declared effective on March 28, 2013) and March 31, 2014 (declared effective on April 7, 2014). The Registration Statement relates to the Corporation’s Dividend Reinvestment and Stock Purchase Plan (the “Plan”) and was filed on, and subsequently amended on, Form S-1 because the Corporation was not, at the time of such filings, eligible to use Form S-3 pursuant to General Instruction I.A.5 on account of its deferral of quarterly dividends payable on the 30,000 outstanding shares of its Fixed Rate Cumulative Perpetual Preferred Stock, Series A (the “Series A Shares”). During the year ended December 31, 2014, the Corporation resumed the payment of quarterly dividends on the Series A Shares and also paid all unpaid dividends that had accrued during such deferral. On March 9, 2015, the Corporation filed its Annual Report on Form 10-K for the year ended December 31, 2014 containing audited financial statements for such year, and the Corporation has not since failed to pay any dividends due on the Series A Shares. Accordingly, pursuant to General Instruction I.A.5 of Form S-3, the Corporation is eligible to use Form S-3, and this Post-Effective Amendment No. 3 is being filed, in part, to convert the Registration Statement to Form S-3.

In addition, this Post-Effective Amendment No. 3 is being filed pursuant to the undertakings in Item 17 of the Registration Statement to update the Prospectus contained in the Registration Statement to reflect the current information contained and incorporated by reference in the Corporation’s Annual Report on Form 10-K for the year ended December 31, 2014.

No additional securities are being registered under this Post-Effective Amendment No. 3. All applicable registration fees were paid at the time of the original filing of the Registration Statement.

Prospectus

Dividend Reinvestment and Stock Purchase Plan

800,000 Shares of Common Stock, Par Value \$.01 Per Share

This prospectus relates to our sale of shares of common stock, par value \$.01 per share, to our shareholders under the First United Corporation Dividend Reinvestment and Stock Purchase Plan, as amended, which we refer to as the “Plan”. Under the Plan, you have the opportunity to reinvest the cash dividends paid on some or all of your shares of common stock in additional shares of common stock. You also have the opportunity to use optional cash payments, of not less than **\$50** per payment nor more than **\$100,000** per calendar quarter, to purchase additional shares of common stock. Certain transactions under the Plan are subject to fees and commission charges for which you will be responsible. Please see the discussion of “Costs” in the section of this prospectus entitled “DESCRIPTION OF THE PLAN” for further details regarding these fees and commission charges.

We have authorized the sale of up to 1,020,141 shares of common stock under the Plan since its inception. Of this number, 220,141 shares have been sold by us pursuant to a previously-filed prospectus contained in a Registration Statement on Form S-3 (File No. 33-26248). Pursuant to Rule 429 of the Securities Act of 1933, as amended, which we refer to as the “Securities Act”, this prospectus is a combined prospectus and relates to the 800,000 shares that remain available for sale and issuance under the Plan.

Shares of common stock purchased by you may, at our option, be newly issued shares, shares purchased in the open market, or shares purchased in negotiated transactions. If the Plan’s administrator, which we refer to as the “Administrator”, purchases newly issued shares for you, then the price for each share will be the “fair market value” of a share, which the Plan defines as the average of the high and low sales prices of common stock as quoted on The NASDAQ Stock Market for the 20 trading days immediately preceding the date of purchase. If the Administrator purchases shares from others, then the price to you will be the weighted average price at which those shares are actually purchased (excluding trading expenses, which we will pay).

Our common stock is listed on The NASDAQ Global Select Market under the symbol “FUNC”. As of March 30, 2015, the 20-day average of the high and low sales prices of the common stock was \$9.02 per share. On March 30, 2015, the closing price of our common stock was \$9.12 per share.

We will receive all of the net proceeds from sales of newly issued shares to you. We will not receive any proceeds from sales of shares that the Administrator buys from persons other than us.

Investing in our securities involves certain risks. See “RISK FACTORS” on page 5 of this prospectus.

The registration statement containing this prospectus, including exhibits to the registration statement, provides additional information about First United Corporation, the Plan, and the shares of common stock offered under the Plan. You should also carefully read the additional information described under the headings “WHERE YOU CAN FIND MORE INFORMATION” on page 17 and “INCORPORATION OF CERTAIN INFORMATION BY REFERENCE” on page 17 before making a decision to invest in shares of common stock.

We have not authorized anyone to provide you with different information. No dealer, salesperson or other person is authorized to give any information or to represent anything not contained or incorporated by reference in this prospectus. You must not rely on any unauthorized information or representation. This prospectus is an offer to sell only the securities offered hereby, but only under circumstances and in jurisdictions where it is lawful to do so. You should assume that the information in this prospectus is accurate only as of the date on the front of the document and that any information we have incorporated by reference is accurate only as of the date of the document incorporated by reference, regardless of the time of delivery of this prospectus or any sale of a security.

A WARNING ABOUT FORWARD-LOOKING STATEMENTS

Some of the statements contained, or incorporated by reference, in this prospectus may include projections, predictions, expectations or statements as to beliefs or future events or results or refer to other matters that are not historical facts. Such statements constitute forward-looking statements and are subject to known and unknown risks, uncertainties and other factors that could cause the actual results to differ materially from those contemplated by the statements. The forward-looking statements are based on various factors and were derived using numerous assumptions. In some cases, you can identify these forward-looking statements by words like “may”, “will”, “should”, “expect”, “plan”, “anticipate”, “intend”, “believe”, “estimate”, “predict”, “potential”, or “continue” or the negative of those words or other comparable words. You should be aware that those statements reflect only our predictions. If known or unknown risks or uncertainties should materialize, or if underlying assumptions should prove inaccurate, actual results could differ materially from past results and those anticipated, estimated or projected. You should bear this in mind when reading this prospectus and not place undue reliance on these forward-looking statements. Factors that might cause such differences include, but are not limited to:

the risk that the weak national and local economies and depressed real estate and credit markets caused by the recent global recession will continue to decrease the demand for loan, deposit and other financial services and/or increase loan delinquencies and defaults;

changes in market rates and prices may adversely impact the value of securities, loans, deposits and other financial instruments and the interest rate sensitivity of our balance sheet;

our liquidity requirements could be adversely affected by changes in our assets and liabilities;

the effect of legislative or regulatory developments, including changes in laws concerning taxes, banking, securities, insurance and other aspects of the financial services industry;

competitive factors among financial services organizations, including product and pricing pressures and our ability to attract, develop and retain qualified banking professionals;

the effect of changes in accounting policies and practices, as may be adopted by the Financial Accounting Standards Board, the SEC, the Public Company Accounting Oversight Board and other regulatory agencies; and

the effect of fiscal and governmental policies of the United States federal government.

You should also consider carefully the section of this prospectus entitled “RISK FACTORS” on page 5, including the statements incorporated by reference into that section, and in the other sections of this prospectus, which address additional factors that could cause our actual results to differ from those set forth in the forward-looking statements and could materially and adversely affect our business, operating results and financial condition. Also note that we provide cautionary discussion of risks, uncertainties and possibly inaccurate assumptions relevant to our businesses in our periodic and current reports filed with the SEC and incorporated by reference in this prospectus and in prospectus supplements and other offering materials. The risks discussed in this prospectus and in the other documents referenced above are factors that, individually or in the aggregate, management believes could cause our actual results to differ materially from expected and historical results. You should understand that it is not possible to predict or identify all such factors. Consequently, you should not consider such disclosures to be a complete discussion of all potential risks or uncertainties.

