PROXY STATEMENT

This proxy statement contains information related to the annual meeting of shareholders of Verticalnet, Inc. to be held on August 5, 2005 (the Annual Meeting), beginning at 10:00 a.m. local time, at the offices of Morgan, Lewis & Bockius, LLP, 1701 Market Street, Philadelphia, Pennsylvania 19103, and any postponements or adjournments thereof. Verticalnet first mailed these proxy materials to shareholders on or about June 27, 2005.

ABOUT THE ANNUAL MEETING

What is the purpose of the Annual Meeting?

At the Annual Meeting, shareholders will act upon the matters listed in the Notice of Annual Meeting and any other matters that properly come before the meeting. In addition, the management team will report on the performance of Verticalnet during 2004 and respond to questions from shareholders.

Who can vote at the meeting?

All shareholders of record at the close of business on May 31, 2005, or the record date, are entitled to vote at the Annual Meeting and any postponements or adjournments of the meeting.

What are the voting rights of the holders of the common stock?

Holders of our common stock will vote on all matters to be acted upon at the Annual Meeting. Each outstanding share of common stock will be entitled to one vote on each matter to be voted upon at the Annual Meeting.

Who can attend the Annual Meeting?

Edgar Filing: VERTICALNET INC - Form DEF 14A

All shareholders as of the record date, or their duly appointed proxies, may attend the Annual Meeting. Each shareholder may be asked to present valid picture identification, such as a driver's license or passport. If you hold your shares through a broker or other nominee, you must bring a copy of a brokerage statement reflecting your stock ownership as of the record date. Everyone must check in at the registration desk at the meeting.

How do I vote?

You may attend the Annual Meeting and vote in person. Alternatively, you may vote your shares by proxy:

by mail, or

by telephone

To vote by mail, simply mark, sign and date your proxy card and return it in the postage-paid envelope provided for receipt by us prior to August 5, 2005 (proxy cards received after 11:59 p.m., August 4, 2005 will not be counted). The enclosed proxy card contains instructions for telephone voting, which is available to shareholders 24 hours a day, 7 days a week until 10:00 a.m., Malvern, Pennsylvania time on August 4, 2005.

Please note that if your shares are held in street name, you must check the proxy card or contact your broker or nominee to determine if you will be able to vote by telephone. If you want to vote in person at the Annual Meeting and you hold Verticalnet common stock in street name, you must obtain a proxy card from your broker and bring that proxy card to the Annual Meeting, together with a copy of a brokerage statement reflecting your stock ownership as of the record date.

Please also note that by casting your vote by proxy in any of the ways listed above, you are authorizing the individuals listed on the proxy card to vote your shares in accordance with your instructions.

Is my vote confidential?

Yes. Proxy cards, ballots and voting tabulations that identify shareholders are kept confidential except in certain circumstances where it is important to protect the interests of Verticalnet and its shareholders.

What if I do not indicate my preference on the proxy card?

If you do not indicate how you would like your shares to be voted for a particular proposal, your shares will be voted FOR the election of the nominated slate of directors. As to other matters as may properly come before the meeting (or any adjournments or postponements thereof), the proxy holders will vote as recommended by the Board of Directors. If no such recommendation is made, the proxy holders will be authorized to vote upon such matters in their own discretion.

Can I change my vote after I return my proxy card?

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised by filing with the Secretary of Verticalnet either a notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if you attend the Annual Meeting in person and request to recast your vote. Attendance at the Annual Meeting will not, by itself, revoke a previously granted proxy.

What constitutes a quorum?

As of the record date, Verticalnet had 42,908,785 shares of its common stock outstanding. The presence at the Annual Meeting, in person or by proxy, of the holders entitled to cast at least a majority of votes which all shareholders are entitled to cast as of the record date will constitute a quorum. Broker non-votes, abstentions and votes withheld count as shares present at the Annual Meeting for purposes of a quorum.

What are the recommendations of the Board of Directors?

Edgar Filing: VERTICALNET INC - Form DEF 14A

Unless you instruct otherwise on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board of Directors. The Board recommends a vote FOR the election of the nominated slate of directors.

The proxy holders will vote as recommended by the Board of Directors with respect to any other matter that properly comes before the Annual Meeting. If the Board of Directors gives no recommendation on any such matter, the proxy holders will vote in their own discretion.

What vote is required to approve each proposal?

