ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Since July 1, 2003, there has not been any transaction or series of transactions to which eGain was or is a party in which the amount involved exceeded or exceeds \$60,000 and in which any director, executive officer, holder of more than 5% of any class of eGain's voting securities or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest, other than the transactions described below.

Transactions with Management, Directors and Others

Effective September 29, 2004, eGain and certain holders of Series A Preferred entered into a restructuring agreement and a voting agreement whereby such Series A Preferred holders agreed to vote in favor of an amendment to the Company's certificate of incorporation providing for the conversion of all outstanding shares of Series A Preferred. The terms and conditions of this transaction, along with the interests of eGain's management, directors and certain other parties, are discussed extensively in Proposal 2.

On March 31, 2004, we entered into a note and warrant purchase agreement with Ashutosh Roy, our Chief Executive Officer, Oak Hill Capital Partners L.P., Oak Hill Capital Management Partners L.P., and FW Investors L.P. (the lenders) pursuant to which the lenders loaned to us \$2.5 million evidenced by secured promissory notes and received warrants to purchase shares of our common stock in connection with such loan. The secured promissory notes have a term of five years and bear interest at an effective annual rate of 12% due and payable upon the maturity of such notes. We have the option to prepay the notes at any time subject to the prepayment penalties set forth in such notes. The warrants allow the lenders to purchase up to 312,500 shares at an exercise price of \$2.00 per share. The warrants become exercisable as to fifty percent (50%) of the warrant shares nine months after issuance of the warrants and as to one hundred percent (100%) of the warrant shares on the first anniversary of the issuance of the warrants. We recorded \$2.28 million in related party notes payable and \$223,000 of discount on the notes related to the relative value of the warrants issued in the transaction that will be amortized to interest expense over the five year life of the notes. The fair value of these warrants was determined using the Black-Scholes valuation method with the following assumptions: an expected life of 3 years, an expected stock price volatility of 75%, a risk free interest rate of 1.93%, and a dividend yield of 0%.

In the past, eGain has granted options to purchase common stock to its directors and executive officers. eGain intends to grant such options to its directors and executive officers in the future.
