

Item 2.05 Costs Associated with Exit or Disposal Activities

On December 22, 2010, Baldwin Technology Company, Inc. (the “Company”) committed to the principal features of a plan (the “Plan”) to restructure some of its existing operations. The objective of the Plan is to achieve operational efficiencies in Germany, Japan and the United States by reducing costs to better position the Company in the current competitive marketplace. Actions under the Plan commenced in December 2010.

The costs associated with the Plan will be charged to the Company’s results of operations during the second quarter of Fiscal 2011 and consist entirely of employee personnel costs in Germany, Japan and in the United States. The Company expects to incur costs ranging from \$400,000 to \$500,000 anticipated to be paid in cash primarily during Fiscal 2011. The Company estimates that annual savings from the personnel reductions under the Plan will be approximately \$430,000 in Fiscal 2011 and \$940,000 in Fiscal 2012.
