Matav Reports Improvement Trend Continued in Q2 2003 Financial Results

EBITDA for the Quarter Reached NIS 37.1 million

NETANYA, Israel, August 21, 2003 **Matav-Cable Systems Media Ltd. (Nasdaq: MATV)**, a leading Israeli provider of digital cable television services, today reported second-quarter revenues increased to NIS 136.3 million (US\$31.6 million) from NIS 132.2 million (US\$30.7 million) in first-quarter 2003 and NIS 127.6 million (US\$29.6 million) in second-quarter 2002. The higher revenues, which Matav reported despite a decrease in total subscribers, stemmed from higher sales of tiering, interactive and fast Internet services.

Second-quarter operating expenses fell to NIS 117.5 million (US\$27.3 million) from NIS 119.3 million (US\$27.7 million) in the previous quarter and NIS 137.7 million (US\$31.9 million) in the year-earlier period. The drop is attributed mainly to lower content expenses.

Gross profit for the second quarter advanced to NIS 18.8 million (US\$4.3 million) from NIS 12.9 million (US\$3 million) in first-quarter 2003. For the second quarter of 2002, Matav reported a gross loss of NIS 10.1 million (US\$2.3 million).

Second-quarter selling, marketing and G&A expenses were NIS 21 million (US\$4.9 million), compared with NIS 22.2 million (US\$5.1million) in the previous quarter and NIS 20.4 million (US\$4.7 million) in second-quarter 2002.

Financing expenses for the quarter totaled NIS 31.2 million (US\$7.2 million), compared with NIS 15 million (US\$3.5 million) in first- quarter 2003 and NIS 2.3 million (US\$0.5 million) in the year-ago quarter. The higher financing expenses were caused by the 1.3% second-quarter decline in Israel's consumer price index, which in turn prompted higher real interest rates. Another factor in the higher financing expense was the US dollar's devaluation against the shekel, which caused losses due to hedging activities.

Matav's share in profits of associated companies reached NIS 7.9 million (US\$1.8 million) in the second quarter, compared with NIS 3.5 million (US\$0.8 million) in the previous quarter and NIS 2 million (US\$0.5 million) in second-quarter 2002. The increase stems from Matav's 7.4% holding in Partner Communications, which posted higher profits.

Matav reported a second-quarter net loss of NIS 22.9 million (US\$5.3 million), or NIS 0.79 (US\$0.18) per ordinary share, compared with a net loss of NIS 24.8 million (US\$5.8 million), or NIS 0.86 (US\$0.2), in the first quarter. For the second quarter of 2002, Matav reported net profit of NIS 160.2 million (US\$37.2 million), or NIS 5.56 (US\$1.30) per ordinary share. In the year-ago quarter, Matav sold 50 percent of its holding in Partner Communications and reported a pretax capital gain of NIS 301 million on the transaction.

Second-quarter EBITDA improved to NIS 37.1 million (US\$8.6 million) from NIS 31.9 million (US\$7.4 million) for first-quarter 2003 and NIS 7.8 million (US\$1.8 million) for second-quarter 2002.

At June 30, 2003, Matav had approximately 271,700 subscribers, compared with 274,000 at March 31, 2003, and 281,500 at June 30, 2002.

During the second quarter, ARPU continued to increase, reaching NIS 195.5 (monthly, including 18% value-added tax) compared with NIS 189.7 in the previous quarter and NIS 177.3 in second-quarter 2002. The company's fast Internet service has attracted more than 42,000 subscribers to date.

Matav CEO Amit Levin commented: "Matav is pleased that it increased revenues in an intensely competitive second quarter, which was marked by price reductions at our competitors. The price cuts reduced our overall subscriber base, but our ARPU increased in the quarter as we expanded our multi-channel offerings, as our subscribers used more of our innovative value-adding interactive services, and as we signed up more customers for fast Internet. We expect that continued higher revenues plus our commitment to tight control of expenses will support this positive trend in future quarters."

Regarding the merger, Israel's antitrust director general has granted the three Israeli cable companies an extension for the approval of the merger until November 15, 2003. We are continuing to cooperate with Israel's two other cable companies on marketing, content and other issues, including the recent launch of our joint brand, HOT. Due to difficulties stemming from the regulations set by Israel's supervisor of banks, concerning financing issues of the merged company, there is no certainty that the merger will take place in its original form or when it will take place. We are currently assessing our options regarding continuing our collaboration with the two other cable companies.
