TABLE OF CONTENTS

Throughout this Proxy Statement, unless the context indicates otherwise, when we use the terms the company, we, our or us, we are referring to ServisFirst Bancshares, Inc. and its wholly-owned subsidiary, ServisFirst Bank (which we refer to as the bank). When we use the term Annual Meeting, we intend to include both the Annual Meeting to be held on the date and at the time and place identified above and any adjournment or postponement of such Annual Meeting.

PROPOSAL 1: ELECTION OF DIRECTORS

Under our bylaws, our board of directors consists of six directors unless a different number is fixed from time to time by resolution passed by a majority of our board of directors, which is the only means of fixing a different number. Six directors will be elected at the Annual Meeting to hold office until our 2018 Annual Meeting of Stockholders and until their successors are elected and have qualified.

Our board has nominated the six persons named below, all of whom currently serve as directors, for election as directors at the 2017 Annual Meeting. Each of our director nominees has served as a director of the bank since its inception in 2005 and as a director of the company since our formation in 2007. Each of these nominees has consented to serve as a director, if re-elected. Unless otherwise instructed, the management proxies intend to vote the proxies received by them for the election of all six of these nominees. If any nominee identified below becomes unable to serve as a director before the Annual Meeting, the management proxies will vote the proxies received by them for the election of a substitute nominee selected by our board of directors.

Annual Election of Directors

The six nominees receiving the most votes cast in the election of directors by holders of shares of common stock present or represented by proxy and entitled to vote at the Annual Meeting will be elected to serve as directors of the company for the next year. As a result, although shares as to which the authority to vote is withheld will be counted, such withhold votes will have no effect on the outcome of the election of directors, except with respect to our director resignation policy.

Information regarding directors and director nominees and their ages as of the record date is as follows:

The Board of Directors Unanimously Recommends a Vote FOR the Election of Each of the Board Nominees Named Above.

TABLE OF CONTENTS

CORPORATE GOVERNANCE

Our business is managed under the direction of our board of directors. The board has the legal responsibility for overseeing the affairs and performance of the company. The primary responsibility of the board is to exercise their business judgment in what they believe to be in the best interests of the company and its stockholders.

Recent Corporate Governance Initiatives

We understand that corporate governance practices evolve over time, and we seek to adopt and use practices that we believe will be of value to our stockholders and will positively aid in the governance of the company. In connection with our annual corporate governance review, in 2015 we made changes to our corporate governance policies and procedures, including the adoption of an Incentive Compensation Clawback Policy, and in October 2016 we adopted a director resignation policy.

Other Governance Practices

Our board of directors believes that sound governance practices and policies provide an important framework to assist them in fulfilling their oversight duty. In March 2014, our board formally adopted the Corporate Governance Guidelines of ServisFirst Bancshares, Inc. (the Governance Guidelines), which include a number of the practices and policies under which our board has operated for some time, together with concepts suggested by various authorities in corporate governance and the requirements under the NASDAQ Global Select Market's listed company rules and the Sarbanes-Oxley Act of 2002.

Each year our board of directors reviews our Governance Guidelines and other governance documents and modifies them as it deems appropriate. These documents include the Governance Guidelines, the committee charters, our Code of Business Conduct and Ethics, our Related Party Transactions Policy and other key policies and practices. Copies of the currently effective charters for each board committee, the Code of Business Conduct and Ethics, the Governance Guidelines and certain other corporate governance policies are available on the company's website at www.servisfirstbank.com under the Investor Relations tab.

Some of the principal subjects covered by our Governance Guidelines comprise:

Director Qualifications, which include: a board candidate's independence, experience, knowledge, skills, expertise, integrity, ability to make independent analytical inquiries; his or her understanding of our business and the business environment in which we operate; and the candidate's ability and willingness to devote adequate time and effort to board responsibilities, taking into account the candidate's employment and other board commitments.

Responsibilities of Directors, which include: acting in the best interests of all stockholders; maintaining independence; developing and maintaining a sound understanding of our business and the industry in which we operate; preparing for and attending board and board committee meetings; and providing active, objective and constructive participation at those meetings.

Director Access to Management and, as Necessary and Appropriate, Independent Advisors, which covers: encouraging presentations to our board from the officers responsible for functional areas of our business and from outside consultants who are engaged to conduct periodic reviews of various aspects of our operations or the quality of certain of our assets, such as the bank's loan portfolio.

Director Orientation and Continuing Education, such as: programs to familiarize directors with any changes to our business, strategic plans, and significant financial, accounting and risk management issues; our compliance programs and conflicts policies; our code of business conduct and ethics and our corporate governance guidelines. In addition, each director is expected to participate in continuing education programs relating to developments in our business and in corporate governance.

Regularly Scheduled Executive Sessions, without Management, will be held by our board and by the Audit Committee, which meets separately with our independent auditors.

Director Resignation Policy

In October 2016, our board approved and adopted a Director Resignation Policy. This policy provides that, in an uncontested election, any director nominee who receives a greater number of Withhold votes than votes For his or her election shall promptly tender his or her resignation to the Chairman of our board following the certification of the election results. The company's Corporate Governance and Nominations Committee (CG&N Committee) will consider the offer of resignation and recommend to the board whether to accept or reject the resignation. Our board must then act on the recommendation within 90 days following certification of the election results following receipt of the recommendation. After the board makes a formal decision on the CG&N Committee's recommendation, the company must publicly disclose the action on a Current Report on Form 8-K within four business days of the decision. If the board determines to take any action other than accepting

TABLE OF CONTENTS

such resignation, the Current Report must also include the board's rationale supporting its decision. A copy of our director resignation policy is available on our website www.servisfirstbank.com under the "Investor Relations" tab.

Incentive Compensation Clawback Policy

Our board has approved and adopted a Clawback Policy for recovery of incentive compensation from the company's current and former executive officers under certain circumstances. The Clawback Policy is designed to comply with Section 10D of the Securities Exchange Act of 1934 (the "Exchange Act") and proposed rule 10D-1. The Clawback Policy provides that, in the event the company is required to restate financial results due to material noncompliance with any financial reporting requirement under the securities laws, the board may adjust future compensation, cancel outstanding awards, seek recoupment of previous awards and take any other remedial and recovery action permitted by law, to recoup all or a portion of any incentive compensation approved, awarded or granted to an executive officer of the company after the date of adoption of the Clawback Policy and such award, vesting or payment occurred or was received during the three completed fiscal years immediately preceding the date on which the company is required to prepare the restatement. The Clawback Policy applies when the Compensation Committee has determined that the incentive compensation approved, awarded or granted was predicated upon the achievement of certain financial results that were the subject of the restatement and that a lesser amount of incentive compensation would have been approved, awarded or granted to the executive officer based upon the restated financial results. In each such instance, the company will seek to recoup the amounts by which an executive officer's incentive compensation that was awarded, vested or paid during the three-year period referenced above exceeded the amounts that would have been awarded, vested or paid based on the restated financial results.

Stock Ownership of Board and Executives

Long-term stock ownership is deeply engrained in our culture and reflects our board's strong commitment to the company's success. We have reviewed the stock ownership policies of other financial institutions, the criteria identified by certain proxy advisory firms in determining whether a stock ownership policy is rigorous or robust, and the stock ownership of our directors and executive officers. We ultimately concluded not to adopt a formal stock ownership policy at this stage of the company's existence primarily because the current ownership levels of our directors and, with one exception, our named executive officers far exceed the ownership requirements of even the most rigorous policies we reviewed. Using the market price and the number of shares of common stock beneficially owned as of December 31, 2016, each of our non-employee directors held common stock valued at well over 500 times such director's annual retainer, our Chief Executive Officer held common stock valued at well over 75 times his annual base salary, and each of our other named executive officers, with the exception of Mr. Owens, held common stock valued at over 25 times his annual base salary.

