Election of Director

Edgar Filing: GERON CORPORATION - Form 8-K

On July 15, 2005, the board of directors of Geron Corporation ("Geron"), upon the recommendation of the board's nominating committee, elected Charles J. Homcy, M.D. to fill a vacancy on its board of directors.

Dr. Homcy is currently the President and Chief Executive Officer of Portola Pharmaceuticals, a privately held biotechnology firm focused on developing novel cardiovascular therapies. Dr. Homcy holds A.B. and M.D. degrees from Johns Hopkins University and has held academic appointments in clinical medicine at Harvard Medical School, Columbia University College of Physicians and Surgeons, and the University of California, San Francisco.

In accordance with Geron's compensation policy for non-employee directors, Geron granted an option to purchase 45,000 shares of its common stock under Geron's 1996 Directors' Option Plan to Dr. Homcy. The option has an exercise price of \$8.60 per share, which represents the closing price per share of Geron common stock as reported on the Nasdaq stock market on July 15, 2005, the date of the grant. The option has a ten-year term and vests in three equal annual installments following the date of grant if Dr. Homcy is still serving as a director at such time.

A copy of the press release containing the announcement of Dr. Homcy's election to the Geron board of directors is attached hereto as Exhibit 99.1.
