-

*Statements made in this Report that are not historical facts may constitute forward-looking statements that are subject to risks and uncertainties that could cause actual results to differ materially from those discussed. Such risks and uncertainties include but are not limited to those discussed in this report and in BioTime's other reports filed with the Securities and Exchange Commission. Words such as "expects," "may," "will," "anticipates," "intends," "plans," "believes," "estimates," and similar expressions identify forward-looking statements.*

## **Section 8 – Other Events**

### **Item 8.01 – Other Events**

With sadness, we regret to announce that Dr. Robert N. Butler, a member of our Board of Directors, passed away on Sunday, July 4, 2010 at the age of 83. Dr. Butler was a leading expert in geriatrics and diseases associated with the aging process, and founded the International Longevity Center-USA, a non-profit international research, policy, and education organization formed to educate individuals on how to live longer and better. Dr. Butler was the first director of the National Institute on Aging of the National Institutes of Health, where he helped educate the nation about the dangers of Alzheimer's disease. Dr. Butler founded the nation's first department of geriatrics at the Mount Sinai School of Medicine, where he was Professor of Geriatrics and Adult Development. Dr. Butler won the Pulitzer Prize for his book *Why Survive? Being Old in America* and is co-author with Myrna I. Lewis of *Aging and Mental Health* as well as *The New Love and Sex after 60*. His latest books are *The Longevity Revolution* (2008) and *The Longevity Prescription* (2010).
