PROXY STATEMENT

General

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors (the **Board**) of Covalent Group, Inc., a Delaware corporation (the **Company**), of proxies, in the enclosed form, for use in voting at the 2005 Annual Meeting of Stockholders (the **Meeting**) to be held on June 24, 2005 at 10:00 A.M. at the Courtyard by Marriott-Valley Forge, 1100 Drummers Lane, Wayne, Pa 19087 and any adjournments or postponements thereof.

This Proxy Statement, the enclosed proxy card and the Company's Annual Report to Stockholders for the year ended December 31, 2004, including financial statements, are being mailed on or about May 13, 2005 to stockholders entitled to the notice of and to vote at the meeting.

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by delivering to the Secretary of the Company a written notice of revocation or a duly executed proxy bearing a later date, or by attending the Meeting and voting in person.

Record Date; Voting Securities

Stockholders of record as of the close of business on April 29, 2005 (the **Record Date**) will be entitled to vote at the Meeting and any adjournment thereof. As of the Record Date, 13,499,666 shares of the Company's common stock (**Common Stock**) were outstanding.

Voting and Solicitation

Edgar Filing: COVALENT GROUP INC - Form DEF 14A

Each outstanding share of Common Stock on the Record Date is entitled to one vote on all matters. Shares of Common Stock may not be voted cumulatively.

Votes cast by proxy or in person at the Meeting will be tabulated by the Inspector of Election (the Inspector) with the assistance of the Company's transfer agent. The Inspector will also determine whether or not a quorum is present. Under the Company's Bylaws, the holders of a majority of the voting power of the outstanding shares of Common Stock of the Company entitled to vote at the Meeting shall constitute a quorum. Stockholders holding shares of Common Stock of the Company who are present in person or represented by proxy (including stockholders who abstain from voting their shares or who do not vote with respect to one or more of the matters presented for stockholder approval) will be counted for purposes of determining whether a quorum is present.

If a broker indicates on the enclosed proxy or its substitute that it does not have discretionary authority as to certain shares to vote on a particular matter (broker non-votes), those shares will not be considered as present with respect to that matter.

The nominees for election as directors at the Meeting will be elected by a plurality of the votes cast with respect to the shares of Common Stock present in person or represented by proxy at the Meeting. As a result, abstentions and broker non-votes have no effect on the outcome of the vote. Votes that are withheld from a director nominee will be excluded entirely from the vote for such nominee. Any other matters submitted to the stockholders will require the affirmative vote of a majority of the shares of Common Stock having voting power present in person or represented by proxy at a duly held meeting, at which a quorum is

present. Stockholders who abstain from voting as to a particular matter will not be counted as votes in favor of that matter. Accordingly, abstentions and broker non-votes will have the effect of a "NO" vote on any such matter submitted to the stockholders.

All properly executed proxies delivered pursuant to this solicitation and not revoked will be voted at the Meeting in accordance with the directions given. In voting by proxy in regard to the election of four Directors, stockholders may vote in favor of all nominees or withhold their votes as to all nominees or withhold their votes as to specific nominees. With respect to any other items which may be voted upon, stockholders may vote in favor of the item or against the item or may abstain from voting. Stockholders should specify their choices on the enclosed proxy card. If no specific instructions are given with respect to the matters to be acted upon, and the proxy is returned properly executed, the shares represented by the proxy will be voted FOR all the nominees identified below under "Proposal 1 Election of Directors."

Other Matters

The Board does not intend to bring any matters before the Meeting other than as stated in this Proxy Statement, and is not aware that any other matters will be presented for action at the Meeting. If any other matters come before the Meeting, the persons named in the enclosed form of proxy will vote the proxy with respect thereto in accordance with their best judgment, pursuant to the discretionary authority granted by the proxy.

Director s Compensation

Non-employee directors receive \$37,500 per year for their service as directors paid at the rate of \$3,125 per month, and are reimbursed for reasonable expenses incurred in connection with attendance at meetings of the Board. Non-employee directors who are Chairmen of the Audit and Compensation Committees receive an annual option grant to purchase 25,000 shares of Common Stock. All other non-employee directors receive an annual option grant to purchase 20,000 shares of Common Stock. The option grant vests pursuant to the terms of the Company s stock option plans.

Meetings of the Board of Directors

The Board held five meetings during 2004. There was no director who, during the last full fiscal year, attended in person or by phone fewer than 75% of Board or committee meetings while such person was a director and served as a committee member. While the Company encourages all members of the Board of Directors to attend annual meetings of the Company s stockholders, there is no formal policy as to their attendance. All of the members of the Board of Directors attended the 2004 annual meeting of stockholders.