The forward-looking statements speak only as of the date on which they are made, and, except to the extent required by federal securities laws, we undertake no obligation to update any forward-looking statement to reflect events or circumstances after the date on which the statement is made or to reflect the occurrence of unanticipated events. In addition, we cannot assess the impact of each factor on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements.

FIRST UNITED CORPORATION

First United Corporation is a Maryland corporation chartered in 1985 and a bank holding company registered under the federal Bank Holding Company Act of 1956, as amended. Our primary business is serving as the parent company of First United Bank & Trust, a Maryland-chartered commercial bank with trust powers, which we refer to as the “Bank”, and of First United Statutory Trust I, First United Statutory Trust II and First United Statutory Trust III, which were formed for the purpose of raising regulatory capital through the sale of “trust preferred securities” to investors and which we collectively refer to as the “Trusts”.

The Bank is an independent community bank providing a complete range of retail and commercial banking services to businesses and individuals serviced by a network of 25 branches, one call center, and 28 automated teller machines in Allegany County, Frederick County, Garrett County, and Washington County in Maryland, and in Mineral County, Berkeley County and Monongalia County in West Virginia. The Bank’s deposits are insured by the Federal Deposit Insurance Corporation. In addition to its two consumer finance company subsidiaries and a statutory trust subsidiary used to hold other real estate owned, the Bank owns a 99% limited partnership interest in Liberty Mews Limited Partnership, a Maryland limited partnership formed for the purpose of acquiring, developing and operating low-income housing units in Garrett County, Maryland. A detailed discussion of our business is contained in Item 1 of Part I of our Annual Reports on Form 10-K that we file with the SEC, including the Annual Report on Form 10-K for the year ended December 31, 2014, which is incorporated herein by reference. See “WHERE YOU CAN FIND MORE INFORMATION” below for information on how to obtain a copy of our annual and other reports that we file with the SEC.

We and the Bank are extensively regulated under federal and state laws. The regulation of bank holding companies and banks is intended primarily for the protection of depositors and the deposit insurance fund and not for the benefit of security holders. For a discussion of the material elements of the extensive regulatory framework applicable to us, please refer to Item 1 of Part I of our Annual Reports on Form 10-K that we file with the SEC, including the Annual Report on Form 10-K for the year ended December 31, 2014, which is incorporated herein by reference.

At December 31, 2014, we had total assets of \$1.3 billion, net loans of \$827.9 million, and deposits of \$981.3 million. Shareholders’ equity at December 31, 2014 was \$109.0 million.

Our principal executive offices are located at 19 South Second Street, Oakland, Maryland 21550 and our telephone number is (888) 692-2654. We maintain an Internet site at <http://www.mybank4.com> on which we make available free of charge our Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K, and all amendments to the foregoing as soon as reasonably practicable after these reports are electronically filed with, or furnished to, the SEC.

PLAN OVERVIEW

The Plan provides existing shareholders with a convenient and economical way to (1) reinvest cash dividends paid on your shares of our common stock in additional shares, which we refer to as the “Dividend Reinvestment feature”, (2) purchase additional shares of our common stock, which we refer to as the “Stock Purchase feature”, and (3) sell the shares held in your Plan account. The Plan has various other features from which to choose to meet your investment needs, and you should carefully read this entire prospectus.

The shares of our common stock purchased under the Plan will be either newly issued shares or shares purchased from others in the open market or in privately negotiated transactions. If the Administrator purchases newly issued shares from us, then the price to participants will be 100% of “fair market value”, which, for purposes of the Plan, means the average of the high and low sales prices of common stock as quoted on The NASDAQ Global Select Market for the 20 trading days immediately preceding the date of purchase. If the Administrator purchases from others, then the discount will not apply and the cost of the shares to participants will be the weighted average price at which those shares are actually purchased (excluding trading expenses, which we will pay).

The Plan is designed for long-term investors who wish to invest and build their share ownership over time. Unlike an individual stock brokerage account, the timing of purchases and sales is subject to the provisions of the Plan.

If you are a shareholder of record and wish to purchase additional shares of common stock pursuant to the Stock Purchase feature of the Plan, you may mail optional cash payments of at least \$50 to the Administrator with the tear-off portion of your account statement. You may invest up to \$100,000 per calendar quarter under the Stock Purchase feature of the Plan. The optional cash payments and the Enrollment Application, when completed, should be mailed to Broadridge Corporate Issuer Solutions, Inc., which is the Administrator, in the envelope provided for your convenience.

RISK FACTORS

An investment in shares of our common stock involves certain risks. The significant risks and uncertainties related to our common stock and to our business of which we are aware are discussed in Item 1A of Part I of our Annual Report on Form 10-K for the year ended December 31, 2014, as updated from time to time by Item 1A of our future Annual Reports on Form 10-K and Item 1A of Part II of our future Quarterly Reports on Form 10-Q that we file with the SEC, which discussions are incorporated by reference in this prospectus. You should carefully consider these risks and uncertainties before you decide to buy shares of our common stock. Any of these factors could materially and adversely affect our business, financial condition, operating results and prospects and could negatively impact the market price of our common stock. If any of these risks materialize, you could lose all or part of your investment. Additional risks and uncertainties that we do not yet know of, or that we currently think are immaterial, may also impair our business operations. You should also consider the other information contained in and incorporated by reference in this prospectus, including our financial statements and the related notes, before deciding to purchase shares of our common stock. This prospectus also contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the risks discussed above.

DESCRIPTION OF THE PLAN

The following is a question and answer statement of the provisions of the Plan. The Plan was authorized by our Board of Directors and has been in effect since January 9, 1989. The Plan will continue until the earlier of the date that all shares registered under the Plan have been sold or the date we terminate the Plan.

Purpose

1. What is the purpose of the Plan?

The purpose of the Plan is to provide holders of our common stock with a convenient method of investing some or all of their cash dividends in shares of common stock and of making optional cash investments in additional shares of common stock. The Plan permits us, at our election, to use shares purchased in the open market or in negotiated transactions or to use our authorized but unissued shares to satisfy the Plan's requirements. The Plan originally reserved 250,000 shares of common stock to be made available for purchase, but our Board of Directors amended the Plan on March 28, 2012 to make available an additional 770,141 shares. To date, 220,141 shares have been sold under the Plan. Accordingly, as of the date of this prospectus, 800,000 shares remain available for purchase under the Plan.

Advantages

2. What are the advantages of the Plan?

Under the Dividend Reinvestment feature of the Plan, participants may have some or all of the cash dividends paid on their shares of common stock automatically reinvested in additional shares of common stock. The Stock Purchase feature provides participants with the ability to make optional cash investments at any time (in a minimum amount of **\$50** per investment and a maximum of **\$100,000** per calendar quarter), whether or not they elect to reinvest dividends. Full investment of funds is possible under the Plan, whether or not there is a sufficient amount to buy a whole share, because the Plan permits fractions of shares, as well as full shares, to be credited to participants' accounts. In addition, dividends in respect of such fractions, as well as full shares, will be credited to participants' accounts. Participants avoid safekeeping requirements and record keeping costs for shares credited to their accounts through the free custodial service and reporting provisions of the Plan. Statements of account will be furnished to participants on a quarterly basis to provide simplified record keeping.

Administration

3. Who administers the Plan?

Computershare Trust Company, N.A. is the Administrator of the Plan. The Administrator's address is P.O. Box 43078, Providence, Rhode Island, 02940-3078. The Administrator keeps records, sends statements of account to Participants and performs other duties relating to the Plan.