Our board annually reviews our Governance Guidelines and other governance documents and practices and modifies them as it deems appropriate. Although we will reconsider adopting stock ownership guidelines in the future, including in the event of board or management changes, we intend to operate the company in a way that we believe makes the most sense taking into account numerous factors.

Policy Against Hedging Activities

The company is dedicated to growing its business and enhancing stockholder value in an ethical way while being mindful of the need to avoid taking actions that pose undue risk or have the appearance of posing undue risk to the company. Our goal is to grow stockholder value in both the short term and in the longer term, and we expect our directors, officers and employees to have the same goals as the company. Consistent with these goals, our Insider

Trading Policy prohibits any of our directors, officers and employees from engaging in hedging activities involving the company's securities, including short sales, puts, calls, collars, swaps, forward sale contracts, or other derivative securities based on the company's securities.

Policy Against Pledging Activities

Our Insider Trading Policy prohibits our directors, officers and employees from pledging our securities as collateral for loans unless approved by our Insider Trading Compliance Officer. While being mindful of the need to avoid taking actions that pose undue risk or appear to pose undue risk to our company, we also appreciate our situation may be unique. We are a public company that has, since the bank's inception in 2005 and our formation in 2007, experienced a relatively high amount of success. As a result of this success, a significant portion of the wealth of some of our officers and employees resides in their ownership of our common stock. As detailed above, all of our directors and all but one of our executive officers owns enough shares of common stock to far exceed the multiples of base salary or annual cash retainer typically required by stock ownership guidelines. Accordingly, we provide our Insider Trading Compliance Officer with the discretion to permit pledges in certain limited circumstances.

Board Independence

The cornerstone of our corporate governance program is an independent and qualified board of directors. The board has established guidelines consistent with the current listing standards of the NASDAQ Global Select Market for determining director independence. You can find these guidelines in our Governance Guidelines, which are posted on the company's website at www.servisfirstbank.com under the Investor Relations tab.

During its most recent review, our board considered transactions and relationships between each director or any member of a director's immediate family and us and the bank. Our board also considered whether there were any transactions or relationships between our company and any entity of which a director or an immediate family member of a director is an executive officer, general partner or significant equity holder. The purpose of this review was to determine whether any such relationships or transactions existed that were inconsistent with a determination that a director is independent. Independent directors must be free of any relationship with us or our management that may impair the director's ability to make independent judgments.

Our CG&N Committee has determined in its business judgment that five of the company's six directors are independent as defined in the applicable NASDAQ Global Select Market listing standards, including that each member is free of any relationships that would interfere with his individual exercise of independent judgment. Our independent directors are Messrs. Brock, Cashio, Filler, Fuller and Smith. Mr. Broughton is considered an inside director because of his employment as our President and Chief Executive Officer.

The Role of Our Board of Directors

The members of our board also are members of the board of directors of the bank, which accounts for substantially all of our consolidated operating results. The members of our board keep informed about our business through discussions with senior management and other officers and managers of the company and the bank, by reviewing analyses and reports sent to them by management and outside consultants, and by participating in meetings of the board and meetings of those board committees on which they serve.

Board Leadership Structure

We believe that our stockholders are best served by a strong, independent board of directors with extensive business experience and strong ties to our markets. We believe that objective oversight of the performance of our management team is critical to effective corporate governance, and we believe our board provides such objective oversight.

Since our inception, we have kept separate the offices of Chairman of the Board and Chief Executive Officer, and an independent director has always held the position of Chairman of the Board. We believe that this provides us with the benefit of complementary perspectives and ensures that our board's oversight function remains fully objective. Although we do not have a fixed policy requiring the separation of such offices, instead believing that it is appropriate for our board to determine the structure that best meets our needs from time to time, it is our current intention to retain the present structure for the foreseeable future.

In addition, our three standing committees, which are described below under *Board Committees and Their Functions*, are composed exclusively of independent directors. We believe that this structure further reinforces the board's role as an objective overseer of our business, operations and day-to-day management.

The Board's Role in Risk Oversight

Our board is ultimately responsible for the management of risks inherent in our business. In our day-to-day operations, senior management is responsible for instituting risk management practices that are consistent with our overall business strategy and risk tolerance. In addition, because our operations are conducted primarily through the bank, we maintain an asset-liability and investment committee at the bank level, consisting of four executive officers of the bank. This committee is charged with monitoring our liquidity and funds positions. The committee regularly reviews the rate sensitivity position on three-month, six-month and one-year time horizons; loans-to-deposits ratios; and average maturities for certain categories of liabilities. This committee reports to our board of directors at least quarterly, and otherwise as needed. Outside of formal meetings, which our board holds every month, our board and its committees have regular access to senior executives, including our Chief Executive Officer, Chief Operating Officer and Chief Financial Officer, as well as our senior credit officers. We believe that this structure allows the board to maintain effective oversight over our risks and to ensure that our management personnel are following prudent and appropriate risk management practices.

Our board of directors has determined that each Compensation Committee member is independent under the rules of the NASDAQ Global Select Market and an outside director for purposes of Section 162(m) of the Internal Revenue Code of 1986.

Corporate Governance and Nominations Committee

Number of meetings in 2016: 0

Functions:

Establishes the criteria for selecting candidates for nomination to our board, actively seeks candidates who meet those criteria and makes recommendations to our board of directors to fill vacancies on, or make additions to, our board or any committee of our board (see *Other Governance Practices* for a detailed discussion of qualification criteria);

Develops and recommends to our board standards to be applied in making determinations as to the absence of material relationships between the company and a director;

The CG&N Committee will consider stockholder nominees for election to our board that are timely recommended by stockholders provided that a complete description of the nominees' qualifications, experience and background, together

with a statement signed by each nominee in which he or she consents to act as a board member if elected, accompany the recommendations. No stockholder nominations for director candidates were received for the 2017 Annual Meeting.

In evaluating nominees for director, the CG&N Committee believes that, at this stage of the company's existence, it is of primary importance to ensure that the board's composition reflects a diversity of business experience and community leadership, as well as a demonstrated ability to promote the company's strategic objectives and expand its presence, profile and customer base in its local markets. Accordingly, while the CG&N Committee may consider other types of diversity in evaluating nominees, the committee does not follow any specific formula for considering factors such as race, gender or national origin in evaluating nominees and potential nominees, nor does it apply any quotas with respect to such factors.

Our board of directors has determined that each member of the CG&N Committee is independent under the standards of independence of the rules of the NASDAQ Global Select Market.

TABLE OF CONTENTS

Director Attendance

Our board of directors held twelve meetings in 2016. Each director attended more than 75% of the aggregate of: (i) the number of meetings of the board of directors held during the period he served on the board; and (ii) the number of meetings of committees of the board of directors held during the period he served on such committees. While we do not have a formal policy regarding director attendance at our annual meetings, we generally expect our directors to attend if at all possible. Each director attended the 2016 Annual Meeting other than Messrs. Brock, Filler and Smith.

Certain Relationships and Related Transactions

We have not entered into any business transactions with related parties required to be disclosed under Rule 404(a) of Regulation S-K other than banking transactions in the ordinary course of our business with our directors and officers, as well as members of their families and corporations, partnerships or other organizations in which they have a controlling interest. Management recognizes that related party transactions can present unique risks and potential conflicts of interest (in appearance and in fact). Therefore, we maintain written policies around interactions with related parties which require that these transactions are entered into and maintained on the following terms:

in the case of banking transactions, each is on substantially the same terms, including price or interest rate, collateral and fees, as those prevailing at the time for comparable transactions with unrelated parties that are not expected to involve more than the normal risk of collectability or present other unfavorable features to the bank; and

in the case of any related party transactions, including banking transactions, each is approved by a majority of the directors who do not have an interest in the transaction.