Director Independence

The Board of Directors has determined that the following directors are independent under the listing standards of the NASD: Mr. Collier, Mr. Jenkins and Mr. Meshginpoosh

Committees of the Board

The Board has a Compensation Committee and an Audit Committee.

Compensation Committee. The Compensation Committee reviews and approves salaries for corporate officers and reviews, approves and administers the Company s stock option plans and grants thereunder. The Compensation Committee met three times during 2004. The Compensation Committee is presently composed of two non-employee directors, Scott M. Jenkins (Chairman) and Earl M. Collier, Jr.

Edgar Filing: COVALENT GROUP INC - Form DEF 14A

Audit Committee. The Audit Committee oversees the Company's accounting, financial reporting process, internal controls over financial reporting and audits, and consults with management, and the independent public accountants on, among other items, matters related to the annual audit, the published financial statements and the accounting principles applied. As part of its duties, the Audit Committee appoints, evaluates and retains the Company's independent public accountants. It also maintains direct responsibility for the compensation, termination and oversight of the Company's independent public accountants and evaluates the independent public accountants' qualifications, performance and independence. The Audit Committee approves all services provided to the Company by the independent public accountants. The Audit Committee has established procedures for the receipt, retention and treatment, on a confidential basis, of complaints received by the Company, regarding accounting, internal accounting controls or auditing matters, and the confidential, anonymous submissions by employees of concerns regarding questionable accounting or auditing matters. The Audit Committee Charter was set forth in Appendix A to the Proxy Statement for the 2003 Annual Meeting of Stockholders. In 2004, the Audit Committee was composed of Thomas E. Hodapp (Chairman), Earl M. Collier, Jr., and Scott M. Jenkins. Mr. Hodapp resigned from the Board of Directors in February 2005. Upon Mr. Hodapp's resignation, Mr. Jenkins became acting Chairman of the Audit Committee. Mr. Meshginpoosh joined the

Board of Directors in April 2005 and concurrently was appointed Chairman of the Audit Committee. Each member of the Audit Committee is independent as defined in the Securities Exchange Act of 1934, as amended, (the Exchange Act) and applicable rules of The Nasdaq Stock Market. The Board of Directors has determined that Mr. Meshginpoosh is an audit committee financial expert as defined in rules of the Securities and Exchange Commission (the SEC) under the Sarbanes-Oxley Act of 2002. The Audit Committee met four times in 2004.

Code of Ethics

The Board of Directors is committed to ethical business practices. The Company adopted a corporate code of ethics in September 2004. The code of ethics applies to all of the Company's employees and directors and includes the code of ethics for the Company's principal executive officer, principal financial officer, principal accounting officer or controller within the meaning of the SEC regulations adopted under the Sarbanes-Oxley Act of 2002. The Company's corporate code of ethics is posted under the Investor Relations section of its website at: www.covalentgroup.com. Please note that none of the information on the Company's website is incorporated by reference in this proxy statement.

Director Nominations

The entire Board of Directors performs the functions of the Nominating Committee. As part of the nominating process, the Board of Directors reviews the appropriate skills and characteristics required of board members. The Board does not anticipate that it will generally rely on third-party search firms to identify board candidates. Instead, the Board anticipates that it will rely on recommendations from a wide variety of business contacts, including current executive officers, directors and stockholders, as a source for potential board candidates. The Board of Directors would evaluate the above criteria as well as the current composition of the Board of Directors and the need for Audit Committee experience. The Board of Directors would then nominate the candidates which it believes best suit the needs of the Company. The Board anticipates that stockholders' nominees that comply with the existing procedures outlined in the Company's bylaws described below will receive the same consideration that other nominees receive.

Pursuant to Section 2.1(b) of the Company's bylaws, the Board of Directors will consider stockholder recommendations for directors sent to the Corporate Secretary, Covalent Group, Inc., One Glenhardie Corporate Center, Suite 100, 1275 Drummers Lane, Wayne, PA 19087. Stockholder recommendations for directors must include: (i) the name and address of the stockholder recommending the person to be nominated, (ii) a representation that the stockholder is a holder of record of stock of the Company, including the class and number of shares held and the period of holding, (iii) a description of all arrangements or understandings between the stockholder and the recommended nominee, a representation that the stockholder intends to appear in person or by proxy at the annual meeting to nominate the candidate(s) for election to the Board of Directors, (iv) such other information regarding the recommended nominee as would be required to be included in a proxy statement filed pursuant to Regulation 14A promulgated by the SEC pursuant to the Exchange Act, and (v) the consent of the recommended nominee to serve as a director of the Company if so elected. Recommendations must be received by the Corporate Secretary not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting, provided, however, that in the event the date of the annual meeting is advanced by more than 30 days or delayed by more than 60 days from such anniversary date, the stockholder must deliver a director recommendation not earlier than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made.