Election of Directors. The affirmative vote of a plurality of the votes cast at the Annual Meeting is required for the election of directors. A properly executed proxy marked **WITHHOLD** authority with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum. Thus, the three candidates with the most affirmative votes will be elected at the Annual Meeting.

Broker Non-Votes. If you hold your shares in **street name** through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Under the rules that govern brokers who are voting with respect to shares held in **street**

name, brokers have the discretion to vote such shares on routine matters, but not on non-routine matters. Routine matters include the election of directors and ratification of the independent registered public accounting firm. Non-routine matters include matters such as amendments to stock plans. Therefore, if you do not give your broker or nominee specific instructions, your shares may not be voted on non-routine matters and will not be counted in the voting results. Shares represented by such broker non-votes will, however, be counted in determining whether there is a quorum. Accordingly, broker non-votes will not be counted toward a nominee's total of affirmative votes in the election of directors and will have no effect on the approval of the other proposals.

Who conducts the proxy solicitation and how much will it cost?

Verticalnet is soliciting the proxies and will bear the cost of the solicitation. Verticalnet has retained Georgeson Shareholder to aid in the solicitation. For these services, Verticalnet will pay Georgeson Shareholder a fee of \$6,000 and reimburse it for out-of-pocket disbursements and expenses. Verticalnet may ask its officers and other employees, without compensation other than their regular compensation, to solicit proxies by further mailing or personal conversations, or by telephone, facsimile, Internet or other means of electronic transmission. Verticalnet will also, if asked, reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation material to the beneficial owners of the common stock.

INFORMATIONAL NOTE REGARDING PRIOR STOCK SPLITS

Information in this proxy statement has been adjusted to reflect three separate stock splits of our common stock. A two-for-one stock split was effected on August 20, 1999 and another two-for-one stock split was effected on March 31, 2000. A one-for-ten reverse stock split was effected on July 15, 2002. All references to shares and per share amounts have been adjusted retroactively for these splits.

Compensation of Directors

On November 2, 2004, the board of directors adopted a policy regarding compensation to the members of the board. Verticalnet pays its non-employee directors \$10,000 once a year for regular service on the board in the form of a grant of restricted stock units (RSUs). The number of RSUs granted is determined by dividing \$10,000 by the closing price of Verticalnet common stock on the date of grant, which is typically the date of the annual meeting of shareholders. The RSUs have an exercise price of \$0.01 which is payable by the grantee upon distribution of the shares represented by the RSUs, and typically vest 25% each quarter after the date of grant. In addition, members of the Board are reimbursed for expenses they incur in attending meetings.

Additionally, each non-employee director receives an initial grant of 30,000 options upon joining the board and an annual grant of 20,000 options granted on the date of the Annual Meeting. The exercise price of the options is the closing price of Verticalnet common stock on the date of grant. The options are generally non-qualified stock options and 100% of the options vest in one year from the date of grant. Options have a maximum term of ten years, except that a director has 90 days to exercise after leaving the board. For fiscal 2004, Verticalnet granted 20,000 options and 7,407 RSUs to its non-employee directors. Pursuant to a policy established by his employer, Internet Capital Group, Mr. Buckley holds his options and RSUs for the exclusive economic benefit of Internet Capital Group.

Verticalnet pays the chair of the audit committee \$5,000 and members of its audit committee \$3,500 for each fiscal quarter that they serve on the committees. Verticalnet pays the members of its compensation, nominating, and corporate governance committees \$1,500 for each fiscal quarter that they serve on the committee.

The Audit Committee is currently composed of Messrs. Milano, Ballowe and Schott, each of whom the Board has determined is independent, as that term is defined by applicable listing standards of The Nasdaq Stock Market. Mr. Milano is the Chairman of the Audit Committee. The Compensation Committee acts pursuant to a written charter, a copy of which is posted on the Corporate Governance section of our website, www.verticalnet.com.

The Compensation Committee was comprised of Messrs. Ballowe and Bernstock until April 26, 2004. Since April 27, 2004, the Committee is comprised of Messrs. Buckley, Ballowe and Schott, each of whom the Board has determined is independent, as that term is defined by applicable listing standards of The Nasdaq Stock Market. Mr. Buckley is the Chairman of the Compensation Committee. In 2004, the Compensation Committee met three times.

