Status of the Share Redemption Program

The share redemption program of Wells Real Estate Investment Trust, Inc. (the "Registrant"), allows for the redemption of up to 5.0% of the weighted-average number of shares outstanding during the prior calendar year but in no event shall the aggregate amount of redemptions exceed the aggregate proceeds received from the sale of shares pursuant to the Registrant's dividend reinvestment plan. For the year ended December 31, 2005, the 5.0% allowance equates to approximately 23.3 million shares being available for redemption. In addition, up to 15% of funds available for redemption has been reserved for redemptions upon death and required minimum distribution requirements as set forth under Sections 401(a)(9), 403(b)(10), 408(a)(6), 408(b)(3), and 408(A)(c)(5) of the Internal Revenue Code. From January 1, 2005 through June 30, 2005, we had redeemed approximately 21.4 million shares of common stock at an aggregate cost of approximately \$202.4 million.

As of June 30, 2005, the only remaining shares available for redemption under the Registrant's share redemption program for the calendar year 2005 are for repurchase upon the death of a stockholder and required minimum distributions, as described above. Accordingly, the Registrant will be unable to honor any additional ordinary redemption requests this year, except for redemption requests relating to the death of a stockholder and required minimum distributions. Subsequent redemption requests made in 2005 will not be eligible for redemption until the first quarter of 2006, subject to the board of the Registrant's ability to modify the terms of or terminate our share redemption program with 30 days' notice at any time in its discretion.
