NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

JANUARY 2, 2016

(1) BASIS OF PRESENTATION:

The accompanying condensed consolidated financial information for the thirteen weeks ended January 2, 2016 and December 27, 2014 are unaudited. Financial information as of October 3, 2015 has been derived from the audited financial statements of the Company, but does not include all disclosures required by accounting principles generally accepted in the United States of America. In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of the financial information for the periods indicated have been included. For further information regarding the Company's accounting policies, refer to the Consolidated Financial Statements and related notes included in the Company's Annual Report on Form 10-K for the year ended October 3, 2015. Operating results for interim periods are not necessarily indicative of results to be expected for a full year.

The condensed consolidated financial statements include the accounts of the Company, its wholly-owned subsidiaries and the accounts of the eight limited partnerships in which we act as general partner and have controlling interests. All intercompany balances and transactions have been eliminated. Non-controlling interest represents the limited partners' proportionate share of the net assets and results of operations of the eight limited partnerships.

These condensed consolidated financial statements include estimates relating to performance based officers' bonuses. The estimates are reviewed periodically and the effects of any revisions are reflected in the financial statements in the period they are determined to be necessary. Although these estimates are based on management's knowledge of current events and actions it may take in the future, they may ultimately differ from actual results.

(2) EARNINGS PER SHARE:

We follow Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Section 260 - "*Earnings per Share*". This section provides for the calculation of basic and diluted earnings per share. The data on Page

3 shows the amounts used in computing earnings per share and the effects on income and the weighted average number of shares of potentially dilutive common stock equivalents. As of January 2, 2016 and December 27, 2014, no stock options were outstanding.

(3) RECENTLY ADOPTED AND RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS:

Adopted

There were no recently adopted accounting pronouncements during the first quarter of our fiscal year 2016 that we believe will have a material impact on our condensed consolidated financial statements.

Issued

There were no recently issued accounting pronouncements during the first quarter of our fiscal year 2016 that we believe will have a material impact on our condensed consolidated financial statements.

(4) INVESTMENT IN REAL PROPERTY:

During the first quarter of our fiscal year 2016, we purchased the real property and improvements located at 1290 East Commercial Boulevard, Oakland Park, Broward County, Florida (the “1290 Property”) and the vacant real property located at 4990 N.E. 12th Avenue, Oakland Park, Broward County, Florida (the “4990 Property”) diagonally adjacent thereto, for a total purchase price of \$922,500. We plan to use the 6,000 square foot building located on the 1290 Property as warehouse space, to store, among other items generators as well as covered parking for our food truck and to use the 4990 Property as a storage yard.

(5) INCOME TAXES:

We account for our income taxes using FASB ASC Topic 740, “*Income Taxes*”, which requires among other things, recognition of future tax benefits measured at enacted rates attributable to deductible temporary differences between financial statement and income tax basis of assets and liabilities and to tax net operating loss carryforwards and tax credits to the extent that realization of said tax benefits is more likely than not.

(6) DEBT:

Financed Insurance Premiums

Effective December 30, 2015, we cancelled our property insurance for the policy year beginning March 12, 2015 and replaced it with a new property insurance policy effective as of the same date. The cancelled property insurance policy was a one (1) year policy with an unaffiliated third party insurance carrier. The one (1) year property insurance premium was in the amount of \$482,000, of which \$416,000 was financed through an unaffiliated third party lender. The finance agreement provides that we are obligated to repay the amounts financed, together with interest at the rate of 2.95% per annum, over 8 months, with monthly payments of principal and interest, each in the amount of approximately \$52,000. As of the date we cancelled the insurance, (December 30, 2015), the finance agreement was paid in full and the pro-rata balance of the unearned premiums that we are due, \$100,000, is recorded as a receivable as of the end of the first quarter of our fiscal year 2016. We cancelled our property insurance policy effective December 30, 2015 and replaced it with a new property insurance policy effective as of the same date so that our property insurance expires at the same time as our general liability insurance policies.

During the thirteen weeks ended January 2, 2016, we financed the following three (3) property and general liability insurance policies, totaling approximately \$1.17 million, which property and general liability insurance includes coverage for our franchisees, which are not included in our consolidated financial statements.