A copy of our policy governing related party transactions is available on our website www.servisfirstbank.com under the Investor Relations tab.

The aggregate amount of indebtedness from our directors and executive officers (including their affiliates) to the bank as of December 31, 2016 was approximately \$10.8 million, which equaled 2.07% of our total equity capital as of that date. Less than 1% of these loans were installment loans to individuals. Related party transactions are made in the ordinary course of business, on substantially the same terms, including interest rates and collateral (where applicable), as those prevailing at the time for comparable transactions with persons not related to us, and do not involve more than normal risk of collectability or present other features unfavorable to us. As of the date of this Proxy Statement, no related party loans were categorized as non-accrual, past due, restructured or potential problem loans. We anticipate making related party loans in the future to the same extent as we have in the past.

Code of Conduct for Directors and Employees

Our board of directors has adopted a Code of Business Conduct and Ethics that applies to all of our employees, officers and directors. The Code of Business Conduct and Ethics covers compliance with law; fair and honest dealings with us, with competitors and with others; fair and honest disclosure to the public; and procedures for compliance with the Code of Business Conduct and Ethics. A copy of our Code of Business Conduct and Ethics is, and any amendment to or waiver from a provision of our Code of Business Conduct and Ethics will be, available free of charge on our website at www.servisfirstbank.com under the Investor Relations tab.

Communications with the Board

You may contact any of our independent directors, individually or as a group, by writing to them c/o William M. Foshee, Chief Financial Officer, ServisFirst Bancshares, Inc., 850 Shades Creek Parkway, Suite 200, Birmingham, Alabama 35209. Mr. Foshee will review and forward to the appropriate directors copies of all such correspondence that, in the opinion of Mr. Foshee, deals with the functions of the board of directors or its committees or that he otherwise determines requires their attention. Concerns relating to accounting, internal controls or auditing matters will be brought promptly to the attention of the Chairman of the audit committee and will be handled in accordance with procedures established by the audit committee.

TABLE OF CONTENTS**DIRECTOR COMPENSATION**

We believe our current board composition is unique. Each of our directors has been a member of our board since our formation in 2007 and a member of the board of the bank since its inception in 2005. As of March 20, 2017, our five non-employee directors beneficially owned, collectively, approximately 9.05% of our outstanding common stock. We try to structure director compensation to attract and retain qualified non-employee directors and to further align the interests of directors with the interests of our stockholders. The Compensation Committee periodically reviews non-employee director compensation trends and makes recommendations to the board on compensation for our non-employee directors.

Annual Retainers and Meeting Fees

Directors each receive an annual cash retainer of \$15,000, except that our chairman of the board receives a \$20,000 annual retainer and our audit committee chairman receives a \$20,000 annual retainer. Directors are paid \$600 for each board meeting or board event attended, and \$250 for each committee meeting attended, other than compensation committee meetings that occur on the same day as full board meetings. Mr. Broughton is a named executive officer, and his compensation is reflected in the Summary Compensation Table.

PROPOSAL 2: ADVISORY VOTE ON EXECUTIVE COMPENSATION

As required under Section 14A of the Exchange Act, we provide our stockholders with an annual advisory vote on the compensation of our named executive officers. At the 2016 Annual Meeting, approximately 97% of the votes cast (which excludes broker non-votes) supported our executive compensation program.

Our Compensation Committee reviewed the results of the advisory vote and did not implement any significant changes to our executive compensation as a result of the say-on-pay advisory vote. The Compensation Committee recognizes that effective practices evolve, and the committee will continue to consider changes as needed to keep our executive compensation program competitive and tightly linked to performance.

Consistent with our stockholders' preference and prevailing demand, we expect to hold an advisory vote on executive compensation every year. This year, we are asking stockholders to approve the following resolution:

RESOLVED, that the compensation paid to the company's named executive officers as disclosed in the Proxy Statement for the 2017 Annual Meeting of Stockholders pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby approved.

The advisory vote will not be binding on the Compensation Committee or the board of directors. However, they will carefully consider the outcome of the vote and take into consideration any specific concerns raised by investors when determining future compensation arrangements.

The Board of Directors Unanimously Recommends a Vote FOR the Resolution Approving the Compensation Paid to Our Named Executive Officers.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis (CD&A)

This CD&A describes our executive compensation objectives and philosophy. It also describes our compensation program and reviews the compensation outcomes for fiscal 2016. Our named executive officers in 2016 were:

Thomas A. Broughton III, President and Chief Executive Officer

Clarence C. Pouncey III, Executive Vice President and Chief Operating Officer

William M. Foshee, Executive Vice President and Chief Financial Officer

Rodney E. Rushing, Executive Vice President and Executive for Correspondent Banking

Don G. Owens, Senior Vice President and Chief Credit Officer

We are a bank holding company headquartered in Birmingham, Alabama. Our bank, founded in 2005, provides commercial banking services through 19 full-service banking offices located in Alabama, Georgia, South Carolina, Tennessee and Florida. We operate our bank using a simple business model based on organic loan and deposit growth, generated through high quality customer service, delivered by a team of experienced bankers focused on developing and maintaining long-term banking relationships with our target customers. Our strategy focuses on operating a limited and efficient branch network with sizable aggregate balances of total loans and deposits housed in each branch office. We strive to translate this business model and strategy into higher profits for our stockholders.

Our compensation program is intended to incentivize our named executive officers to pursue strategies and actions that promote both annual and longer-term value to stockholders, consistent with the intention of our business model.

We have experienced accelerated growth and change in recent years during the last four years, we have taken the company public through our initial public offering, increased our geographic footprint to include branch offices in South Carolina, Tennessee and Georgia, effectuated a 3-for-1 stock dividend and a 2-for-1 stock dividend and instituted a quarterly cash dividend while increasing our net income from approximately \$34.4 million to approximately \$81.5 million and we believe our compensation processes have been designed to permit us to attract and retain the highly skilled executive and management staff who have been instrumental to our past successes and who will be key to our future.

Each of our five named executive officers also holds the same position with the bank. All of such officers remain employees of the bank for payroll and tax purposes. The board of directors of the bank also has a compensation committee. At the time we became a bank holding company, our board of directors appointed a separate Compensation Committee, consisting of the same individuals as the compensation committee of the bank, with the authority to determine the compensation of our Chief Executive Officer and, either independently or with other independent directors of the board, the compensation of our other executive officers, and to further administer any equity or other incentive plans. Because our officers, including Messrs. Broughton, Pouncey, Foshee, Rushing and Owens, remain employees of the bank for payroll and tax purposes, their compensation is set by the compensation committee of the bank, as a technical matter. However, such compensation is then approved by the bank's board of directors and by our board of directors. Because both compensation committees consist of the same persons, as do both boards of directors, references herein to our or the Compensation Committee will be deemed to refer to our Compensation Committee and/or the bank's compensation committee, as applicable. No executive officers of the company make any recommendations to the Compensation Committee or participate in any way regarding the compensation of other executive officers, other than the President and Chief Executive Officer, Mr. Broughton. The Compensation Committee consults with Mr. Broughton to gain a better insight into the performance of the executive

team as a basis for the Compensation Committee's determinations regarding executive compensation. While the Compensation Committee consults with Mr. Broughton, the Compensation Committee makes its decisions independently.