In administering the Plan, the Administrator will not be liable for any act done or any omission to act in good faith, including, without limitation, any claims of liability: (a) arising out of a failure to terminate a participant's account upon the participant's death prior to receipt of notice in writing of such death; (b) with respect to the prices at which shares of our common stock are purchased or sold, regarding the times when or the manner in which such purchases or sales are made, the decision whether to purchase such shares of common stock on the open market, in negotiated transactions, or from us, or fluctuations in the market value of the common stock; or (c) regarding any matters relating to the operation or management of the Plan. The Administrator may not create a lien on any funds, securities or other property held under the Plan.

Neither we nor the Administrator can assure that a Participant will realize any profit in connection with shares of common stock purchased pursuant to the Plan or protect a participant against a loss in connection with the shares purchased for the participant under the Plan in accordance with the participant's instructions. It is up to each participant to make a decision regarding the sale of any shares owned by the participant, including shares credited to the participant's Plan account.

Participation – Dividend Reinvestment Feature

4. Who is eligible to participate in the Plan?

All holders of record of shares of common stock are eligible to participate in the Plan. To be eligible to participate in the Plan, beneficial owners of shares of common stock whose shares are registered in names other than their own (for instance, in the name of a broker) must become shareholders of record by having such shares transferred into their own names or make arrangements with their broker, bank or other nominee to participate on their behalf.

A shareholder will not be eligible to participate in the Plan if he or she resides in a jurisdiction in which it is unlawful for us to permit participation. A shareholder's right to participate in the Plan is not transferable apart from a transfer of his or her shares of common stock to another person.

5. How does a shareholder participate?

A shareholder of record may enroll in the Plan at any time through the Administrator's website at www.computershare.com/investor or by completing an enrollment form and returning it to the Administrator. Enrollment forms may be obtained directly from the Administrator. See Question No. 35 for information regarding how to contact the Administrator. A shareholder who does not wish to participate in the Plan will continue to receive dividends, as declared, by check or automatic clearing house (ACH) without any further action on the part of the participant.

6. When will participation begin?

Cash dividends, when declared, are generally paid on the first business day of February, May, August, and November (each, a “Dividend Payment Date”) to shareholders of record on the record date for each dividend. If the Administrator receives enrollment instructions from a shareholder who is entitled to a dividend by the record date for that dividend, then the Plan will go into effect for the shareholder with that dividend payment (and subsequent dividend payments). If the Administrator receives those instructions after the record date for that dividend, then the dividend payable with respect to that record date will be paid to the shareholder in cash and the shareholder’s participation in the Plan will begin with the next Dividend Payment Date. See Question Nos. 8 through 11 for information concerning the making of optional cash investments and the timing of optional cash investments.

The Plan does not represent a change in our dividend policy, nor does it represent a guarantee of future dividends, which are subject to the discretion of our Board of Directors. The declaration of future dividends will depend upon a number of factors, including our future earnings, our capital requirements, regulatory constraints, and our financial condition as well as that of First United Bank & Trust and our other subsidiaries.

7. What does the Authorization Form provide?

The Administrator’s enrollment form, whether submitted through its website or in paper form, allows each shareholder of record to elect whether he or she will participate in the Plan with respect to all of his or her shares of common stock (full dividend reinvestment) or only a portion of his or her shares of common stock (partial dividend reinvestment).

The Administrator will use cash dividends paid on the shares that a participant has elected to enroll in the Plan to purchase additional shares of common stock. Cash dividends on shares of common stock credited to a participant’s account under the Plan are always automatically reinvested regardless of which investment option is selected.

Optional Cash Investments – Stock Purchase Feature

8. *Who is eligible to make optional cash investments?*

Participants who have enrolled in the Plan are eligible to make optional cash investments regardless of whether they have authorized the reinvestment of dividends.

9. *How does a participant make optional cash investments?*

A Plan participant may make an optional cash investment through the Administrator's website at www.computershare.com/investor, by using the cash investment form that will be attached to each statement of account sent to participants by the Administrator, or, if no statement is sent, by returning to the Administrator a completed optional cash investment form, which may be obtained directly from the Administrator. See Question No. 35 for information regarding how to contact the Administrator. A participant's optional investment instructions, together with payment of the investment, must be received by the Administrator prior to the next Dividend Payment Date (See Question No. 6 and Question No. 11). If we do not declare a dividend in a particular quarter, then the term "Dividend Payment Date" as used in this Prospectus, for purposes of determining the timely receipt of optional cash investment instructions, will be deemed to be the first business day of February, May, August or November, as the case may. The Administrator will apply any optional cash investments received from a participant to the purchase of shares of common stock for the account of that participant.

If a participant chooses to participate only in the Stock Purchase feature of the Plan, we will pay cash dividends, if declared, on shares registered in the participant's name in the usual manner and the Administrator will apply any optional cash investments received from the participant to the purchase of additional shares of common stock for the participant's account under the Plan. Shares of common stock purchased with optional cash investments and credited to the account of the participant will automatically be enrolled in the Dividend Reinvestment feature of the Plan. Accordingly, cash dividends paid on such shares will be reinvested in additional shares of common stock.

10. *What are the limitations on making optional cash investments?*

The option to make cash investments is available to each participant at any time; however, optional cash investments by a participant may not be less than **\$50** per investment nor more than **\$100,000** in the aggregate per calendar quarter. The same amount need not be sent each quarter and there is no obligation to make an optional cash investment in every quarter.

11. When will the Administrator invest optional cash investments?

Optional cash investments received on or before a Dividend Payment Date will be held by the Administrator and combined with funds received from that dividend, if any, for the purchase of common stock under the Plan. Any optional cash investment received after the Dividend Payment Date will be returned to the participant. Participants are urged to mail forms and checks at least five (5) days prior to a Dividend Payment Date to ensure timely receipt, but in no event should forms and checks be mailed more than 30 days prior to the Dividend Payment Date. Neither we nor the Administrator can control the delivery of mail, and, therefore, neither we nor the Administrator will be responsible if an optional cash investment is not made due to a delay in the delivery of a participant's check. Any optional cash investments received more than 30 days prior to a Dividend Payment Date will be returned to the participant.

No interest will be paid by the Administrator on optional cash investments held by the Administrator.

Purchases

12. How many shares of common stock will be purchased by participants?

The number of shares that will be purchased by each participant depends on the aggregate amount of the participant's dividends to be reinvested, taking into account dividends on shares credited to the participant's account under the Plan, the amount of the participant's optional cash investments, and the applicable purchase price of the shares of common stock (see Question No. 13). A participant's account will be credited with that number of shares, including fractional shares computed to four decimal places, equal to the total amount to be invested divided by the applicable purchase price.

We reserve the right to limit the maximum number of shares that we sell to participants with respect to any Dividend Payment Date (under both the Dividend Reinvestment feature and the Stock Purchase feature) to the number of shares that would have been sold if all dividends paid on that date were reinvested under the Plan. If, with respect to any Dividend Payment Date, we exercise such right and as a result there are insufficient shares available after investment of participants' dividends to permit investment of all optional cash investments received, shares available for optional cash investments will be allocated among all participants making optional cash investments in proportion to the amounts of their optional cash investments. The Administrator will refund any payments by participants that are not invested due to this limitation.

13. When and at what price will shares of common stock be purchased under the Plan?

Shares of common stock will be purchased with reinvested dividends and optional cash investments under the Plan at such times as the Administrator may determine, as promptly as reasonably practicable after a dividend is paid, and in no event later than 21 days after such Dividend Payment Date. No interest will be paid on funds held by the Administrator under the Plan. If the Administrator buys any shares in the open market or in privately negotiated transactions, it will not allocate any shares to participants' accounts until it has acquired sufficient shares from us and/or others to cover the quarterly purchases for all participants.