(i) For the policy year beginning December 30, 2015, our general liability insurance, excluding limited partnerships, is a one (1) year policy with our insurance carriers, including automobile and excess liability coverage. The one (1) year general liability insurance premiums, including automobile and excess liability coverage, total, in the aggregate \$470,000, of which \$377,000 is financed through an unaffiliated third party lender (the “Third Party Lender”). The finance agreement obligates us to repay the amounts financed together with interest at the rate of 2.95% per annum, over 10 months, with monthly payments of principal and interest, each in the amount of \$38,000. The finance agreement is secured by a security interest in all insurance policies, all unearned premium, return premium, dividend payments and loss payments thereof.

(ii) For the policy year beginning December 30, 2015, our general liability insurance for our limited partnerships is a one (1) year policy with our insurance carriers, including excess liability coverage. The one (1) year general liability insurance premiums, including excess liability coverage, total, in the aggregate \$480,000, of which \$385,000 is financed through the Third Party Lender. The finance agreement obligates us to repay the amounts financed, together with interest at the rate of 2.95% per annum, over 10 months, with monthly payments of principal and interest, each in the amount of \$39,000. The finance agreement is secured by a security agreement in all insurance policies, all unearned premium, return premium, dividend payments and loss payments thereof.

Index

(iii) For the policy year beginning December 30, 2015, our property insurance is a one (1) year policy. The one (1) year property insurance premium is in the amount of \$504,000, of which \$404,000 is financed through the Third Party Lender. The finance agreement provides that we are obligated to repay the amounts financed, together with interest at the rate of 2.95% per annum, over 10 months, with monthly payments of principal and interest, each in the amount of approximately \$41,000. The finance agreement is secured by a security interest in all insurance policies, all unearned premium, return premium, dividend payments and loss payments thereof.

As of January 2, 2016, the aggregate principal balance owed from the financing of our property and general liability insurance policies is \$914,000.

(7) COMMITMENTS AND CONTINGENCIES:

Litigation

From time to time, we are a defendant in litigation arising in the ordinary course of our business, including claims resulting from “slip and fall” accidents, claims under federal and state laws governing access to public accommodations, employment-related claims and claims from guests alleging illness, injury or other food quality, health or operational concerns. To date, none of this litigation, some of which is covered by insurance, has had a material effect on us.

(8) SUBSEQUENT EVENTS:

Subsequent events have been evaluated through the date these condensed consolidated financial statements were issued and no events required disclosure.

(9) BUSINESS SEGMENTS:

We operate principally in two reportable segments – package stores and restaurants. The operation of package stores consists of retail liquor sales and related items. Information concerning the revenues and operating income for the thirteen weeks ended January 2, 2016 and December 27, 2014, and identifiable assets for the two reportable segments in which we operate, are shown in the following table. Operating income is total revenue less cost of merchandise sold and operating expenses relative to each segment. In computing operating income, none of the following items have been included: interest expense, other non-operating income and expenses and income taxes. Identifiable assets by segment are those assets that are used in our operations in each segment. Corporate assets are principally cash and real

property, improvements, furniture, equipment and vehicles used at our corporate headquarters. We do not have any operations outside of the United States and transactions between restaurants and package liquor stores are not material.

At January 2, 2016, we (i) operated 25 units, (excluding the adult entertainment club referenced in (ii) below), consisting of restaurants, package stores and combination restaurants/package stores that we either own or have operational control over and partial ownership in; (ii) own but do not operate one adult entertainment club; and (iii) franchise an additional five units, consisting of two restaurants, (one restaurant of which we operate), and three combination restaurants/package stores. Index

