SUPPLEMENTAL DISCLOSURE OF NON-CASH INVESTING AND FINANCING ACTIVITIES

On September 27, 2001, 700,000 shares of stock were issued at a value of \$1,899 in return for contribution of the patent option. The patent was subsequently purchased for \$10,800 in March 2002.

In March of 2003, interest accrued on stockholder loans payable in the amount of \$1,296 was added to the outstanding loan balance when the stockholder notes due March, 2003 were renewed.

In November of 2004, certain officers, directors, and shareholders of the company forgave accrued wages, director's fees, and rents totaling \$96,700. These transactions are reflected as increases to paid-in capital.

In Feb. of 2006, a shareholder of the company forgave accrued wages of \$17,000. This transaction is reflected as an increase to paid-in capital. In addition, the shareholder acquired 100,000 shares of stock in exchange for accrued wages of \$8,000. Wage expense in the amount of \$2,000 was also recognized on the difference between the exchange price of the stock and the price at fair value.

NOTES TO FINANCIAL STATEMENTS  
FEBRUARY 28, 2006

NOTE A - BASIS OF PRESENTATION

The accompanying unaudited financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions to Form 10-QSB and item 310(b) of Regulation S-B. Accordingly, they do not include all the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. For further information, refer to the financial statements and footnotes thereto included in the E and S Holdings, Inc. Form 10-KSB filing for the year ended May

### NOTE B - DEVELOPMENT STAGE COMPANY

E and S Holdings, Inc. (a Nevada corporation) has been in the development stage since its formation on June 20, 2001. It is primarily engaged in the development and marketing of new products on which it holds the patent. Realization of a major portion of its assets is dependent upon the Company's ability to successfully develop and market the patent, meet its future financing requirements, and the success of future operations. These factors raise substantial doubt about the Company's ability to continue as a going concern.

### NOTE C - FORGIVENESS OF DEBT

During the three months ended February 28, 2006, an officer - shareholder of the company forgave accrued wages of \$17,000. This amount is reflected as an increase to additional paid-in capital.

6

### ITEM 2 - MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

E & S Holdings (E & S) is a developmental stage company that has received revenues of approximately \$933 during the three-month period ending February 28, 2006. E & S has received no significant revenues since its inception.

As of February 28, 2006, E & S has cash assets of \$656 and accounts receivable of \$672. The inventory of the company is \$22,628. Because the liquid assets of the company are low, management is contemplating increasing needed capital through a private offering of additional shares, although no definite plans have been formulated at this time. E & S continues to receive small orders for its Portable Pipe Vise. In order to promote additional sales, management has continued to do direct mailing as funds permit. Management has altered its marketing strategy and now is emphasizing direct sales to large retail outlets and direct sales through its website, WWW.PORTABLEPIPEVISE.COM. These moves have been initiated to reduce costs of sales. The Portable Pipe Vise is currently placed in the catalog of a nationally recognized tool retailer and in the Black Book of Tools catalog. Recently, E & S has sent samples of its product to established national marketing representatives in an effort to secure a national account in a major retail chain. In addition, in an effort to expand exposure of its product, E & S has secured a booth for the 2006 National Hardware Show in Las Vegas, Nevada that runs between May 9th and May 11th.

Management is attempting to focus on specific industries in which the Portable Pipe Vise would be most useful. Therefore, its first marketing effort is focused toward the welding equipment suppliers. Its second round of direct marketing will focus on plumbing suppliers and retailers of heating, ventilating and air conditioning supplies. Management intends to increase its marketing efforts at such time as additional funds are made available through sales of the product.

E & S has succeeded in its efforts to list the shares of E & S on the OTC Bulletin Board. The shares were listed effective December 16, 2005 under the symbol ESHI.

Over the last three months, E & S has sustained operating losses in the amount of \$11,072. Of this amount, \$4,962 involves costs for legal and accounting fees incurred during the last quarter. As of February 28, 2006, E & S has total liabilities of \$68,099. There has been a reduction in the total liabilities since the last calendar quarter due to a reduction in accrued wages to officers and stockholders. This reduction was accomplished by a forgiveness of the debt by the corporation's Vice President and Secretary, Mr. Eugene

## Edgar Filing: E & S HOLDINGS INC - Form 10QSB

Swearengin. At the last shareholder's meeting, the shareholders voted a stock option to Mr. Swearengin which enabled him to convert his accrued wages into a maximum of 100,000 shares of the corporation's common stock. Mr. Swearengin exercised this option and converted \$8,000 of the \$25,000 in accrued wages into 100,000 shares of the corporation's common stock. The balance of accrued wages, of \$17,000, were then forgiven by Mr. Swearengin.

There are no off balance sheet arrangements involving E & S at this time.

### ITEM 3 - CONTROLS AND PROCEDURES

The management of E & S recognize its responsibility for establishing and maintaining adequate internal controls over financial reporting for E & S. Due to the small size of E & S, the company's Chief Executive Officer and Chief Operating Officer is aware of all matters pertaining to the operations of E & S Holdings, Inc and has reviewed all aspects of the financial information included in the company's financial reporting. At the present time, management is of the opinion that the company's internal controls over financial reporting for the

7

past fiscal year is adequate. However, management has identified a material weakness in its procedures in that the small size of management causes a lack of segregation of duties and limits management's ability to recognize potential inadequacies of the internal controls over the financial reporting.

## PART II - OTHER INFORMATION

### ITEM 1 - LEGAL PROCEEDINGS

To the best of its knowledge, management of E & S is not aware of any legal proceedings in which E & S is currently involved.

### ITEM 2 - CHANGES IN SECURITY

There are no changes in security since the last annual statement for the year ending May 31, 2005.

### ITEM 3 - DEFAULTS UPON SENIOR SECURITIES

There are no defaults upon any senior securities.

### ITEM 4 - SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

The annual meeting of shareholders was held on January 17, 2006. Three proposals were submitted for approval to the shareholders. The first proposal concerned the election of directors. Mr. Edward A. Barth and Mr. Eugene H. Swearengen were reelected as the directors of the company.

The second proposal, which was passed by the shareholders, appointed Hobe & Lucas Certified Public Accountants, Inc. as the company's independent auditors for the year ending May 31, 2006. The third proposal approved by the shareholders was to grant a non-qualified stock option to Mr. Eugene H. Swearengen. This option would permit Mr. Swearengen the right to convert a portion of his accrued wages into common stock of the company. The option permitted Mr. Swearengen the right to obtain a maximum of 100,000 shares of common stock at a conversion rate of \$0.25 per share. The option was later revised by an action without meeting of the shareholders (pursuant to Nevada law). The revised option decreased the exercise price of the conversion to \$0.08 per share.