Nominating and Corporate Governance Committee. The nominating and corporate governance committee of the Board of Directors (the Nominating and Corporate Governance Committee) was created by resolution of the Board in April 2004. The Nominating and Corporate Governance Committee is responsible for identifying and recommending the director nominees to be selected by the Board for each annual meeting of shareholders; implementing the Board's criteria for selecting new directors; developing, reviewing and recommending to the Board a set of corporate governance policies applicable to Verticalnet; and providing oversight for the evaluation of the performance of the Board. The Nominating and Corporate Governance Committee acts pursuant to a written charter, a copy of which is posted on the Corporate Governance section of our website, www.verticalnet.com.

The Nominating and Corporate Governance Committee is currently composed of Messrs. Nickolas, Buckley and Milano, each of whom the Board has determined is independent, as that term is defined by applicable listing standards of The Nasdaq Stock Market. Mr. Nickolas is the Chairman of the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee met two times in 2004.

Director Candidates

Shareholders may recommend director candidates for inclusion by the Board of Directors in the slate of nominees which the Board recommends to shareholders for election. The qualifications of recommended candidates will be reviewed by the Nominating and Corporate Governance Committee. If the Board determines to nominate a shareholder-recommended candidate and recommends his or her election as a director by the shareholders, his or her name will be included in Verticalnet's proxy card for the shareholder meeting at which his or her election is recommended.

Shareholders may recommend individuals to the Nominating and Corporate Governance Committee for consideration as potential director candidates by submitting their names and background to Mr. Nickolas, Chairman of the Nominating and Corporate Governance Committee, at the address set forth below under Shareholder Communications. The Nominating and Corporate Governance Committee will consider a recommendation only if appropriate biographical information and background material is provided on a timely basis. The process followed by the Nominating and Corporate Governance Committee to identify and evaluate candidates includes requests to Board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the Nominating and Corporate Governance Committee and the Board. The Nominating and Corporate Governance Committee is authorized to retain advisers and consultants and to compensate them for their services. The Nominating and Corporate Governance Committee did not retain any such advisers or consultants during 2004.

Assuming that appropriate biographical and background material is provided for candidates recommended by shareholders, the Nominating and Corporate Governance Committee will evaluate those candidates by following substantially the same process, and applying substantially the same criteria, as for candidates submitted by Board members or by other persons. In considering whether to recommend any candidate for inclusion in the Board's slate of recommended director nominees, including candidates recommended by shareholders, the Nominating and Corporate Governance Committee will apply the criteria which are set forth in our Corporate Governance Guidelines. These criteria include the candidate's integrity, business acumen, age, experience, diligence, conflicts of interest and the ability to act in the interests of all shareholders. The Nominating and Corporate Governance Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. We believe that the backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities.

Shareholders also have the right to nominate director candidates themselves, without any prior review or recommendation by the Nominating and Corporate Governance Committee or the Board, by the procedures set forth herein under Shareholder Proposals for the 2006 Annual Meeting.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee of the Board of Directors, which reviews Verticalnet's general compensation policies and approves incentive compensation and stock option plans, has furnished the following report on executive compensation for 2004. All matters approved by the Compensation Committee were recommended to the full Board for final approval.

What is Verticalnet's Philosophy of Executive Officer Compensation?

Verticalnet's philosophy of executive officer compensation is designed to align the interests of executive officers with the short- and long-term interests of Verticalnet's shareholders, to retain key executives and to attract new talented executives. Towards that goal, the compensation program for executives consists of three key elements:

A base salary,

A performance-based annual bonus, and

Periodic grants of stock options and/or restricted stock.

The Compensation Committee believes that this approach best serves the interests of Verticalnet and its shareholders. Verticalnet operates in a challenging and competitive environment, so the Compensation Committee must ensure that executive officers are compensated in a way that advances both the short- and long-term interests of shareholders. Under this approach, a significant portion of an executive officer's total compensation is tied to performance—namely, the annual bonus, stock options and restricted stock. The variable annual bonus permits individual performance to be recognized on an annual basis, and is based, in significant part, on an evaluation of the contribution made by the executive officer to Verticalnet's performance. Stock options and restricted stock relate a significant portion of long-term remuneration directly to stock price appreciation realized by Verticalnet's shareholders.

Base Salary: Base salaries for Verticalnet's executive officers, as well as changes in such salaries, are determined after considering numerous factors including:

Competitive salaries;

The nature of the officer's position and its subjective importance to Verticalnet's success;

Level of experience;

Expected amount of individual responsibility; and

General market conditions.