We, in our sole discretion, will decide whether shares will be purchased in the open market, in privately negotiated transactions, or directly from us. As of the date of this prospectus, we anticipate funding participants' purchases primarily with newly issued shares, although there can be no assurance that this will actually be the case.

The price at which newly issued shares will be purchased under the Plan will be 100% of "fair market value". For purposes of the Plan, the "fair market value" of a share of common stock will be the average of the high and low sales prices of common stock as quoted on The NASDAQ Stock Market for the 20 trading days immediately preceding the date of purchase. In no event, however, will the fair market value of a share be less than its par value at the time of sale. Currently, the par value of our common stock is \$.01 per share. Notwithstanding the foregoing, we reserve the right to reduce the price at which shares will be purchased, and to change the manner in which such price is calculated, at any time. If we change the purchase price, we will file an amendment or prospectus supplement to this prospectus which will describe the new purchase price.

If the Administrator buys shares in the open market or in negotiated transactions to fund the Plan, then the purchase price recognized by participants will be the weighted average price at which the shares are actually purchased over a period of up to 21 calendar days following an investment date, without regard to dealer mark-ups, brokerage commissions and/or other brokerage expenses. We will pay all applicable dealer mark-ups, brokerage commissions and/or other expenses charged by the brokers or dealers through whom the shares are purchased.

The Administrator may in its discretion commingle the funds represented by dividends to be reinvested and participants' optional cash investments for the purpose of forwarding purchase orders and may offset purchase and sale orders for the same investment date.

The Administrator will hold the shares purchased under the Plan in each participant's name, or, if a broker or other nominee is participating on behalf of a beneficial owner, in the broker's name or other nominee's name, but the Administrator will have no responsibility for the value of such shares after their purchase.

Our common stock is not-heavily-traded. Thus, depending on the number of shares involved, purchases in the open market to satisfy the requirements of the Plan may have a significant effect on prevailing market prices, which could result in the payment of higher prices for shares than would be the case if the Plan was not in effect. Additionally, because the prices at which shares are purchased under the Plan are determined as of specified dates or as of dates otherwise beyond the control of participants, participants may lose any advantage otherwise available from being able to select the timing of their investments. For example, because the price charged to participants for shares purchased in the open market or in negotiated transactions is the weighted average price at which the shares are actually purchased over a 21-day period following an investment date, participants may pay a higher price for shares purchased under the Plan than for shares purchased on the investment date outside of the Plan.

Our common stock is currently listed on The NASDAQ Global Select Market under the symbol "FUNC".

14. *May a participant purchase shares through the Plan but have dividends on those shares sent directly to him or her?*

No. The purpose of the Plan is to provide participants with a convenient method of purchasing shares of common stock and having the dividends on those shares reinvested. Accordingly, dividends paid on shares held in the Plan will be automatically reinvested in additional shares of common stock.

Costs

15. Are any fees or expenses charged to participants in connection with participation in the Plan?

Participants will not pay any service charges in connection with the Plan, as we will pay the expenses of administering the Plan and any dealer mark-ups, brokerage commissions and other expenses charged in connection with the purchase of shares of common stock with reinvested dividends or optional cash investments. However, participants who sell their shares through the Plan will pay standard dealer mark-ups, brokerage commissions and other expenses charged in connection with such sales (see Question No. 27).

Reports to Participants

16. How will participants be advised of the purchase of shares of common stock?

As soon as practicable after each quarterly purchase of shares, each participant will receive a statement of account. **These statements are the participant's continuing record of the cost of purchases and should be retained for tax purposes.** Participants also will receive copies of the same communications sent to all other shareholders, including the quarterly reports, annual report, notice of annual meeting and proxy statement, and income tax information for reporting dividends paid.

Dividends

17. Will Participants be credited with dividends on shares held in their account under the Plan?

Yes. We pay dividends, as declared, to the record holders of all shares of our common stock. As the record holder of shares purchased under the Plan for participants, the Administrator will receive dividends for all Plan shares held on the record date. The Administrator will credit such dividends to participants' accounts in the Plan on the basis of full and fractional shares held in their respective accounts and will reinvest such dividends in additional shares.

Certificates for Shares

18. Will stock certificates be issued for shares of common stock purchased?

Generally, certificates for shares of common stock purchased under the Plan will not be issued to participants. The number of shares credited to an account under the Plan will be shown on the participant's statement of account. This additional service protects against loss, theft or destruction of stock certificates.

At the request of a participant, subject to any provision of our Bylaws (as amended and/or restated from time to time) that permits us to institute a system of issuing uncertificated shares, certificates for any number of shares, up to the total number of full shares credited to an account under the Plan, will be issued to the participant. Please see Question No. 35 for information on contacting the Administrator. Any remaining full shares and all fractional shares will continue to be held in the participant's account.

Shares held in or credited to the account of a participant under the Plan may not be pledged unless and until the participant requests that a certificate for such shares be issued in his or her name.

Certificates for fractional shares will not be issued.

19. In whose name will accounts be maintained and certificates registered when issued?

An account will be maintained in each participant's name as shown on our shareholder records at the time the participant joins the Plan. When issued, certificates for full shares will be registered in the name of the person or entity who holds the account.

Upon written request, certificates also can be registered and issued in names other than the account name, subject to compliance with any applicable laws and the payment by the Participant of any applicable taxes, provided that the request bears the signatures of the participant and the signature is guaranteed by a financial institution, broker or dealer that is a member of the Securities Transfer Agent Medallion Program.

Changing Method of Participation and Withdrawal

20. *How does a participant change his or her method of participation?*

A participant may change his or her method of participation at any time through the Administrator's website at www.computershare.com/investor or by completing a new enrollment form and returning it to the Administrator. See Question No. 35 for information regarding how to contact the Administrator. The change will apply as of the next Dividend Payment Date after the Administrator receives the new instructions.

21. *May a participant withdraw from the Plan?*

Yes. The Plan is entirely voluntary and a participant may withdraw at any time.

If the request to withdraw is received by the Administrator prior to record date for a dividend, the amount of the dividend, and any optional cash investment that would otherwise have been invested, will be paid as soon as practicable to the withdrawing participant. Thereafter, all dividends will be paid in cash. A shareholder may re-enroll in the Plan at any time.

22. *How does a participant withdraw from the Plan?*

To withdraw from the Plan, a participant must notify the Administrator that he or she wishes to withdraw. Please see Question No. 35 for information on contacting the Administrator. Upon a participant's withdrawal from the Plan or the termination of the Plan by us, a certificate for full shares credited to the participant's account under the Plan will be issued and a cash payment will be made for any fractional shares.

23. *What happens to fractional shares registered in the participant's Plan account when he or she withdraws from the Plan?*

When a participant withdraws from the Plan, a cash adjustment representing any fractional shares will be mailed directly to the participant. The cash adjustment will be based on the closing sales price of the common stock as quoted on The NASDAQ Global Select Market (or such other exchange as the common stock is then listed) for the trading day immediately preceding the date on which the withdrawal request is received by the Administrator.

Federal Income Tax Consequences

24. What are the federal income tax consequences of participation in the Plan?

A participant will be treated for Federal income tax purposes as having received on each Dividend Payment Date the full amount of the cash dividend, if any, payable on that date with respect to shares of common stock owned by the participant, including shares registered in the participant's name and shares held for the participant's Plan account, even though that amount is not actually received by the participant in cash but is instead applied to the purchase of new shares for the participant's account.