Compensation Philosophy and Objectives

In order to recruit, retain and appropriately incentivize the most qualified and competent individuals as executive officers, we strive to maintain a compensation program that not only is competitive in our market but that also provides our Compensation Committee with the flexibility to determine incentive compensation using a common sense approach. Our Compensation Committee believes that the most effective executive compensation program is one that is designed to reward the achievement of specific annual, long-term and strategic goals by us and the bank, and which aligns executives' interests with those of our stockholders by rewarding performance, with the ultimate objective of improving stockholder value.

Our board and Compensation Committee have found that people do what you incentivize them to do. We believe that it is of paramount importance to be careful when setting absolute incentive compensation goals. Instead, our Compensation Committee is thoughtful about the objective performance measures it uses to incentivize executive officers and, when determining the incentive compensation of each executive, our Compensation Committee considers all available information, including the company's overall performance.

TABLE OF CONTENTS

The Compensation Committee believes that executive compensation packages should include cash, annual short-term cash incentives and long-term equity based incentives that reward performance as measured against established company, business unit and individual goals. These goals may include any number of criteria and may be unique to the particular executive officer based upon his or her duties, but the criteria typically include net income, asset growth and deposit growth and contain a credit quality component, in addition to considering such executive officer's personal production. Above all, though, the Compensation Committee endeavors to use a common sense approach when determining incentive compensation and establishing incentive goals. To our Compensation Committee, a common sense approach means maintaining a compensation program that adapts to the circumstances and performance of each executive officer, considers the performance in the area of responsibility of such officer, including the achievement of established performance measures, and takes into account the company's overall performance.

Additionally, the Compensation Committee believes that we should offer competitive benefit plans, including health insurance and a 401(k) plan. We also have entered into change in control agreements that apply to particular circumstances where we believe it is important to ensure the retention of certain key executives during the critical period immediately preceding a change in control, if and when applicable.

The Compensation Committee evaluates both performance and compensation to ensure that we maintain our ability to attract, retain and properly incentivize superior employees in key positions and that compensation provided to the named executive officers and other officers remains competitive relative to the compensation paid to similarly situated executives of our peers. Although our Compensation Committee has not designated a specific peer group for this purpose, it relies on general information about similarly sized financial institutions in similar markets. In addition, the Compensation Committee retains compensation consultants from time to time in order to obtain detailed comparisons of our executive compensation as compared to our similarly sized competitors. The Compensation Committee did not retain a compensation consultant during 2016, but it plans to retain compensation consultants again in future years.

All of our named executive officers received stock options and were encouraged to purchase our stock when they joined the company. We want each of our executive officers to think like a stockholder, which means we want all of our executive officers to be substantial stockholders so that their interests are aligned with those of our other stockholders.

The fundamental purpose of our executive compensation program is to assist us in achieving our financial and operating performance objectives. Specifically, our compensation program has two basic objectives:

to attract, retain and motivate our executive officers by fairly compensating them, which includes rewarding executives upon the achievement of measurable company, business unit and individual performance goals; and to align each executive's interests with the creation of stockholder value—that is, we want our executives to be long our stock rather than long a paycheck.

Elements of our Compensation Program

Base salary: This element is intended to directly reflect an executive's job responsibilities and his or her value to us. We also use this element to attract and retain our executives and, to some extent, acknowledge each executive's individual efforts in furthering our strategic goals.

Annual short-term cash incentives: This annual cash incentive is one of the performance-based elements of our compensation. It is intended to motivate our executives and to provide a current reward for short-term (annual) measurable performance.

Equity-based incentives: The grant of stock options and/or other equity-based incentive compensation is the method we use to align the interests of our named executive officers with the interests of our stockholders, which is another element of performance-based compensation.

Perquisites and benefits: These benefits and plans are intended to attract and retain qualified executives, by ensuring that our compensation program is competitive and provides an adequate opportunity for retirement savings. We believe that, to a limited degree, these programs tend to reward long-term service or loyalty to us.

Change in control agreements: These agreements, or comparable provisions in an employment or similar agreement, provide a form of severance payable in the event we are the subject of a change in control. They are primarily intended to align the interests of our executives with our stockholders by providing for a secure financial transition in the event of termination in connection with a change in control.

General Compensation Policies

To reward both short- and long-term performance in the compensation program and in furtherance of our compensation objectives noted above, our executive officer compensation philosophy includes the following principles:

Compensation should be related to performance. The Compensation Committee believes that a significant portion of an executive officer's compensation should be tied not only to individual performance, but also the company's performance measured against both financial and non-financial goals and objectives.

Incentive compensation should represent a portion of an executive officer's total compensation. The Compensation Committee is committed to providing competitive compensation that reflects our performance and that of the individual officer or employee.

Compensation levels should be competitive. The Compensation Committee reviews available data to ensure that our compensation is competitive with that provided by other comparable companies. The Compensation Committee believes that competitive compensation enhances our ability to attract and retain executive officers.

Incentive compensation should balance short-term and long-term performance. The Compensation Committee seeks to achieve a balance between encouraging strong short-term annual results and ensuring our long-term viability and success. To reinforce the importance of balancing these perspectives, executive officers generally will be provided both short- and long-term incentives. Prior to 2009, we provided our executive officers, non-employee directors and employees with the means to become stockholders and to share accretion in value with our external stockholders through our 2005 Amended and Restated Stock Incentive Plan. In 2009, we continued that process through the adoption and approval by our stockholders of our 2009 Stock Incentive Plan, which was amended and restated in 2014. The Compensation Committee does not make automatic equity grants each fiscal year, preferring instead to utilize such grants on an as-needed basis to provide additional long-term incentives. Such equity long-term incentives historically have not vested immediately, but rather require the officers and directors that receive such grants to earn them over a period of years with the company.

The Compensation Committee does not use a specific formula to determine the amount allocated to each element of compensation. Instead, the Compensation Committee analyzes the total compensation paid to each executive and makes individual compensation decisions as to the mixture between base salary, annual short-term cash incentives and equity-based incentives. To date, in determining the amount or mixture of compensation to be paid to any executive, the Compensation Committee has not considered any severance payment to be paid under an employment agreement or change in control agreement or any equity-based incentives previously awarded. Further, because of the significant stock ownership of all but one of our named executive officers, the Compensation Committee has not adopted any specific stock ownership or holding guidelines that would affect such determinations.

For fiscal year 2016, an average of 40.16% of our named executive officers' compensation was in annual short-term cash incentives which, as described below, are largely performance-based awards. None of our named executive officers' compensation was in long-term equity-based incentives or stock options for fiscal year 2016. The following table illustrates the percentage of each named executive officer's total compensation, as reported in the Summary Compensation Table below, related to base salary, annual short-term cash incentives and long-term equity-based incentives:

TABLE OF CONTENTS

Chief Executive Officer Compensation

The compensation of Thomas A. Broughton III, our President and Chief Executive Officer, is discussed throughout the following paragraphs. The Compensation Committee establishes Mr. Broughton's compensation package each year with the intent of providing compensation designed to retain Mr. Broughton's services and motivate him to perform to the best of his abilities. Mr. Broughton's 2016 base salary and incentive compensation reflect the Compensation Committee's and our board's determination of the total compensation package necessary to meet this objective.

Annual Base Salary

The Compensation Committee endeavors to establish base salary levels for executives that are consistent and competitive with those provided for similarly situated executives of other similar financial institutions, taking into account each executive's areas and level of responsibility.

For the year ended December 31, 2016, the Compensation Committee increased the base salaries of our named executive officers as follows:

CEO: To \$400,000 from \$375,000, an increase of 6.67%;

CFO: To \$255,000 from \$245,000, an increase of 4.08%;

COO: To \$286,000 from \$275,000, an increase of 4.00%;

Executive for Correspondent Banking: To \$273,000 from \$260,000, an increase of 5.00%; and

CCO: To \$203,000, from \$194,688, an increase of 4.27%.