Limited Partnership Financial Arrangement: We manage and control the operations of all restaurants owned by limited partnerships, except the Fort Lauderdale, Florida restaurant which is owned by a related franchisee. Accordingly, the results of operations of all limited partnership owned restaurants, except the Fort Lauderdale, Florida restaurant are consolidated into our operations for accounting purposes. The results of operations of the Fort Lauderdale, Florida restaurant are accounted for by us utilizing the equity method. In general, until the investors' cash investment in a limited partnership (including any cash invested by us and our affiliates) is returned in full, the limited partnership distributes to the investors annually out of available cash from the operation of the restaurant up to 25% of the cash invested in the limited partnership, with no management fee paid to us. Any available cash in excess of the 25% of the cash invested in the limited partnership distributed to the investors annually, is paid one-half (½) to us as a management fee, with the balance distributed to the investors. Once the investors in the limited partnership have received, in full, amounts equal to their cash invested, an annual management fee is payable to us equal to one-half (½) of cash available to the limited partnership, with the other one half (½) of available cash distributed to the investors (including us and our affiliates). As of January 2, 2016, limited partnerships owning five (5) restaurants, (Surfside, Florida, Kendall, Florida, West Miami, Florida, Pinecrest, Florida and Wellington, Florida locations), have returned all cash invested and we receive an annual management fee equal to one-half (½) of the cash available for distribution by the limited partnership. In addition to receipt of distributable amounts from the limited partnerships, we receive a fee equal to 3% of gross sales for use of the service mark "Flanigan's Seafood Bar and Grill".

Restaurant Food Sales. Restaurant revenue generated from the sale of food, including non-alcoholic beverages, at restaurants totaled \$15,379,000 for the thirteen weeks ended January 2, 2016 as compared to \$14,341,000 for the thirteen weeks ended December 27, 2014. Comparable weekly restaurant food sales (for restaurants open for all of the first quarter of our fiscal year 2016 and the first quarter of our fiscal year 2015, which consists of ten restaurants owned by us and eight restaurants owned by affiliated limited partnerships) was \$1,183,000 and \$1,103,000 for the thirteen weeks ended January 2, 2016 and December 27, 2014, respectively, an increase of 7.25%. Comparable weekly restaurant food sales for Company owned restaurants only was \$620,000 and \$566,000 for the first quarter of our fiscal year 2016 and the first quarter of our fiscal year 2015, respectively, an increase of 9.54%. Comparable weekly restaurant food sales for affiliated limited partnership owned restaurants only was \$563,000 and \$537,000 for the first quarter of our fiscal year 2016 and the first quarter of our fiscal year 2015, respectively, an increase of 4.84%.

Restaurant Bar Sales. Restaurant revenue generated from the sale of alcoholic beverages at restaurants totaled \$4,903,000 for the thirteen weeks ended January 2, 2016 as compared to \$4,437,000 for the thirteen weeks ended December 27, 2014. Comparable weekly restaurant bar sales (for restaurants open for all of the first quarter of our fiscal year 2016 and the first quarter of our fiscal year 2015, which consists of ten restaurants owned by us and eight restaurants owned by affiliated limited partnerships) was \$377,000 for the thirteen weeks ended January 2, 2016 and \$341,000 for the thirteen weeks ended December 27, 2014, an increase of 10.56%. Comparable weekly restaurant bar sales for Company owned restaurants only was \$177,000 and \$157,000 for the first quarter of our fiscal year 2016 and the first quarter of our fiscal year 2015, respectively, an increase of 12.74%. Comparable weekly restaurant bar sales for affiliated limited partnership owned restaurants only was \$200,000 and \$184,000 for the first quarter of our fiscal year 2016 and the first quarter of our fiscal year 2015, respectively, an increase of 8.70%.

Package Store Sales. Revenue generated from sales of liquor and related items at package liquor stores totaled \$4,360,000 for the thirteen weeks ended January 2, 2016 as compared to \$3,991,000 for the thirteen weeks ended December 27, 2014, an increase of \$369,000. The increase in package store sales is primarily due to the fact that New Year's Eve and New Year's Day fell in the first quarter of our fiscal year 2016 while it fell in the second quarter of our fiscal year 2015. The weekly average of same store package liquor store sales, which includes all nine (9) Company owned package liquor stores, was \$335,000 for the thirteen weeks ended January 2, 2016 as compared to \$307,000 for the thirteen weeks ended December 27, 2014, an increase of 9.12%. We expect package liquor store sales to remain stable throughout the balance of our fiscal year 2016.