Shareholder Communications

Our Annual Meeting of Shareholders provides an opportunity each year for shareholders to ask questions of or otherwise communicate directly with members of our Board of Directors on matters relevant to the Company. In addition, the Board of Directors has established a process for permitting stockholders to communicate with the Board of Directors outside of our Annual Meeting. The shareholder communications policy is

Edgar Filing: COVALENT GROUP INC - Form DEF 14A

posted on our website at www.covalentgroup.com. Please note that none of the information on the Company's website is incorporated by reference into this proxy statement.

The following report of the Compensation Committee shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended, or under the Exchange Act, except to the extent that the company specifically incorporates this information by reference. The following report shall not otherwise be deemed filed under such acts.

REPORT OF THE COMPENSATION COMMITTEE

The following report was prepared by the Compensation Committee, which was comprised during 2004 of Mr. Jenkins (Chairman) and Mr. Collier. The Compensation Committee is responsible for establishing and overseeing policies governing compensation programs for executive-level officers of the Company in order to attract, motivate and retain key executives responsible for the operations of the Company.

Compensation Policies

The Company's executive compensation policies and specific compensation programs are intended to further the principal objective of maximizing long-term shareholder value. The Compensation Committee believes that this objective, and the long-term interests of shareholders, are best achieved by attracting and retaining high-quality management, and that executive compensation should be determined according to a competitive framework and based on overall financial results and individual contributions to the business consistent with overall corporate needs and objectives. The ultimate purpose of executive compensation policies and programs is to attract and retain high-quality executives and to motivate the entire management team to put forth maximum efforts toward achieving the Company's financial and business objectives. The Compensation Committee believes the executive compensation policies and programs of the Company are consistent with this policy.

Within the overall philosophy, the Compensation Committee has established specific objectives to:

offer a total compensation program that is competitive and consistent with compensation levels for executive officers holding positions of comparable responsibility in the contract research industry;

promote achievement of annual financial and business objectives of the Company;

motivate key executives to fulfill their responsibilities in meeting the business objectives of the Company; and

reward executives for long-term strategic management and the enhancement of shareholder value.

Compensation Programs

There are three major components of the Company's executive compensation programs:

base annual salary;

annual cash incentives (or bonuses); and

long-term incentives.

In setting annual base salary levels and annual incentives for executive officers, the Compensation Committee evaluates the responsibilities of the position held and the experience of the individual, as well as consideration of compensation practices and financial performance for comparable positions within the pharmaceutical and biotechnology industries. In addition, the performance of each individual executive officer is considered, as well as the Company's overall financial performance for the previous fiscal year and the contributions to such performance made by the executive officer and his or her department. However, the Compensation Committee does not apply any specific formula or assign any specific weights to these factors in making compensation decisions.

Long-term incentive awards consist of options to acquire shares of Common Stock under the Company's equity incentive plans. In 2004, 100,000 common stock options were granted to Mr. Hoffman upon his hiring as Executive Vice President and Chief Financial Officer and 25,000 common stock options were awarded to Ms. O'Neill upon her promotion to Senior Vice President, Clinical Operations. No common stock options were awarded to Dr. Borow during 2004.

The Compensation Committee believes making these various long-term compensation programs available to executive officers, coupled with annual base salaries and bonuses, further the objectives of the Compensation Committee of aligning the interests of executive officers with the interests of long-term shareholders.

CEO Compensation

The Company entered into an employment agreement with Dr. Borow, as of March 31, 2003. Pursuant to the employment agreement (which replaced a prior agreement), which has a term of three years expiring March 31, 2006, Dr. Borow received an annual base salary of \$325,000, subject to increases in each subsequent year tied to increases in the consumer price index. In addition, pursuant to the agreement, Dr. Borow is eligible to receive an annual bonus of up to 50% of his base salary, depending upon the Company's attainment of its operating goals and his individual performance. Up to one-half of Dr. Borow's maximum annual bonus is based on objective tests and up to one-half of his maximum bonus is determined in the sole discretion of the Compensation Committee. Under certain circumstances relating to the termination of Dr. Borow's employment, the Company may be obligated to pay Dr. Borow severance compensation for up to one year (at a rate equal to his then base salary) and, in such event, the Company also would be obligated to continue group health coverage for Dr. Borow for a period of one year and, to the extent not already vested, all of Dr. Borow's stock options would vest. In addition, if a change in control (as defined in the agreement) occurs during the term of Dr. Borow's employment agreement (or within one year thereafter under certain circumstances), the Company would be obligated to pay Dr. Borow a change in control payment in an amount ranging from one to five times his then base salary, depending upon the growth in stockholder value as reflected by the trading price of the Company's common stock (or, under certain circumstances, the amount of the consideration to be received by the stockholders in such transaction).