None of our named executive officers have employment agreements. See *Potential Payments Upon Termination or Change in Control* below for a more detailed discussion.

Annual Short-Term Cash Incentive Compensation

For the year ended December 31, 2016, the Compensation Committee relied on various performance measurements for defining executive officer cash incentive compensation for the named executive officers which included, among others, our net income, asset growth and loan growth, the executive's individual production and our asset quality. Each of the performance measurements was applied and determined at the discretion of the Compensation Committee. The potential award level for Mr. Broughton is purely discretionary, but the potential cash award level for each of our other named executive officers is generally limited to 50% of their respective base salaries. The Compensation Committee also has discretionary authority to establish stretch performance goals for individual officers, potentially allowing for cash incentive compensation in excess of 50% of an officer's base salary. In 2016, the Committee established such stretch goals for Messrs. Foshee, Pouncey and Rushing, meaning that each of such officers had the opportunity to earn cash incentive compensation of 60% or more of their respective base salaries. Mr. Owens has stretch performance goals that would potentially allow for cash incentive compensation of 30% of his base salary. We do not have any contractual obligations to provide the opportunity to earn specified levels of cash incentive compensation or to limit cash incentive compensation to a specified percentage, and thus such determination is entirely within the discretion of the Compensation Committee. The Compensation Committee makes a determination of awards based on the information available to it at the time the award is made. As discussed in more detail in *Corporate Governance Other Governance Practices Incentive Compensation Clawback Policy*, our board adopted a Clawback Policy to recover awards or payments if the relevant company performance measures upon which they are based are restated in a manner that would reduce the size of an award or payment.

TABLE OF CONTENTS

Although the achievement of any of the specific and objective numerical targets set by the Compensation Committee does not alone ensure an incentive compensation award, the Compensation Committee believed that, based upon our overall performance and the specific individual performance levels of our named executive officers, it was appropriate to provide significant cash incentive bonuses to all of our named executive officers for 2016. Accordingly, for the year ended December 31, 2016 and based upon the attainment of the specific objective numerical targets, our overall performance and such officers' individual performance for 2016, the Compensation Committee awarded the cash incentive compensation set forth in the table below.

The table below details, for each named executive officer, the range of cash incentive compensation each was eligible to earn (expressed as a percentage of base salary), cash incentive compensation paid as a percentage of base salary and cash incentive compensation paid for 2016 performance.

Name	2016 Incentive Range (%)	2016 Incentive as a Percentage of Base Salary (%)	2016 Incentive Paid (\$)
Thomas A. Broughton III	None	125.00%	\$ 500,000
William M. Foshee	0% - 60%	64.71%	\$ 165,000
Clarence C. Pouncey III	0% - 60%	62.94%	\$ 180,000
Rodney E. Rushing	0% - 60%	60.07%	\$ 164,000
Don G. Owens	0% - 30%	29.56%	\$ 60,000

Equity-Based Incentive Compensation

In general, we have granted stock options to our executive officers only in connection with their initial hiring, but with vesting schedules designed to enhance their retention and align their interests with those of our stockholders. These stock options generally vest within seven years from their date of grant, with many grants not beginning to vest until three years following their date of grant. However, in recognition of the contributions made by our Chief Executive Officer, Mr. Broughton has received both stock options and restricted stock awards from time to time. Mr. Foshee, our Chief Financial Officer, has also received additional stock option grants since his initial hiring. None of our named executive officers received grants of stock-based awards during the year ended December 31, 2016. See *Executive Compensation - Outstanding Equity Awards at Fiscal Year-End* for a detailed description of the vesting schedules of each of the options granted to the named executive officers that were outstanding at December 31, 2016.

Our Stock Incentive Plans allow for the accelerated vesting of equity awards in the event of a change in control. In general, under these Plans a change in control means a reorganization, merger or consolidation of the company or the bank with or into another entity where our stockholders before the transaction own less than 50% of our combined voting power after the transaction, a sale of all or substantially all of our assets or a purchase of more than 50% of the combined voting power of our outstanding capital stock in a single transaction or a series of related transactions by one person (as that term is used in Section 13(d) of the Exchange Act) or more than one person acting in concert.

Severance and Change in Control

We do not have an employment or other agreement with Messrs. Broughton, Rushing or Owens that would require us to pay them severance payments upon termination of employment. We have entered into change in control agreements with Mr. Foshee and Mr. Pouncey. See *Executive Compensation Potential Payments Upon Termination or Change in Control* for more information.

Pension Benefits

Nonqualified Deferred Compensation Plans

The company does not maintain any defined contribution or other plans that provide for the deferral of compensation on a basis that is not tax-qualified.

Effect of Compensation Policies and Practices on Risk Management and Risk-Taking Incentives

There is inherent risk in the business of banking. However, we do not believe that any of our compensation policies and practices provide incentives to our employees to take risks that are reasonably likely to have a material adverse effect on us. We believe that our compensation policies and practices are consistent with those of similar bank holding companies and their banking subsidiaries and are intended to encourage and reward performance that is consistent with sound practice in the industry.

Potential Payments Upon Termination or Change in Control

Change in Control Agreements

We have two change in control severance agreements with named executive officers, William M. Foshee and Clarence C. Pouncey III. Each of these change in control agreements was originally entered into with the bank in 2005, but each has been amended and restated to apply to a change in control of the company as well as the bank.

Messrs. Foshee and Pouncey's agreements generally provide for a lump sum payment (equal to two times annual base salary for Mr. Foshee and one times annual base salary for Mr. Pouncey) in the event of the termination of their respective employment by the bank or the company, other than for cause or upon death, disability or attainment of normal retirement date, or by the employee in certain specific instances, in each case if such termination occurs within 24 months after a change in control. These agreements are not employment agreements and do not guarantee employment for any term or period; they only apply if a change in control occurs. The size of each benefit was set through arm's-length negotiations with each individual upon his employment and consistent with general industry standards. Each of these agreements was approved by the board of directors of the bank and the company.

TABLE OF CONTENTS

The term "change in control" is defined in these change in control agreements as any of the following events:

a merger, consolidation or other corporate reorganization (other than a holding company reorganization) involving either the company or the bank in which we do not survive, or if we survive, our stockholders before such transaction do not own more than 50% of, respectively, (i) the common stock of the surviving entity, and (ii) the combined voting power of any other outstanding securities entitled to vote on the election of directors of the surviving entity;

the acquisition, other than from us, by any individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Exchange Act) of beneficial ownership of 50% or more of either the then outstanding shares of our common stock or the combined voting power of our then outstanding voting securities entitled to vote generally in the election of directors; provided, however, that neither of the following shall constitute a change in control: (i) any acquisition by us, by any of our subsidiaries, or by any employee benefit plan (or related trust) of us or our subsidiaries, or (ii) any acquisition by any corporation, entity, or group, if, following such acquisition, more than 50% of the then-outstanding voting rights of such corporation, entity or group are owned, directly or indirectly, by all or substantially all of the persons who were the owners of our common stock immediately prior to such acquisition;

individuals who, as of the effective date of the change in control agreement, constituted our board of directors cease for any reason to constitute at least a majority of our board of directors, except as otherwise provided in the agreement; or

approval by our stockholders of: (i) our or the bank's complete liquidation or dissolution, or (ii) the sale or other disposition of all or substantially all our assets, other than to an entity with respect to which immediately following such sale or other disposition, more than 50% of, respectively, the then-outstanding shares of common stock of such corporation and the combined voting power of the then-outstanding voting securities of such corporation entitled to vote generally in the election of directors, is then beneficially owned, directly or indirectly, by all or substantially all of the individuals and entities who were the beneficial owners, respectively, of our outstanding common stock and our outstanding voting securities immediately prior to such sale or other disposition, in substantially the same proportions as their ownership, immediately prior to such sale or disposition, of our outstanding common stock and our outstanding securities, as the case may be.