As stated in Question No. 15, we will pay all trading expenses when shares are purchased from others in the open market or in privately-negotiated transactions (whether pursuant to the Dividend Reinvestment Feature or the Stock Purchase Feature). All trading expenses paid on a participant's behalf will be deemed to be a distribution by us to that participant and will be taxable as a dividend.

A participant will not recognize any taxable income when certificates are issued to the participant for shares credited to the participant's Plan account, regardless of whether the certificates are issued upon the participant's request or withdrawal from the Plan, or upon termination of the Plan.

Information returns will be sent to each participant and to the Internal Revenue Service during each year. These returns will show the amount of dividends paid to a participant's Plan account (*i.e.*, Form 1099-DIV), as well as any proceeds that a participant receives from sales of shares from his or her Plan account (*i.e.*, Form 1099-B).

25. When and how will gains and losses on shares be determined?

A participant will realize a gain or loss whenever he or she sells shares purchased under the Plan. The amount of gain or loss will be the difference between the amount the participant receives for his or her shares in that sale and his or her cost basis for those shares. The cost basis of a share acquired directly from us will equal its "fair market value", as defined for Federal income tax purposes, on the date we pay the dividend or the date the Administrator buys shares with optional cash payments, as applicable. The cost basis of a share purchased in the open market or in a privately negotiated transaction will equal its purchase price plus any trading expenses that we pay on behalf of the participant.

In the case of foreign shareholders whose dividends are subject to United States income tax withholding, or domestic shareholders whose dividends are subject to United States backup withholding, the Administrator will, to the extent permitted by law, invest in shares of common stock an amount equal to the dividends less the amount of tax required to be withheld in each case. The regular statements of account confirming purchases made for such participants will indicate the amount of tax withheld.

26. When does the holding period begin for purposes of determining gain or loss?

When the Administrator buys shares of common stock only from us, then the holding period for the shares will begin on the day after the Dividend Payment Date for shares purchased with reinvested dividends, and on the day after the Administrator buys shares with optional cash investments.

When the Administrator buys any shares from others, either in the open market or in privately negotiated transactions, then the holding period for those shares will begin on the day after the Administrator allocates shares to the participants' Plan accounts.

THE ANSWERS TO QUESTIONS NOS. 24 THROUGH 26 ARE ONLY SUMMARIES AND ARE BASED ON OUR UNDERSTANDING OF CURRENT FEDERAL INCOME TAX LAWS. THESE SUMMARIES DO NOT PURPORT TO ADDRESS THE PARTICULAR CIRCUMSTANCES OF INDIVIDUAL PARTICIPANTS. MOREOVER, THEY DO NOT INCLUDE A DISCUSSION OF STATE OR LOCAL INCOME TAX LAW CONSEQUENCES OF PARTICIPATING IN THE PLAN. PARTICIPANTS SHOULD CONSULT THEIR OWN TAX ADVISORS AS TO THE FEDERAL, STATE, LOCAL AND/OR FOREIGN TAX CONSEQUENCES APPLICABLE TO THEM.

Other Information

27. Can Plan shares be sold through the Plan?

Yes. Participants may sell some or all of the shares of common stock credited to their Plan accounts at any time by contacting the Administrator and requesting that certain shares be sold (see Question No. 35 for information on contacting the Administrator). The Administrator will record sales orders on the date of receipt. The Administrator will contact a registered securities broker-dealer and request that the broker-dealer execute a sales order on behalf of the participant in the open market, in negotiated transactions, or by selling the shares to us, as soon as reasonably practicable after receipt of the participant's request. The proceeds received by the participant will be based on the weighted average sales price per share (including trading fees and other applicable taxes) of the aggregate number of shares sold for the Plan. After settlement of the sale, the Administrator will mail a check to the participant for the

proceeds of the sale, less a brokerage commission payable to the broker-dealer effecting the sale and any applicable transfer taxes. The amount of the brokerage commission will depend on the number of shares sold and may differ from broker-dealer to broker-dealer. Participants may obtain information about the brokerage commission for a particular transaction by contacting the Administrator. Please note that the Administrator cannot and does not guarantee the actual sale date or price, nor can it stop or cancel any outstanding sales or issuance requests. All sale requests are final.

Alternatively, a participant may sell his or her shares through a broker of the participant's choice, in which case the participant must first request a certificate for those shares from the Administrator (see Question No. 18 for instructions on how to obtain a certificate).

28. What if a participant sells or otherwise disposes of all of his or her shares not held in the Plan?

The disposition by a participant of all shares of common stock registered in his or her name that are not credited to the participant's account under the Plan will have no effect on the shares credited to the participant's Plan account, and, unless otherwise instructed by the participant, the Administrator will continue to reinvest the dividends on the shares credited to that account.

29. If additional shares of common stock are sold through a rights offering, how will the rights of the Plan be handled?

If we engage in a rights offering, then a participant will receive rights based upon shares held of record in his or her name and upon whole shares credited to his or her account under the Plan. Rights issued in respect of shares credited to an account will be issued to the participant in his or her name.

30. What happens if a stock dividend is issued or a stock split is declared on shares of common stock?

Any shares issued by us as a stock dividend or in a stock split on shares of common stock credited to the account of a participant under the Plan will be added to the participant's account. Any shares issued by us as a stock dividend or in a stock split on shares of common stock held directly by a participant will be mailed to the participant in the same manner as to shareholders who are not participating in the Plan.

31. How will a participant's shares credited to the Plan be voted at meetings of shareholders?

Prior to a meeting of shareholders, each participant will be provided with an instruction form that can be used by the participant to direct the vote of shares of common stock held in the participant's Plan account. If the form is completed and returned as provided in the form, all shares held in that participant's Plan account will be voted in accordance with the participant's instructions. If the participant desires to vote in person at the meeting, a proxy for shares credited to the participant's Plan account may be obtained upon written request received by the Administrator at least 15 days before the meeting.

If no instructions are received on a properly executed returned proxy card or returned instruction form with respect to any item thereon, all of a participant's shares (both those registered in the participant's name, if any, and those credited to the participant's Plan account) will be voted (in the same manner as for non-participating shareholders who return proxies and do not provide instructions) in accordance with management's recommendations. If the proxy card or instruction form is not returned, or if it is returned unsigned, none of the participant's shares will be voted unless the Participant votes in person.

32. May the Plan be changed or discontinued?

We reserve the right to make modifications to the Plan, including to change the price at which newly issued shares will be purchased from us under the Plan, and to suspend or terminate the Plan at any time. Any such modification, suspension or termination will be announced to participants and to nonparticipating shareholders.

33. Who interprets and regulates the Plan?

We have the right to interpret and regulate the Plan as we deem necessary or desirable in connection with the operation of the Plan.

34. Can First United Corporation temporarily curtail or suspend purchases or sales of common stock under the Plan?

Yes. We may temporary curtail or suspend purchases or sales of common stock at any time if such purchases or sales would in the Administrator's judgment contravene, or be restricted by, applicable regulations, interpretations or orders of the SEC, any other governmental commission, agency or instrumentality, any court, securities exchange or other self-regulatory organization. The Administrator shall not be accountable, or otherwise liable, for failure to make purchases of sales at such times and under such circumstances.

PLAN OF DISTRIBUTION

Except to the extent the Administrator purchases shares of our common stock in market transactions, the shares of common stock acquired under the Plan will be newly issued shares sold directly by us through the Plan. As stated elsewhere in this Plan, you will not pay any brokerage fees or commissions for securities purchased on the open market or otherwise under the Plan. Instead, we will pay these fees to the Administrator. Certain fees apply to participants in the Plan, which are set forth in Question 15.