Annual Bonus: Annual bonuses for executive officers of Verticalnet are based on the achievement of goals pertaining to financial and operating objectives, individual objectives, and goals relating to targets for areas of responsibility. The bonus plan weighs the objective goals more heavily than the subjective targets. The Compensation Committee and the Board determined that during 2004 some of the Company's strategic objectives, such as growth through acquisitions and capital fundraising, had been successfully accomplished. However, those successes were offset by the Company's failure to achieve certain revenue targets later in the year. Thus, the Committee and Board determined that (i) only one-half of the bonuses originally accrued during the year would be paid and (ii) an exclusively cash bonus was not warranted. In lieu of a full cash bonus, the executive team was awarded a bonus partially in cash and partially in restricted stock units. The cash portion of the bonus was equal to two-thirds of the total bonus amount, to be paid in three equal installments on April 15, 2005, July 15, 2005 and October 15, 2005, and is guaranteed to be paid even if the executive's employment were to terminate prior to the payment date. The portion of the bonus payable in restricted stock units is equal to one-third of the total bonus amount. The total amount of units awarded is calculated by dividing one-third of the gross amount of the bonus by

the closing price of the Company's stock (\$1.15) on March 2, 2005, the date of the grant. 100% of the units vest on March 1, 2006, provided the employee is still employed by the Company on such date.

The Compensation Committee reevaluates the performance targets each year to reflect Verticalnet's goals for the coming year.

Stock Options and Restricted Stock Units: The Compensation Committee has utilized stock options and grants of restricted stock units to motivate and retain executive officers. The Compensation Committee believes that this form of compensation closely aligns the officers' interests with those of shareholders and provides an incentive to building long-term shareholder value. Options are typically granted annually and are subject to vesting provisions to encourage executive officers to remain employed with Verticalnet. Similarly, restricted stock units are granted at the inception of employment and thereafter on a periodic basis. Each executive officer receives stock options and/or restricted stock units based upon that officer's relative position, responsibilities and his or her anticipated performance and responsibilities. Additionally, the Compensation Committee reviews the prior level of grants to the executive officers and to other members of senior management, including the number of shares that continue to be subject to vesting under outstanding options, in setting the level of options to be granted to the executive officers. Stock options are granted at the market price on the date of grant and provide value only if the price of Verticalnet's common stock is over the exercise price on the date of exercise. Restricted stock units are granted at a price of \$.01 per share.

In February 2005, the Board determined that instead of a single option grant to executives, the annual option grant would be granted quarterly, subject to the discretion of the Compensation Committee, and based upon Company performance over the course of the year. The amount of any quarterly grant, the form of the grant (options, restricted stock or restricted stock units) and the exercise price of any grant will be determined by the Compensation Committee each quarter. For the first quarter of 2005, the Board granted the executive team approximately 25% of the expected annual grant in options, which options were granted at an exercise price of \$1.38, or 120% of the closing price (\$1.15) on the date of grants (March 2, 2005). 25% of the options vest on the one-year anniversary of the grant, and the remaining 75% vest monthly over 36 months thereafter.

How was the Chief Executive Officer Compensated?

In 2004, Mr. Lentz received an annual salary of \$382,083 and received various grants totaling 114,514 options and 76,471 restricted stock units. In February 2005, Mr. Lentz received an annual bonus equal to \$95,000; two-thirds of the bonus will be payable in cash in three equal installments of \$21,111 each, payable on April 15, 2005, July 15, 2005 and October 15, 2005, and is guaranteed to be paid even if Mr. Lentz's employment were to terminate prior to the payment date; one-third was paid by the grant of 27,778 Restricted Stock Units. 100% of the units vest on March 1, 2006, provided Mr. Lentz is still employed by the Company on such date.

The Compensation Committee and the Board of Directors believe that the salary, bonus, and benefits received by Mr. Lentz were merited by the enhanced financial condition of the Company during 2004, the Board's and the Committee's determination that the Company had become more competitive in its market space during 2004, Mr. Lentz's experience and knowledge of the Company, and Mr. Lentz's outstanding leadership of the Company during the year.

How is the Company Addressing Internal Revenue Code Limits On Deductibility Of Compensation?

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public corporations for compensation over \$1,000,000 paid for any fiscal year to the individuals named in the Summary Compensation Table. However, the statute exempts qualifying performance-based compensation from the deduction limit if certain requirements are met. The Compensation Committee currently intends to structure

Edgar Filing: VERTICALNET INC - Form DEF 14A

performance-based compensation, including stock option grants and annual bonuses, to executive officers who may be subject to Section 162(m) in a manner that satisfies those requirements.