Notwithstanding the foregoing, if Section 409A of the Internal Revenue Code would apply to any payment or right arising under the change in control agreements as a result of a change in control as described above, then with respect to such right or payment the only events that would constitute a change in control will be deemed to be those events that would constitute a change in the ownership or effective control of the company, or in the ownership of a substantial portion of the assets of the company in accordance with Section 409A.

The change in control payments are due in the event that we terminate Mr. Foshee or Mr. Pouncey without cause (as defined in the change in control agreement) any time within two years after a change in control. In addition, the change in control payment is triggered in the event that Mr. Foshee or Mr. Pouncey terminates his employment any time within two years after a change in control for any of the following reasons: (i) he is assigned to duties or responsibilities that are materially inconsistent with his position, duties, responsibilities or status immediately preceding such change in control, or a change in his reporting responsibilities or titles in effect at such time resulting in a reduction of his responsibilities or position; (ii) the reduction of his base salary or, to the extent such has been established by the board of directors or its Compensation Committee, target bonus (including any deferred portions thereof) or substantial reduction in his level of benefits or supplemental compensation from those in effect immediately preceding such change in control; or (iii) his transfer to a location requiring a change in residence or a material increase in the amount of travel normally required of him in connection with his employment.

In addition to the cash payments set forth in the change in control agreements, any stock options and restricted stock awards granted to the affected employee will immediately vest upon a change in control.

TABLE OF CONTENTS**Estimated Payments upon a Termination or Change in Control**

Under the agreements, Mr. Foshee is entitled to a change in control payment equal to two times his annual base salary at the time of the change in control and Mr. Pouncey is entitled to a change in control payment equal to one times his annual base salary at the time of the change in control. Assuming that we had a change in control as of December 31, 2016, as defined in both the change in control agreements above, and assuming further that each of the requisite triggering events had occurred as of such date, we estimate that the following officers would receive the following benefits in a lump sum payment within 30 days of their respective termination:

	Pouncey	Foshee
Cash Payment	\$286,000	\$510,000

Furthermore, assuming we had a change in control as of December 31, 2016, as defined in either of our stock incentive plans, and further assuming that the value of the stock as of that date was \$37.44 per share (the closing price on December 30, 2016, the last day in 2016 on which the company's stock was traded), then each of the named executive officers would become immediately vested in their unvested stock options as of such date. The following table contains a schedule of unvested stock options that would vest upon a change in control and the value of such unvested options based upon the difference between \$37.44 per share and their respective exercise prices per share:

PROPOSAL 3: ADVISORY VOTE ON THE FREQUENCY OF FUTURE SAY ON PAY VOTES

The Dodd-Frank Act provides stockholders the opportunity to vote, on an advisory, or non-binding, basis, on how frequently they would like companies to hold an advisory vote on the compensation of executive officers in the manner done in Proposal 2 above. When voting, stockholders may indicate whether they would prefer an advisory vote on named executive officer compensation once every one, two or three years, or they may abstain from the vote.

In accordance with this requirement of the Dodd-Frank Act, we are holding an advisory vote on the frequency of future stockholder advisory votes on our executive compensation program.

After consideration of the frequency alternatives, our board believes that conducting an advisory vote on executive compensation every year is appropriate for the company and its stockholders at this time. If our board determines in the future that a less frequent vote would better serve stockholder interests, the board may make such a recommendation in connection with future advisory votes.

Stockholders are not being asked to approve or disapprove the board's recommendation. Instead, our board is providing a recommendation, but you are being asked to choose one of four options regarding this proposal. You may vote for us to hold advisory votes on our compensation every one, two or three years, or you may abstain from voting on the matter.

The Board of Directors Unanimously Recommends a Vote of EVERY YEAR for the Advisory Vote on the Frequency of Future Say On Pay Votes.

PROPOSAL 4: RATIFY APPOINTMENT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Independent Registered Public Accounting Firm Fees

Subject to the ratification by our stockholders, our board of directors intends to engage Dixon Hughes Goodman LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2017.

The submission of this matter for ratification by stockholders is not legally required; however, our board of directors believes that such submission is consistent with best practices in corporate governance and is an opportunity for stockholders to provide direct feedback to the directors on an important issue of corporate governance. A majority of the total votes cast at the Annual Meeting, either in person or by proxy, will be required for the ratification of the appointment of the independent registered public accounting firm. If our stockholders do not ratify the selection of Dixon Hughes Goodman LLP, the appointment of the independent registered public accounting firm will be reconsidered by the Audit Committee and the board of directors.

The Board of Directors Unanimously Recommends a Vote FOR the Ratification of Dixon Hughes Goodman LLP as our Independent Registered Public Accounting Firm for the Year Ending December 31, 2017.

Independent Registered Public Accounting Firm

Dixon Hughes Goodman LLP was initially engaged as our independent registered public accounting firm on June 18, 2014. Representatives of Dixon Hughes Goodman LLP are expected to be in attendance at our Annual Meeting, will have the opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions.

Audit and Non-Audit Services Pre-Approval Policy

The Audit Committee's charter provides that the Audit Committee must pre-approve services to be performed by our independent registered public accounting firm. In accordance with that requirement, the Audit Committee pre-approved the engagement of Dixon Hughes Goodman LLP pursuant to which it provided the audit and audit-related services described below for the fiscal year ended December 31, 2016. PROPOSAL 5: STOCKHOLDER PROPOSAL REGARDING DIRECTOR ELECTION MAJORITY VOTING STANDARD

Below is a stockholder proposal that we received from the California State Teachers Retirement System (CalSTRS), whose address is 100 Waterfront Place, MS-04, West Sacramento, California, 95605-2807. As of November 18, 2016, prior to the two-for-one stock split that occurred on December 20, 2016, CalSTRS beneficially owned 48,220 shares of our common stock.

In accordance with SEC rules, we have set forth below a stockholder proposal, along with the supporting statement of the stockholder proponent. If properly presented by the proponent, the stockholder proposal will be voted upon at our Annual Meeting. As explained below, our board unanimously recommends that you vote AGAINST the stockholder proposal.

Stockholder Proposal and Supporting Statement

BE IT RESOLVED: That the shareholders of ServisFirst Bancshares, Inc. hereby request that the Board of Directors initiate the appropriate process to amend the Company s articles of incorporation and/or bylaws to provide that director nominees shall be elected by the affirmative vote of the majority of votes cast at an annual meeting of shareholders, with a plurality vote standard retained for contested director elections, that is, when the number of director nominees exceeds the number of board seats.

SUPPORTING STATEMENT:

In order to provide shareholders a meaningful role in director elections, the Company s current director election standard should be changed from a plurality vote standard to a majority vote standard. The majority vote standard is the most appropriate voting standard for director elections where only board nominated candidates are on the ballot, and it will establish a challenging vote standard for board nominees to improve the performance of individual directors and entire boards. Under the Company s current voting system, a nominee for the board can be elected with as little as a single affirmative vote, because withheld votes have no legal effect. A majority vote standard would require that a nominee receive a majority of the votes cast in order to be re-elected and continue to serve as a representative for the shareholders.

In response to strong shareholder support a substantial number of the nation s leading companies have adopted a majority vote standard in company bylaws or articles of incorporation. In fact, more than 94% of the companies in the S&P 500 have adopted majority voting for uncontested elections. We believe the Company needs to join the growing list of companies that have already adopted this standard.