Operating Costs and Expenses. Operating costs and expenses, (consisting of cost of merchandise sold, payroll and related costs, occupancy costs and selling, general and administrative expenses), for the thirteen weeks ended January 2, 2016 increased \$1,929,000 or 8.77% to \$23,927,000 from \$21,998,000 for the thirteen weeks ended December 27, 2014. The increase was primarily due to an expected general increase in food costs, offset by actions taken by management to reduce and/or control costs and expenses. We anticipate that our operating costs and expenses will continue to increase through our fiscal year 2016 for the same reasons. Operating costs and expenses increased as a percentage of total sales to approximately 94.66% in the first quarter of our fiscal year 2016 from 94.33% in the first quarter of our fiscal year 2015.

Gross Profit. Gross profit is calculated by subtracting the cost of merchandise sold from sales.

Restaurant Food and Bar Sales. Gross profit for food and bar sales for the thirteen weeks ended January 2, 2016 increased to \$13,161,000 from \$12,069,000 for the thirteen weeks ended December 27, 2014. Our gross profit margin for restaurant food and bar sales (calculated as gross profit reflected as a percentage of restaurant food and bar sales), was 64.89% for the thirteen weeks ended January 2, 2016 and 64.27% for the thirteen weeks ended December 27, 2014. We increased many of our menu prices for bar offerings commencing February 7, 2016 and for food offerings commencing February 15, 2016 and anticipate that our gross profit for restaurant food and bar sales will increase throughout the balance of our fiscal year 2016, notwithstanding higher food costs.

Index

Package Store Sales. Gross profit for package store sales for the thirteen weeks ended January 2, 2016 increased to \$1,249,000 from \$1,157,000 for the thirteen weeks ended December 27, 2014. Our gross profit margin, (calculated as gross profit reflected as a percentage of package liquor store sales), for package liquor store sales was 28.64% for the thirteen weeks ended January 2, 2016 and 29.00% for the thirteen weeks ended December 27, 2014. We anticipate that the gross profit margin for package store sales will remain stable throughout the balance of our fiscal year 2016.

Payroll and Related Costs. Payroll and related costs for the thirteen weeks ended January 2, 2016 increased \$717,000 or 10.24% to \$7,721,000 from \$7,004,000 for the thirteen weeks ended December 27, 2014. Higher payroll and related costs for the thirteen weeks ended January 2, 2016 were primarily due to higher restaurant sales, which require additional payroll and related costs for employees such as cooks, bartenders and servers. During the third quarter of our fiscal year 2015, in an attempt to remain competitive in the hiring of package store personnel, we increased the compensation paid to our package store personnel so that they earn the same wages for working 40 hours per week as they did for previously working 48 hours per week. As a result of the decrease in hours required to be worked per week by our existing personnel we hired additional package store personnel. We anticipate that the increase in compensation paid to our existing package store personnel and the hiring of additional package store personnel will cost us approximately \$280,000 annually. Payroll and related costs as a percentage of total sales was 30.54% in the first quarter of our fiscal year 2016 and 30.03% of total sales in the first quarter of our fiscal year 2015.

Occupancy Costs. Occupancy costs (consisting of rent, common area maintenance, repairs, real property taxes and amortization of leasehold purchases) for the thirteen weeks ended January 2, 2016 increased \$126,000 or 10.81% to \$1,292,000 from \$1,166,000 for the thirteen weeks ended December 27, 2014. We anticipate that our occupancy costs will remain stable throughout our fiscal year 2016.

Selling, General and Administrative Expenses. Selling, general and administrative expenses (consisting of general corporate expenses, including but not limited to advertising, insurance, professional costs, clerical and administrative overhead) for the thirteen weeks ended January 2, 2016 increased \$397,000 or 9.26% to \$4,682,000 from \$4,285,000 for the thirteen weeks ended December 27, 2014. Selling, general and administrative expenses increased as a percentage of total sales in the first quarter of our fiscal year 2016 to approximately 18.52% as compared to 18.37% in the first quarter of our fiscal year 2015. We anticipate that our selling, general and administrative expenses will increase throughout the balance of our fiscal year 2016 due primarily to increases across all categories.