In determining the base annual salary, annual cash incentives and the other principal economic terms included in Dr. Borow's employment agreement, the Compensation Committee's goal was to provide total annual compensation intended to compensate Dr. Borow fairly in relation to comparable positions within the contract research industry (while recognizing that most of the other publicly-traded contract research organizations are substantially larger than the Company), as well as to retain the services of Dr. Borow for the Company and continue to motivate him to use his maximum efforts to further the business objectives of the Company. The Compensation Committee specifically noted Dr. Borow's significant contributions to the business development efforts of the Company.

In light of the Company's financial results in 2004 (noting in particular the decrease in net revenues and the significant loss from operations), Dr. Borow did not receive an annual bonus for 2004 based upon the operating performance criteria contained in the employment agreement. Dr. Borow did receive a cost of living adjustment in 2004 of 2.3% pursuant to the terms of his employment agreement. The cost of living adjustment was based on the consumer price index for the Philadelphia area (the region in which the Company is headquartered) as published by the U.S. Department of Labor, Bureau of Labor Statistics.

Employment Agreements

Edgar Filing: COVALENT GROUP INC - Form DEF 14A

We entered into an employment agreement with Dr. Borow, as of March 31, 2003. Pursuant to the employment agreement (which replaced a prior agreement), which has a term of three years expiring March 31, 2006, Dr. Borow received an annual base salary of \$325,000, subject to increases in each subsequent year tied to increases in the consumer price index. In addition, the Company paid to Dr. Borow the sum of \$35,937 in 2003 (which is the difference between the base salary actually paid for the period February 1, 2002 through January 31, 2003 and the base salary he would have been paid had his base salary been equal to \$300,000). Pursuant to the employment agreement, Dr. Borow is eligible to receive an annual bonus of up to 50% of his base salary, depending upon the Company's attainment of its operating goals and his individual performance. Up to one-half of Dr. Borow's maximum annual bonus is based on objective tests

and up to one-half of his maximum bonus is determined in the sole discretion of the Compensation Committee. Under certain circumstances relating to the termination of Dr. Borow's employment, the Company may be obligated to pay Dr. Borow severance compensation for up to one year (at a rate equal to his then base salary) and, in such event, the Company also would be obligated to continue group health coverage for Dr. Borow for a period of one year and, to the extent not already vested, of all of Dr. Borow's stock options would vest. In addition, if a change in control (as defined in the agreement) occurs during the term of Dr. Borow's employment agreement (or within one year thereafter under certain circumstances), the Company would be obligated to pay Dr. Borow a change in control payment in an amount ranging from one to five times his then base salary, depending upon the growth in stockholder value as reflected by the trading price of the Company's common stock (or, under certain circumstances, the amount of the consideration to be received by the stockholders in such transaction).

We do not have employment agreements with any other current executive officers.

The policy requires that all services to be performed by Deloitte & Touche LLP, including audit services, audit-related services and permitted non-audit services, be pre-approved by the Audit Committee. The following report of the Audit Committee shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933, as amended, or under the Exchange Act, except to the extent that the Company specifically incorporates this information by reference. REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board is currently composed of three non-employee directors, Christopher F. Meshginpoosh, Earl M. Collier, Jr. and Scott M. Jenkins. The Board, in its business judgment, has determined that all members of the committee are independent, as required by applicable listing standards of the Nasdaq National Market. The Committee operates pursuant to a charter that was last amended and restated by the Board on April 11, 2003, a copy of which was appended to the Proxy Statement for the 2003 Annual Meeting. The role of the Audit Committee is to assist the Board in its oversight of the Company's financial reporting process. Management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements, the Company's accounting and financial reporting principles and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for auditing the Company's financial statements and expressing an opinion as to their conformity with generally accepted accounting principles.

In the performance of its oversight function, the Audit Committee reviewed and discussed the audited financial statements for the year ended December 31, 2004 with management and the independent auditors. The Audit Committee also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as currently in effect. Finally, the Audit Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, as currently in effect, and has considered whether the provision of non-audit services by the independent auditors to the Company is compatible with maintaining the auditor's independence and has discussed with the auditors the auditor's independence.

Based upon the reports and discussions described in this report, and subject to the limitations on the role and responsibilities of the committee referred to above and in the charter, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's annual report on Form 10-K for the year ended December 31, 2004 for filing with the Securities and Exchange Commission.