Persons who acquire shares of our common stock through the Plan and resell them shortly after acquiring them, including coverage of short positions, under certain circumstances may be participating in a distribution of securities that would require compliance with Regulation M under the Securities Exchange Act of 1934, as amended, or the "Exchange Act", and may be considered to be underwriters within the meaning of the Securities Act. We will not extend to any such person any rights or privileges other than those to which he, she or it would be entitled as a participant, nor will we enter into any agreement with any such person regarding the resale or distribution by any such person of the shares of our common stock so purchased.

Our common stock may not be available under the Plan in all states or jurisdictions. This prospectus does not constitute an offer to sell, or a solicitation of an offer to buy, any of our common stock or other securities in any jurisdiction to any person to whom it is unlawful to make such offer in such jurisdiction.

USE OF PROCEEDS

To the extent that we sell newly issued shares under the Plan, and not shares purchased from others, we will receive the proceeds. We do not know the number of shares that we will ultimately sell under the Plan, the prices at which we will sell them, or the amount of the proceeds that we will receive.

We intend to add any proceeds that we receive to our general funds to be used for our general corporate purposes. Such purposes may include:

Our working capital needs;

Possible additional investments in our direct and indirect subsidiaries;

Possible acquisitions of other financial institutions or their assets;

Possible acquisitions of, or investments in, other businesses of a type eligible for bank holding companies or Maryland-chartered commercial banks;

Possible reduction in outstanding indebtedness; and/or

Possible repurchase of our outstanding securities, including, without limitation, the outstanding shares of our common stock and/or preferred stock.

We may temporarily invest the proceeds in investment-grade securities. We have no specific plans for any proceeds. Our principle purpose in making the offering is to provide our shareholders with a convenient and automatic way to increase their ownership of our common stock.

DESCRIPTION OF SECURITIES TO BE REGISTERED

We are authorized by our Amended and Restated Articles of Incorporation, or “Charter”, to issue up to 27,000,000 shares of capital stock. Of these shares, 25,000,000 shares are classified as common stock, par value \$.01 per share, and 2,000,000 shares are classified as preferred stock, having no par value per share, which may be issued in one or more series having such voting powers, designations, preferences and other rights, qualifications, limitations and restrictions as may be fixed by the Board from time to time. The Board of Directors has designated 30,000 shares of our preferred stock as Fixed Rate Cumulative Perpetual Preferred Stock, Series A, which we refer to as the “Series A

Preferred Stock”, all of which are issued and outstanding.

In addition to the power to issue shares of our authorized preferred stock in one or more series as discussed above, our Charter permits the Board, without general stockholder approval but subject to the rights of any preferred stock, to classify and reclassify authorized but unissued shares of capital stock of any class or series by setting or changing in any one or more respects the preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends, qualifications, or terms or conditions of redemption of the shares of stock.

As of February 27, 2015, we had 6,238,598 shares of common stock issued and outstanding held by approximately 1,639 owners of record.

The following is a summary of the general terms of our common stock. This summary does not purport to be complete in all respects. The full terms of the common stock are set forth in our Charter, our Amended and Restated Bylaws, as amended, which we refer to as the “Bylaws”, and to applicable Maryland law, including the Maryland General Corporation Law, or the “MGCL”. The Charter, the Bylaws and the other documents that may impact the rights of holders of our common stock are filed with the registration statement that contains this prospectus as Exhibit 4.1(i) through Exhibit 4.11, all of which are also available from us upon request. The following summary does not give effect to provisions of applicable statutory or common law.

General

The holders of our common stock are entitled to one vote for each share held of record on all matters submitted to a vote of shareholders. Holders of shares of common stock are not entitled to cumulative voting rights in the election of directors. Subject to preferences that may be applicable to any outstanding preferred stock, holders of common stock are entitled to receive ratable dividends that are declared by our Board of Directors out of funds legally available for such a purpose. Holders of common stock have no preemptive rights and have no rights to convert their common stock into any other securities. The common stock is not redeemable. All of the outstanding shares of our common stock are fully paid and non-assessable.

The Transfer Agent for the common stock is Computershare Trust Company, N.A.

Dividends and Other Distributions

The declaration of dividends on the common stock is at the discretion of the Board of Directors. We are subject to various bank regulatory policies and requirements relating to the payment of dividends, including requirements to maintain adequate capital above regulatory minimums. Our ability to pay dividends to holders of the common stock is

largely dependent upon our receipt of dividends from the Bank. Both federal and state laws impose restrictions on the ability of banks to pay dividends. Federal law prohibits the payment of a dividend by an insured depository institution if the depository institution is considered “undercapitalized” or if the payment of the dividend would make the institution “undercapitalized”. Maryland state-chartered banks may pay dividends only out of undivided profits or, with the prior approval of the Maryland Commissioner, from surplus in excess of 100% of required capital stock. If, however, the surplus of a Maryland bank is less than 100% of its required capital stock, then cash dividends may not be paid in excess of 90% of net earnings. In addition to these specific restrictions, bank regulatory agencies have the ability to prohibit a proposed dividend by a financial institution that would otherwise be permitted under applicable law if the regulatory body determines that the payment of the dividend would constitute an unsafe or unsound banking practice.

As a general corporate law matter, the MGCL prohibits us from paying dividends on our capital stock unless, after giving effect to a proposed dividend, (i) we will be able to pay our debts as they come due in the normal course of business and (ii) our total assets will be greater than our total liabilities plus, unless our Charter permits otherwise, the amount that would be needed, if we were to be dissolved at the time of the dividend, to satisfy the preferential rights upon dissolution of shareholders whose preferential rights on dissolution are superior to those receiving the dividend.

The terms of the Series A Preferred Stock entitle the holders thereof to receive if, as and when declared by our Board of Directors, out of assets legally available for payment, cumulative cash dividends at a rate per annum of 9% per share on a liquidation preference of \$1,000 per share of Series A Preferred Stock with respect to each dividend period. Dividends on the Series A Preferred Stock are payable quarterly in arrears on each February 15, May 15, August 15 and November 15. So long as any shares of Series A Preferred Stock remain outstanding, unless all accrued and unpaid dividends for all prior dividend periods have been paid or are contemporaneously declared and paid in full, no dividend can be paid or declared on our common stock, other than a dividend payable solely in common stock. We and our subsidiaries also may not purchase, redeem or otherwise acquire for consideration any shares of our common stock unless we have paid in full all accrued dividends on the Series A Preferred Stock for all prior dividend periods, other than:

purchases, redemptions or other acquisitions of our common stock in connection with the administration of our employee benefit plans in the ordinary course of business and consistent with past practice (including purchases pursuant to a publicly announced repurchase plan to offset the increase in diluted shares outstanding resulting from the grant, vesting or exercise of equity-based compensation);

purchases or other acquisitions by broker-dealer subsidiaries of First United solely for the purpose of market-making, stabilization or customer facilitation transactions in common stock in the ordinary course of its business;

purchases or other acquisitions by broker-dealer subsidiaries of First United for resale pursuant to an offering by First United of its stock that is underwritten by the related broker-dealer subsidiary;

any dividends or distributions of rights or capital stock that is junior to the Series A Preferred Stock in connection with any shareholders' rights plan or repurchases of rights pursuant to any shareholders' rights plan;

acquisition of record ownership of any capital stock that is junior to or on par with the Series A Preferred Stock for the beneficial ownership of any other person who is not First United or one of its subsidiaries, including as trustee or custodian; and

the exchange or conversion of capital stock that is junior to the Series A Preferred Stock for or into other junior stock or of stock that is on par with the Series A Preferred Stock for or into other parity stock or junior stock but only to the extent that such acquisition is required pursuant to binding contractual agreements entered into before January 30, 2009 or any subsequent agreement for the accelerated exercise, settlement or exchange thereof for common stock.