The Compensation Committee reserves the authority to award non-deductible compensation as it may deem appropriate. Because of uncertainty surrounding the interpretation of Section 162(m), the committee can give no assurance, notwithstanding Verticalnet's efforts, that compensation intended to satisfy the requirements for deductibility under Section 162(m) will in fact do so.

Employment, Termination of Employment and Change-in-Control Agreements

The Company entered into employment agreements with the following executives on the terms as set forth below:

As of November 13, 2002, the Company entered into an employment agreement with Nathanael V. Lentz with an initial salary of \$350,000 per annum. The agreement has a term of two years, with automatic renewal unless either party gives at least one-year advance notice of non-renewal. The agreement has a target bonus of 50% of salary, which is not guaranteed. If Mr. Lentz is terminated without cause (with one month advance notice of termination without cause), then he will receive, in exchange for a mutual general release, a lump sum payment equal to salary for one year and a pro rata portion of any target bonus Mr. Lentz would have earned in the year of termination. In addition, he would receive healthcare coverage paid by the Company for one year; unvested options granted during 2001 would be accelerated for a period equal to six months plus one additional month for each month that the executive has been employed by the Company; all vested options granted during 2001 would be exercisable for five years after termination of employment. Upon a change of control, Mr. Lentz's outstanding restricted stock units would become fully vested. If within two years after a change of control, Mr. Lentz is terminated without cause or chooses to leave for good reason, then he will receive the termination without cause benefits above, and a change in control bonus equal to, if the change in control occurs during the first year of employment, a pro rata portion of the target bonus for that year, and, if the change in control occurs after one year of employment, the entire target bonus for the year in which the change in control takes place. The agreement provides for a cap to the executive's compensation if it produces a greater net benefit than an uncapped award would after accounting for the increased tax obligation resulting from being an excess parachute payment under sections 280G and 4999 of the Internal Revenue Code. The agreement defines "good reason" after a change of control as (1) the executive is transferred more than 50 miles without consent; (2) a material reduction of authority, duties, or responsibilities after reasonable notice and a chance to cure; (3) any failure of the Company materially to comply with and satisfy the terms of the agreement; or (4) non-renewal of the agreement by the Company.

As of February 3, 2003, the Company entered into an employment agreement with Gene S. Godick to be the Company's Chief Financial Officer with an initial salary of \$300,000 per annum. The agreement has a term of two years, with automatic renewal unless either party gives at least one-year advance notice of non-renewal. The agreement has a target bonus of 40% of salary, which is not guaranteed. The agreement provides for a grant of 100,000 stock options and 75,000 restricted stock units. If Mr. Godick is terminated without cause (with one month advance notice of termination without cause), then he will receive, in exchange for a mutual general release, a lump sum payment equal to salary for one year and a pro rata portion of any target bonus Mr. Godick would have earned in the year of termination. In addition,

the Company will pay healthcare coverage for one year and all vested options granted would be exercisable for one year after termination of employment. Upon a change of control, Mr. Godick's outstanding stock options and restricted stock units would become fully vested. If within two years after a change of control, the executive is terminated without cause or chooses to leave for good reason, then the executive will receive the termination without cause benefits above, and a change in control bonus equal to, if the change in control occurs prior to November 13, 2003, a pro rata portion of the target bonus for that year, and, if the change in control occurs after November 13, 2003, the entire target bonus for the year in which the change in control takes place. The agreement provides for a cap to the executive's compensation if it produces a greater net benefit than an uncapped award would after accounting for the increased tax obligation resulting from being an excess parachute payment under sections 280G and 4999 of the Internal Revenue Code. The agreement defines good reason after a change of control as (1) the executive is transferred more than 50 miles without consent; (2) a material reduction of authority, duties, or responsibilities after reasonable notice and a chance to cure; (3) any failure of the Company materially to comply with and satisfy the terms of the agreement; or (4) non-renewal of the agreement by the Company.