CalSTRS is a long-term shareholder of the Company and we believe that accountability is of utmost importance. We believe the plurality vote standard currently in place at the Company completely disenfranchises shareholders and makes the shareholder s role in director elections meaningless. Majority voting in director elections will empower shareholders with the ability to remove poorly performing directors and increase the directors accountability to the owners of the Company, its shareholders. In addition, those directors who receive the majority support from the shareholders will know they have the backing of the very shareholders they represent. We therefore ask you to join us in requesting that the Board of directors promptly adopt the majority vote standard for director elections.

Please vote FOR this proposal.

The Company's Statement in Opposition

In October 2016, we adopted a director resignation policy, as more fully described in Proposal 1, that we believe already addresses the concerns raised by this stockholder proposal. In light of this policy, our board has carefully considered this stockholder proposal and, for the reasons provided below, believes that the company's current method of electing directors is in the long-term best interests of the company and its stockholders.

Under the company's bylaws, stockholders who are dissatisfied with incumbent directors may recommend candidates for election to our board and may withhold their votes for incumbent directors. The company's director resignation policy provides that, in an uncontested election, any incumbent director nominee who receives a greater number of withhold votes than votes for his or her election must promptly tender a written offer of resignation to the chairman of our board. Our CG&N Committee, which is composed entirely of independent directors, will consider the offer of resignation and recommend to the board whether to accept or reject the resignation. The board is then required to act on the tendered resignation.

SERVISFIRST BANCSHARES, INC. *Notice of 2017 Annual Meeting of Stockholders and Proxy Statement* **29**

TABLE OF CONTENTS

Unlike the company's existing plurality voting standard and director resignation policy, the majority voting standard requested in the stockholder proposal creates the possibility that a vacancy could result on our board when an incumbent director fails to receive the votes necessary to be elected. Such vacancies could result in the company's inability to comply with certain NASDAQ listing requirements or other securities regulations. This includes regulations related to director independence, committee composition and the maintenance of an audit committee financial expert. Our board believes that our current director election procedures, including our director resignation policy, provide the board the flexibility to appropriately respond to stockholder interests without the risk of the potential corporate governance complications that could result from the majority voting standard requested by the stockholder proposal.

Contrary to the statements in the stockholder proposal which argue that withhold votes have no legal consequence, we believe that, as a result of the procedures described above, stockholders' withhold votes are meaningful and provide an effective means for stockholders to influence the director election process. Furthermore, the proponent's statement that a director could be elected with a single vote is highly unrealistic and contrary to actual voting experience. Since our formation in 2007, each of our director nominees has been elected by over 95% of the votes cast. Accordingly, a majority voting standard would have been irrelevant in these director elections.

In addition, majority voting may be abused by a limited number of stockholders to advance special interests that are not in the long-term best interests of all stockholders. Our stockholder base includes a significant number of individual stockholders. Traditionally, such retail investors have been less likely to vote at stockholder meetings than large investors and hedge funds. As a result, a limited number of large investors could wield disproportionate influence despite owning considerably less than a majority of our shares. Empowering small factions of large stockholders to influence the Company's business and operations would be a disservice to the overwhelming number of our long-term stockholders.

For these reasons, our board believes our director resignation policy already accomplishes the objective of the stockholder proposal by providing stockholders with a significant voice in the election of directors, while preserving the flexibility for the board to exercise its independent judgment on a case-by-case basis in the best interests of the company and its stockholders. Accordingly, we believe that the adoption of a majority vote standard by amendment of our corporate governance documents is unnecessary.

The Board of Directors Unanimously Recommends that Stockholders Vote AGAINST the Adoption of the Stockholder Proposal.

GENERAL INFORMATION

Other Business

As of the date of this Proxy Statement, the board of directors does not know of any other business to be presented for consideration or action at the Annual Meeting, other than that stated in the notice of the Annual Meeting. If other matters properly come before the Annual Meeting, the persons named in the accompanying form of proxy will vote thereon in their best judgment.

Questions and Answers About the 2017 Annual Meeting and Voting

What is a proxy?

It is your legal designation of another person to vote the stock you own. The person so designated is called a proxy. If you designate someone as your proxy in a written document, that document is called a proxy or a proxy card. We have designated Thomas A. Broughton III and William M. Foshee (the management proxies) as proxies for the 2017 Annual Meeting of Stockholders.

What are the purposes of the Annual Meeting?

At the Annual Meeting, stockholders will vote on: (1) the election of six directors; (2) an advisory vote on our executive compensation; (3) an advisory vote on the frequency of a stockholders advisory vote on executive compensation; (4) the ratification of Dixon Hughes Goodman LLP as our independent public accounting firm for the year ending December 31, 2017; (5) the consideration of a stockholder proposal requesting our board of directors initiate the process to amend our corporate governance documents to provide that director nominees shall be elected by majority vote in uncontested director elections; and (6) such other business as may properly come before the Annual Meeting. Our board of directors is not aware of any matters that will be brought before the Annual Meeting, other than procedural matters, that are not listed above. However, if any other matters properly come before the Annual Meeting, the individuals named on the proxy card, or their substitutes, will be authorized to vote on those matters in their own judgment.

How do I receive a printed copy of proxy materials?

To request a printed copy of the proxy materials, please call 1-866-641-4276, visit www.investorvote.com/SFBS or email investorvote@computershare.com with Proxy Materials ServisFirst Bancshares, Inc. in the subject line. To make your request, you will need the 15-digit control number printed on your Notice of Internet Availability of Proxy Materials or proxy card.

Who is entitled to vote?

Stockholders of record at the close of business on March 20, 2017, the record date for the Annual Meeting, are entitled to receive notice of the Annual Meeting and to vote shares of common stock held as of the record date at the Annual Meeting. As of the record date, 52,809,396 shares of our common stock were outstanding and entitled to vote. Each outstanding share of common stock entitles its holder to cast one vote on each matter to be voted upon. There are no

cumulative voting rights.

How do I vote?

If you hold your shares in a brokerage account in your broker's or another nominee's name (held in street name), you are a beneficial owner and you should follow the voting directions provided by your broker or nominee:

You may complete and mail a voting instruction form to your broker or nominee.

If your broker allows, you may submit voting instructions by telephone or the Internet.

You may use a mobile device, scanning the QR barcode on your voter instruction form or Notice of Internet Availability of Proxy Materials and following the prompts that appear on your mobile device.

You may cast your vote in person at the 2017 Annual Meeting, but you must request a legal proxy from your broker or nominee and bring it to the Annual Meeting.

What if I change my mind after I vote my shares?

You can revoke or change your proxy at any time before it is voted at the 2017 Annual Meeting.

If you hold your shares in a brokerage account in your broker's or another nominee's name (street name), you may revoke or change your vote:

Via telephone or Internet, using the voting directions provided by your broker or nominee; or

By casting your vote in person at the 2017 Annual Meeting, but you must present a legal proxy at the Annual Meeting.

If you are a registered stockholder, you may revoke or change your vote by:

Voting by telephone or the Internet, using the voting directions provided on the proxy card or Notice of Internet Availability of Proxy Materials that you received in the mail;

Notifying our Secretary, William M. Foshee, in writing;

Sending another executed proxy card dated later than the first proxy card; or

Voting in person at the 2017 Annual Meeting. Attendance at the Annual Meeting will not revoke any proxy you have previously granted unless you specifically so request.

If you invest in our common stock through the company stock fund in the ServisFirst Bank 401(k) Profit Sharing Plan and Trust, you may revoke or change your vote by following the instructions provided by the 401(k) plan's administrator, Lincoln Financial. To allow the trustees sufficient time to process voting directions, the deadline for 401(k) plan participants to revoke or change their voting directions is 5:00 p.m., Central Time, on May 12, 2017.