In addition to the limitations imposed by the terms of the Series A Preferred Stock, the terms of our outstanding debentures issued to the Trusts permit us to defer payments of the interest thereon for up to 20 consecutive quarterly periods. Should we make such a deferral election, we would be prohibited from paying dividends or distributions on, or from repurchasing, redeeming or otherwise acquiring any shares of our capital stock, including the Series A Preferred Stock and the common stock.

Rights Upon Liquidation

In the event of our liquidation, dissolution or winding up, holders of common stock are entitled to share ratably in all assets remaining after payment of liabilities and liquidation preferences, if any, on any outstanding shares of preferred stock. The terms of the Series A Preferred Stock provide that, in such events, holders of Series A Preferred Stock will be entitled to receive an amount per share, referred to as the total liquidation amount, equal to the fixed liquidation preference of \$1,000 per share, plus any accrued and unpaid dividends, whether or not declared, to the date of

payment. Holders of the Series A Preferred Stock will be entitled to receive the total liquidation amount out of our assets that are available for distribution to shareholders, after payment or provision for payment of our debts and other liabilities but before any distribution of assets is made to holders of our common stock.

Anti-Takeover Provisions under Maryland Law, Our Charter and Our Bylaws

The provisions of Maryland law and our Charter and Bylaws we summarize below may have an anti-takeover effect and may delay, defer or prevent a tender offer or takeover attempt that a shareholder might consider in his or her best interest, including those attempts that might result in a premium over the market price for the common stock.

Business Combinations under Maryland Law. The Maryland Business Combination Act generally prohibits corporations from being involved in any “business combination” (defined as a variety of transactions, including a merger, consolidation, share exchange, asset transfer or issuance or reclassification of equity securities) with any “interested shareholder” for a period of five years following the most recent date on which the interested shareholder became an interested shareholder. An interested shareholder is defined generally as a person who is the beneficial owner of 10% or more of the voting power of the outstanding voting stock of the corporation after the date on which the corporation had 100 or more beneficial owners of its stock or who is an affiliate or associate of the corporation and was the beneficial owner, directly or indirectly, of 10% percent or more of the voting power of the then outstanding stock of the corporation at any time within the two-year period immediately prior to the date in question and after the date on which the corporation had 100 or more beneficial owners of its stock.

A business combination that is not prohibited must be recommended by the board of directors and approved by the affirmative vote of at least 80% of the votes entitled to be cast by outstanding shares of voting stock of the corporation, voting together as a single voting group and two-thirds of the votes entitled to be cast by holders of voting stock other than voting stock held by the interested shareholder who will (or whose affiliate will) be a party to the business combination or by an affiliate or associate of the interested shareholder, voting together as a single voting group, unless, among other things, the corporation’s shareholders receive a minimum price, as defined in the Maryland Business Combination Act for their shares, in cash or in the same form as paid by the interested shareholder for its shares. These provisions will not apply if the board of directors has exempted the transaction in question or the interested shareholder prior to the time that the interested shareholder became an interested shareholder. In addition, the board of directors may adopt a resolution approving or exempting specific business combinations, business combinations generally, or generally by type, as to specifically identified or unidentified existing or future shareholders or their affiliates from the business combination provisions of the Maryland Business Combination Act.

Control Share Acquisitions. The Maryland Control Share Acquisition Act generally provides that “control shares” of a corporation acquired in a “control share acquisition” have no voting rights except to the extent approved by the shareholders at a meeting by the affirmative vote of two-thirds of all the votes entitled to be cast on the matter, excluding all interested shares. “Control shares” are shares of stock that, if aggregated with all other shares of stock of the corporation previously acquired by a person or in respect of which that person is entitled to exercise or direct the exercise of voting power, except solely by virtue of a revocable proxy, entitle that person, directly or indirectly, to exercise or direct the exercise of the voting power of shares of stock of the corporation in the election of directors within any of the following ranges of voting power: one-tenth or more, but less than one-third of all voting power; one-third or more, but less than a majority of all voting power or a majority or more of all voting power. “Control share acquisition” means the acquisition, directly or indirectly, of control shares, subject to certain exceptions. If voting rights or control shares acquired in a control share acquisition are not approved at a shareholders’ meeting, then, subject to certain conditions, the issuer may redeem any or all of the control shares for fair value. If voting rights of such control shares are approved at a shareholders’ meeting and the acquiror becomes entitled to vote a majority of the shares of stock entitled to vote, all other shareholders may exercise appraisal rights.

Preference Stock Authorization. As noted above under the heading “Capital Stock”, the Charter gives our Board of Directors the authority to, without the approval of the holders of our common stock, issue our authorized preferred stock in one or more series and to classify and reclassify any class or series of our authorized but unissued capital stock. A series of preferred stock and any other shares of capital stock that the Board classifies or reclassifies may possess rights superior to the rights of the holders of our common stock. As a result, this “blank check” stock, while not intended as a defensive measure against takeovers, could be issued quickly and easily, could adversely affect the rights of holders of common stock and could be issued with terms calculated to delay or prevent a change of control of the Company or make removal of management more difficult.

Advance Notice Procedure for Director Nominations by Shareholders. Our Bylaws allow shareholders to submit director nominations. For nominations to properly come before the meeting, however, the nominating shareholder must have given timely written notice of the nomination to either the Chairman of the Board or the President of First United. To be timely, a nomination must be given not less than 150 days nor more than 180 days prior to the date of the meeting of shareholders called for the election of directors which, for purposes of this requirement, is deemed to be on the same day and month as the annual meeting of shareholders for the preceding year. The notice must contain the following information to the extent known by the notifying shareholder:

· the name and address of each proposed nominee;

· the principal occupation of each proposed nominee;

· the number of shares of capital stock of First United owned by each proposed nominee;

· the name and residence address of the notifying shareholder;

the number of shares of capital stock of First United owned by the notifying shareholder;

the consent in writing of the proposed nominee as to the proposed nominee's name being placed in nomination for director; and

all information relating to the proposed nominee that would be required to be disclosed by Regulation 14A under the Exchange Act and Exchange Act Rule 14a-11, assuming such provisions would be applicable to the solicitation of proxies for the proposed nominee.

Classified Board; Removal of Directors. Our Charter provides that the members of our Board of Directors are divided into three classes as nearly equal as possible. Each class is elected for a three-year term. At each annual meeting of shareholders, approximately one-third of the members of the Board are elected for a three-year term and the other directors remain in office until their three-year terms expire. Our Charter and Bylaws provide that no director may be removed without cause, which term is defined as a final unappealable felony conviction, unsound mind, adjudication of bankruptcy, or action that causes material injury to First United. Any removal for cause requires either the affirmative vote of the entire Board or the affirmative vote of the holders of at least a majority of the outvoting voting stock of First United. Further, shareholders may attempt to remove a director for cause after service of specific charges, adequate notice and a full opportunity to refute the charges. Thus, control of the Board of Directors cannot be changed in one year without removing the directors for cause as described above; rather, at least two annual meetings must be held before a majority of the members of the Board could be changed. An amendment or repeal of these provisions requires the approval of at least two-thirds of the outstanding voting power of First United entitled to vote on the matter.