As of January 30, 2004, the Company entered into an employment agreement with Brent Habig to be the Company's Executive Vice President of Sales and Consulting with an initial salary of \$300,000 per annum. The agreement has a term of two years, with automatic renewal unless either party gives at least one-year advance notice of non-renewal. The agreement has a target bonus of 40% of salary, which is not guaranteed. If Mr. Habig is terminated without cause (with one month advance notice of termination without cause), then he will receive, in exchange for a mutual general release, a lump sum payment equal to salary for one year and a pro rata portion of any target bonus Mr. Habig would have earned in the year of termination. In addition, the Company will pay healthcare coverage for one year, all vested options granted would be exercisable for one year after termination of employment, and Mr. Habig's non-competition agreement would be modified to reduce the period of non-competition to six months. If within two years after a change of control, Mr. Habig is terminated without cause or chooses to leave for good reason, then Mr. Habig will receive the termination without cause benefits above, but any vested options would only be exercisable for 90 days after termination of employment. The agreement provides for a cap to Mr. Habig's compensation if it produces a greater net benefit than an uncapped award would after accounting for the increased tax obligation resulting from being an excess parachute payment under sections 280G and 4999 of the Internal Revenue Code. The agreement defines good reason after a change of control as (1) Mr. Habig is transferred more than 50 miles without consent; (2) a material reduction of authority, duties or responsibilities after reasonable notice and a chance to cure; (3) any failure of the Company materially to comply with and satisfy the terms of the agreement; or (4) non-renewal of the agreement by the Company.

As of July 19, 2004, the Company entered into an employment agreement with Orville A. Bailey to be the Company's Executive Vice President of Alliances and Business Development with an initial salary of \$300,000 per annum. Mr. Bailey resigned effective December 31, 2004, although he had ceased to function as an executive officer as of December 1, 2004. There is no agreement between the Company and Mr. Bailey regarding additional termination benefits. The employment agreement had a term of two years, with automatic renewal unless either party gave at least one-year advance notice of non-renewal. The agreement had a target bonus of 40% of salary, which was not guaranteed. The agreement provided for a grant of 190,000 stock options, subject to certain conditions which were not satisfied prior to Mr. Bailey's resignation. Mr. Bailey was not granted any options during 2004 or thereafter. When the agreement was in effect, it provided that if Mr. Bailey were to be terminated without cause (with one month advance notice of termination without cause), then he would receive, in exchange for a mutual general release: a lump sum payment equal to salary for one year and a pro rata portion of any target bonus Mr. Bailey would have earned in the year of termination. In addition, the Company would have paid healthcare coverage for one year, all vested options granted would have been exercisable for one year after termination of employment and Mr. Bailey's non-competition agreement would have been

modified to reduce the period of non-competition to six months. If within two years after a change of control, Mr. Bailey were to be terminated without cause or chose to leave for good reason, then Mr. Bailey would have received the termination without cause benefits above, but any vested options would only have been exercisable for 90 days after termination of employment. The agreement provided for a cap to Mr. Bailey's compensation if it produced a greater net benefit than an uncapped award would after accounting for the increased tax obligation resulting from being an excess parachute payment under sections 280G and 4999 of the Internal Revenue Code. The agreement defined good reason after a change of control as (1) Mr. Bailey is transferred more than 50 miles without consent; (2) a material reduction of authority, duties, or responsibilities after reasonable notice and a chance to cure; (3) any failure of the Company materially to comply with and satisfy the terms of the agreement; or (4) non-renewal of the agreement by the Company.

As of December 16, 2002, the Company entered into an employment agreement with Christopher G. Kuhn to be the Company's General Counsel with an initial salary of \$165,000 per annum. The agreement has a term of one year, with automatic renewal unless either party gives at least one-year advance notice of non-renewal. If Mr. Kuhn is terminated without cause (with one month advance notice of termination without cause), then he will receive, in exchange for a mutual general release: a lump sum payment equal to salary for three months and a pro rata portion of any bonus Mr. Kuhn would have earned in the year of termination. In addition, the Company will pay healthcare coverage for six months; unvested options would be accelerated and all vested options would be exercisable for 90 days after termination of employment. If within one year after a change of control, the executive is terminated without cause or chooses to leave for good reason, then the executive will receive the termination without cause benefits above, except Mr. Kuhn will receive a lump sum payment equal to salary for six months. The agreement provides for a cap to the executive's compensation if it produces a greater net benefit than an uncapped award would after accounting for the increased tax obligation resulting from being an excess parachute payment under sections 280G and 4999 of the Internal Revenue Code. The agreement defines good reason after a change of control as (1) the executive is transferred more than 50 miles without consent; (2) a material reduction of authority, duties, or responsibilities after reasonable notice and a chance to cure; (3) any failure of the Company materially to comply with and satisfy the terms of the agreement; or (4) non-renewal of the agreement by the Company.