Depreciation and Amortization. Depreciation and amortization for the thirteen weeks ended January 2, 2016 increased \$13,000 or 1.96% to \$675,000 from \$664,000 for the thirteen weeks ended December 27, 2014. As a percentage of total revenue, depreciation expense was 2.67% of revenue for the thirteen weeks ended January 2, 2016 and 2.84% of revenue in the thirteen weeks ended December 27, 2014.

Interest Expense, Net. Interest expense, net, for the thirteen weeks ended January 2, 2016 decreased \$13,000 to \$146,000 from \$159,000 for the thirteen weeks ended December 27, 2014.

Net Income. Net income for the thirteen weeks ended January 2, 2016 increased \$92,000 or 10.71% to \$951,000 from \$859,000 for the thirteen weeks ended December 27, 2014. Net income for the thirteen weeks ended January 2, 2016 increased when compared to the thirteen weeks ended December 27, 2014 primarily due to increased revenue, offset partially by higher food costs and overall expenses. As a percentage of sales, net income for the first quarter of our fiscal year 2016 is 3.76%, as compared to 3.68% in the first quarter of our fiscal year 2015.

Net Income Attributable to Stockholders. Net income for the thirteen weeks ended January 2, 2016 decreased \$83,000 or 11.74% to \$624,000 from \$707,000 for the thirteen weeks ended December 27, 2014. Net income attributed to stockholders for the thirteen weeks ended January 2, 2016 decreased when compared to the thirteen weeks ended December 27, 2014 primarily due to increased net income attributed to noncontrolling interests. As a percentage of sales, net income for the first quarter of our fiscal year 2016 is 2.47%, as compared to 3.03% in the first quarter of our fiscal year 2015.

New Limited Partnership Restaurants

As new restaurants open, our income from operations will be adversely affected due to our obligation to fund pre-opening costs, including but not limited to pre-opening rent for the new locations. During the first quarter of our fiscal year 2016, we did not have a new restaurant location in the development stage and did not recognize any pre-opening costs.

Menu Price Increases and Trends

Effective February 7, 2016 we increased menu prices for our bar offerings to increase our bar revenues by approximately 3.0% and effective February 15, 2016 we increased menu prices for our food offerings to increase our food revenues by approximately 3.7% to offset higher food costs and higher overall expenses. The last time we increased menu prices was in the third quarter of our fiscal year 2012. We expect that increased menu prices combined with increased restaurant and bar sales will increase gross profit for restaurant food and bar and positively affect our net income. We anticipate that our package liquor store sales and gross profit margin for package liquor store sales will remain stable during our fiscal year 2016. We also plan to continue our increased advertising to attract and retain our customers against increased competition.

We do not have a new restaurant being developed, but continue to search for new locations to open restaurants and thereby expand our business. Any new locations will likely be opened using our limited partnership ownership model.

We are not actively searching for locations for the operation of new package liquor stores, but if an appropriate location for a package liquor store becomes available, we will consider it.

Liquidity and Capital Resources

We fund our operations through cash from operations. As of January 2, 2016, we had cash of approximately \$8,574,000, a decrease of \$693,000 from our cash balance of \$9,267,000 as of October 3, 2015. During the first quarter of our fiscal year 2016, we used \$922,500 to purchase the real property and improvements located at 1290 East Commercial Boulevard, Oakland Park, Broward County, Florida and the vacant real property located at 4990 N.E. 12th Avenue, Oakland Park, Broward County, Florida, diagonally adjacent thereto, which was primarily the reason for our decrease in cash as of January 2, 2016. We believe that our current cash availability from our cash on hand and the expected cash from operations will be sufficient to fund operations and capital expenditures for at least the next twelve months.

Cash Flows

The following table is a summary of our cash flows for the first thirteen weeks of fiscal years 2016 and 2015.

