SECTION 1 REGISTRANT'S BUSINESS AND OPERATIONS

Item 1.01 Entry into a Material Definitive Agreement

Pursuant to the terms of a Royalty Sale Agreement (the Sale Agreement) dated as of July 18, 2005 by and among Gilead Sciences, Inc., a Delaware corporation (the Company), Investors Trust & Custodial Services (Ireland) Limited, solely in its capacity as Trustee of Royalty Pharma (Royalty Pharma), and Emory University (Emory), on July 21, 2005, the Company and Royalty Pharma completed the purchase of all of the royalties due on worldwide net sales of product containing emtricitabine payable by the Company to Emory under the License Agreement dated as of April 17, 1996, by and between Emory and the Company, as amended by the First Amendment to License Agreement dated as of May 6, 1999, the Second Amendment to License Agreement dated as of July 10, 2000, the Third Amendment to License Agreement dated as of May 31, 2002, the Fourth Amendment to License Agreement dated as of April 19, 2004 and the Fifth Amendment to License Agreement dated as of July 18, 2005 (as amended, the Existing License Agreement). Under the terms of the Sale Agreement, the Company and Royalty Pharma paid an aggregate purchase price of \$525.0 million (the Purchase Price), with the Company and Royalty Pharma paying \$341.25 million and \$183.75 million, or 65% and 35% of the Purchase Price, respectively.

In connection with completion of the transaction, on July 21, 2005, the Company entered into an Amended and Restated License Agreement with Royalty Pharma and Emory University (the Restated License Agreement), which amends and restates the Existing License Agreement in its entirety. The Restated License Agreement eliminates the royalties due on worldwide net sales of product containing emtricitabine payable by the Company to Emory under the Existing License Agreement and provides that the Company will pay directly to Royalty Pharma royalties based on all future emtricitabine net sales relative to Royalty Pharma's contribution to the Purchase Price. The Company also made a one-time payment of \$15.0 million to Emory in connection with the amendment and restatement of the Existing License Agreement, providing the Company with greater strategic flexibility as to the development of emtricitabine for the treatment of hepatitis B.

A copy of the press release relating to the transaction is filed as Exhibit 99.1 to this report.