How many shares must be present to hold the 2017 Annual Meeting?

More than one-half of the Company's outstanding common stock as of the record date must be represented at the 2017 Annual Meeting in person or by proxy in order to hold the Annual Meeting. This is called a quorum. We will count your shares as present at the Annual Meeting if you:

Are present and vote in person at the Annual Meeting;

Have properly submitted a proxy card or a voter instruction form, or voted by telephone or the Internet on a timely basis; or

Hold your shares through a broker or otherwise in street name, and your broker uses its discretionary authority to vote your shares on Proposal Number 4.

TABLE OF CONTENTS

As of the record date, 52,809,396 shares of our common stock, \$0.001 par value per share, held by 589 stockholders of record, were issued and outstanding. Proxies received but marked as abstentions will be included in the calculation of the number of shares considered to be present at the Annual Meeting.

How many votes are needed to approve each item?

Directors are elected by a plurality of the votes cast. A plurality vote means that the winning candidate only needs to get more votes than a competing candidate. If a director runs unopposed, he or she only needs one vote to be elected.

However, if any nominee for director receives a greater number of withhold votes than votes for such election, our director resignation policy requires that such person must promptly tender his resignation to the Chairman of our board following certification of the Annual Meeting results.

Although the advisory vote on the frequency of the advisory vote on executive compensation option is not binding on the Company, the option (every year, every two years or every three years) that receives the highest number of votes cast by the stockholders will be the frequency for the advisory vote on executive compensation deemed approved by the stockholders.

Any other matter that may properly come before the Annual Meeting must be approved by the affirmative vote of a majority of the shares entitled to vote that are present or represented by proxy at the Annual Meeting.

What is the effect of an abstain vote or a broker non-vote on the proposals?

Under the General Corporation Law of the State of Delaware, an abstention from voting on any proposal will have the same legal effect as an against vote, except election of directors, where an abstention has no effect under plurality voting.

A broker non-vote occurs if your shares are not registered in your name (that is, you hold your shares in street name) and you do not provide the record holder of your shares (usually a bank, broker or other nominee) with voting instructions on any matter as to which a broker may not vote without instructions from you, but the broker nevertheless provides a proxy for your shares. Shares as to which a broker non-vote occurs are considered present for purposes of determining whether a quorum exists, but are not considered votes cast or shares entitled to vote with respect to a voting matter. None of the election of directors, the advisory vote on executive compensation, the advisory vote on the frequency of the advisory vote on executive compensation or the stockholder proposal are matters on which a broker may vote without your instructions. However, the ratification of the appointment of Dixon Hughes Goodman LLP as our independent registered public accounting firm is a routine matter, and brokers who do not receive instructions from you on how to vote on that matter generally may vote on that matter in their discretion.

Why did I receive a Notice Regarding the Availability of Proxy Materials but no proxy materials?

We distribute our proxy materials to stockholders via the Internet under the Notice and Access approach permitted by the rules of the SEC. This approach conserves natural resources and reduces our distribution costs, while providing a timely and convenient method of accessing the materials and voting. On March 29, 2017, we mailed a Notice Regarding the Availability of Proxy Materials to stockholders, containing instructions on how to access the proxy materials on the Internet.

What are the Board's recommendations?

Our board of directors unanimously recommends that stockholders vote your shares: (1) **FOR** the election of the six nominees for the board of directors, as more fully described in Proposal 1; (2) **FOR** the proposal regarding an advisory vote on executive compensation, as more fully described in Proposal 2; (3) **EVERY YEAR** for the proposal regarding an advisory vote on the frequency of a stockholders' advisory vote on executive compensation, as more fully described in Proposal 3; and (4) **FOR** the ratification of Dixon Hughes Goodman LLP as our independent registered public accounting firm for 2017, as more fully described in Proposal 4.

Our board of directors unanimously recommends that stockholders vote against the stockholder proposal requesting our board of directors initiate the process to amend our corporate governance documents to provide that director nominees shall be elected by majority vote in uncontested elections, as more fully described in Proposal 5.

If you timely submit voting instructions by telephone or by Internet, or if your proxy card is properly executed and received in time for voting, and not revoked, your shares will be voted in accordance with your instructions. In the absence of any instructions or directions to the contrary on any proposal on a proxy card, the management proxies will vote all shares of common stock for which such proxy cards have been received for Proposals 1, 2 and 4, every year for Proposal 3 and against Proposal 5.

TABLE OF CONTENTS

Our board of directors does not know of any matters other than the above proposals that may be brought before the Annual Meeting. If any other matters should come before the Annual Meeting, the management proxies will have discretionary authority to vote all proxies not marked to the contrary with respect to such matters in accordance with their best judgment.

In particular, the management proxies will have discretionary authority to vote with respect to the following matters that may come before the Annual Meeting: (i) approval of the minutes of the prior meeting if such approval does not amount to ratification of the action or actions taken at that meeting; (ii) any proposal omitted from the Proxy Statement and form of proxy pursuant to Rules 14a-8 and 14a-9 under the Exchange Act; and (iii) matters incident to the conduct of the Annual Meeting. In connection with such matters, the management proxies will vote in accordance with their best judgment.

Who pays for this proxy solicitation?

We do. We will pay all costs in connection with the meeting, including the cost of preparing, assembling and, as applicable, mailing the Notice of the Annual Meeting, Proxy Statement, proxy card and our Annual Report to Stockholders for the year ended December 31, 2016, as well as handling and tabulating the proxies returned. We have engaged Okapi Partners LLC to assist with the solicitation of proxies for an estimated fee of \$7,500 plus expenses. In addition, proxies may be solicited by directors, officers and regular employees of the company, without additional compensation, in person or by other electronic means. We will reimburse brokerage houses and other nominees for their expenses in forwarding proxy materials to beneficial owners of our common stock.

Who can help answer your questions?

If you have questions about the Annual Meeting, you should contact our Secretary, William M. Foshee, 850 Shades Creek Parkway, Suite 200, Birmingham, Alabama 35209, telephone (205) 949-0307.

Annual Report on Form 10-K

On written request, we will provide, without charge, a copy of our Annual Report on Form 10-K for the year ended December 31, 2016 (including a list briefly describing the exhibits thereto), as filed with the SEC (including any amendments filed with the SEC), to any record holder or beneficial owner of our common stock as of the close of business on March 20, 2017, the record date, or to any person who subsequently becomes such a record holder or beneficial owner. Requests should be directed to the attention of our Secretary at the address set forth above.

Stockholder Proposals

Under Exchange Act Rule 14a-8, any stockholder desiring to submit a proposal for inclusion in our proxy materials for our 2018 Annual Meeting of Stockholders must provide the company with a written copy of that proposal by no later than November 29, 2017, which is 120 days before the first anniversary of the date on which the company's proxy materials for the 2017 Annual Meeting were first made available to stockholders. However, if the date of our Annual Meeting in 2018 changes by more than 30 days from the date of our 2017 Annual Meeting, then the deadline would be a reasonable time before we begin distributing our proxy materials for our 2018 Annual Meeting. Matters pertaining to such proposals, including the number and length thereof, eligibility of persons entitled to have such proposals included and other aspects are governed by the Exchange Act and the rules of the SEC thereunder and other laws and regulations, to which interested stockholders should refer.

If a stockholder desires to bring other business before the 2018 Annual Meeting without including such proposal in the company's proxy statement, the stockholder must notify the company in writing on or before February 12, 2018.

Our CG&N Committee will consider nominees for election to our board of directors. See *Corporate Governance Board Committees and Their Functions* *Corporate Governance and Nominations Committee* for details to be included in any such nomination. Nominations should be submitted in a timely manner in care of our Chief Financial Officer.