Cash and Cash Equivalents, Beginning	9,267	8,099
Cash and Cash Equivalents, Ending	\$ 8,574	\$ 8,215

We did not declare or pay a cash dividend on our capital stock in the first quarter of our fiscal year 2016. During the first quarter of our fiscal year 2015, our Board of Directors declared a cash dividend of 15 cents per share payable on January 30, 2015 to shareholders of record on January 16, 2015. Any future determination to pay cash dividends will be at our Board's discretion and will depend upon our financial condition, operating results, capital requirements and such other factors as our Board deems relevant.

Capital Expenditures

In addition to using cash for our operating expenses, we use cash to fund the development and construction of new restaurants and to fund capitalized property improvements for our existing restaurants. We acquired property and equipment of \$1,779,000, (including \$147,000 of deposits recorded in other assets as of October 3, 2015), during the thirteen weeks ended January 2, 2016, including \$120,000 for renovations to one Company owned restaurant. We acquired property and equipment of \$614,000, (including \$102,000 of deposits recorded in other assets as of September 27, 2014), during the thirteen weeks ended December 27, 2014, including \$134,000 for renovations to two Company owned restaurants and to one limited partnership owned restaurant.

All of our owned units require periodic refurbishing in order to remain competitive. We anticipate the cost of this refurbishment in our fiscal year 2016 to be approximately \$350,000, \$120,000 of which has been spent through January 2, 2016.

Long Term Debt

As of January 2, 2016, we had long term debt of \$11,679,000, as compared to \$13,400,000 as of December 27 2014, and \$11,380,000 as of October 3, 2015. As of January 2, 2016, we are in compliance with the covenants of all loans

with our lender.

Purchase Commitments

In order to fix the cost and ensure adequate supply of baby back ribs for our restaurants during calendar year 2016, on October 15, 2015, we entered into a purchase agreement with our current rib supplier, whereby we agreed to purchase approximately \$5,076,000 of baby back ribs during calendar year 2016 from this vendor at a fixed cost.

While we anticipate purchasing all of our rib supply from these vendors, we believe there are several other alternative vendors available, if needed.

Index**Working Capital**

The table below summarizes the current assets, current liabilities, and working capital for our fiscal quarters ended January 2, 2016, December 27, 2014 and our fiscal year ended October 3, 2015.

<u>Item</u>	Jan. 2, 2016	Dec. 27, 2014	Oct. 3, 2015
	(in Thousands)		
Current Assets	\$ 14,434	\$ 14,145	\$ 13,717
Current Liabilities	12,146	11,722	10,649
Working Capital	\$ 2,288	\$ 2,423	\$ 3,068

Our working capital as of January 2, 2016 decreased by 5.57% from our working capital as of the fiscal quarter ending December 27, 2014 and decreased by 25.42% from our working capital as of the fiscal year ending October 3, 2015.

While there can be no assurance due to, among other things, unanticipated expenses or unanticipated decline in revenues, or both, we believe that our cash on hand and positive cash flow from operations will adequately fund operations, debt reductions and planned capital expenditures throughout our fiscal year 2016.

Off-Balance Sheet Arrangements

The Company does not have off-balance sheet arrangements.

Inflation

The primary inflationary factors affecting our operations are food, beverage and labor costs. A large number of restaurant personnel are paid at rates based upon applicable minimum wage and increases in minimum wage directly affect labor costs. To date, inflation has not had a material impact on our operating results, but this circumstance may change in the future if food and fuel costs continue to rise.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

We do not ordinarily hold market risk sensitive instruments for trading purposes and as of January 2, 2016 held no equity securities.

Interest Rate Risk

As part of our ongoing operations, we are exposed to interest rate fluctuations on our borrowings. As more fully described in Note 9 “Fair Value Measurements of Financial Instruments” to the Consolidated Financial Statements included in “Item 8. Financial Statements and Supplementary Data” of our Annual Report on Form 10-K for our fiscal year ended October 3, 2015, we use interest rate swap agreements to manage these risks. These instruments are not used for speculative purposes but are used to modify variable rate obligations into fixed rate obligations.