The information incorporated by reference is considered to be part of this prospectus, and later information that we file with the SEC will automatically update and supersede that information. The following documents filed by us with the SEC pursuant to the Exchange Act are incorporated herein by reference (except to the extent any information contained in such documents is “furnished” to the SEC):

In addition, all documents that we file with the SEC pursuant to Sections 13(a), 13(c), 14 and 15(d) of the Exchange Act after the date of this prospectus and prior to the termination of the offering to which this prospectus relates will automatically be deemed to be incorporated by reference into this prospectus. In no event, however, will any of the information that we “furnish” to the SEC from time to time in any Current Report on Form 8-K be incorporated by reference into, or otherwise be included in, this prospectus. Any statement contained in a document incorporated or deemed to be incorporated by reference in this prospectus shall be deemed to be modified or superseded to the extent that a statement contained in this prospectus or in a document subsequently filed modifies or supersedes such statement. INFORMATION NOT REQUIRED IN PROSPECTUS

Item 14. Other Expenses of Issuance and Distribution.

The following table itemizes the expenses incurred by First United Corporation (the “Corporation”) in connection with the offering of the securities being registered hereby. All amounts shown are estimates.

Registration Fee - Securities and Exchange Commission	\$ 498
Accounting Fees and Expenses	7,600
Legal Fees and Expenses	20,000
Printing Fees and Expenses	8,000
Miscellaneous	500
Total	\$ 36,598

Item 15. Indemnification of Directors and Officers.

The Maryland General Corporation Law (the “MGCL”) permits a Maryland corporation to indemnify its present and former directors, among others, against judgments, penalties, fines, settlements and reasonable expenses actually incurred by them in connection with any proceeding to which they may be made a party by reason of their services in those capacities, unless it is established that:

- (1) the act or omission of the director was material to the matter giving rise to such proceeding and
 - (A) was committed in bad faith or
 - (B) was the result of active and deliberate dishonesty;
- (2) the director actually received an improper personal benefit in money, property, or services; or
- (3) in the case of any criminal proceeding, the director had reasonable cause to believe that the act or omission was unlawful.

Maryland law permits a Maryland corporation to indemnify a present and former officer to the same extent as a director.

In addition to the foregoing, a court of appropriate jurisdiction: (1) shall order indemnification of reasonable expenses incurred by a director who has been successful, on the merits or otherwise, in the defense of any proceeding identified above, or in the defense of any claim, issue or matter in the proceeding; and (2) may under certain circumstances order indemnification of a director or an officer who the court determines is fairly and reasonably entitled to indemnification in view of all of the relevant circumstances, whether or not the director or officer has met the standards of conduct set forth in the preceding paragraph or has been declared liable on the basis that a personal benefit improperly received in a proceeding charging improper personal benefit to the director or the officer, provided, however, that if the proceeding was an action by or in the right of the corporation or involved a determination that the director or officer received an improper personal benefit, no indemnification may be made if the director or officer is adjudged liable to the corporation, except to the extent of expenses approved by a court of appropriate jurisdiction.

II-4

The MGCL also permits a Maryland corporation to pay or reimburse, in advance of the final disposition of a proceeding, reasonable expenses incurred by a present or former director or officer made a party to the proceeding by reason of his or her service in that capacity, provided that the corporation shall have received:

- (1) a written affirmation by the director or officer of his good faith belief that he has met the standard of conduct necessary for indemnification by the corporation; and
- (2) a written undertaking by or on behalf of the director to repay the amount paid or reimbursed by the corporation if it shall ultimately be determined that the standard of conduct was not met.

The Corporation has provided for indemnification of directors and officers in ARTICLE VIII of its Amended and Restated Bylaws, as amended (the "Bylaws"). The relevant provisions of the Bylaws read as follows:

"SECTION 1. As used in this Article VIII, any word or words that are defined in Section 2-418 of the Corporations and Associations Article of the Annotated Code of Maryland (the 'Indemnification Section'), as amended from time to time, shall have the same meaning as provided in the Indemnification Section.

SECTION 2. Indemnification of Directors and Officers. The Corporation shall indemnify and advance expenses to a director or officer of the Corporation in connection with a proceeding to the fullest extent permitted by and in accordance with the Indemnification Section. Notwithstanding the foregoing, the Corporation shall be required to indemnify a director or officer in connection with a proceeding commenced by such director or officer against the Corporation or its directors or officers only if the proceeding was authorized by the Board of Directors."

The MGCL authorizes a Maryland corporation to limit by provision in its Articles of Incorporation the liability of directors and officers to the corporation or to its shareholders for money damages except to the extent:

- (1) the director or officer actually receives an improper benefit or profit in money, property, or services, for the amount of the benefit or profit actually received, or
- (2) a judgment or other final adjudication adverse to the director or officer is entered in a proceeding based on a finding in the proceeding that the director's or officer's action, or failure to act, was the result of active and deliberate dishonesty and was material to the cause of action adjudicated in the proceeding.

The Corporation has limited the liability of its directors and officers for money damages in Article NINTH of its Charter. This provision reads as follows:

“NINTH: No Director or officer of the Corporation shall be liable to the Corporation or to its shareholders for money damages except (i) to the extent that it is proved that such Director or officer actually received an improper benefit or profit in money, property or services, for the amount of the benefit or profit in money, property or services actually received, or (ii) to the extent that a judgment or other final adjudication adverse to such Director or officer is entered in a proceeding based on a finding in the proceeding that such Director’s or officer’s action, or failure to act, was the result of active and deliberate dishonesty and was material to the cause of action adjudicated in the proceeding. No amendment of these Articles of Incorporation or repeal of any of its provisions shall limit or eliminate the benefits provided to directors and officers under this provision with respect to any act or omission which occurred prior to such amendment.”

II-5

As permitted under Section 2-418(k) of the MGCL, the Corporation has purchased and maintains insurance on behalf of its directors and officers against any liability asserted against such directors and officers in their capacities as such, whether or not the Corporation would have the power to indemnify such persons under the provisions of Maryland law governing indemnification.

Section 8(k) of the Federal Deposit Insurance Act (the "FDI Act") provides that the Federal Deposit Insurance Corporation (the "FDIC") may prohibit or limit, by regulation or order, payments by any insured depository institution or its holding company for the benefit of directors and officers of the insured depository institution, or others who are or were "institution-affiliated parties," as defined under the FDI Act, to pay or reimburse such person for any liability or legal expense sustained with regard to any administrative or civil enforcement action which results in a final order against the person. The FDIC has adopted regulations prohibiting, subject to certain exceptions, insured depository institutions, their subsidiaries and affiliated holding companies from indemnifying officers, directors or employees for any civil money penalty or judgment resulting from an administrative or civil enforcement action commenced by any federal banking agency, or for that portion of the costs sustained with regard to such an action that results in a final order or settlement that is adverse to the director, officer or employee.

Item 16. Exhibits

The exhibits filed with this registration statement are listed in the Exhibit Index that immediately follows the signatures hereto, which Exhibit Index is incorporated herein by reference.

Item 17. Undertakings.

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in

the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the “Calculation of Registration Fee” table in the effective registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

II-6

Provided, however, that paragraphs (a)(1)(i), (a)(1)(ii), and (a)(1)(iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) N/A.

(5) That, for the purpose of determining liability under the Securities Act to any purchaser, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

(6) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

- (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

 - (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

 - (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
- (b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in this registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c)-(g) N/A.

(h) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(i)-(l) N/A.
