Enclosure: Partner Communications announces a change in the organizational structure of the Group and the  
appointment of a Chief Operational Officer

PARTNER COMMUNICATIONS ANNOUNCES  
A CHANGE IN THE ORGANIZATIONAL STRUCTURE  
OF THE GROUP AND THE APPOINTMENT OF A  
CHIEF OPERATIONAL OFFICER

ROSH HA'AYIN, Israel, December 25, 2011 - Partner Communications Company Ltd. ("Partner" or "the Company") (NASDAQ and TASE: PTNR), a leading Israeli communications operator, announces today a change in the organizational structure of the group, in which infrastructure and headquarter parallel activities of Partner and its fully owned subsidiary, 012 Smile Telecom Ltd. ("012 Smile") will be merged and integrated and Mr. Menahem Tirosh will be appointed as Chief Operating Officer ("COO") of the group.

As part of the integration strategy between Partner and 012 Smile, along with maintaining separate cores of business - Partner in the cellular area and 012 Smile in the fixed-line communications area (fixed-line telephony, internet, transmission and international long distance services), the headquarter services of the group, including human resources, finance, legal, procurement and logistics, will be integrated and will be provided jointly under an integrated management. This process is a direct continuation of the integration of the engineering operations of the two companies under Partner and the transfer of Partner's fixed-line communications branch to 012 Smile.

This process is designated to maximize the operational and organizational synergies and to integrate parallel activities and will enable focusing on the managerial inputs required in order to cope with the market challenges in the short as well as the long term. The Company estimates that this process is expected to be concluded during the first quarter of 2012.

Mr. Menahem Tirosh, who will be appointed as COO of the group, will be responsible for the integration of the Technologies, IT and Operations Divisions, along with the long term strategic preparation in these areas.

The appointment of Mr. Menahem Tirosh as COO will enable focusing on the managerial inputs required for the integration of cross organizational processes and balancing between short as well as long term challenges in the network, technology and operational areas. These challenges include, among others, the preparation for the fourth generation network, the upgrade of the Company's IT systems and preparation for their upgrade and the maximization of the technological and operational advantages of Partner and 012 Smile, as part of a comprehensive communications group.

Mr. Menahem Tirosh, who has rich experience in the telecommunications field, was one of the founders of Partner and served as the Company's Vice President Technologies since it was founded and until the year 2004. Prior to his appointment Mr. Menahem Tirosh served as the CEO of Schema, which develops optimization solutions for cellular networks, and also filled various managerial positions including CEO of the Start-Up company Outsmart and CEO of TTI-Telecom.

Mr. Menahem Tirosh holds a bachelor's degree in Electrical Engineering (B.Sc) from the Technion - Israel Institute of Technology and a Master degree in Advanced Communications Engineering (M.Sc) from the Ben-Gurion University of the Negev.