At January 2, 2016, we had four variable rate debt instruments outstanding that are impacted by changes in interest rates. In July, 2010, we re-financed the mortgage loan encumbering our corporate offices (the “Refinanced Mortgage Loan”). In November, 2011, we financed our purchase of the real property and two building shopping center in Miami, Florida, with a \$4,500,000 mortgage loan (the “\$4.5M Mortgage Loan”). In January, 2013, we re-financed the mortgage loan encumbering the property where our combination package liquor store and restaurant located at 4 N. Federal Highway, Hallandale, Florida, (Store #31) operates, which mortgage loan is held by an unaffiliated third party lender (the “\$1.405M Loan”) and borrowed \$1,595,000 from a non affiliated third party lender, (the “\$1.595M Term Loan”), and used all of the net proceeds of this loan to re-finance the property where our combination package liquor store and restaurant located at 4 N. Federal Highway, Hallandale, Florida, (Store #31) operates.

Index

As a means of managing our interest rate risk on these debt instruments, we entered into interest rate swap agreements with our unrelated third party lender to convert these variable rate debt obligations to fixed rates. We are currently party to the following four (4) interest rate swap agreements:

(i) One (1) interest rate swap agreement entered into July, 2010 relates to the Refinanced Mortgage Loan (the “Mortgage Loan Swap”). The Mortgage Loan Swap requires us to pay interest for a seven (7) year period at a fixed rate of 5.11% on an initial amortizing notional principal amount of \$935,000, while receiving interest for the same period at LIBOR, Daily Floating Rate, plus 2.25%, on the same amortizing notional principal amount. Under this method of accounting, at January 2, 2016, we determined that based upon unadjusted quoted prices in active markets for similar assets or liabilities provided by our unrelated third party lender, the swap is not effective, however fair value of the Mortgage Loan Swap was not material;

(ii) The second interest rate swap agreement entered into in November, 2011 by our wholly owned subsidiary, Flanigan’s Calusa Center, LLC, relates to the \$4.5 Mortgage Loan (the “\$4.5M Mortgage Loan Swap”). The \$4.5M Mortgage Loan Swap requires us to pay interest for an eight (8) year period at a fixed rate of 4.51% on an initial amortizing notional principal amount of \$3,750,000, while receiving interest for the same period at LIBOR – 1 Month, plus 2.25%, on the same amortizing notional principal amount. We determined that at January 2, 2016, the interest rate swap agreement is an effective hedging agreement and the fair value was not material;

(iii) The third interest rate swap agreement entered into in January, 2013 relates to the \$1.405M Loan (the “\$1.405M Term Loan Swap”). The \$1.405M Term Loan Swap requires us to pay interest for a twenty (20) year period at a fixed rate of 4.35% on an initial amortizing notional principal amount of \$1,405,000, while receiving interest for the same period at LIBOR – 1 Month, plus 2.25%, on the same amortizing notional principal amount. We determined that at January 2, 2016, the interest rate swap agreement is an effective hedging agreement and the fair value was not material; and

(iv) The fourth interest rate swap agreement entered into in January, 2013 relates to the \$1.595M Term Loan (the “\$1.595M Term Loan Swap”). The \$1.595M Term Loan Swap requires us to pay interest for a forty two (42) month period at a fixed rate of 4.00% on an initial amortizing notional principal amount of \$1,595,000, while receiving interest for the same period at LIBOR – 1 Month, plus 3.25%, on the same amortizing notional principal amount. We determined that at January 2, 2016, the interest rate swap agreement is an effective hedging agreement and the fair value was not material.

At January 2, 2016, our cash resources earn interest at variable rates. Accordingly, our return on these funds is affected by fluctuations in interest rates.

There is no assurance that interest rates will increase or decrease over our next fiscal year or that an increase will not have a material adverse effect on our operations.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our reports filed with the U.S. Securities and Exchange Commission (the “SEC”) is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms, and that such information is accumulated and communicated to management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

As of January 2, 2016, an evaluation was performed under the supervision and with the participation of management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) to the Securities Exchange Act of 1934) . Based on that evaluation, management, including our Chief Executive Officer and Chief Financial Officer, concluded that our disclosure controls and procedures were effective as of January 2, 2016.

Changes in Internal Control Over Financial Reporting

During the period covered by this report, we have not made any change to our internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.
